**INFORMATION CONTAINED IN THIS FORM 6-K REPORT**

Attached to this Report on Form 6-K as Exhibit 1 is a copy of the press release issued by Navigator Holdings Ltd. (the Company ) on February 29, 2016: Navigator Holdings Ltd. Preliminary Fourth Quarter and Financial Year 2015 Results.

**NAVIGATOR HOLDINGS LTD. PRELIMINARY FOURTH QUARTER AND FINANCIAL YEAR 2015 RESULTS**

**Highlights**

Navigator Holdings Ltd. (NYSE: NVGS) reports operating revenue of \$78.7 million for the three months ended December 31, 2015. Operating revenue amounted to \$315.2 million for the year ended December 31, 2015.

Net income was \$23.8 million for the three months ended December 31, 2015. Net income rose 11.8% to \$98.1 million for the year ended December 31, 2015.

Earnings per share increased 11.3% to \$1.77 for the year ended December 31, 2015 from \$1.59 for the year ended December 31, 2014.<sup>(1)</sup>

EBITDA<sup>(2)</sup> increased 12.9% to \$182.1 million for the year ended December 31, 2015 from \$161.3 million for 2014, notwithstanding *Navigator Aries* being out of service for six months, and the sale of *Navigator Mariner* in August 2015.

*Navigator Aries* repairs have been completed, following the collision on June 28, 2015; the vessel is shortly expected to take up a one to two year time charter in Indonesia. It is estimated that the *Navigator Aries* incident affected the earnings per share for the full year 2015 by approximately \$0.10.

Following the delivery of four newbuilding vessels during 2015 and the sale of one of our older vessels in August, we had a total fleet of 29 vessels on the water as at December 31, 2015.

*Navigator Ceto* was delivered on January 15, 2016, leaving eight newbuildings on order for delivery between April 2016 and July 2017.

Following an interest capitalization restatement for 2014, the net income has increased by \$4.5 million and \$3.3 million for the full years ended December 31, 2015 and 2014 respectively.

**Fourth Quarter 2015 Financial Results Overview**

Operating revenue for the three months ended December 31, 2015 was \$78.7 million, an increase of \$0.3 million, or 0.4%, when compared to the \$78.4 million of operating revenue for the three months ended December 31, 2014. This slight increase was due to additional vessels in the fleet; offset by a lower time charter equivalent rate and lower utilization, principally due to the off hire of *Navigator Aries* caused by the collision in June 2015.

During the fourth quarter of 2015, the average time charter equivalent rate across the entire fleet, including our fully-refrigerated vessels, was approximately \$921,069 per calendar month (\$30,282 per day), compared to \$932,170

per calendar month (\$30,646 per day) for the comparable period in 2014.

Fleet utilization across the 29 vessels operating at the year end was 92.7% for the fourth quarter of 2015, a reduction from 94.8% for the fourth quarter of 2014. This was primarily as a result of Navigator Aries being off hire while it was undergoing collision repairs, in the fourth quarter of 2015 which we estimate reduced utilization by 3.6%.

Following an interest capitalization restatement for 2014, the net income has increased by \$1.2 million and \$1.1 million for the three months ended December 31, 2015 and 2014 respectively.

<sup>1</sup> Financial data contained herein for the three months ended and the year ended December 31, 2014 have been restated as described in Appendix B hereto.

<sup>2</sup> EBITDA represents net income before net interest expense, income taxes and depreciation and amortization. EBITDA does not represent and should not be considered as an alternative to consolidated net income or cash generated from operations, as determined by U.S. GAAP, and our calculation of EBITDA may not be comparable to that reported by other companies. EBITDA is not a recognized measurement under U.S. GAAP. Please see Appendix A here to for a reconciliation to the most directly comparable GAAP financial measure.

Total operating expenses for the three months ended December 31, 2015 included a \$0.6 million insurance claim write off for *Navigator Aries* as the estimated costs and corresponding insurance claim for the repair of the vessel were less than previously estimated.

Net operating revenue, which is operating revenue less voyage expenses, amounted to \$72.3 million for the three months ended December 31, 2015, up from \$69.2 million for the same period in 2014. \$5.6 million of the increase in net operating revenue resulted from having additional vessels in the fleet in 2015, offset by \$(0.9) million from a decrease in charter rates and \$(1.6) million from a decrease in vessel utilization.

Net income was \$23.8 million for the three months ended December 31, 2015, or \$0.43 per share, a reduction from \$25.3 million or \$0.46 per share for the same period in 2014. It is estimated that the *Navigator Aries* incident affected the earnings per share for the fourth quarter 2015 by approximately \$0.05.

EBITDA for the fourth quarter of 2015 was \$45.6 million, compared to \$44.1 million for the fourth quarter of 2014.

**Appendix B**

In connection with the preparation of the consolidated financial statements for the year ended December 31, 2015, Navigator Holdings Ltd. (the Company) identified an error in the treatment of interest costs in relation to vessel newbuildings. Certain amounts recorded as interest expense should have been capitalized, rather than expensed. The error resulted in an overstatement of the interest expense and an understatement of net income, book values of vessels under construction and vessels in operation, retained earnings and total stockholders' equity for the years ended December 31, 2012, 2013 and 2014 and the interim periods with such years, as well as the first three quarters of 2015, and the related Consolidated Balance Sheets, Consolidated Statements of Income, Consolidated Statements of Comprehensive Income, Consolidated Statements of Changes in Stockholders' Equity and Consolidated Statements of Cash Flows.

Additional information regarding the restatement will be contained in the Company's Annual Report on Form 20-F for the year ended December 31, 2015.

The following tables present the effects of the restatement on the Company's previously reported financial results as of December 31, 2014 and for the three months and the year ended December 31, 2014:
