2015 Performance Highlights

In 2015, KeyCorp made significant progress by improving financial performance, executing against strategic priorities and investing to improve our returns and create value for shareholders. In evaluating our 2015 performance, the Compensation and Organization Committee considered the following:

Focused Forward: KeyCorp and First Niagara: On October 30, 2015, KeyCorp announced its entrance into a definitive agreement to acquire First Niagara Financial Group, Inc. (First Niagara). First Niagara, headquartered in Buffalo, N.Y., had \$40 billion in assets, \$29 billion in deposits and 392 banking offices in the Northeast as of December 31, 2015. The combined bank would be the 13th largest commercial bank headquartered in the U.S. The acquisition was approved by KeyCorp's shareholders and by First Niagara's stockholders on March 23, 2016. The closing of the transaction is subject to customary closing conditions, including regulatory approvals, and is expected to occur in the third quarter of 2016.

PROPOSAL ONE:

Election of Directors

Our Board of Directors (the Board), elected by KeyCorp's shareholders, oversees the business and management of KeyCorp. Members of the Board monitor and evaluate KeyCorp's business performance through regular communication with the CEO and senior management and by participating in Board and Board committee meetings. The Board is committed to sound and effective corporate governance policies and high ethical standards. The size of the Board is currently fixed at 14 members. Under KeyCorp's Regulations, directors are elected to one-year terms expiring at each subsequent Annual Meeting of Shareholders.

Director Recruitment and Qualifications

The Nominating and Corporate Governance Committee is responsible for identifying, evaluating, and recommending to the Board a slate of nominees for election at each Annual Meeting of Shareholders. All director nominees must have a record of high integrity and other requisite personal characteristics and must be willing to make the time commitment required of directors. The Nominating and Corporate Governance Committee uses the following criteria when evaluating candidates who may become nominees for director:

a demonstrated breadth and depth of management and/or leadership experience, preferably in a senior leadership role with a large or recognized organization (profit or nonprofit, private sector, governmental, or educational);

a high level of professional or business expertise relevant to KeyCorp (including information technology, global commerce, marketing, finance, banking or the financial industry, or risk management);

in the case of non-employee directors, satisfaction of the independence criteria set forth in KeyCorp's Standards for Determining Independence of Directors;

the candidate does not serve as a director of more than (i) two other public companies if he or she is a senior executive officer of a public company, or (ii) three other public companies if he or she is not a senior executive officer of a public company; and

the ability to think and act independently, as well as the ability to work constructively in the overall Board process.

The criteria used in director recruitment are flexible guidelines to assist in evaluating and focusing the search for director candidates.

The Board also considers whether the candidate would enhance the diversity of the Board in terms of gender, race, experience, and/or geography. The current composition of the Board reflects the Nominating and Corporate Governance Committee's focus in this area and the importance of diversity to the Board as a whole, with five female directors, including the Chairman of our Board, and one minority director.

In evaluating Board nominees who satisfy the above criteria, the committee also considers:

the skills and business experience currently needed for the Board by using a comprehensive skills matrix;

the current and anticipated composition of the Board in light of the business activities and strategic direction of KeyCorp and the diverse communities and geographies served by KeyCorp; and

1

Table of Contents

2016 Proxy Statement Proposal One: Election of Directors

the interplay of the candidate's expertise and professional/business background in relation to the expertise and professional/business background of current Board members, as well as such other factors (including diversity) as the committee deems appropriate.

The Chair of the Nominating and Corporate Governance Committee extends an invitation to join the Board as a first-time director or to stand for election as a first-time nominee for director after discussion with and approval by the committee as a whole. If the candidate accepts, the Nominating and Corporate Governance Committee recommends the candidate to the entire Board for final approval.

The Nominating and Corporate Governance Committee retains an independent search firm to assist with identifying director candidates. The Nominating and Corporate Governance Committee has the sole authority to retain and terminate any search firm used to identify director candidates, including sole authority to approve its fees and the other terms of its engagement.

The Nominating and Corporate Governance Committee utilizes a matrix approach that tracks each director's and director nominee's qualities and qualifications in a tabular format to assist the committee in maintaining a well-rounded, diverse, and effective Board. In addition, the matrix approach helps the Nominating and Corporate Governance Committee identify any qualities, qualifications, and experience for potential director nominees that would help improve the composition of and add value to the Board.

The Nominating and Corporate Governance Committee is continually in the process of identifying potential director candidates, and individual Board members are encouraged to submit any potential nominee to the Chair of the Nominating and Corporate Governance Committee. Shareholders may also submit potential director nominees by providing appropriate prior written notice to the Secretary of KeyCorp. Page 73 of this proxy statement includes important information for shareholders who intend to submit a director nomination for the 2017 Annual Meeting of Shareholders.

In accordance with the terms of the merger agreement pursuant to which KeyCorp will acquire First Niagara (the Merger), KeyCorp will add three current members of First Niagara's board of directors selected by First Niagara and reasonably acceptable to KeyCorp (including the Nominating and Corporate Governance Committee) to KeyCorp's Board of Directors. It is anticipated that at the effective time of the Merger, the number of directors on the KeyCorp Board will be increased from 14 to 17 and that, in accordance with the practices and process outlined herein and in accordance with KeyCorp's Regulations, our Board will appoint the three new directors to fill the vacancies created.

Election Process

KeyCorp has adopted a majority voting standard in uncontested elections of directors and plurality voting in contested elections. In an uncontested election, a nominee must receive a greater number of votes FOR than AGAINST his or her election. If an uncontested nominee who is already a director receives more AGAINST votes than FOR votes, that director nominee will continue to serve as a holdover director, but must submit to the Board an offer to resign as a director. The Nominating and Corporate Governance Committee will consider the holdover director's resignation and will submit a recommendation to accept or reject the resignation to the Board. The Board (excluding the holdover director) will act on the committee's recommendation and publicly disclose its decision.

2016 Nominees for Director

Upon the recommendation of the Nominating and Corporate Governance Committee, the Board has nominated the individuals identified on the following pages for election as directors. Each nominee is currently a director of KeyCorp. Biographical information for each nominee is provided as of the most recent practicable date.

2

Table of Contents

The Board believes that the qualifications and experience of the director nominees, as described below, will contribute to an effective and well-functioning Board. The Board and the Nominating and Corporate Governance Committee believe that the directors, individually and as a whole, possess the necessary qualifications to provide effective oversight of KeyCorp's business and quality advice and counsel to KeyCorp's management.

If elected, each nominee will continue to serve as a director until KeyCorp's 2017 Annual Meeting of Shareholders or until he or she resigns or is otherwise removed and his or her successor is duly elected and qualified. There is no reason to believe that any of these director nominees will be unable or unwilling to serve if elected. Should any nominee be unable to accept nomination or election, the proxies may be voted for the election of a substitute nominee recommended by the Board. Alternatively, the Board may recommend a shareholder vote holding the position vacant, to be filled by the Board at a later date.

The Board of Directors unanimously recommends that shareholders vote FOR each of the director nominees identified on the following pages.

The Board of Directors and Its Committees

During 2015, the Board was comprised of 13 independent directors, including Mr. Broussard who was elected at the 2015 Annual Meeting of Shareholders, and one member of management (Ms. Mooney). The Board has added three new directors since 2014. The average tenure of our current Board members is 5.1 years, with a median of five years.

Board Leadership Structure

Our Board is committed to independent Board leadership. The Board's independent leadership and oversight responsibilities are realized through the guidance of our independent Lead Director, through our independent Board committee chairs, and through the full involvement of each of our 13 independent directors. KeyCorp's independent directors have elected Alexander M. Cutler, who has served on the Board since 2000, as the Board's independent Lead Director for 2016.

Among his specific responsibilities, the independent Lead Director:

presides at all meetings of the Board at which the Chairman is not present, including executive sessions of the independent directors held after each regularly scheduled Board meeting;

serves as liaison between the Chairman and the independent directors;

approves Board meeting schedules as well as meeting materials and agendas for each full Board meeting and executive sessions of independent directors;

has the authority to call meetings of the independent directors or the full Board at any time;

if requested by major shareholders, is available for consultation and direct communication;

is in frequent contact with the Chairman with respect to major issues and strategic opportunities before KeyCorp, and any significant actions contemplated by KeyCorp are discussed with the Lead Director at an early stage;

advises on the retention of independent consultants to the Board;

interviews all candidates for election to the Board;

oversees changes to the composition of Board committees;

assists the Board and management in assuring compliance with applicable securities laws and fiduciary duties to shareholders;

oversees initiatives to implement improvements to KeyCorp's governance policies and the Corporate Governance Guidelines;

serves as a focal point for independent committee Chairs, providing guidance, coordination, and advice for the committees;

together with the Chair of the Compensation and Organization Committee, facilitates the evaluation of the performance of KeyCorp's Chief Executive Officer; and

is available for additional duties as they may arise.

The Lead Director seeks input from independent directors during executive sessions with respect to items to be included on the agenda for each Board meeting and provides feedback from the independent directors while engaging in the agenda-building process.

Annually, the independent directors assess the effectiveness of the Lead Director and provide important feedback on the performance of the Lead Director's specified responsibilities. The formal evaluation process is conducted with the Lead Director excused from participation.

***2016 Proxy Statement* The Board of Directors and Its Committees**

Each standing committee of the Board is chaired by an independent director and consists solely of independent directors. Our independent directors have extensive corporate governance and leadership experience, and many have significant public company experience. Four of our independent directors are or have been chief executive officers with public companies.

In 2011, the Board elected Beth Mooney as KeyCorp's Chairman and Chief Executive Officer. The Board believes that KeyCorp has been well served by Ms. Mooney's combined role as Chairman and Chief Executive Officer. Ms. Mooney's combined leadership role has allowed her to set the overall tone and direction for KeyCorp, maintain consistency in the internal and external communication of our strategic and business priorities, and have primary responsibility for managing KeyCorp's operations. Our many conversations between our directors and our shareholders regarding their views on Board leadership and independent oversight have confirmed our view that a strong, effective Lead Director, like Mr. Cutler, and our 12 other independent Board members provide the independent leadership necessary to balance the combined Chairman and Chief Executive Officer role and, with the formal and informal mechanisms we have in place to facilitate the work of the Board and its committees, results in the Board effectiveness and efficiency that our shareholders expect. At last year's Annual Meeting, 76% of the shares represented at the meeting voted against a shareholder proposal to separate the roles of Chairman and Chief Executive Officer.

The Board annually (and periodically when KeyCorp's facts and circumstances change, such as when a new Chief Executive Officer is appointed) evaluates KeyCorp's leadership structure in light of KeyCorp's size, the nature of its business, the regulatory framework in which it operates, and the leadership structure of its peers. As a large financial institution subject to significant regulation, KeyCorp now more than ever in this era of heightened and increasing regulatory expectations must communicate swiftly and consistently with our stakeholders, including our regulators. We believe that swift and consistent communication is significantly furthered if KeyCorp's leadership, through our Chairman and Chief Executive Officer, speaks as a single voice on behalf of both the Board and management.

The Board believes it is in the best interest of KeyCorp and its shareholders to maintain the flexibility to determine the best way to realize independent Board leadership, rather than establishing a leadership structure through rigid policy. In this regard, our Regulations provide the Board with flexibility to separate or combine the roles of Chairman and Chief Executive Officer as it deems necessary from time to time and on a case-by-case basis.

Table of Contents**Board and Committee Membership**

KeyCorp's Board of Directors delegates various responsibilities and authority to its four standing committees: Audit, Compensation and Organization, Nominating and Corporate Governance, and Risk. The Board has also established an Executive Committee that serves the functions described on page 15 of this proxy statement. The committees regularly report on their activities and actions to the full Board. The Board, with the recommendation of the Nominating and Corporate Governance Committee and in consultation with the Lead Director, appoints the members of the committees, and has determined that each member of a standing committee is an independent director under New York Stock Exchange independence standards. The following table summarizes the current membership of the Board and its committees as of the date of this proxy statement, and the number of times the Board and each committee met in 2015.

At every regularly-scheduled Board meeting, the independent members of the Board met in executive session (i.e., without Ms. Mooney or any other employee of KeyCorp present). The members of the Board attended, on average, approximately 95% of meetings held by the Board of Directors and the Board committees on which the directors served during 2015. No director attended less than 75% of such meetings. KeyCorp Board members are expected to attend the Annual Meeting of Shareholders, and all Board members did so for the 2015 Annual Meeting of Shareholders.

Audit Committee

The Audit Committee has been established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934 (the Exchange Act). Charles P. Cooley, H. James Dallas, Richard J. Hipple, and Kristen L. Manos are its members. The Board of Directors has determined that Mr. Cooley and Mr. Hipple each qualify as an audit committee

financial expert, as defined in Item 407(d)(5) of Regulation S-K, and that all members of the Audit Committee are independent as that term is defined in Section 303A.02 of the New York Stock Exchange's listing standards.

Table of Contents***2016 Proxy Statement* The Board of Directors and Its Committees**

The Audit Committee oversees the development of, and reviews, the financial information provided to KeyCorp's shareholders. The committee is directly responsible for the appointment, compensation, retention, and oversight of our independent auditor, oversees the audit fees negotiations with our independent auditor, and has sole authority to approve audit fees. Annually, the Audit Committee considers the results of an evaluation of the qualifications, experience, candor, independence, objectivity, and professional skepticism of the independent external auditor in determining whether to retain the firm for the next fiscal year. As part of this evaluation, the Audit Committee reviews and considers the results of the Public Company Accounting Oversight Board's annual inspection of the independent external auditor. The evaluation is led by KeyCorp's Chief Risk Review Officer, who reports directly to the Audit Committee. In connection with the required rotation of the audit firm's lead engagement partner, the Audit Committee and its Chair are directly involved in the selection of the independent auditor's new lead engagement partner.

The Audit Committee also has responsibility over all KeyCorp risk review functions (including internal audit), financial reporting, legal matters, and fraud risk. The committee oversees any material examinations of KeyCorp and its affiliates conducted by federal, state, or other authorities, and may supervise and direct any other special projects or investigations the committee deems necessary. Together with the Risk Committee, the Audit Committee oversees and reviews our allowance for loan and lease losses methodology. The Audit Committee also serves as the audit committee for KeyCorp's subsidiary, KeyBank. The Audit Committee has adopted a Policy Statement on Independent Auditing Firm's Services and Related Fees, which governs the Audit Committee's pre-approval process for services provided by the independent audit firm and fees paid to such firm. Further discussion of this policy can be found on page 60 of this proxy statement under the heading Pre-Approval Policies and Procedures.

Interested parties wishing to communicate with the Audit Committee regarding accounting, internal accounting controls, or auditing matters may directly contact the Audit Committee by mailing a statement of their comments and views to KeyCorp at its corporate headquarters at 127 Public Square, Cleveland, Ohio 44114. Such correspondence should be addressed to Chair, Audit Committee, KeyCorp Board of Directors, care of the Secretary of KeyCorp and should be marked Confidential.

Compensation and Organization Committee

The Compensation and Organization Committee (the Compensation Committee) supports KeyCorp's efforts to attract, retain, develop, and reward talent so that we can achieve our business objectives. In this regard, the Compensation Committee is responsible for overseeing the compensation of our senior executives, certain of our compensation programs, and our talent management and organizational development processes. This oversight allows the committee to evaluate the competitiveness of our compensation programs and assess the effectiveness of our succession planning, leadership development, and strategic hiring objectives. The Compensation Committee approves the performance goals, performance objectives, and the compensation of the Chief Executive Officer and the other senior executives and evaluates their performance relative to those goals and objectives. In approving compensation, the Compensation Committee takes into account, among other factors, the recommendation of the Chief Executive Officer and her direct reports as to the compensation of other senior executives. Neither the Chief Executive Officer nor her direct reports play any role in setting the level of their own compensation.

Table of Contents

The Compensation Committee also establishes our overall compensation philosophy and oversees the implementation of this philosophy as it relates to our incentive compensation arrangements, including through approval of our incentive compensation policy. The committee is responsible for enforcing the compensation clawback policy. The Compensation Committee additionally appoints, directs, and oversees its independent advisors and performs the additional duties described in its Charter. The Compensation Committee may delegate its authority to a subcommittee of its members.

The Board of Directors has determined that all members of the Compensation Committee are independent as that term is defined in Section 303A.02 of the New York Stock Exchange's listing standards. Further discussion of the Compensation Committee can be found beginning on page 26 of this proxy statement under the heading Compensation Discussion and Analysis.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee recommends to the Board nominees to stand for election as directors. The committee oversees the annual Board self-assessment process (including individual director self-assessments and the evaluation of the Lead Director), as well as KeyCorp's policies and practices on significant issues of corporate social responsibility. The committee also oversees corporate governance matters generally, oversees and reviews KeyCorp's directors' and officers' liability insurance program, and supports the Compensation and Risk Committees by facilitating a meeting of all independent Board committee Chairs to discuss the linkage between enterprise risk and compensation at KeyCorp.

The Nominating and Corporate Governance Committee annually reviews and recommends to the Board a director compensation program that may include equity-based incentive compensation plans. It uses market data to aid it in its annual review. No executive officer of KeyCorp has any role in determining the amount of director compensation, although the committee may seek assistance from our executive officers in designing equity compensation programs for directors.

Risk Committee

The Risk Committee is responsible for assisting the Board with strategies, policies, procedures, and practices relating to the assessment and management of KeyCorp's enterprise-wide risks, including credit risk, market risk, liquidity risk, compliance risk, operational risk, and other risks. The committee plays a crucial role in overseeing KeyCorp's capital adequacy and compliance with regulatory capital requirements. Annually, the committee reviews and approves capital plan submissions to KeyCorp's regulatory authorities and recommends dividends and share repurchase authorizations to the Board consistent with approved capital plans. In addition, the Risk Committee may exercise such authority as the Board delegates in connection with the authorization, sale, and issuance by KeyCorp of debt and other equity securities. Together with the Audit Committee, the Risk Committee oversees and reviews the allowance for loan and lease losses methodology.

Executive Committee

The Executive Committee exercises the authority of the Board, to the extent permitted by law, on any matter requiring Board or committee action between Board or committee meetings.

Table of Contents

***2016 Proxy Statement* The Board of Directors and Its Committees**

Board Oversight of Risk

Our Board leadership and committee structure supports the Board's risk oversight function. Generally, each Board committee oversees the following risks:

The Risk Committee has primary oversight responsibility for enterprise-wide risk at KeyCorp, including credit risk, market risk, liquidity risk, compliance risk, operational risk, as well as reputational and strategic risks, and oversight of the actions taken to mitigate these risks.

The Audit Committee has primary oversight responsibility for internal audit, financial reporting, legal matters, and fraud risk.

The Compensation Committee has primary oversight responsibility for risks related to KeyCorp's compensation policies and practices.

The Audit and Risk Committees jointly oversee and review the allowance for loan and lease losses methodology.

The committees receive, review, and evaluate management reports on risk for their areas of risk oversight. At each Board meeting, the Chair of each Board committee reports to the full Board on risk oversight issues.

KeyCorp has formed a senior level management committee, the Enterprise Risk Management Committee (ERM Committee), consisting of Ms. Mooney and other senior officers at KeyCorp, including William L. Hartmann, KeyCorp's Chief Risk Officer. The ERM Committee meets weekly and is central to seeing that the corporate risk profile is managed in a manner consistent with KeyCorp's risk appetite. The ERM Committee also is responsible for implementation of KeyCorp's Enterprise Risk Management Policy that encompasses KeyCorp's risk philosophy, policy framework, and governance structure for the management of risks across the entire company. The ERM Committee reports to the Risk Committee of the Board, and minutes of the ERM Committee's meetings are provided to the Risk Committee for its review. The Board of Directors approves the Enterprise Risk Management Policy and sets the overall level of risk KeyCorp is willing to accept and manage in pursuit of its strategic objectives.

Oversight of Compensation-Related Risks

KeyCorp's compensation program is designed to offer competitive pay for performance, aligned with KeyCorp's short- and long-term business strategies, approved risk appetite and defined risk tolerances, and shareholders' interests. Reviews of KeyCorp's compensation plans by the Compensation Committee and KeyCorp management did not identify any plan that was reasonably likely to have a material adverse impact on KeyCorp or that would incentivize excessive risk-taking. The Compensation Committee also reviewed KeyCorp's compensation plans to monitor compliance with KeyCorp's risk management tolerances and safety and soundness requirements.

KeyCorp has a well-developed governance structure for its incentive compensation programs, including roles for the Board of Directors, senior management, lines of business and control functions. The Board oversees KeyCorp's

incentive compensation programs, primarily through its Compensation Committee, with additional input and guidance from its Nominating and Corporate Governance, Risk, and Audit Committees. In addition to directly approving compensation decisions for senior executives, the Compensation Committee also approves KeyCorp's overall Incentive Compensation Program and Policy so that KeyCorp's incentive compensation practices remain in alignment with KeyCorp's risk management practices. KeyCorp's Incentive Compensation Program and Policy are intended to enhance KeyCorp's risk management practices by rewarding appropriate risk-based performance.

Table of Contents

We maintain a detailed and effective strategy for implementing and executing incentive compensation arrangements that provide balanced risk-taking incentives. KeyCorp's incentive compensation arrangements are designed, monitored, administered, and tested by a multidisciplinary team drawn from various areas of KeyCorp, including Risk Management. This team is charged with seeing that our incentive compensation arrangements align with risk management practices and support the safety and soundness of the organization. From initial plan design to individual awards, KeyCorp's program incorporates sound compensation principles and risk-balancing at every stage of the incentive compensation process, including:

the identification of employees who have the ability to influence or control material risk;

the use of risk-balancing mechanisms across all incentive plans that take into account the primary risks associated with employee roles;

the deferral of incentive compensation to balance risk and align an employee's individual interests with KeyCorp's future success and safety and soundness;

the development of clawback policies and procedures to recoup certain incentive compensation paid to employees in the event of certain risk-based events; and

the annual assessment of risk-balancing features, the degree to which selective plan design features affect risk-taking, the alignment of incentive metrics with business objectives, the overall competitiveness of the pay opportunity, the participation of control functions, and the effectiveness of monitoring and administration of the plans.

Director Independence

The Board of Directors has determined that all members of the Board of Directors (i.e., Mss. Gile, Gillis, Manos, and Snyder, and Messrs. Broussard, Carrabba, Cooley, Cutler, Dallas, Gisel, Hipple, Parneros, and Wilson), other than Ms. Mooney, are independent directors and independent for purposes of the committees on which they serve. This determination was made after reviewing the relationship of these individuals to KeyCorp in light of KeyCorp's Standards for Determining Independence of Directors and the independence standards set by the New York Stock Exchange.

To determine the independence of the members of the Board, the Board considered certain transactions, relationships, or arrangements described below between those directors, their immediate family members, or their affiliated entities, on the one hand, and KeyCorp or one or more of its subsidiaries, on the other hand. The Board determined that all of these transactions, relationships, or arrangements were made in the ordinary course of business, were made on terms comparable to those that could be obtained in arms-length dealings with an unrelated third party, complied with applicable banking laws, were immaterial, and did not impair any director's independence.

Any transaction, relationship, or arrangement with KeyCorp or its subsidiaries in which a KeyCorp director, executive officer, or other related person has a direct or indirect material interest is subject to KeyCorp's Policy for Review of Transactions between KeyCorp and its Directors, Executive Officers, and Other Related Persons. The Nominating and Corporate Governance Committee is responsible for applying the policy and uses the following factors identified in the policy in making its determinations:

whether the transaction conforms to KeyCorp's Code of Ethics and Corporate Governance Guidelines and is in KeyCorp's best interests;

whether the terms of the transaction are comparable to terms that could be obtained in arms-length dealings with an unrelated third party;

whether the transaction must be disclosed under Item 404 of Regulation S-K under the Exchange Act; and

whether the transaction could call into question the independence of any of KeyCorp's non-employee directors.

The policy provides exceptions for certain transactions, including those available to all KeyCorp employees generally, those involving compensation or indemnification of executive officers or directors authorized by the Board of Directors or one of its committees, those involving the reimbursement of routine business expenses, and those occurring in the ordinary course of business.

Banking and Credit Transactions with KeyCorp Executive Officers and Directors

From time to time during 2015, the directors identified in the table above, some of our executive officers, and some of their immediate family members and affiliated entities were customers of or had transactions with KeyBank or other KeyCorp subsidiaries in the ordinary course of business. Additional transactions and banking relationships may continue in the future. All loans, loan commitments, and transactions involving other financial products and services with our directors and executive officers were made in the ordinary course of business on substantially the same terms, including interest rate and collateral terms, as those prevailing at the time for comparable transactions with unrelated third parties and did not present heightened risks of collectability or other unfavorable features to KeyCorp or its subsidiaries.

Loans and extensions of credit by KeyBank to our directors, executive officers, and their affiliated entities were made in compliance with Regulation O under federal banking law and KeyBank's related policies and procedures. In addition to satisfying the standard set forth in the preceding paragraph, our Regulation O policies and procedures require that:

the amount of credit extended does not exceed individual and aggregate lending limits, depending upon the identity of the borrower and the nature of the loan; and

any extension of credit in excess of \$500,000 be approved by the Board of Directors of KeyBank.

Shareholder Engagement

In order for management and the Board to better understand and consider shareholders' perspectives, we regularly communicate with our larger shareholders to solicit and discuss their views on governance, executive compensation and other matters. We believe our regular engagement has been productive and provides an open exchange of ideas and perspectives for both the Company and our shareholders.

During fiscal 2015, members of management and our independent Lead Director participated in discussions with a number of institutional shareholders, including many of our largest shareholders. Overall, participating investors expressed support for the Company's governance and compensation practices, including our current board leadership structure. Feedback received during these meetings is presented to and discussed by the Nominating and Corporate Governance Committee, Compensation Committee and, as appropriate, other Board committees and the entire Board.

After considering feedback received from shareholders in recent years, we have:

formalized additional responsibilities for the independent Lead Director and added disclosure about the Lead Director's activities (see page 11 of this proxy statement);

formalized an annual evaluation of the Lead Director and incorporated the evaluation process in our Corporate Governance Guidelines;

increased our website disclosure with respect to our political spending and activity;

provided additional disclosure about the Audit Committee's oversight and engagement of the independent auditor in the Audit Committee Report at page 61 in this proxy statement; and

created a robust summary (at pages S-1 to S-4 in this proxy statement) and enhanced our Compensation Discussion and Analysis that begins at page 26 in this proxy statement.

In addition, our Chief Executive Officer, Chief Financial Officer, Director of Investor Relations and other members of our senior management team receive regular feedback from the investment community through investor visits, meetings and conferences regarding our strategy, financial results and other topics of interest, and regularly brief our Board on this feedback.

Director Education

Throughout the year, our directors participate in continuing education activities and receive educational materials on a wide variety of topics (including, for example, corporate governance, the financial services industry, executive compensation, risk management, finance and accounting). Annually, the Board holds director education sessions focusing on topics suggested by the directors at the November meeting of the Board and its committees. From time to time, our directors may also attend seminars and other educational programs at KeyCorp's expense. These educational opportunities provide our directors with timely updates on best practices among our peers and in the general marketplace and further supplement our directors' significant business and leadership experiences.

Communication with the Board

Shareholders may submit comments about KeyCorp to the directors in writing at KeyCorp's headquarters at 127 Public Square, Cleveland, Ohio 44114. Correspondence should be addressed to Lead Director, KeyCorp Board of Directors, care of the Secretary of KeyCorp and marked Confidential.

Corporate Governance Guidelines

The Board has adopted written Corporate Governance Guidelines (the Guidelines) that detail the Board's corporate governance duties and responsibilities, many of which are described herein. The Guidelines take into consideration, and are reviewed annually and updated periodically to reflect, best practices in corporate governance and applicable laws and regulations. The Guidelines address a number of matters applicable to directors (such as director qualification standards and independence requirements, share ownership guidelines, and succession planning and management) and management (such as stock ownership guidelines for management and procedures for the annual evaluation of our Chief Executive Officer). The Nominating and Corporate Governance Committee undertook a comprehensive review of the Guidelines in 2015, and our Board approved a revised set of Guidelines in January 2016.

Code of Ethics

We are committed to the highest standards of ethical integrity. Accordingly, the Board of Directors has adopted a Code of Ethics for all of KeyCorp's (and its subsidiaries') employees, officers, and directors, which was last amended in July 2015. We will promptly disclose any waiver or amendment to our Code of Ethics for our executive officers or directors on our website. Our Code of Ethics ensures that each employee, officer, and director understands the basic principles that govern our corporate conduct and our core values of Teamwork, Respect, Accountability, Integrity, and Leadership.

Statement of Political Activity

An important part of our commitment to our community includes active participation in the political and public policy process that impacts the lives of our customers, shareholders, and business. As a large financial institution, our business is highly regulated at the federal, state, and local levels. We believe it is critically important to take a constructive role in the political process that will shape the future of business, our industry, and our community.

The Nominating and Corporate Governance Committee of the Board meets annually with a member of KeyCorp's Government Relations team to review KeyCorp's policies and practices regarding political contributions. Policies and practices reviewed by the Nominating and Corporate Governance Committee include KeyCorp's policies regarding doing business with public entities, the Government Relations pre-approval process for ballot issue support and the KeyCorp Advocates Fund (political action committee) annual report.

A statement of our political activities, including our annual political contributions, is made available to our shareholders on our website: www.key.com/ir.

A director may elect to defer the payment of all or some of his or her deferred shares beyond the third anniversary of the award date (Further Deferred Shares). In that case, the Further Deferred Shares will be distributed entirely in common shares on (and only on) the deferral date selected by the director. Deferred shares payable in common shares

(other than Further Deferred Shares) are included in the column Deferred Shares because they may be distributed to the director as common shares immediately upon separation from the Board. Further Deferred Shares, and directors' fees that have been deferred under the Directors' Deferred Share Sub-Plan or, previously, the KeyCorp Second Directors' Deferred Compensation Plan, are included in the column Other Deferred Shares Owned because they are only payable on the deferral date selected by the director, which is not on or within 60 days of March 24, 2016 for any director. Deferred shares payable in cash are not reflected in this table. For more information, please see Directors' Compensation on page 58 of this proxy statement.

- (3) The column Deferred Shares includes deferred shares, performance units, and restricted stock units held by executive officers that will be payable in KeyCorp common shares on or within 60 days of March 24, 2016. Performance units are subject to vesting based on the achievement of certain performance goals, as discussed in the Compensation Discussion and Analysis beginning on page 26 of this proxy statement. The number of performance units set forth in these columns reflects a target amount of performance units determined for each executive officer on the grant date. The number of performance units that ultimately vest as common shares for each executive officer may be higher or lower depending upon actual performance relative to the performance goals at the end of the measurement period.
- (4) Deferred shares, performance units, and restricted stock units payable in common shares do not have common share voting rights or investment power until the shares or units have vested or been distributed as common shares in accordance with the plan or agreement under which they were granted or awarded.
- (5) Totals may not foot due to rounding.
- (6) No director or executive officer beneficially owns (and collectively all 27 directors and executive officers do not beneficially own) common shares, and options, deferred shares, performance units, and restricted stock units payable in common shares on or within 60 days of March 24, 2016, totaling more than 1% of the outstanding common shares of KeyCorp. The percentages set forth in this column for the holders of more than 5% of our common shares appear as reported by each such holder to the Securities and Exchange Commission on Schedules 13G, as discussed below.

Pledging and Speculative Trading of KeyCorp Securities

Our insider trading policy restricts our employees, officers and directors from engaging in speculative trading transactions involving KeyCorp securities and restricts our officers and directors who are subject to reporting requirements under Section 16 of the Exchange Act from pledging our securities. During 2015, no director or executive officer pledged as collateral or engaged in speculative trading with respect to any KeyCorp securities.

Section 16(a) Beneficial Ownership Reporting Compliance

KeyCorp's directors and executive officers are required to report their initial ownership and certain changes in ownership of KeyCorp securities to the Securities and Exchange Commission. The Securities and Exchange Commission has established certain due dates and requirements for these reports. Based upon our review of records received by KeyCorp and written representations from the directors and executive officers, KeyCorp knows of no director or executive officer who failed to timely file any report required to be filed during 2015, except that Elizabeth R. Gile inadvertently did not timely file two Form 4 reports for two transactions in accounts over which she exercised no investment discretion.

Equity Compensation Plan Information

KeyCorp is authorized to issue its common shares under the KeyCorp 2013 Equity Compensation Plan (the "Equity Plan") and the KeyCorp Amended and Restated Discounted Stock Purchase Plan (the "DSP Plan"). KeyCorp is no longer authorized to issue its common shares under, but still has awards outstanding under: (i) the KeyCorp 2010 Equity Compensation Plan (the "2010 Plan"); (ii) the KeyCorp Deferred Equity Allocation Plan; (iii) the KeyCorp Directors Deferred Share Plan; (iv) the KeyCorp 2004 Equity Compensation Plan (the "2004 Plan"); and (v) the KeyCorp Amended and Restated 1991 Equity Compensation Plan (amended as of March 13, 2003) (the "1991 Plan").

Shareholders approved the Equity Plan at the 2013 Annual Meeting of Shareholders. At December 31, 2015, 64,339,186 common shares remained available for future issuance under the Equity Plan. Shareholders approved the DSP Plan in 2003. At December 31, 2015, 2,389,388 common shares remained available for future issuance under the DSP Plan.

Executive Summary

The following Executive Summary highlights our financial performance in 2015 and the corresponding compensation actions approved by the Compensation Committee for our Named Executive Officers for their performance in 2015. Also included is the approved payout level of our 2013 awards of cash performance shares, which vested in 2016 based on our performance between 2013 and 2015.

2015 Performance and Annual Incentive Plan Funding

In 2015, Key made significant progress as we improved our financial performance, executed against our strategic priorities, and made investments to improve our returns and create value for our shareholders. In addition, on October 30, 2015, Key announced its planned acquisition of First Niagara, headquartered in Buffalo, New York, which is expected to close in the second half of 2016 and would create the 13th largest commercial bank headquartered in the United States serving three million clients across diverse markets.

For 2015, the Compensation Committee approved 100% funding for the overall bonus pool under our Annual Incentive Plan reflecting that:

We saw strong levels of retail and corporate client growth, record results in a number of our fee-based businesses, and improved productivity across our franchise.

We grew pre-provision net revenue (PPNR) by 4.7%, driven by average loan growth of 5.2% compared to the prior year and a record year for investment banking and debt placement fees, which were up 12.1%.

We increased earnings per share (EPS) to \$1.05, while returning over \$700,000,000 of net income to shareholders through dividends and share repurchases.

We maintained strong expense discipline as part of our ongoing commitment to being a more efficient organization while making substantial investments in talent, businesses, and capabilities.

The investments we made in 2015 were important contributors to our success. We added new bankers to drive client acquisition and expansion, completed our integration of Pacific Crest Securities which added a technology vertical in our Corporate Bank, strengthened our payment capabilities, and made a number of technology investments, including enhancements of our digital channels, an innovative partnership with HelloWallet®, and the launch of Samsung Pay® and ApplePay® solutions.

In addition to financial results, the Compensation Committee evaluated our ability to execute against enterprise-wide programs to grow future revenue and manage expenses, and compared our performance to that of our Peer Group relative to efforts to grow revenue and PPNR and efficiently manage both capital and risk. While the Compensation Committee did not consider our pending acquisition of First Niagara when approving the funding level of the 2015 Annual Incentive Plan, it did consider individual contributions to the transaction when approving actual 2015 incentives for Named Executive Officers.

Although the overall 2015 Annual Incentive Plan bonus pool funded at 100%, we limited overall incentive spending for Executive Officers to approximately 95% of funding as part of our disciplined expense management efforts. The actual incentive payable to any Executive Officer can differ from the pool funding amount.

Additional information about our 2015 Annual Incentive Plan, including a full description of the performance measures selected by the Compensation Committee and described above, as well as our performance against these measures can be found on pages 35 and 36 of this proxy statement.

Table of Contents***2016 Proxy Statement Compensation Discussion and Analysis*****Pay of our Chairman and Chief Executive Officer**

The Compensation Committee awarded Ms. Mooney annual incentives for 2015 performance of \$1,900,000 and granted her long-term incentives of \$4,400,000.

Ms. Mooney's annual incentive was 95% of her target annual incentive of \$2,000,000 and was consistent with the 95% pool funding limit that applied to the other Executive Officers. Ms. Mooney's long-term award was 110% of her long-term incentive target and reflects the Compensation Committee's continuing support of our long-term strategy, including our pending acquisition of First Niagara.

The Compensation Committee elected not to change Ms. Mooney's target total direct compensation for 2016, which consists of \$1,000,000 in base salary, a \$2,000,000 annual incentive target and a \$4,000,000 long-term incentive target, subject to adjustment based on any changes to our Peer Group resulting from the pending acquisition of First Niagara.

Pay of our Other Named Executive Officers

After assessing each individual's performance during 2015, the Compensation Committee approved the annual and long-term incentive awards for our other Named Executive Officers, which are described below.

2015 Annual Incentive Awards

The Compensation Committee approved the following annual incentive awards for our other Named Executive Officers, considering the performance of each during 2015 as well as the 95% pool funding limit of our Annual Incentive Plan that applied to Executive Officers:

Name	Target Annual Incentives (\$)	Actual Payout	
		(as % of Target)	Actual Payout \$(1)
Donald R. Kimble	750,000	101%	760,000
Christopher M. Gorman	1,700,000	106%	1,800,000
Edward J. Burke	1,050,000	95%	1,000,000
Dennis A. Devine	600,000	96%	575,000

(1) 100% of the annual incentive of each Named Executive Officer was paid in cash as each satisfied the required deferral percentage of 50% of his or her total incentive award.

Mr. Kimble's award recognized his efforts in 2015 towards our pending acquisition of First Niagara, while Mr. Gorman's award recognized the continued strong performance of the Corporate Bank including another record year for investment banking and debt placement fees. The annual incentives paid to Mr. Burke and Mr. Devine were consistent with the 95% pool funding limit and reflected their continuing efforts to transform our Community Bank.

2016 Long-Term Incentive Awards

On February 15, 2016, the Compensation Committee approved long-term incentive awards for our other Named Executive Officers based on 2015 performance and anticipated future contributions, as set forth in the table below. This table also shows the percentage of each Named Executive Officer's long-

Table of Contents

term incentive as a percentage of his or her total incentive, demonstrating that each satisfies our deferral requirements.

Name	Target Long-Term Incentive (\$)	Actual Award		Total Incentive Deferred (%)(1)
		(as % of Target)	Actual Award (\$)	
Donald R. Kimble	1,300,000	115%	1,500,000	66%
Christopher M. Gorman	2,000,000	120%	2,400,000	57%
Edward J. Burke	1,050,000	100%	1,050,000	51%
Dennis A. Devine	600,000	100%	600,000	51%

- (1) At least 50% of the total incentive (the sum of annual and long-term incentive awards) of each Named Executive Officer is required to be delivered as deferred incentive compensation, consistent with our risk-balancing requirements as described beginning on page 30 of this proxy statement. This column shows the actual percentage of each Named Executive Officer's total incentive delivered as deferred incentive compensation.

The long-term award for Mr. Kimble, like his annual award, recognized his contribution in 2015 to our pending acquisition of First Niagara as well as the role he will play as we move towards integration in 2016. Mr. Gorman's long-term award recognized both his leadership of our Corporate Bank in 2015 as well as his assumption of a new role as the executive in charge of our merger-related activities in 2016. The long-term awards granted to Mr. Burke and Mr. Devine reflect the Compensation Committee's continuing support of their long-term strategy for the Community Bank.

Payout of 2013 Performance Awards

On March 1, 2013, each Named Executive Officer, other than Mr. Kimble who had not yet joined Key, received an award of cash performance shares as part of his or her long-term incentive compensation. The eligible Named Executive Officers could earn between 0% and 150% of the cash performance shares granted based on the achievement of our 2013 long-term incentive plan, described below.

On February 15, 2016, the Compensation Committee approved a final performance level for our 2013 long-term incentive plan of 124%, as described below. This performance level represents the right to receive 124% of the target 2013 cash performance share opportunity based on the closing price of our common stock of \$10.90 on March 1, 2016.

2013-2015 Long-Term Incentive Plan

Before approving this final performance level, the Compensation Committee considered our Enterprise Risk Management dashboard and our execution against strategic priorities and, based on this review, concluded that no reduction in calculated performance was warranted.

2016 Proxy Statement Compensation Discussion and Analysis

Objectives of Our Compensation Program

Our success depends on the ability to attract, retain, motivate and develop our people. Competition for talent in our business is ongoing and we make investments to hire and retain the people we need to serve our customers. Our compensation program is an integral part of these efforts and is designed to reward employees based on performance, be informed by the market, and align with the expectations of our shareholders and regulators.

Compensation Philosophy

Our compensation philosophy is to:

Make pay decisions based on performance of the Company, the business unit, and the individual;

Deliver pay in a way that reinforces focus on balancing short- and long-term financial performance objectives; and

Support sustainable performance with policies that are focused on prudent risk-taking and the balance between risk and reward.

We execute this compensation philosophy by:

Emphasizing variable and performance-based compensation: 86% of the 2015 target total direct compensation of our Chairman and Chief Executive Officer (and 80% of the 2015 target total direct compensation of our other Named Executive Officers) was either variable or performance-based (including restricted stock units and stock options, the value of which are dependent on our share price), as illustrated in the charts below.

Requiring Executive Officers to satisfy robust levels of deferral: At least 60% of the annual total incentive (the sum of the annual incentive paid and the value of long-term incentives granted in a particular year) of the Chairman and Chief Executive Officer (and at least 50% for the other Named Executive Officers) is required to be deferred over a multi-year period and subject to risk-adjustment, as described in more detail below.

Table of Contents

Balancing compensation risk and reward through a robust governance process overseen by the Compensation Committee: We design our compensation programs to appropriately balance risk and reward and regularly monitor these programs to determine whether they create incentives that encourage risk-taking outside of our risk tolerances. The Compensation Committee:

Reserves the right to decrease funding for our discretionary incentive plans by as much as 100% based on our Enterprise Risk Management dashboard or the occurrence of any risk event that warrants such an adjustment;

Considers each Named Executive Officer's scorecard performance including individual risk performance before approving any discretionary incentive award; and

May, prior to vesting, forfeit, offset, reduce, or claw back any Named Executive Officer's deferred incentives based on the actual risk-related outcomes of each executive's performance on which the award is based.

Compensation Governance Best Practices

We support our compensation program with a number of best practices in governance and executive compensation. In addition, the Compensation Committee regularly evaluates our compensation practices to address areas of concerns raised by our shareholders or shareholder advisory firms.

What we do:

Impose Robust Stock Ownership Guidelines: Our Corporate Governance Guidelines contain robust share ownership requirements, ranging from six times base salary for our Chairman and Chief Executive Officer, with a minimum direct ownership requirement of 10,000 common shares, to three times base salary for our other Executive Officers, with a minimum direct ownership requirement of 5,000 common shares. As of February 28, 2016, each Named Executive Officer, including the Chairman and Chief Executive Officer, satisfied his or her share ownership requirements.

Subject Shares to Post-Vesting Holding Period: Each Named Executive Officer must hold the net shares acquired upon vesting of equity awards until he or she satisfies our share ownership guidelines. In 2015, we amended our insider trading policies to require that our Chairman and Chief Executive Officer notify the Chair of the Compensation Committee before she engages in any discretionary transactions involving our shares. Also in 2015, the Compensation Committee adopted a policy recommending against the use of so-called "10b5-1" trading plans for our Executive Officers.

Double Trigger Change of Control Agreements: Our Change of Control Agreements are "double trigger," meaning that severance benefits are due and equity awards vest only if a senior executive experiences a qualifying termination of employment in connection with a change of control. This requirement is intended to prevent senior executives from receiving change of control benefits without a corresponding loss of

employment.

Use Tally Sheets: The Compensation Committee annually reviews tally sheets for our Named Executive Officers that include the estimated value of severance payments, the accumulated value of vested and unvested equity awards, and retirement benefits. The Compensation Committee also reviews the levels and types of compensation provided to executive officers in similar positions at companies in our Peer Group. This practice allows the Compensation Committee to evaluate the total compensation package provided to these employees and consider the impact of isolated adjustments or incremental changes to specific elements of compensation.

Table of Contents

2016 Proxy Statement Compensation Discussion and Analysis

Review Share Utilization: We regularly review share overhang levels and run-rates and maintain share utilization levels well within industry norms.

Retain an Independent Consultant: The Compensation Committee retains an independent consultant to assist in developing and reviewing our executive compensation strategy and program. The Compensation Committee, with the assistance of the independent consultant, regularly evaluates our executive compensation program in light of the compensation practices of our Peer Group to confirm that our compensation programs are consistent with market practice.

Subject All Incentives to Risk-Adjustment: All incentive awards are subject to a multi-step risk-adjustment process that begins before grant and extends beyond payment, which is part of our overall compensation philosophy. We reserve the right to adjust funding and/or awards to reflect risks that may be realized and subject all discretionary incentives to forfeiture, reduction, offset, and clawback.

Subject All Incentives to Clawback: Our clawback policy allows us to recover cash and equity incentive compensation paid to any Named Executive Officer, including deferred annual and long-term incentives, if based on financial results that are subsequently restated, and to cancel outstanding equity awards and recover realized gains if the executive engages in certain harmful activity.

What we don't do:

No Employment Agreements: No Executive Officer, including any Named Executive Officer, is a party to an employment agreement.

No Tax Gross-Ups: We do not provide for tax gross-ups on change of control payments or for perquisites, other than on relocation benefits provided to certain senior-level employees upon hire.

No SERPs: We froze our executive pension plans in 2009. No Named Executive Officer participates in an active supplemental defined benefit plan, although vesting service continues for those Named Executive Officers who participated in such a plan prior to 2009.

No Hedging or Pledging of KeyCorp Securities: Our insider trading policy restricts our employees, officers, and directors from engaging in hedging transactions involving our common shares, and it restricts our officers and directors who are subject to reporting requirements under Section 16 of the Exchange Act from pledging our common shares.

No Timing of Equity Grants: We maintain a disciplined equity approval policy. We do not grant equity awards in anticipation of the release of material, non-public information. Similarly, we do not time the release of material, non-public information based on equity grant dates.

No Repricing: We do not reprice or back-date stock options.

Consideration of Our Say-on-Pay Shareholder Vote

We continue to enjoy strong shareholder support for our Named Executive Officers' compensation program, as reflected in the results of our annual say-on-pay proposals, which have received approximately 96% support each year since 2012. We view the results of our say-on-pay votes as evidence that our executive compensation program provides pay for performance and appropriately aligns the interests of our Named Executive Officers with those of our shareholders.

Table of Contents

Shareholder Outreach

We maintain an active shareholder engagement program through which we periodically receive feedback from and have discussions with institutional investors around our compensation philosophy and structure. These continuing conversations with our institutional investors help us better understand matters of importance to our investors regarding our executive compensation program and help us to shape our pay-for-performance strategy.

Alignment of Pay and Performance

Our executive compensation program is designed so that a substantial portion of the pay of our Chairman and Chief Executive Officer is delivered in the form of long-term incentives which means that both her Realized Pay (the amount she actually may receive in any year) as well as her Realizable Pay (future pay opportunity) are tied directly to our share price performance and achievement of our long-term financial goals.

Ms. Mooney's pay, as reported in the Summary Compensation Table (SCT), reflects the accounting value of long-term incentives at grant and not the value actually received from these grants or their potential future value. As a result, we believe that it is useful to compare Ms. Mooney's Realized Pay and Realizable Pay, each between 2013 and 2015, with her Adjusted SCT Pay and our total shareholder return for the same period as illustrated in the chart below:

Realized Pay has increased each year as prior awards of long-term incentives vest. For 2014 and 2015, Realized Pay includes payouts from past awards of cash performance shares that paid at 117% and 125% of target in 2014 and 2015, respectively. These payouts reflect the achievement of our long-term financial and strategic objectives.

Realizable Pay has changed along with changes in our total shareholder return demonstrating the alignment of pay and performance and the amount of pay linked to share price performance.

Table of Contents**2016 Proxy Statement Compensation Discussion and Analysis**

Ms. Mooney's Realized Pay between 2013 and 2015 consisted of:

	(\$)	(\$)	(\$)
Base salary received	986,538	1,000,000	1,038,462

* Ms. Mooney did not exercise any stock options in 2013, 2014 or 2015.

The preceding chart and table are not substitutes for the information required to be contained in the Summary Compensation Table, but provide additional information with regard to our Chairman and Chief Executive Officer's pay.

For purposes of the preceding chart and table, we define:

Adjusted SCT as the compensation reported in the Summary Compensation Table for the applicable year, adjusted by excluding Changes in Pension Value and Nonqualified Deferred Compensation Earnings and All Other Compensation. We excluded these items because they represent amounts that are not realizable pay or that will never become realized pay or which will not become realized pay until termination of employment or later, and do not have a realizable value.

Realizable Pay as the sum of: (i) actual base salary and incentives paid for the applicable year; (ii) the value of all restricted stock units granted during the applicable period based on the December 31, 2015, closing price of our common shares; (iii) the intrinsic value (i.e., the excess, if any, of the December 31, 2015, closing price of our common shares over the option exercise price) of all stock options granted during the applicable period; and (iv) the target value of all performance awards granted during the applicable period based on the December 31, 2015, closing price of our common shares.

Realized Pay as the sum of (i) actual base salary and incentives paid for the applicable year plus (ii) the amount reported as income upon vesting of performance awards, restricted stock or units, or exercise of stock options.

Table of Contents**Elements of Our Compensation Program**

The principal components of our core direct compensation program are summarized in the table and narrative below. This table also includes a summary of 2015 pay actions and 2016 pay adjustments for our Named Executive Officers.

Element	Characteristic	Purpose	Summary of 2015 Actions / 2016 Adjustments
Base Salary	Fixed compensation subject to annual adjustment and review if appropriate.	Attract, retain, and motivate Named Executive Officers and to align with market practices.	We generally will consider adjustments to base salaries no more frequently than every two years and set salaries around the Peer Group median. For 2016, the Compensation Committee adjusted the salaries of both Mr. Kimble and Mr. Gorman by \$50,000, in each case considering the length of time since the last increase as well as the base salaries paid by our Peer Group and other companies with whom we compete for talent.
Annual Incentive	Variable compensation based on achievement of corporate and/or business unit performance goals and other strategic objectives.	Motivate and reward Named Executive Officers for achieving our annual financial and strategic goals and for effectively managing risks within our approved risk tolerances.	The Compensation Committee approved 2015 annual incentives for Named Executive Officers ranging from \$575,000 to \$1,900,000, which considered both the pool funding limit of our Annual Incentive Plan for Executive Officers of 95%, individual performance, and business unit performance, if applicable. For 2016, the Compensation Committee did not adjust the annual incentive target of any Named Executive Officer.
Long-Term Incentive	Variable compensation based on share price growth and achievement of performance relative to that of our peers and other corporate performance goals.	Motivate and reward Named Executive Officers for achieving our long-term financial and strategic goals and for continued management of our risk profile, while aligning their interests with those of our shareholders.	The Compensation Committee approved long-term incentive awards for our Named Executive Officers on February 16, 2016, ranging from \$600,000 to \$4,400,000, which were allocated 50% to performance shares, 40% to restricted stock units, and 10% to stock options. Please see the discussion under 2016 Long-Term Incentives for a description of our long-term incentive grants and vehicles. For 2016, the Compensation Committee did not adjust the long-term incentive target of any Named Executive Officer.

Base Salary

Base salaries are reviewed and approved by the Compensation Committee on a competitive basis each year following a market assessment of base salaries paid to comparable executives at peer companies, including companies in our Peer Group, to the extent that a comparable position can be identified. Generally, adjustments to base salaries are made no more frequently than every two years, and the Compensation Committee did not adjust the base salary of any Named Executive Officer for 2015. Base salaries for 2015 are reported in the Salary column to the 2015 Summary Compensation Table on page 45 of this proxy statement.

For 2016, the Compensation Committee approved adjustments to the base salaries of Mr. Gorman and Mr. Kimble, as described in the table above.

Annual Incentives

All Named Executive Officers are eligible to receive discretionary cash incentive awards under our Annual Incentive Plan. The funding of the overall bonus pool under our Annual Incentive Plan is based on

Table of Contents

2016 Proxy Statement Compensation Discussion and Analysis

the achievement of various financial and strategic goals compared to pre-established targets, as described below. Annual Incentive Plan funding is capped at 150%, with 0% funding for the Named Executive Officers if a threshold level of performance (85%) is not achieved.

The actual annual incentive that may be awarded to any individual Named Executive Officer is determined by the Compensation Committee after considering the approved funding level of the bonus pool, the executive's experience and performance, market information, and the practices of our Peer Group relative to the target annual incentive established by the Compensation Committee, but in no event may exceed 200% of this target.

2015 Performance Measures

For 2015, 60% of our Annual Incentive Plan pool funding was based on our performance against the following three equally-weighted goals compared to pre-established targets:

PPNR

Cash Efficiency Ratio

EPS

The Compensation Committee selected PPNR and Cash Efficiency Ratio as performance goals in 2015 to reflect our ongoing focus on growing revenue and managing expenses and used EPS to evaluate the quality of our earnings relative to our outstanding shares. The Compensation Committee elected to discontinue the use of Return on Assets in 2015 after determining that the significant drivers of this measure were captured in EPS.

An additional 20% of our Annual Incentive Plan pool funding was based on our revenue growth, PPNR growth, Tangible Common Equity Ratio, and the ratio of Net Charge-Offs to Average Loans compared to our Peer Group. We selected these measures to evaluate our growth, ability to manage capital, and management of risk, in each case relative to that of our peers.

The remaining 20% of our Annual Incentive Plan pool funding was based on the Compensation Committee's qualitative assessment of the effectiveness of our continuous improvement efforts, as measured through its ongoing evaluation of various enterprise-wide projects intended to generate efficiencies or result in future PPNR.

For 2015, our Annual Incentive Plan was designed to fund at 100% if our financial performance fell within a likely middle range of performance, generally corresponding to between 98% and 102% of target performance. We made this change so that funding would neither increase nor decrease for performance slightly above or slightly below target.

2015 Funding

As described in the Executive Compensation Highlights section beginning on page S-2 of this proxy statement, the Compensation Committee approved a 100% funding rate for our 2015 Annual Incentive Plan based on our performance against the financial and strategic goals in the Annual Incentive Plan set forth in the table below. Before establishing this funding level, the Compensation Committee

considered our Enterprise Risk Management dashboard and whether any event occurred or was realized in 2015 that warranted an adjustment to funding.

To address uncertainty regarding the timing and amount of interest rate increases projected to occur in 2015, our performance against the financial measures in our Annual Incentive Plan was presented both with and without the impact of forecasted interest rate increases. If 75% or more of the interest rate increase projected in our financial plan was realized in 2015, the Compensation Committee was required to evaluate our financial performance with the projected interest rate increases. The Compensation Committee believed that this design minimized both the benefit and detriment of interest rate changes while allowing for an evaluation of our core financial performance. In 2015, we did not realize 75% or more of the interest rate increase projected in our financial plan and, as a result, the Compensation Committee evaluated our performance without the benefit of projected interest rate increases.

2016 Long-Term Incentives

All Named Executive Officers are eligible to receive long-term incentive awards that are granted based on a combination of past performance and anticipated future contributions. The Compensation Committee establishes long-term incentive opportunity levels for any year by considering the Named Executive Officer's performance and by reviewing our historic grant levels, the dilutive impact and financial accounting cost of the long-term incentive program, and market information, including the practices of our Peer Group.

Our executive compensation program is based upon a Named Executive Officer's total incentive award (i.e., the sum of the annual incentive payable for 2015 performance plus the long-term incentive granted in 2016 based on a

combination of past performance and anticipated future contributions). At least 50% of the total incentive of each Named Executive Officer (60% for our Chairman and Chief Executive Officer) is required to be deferred and subject to risk-adjusted vesting. When determining whether a Named Executive Officer satisfies this requirement, we first consider whether the long-term incentive (100% of which is delivered as equity-based compensation subject to a multi-year, risk-adjusted vesting schedule) satisfies the required deferral percentage. If not, a portion of the Named Executive

Table of Contents**2016 Proxy Statement Compensation Discussion and Analysis**

Officers' annual incentive is required to be deferred and delivered in the form of equity-based compensation subject to a multi-year risk-adjusted vesting schedule.

Vehicles and Vesting

The long-term incentive awards granted to our Named Executive Officers in 2016 were delivered as follows

Vehicles	Weight	Vesting Schedule
(Subject to Risk-Adjusted Vesting)		
Performance Shares	50%	3-year cliff
Restricted Stock Units	40%	4-year ratable
Stock Options	10%	4-year ratable

The award types and vesting terms are unchanged from 2015.

2016 Performance Shares

The performance shares granted in 2016 provide our Named Executive Officers with the opportunity to receive between 0% and 150% of their target number of shares based on our level of achievement of the following performance goals during the three-year performance period ending on December 31, 2018:

2016-2018 Long-Term Incentive Plan

Performance Goals	Performance Required for Payout				Other Factors
	Weight	Min.	Target	Max.	(Vesting Reduction Only)
Total Shareholder Return vs. Peers	25%	25% ile	50% ile	75% ile	ERM Dashboard
Return on Assets vs. Peers	25%	25% ile	50% ile	75% ile	Execution of Strategic Priorities
Cumulative Earnings Per Share	50%	75% of Plan	100% of Plan	125% of Plan	Other factors, as appropriate

The target number of performance shares granted was determined by dividing 50% of each Named Executive Officer's long-term incentive opportunity by the grant date closing price of our common shares of \$10.49 on February 12, 2016.

The Compensation Committee believes that each of the performance goals set forth above strongly correlates to long-term shareholder value creation, as reflected in our share price (through the use of Total Shareholder Return) and the effectiveness of the investments we make to grow our business (through Return on Assets). When selecting the performance goals, the Compensation Committee considered that EPS also is a performance metric in our Annual Incentive Plan, but determined that achievement of three-year EPS goals rewards sufficiently different performance than annual EPS goals such that the metrics do not meaningfully overlap. The other factors included in the performance metrics may only reduce the vesting of performance shares if, in the Compensation Committee's

judgment, performance with regard to these other factors is insufficient.

The Compensation Committee believes that performance shares encourage our Named Executive Officers to make decisions and to deliver results over a multi-year time period, thereby keeping a focus on our long-term performance objectives. In addition, performance shares allow us to retain executive talent because executives generally must remain employed through the end of the performance period to realize the full value of the award.

Table of Contents

Restricted Stock Units

Restricted stock units allow our Named Executive Officers to receive common shares subject to their continued employment during a four-year vesting period. Restricted stock units align the interests of our executives with those of our shareholders by providing a direct link to share price, seeing that our executives maintain robust levels of share ownership, and providing strong incentives for retention of key executives.

Stock Options

Stock options allow our Named Executive Officers to purchase shares at a price not less than the grant date closing price of our common shares on the New York Stock Exchange (or, if there is no reported closing price on the grant date, the closing price on the preceding business day). Stock options vest ratably over a four-year period and have a ten-year term.

We believe that stock options are an effective tool to align the interests of our shareholders with those of our executives as long as they are appropriately risk-balanced and granted in measured amounts. Our regulators, however, have expressed concerns about the leverage associated with stock options and the possibility of executives realizing a disproportionate award; accordingly, since 2013, we have limited our usage of stock options to 10% of each Named Executive Officer's annual long-term incentive opportunity.

Other Elements of Compensation

Perquisites

The only perquisite currently provided to all Named Executive Officers is an annual executive physical. We also provide Ms. Mooney with residential security services and, in some instances, require that she use a secure automobile and professionally trained driver as a matter of security. Ms. Mooney pays for the cost of the automobile and driver when used solely for personal purposes. In addition, we pay the annual premium on an individual disability insurance policy for Mr. Gorman that was put into place before he became an Executive Officer. We also provide relocation benefits to certain senior-level employees. In 2015, Mr. Kimble received relocation benefits as described in the "All Other Compensation" column to the 2015 Summary Compensation Table on page 45 of this proxy statement.

Retirement Programs

Our Named Executive Officers are eligible to participate in our qualified 401(k) Savings Plan on the same basis as all other eligible employees. The 401(k) Savings Plan provides for matching contributions up to 6% on amounts deferred and a discretionary profit sharing contribution on participants' eligible compensation, each subject to applicable Internal Revenue Service (IRS) limitations. The Compensation Committee established the profit sharing contribution for 2015 at 2% of a participant's eligible earnings.

Our Named Executive Officers also are eligible to participate in our non-qualified Deferred Savings Plan, which provides a select group of highly compensated individuals with the ability to receive matching contributions on compensation in excess of what is eligible to be deferred to the 401(k) Savings Plan. In 2014, the Compensation Committee eliminated the annual profit sharing contribution to the Deferred Savings Plan and, beginning in 2015, capped the amount of compensation eligible for a matching contribution at \$500,000.

Table of Contents

2016 Proxy Statement Compensation Discussion and Analysis

The matching and profit sharing contributions made to the 401(k) Savings Plan and the matching contributions made to the Deferred Savings Plan on behalf of the Named Executive Officers are included in the All Other Compensation column to the 2015 Summary Compensation Table on page 45 of this proxy statement.

Ms. Mooney and Mr. Gorman participated in our Cash Balance Pension Plan and Second Excess Cash Balance Pension Plan, each of which we froze effective December 31, 2009. Additional information about our pension programs is included in the narrative to the 2015 Pension Benefits Table on page 53 of this proxy statement.

Separation Pay

We maintain the KeyCorp Separation Pay Plan, which generally covers all of our employees, including our Named Executive Officers, and provides assistance upon termination as a result of a reduction in staff. Our Separation Pay Plan is described in the Potential Payments Upon Termination or Change of Control table on page 55 of this proxy statement.

Change of Control Agreements

Each Named Executive Officer has entered into a Change of Control Agreement with us. We use Change of Control Agreements to help attract and retain executive talent. The Compensation Committee and the Board of Directors each believes that it is in the best interests of shareholders to ensure that our Named Executive Officers are able to evaluate objectively the merits of a potential transaction without being distracted by its potential impact on their personal employment situations. The Compensation Committee believes that most companies in our Peer Group maintain similar change of control arrangements for their executive officers. Our Change of Control Agreements are described in the Potential Payments Upon Termination or Change of Control table on page 55 of this proxy statement.

How We Make Pay Decisions

We seek to maintain a competitive level and mix of pay reflective of the market in which we compete for talent. We do this by reviewing the levels and types of compensation paid to executive officers in similar positions at companies in our Peer Group and the other companies with whom we compete for talent.

Peer Group

In setting compensation for our Named Executive Officers, the Compensation Committee examines the compensation data of our peer companies provided by Compensation Advisory Partners (CAP) to better understand whether our pay practices continue to remain appropriate when measured against the competitive landscape. While this market data is useful, the Compensation Committee does not rely only on this data for targeting compensation levels, but uses it as a basis for validating relative competitive pay for our Named Executive Officers. The Compensation Committee also considers market conditions, promotions, individual performance, and other relevant circumstances as it determines our Named Executive Officers' compensation levels.

Table of Contents

For 2015, the Compensation Committee continued to use a Peer Group comprised of banks with similar characteristics, including size and capabilities. The companies in our Peer Group maintain a strong brand and reputation and actively compete with us for executive talent. The companies in our 2015 Peer Group were (listed in alphabetical order):

Definitions of Certain Financial Goals

As described previously in this Compensation Discussion and Analysis, we use a balanced mix of financial and strategic goals to measure performance under our Annual Incentive Plan and for purposes of determining the vesting of performance shares. The financial goals are defined as follows:

Cash Efficiency Ratio (non-GAAP measure): Noninterest expense (GAAP) less intangible asset amortization as a percentage of taxable-equivalent revenue (non-GAAP measure).

EPS: Net income from continuing operations attributable to KeyCorp common shareholders, divided by weighted-average common shares and potential common shares outstanding.

PPNR (non-GAAP measure): Net interest income (GAAP) plus taxable-equivalent adjustment (non-GAAP) plus noninterest income (GAAP) less noninterest expense (GAAP), all from continuing operations.

Return on Assets: Net income from continuing operations attributable to KeyCorp divided by average assets of continuing operations.

Net Loan Charge-Offs: Total loans charged off less total loan recoveries.

Table of Contents

2016 Proxy Statement Compensation Discussion and Analysis

Tangible Common Equity Ratio (non-GAAP measure): Key shareholders' equity (GAAP) less intangible assets, adjusted for purchased credit card receivables, less Series A Preferred Stock, net of capital surplus, divided by total assets (GAAP) less intangible assets, adjusted for purchased credit card receivables.

Total Shareholder Return: Based on average closing share price over the last 20 trading days in the base year (i.e., for performance shares awarded in 2016, the last 20 trading days of 2015) versus average closing share price in the last 20 days in year three, plus investment of dividends paid during the three-year measurement period.

In its judgment, the Compensation Committee may adjust the performance goals for certain extraordinary items identified by the Compensation Committee to reflect changes in accounting, the regulatory environment, strategic corporate transactions, and other unusual or unplanned events. For 2015, no adjustments were made to the performance goals under the Annual Incentive Plan or with respect to outstanding performance awards.

A reconciliation of GAAP to non-GAAP financial measures and our reasons for using non-GAAP financial measures can be found in Figure 4 on page 43 of our 2015 Annual Report.

Compensation Committee Independence, Interlocks and Insider Participation

The members of the Compensation Committee are Bruce Broussard, Joseph A. Carrabba (Chair), Alexander M. Cutler, William G. Gisel, Jr., and Barbara R. Snyder, each of whom is an independent director under KeyCorp's categorical independence standards, the general independence standards for directors established by the New York Stock Exchange, and the heightened independence standards required of Compensation Committee members by the New York Stock Exchange. No member of the Compensation Committee is a current, or during 2015 was a former, officer or employee of KeyCorp or any of its subsidiaries or affiliates. During 2015, no member of the Compensation Committee had a relationship that must be described under the SEC rules relating to disclosure of related party transactions. In 2015, none of our executive officers served on the board of directors or compensation committee of any entity that had one or more of its executive officers serving on our Board or Compensation Committee.

Role of the Compensation Committee

The Compensation Committee sets the pay and evaluates the performance of our Chairman and Chief Executive Officer and reviews and approves the compensation of a select group of other executives, including the Named Executive Officers. Our Chairman and Chief Executive Officer attends Compensation Committee meetings and provides information and input about the pay levels and performance of our Named Executive Officers, other than herself. The Compensation Committee regularly meets in executive session, during which no member of Management is present, to discuss the recommendations and approve pay actions for our Named Executive Officers, including our Chairman and Chief Executive Officer.

Compensation Consultant

The Compensation Committee has retained the services of CAP, an independent executive compensation advisory firm. At the Compensation Committee's request, CAP provides it with information on current trends in compensation design and emerging compensation practices. CAP also provides the Compensation Committee with an annual review

and analysis of the compensation programs of our Peer Group, which it updates during the latter half of the year to determine whether the compensation targets

of the Named Executive Officers continue to remain competitive. CAP reports directly to, and serves at the sole pleasure of, the Compensation Committee. CAP provided no other services to us other than the executive compensation consulting services that were requested by the Compensation Committee.

As part of its annual evaluation of its advisors, the Compensation Committee solicited information from CAP regarding any actual or perceived conflicts of interest and to evaluate its independence. Based on the information received from CAP, the Compensation Committee believes that the work CAP performed in 2015 did not raise a conflict of interest and that it is independent.

Tax and Accounting Treatment of Executive Compensation

Favorable accounting and tax treatment of the various elements of our executive compensation programs are a significant but not a controlling consideration in their design. Under Section 162(m) of the Internal Revenue Code, compensation paid to certain of our Named Executive Officers that exceeds \$1 million annually is not deductible unless it qualifies as performance-based compensation as defined in Section 162(m). We generally try to preserve the deductibility of certain incentive compensation paid to our Named Executive Officers. For example, to facilitate the deductibility of 2015 annual incentive bonuses paid to certain executives who were anticipated to be subject to the limitations of Section 162(m), those incentive opportunities were granted under our 2011 Annual Performance Plan, which capped the maximum annual incentive actually payable to each at a percentage of our 2015 PPNR. Similarly, certain of our performance share awards were granted subject to a funding hurdle that will be satisfied if the ratio of our PPNR to average assets (from continuing operations) during the three-year performance period is at least equal to a specified percentage of the ratio of our PPNR to average assets (from continuing operations) for the preceding three years. If the hurdle is not satisfied, those performance shares do not fund and none of those performance shares will vest regardless of the level of achievement of the other performance goals described above. However, the Compensation Committee has not adopted a policy that requires all compensation to be deductible because we want to preserve the ability to provide cash or equity compensation to an executive that is not deductible under Section 162(m) if we believe that it is in our shareholders' best interests.

(1) Amounts reported as Stock Awards reflect the grant date fair value of stock awards calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation Stock Compensation (FASB ASC Topic 718). See Note 15 to the Consolidated Financial Statements contained in our 2015 Annual Report for an explanation of the assumptions

made in valuing these awards.

On February 16, 2015, each Named Executive Officer received stock awards consisting of a target number of performance shares and restricted stock units representing 50% and 40%, respectively, of each executive's long-term incentive opportunity. The target number of performance shares and restricted stock units awarded to each Named Executive Officer was determined by dividing the dollar amount of the Named Executive Officer's performance share and restricted stock unit awards by the grant date closing price of a common share (rounded down to the nearest whole share). February 16, 2015 was not a trading day and our equity compensation plan requires that in that circumstance, the closing price of our common shares on the most recent trading day—in this case February 13, 2015—be used as the grant date closing price. On February 13, 2015, the closing price of our common shares was \$14.11.

The amount reported for Mr. Burke as a Stock Award in 2015 includes an additional long-term incentive grant of restricted stock units in the amount of \$1,199,999 granted to him on February 16, 2015, based on the grant date closing price of our common shares as described above (rounded down to the nearest whole share). Additional information about the award granted to Mr. Burke can be found in the 2015 Grants of Plan-Based Awards Table on page 47 of the proxy statement.

Table of Contents**2016 Proxy Statement Compensation of Executive Officers and Directors**

If our performance during the measurement period resulted in the maximum number of 2015 performance shares vesting, our executives would be entitled to a maximum award with a grant date fair value of the maximum award set forth in the following table.

Named Executive Officer	Grant Date Fair Value of Performance Shares at Maximum Award
	(\$)
Beth E. Mooney	2,999,991
Donald R. Kimble	974,987
Christopher M. Gorman	1,874,986
Edward J. Burke	787,486
Dennis A. Devine	449,989

- (2) Amounts reported in the **Option Awards** column reflect the aggregate grant date fair value of options using the Black-Scholes option pricing model. On February 16, 2015, each Named Executive Officer received an annual long-term incentive award consisting, in part, of an award of nonqualified stock options. See Note 15 to the Consolidated Financial Statements contained in our 2015 Annual Report for an explanation of the assumptions made in valuing stock options granted to our Named Executive Officers in 2015.
- (3) Amounts reported as **Non-Equity Incentive Plan Compensation** reflect annual incentives earned by each Named Executive Officer for the applicable year.
- (4) Amounts reported in the **Change in Pension Value and Nonqualified Deferred Compensation Earnings** column reflect the interest credits allocated to Ms. Mooney, Mr. Gorman, and Mr. Burke under the frozen Cash Balance Pension Plan and Second Excess Cash Balance Pension Plan. We froze our pension benefits for all employees, including the Named Executive Officers, effective December 31, 2009, as described in the narrative to the 2015 Pension Benefits Table on page 53 of this proxy statement. No above market or preferential earnings were paid to any Named Executive Officer on nonqualified deferred compensation.
- (5) The following table sets forth detail about the amounts reported in the **All Other Compensation** column:

Name	Executive Physical	Executive Security	Relocation (\$)(c)	Matching Contribution	Profit Sharing	Total (\$)
------	-----------------------	-----------------------	-----------------------	--------------------------	-------------------	---------------

	(\$) (a)	(\$) (b)		(\$) (d)	(\$) (e)	
Beth E. Mooney	2,972	13,003		30,000	5,300	51,275
Donald R. Kimble	2,972		14,345	30,000	5,300	52,617
Christopher M. Gorman				30,000	5,300	35,300
Edward J. Burke				15,900	5,300	21,200
Dennis A. Devine				30,000	5,300	35,300

- (a) The maximum benefit utilized by any Named Executive Officer was \$2,972. For privacy reasons, this amount is shown regardless of actual usage.
- (b) Based on the recommendations of an independent security study, the Compensation Committee approved a comprehensive security program for Ms. Mooney. Under this program, we are paying for certain security upgrades and have authorized, and in some instances required, her to use a secure automobile and professionally-trained driver for business and personal travel. Ms. Mooney reimburses us for the cost of automobile and driver when used solely for personal purposes.
- (c) Additional relocation expense for Mr. Kimble.
- (d) The amounts in this column consist of Company contributions to the qualified 401(k) Savings Plan and the nonqualified Deferred Savings Plan. For more information about these plans, see pages 39 and 54 of this proxy statement.
- (e) Employees participating in our 401(k) Savings Plan receive a discretionary profit sharing contribution equal to a percentage of their plan-eligible compensation. The contribution percentage is determined annually by the Compensation Committee. For 2015, the profit sharing contribution to this plan was 2%. For more information about this plan, see page 39 of this proxy statement.

- (1) Amounts reported as Estimated Possible Payouts Under Non-Equity Incentive Plan Awards reflect the individual annual incentive opportunity each of the Named Executive Officers could receive at threshold (50% of target), at target and at maximum (200% of target) performance for the one-year performance period ended December 31, 2015. The maximum individual opportunity that any Named Executive Officer can earn is different than the maximum funding level of our Annual Incentive Plan described in the Compensation Discussion and Analysis section of this proxy statement. Actual annual incentive payments are reflected in the 2015 Summary Compensation Table of page 45 of the proxy statement.
- (2) Amounts reported in the Estimated Future Payouts Under Equity Incentive Plan Awards column reflect the threshold (50% of target), target and maximum (150% of target) long-term incentive awards in the form of performance shares that each Named Executive Officer could earn for the three-year performance period that began on January 1, 2015, and ending December 31, 2017. Our performance share awards are discussed in the Compensation Discussion and Analysis section of this proxy statement. The dollar value awarded to each of the Named Executive Officers as performance shares was converted into a book entry target number of phantom shares that track the stock price and pay out in the form of shares. The price at which the performance shares were converted was based on the grant date closing price of our common shares of \$14.11. Please see footnote 1 to the 2015 Summary Compensation Table for a discussion of how we arrive at the grant date closing price. Dividend equivalents on the target number of shares are reinvested and subject to the same terms and restrictions otherwise applicable to the underlying performance shares.
- (3) Amounts reported in the All Other Stock Awards column are the number of restricted stock units granted to each of the Named Executive Officers on February 16, 2015, which vest in four equal installments following the grant date. Mr. Burke was awarded an additional long-term incentive grant of restricted stock units on February 16, 2015, which vests in four equal installments following the grant date.
- (4) Amounts reported in the All Other Option Awards column are the number of KeyCorp common shares underlying the stock options granted to each of the Named Executive Officers on February 16, 2015. Stock options granted in 2015 vest in four equal annual installments following the grant date.

(5) We set the exercise price of all stock options using the grant date closing price of our common shares of \$14.11. Please see footnote 1 to the Summary Compensation Table for a discussion of how we arrive at the grant date closing price. The Compensation Committee does not reprice options. We have not and will not back-date options, nor do we provide loans to employees in order to exercise options. If an equity-based award is granted in a month in which our earnings are publicly disclosed, the grant date will be the date of the Compensation Committee meeting granting the equity-based award or three days following the earnings release, whichever is later.

(6) Amounts reported in the Grant Date Fair Value of Stock and Options Awards column represent the aggregate grant date fair value of equity awards granted during the respective year. The accounting assumptions used in calculating the grant date fair value for the equity awards are described in Note 15 to the Consolidated Financial Statements contained in our 2015 Annual Report.

The impact of terminations and a change of control on the Grants of Plan-Based Awards is shown in more detail in the Potential Payments Upon Termination or Change of Control Table on page 55 of this proxy statement.

2015 Pension Benefits Table

The following table presents information about the Named Executive Officers' participation in KeyCorp's defined benefit pension plans as of December 31, 2015. Named Executive Officers who have not participated in KeyCorp's defined benefit pension plans are excluded from this table.

Name	Plan Name	Years of Credited Service (#)	Present Value of Accumulated Benefits (\$)
Beth E. Mooney	Cash Balance Pension Plan	3	49,994
	Second Excess Cash Balance Pension Plan	3	96,020
Christopher M. Gorman	Cash Balance Pension Plan	18	191,574
	Second Excess Cash Balance Pension Plan	18	628,252
Edward J. Burke	Cash Balance Pension Plan	13	189,959
	Second Excess Cash Balance Pension Plan	13	423,289

KeyCorp previously maintained both a qualified Cash Balance Pension Plan (the Pension Plan) and a nonqualified Second Excess Cash Balance Pension Plan (the Excess Plan) in which employees, including Named Executive Officers, could participate. Credited service for Pension Plan and Excess Plan purposes was frozen as of December 31, 2009. Vesting service, however, continues to accrue.

Pension Plan

Effective December 31, 2009, KeyCorp froze the Pension Plan. Benefits accrued up through December 31, 2009, will continue to be credited with interest until the participant commences distribution of benefits. The Pension Plan's interest crediting rate is established annually and is based on the rate for 30-year U.S. Treasury securities. For 2015, the Pension Plan's interest crediting rate was 3.49%. For 2016, the Pension Plan's interest crediting rate is 2.83%. Participants' Pension Plan distributions may be made upon the participant's retirement, termination of employment, or death. Distributions may be made in the form of a single lump sum payment, in the form of an annuity, or in a series of actuarially equivalent installments.

Excess Plan

KeyCorp established the Excess Plan effective January 1, 2005, and the Excess Plan was frozen on December 31, 2009. Benefits that accrued through December 31, 2009, continue to be credited with interest until distribution. The Excess Plan's interest crediting rate is the same as the interest crediting rate for the Pension Plan. To be eligible to

receive a distribution from the Excess Plan, a participant must be age 55 or older with a minimum of five years of vesting service. Participants who are involuntarily terminated for reasons other than for cause may receive a distribution of their Excess Plan benefits provided that, at the time of termination, the participant (i) has a minimum of 25 years of vesting service with KeyCorp, and (ii) enters into an employment separation agreement (containing a full release with noncompete and nonsolicitation requirements) with us. Distributions are in the form of an annuity or actuarially equivalent installments (unless the participant's benefit is under \$50,000, in which case it is distributed as a single lump sum payment).

Ms. Mooney and Messrs. Gorman and Burke participate in both the Pension Plan and Excess Plan.

Table of Contents**2016 Proxy Statement Compensation of Executive Officers and Directors****2015 Nonqualified Deferred Compensation Table**

The following table shows the nonqualified deferred compensation activity for the Named Executive Officers for 2015 under our Deferred Savings Plan. All executive contributions and KeyCorp contributions to the Deferred Savings Plan are also included in current-year compensation presented in the 2015 Summary Compensation Table on page 45 of this proxy statement.

- (1) Executive contributions and KeyCorp contributions in the last fiscal year are reflected in the 2015 Summary Compensation Table on page 45 of this proxy statement.
- (2) This column reflects the gain or loss based on the performance of each Named Executive Officers notional investments in the Deferred Savings Plan. Aggregate earnings (losses) in the last fiscal year are not reflected in the 2015 Summary Compensation Table on page 45 of this proxy statement because the earnings (losses) were neither preferential nor above-market.
- (3) The aggregate balances at the last fiscal year-end represent the total ending account balance (employee and Company balances) at December 31, 2015, for each Named Executive Officer. KeyCorp contributions for Mr. Kimble are not included because they were deposited after December 31, 2015.

Previously reported Summary Compensation Table values for executive contributions and KeyCorp contributions under rules adopted in 2006 include: Ms. Mooney executive contributions of \$2,175,737, and KeyCorp contributions of \$805,020; Mr. Gorman executive contributions of \$1,930,578, and KeyCorp contributions of \$535,559; and Mr. Devine executive contributions of \$53,631, and KeyCorp contributions of \$53,631. Messrs. Kimble and Burke did not have previous executive and KeyCorp contributions to report.

Deferred Savings Plan

KeyCorp maintains the Deferred Savings Plan (DSP). Participating employees may defer up to 50% of their base salary and up to 100% of their annual incentive awards (collectively referred to as participant deferrals) to the DSP once their compensation for the applicable plan year reaches the IRS compensation limits for the year. Prior to January 1, 2015, eligibility generally was restricted to employees based on salary grade. Effective January 1, 2015, eligibility was expanded to include employees with annual compensation exceeding IRS compensation limits for the year; however, the Compensation Committee (or its delegate) has the authority to exclude or include any employee from participating in the plan. We provide participants with an employer match on the first 6% of participant deferrals deferred under the DSP in excess of the IRS compensation limits. Effective January 1, 2015, we amended the DSP so that the employer match may not exceed 6% of the lesser of (i) \$500,000 or (ii) the participant s annual compensation. The employer match is subject to a 3-year vesting requirement. Prior to 2014, the DSP permitted us to make a discretionary profit sharing contribution in any amount, if any, determined annually by KeyCorp s Board of Directors or its authorized committee. Effective beginning in 2014, the discretionary profit sharing contribution feature was eliminated from the DSP.

Table of Contents

Participant deferrals are invested on a bookkeeping basis in investment funds that mirror the funds offered under the 401(k) Savings Plan as well as in an interest-bearing fund. The interest-bearing fund is credited with a monthly interest rate equal to 120% of the applicable long-term federal rate as published by the Internal Revenue Service. Distributions of vested DSP benefits are made upon the employee's separation from service.

The following table describes the compensation and benefit enhancements that would be provided to the Named Executive Officers in various scenarios involving a termination of employment, other than compensation and benefits generally available to all salaried employees. of any employee's termination, we generally do not provide any Named Executive Officer with severance benefits solely upon an involuntary termination, other than in the context of a change of control. As a result, no information is included about payments or benefits in the event of an involuntary termination without cause; and

Change of Control Termination as a Named Executive Officer's involuntary termination or voluntary termination for good reason, in each case within two years following a change of control.

- (2) Select executives who had Change of Control Agreements providing for a greater than two-times benefit when we restructured these agreements in 2012 were permitted to retain the greater benefit.
- (3) All employees are eligible to receive a discretionary annual incentive for the year of termination.
- (4) Prior to 2013, unvested awards pro rata vested upon death or disability.
- (5) Prior to 2013, vested stock options expired at earlier of three years or normal expiration.
- (6) Awards granted in 2013 or later fully vest if employee's Retirement or Limited Circumstances termination occurs on or after age 60 with 10 years of service after first anniversary of grant.
- (7) Any restricted stock units attributable to annual cash incentives that were required to be deferred in accordance with our deferral requirements will vest in full on the remaining vesting dates if an employee terminates.

- (9) Please see the narrative to the Nonqualified Deferred Compensation Table for more information about our nonqualified deferred compensation plans.

2015 Post-Termination Tables

\$13.19 (less the applicable exercise price, in the case of stock options).

Directors Compensation

Consistent with our philosophy of aligning the economic interests of our directors and shareholders, directors compensation, paid to each non-employee director of KeyCorp, consists of: (i) a cash retainer and (ii) stock-based compensation, referred to as deferred shares. Ms. Mooney, as an employee of KeyCorp, does not receive any compensation for her service as a director. Annually, the Nominating and Corporate Governance Committee reviews the amount and form of directors compensation payable to KeyCorp directors in comparison to directors compensation payable at bank holding companies in our Peer Group (identified on page 41 of this proxy statement). The Nominating and Corporate Governance Committee reports the results of its annual review to the full Board and recommends to the full Board changes, if any, in directors compensation. For 2016, the Nominating and Corporate Governance Committee recommended and the Board approved a simplified director pay program which eliminates separate meeting fees and increases the amount of the director's annual cash retainer and award of deferred shares. The

annual cash retainer payable to the Chairs and Members of the Audit and Risk Committees also were adjusted in light of the continuing increased responsibilities of those roles. Director compensation for 2015 and 2016 is described in the following table:

Table of Contents**Deferral of Cash Retainer**

Directors may elect to defer payment of all or a portion of their cash retainer to a future date. Under the Directors Deferred Share Sub-Plan, the deferred cash retainer is converted into deferred shares that are payable in KeyCorp common shares on the specified deferral date.

Deferred Shares

The Board has determined that a significant portion of the Board's compensation should be equity compensation in order to more closely align the economic interests of directors and shareholders. Other than Ms. Mooney, each director receives an annual award of deferred shares consisting of restricted stock units under the Directors' Deferred Share Sub-Plan. Each grant is subject to a minimum three-year deferral period, which is accelerated upon a director's separation from the Board. The deferred shares are paid 50% in KeyCorp common shares and 50% in cash based on the value of a KeyCorp common share on the earlier of the last day of the deferral period or the date of the director's separation from the Board.

Directors may elect to further defer the payment of any award of deferred shares beyond three years. If a further deferral election is made, 100% of these further deferred shares are paid in the form of KeyCorp common shares. Payment is not made on any further deferred shares until the designated deferral date, which may be beyond the director's separation from the Board.

2015 Director Compensation Table

The following table sets forth certain information regarding the compensation earned by or paid to each non-employee director who served on the Board of Directors in 2015. Ms. Mooney, as an employee of KeyCorp, is not compensated for her services as a director.

On May 21, 2015, each director received a grant of 6,032 fully vested deferred shares at a fair market value of \$90,000 rounded down to the nearest whole share. One-half of this deferred share award is payable in shares and one-half of this award is payable in cash on the third anniversary of the grant date unless they have elected to defer payment.

Pre-Approval Policies and Procedures

The Audit Committee has adopted a Policy Statement on Independent Auditing Firm's Services and Related Fees, which governs the Audit Committee's pre-approval process for services provided by the independent audit firm and fees paid to such firm. Those services may include audit services, audit-related services, tax services, and other services. Any audit, audit-related, tax, or other services not incorporated in the scope of services pre-approved at the time of the approval of the annual audit engagement and that are proposed subsequent to that approval require the pre-approval of the Audit Committee, which may be delegated to the Chair of the Audit Committee, whose action on the request shall be reported at the next meeting of the full Audit Committee. Audit, audit-related, tax, and other services incorporated in the scope of services pre-approved at the time of the approval of the annual audit engagement, and which are recurring in nature, do not require recurring pre-approvals. The independent audit firm is required to regularly report to the Audit Committee regarding the extent of audit, audit-related, tax, and other services provided

by the independent audit firm and the related fees for such services. During 2015, all services were pre-approved by the Audit Committee in accordance with this policy.

Audit Committee Report

The Audit Committee of the KeyCorp Board of Directors is composed of four non-employee directors and operates under a written charter adopted by the Board of Directors. The Audit Committee annually selects KeyCorp's independent auditors, subject to shareholder ratification.

The Audit Committee is directly responsible for the appointment, compensation, retention, and oversight of the independent external audit firm retained to audit KeyCorp's financial statements. The independent audit firm is responsible for performing an independent audit of KeyCorp's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. Management is responsible for KeyCorp's internal controls and financial reporting process.

Annually, the Audit Committee considers the results of an evaluation of the qualifications, experience, candor, independence, objectivity and professional skepticism of the independent external auditor in determining whether to retain the firm for the next fiscal year. As part of this evaluation, the Audit Committee reviews and considers the results of the Public Company Accounting Oversight Board's annual inspection of the independent external auditor. The evaluation is led by KeyCorp's Chief Risk Review Officer, who reports directly to the Audit Committee. The Audit Committee oversees the audit fees negotiations associated with KeyCorp's retention of the independent auditor and has the sole authority to approve the audit fees. In accordance with rules of the Securities and Exchange Commission, audit partners are subject to rotation requirements to limit the number of consecutive years an individual partner may provide service to KeyCorp. In conjunction with this five-year mandated rotation of the audit firm's lead engagement partner, the Audit Committee and its chairperson are directly involved in the selection of the independent auditor's new lead engagement partner. Pursuant to the five-year mandated rotation, a new lead engagement partner has been designated in 2016. Ernst & Young has been retained as KeyCorp's independent external auditor continuously since the 1994 merger of KeyCorp and Society Corporation. Each of KeyCorp and Society Corporation had retained Ernst & Young prior to the 1994 merger. The members of the Audit Committee and the Board believe that the continued retention of Ernst & Young to serve as KeyCorp's independent external auditor is in the best interests of KeyCorp and its investors. At each regularly scheduled meeting, the Audit Committee holds executive sessions and private meetings with individual members of management, internal audit, and the independent external auditor as the Audit Committee deems necessary.

In fulfilling its oversight responsibility, the Audit Committee relies on the accuracy of financial and other information, opinions, reports, and statements provided to the Audit Committee. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Nor does the Audit Committee's oversight assure that the audit of KeyCorp's financial statements has been carried out in accordance with generally accepted auditing standards or that the audited financial statements are presented in accordance with generally accepted accounting principles.

The Audit Committee has reviewed and discussed the audited financial statements of KeyCorp for the year ended December 31, 2015 (Audited Financial Statements) with KeyCorp's management. In addition, the Audit Committee has discussed with Ernst & Young the matters required by the Public Company Accounting Oversight Board's Auditing Standard No. 16. The Audit Committee has received the written disclosures and the letter from Ernst & Young required by applicable requirements of the Public Company Accounting Oversight Board regarding Ernst & Young's communications with the Audit Committee concerning independence, and the Audit Committee has discussed with Ernst & Young its independence from KeyCorp.

Based on the foregoing review and discussions and relying thereon, the Audit Committee recommended to KeyCorp's Board of Directors the inclusion of the Audited Financial Statements in KeyCorp's Annual Report on Form 10-K for the year ended December 31, 2015 that was filed with the Securities and Exchange Commission.

PROPOSAL TWO:

Ratification of Independent Auditor

The Audit Committee of the Board of Directors of KeyCorp has appointed Ernst & Young LLP (Ernst & Young) as KeyCorp s independent auditor to examine the financial statements of KeyCorp and its subsidiaries for the year 2016. The Board of Directors recommends ratification of the Audit Committee s appointment of Ernst & Young.

A representative of Ernst & Young will be present at the meeting with an opportunity to make a statement if such representative desires to do so and to respond to appropriate questions.

Although shareholder approval of this appointment is not required by law or binding on the Audit Committee, the Audit Committee believes that shareholders should be given the opportunity to express their views. If the shareholders do not ratify the appointment of Ernst & Young as KeyCorp s independent auditors, the Audit Committee will consider this vote in determining whether or not to continue the engagement of Ernst & Young.

Vote Required

Approval of this proposal will require the affirmative vote of a majority of the KeyCorp common shares represented in person or by proxy at the Annual Meeting.

The Board of Directors unanimously recommends that our shareholders vote FOR the ratification of this appointment.

PROPOSAL THREE:

Advisory Approval of KeyCorp's Executive Compensation

KeyCorp's Board of Directors is providing shareholders with the opportunity to cast an advisory vote on the compensation of our Named Executive Officers at this Annual Meeting as required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and Section 14A of the Exchange Act. At the 2011 Annual Meeting of Shareholders, shareholders were asked to recommend how often they should be given the opportunity to cast this advisory vote. The shareholders overwhelmingly voted for an annual advisory vote on executive compensation and the Board approved this choice. The next shareholder vote on the frequency of future votes on Named Executive Officer compensation will occur at our 2017 Annual Meeting of Shareholders.

The vote on the compensation of our Named Executive Officers will not be binding on or overrule any decisions by KeyCorp's Board of Directors, will not create or imply any additional fiduciary duty on the part of the Board, and will not restrict or limit the ability of KeyCorp's shareholders to make proposals for inclusion in proxy materials related to executive compensation. However, as described in the Compensation Discussion and Analysis section beginning on page 26 of this proxy statement, the Compensation Committee has taken into account the results of previous votes on this issue in considering executive compensation arrangements and will take into account the outcome of this year's vote when considering such arrangements in the future.

This advisory proposal was approved by approximately 96% of the KeyCorp common shares represented at the 2015 Annual Meeting of Shareholders. As discussed in the Compensation Discussion and Analysis section beginning on page 26 of this proxy statement, the Compensation Committee believes that the compensation of our Named Executive Officers for 2015 is reasonable and appropriate in light of the 2015 performance of the company, is consistent with our pay-for-performance compensation philosophy, and helps to ensure the alignment of management's interests with our shareholders' interests to support long-term value creation.

The Board of Directors has determined that the best way to allow shareholders to vote on KeyCorp's executive compensation is through the following resolution:

RESOLVED, that the shareholders approve on an advisory basis KeyCorp's Named Executive Officer compensation, as described in the Compensation Discussion and Analysis and the tabular disclosure regarding Named Executive Officer compensation (together with the accompanying narrative disclosure) in this proxy statement.

Vote Required

Approval of this proposal will require the affirmative vote of a majority of the KeyCorp common shares represented in person or by proxy at the Annual Meeting.

The Board of Directors unanimously recommends that our shareholders vote FOR this proposal.

PROPOSAL FOUR:

Approval of KeyCorp's 2016 Annual Performance Plan

General

We are asking shareholders to approve the material terms of the performance goals under the KeyCorp 2016 Annual Performance Plan (the "Annual Performance Plan"). The Annual Performance Plan (formerly known as the 2011 Annual Performance Plan) was most recently approved by KeyCorp's shareholders on May 19, 2011. The purpose of the Annual Performance Plan is to advance the interests of KeyCorp and its shareholders and assist KeyCorp in attracting and retaining key employees by providing annual incentives that are intended to be deductible to the maximum extent possible as performance-based compensation under Section 162(m) of the Internal Revenue Code.

Shareholders are being asked to approve the material terms of the performance goals under the Annual Performance Plan, as amended and restated, in order to allow us to continue to provide awards under the Annual Performance Plan that are intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code. Section 162(m) of the Internal Revenue Code generally prevents us from deducting annual compensation of over \$1 million paid to any covered employees (under current law, our Chief Executive Officer and our next three most highly compensated named executive officers, other than our Chief Financial Officer), except to the extent that the compensation qualifies as performance-based compensation. In order to qualify as performance-based compensation, among other conditions, our shareholders must re-approve the material terms of the performance goals at least once every five years. The material terms of the performance goals, which are described below, include the employees eligible to receive compensation under the plan, the list of performance objectives upon which performance goals may be based, and the maximum amount of compensation that could be paid to any employee under the plan.

The following summary describes the principal terms of the Annual Performance Plan. The description of the Annual Performance Plan is qualified by reference to the full text of the Annual Performance Plan, which is included as Appendix A to this proxy statement.

Summary of the Annual Performance Plan

Administration

The Annual Performance Plan is administered by the Compensation Committee. In administering the Annual Performance Plan, the Compensation Committee approves the goals, participation, target bonus awards, actual bonus awards, timing of payment and other actions necessary for the administration of the Annual Performance Plan. Senior management executes the provisions of the Annual Performance Plan in accordance with the Compensation Committee's directions. The Annual Performance Plan is interpreted and operated consistent with the intention that all awards granted under the Annual Performance Plan qualify as performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code.

Eligibility

The individuals eligible to participate in the Annual Performance Plan consist of the Chief Executive Officer and such other officers of KeyCorp selected by the Compensation Committee, in its sole discretion, who are, or are likely to become, covered employees for purposes of Section 162(m) of the Internal Revenue Code. Currently, approximately four officers of KeyCorp are eligible to participate in the Annual Performance Plan.

Table of Contents

Business Criteria Available to be Used for Corporate Performance Goals

On or before March 30 of each year, the Compensation Committee will select objective performance goals to be used in determining the total bonus pool available under the Annual Performance Plan. The bonus pool is a dollar amount calculated by reference to specified levels of, growth in, return on, or ratios involving one or more of the following corporate performance goals : earnings per share; earnings before or after interest, taxes, depreciation and amortization; total revenue; gross revenue; net revenue; net interest income; noninterest income; net income; net income before or after tax; net income after cost of capital; noninterest expense; efficiency ratio; return on equity; return on assets; economic profit added; loans; deposits; tangible equity; assets; net charge-offs; nonperforming assets; risk weighted assets; classified assets; criticized assets; allowance for loan and lease losses; total shareholder return; stock price; and pre-provision net revenue. The corporate performance goals may be described in terms of company-wide objectives or objectives that are related to the performance of any subsidiary, division, department, region or function within KeyCorp, and may be made relative to the performance of other companies or indices.

Allocation of Bonus Pool and Maximum Awards

On or before March 30 of each year, the Compensation Committee will assign a percentage share of the bonus pool to each participant in the Annual Performance Plan, which will be the maximum amount that each participant can receive under the Annual Performance Plan for that year. No participant will be assigned a percentage share for any one fiscal year greater than \$7,500,000.

Individual Performance Goals

The Compensation Committee may also establish individual performance goals for each participant, which may be based on corporate, business unit and individual financial and strategic objectives, which may be used by the Compensation Committee, in its sole discretion, to reduce the amount otherwise payable to a participant upon achievement of the applicable corporate performance goals.

Award Determinations

After the end of each year, the Compensation Committee will certify in writing the achievement of the corporate performance goals, the total bonus pool based on the achievement of the corporate performance goals and the maximum individual incentive opportunity earned by each participant based on the achievement of the corporate performance goals. At that time, the Compensation Committee will also assess each participant's performance against any individual goals established for each participant. Based on this assessment and such other factors as the Compensation Committee shall determine, in its discretion, the Compensation Committee may reduce the amount of the bonus otherwise earned by any participant based on the achievement of the corporate performance goals.

The Compensation Committee may adjust the corporate performance goals or individual performance goals or the related levels of achievement as it deems appropriate and equitable based on changes in KeyCorp's business, operations, corporate structure, capital structure, or the manner in which KeyCorp conducts its business, or other events or circumstances that render the corporate performance goals or individual performance goals unsuitable. However, no adjustment will be made that would cause an award payable under the Annual Performance Plan to fail to qualify as performance-based compensation.

***2016 Proxy Statement* Proposal Four: Approval of KeyCorp's 2016 Annual Performance Plan**

Payments

Awards earned under the Annual Performance Plan generally will be paid in cash within 70 days after the end of each year, provided that the participant remains employed by KeyCorp through the payment date. However, awards will be subject to mandatory deferral pursuant to such policies as may be maintained by KeyCorp from time to time, which may require that a portion of a participant's Annual Performance Plan award be deferred and paid in the form of restricted stock units.

Forfeiture and Recovery of Awards

The Compensation Committee retains the right at all times to decrease or terminate any award under the Annual Performance Plan (or terminate the Annual Performance Plan with regard to all participants) in the event that extraordinary events or certain other business events result in an unanticipated, unintentional, or erroneous incentive payment to be made under the Annual Performance Plan, or if the award fails to conform with the intent of the Annual Performance Plan or KeyCorp's risk policies and guidelines.

The Annual Performance Plan is subject to risk-adjustment under KeyCorp's Incentive Compensation Program and Policy, as amended from time to time, which permits KeyCorp, in its sole discretion, to decrease, forfeit, or initiate a clawback of all or any part of a bonus or bonus opportunity under certain circumstances. Additionally, any bonus paid or payable under the Annual Performance Plan is subject to forfeiture and repayment under the KeyCorp Incentive Compensation Clawback Policy, as amended from time to time, or pursuant to any successor clawback or compensation recovery policy (whether as a result of a violation of KeyCorp's Code of Ethics or otherwise).

Amendment and Termination of Annual Performance Plan

KeyCorp reserves the right to amend or terminate the Annual Performance Plan in whole or in part, at any time and for any reason, by action of the Board. However, KeyCorp would seek shareholder approval for any amendment or termination of the Annual Performance Plan to the extent required for awards granted under the Annual Performance Plan to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code.

Federal Income Tax Consequences

Under current Federal income tax law, a participant in the Annual Performance Plan will be taxed at ordinary income rates on the amount of any cash payment received pursuant to the Annual Performance Plan (and upon the fair market value of any unrestricted shares of common stock delivered in settlement of restricted share units, as applicable to awards subject to deferral pursuant to KeyCorp's mandatory deferral policies). Generally, and subject to compliance with the provisions of Section 162(m) of the Internal Revenue Code, KeyCorp will receive a federal income tax deduction corresponding to the amount of income recognized by a participant in the Annual Performance Plan.

Plan Benefits

It is not possible to determine specific amounts that may be awarded in the future under the Annual Performance Plan.

Table of Contents

Vote Required

Approval of the Annual Performance Plan will require the affirmative vote of a majority of the KeyCorp common shares represented in person or by proxy at the Annual Meeting.

The Board of Directors unanimously recommends that our shareholders vote FOR the approval of the material terms of the performance goals under the Annual Performance Plan.

**PROPOSAL FIVE:
Shareholder Proposal Seeking to Separate the
Chairman and Chief Executive Officer Roles**

The following proposal was submitted for inclusion in this proxy statement by Mr. Gerald R. Armstrong, 621 Seventeenth Street, No. 2000; Denver, Colorado, 80293-2001; telephone number: 303-355-1199. Mr. Armstrong owns 20,080 KeyCorp common shares. In accordance with rules of the Securities and Exchange Commission, the text of Mr. Armstrong's resolution and supporting statement appear below, printed verbatim from his submission. The Board of Directors recommends a vote **AGAINST** this proposal.

RESOLUTION

That the shareholders of KEYCORP request its Board of Directors to adopt a policy, and amend the by-laws as necessary, to require the Chairman of the Board of Directors be an independent member of the Board of Directors.

This policy should not be implemented to violate any contractual obligation and should specify: (a) how to select a new independent chairman if the current chairman ceases to be independent during the time between annual meetings of shareholders; and, (b) that compliance is excused if no independent director is available and willing to serve as chairman.

STATEMENT

The proposal's proponent, a longterm shareholder of KEYCORP, caused the declassification of its director terms from three years to one year and its elimination of super-majority requirements.

In the 2012 annual meeting, he presented this proposal and shareholders strongly supported it voting 389,063,993 shares, 54% of shares voted, in its favor.

Instead of adoption, our Board increased duties of its Lead Director, a person heading Eaton Corporation plc as Chairman and Chief Executive Officer, governed by tax codes of Ireland, a corporate income tax inversion. This does not seem beneficial to shareholders as earnings remain reduced reflected by dividends of only 30¢ annually compared to \$1.46 in 2007. Tangible book value in 2007 was \$16.47 per share compared to \$10.65 at year end 2014.

Compensation for KeyCorp's Chairman/President has increased while she has become a board member of AT&T where she received \$280,702 as compensation in 2014. Additional income came from appearing at conferences. The proponent believes an independent chairman would not allow time away while KeyCorp is unable to restore its earnings.

Please note terminations of the persons holding similar dual roles at Target Corporation and Dupont.

DuPont's failures were placed upon its Board Chair and Chief Executive Officer who was ousted by its board in the same manner that Target Corporation's board ousted its Chairman/Chief Executive Officer a year earlier. In 2009, less than 12% of incoming CEO's were also made chairman compared to 48% in 2002. Studies have confirmed under-performing companies lacking an independent chairman and companies, worldwide, are routinely separating positions of Chairman and CEO (CEO Succession 2000-2009: A Decade of Convergence and Compression, Booz & Co., Summer, 2010).

An independent board chairman has been found to improve financial performance. A 2007 Booz & Co., study found that in 2006, all under-performing North American companies with long-tenured CEO's lacked an independent chairman (The Era of the Inclusive Leader. Booz Allen Hamilton, 2007).

Norges Bank Investment Management stated in support of a similar proposal:

The roles of Chairman of the Board and CEO are fundamentally different and should not be held by the same person. There should be a clear division of responsibilities between these positions to insure a balance of power and authority on the Board.

If you agree, please vote FOR this proposal.

Board of Directors Recommendation and Statement

The Board of Directors has carefully reviewed the proposal and recommends that the shareholders vote AGAINST it. The Board believes that independent Board leadership is important and that it should have the flexibility to consider all relevant factors and select the most appropriate leadership structure for the Company's circumstances at any given time. The current Board leadership structure and practices continue to provide for robust independent Board leadership and oversight of management.

The Board believes that KeyCorp should maintain the flexibility to separate or combine the Chairman and Chief Executive Officer roles instead of adopting this shareholder proposal's one-size-fits-all approach. Although the Board currently believes that it is in the best interests of KeyCorp and its shareholders to combine the Chairman and Chief Executive Officer roles, the Board has and will continue to evaluate this structure on an annual basis to assure that it continues to be appropriate. In this regard, our Regulations (bylaws) provide the Board with flexibility to separate or combine the roles of Chairman and Chief Executive Officer as it deems appropriate from time to time and on a case-by-case basis.

Our Board is committed to robust independent Board leadership. The Board's independent leadership and oversight responsibilities are realized through the guidance of our independent Lead Director, through our independent Board committee chairs, and through the full involvement of each of our 13 independent directors. KeyCorp's independent directors have elected Alexander M. Cutler as the Board's independent Lead Director for 2016. Among his specific responsibilities, the independent Lead Director:

presides at all meetings of the Board at which the Chairman is not present, including executive sessions of the independent directors;

serves as liaison between the Chairman and the independent directors;

approves information sent to the Board;

approves meeting agendas for the Board;

approves meeting schedules to assure there is sufficient time for discussion of all agenda items;

has the authority to call meetings of the independent directors;

if requested by major shareholders, is available for consultation and direct communication;

advises on the retention of independent consultants to the Board;

assists the Board and management in assuring compliance with applicable securities laws and fiduciary duties to shareholders;

oversees initiatives to implement improvements to KeyCorp's governance policies and the Corporate Governance Guidelines;

serves as a focal point for independent committee Chairs and provides guidance, coordination, and advice for the committees;

together with the Chair of the Compensation Committee, facilitates the evaluation of the performance of KeyCorp's Chief Executive Officer; and

is available for additional duties as they may arise.

The Lead Director seeks input from independent directors with respect to items to be included on the agenda for each Board meeting and provides feedback from the independent directors while engaging in the agenda-building process. He is also in frequent contact with the Chairman with respect to major issues and strategic opportunities before KeyCorp, and any significant actions contemplated by KeyCorp are discussed with the Lead Director at an early stage. In addition, the Lead Director interviews all candidates for election to the Board and oversees changes to the composition of Board committees.

Table of Contents**2016 Proxy Statement Board of Directors Recommendation and Statement**

Annually, in connection with the annual election of the Lead Director, the independent directors assess the effectiveness of the Lead Director and provide important feedback on the performance of the Lead Director's specified responsibilities. The formal evaluation process is conducted by the Board in executive session with the Lead Director excused from participation.

Each standing committee of the Board is chaired by an independent director and consists solely of independent directors. Our independent directors have extensive corporate governance and leadership experience, and many have significant public company experience. The average tenure of our Board members is 5.1 years. We added three new directors since 2014, and we have added a total of nine new directors since 2010. In addition, upon completion of the Merger with First Niagara, we will add three current members of First Niagara's board of directors to our Board.

Since 2011, KeyCorp has been well served by Beth Mooney's combined role as Chairman and Chief Executive Officer. Ms. Mooney's combined leadership role has allowed her to set the overall tone and direction for KeyCorp, maintain consistency in the internal and external communication of our strategic and business priorities, and have primary responsibility for managing KeyCorp's operations.

Our many conversations between our directors and our shareholders regarding their views on Board leadership and independent oversight have confirmed our view that a strong, effective Lead Director, like Mr. Cutler, and a primarily independent Board provide the independent leadership necessary to balance the combined Chairman and Chief Executive Officer role and, with the formal and informal mechanisms we have in place, result in the Board effectiveness and efficiency that our shareholders expect.

The Board annually (or more often if a new Chief Executive Officer is selected) considers KeyCorp's leadership structure in light of KeyCorp's size, the nature of its business, the regulatory framework in which it operates, and the leadership structure of its peers. As a large financial institution subject to significant regulation, KeyCorp now more than ever in this era of heightened and increasing regulatory expectations must communicate swiftly and consistently with our stakeholders, including our regulators. We believe that swift and consistent communication is significantly furthered if KeyCorp's leadership, through our Chairman and Chief Executive Officer, speaks as a single voice on behalf of both the Board and management.

Our ongoing dialogue with our shareholders reinforces our belief that the Board should maintain the flexibility to separate or combine the Chairman and Chief Executive Officer roles. Accordingly, we believe that this shareholder proposal's one-size-fits-all approach to board leadership is not in the best interests of KeyCorp and its shareholders and for these reasons, the Board recommends that shareholders vote AGAINST this shareholder proposal.

Vote Required

Approval of this shareholder proposal will require the affirmative vote of a majority of the KeyCorp common shares represented in person or by proxy at the Annual Meeting.

The Board of Directors unanimously recommends that our shareholders vote AGAINST this proposal.

General Information about the Annual Meeting

Matters to Be Presented

KeyCorp's Board of Directors is not aware of any other matter to be presented at the Annual Meeting except those described in this proxy statement. If any other matter is properly brought before the Annual Meeting, the individuals you have authorized to vote your shares will vote on your behalf using their best judgment.

How Votes Will Be Counted

Each KeyCorp common share is entitled to one vote on each matter to be considered at the Annual Meeting.

To transact business at the Annual Meeting, a majority of KeyCorp's outstanding common shares must be present in person or by proxy. This is known as a quorum. If you return a valid proxy, your shares will be counted for determining if a quorum is present at the Annual Meeting.

You may vote FOR or AGAINST, or choose to ABSTAIN from voting for, each nominee for the Board of Directors and for each of the other proposals. Generally, choosing to ABSTAIN from a vote is counted as a vote AGAINST a particular proposal. However, a vote to ABSTAIN from the election of any director (as in Proposal One of this proxy statement) will not be counted as a FOR or AGAINST vote. Even if you choose to ABSTAIN on any or every proposal, your shares will still be counted toward the quorum.

If you hold your shares through a broker, your broker's ability to vote your shares for you is governed by the rules of the New York Stock Exchange. Without your specific instruction, a broker or other nominee may only vote your shares on routine proposals. Your broker will submit a proxy card on your behalf but leave your shares unvoted on non-routine proposals this is known as a broker non-vote. Without your specific instruction, your broker will not vote your shares on Proposals One (*Election of Directors*), Three (*Advisory Approval of KeyCorp's Executive Compensation*), Four (*Approval of KeyCorp's 2016 Annual Performance Plan*) and Five (*Shareholder Proposal Seeking to Separate the Chairman and Chief Executive Officer Roles*), which the New York Stock Exchange considers non-routine proposals. Non-votes will not be counted FOR or AGAINST these proposals. Proposal Two is a routine matter on which your broker will vote without your instruction. Therefore, broker non-votes are not expected to occur with respect to Proposal Two.

To ensure your shares are voted at the meeting, you are urged to provide your proxy instructions promptly by telephone, online, or by mailing your signed proxy card in the enclosed envelope. KeyCorp common shares represented by properly executed proxy cards, online instructions, or telephone instructions will be voted as you direct. If you do not vote at all on an otherwise properly-executed proxy card or your properly submitted online instruction gives no voting direction whatsoever, the proxies will vote your shares FOR the election of the nominees named herein as directors (Proposal One), FOR the ratification of the appointment of Ernst & Young as our independent auditors for the fiscal year ending December 31, 2016 (Proposal Two), FOR advisory approval of KeyCorp's executive compensation (Proposal Three), FOR the approval of KeyCorp's 2016 Annual Performance Plan (Proposal Four) and AGAINST the shareholder's proposal seeking to separate the Chairman and Chief Executive Officer roles (Proposal Five).

Revoking a Proxy

If you have submitted your proxy and would like to revoke it, you may do so any time before your shares are voted at the Annual Meeting by: (i) filing a notice with the Secretary of KeyCorp revoking your proxy, (ii) filing a new, subsequently dated proxy (whether by proxy card, online, or telephone), or (iii) by attending the Annual Meeting and electing to vote your shares in person. Your presence at the Annual Meeting alone will not revoke your proxy.

Cost of Proxy Solicitation

KeyCorp will pay for preparing, printing, and mailing these proxy materials. Officers and employees of KeyCorp and its subsidiaries may solicit the return of proxies, but will not receive additional compensation for those efforts. KeyCorp has engaged Innisfree M&A Incorporated to assist in the solicitation of proxies at an anticipated cost of \$15,000 plus expenses. KeyCorp will request that brokers, banks, custodians, nominees, and other fiduciaries send proxy materials to all beneficial owners and upon request will reimburse them for their expenses. Solicitations may be made by mail, telephone, or other means.

Attending the Annual Meeting

In Person

If you attend the Annual Meeting in person, you will be asked to present photo identification (such as a state-issued driver's license) and proof that you own KeyCorp common shares before entering the meeting. If you are a holder of record, the top half of your proxy card or your Notice of Internet Availability is your admission ticket. If you hold shares in street name (through a bank or broker, for example), a recent brokerage statement or a letter from your broker or bank showing your holdings of KeyCorp common shares is proof of ownership. If you want to vote shares that you hold in street name in person at the Annual Meeting, you must bring a legal proxy in your name from the broker, bank, or other nominee that holds your shares.

Shareholders who wish to nominate a person for election as a director of KeyCorp at an annual meeting must strictly comply with the requirements of Article II, Section 2(b) of KeyCorp's Regulations, including providing notice to the Secretary of KeyCorp not less than 60 nor more than 90 days prior to the meeting. Article II, Section 2(b) of KeyCorp's Regulations specifies the information and statements that must be included in any shareholder recommendation.

A copy of our Regulations was attached as Exhibit 3.2 to our Quarterly Report on Form 10-Q for the quarter ended June 30, 2011 filed with the Securities and Exchange Commission and available through its website (www.sec.gov). Upon written request to the Secretary of KeyCorp, KeyCorp will provide any shareholder, without charge, a copy of the procedures governing shareholder proposals or the nomination of directors.

Shareholder nominations or proposals should be submitted to the Secretary of KeyCorp at KeyCorp's corporate headquarters at 127 Public Square, Cleveland, Ohio 44114. The Secretary will direct the materials to the Chair of the Nominating and Corporate Governance Committee.

Table of Contents**APPENDIX A****KeyCorp 2016 Annual Performance Plan**

1. *Purpose.* The purpose of the KeyCorp 2016 Annual Performance Plan (the *Plan*), is to advance the interests of KeyCorp and its shareholders and assist KeyCorp in attracting and retaining key employees by providing annual incentives that are intended to be deductible to the maximum extent possible as performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the *Code*). The Plan was originally approved by the Board of Directors of KeyCorp on January 20, 2011 and was amended on March 10, 2016. The Plan was first approved by KeyCorp's shareholders on May 19, 2011 and is subject to re-approval by KeyCorp's shareholders as provided pursuant to Section 162(m) of the Code and the regulations thereunder.

2. *Administration.* The Compensation and Organization Committee of KeyCorp's Board of Directors (the *Committee*) will approve the goals, participation, target bonus awards, actual bonus awards, timing of payment and other actions necessary to the administration of the Plan. It is the responsibility of senior management of KeyCorp to execute the provisions of the Plan in accordance with the Committee's directions. All decisions of the Committee shall be final and binding upon all parties including KeyCorp and the participants. All awards granted under this Plan are intended to qualify for the exemption from the limitation on deductibility imposed by Section 162(m) of the Code that is set forth in Section 162(m)(4)(C) of the Code, and this Plan shall be interpreted and operated consistent with that intention.

3. *Participation.* The participant group will consist of the Chief Executive Officer and such other officers of KeyCorp selected by the Committee who either are, or are determined by the Committee to be likely to become, a covered employee within the meaning of Section 162(m) of the Code.

4. *Establishment of Incentive Opportunities.*

(a) On or before March 30 of each year, the Committee shall select objective performance goals (the *Corporate Performance Goals*) to be used in determining an aggregate amount to be distributed under the Plan (the *Aggregate Incentive Opportunity*). The Aggregate Incentive Opportunity will be a dollar amount calculated by reference to specified levels of, growth in, return on or ratios involving, the Corporate Performance Goals, which may include any one or more of the following:

- (i) Earnings per share,
- (ii) Earnings before or after interest, taxes, depreciation and amortization,
- (iii) Total revenue,
- (iv) Gross revenue,
- (v) Net revenue,
- (vi) Net interest income,
- (vii) Noninterest income,
- (viii) Net income,

- (ix) Net income before or after tax,
- (x) Net income after cost of capital,
- (xi) Noninterest expense,
- (xii) Efficiency ratio,

- (xxiii) Classified assets,
- (xxiv) Criticized assets,
- (xxv) Allowance for loan and lease losses,
- (xxvi) Total shareholder return,
- (xxvii) Stock price, and
- (xxviii) Pre-provision net revenue

The Corporate Performance Goals may be described in terms of company-wide objectives or objectives that are related to the performance of any subsidiary, division, department, or region of, or function within, KeyCorp. The Corporate Performance Goals may be made relative to the performance of other corporations or indices.

(b) On or before March 30 of each year, the Committee will assign a percentage share of the Aggregate Incentive Opportunity to each participant (the Individual Incentive Opportunity). The sum of all Individual Incentive Opportunities will not exceed 100% of the Aggregate Incentive Opportunity. No participant will be assigned an Individual Incentive Opportunity for any one fiscal year of greater than \$7,500,000.

(c) A participant's Individual Incentive Opportunity in any year is the maximum amount that a participant can receive under this Plan in that year. Whether or not a participant will receive all or any portion of his or her Individual Incentive Opportunity may be based on the achievement of corporate and business unit financial and strategic

objectives established for the year (which may be based on the Corporate Performance Goals selected for the year or any other measure) and on the achievement of individual goals (collectively, the Individual Performance Goals) all as determined by the Committee, in its sole discretion to reduce the amount otherwise payable hereunder upon achievement of the Corporate Performance Goals. The Committee will establish any Individual Performance Goals, including the relative allocations to corporate, business unit and individual performance annually for each participant.

(d) If the Committee determines that a change in KeyCorp's business, operations, corporate structure or capital structure, or in the manner in which it conducts its business, or other events or circumstances render the Corporate Performance Goals or Individual Performance Goals unsuitable, the Committee may in its discretion adjust such Corporate Performance Goals or Individual Performance

Goals or the related level of achievement, in whole or in part, as the Committee deems appropriate and equitable, including, without limitation, to exclude the effects of events that are unusual in nature or infrequent in occurrence (as determined in accordance with applicable financial accounting standards), cumulative effects of tax or accounting changes, discontinued operations, acquisitions, divestitures and material restructuring or asset impairment charges; provided, however, that in no event will any such adjustment be made that would an award payable under the Plan to fail to qualify as performance-based compensation within the meaning of Section 162(m)(4)(C) of the Code.

5. Award Determination.

(a) After the end of each year, the Committee will certify in writing the Aggregate Incentive Opportunity based on the results of the Corporate Performance Goals, along with the Individual Incentive Opportunity with respect to each participant.

(b) After the end of each year, the Committee will assess each participant's performance against any Individual Performance Goals and will make a determination as to whether, and to what extent, such goals have been achieved. Based on this assessment and such other factors as the Committee shall determine, in its discretion, the Committee will determine whether the participant is entitled to all (but not more than all) of his or her Individual Incentive Opportunity or whether a lesser amount (or none at all) has been earned. In no event shall a reduction of the Individual Incentive Opportunity of a participant result in an increase of the Individual Incentive Opportunity for another participant.

6. Bonus Payments. Awards that are earned under the Plan by a participant with respect to a fiscal year will be paid in cash within 70 days following the end of that year, provided that the participant remains employed by KeyCorp or an affiliate through the date of payment. Notwithstanding the preceding sentence, awards shall be subject to mandatory deferral pursuant to such policies as may be maintained by KeyCorp from time to time.

7. Additional Committee Discretion/Clawback.

(a) Notwithstanding anything contained herein to the contrary, in the event that extraordinary events, the later determination of unprofitable and/or detrimental business or business relationships, or market related events or circumstances, result in an unanticipated, unintentional, or erroneous incentive payment(s) to be made under the Plan, or if the incentive amount generated under the Plan fails to conform with the intent of the Plan or otherwise is found to be contrary to KeyCorp's risk policies and guidelines, the Committee retains the right at all times to decrease or terminate any incentive payment(s) to be paid under the Plan, as well as terminate the Plan with regard to any or all Plan participants. Such modifications also may be made on a retroactive basis if the Committee determines that the modifications are necessary to properly reflect the intended compensation structure of the Plan including applicable risk requirements.

(b) The Plan is subject to the KeyCorp Incentive Compensation Program and Policy, as amended from time to time. Accordingly, any Aggregate Incentive Opportunity, Individual Incentive Opportunity and any bonus payable hereunder (whether paid in cash or subject to mandatory deferral pursuant to applicable KeyCorp policy) is subject to risk-adjustment in accordance with the procedures set forth in the Incentive Compensation Program and Policy. These procedures permit KeyCorp, in its sole discretion, to decrease, forfeit, or initiate a clawback, of all or any part of a bonus or bonus opportunity under certain circumstances, including in the event that a participant receives a Does Not Meet risk rating as part of his or her annual performance review, and/or in the event that the participant's business unit experiences negative pre-provision net revenue (before allocated costs) or significant credit, market or operational

losses. If a significant risk event occurs, whether at the individual or business level, a root cause analysis may be conducted, which may result in a risk-adjustment of a bonus or bonus opportunity under the Plan.

(c) Any bonus paid or payable hereunder shall be subject to forfeiture and repayment to KeyCorp pursuant to the KeyCorp Incentive Compensation Clawback Policy, as amended from time to time, or pursuant to any successor clawback or compensation recovery policy adopted by KeyCorp to comply with the Dodd-Frank Wall Street Reform and Consumer Protection Act or any rules or regulations issued by the Securities Exchange Commission or any applicable securities exchange (the Clawback Policy).

(d) If it is determined that a participant has engaged in conduct that is in violation of the KeyCorp Code of Ethics or KeyCorp Corporate Policies and/or procedures, the participant's entitlement to and the payment of any incentive compensation under this Plan shall be subject to forfeiture and repayment to KeyCorp as provided in the Clawback Policy. KeyCorp maintains the right at all times to offset from any incentive payment to be made under the Plan the dollar value of any loss to KeyCorp or to a KeyCorp client or customer resulting from the participant's conduct. Notwithstanding any Plan provision to the contrary, if a participant fails to complete and/or file all required regulatory filing(s) for transactions that require such regulatory filings, then in such event, the participant will not be entitled to receive any incentive consideration under the Plan for the transaction until the participant completes all requisite regulatory filings.

8. *Governing Law.* The provisions of the Plan shall be governed and construed in accordance with the laws of the State of Ohio.

9. *Corporate Assets.* Participants and their beneficiaries shall have the status of general unsecured creditors of KeyCorp. Nothing contained in the Plan shall create, or be construed as creating a trust of any kind or any other fiduciary relationship between a participant, KeyCorp, or any other person. Incentive compensation shall be subject to payment only in accordance with the terms of the Plan.

10. *No Present Interest.* Subject to any federal and/or state statute to the contrary, no right or benefit under the Plan and no right or interest in a participant's incentive earned prior to payment shall be subject to anticipation, alienation, sale, assignment, pledge, encumbrance, or charge, and any attempt to anticipate, alienate, sell, assign, pledge, encumber, or charge any right or benefit under the Plan shall be void, except to the extent that the Committee, in its discretion, permits a participant to designate one or more beneficiaries to receive any amount payable under the Plan in the event of the Participant's death. No right, interest, or benefit under the Plan shall be liable for or subject to the debts, contracts, liabilities, or torts of a participant or beneficiary. If a participant or beneficiary becomes bankrupt or attempts to alienate, sell, assign, pledge, encumber, or charge any right under the Plan, such attempt shall be void and unenforceable.

11. *Reservation of Rights.* KeyCorp reserves the right to amend and/or terminate the Plan in whole or in part, at any time for any reason, by action of the Board of Directors.

12. *No Commitment as to Employment.* Nothing herein contained shall be construed as a commitment or agreement upon the part of any participant hereunder to continue his or her employment with KeyCorp, and nothing herein contained shall be construed as a commitment on the part of KeyCorp to continue the employment, rate of compensation or terms and conditions of employment of any participant hereunder for any period. All participants

shall remain subject to discharge to the same extent as if the Plan had never been put into effect.

13. *Benefits.* Nothing in the Plan shall be construed to confer any right or claim for Plan benefits upon any person, firm, or corporation other than the participants and their beneficiaries.

A-4

14. *Precedent.* Except as otherwise specifically agreed to by KeyCorp in writing, no action taken in accordance with the Plan by KeyCorp shall be construed or relied upon as a precedent for similar action under similar circumstances.

15. *Withholding.* KeyCorp shall withhold any tax, which KeyCorp in its discretion deems necessary to be withheld from any payment to any participant, former participant, or beneficiary hereunder, by reason of any present or future law.

16. *Parties Bound.* The Plan shall be binding upon KeyCorp, all participants, former participants, and their beneficiaries hereunder and, as the case may be, the heirs, executors, administrators, successors, and assigns of each of them.

17. *Severability.* In case any provision of this Plan shall be held illegal or invalid for any reason, said illegality or invalidity shall not affect the remaining parts hereof, but this Plan shall be construed and enforced as if such illegal and invalid provision had never been inserted herein.

18. *Successors.* The provisions of this Plan shall bind and inure to the benefit of KeyCorp and its successors and assigns. The term successors as used herein shall include any corporate or other business entity, which shall, whether by merger, consolidation, purchase or otherwise, acquire all or substantially all of the business and assets of KeyCorp.

19. *Compliance with Section 23A and Section 23B of the Federal Reserve Act.* Notwithstanding any other Plan provision to the contrary, a participant shall not earn any incentive compensation under the Plan for any transaction engaged in by the participant that violates the provisions of Federal Reserve Act Section 23A and Section 23B and the Federal Reserve Board Regulation W.

20. *Compliance with the Corporate Risk and Safety and Soundness Requirements.* It is understood by each participant that it is the intent of KeyCorp to comply with the requirements of the banking regulatory agencies *Guidance on Sound Incentive Compensation Policies*, and the Dodd-Frank Wall Street Reform and Consumer Protection Act, as well as to ensure that all KeyCorp incentive plans conform with the KeyCorp Incentive Compensation Program and Policy and KeyCorp's Enterprise Risk Management risk requirements and policies. As a condition of Plan participation, each participant acknowledges KeyCorp's intent to comply (i) with the requirements of the law and applicable regulatory guidance, as the same may change from time to time, (ii) with the KeyCorp Incentive Compensation Program and KeyCorp's Enterprise Risk Management risk requirements, policies, and risk metrics, and (iii) with its continuing obligation to maintain the safety and soundness of the organization. Accordingly, each participant agrees that any and all incentive awards either already paid or to be payable under the Plan will be subject to reduction, forfeiture or clawback to the extent that KeyCorp determines that such reduction, forfeiture, or clawback is necessary or advisable in order to comply with its obligations hereunder.
