\* Note: A securities rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn at any time. Delivery of the notes is expected to be made against payment therefor on or about August 24, 2015, which is the fifth business day following the date of pricing of the notes (such settlement being referred to as T+5 ). Under Rule 15c6-1 of the Securities Exchange Act of 1934, as amended (the Exchange Act ), trades in the secondary market generally are required to settle in three business days unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes on the date of pricing of the notes or the next succeeding business day will be required, by virtue of the fact that the notes initially will settle in T+5, to specify an alternate settlement cycle at the time of any such trade to prevent failed settlement and should consult their own advisers.
