In addition, CM TieTong will also assume Net Debt of approximately RMB2.34 billion (equivalent to approximately HK\$2.84 billion). The Price Adjustment Amount will not exceed RMB1 billion (equivalent to approximately HK\$1.21 billion). The final consideration will not exceed RMB32.88 billion (equivalent to approximately HK\$39.88 billion). The Consideration will be paid by CM TieTong to TieTong on the Completion Date. The Price Adjustment Amount will be paid by CM TieTong to TieTong within 15 working days after the independent auditor has submitted the audit report in relation to the Target Assets and Businesses as at the Completion Date. The payment of the Consideration and the Price Adjustment Amount will be funded by the Group's internal resources.

LISTING RULES IMPLICATIONS

TieTong is currently a wholly-owned subsidiary of CMCC, the ultimate controlling shareholder of the Company. Thereby, TieTong is a connected person of the Company pursuant to Rule 14A.07 of the Listing Rules. Therefore, the entering into the Acquisition Agreement by CM TieTong and the Acquisition itself constitute a connected transaction for the Company under Chapter 14A of the Listing Rules. As at least one relevant percentage ratio applicable to the Acquisition is or exceeds 0.1% but is less than 5%, the Acquisition is subject to the reporting and announcement requirements but exempt from the independent shareholders' approval requirements under Chapter 14A of the Listing Rules.

WARNING: The completion of the Acquisition is subject to the satisfaction (or, if applicable, waiver) of certain conditions set forth in the section headed "Conditions Precedent" in this announcement, and hence the completion of the Acquisition may or may not happen. Shareholders, holders of ADSs and potential investors of the Company should therefore exercise caution when dealing in the Shares, ADSs or other securities of the Company. Persons who are in doubt as to the action they should take should consult their stockbroker, bank manager, solicitor or other professional advisers.

THE ACQUISITION AGREEMENT

Date

27 November 2015

Parties

Seller: TieTong

Purchaser: CM TieTong

Subject of the Acquisition

Pursuant to the Acquisition Agreement, CM TieTong has agreed to acquire, and TieTong has agreed to sell, the Target Assets and Businesses. TieTong is a wholly-owned subsidiary of CMCC with thirty-one branches in all thirty-one provinces, autonomous regions and directly-administered municipalities and has engaged in fixed-line telecommunications operations. TieTong has an extensive nationwide backbone network, metro fibre, IPv4 addresses, and real property interests and land assets in thirty-one provinces, autonomous regions and directly-administered municipalities. It also has over 10 million fixed broadband and fixed line customers respectively as well as employees with substantial experience within the fixed line industry. Please refer to the section titled **FURTHER INFORMATION ON THE TARGET ASSETS AND BUSINESSES** in this announcement for further details.

Consideration, Consideration Payment Terms and Assumption of Net Debt

The consideration for the Acquisition is RMB31.88 billion (equivalent to approximately HK\$38.67 billion) (the **Consideration**) and is subject to the Price Adjustment Mechanism described in the Acquisition Agreement. In addition, CM TieTong will also assume Net Debt of approximately RMB2.34 billion (equivalent to approximately HK\$2.84 billion).

The Consideration and the Price Adjustment Mechanism were arrived at after arm's length negotiations between the parties and are on normal commercial terms, with reference to various factors including, but not limited to, a valuation range determined using a number of generally accepted industry valuation methodologies and conventions, the audited value of the Target Assets and Businesses, the appraised value of the Target Assets and Businesses (based on a report produced by an independent appraiser commissioned by TieTong), the potential synergies as a result of the Acquisition, the prevailing business conditions and growth prospects of the Target Assets and Businesses, standard commercial terms, and other considerations such as those that arise during the normal course of negotiations.

The Consideration will be adjusted in accordance with the Price Adjustment Mechanism. The adjustment to the Consideration is primarily driven by the impact of the changes in working capital, capital expenditure, depreciation and liabilities etc. of the Target Assets and Businesses on its audited book value of the net assets during the Relevant Period. CM TieTong and TieTong agreed that the Price Adjustment Amount will not exceed RMB1 billion (equivalent to approximately HK\$1.21 billion). The final consideration will not exceed RMB32.88 billion (equivalent to approximately HK\$39.88 billion).

The Consideration will be paid by CM TieTong to TieTong on the Completion Date. The Price Adjustment Amount will be paid by CM TieTong to TieTong within 15 working days after the independent auditor has submitted the audit report in relation to the Target Assets and Businesses as at the Completion Date. The payment of the Consideration and the Price Adjustment Amount will be funded by the Group's internal resources.

REASONS FOR AND BENEFITS OF THE ACQUISITION

The Board believes that the Acquisition would be beneficial to the Group's development due to the following reasons:

- (1) the Acquisition will be important in facilitating and accelerating the transformation of the Company into a fully integrated fixed-mobile operator in order to enhance the competitive strength to better compete against integrated peers in the data heavy and bundled services age;
- (2) it will enable the Company to obtain a fixed broadband license and provide an opportunity for the Company to grasp the opportunities in the fixed broadband market, accelerate the growth potential of the smart home and benefit from the expected growth of the PRC fixed broadband market;
- (3) it is expected to expand the Company's customer base rapidly, enabling the provision of bundled services to reduce churn rates as well as improve user loyalty and revenue;
- (4) it will provide the Company immediate scale through complementary network assets (extensive metro fibre network, backbone network and IPv4 addresses etc.) to increase the Company's fixed network capacity, coverage and efficiency through an integrated network;
- (5) through the Acquisition, the Company will obtain employees with extensive experience and expertise in the management and maintenance of fixed networks; and
- (6) overall, the Acquisition will greatly reduce the continuing connected transactions between the Company and CMCC (via TieTong) and simplify its management and operating structure. Please refer to the announcement entitled "Changes to Continuing Connected Transactions" published by the Company on 27 November 2015 for further details.

FURTHER INFORMATION ON THE TARGET ASSETS AND BUSINESSES

The predecessor of TieTong is Railway Communications and Information Limited Liability Co., a state-owned large scale basic telecommunications operator founded in December 2000. In 2008, TieTong merged into CMCC and became a wholly-owned subsidiary of CMCC which operates relatively independently with thirty-one branches in all thirty-one provinces, autonomous regions and directly-administered municipalities.

Pursuant to the terms of the Acquisition Agreement, CM TieTong shall acquire from TieTong certain assets, businesses and related liabilities as well as its related employees. The assets and businesses to be acquired include approximately 99,000 cable kilometres of nationwide backbone network, approximately 1,822,000 cable kilometres of metro fibre, approximately 24.71 million IPv4 addresses, 1,814 real property and 685 land assets, approximately 11.98 million fixed broadband customers and approximately 18.29 million fixed line customers (including 13.88 million traditional fixed line customers). In addition, TieTong had approximately 47,000 employees with substantial experience within the fixed line industry. Certain assets of TieTong which are not in compliance with the relevant regulations (e.g. land and properties with unclear titles) will not be acquired and will instead be leased in the future by the Group if and when needed. As such, adjustments will be made in respect of the transactions between the Group and CMCC and its subsidiaries contemplated under the 2014-2016 Property Leasing Agreement. As at the Valuation Date, in relation to the Target Assets and Businesses to be acquired by CM TieTong, the book value of the total assets was approximately RMB53.10 billion (equivalent to approximately HK\$64.41 billion), comprising total liabilities of approximately RMB23.14 billion (equivalent to approximately HK\$28.07 billion), of which net debts amounted to approximately RMB2.34 billion (equivalent to approximately HK\$2.84 billion) and net assets of approximately RMB29.96 billion (equivalent to approximately HK\$36.34 billion).

The following table sets out certain historical financial information of the Target Assets and Businesses.

Prior to this, the relevant telecommunications businesses were subjected to business tax. The change in the tax regime has certain adverse impacts on the revenues and profits for 2014 and 2015.

LISTING RULES IMPLICATIONS

TieTong is currently a wholly-owned subsidiary of CMCC, the ultimate controlling shareholder of the Company. Thereby, TieTong is a connected person of the Company pursuant to Rule 14A.07 of the Listing Rules. As at least one relevant percentage ratio applicable to the Acquisition is or exceeds 0.1% but is less than 5%, the Acquisition is subject to the reporting and announcement requirements but exempt from the independent shareholders' approval requirements under Chapter 14A of the Listing Rules.

As all the executive Directors also hold executive positions at CMCC, all the executive Directors have therefore voluntarily abstained from voting on the board resolution approving the transactions under the Acquisition Agreement.

The Board (including the independent non-executive Directors) is of the view that the Acquisition Agreement was reached after arm's length negotiations among the parties thereto, reflects normal commercial terms and that the terms of the transactions thereunder and the final Consideration payable by CM TieTong in relation to the Acquisition are fair and reasonable and are in the interests of the Company and the Shareholders as a whole.

LISTING RULES IMPLICATIONS

TieTong is currently a wholly-owned subsidiary of CMCC and CMCC is the ultimate controlling shareholder of the Company. Thereby, each of CMCC and TieTong is a connected person of the Company pursuant to Rule 14A.07 of the Listing Rules. As such, the transactions contemplated under each of the 2014-2016 Telecommunications Services Agreement, the Network Assets Leasing Agreement (as renewed), the Telecommunications Services Cooperation Agreement (as renewed), the Tripartite Agreement (as renewed) and the 2014-2016 Property Leasing Agreement constitute continuing connected transactions for the Company under Chapter 14A.25 of the Listing Rules.

Since each of the applicable percentage ratios set out in Rule 14.07 of the Listing Rules in respect of the annual cap (as adjusted) for the amount payable by the Company under the 2014-2016 Property Leasing Agreement is, on an annual basis, above 0.1% but below 5%, the transactions contemplated thereunder is classified as a continuing connected transaction under Rule 14A.76(2) of the Listing Rules and is only subject to the reporting, annual review and announcement requirements set out in the Listing Rules but is exempt from the independent shareholders' approval requirement under the Listing Rules. Details of the 2014-2016 Property Leasing Agreement will be included in the annual report and accounts of the Company in accordance with Rules 14A.49, 14A.71 and 14A.72 of the Listing Rules.

CHANGES TO CONTINUING CONNECTED TRANSACTIONS

Reference is made to the announcements (collectively, the **CCT Announcements**) of the Company dated 15 August 2013 and 21 August 2015 in relation to the 2014-2016 Telecommunications Services Agreement, the Network Assets Leasing Agreement, the Telecommunications Services Cooperation Agreement, the Tripartite Agreement and the 2014-2016 Property Leasing Agreement and the announcement published by the Company on 27 November 2015 in relation to the Acquisition.

Assuming the completion of the Acquisition takes place on 31 December 2015, the Company expects the continuing connected transactions will be adjusted as follows upon completion of the Acquisition:

(1) Reduction in annual caps for continuing connected transactions in respect of the 2014-2016 Telecommunications Services Agreement, the Network Assets Leasing Agreement and the Telecommunications Services Cooperation Agreement

(a) 2014-2016 Telecommunications Services Agreement

On 15 August 2013, the Company entered into the 2014-2016 Telecommunications Services Agreement with CMCC. The 2014-2016 Telecommunications Services Agreement is for a term of three years commencing on 1 January 2014. The principal terms of the 2014-2016 Telecommunications Services Agreement have been previously disclosed in the CCT Announcements. As disclosed in the CCT Announcements, (i) the annual cap for the telecommunications service charges payable by the Group to CMCC and its subsidiaries under the 2014-2016 Telecommunications Services Agreement for the year ending 31 December 2016 is RMB9,000 million (equivalent to approximately HK\$10,917 million); and (ii) the annual cap for the telecommunications service charges receivable by the Group from CMCC and its subsidiaries under the 2014-2016 Telecommunications Services Agreement for the year ending 31 December 2016 is RMB2,200 million (equivalent to approximately HK\$2,668 million). Assuming the completion of the Acquisition takes place on 31 December 2015, upon the completion of the Acquisition, as the business contracts and relevant transactions between the Company and TieTong (and its subsidiaries) as contemplated under the aforementioned telecommunications services agreement will be conducted by the Group, the amount of telecommunications service charges payable by the Group to CMCC and its subsidiaries and the amount of telecommunications service charges receivable by the Group from CMCC and its subsidiaries will decrease. The Company has assessed the actual transaction amounts incurred as of the date hereof and estimates that, upon completion of the Acquisition, (i) the existing annual cap for telecommunications service charges payable by the Group to CMCC and its subsidiaries under the 2014-2016 Telecommunications Services Agreement for the year ending 31 December 2016, being RMB9,000 million (equivalent to approximately HK\$10,917 million), will be reduced to such transaction amount which is below the de minimis level pursuant to Rule 14A.76 of the Listing Rules; and (ii) the existing annual cap for telecommunications service charges receivable by the Group from CMCC and its subsidiaries under the 2014-2016 Telecommunications Services Agreement for the year ending 31 December 2016, being RMB2,200 million (equivalent to approximately HK\$2,668 million), will be reduced to RMB1,800 million (equivalent to approximately HK\$2,183 million).

(b) Network Assets Leasing Agreement

On 18 August 2011, the Company entered into the Network Assets Leasing Agreement with CMCC. The initial term of the Network Assets Leasing Agreement expired on 31 December 2011, and pursuant to the terms thereof unless the parties agree otherwise, upon expiry of the term, the Network Assets Leasing Agreement shall automatically be renewed for further terms of one year. The Company and CMCC agreed to renew the Network Assets Leasing Agreement on 21 August 2015 for a term of one year commencing on 1 January 2016. Assuming the completion of the Acquisition takes place on 31 December 2015, upon the completion of the Acquisition, since the network assets leased by the Company's subsidiaries from TieTong and the related leasing arrangements will be transferred to the Group, the amount of leasing fees payable by the Group to CMCC and its subsidiaries will decrease significantly. The Company has assessed the actual transaction amounts incurred as of the date hereof and estimates that, upon completion of the Acquisition, the existing annual cap under the Network Assets Leasing Agreement (as renewed) for the year ending 31 December 2016, being RMB14,000 million (equivalent to approximately HK\$16,981 million), will be reduced to RMB5,500 million (equivalent to approximately HK\$6,671 million).

(c) Telecommunications Services Cooperation Agreement

On 6 November 2009, the Company entered into the Telecommunications Services Cooperation Agreement with CMCC. The initial term of the Telecommunications Services Cooperation Agreement expired on 31 December 2010. The Telecommunications Services Cooperation Agreement provides that upon expiry of its term, the agreement may be renewed for further terms of one year automatically if the parties so wish. The Company and CMCC agreed to renew the Telecommunications Services Cooperation Agreement on 21 August 2015 for a term of one year commencing on 1 January 2016. The principal terms of the Telecommunications Services Cooperation Agreement have been previously disclosed in the CCT Announcements. As disclosed in the CCT Announcements, (i) the annual cap for the charges payable by the Company to CMCC and its subsidiaries for the services to be provided by CMCC and its subsidiaries under the Telecommunications Services Cooperation Agreement (as renewed) for the year ending 31 December 2016 is RMB7,500 million (equivalent to approximately HK\$9,097 million); and (ii) the annual cap for the charges receivable by the Company from CMCC and its subsidiaries for the services to be provided to CMCC and its subsidiaries under the Telecommunications Services Cooperation Agreement (as renewed) for the year ending 31 December 2016 is RMB1,700 million (equivalent to approximately HK\$2,062 million). Assuming the completion of the Acquisition takes place on 31 December 2015, upon completion of the Acquisition, as the business contracts and relevant transactions between the Company and TieTong (and its subsidiaries) as contemplated under the aforementioned telecommunications services cooperation agreement will be conducted by the Group, the amount of charges payable by the Company to CMCC and its subsidiaries and the amount of charges receivable by the Company from CMCC and its subsidiaries will decrease. The Company has assessed the actual transaction amounts incurred as of the date hereof and estimates that, upon completion of the Acquisition, the existing annual cap for the charges payable by the Company to CMCC and its subsidiaries under the Telecommunications Services Cooperation Agreement (as renewed) for the year ending 31 December 2016, being RMB7,500 million (equivalent to approximately HK\$9,097 million) and the existing annual cap for the charges receivable by the Company from CMCC and its subsidiaries under the Telecommunications Services Cooperation Agreement (as renewed) for the year ending 31 December 2016, being RMB1,700 million (equivalent to approximately HK\$2,062 million) will each be reduced to such transaction amount which is below the de minimis level pursuant to Rule 14A.76 of the Listing Rules.

(2) Elimination of continuing connected transactions in respect of the Tripartite Agreement

On 13 November 2008, the Company entered into the Tripartite Agreement with CMCC and TieTong. The initial term of the Tripartite Agreement expired on 31 December 2009. The Tripartite Agreement provides that pursuant to the terms thereof unless the parties agree otherwise, upon expiry of its term, the Tripartite Agreement shall automatically be renewed for further terms of one year. The Company, CMCC and TieTong agreed to renew the Tripartite Agreement on 21 August 2015 for a term of one year commencing on 1 January 2016. The principal terms of the Tripartite Agreement have been previously disclosed in the CCT Announcements. As disclosed in the CCT Announcements, the annual cap for the settlement charges payable by the Company to CMCC under the Tripartite Agreement (as renewed) for the year ending 31 December 2016 is RMB800 million (equivalent to approximately HK\$970 million). Assuming the completion of the Acquisition takes place on 31 December 2015, upon the completion of the Acquisition, as the business contracts and relevant transactions between the Company, CMCC and TieTong as contemplated under the Tripartite Agreement will be conducted by the Group, the existing interconnection settlement arrangements pursuant to the Tripartite Agreement will no longer constitute continuing connected transactions of the Company pursuant to Chapter 14A of the Listing Rules.

(3) Increase of annual cap for continuing connected transactions in respect of the 2014-2016 Property Leasing Agreement

On 15 August 2013, the Company entered into the 2014-2016 Property Leasing Agreement with CMCC. The 2014-2016 Property Leasing Agreement is for a term of three years commencing on 1 January 2014. The principal terms of the 2014-2016 Property Leasing Agreement have been previously disclosed in the CCT Announcements. As disclosed in the CCT Announcements, the annual cap for the rental and property management service charges payable by the Company to CMCC and its subsidiaries under the 2014-2016 Property Leasing Agreement for the year ending 31 December 2016 is RMB2,400 million (equivalent to approximately HK\$2,911 million). Assuming the completion of the Acquisition takes place on 31 December 2015, upon the completion of the Acquisition, in order to maintain operations stability, CM TieTong (a wholly-owned subsidiary of the Company) and its subsidiaries will continue to lease, if and when necessary, the relevant properties and assets of TieTong which are not transferred pursuant to the Acquisition, therefore, the amount of rental and property management service charges payable by the Company to CMCC and its subsidiaries is expected to increase. Accordingly, the Board concluded on 27 November 2015 that subject to the completion of the Acquisition, the annual cap for the year ending 31 December 2016 in respect of the rental and property management service charges payable by the Company to CMCC and its subsidiaries will not be sufficient and decided that the annual cap for the year ending 31 December 2016 in respect of the 2014-2016 Property Leasing Agreement, being RMB2,400 million (equivalent to approximately HK\$2,911 million), shall increase to RMB2,800 million (equivalent to approximately HK\$3,396 million).

LISTING RULES IMPLICATIONS

TieTong is currently a wholly-owned subsidiary of CMCC and CMCC is the ultimate controlling shareholder of the Company. Thereby, each of CMCC and TieTong is a connected person of the Company pursuant to Rule 14A.07 of the Listing Rules. As such, the transactions contemplated under each of the 2014-2016 Telecommunications Services Agreement, the Network Assets Leasing Agreement (as renewed), the Telecommunications Services Cooperation Agreement (as renewed), the Tripartite Agreement (as renewed) and the 2014-2016 Property Leasing Agreement constitute continuing connected transactions for the Company under Chapter 14A.25 of the Listing Rules.

Since each of the applicable percentage ratios set out in Rule 14.07 of the Listing Rules in respect of the annual cap (as adjusted) for the amount payable by the Company under the 2014-2016 Property Leasing Agreement is, on an annual basis, above 0.1% but below 5%, the transactions contemplated thereunder is classified as a continuing connected transaction under Rule 14A.76(2) of the Listing Rules and is only subject to the reporting, annual review and announcement requirements set out in the Listing Rules but is exempt from the independent shareholders' approval requirement under the Listing Rules. Details of the 2014-2016 Property Leasing Agreement will be included in the annual report and accounts of the Company in accordance with Rules 14A.49, 14A.71 and 14A.72 of the Listing Rules.

As all the executive Directors also hold executive positions at CMCC, all the executive Directors have therefore voluntarily abstained from voting on the board resolution approving the adjustment of the annual cap for the year ending 31 December 2016 in respect of the 2014-2016 Property Leasing Agreement.

The Board (including the independent non-executive Directors) is of the view that the increase of annual cap in respect of the 2014-2016 Property Leasing Agreement for the year ending 31 December 2016, was reached after arm's length negotiations among the parties thereto, reflect normal commercial terms, and that the terms of the transactions thereunder are fair and reasonable and are in the interests of the Company and the Shareholders as a whole.
