Item 7.01. Regulation FD Disclosure.

On October 2, 2015, Broadridge Financial Solutions, Inc. (the Company) made available to its stockholders its fiscal year 2015 annual report to stockholders (the Annual Report) which included the letter to stockholders (the Letter to Stockholders). The Letter to Stockholders is attached hereto as Exhibit 99.1.

The Company s results in the Annual Report are presented in accordance with generally accepted accounting principles in the United States (GAAP) except where otherwise noted. In certain circumstances, results have been presented in the Annual Report including the Letter to Stockholders that are not generally accepted accounting principles measures (Non-GAAP). These Non-GAAP measures should be viewed in addition to, and not as a substitute for, the Company s reported results.

With regard to statements in the Annual Report including the Letter to Stockholders that include certain Non-GAAP financial measures, the adjusted earnings measures are adjusted to exclude the impact of certain costs, expenses, gains and losses and other specified items that management believes are not indicative of our ongoing performance.

We also provide information on our Free cash flows because we believe this information helps our investors understand the amount of cash available for dividends, share repurchases, acquisitions and other discretionary investments. Free cash flows is a Non-GAAP measure and is defined by the Company as Net cash flows provided by operating activities less capital expenditures and purchases of intangibles.

The Company believes Non-GAAP information helps investors understand the effect of these items on our reported results and provides a better representation of our operating performance. These Non-GAAP measures are indicators that management uses to provide additional meaningful comparisons between current results and prior reported results, and as a basis for planning and forecasting for future periods.

Set forth below is a reconciliation of such Non-GAAP measures (unaudited) to the most directly comparable GAAP measures.
