A copy of our Corporate Governance Guidelines is available on our website at <http://icdrilling.investorroom.com/corporategovernance>.

Related Person Transaction Policy

We have adopted a Related Person Transaction Policy (the Related Person Transaction Policy), which provides guidelines for the review and approval of certain transactions, arrangements or relationships involving the Company and any of our directors (or nominees for director), executive officers, stockholder owning more than 5% of the Company and any immediate family members of any such person. As a general matter, we discourage such related person transactions because they present a heightened risk of potential or actual conflicts of interest and may create the appearance that decisions are based on considerations other than the best interest of the Company and its stockholders. In addition, our Related Person Transaction Policy is designed to assist the Board in preparing the disclosure that SEC rules require to be included in the Company's applicable filings under the Securities Act of 1933 (the Securities Act) and the Exchange Act. Please see Certain Relationships and Related Party Transactions Policies and Procedures for Identifying, Assessing and Approving Related Person Transactions for additional information regarding our Related Person Transaction Policy. In addition to our Related Person Transaction Policy, which applies only to the persons enumerated above in specified circumstances, we have also adopted a Conflicts of Interest Policy, described in more detail below, that facilitates the general review of possible conflicts of interest for all our employees and our directors.

Conflicts of Interest Policy

We have adopted a Conflicts of Interest Policy (the Conflicts of Interest Policy), which provides guidelines and procedures regarding the timely and proper disclosure of possible conflicts of interest a Company employee or director may have in order to allow the Company to review each such possible conflict. Under our Conflicts of Interest Policy, a conflict arises when an individual's private interest interferes in any way with the interests of the Company as a whole. Our Conflicts of Interest Policy is designed to prohibit directors, officers or other employees from engaging in any business or conduct or entering into any agreement or arrangement that would give rise to actual or potential conflicts of interest and provides guidance on how to report potential conflicts of interest. The Conflicts of Interest Policy supplements our Related Person Transaction Policy and each of our codes of ethics.

Board Committees

Our Board has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. A description of each committee, its function and charter, are provided below:

Audit Committee

Pursuant to its charter, the Audit Committee's duties include, but are not limited to, oversight of the following: (1) our accounting and financial reporting process, (2) the integrity of our financial statements, (3) our independent auditor's qualifications and independence, (4) the performance of our internal audit function and independent auditors and (5) our compliance with legal and regulatory requirements.

The Audit Committee is currently comprised of Messrs. Bates, McNease and Fitzgerald (chairman). Each member of the Audit Committee is financially literate as defined in the NYSE listing standards. Mr. Fitzgerald, chairman of the Audit Committee, qualifies as an audit committee financial expert as defined under rules and regulations of the SEC.

Under rules implemented by the NYSE and SEC, we are required to have an audit committee comprised of at least three directors who meet the independence standards established by the NYSE and the Exchange Act. We have determined that Messrs. Bates, McNease and Fitzgerald are independent under the standards established by both the NYSE and Rule 10A-3 of the Exchange Act.

The Audit Committee met seven times during 2015.

Compensation Committee

Pursuant to its charter, the Compensation Committee's duties include, but are not limited to, the following: (1) establishing salaries, incentive and other forms of compensation for our executive officers, (2) reviewing non-employee director compensation, (3) administering the Company's incentive compensation and equity plans, (4) reviewing the risks arising from the Company's compensation policies and practices, and (5) overseeing regulatory compliance with respect to compensation matters.

In connection with these purposes, the Board has delegated to the Compensation Committee the overall responsibility for establishing, implementing and monitoring compensation for our executive officers. Together with management (with the exception of compensation matters related to our Chief Executive Officer, for which management is not involved), and any other counsel or other advisors deemed appropriate by it, the Compensation Committee reviews and makes a final determination with regard to executive compensation. For example, the Compensation Committee reviews and approves the compensation of our executive officers and makes appropriate adjustments based on Company performance, achievement of predetermined goals and changes in an officer's duties and responsibilities. The Compensation Committee is also responsible for approving all employment agreements related to our executive officers.

In addition, our Board has delegated to the Compensation Committee the responsibility for establishing, implementing and monitoring the compensation for our non-employee directors. Our Compensation Committee establishes, reviews and approves the compensation of our non-employee directors and makes appropriate adjustments based on their performance, duties and responsibilities and the competitive environment. Our Compensation Committee's primary objectives in establishing and implementing director compensation are to: (1) ensure the ability to attract, motivate and retain the talent necessary to provide qualified Board leadership, and (2) use the appropriate mix of long-term and short-term compensation to ensure high Board and/or committee performance.

Table of Contents

The Compensation Committee charter provides that the committee may, in its sole discretion, retain, obtain advice from or terminate a compensation consultant to assist in the evaluation of the director, chief executive officer or executive officer compensation. The Compensation Committee has direct responsibility for the appointment, compensation and oversight of any such compensation consultant and has sole authority to approve any such consultant's fees. The Compensation Committee has retained Pearl Meyer & Partners (PM&P), a national executive and director compensation strategy and governance consulting firm, to review and provide recommendations concerning components of the Company's executive compensation program. The Compensation Committee concluded that no conflict of interest existed that would prevent PM&P from independently representing the Compensation Committee.

The Compensation Committee is currently comprised of Messrs. Bates, Einav and McNease (chairman). Our Board has affirmatively determined that each of Messrs. Bates, Einav and McNease meets the definition of independent director for purposes of serving on the Compensation Committee under applicable NYSE rules.

The Compensation Committee met four times during 2015.

Nominating and Corporate Governance Committee

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who beneficially own more than 10% of our outstanding common stock to file initial reports of ownership and changes in ownership of common stock with the Securities and Exchange Commission. Reporting persons are required by the Securities and Exchange Commission to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of reports we received and the written representations from our directors and officers, we believe that all filings required to be made under Section 16(a) were timely made for the fiscal year ended December 31, 2015.

Bonus Payments and Non-Equity Incentive Plan Compensation

During 2013, we did not implement a bonus or incentive compensation program tied to any objective measure of performance. All bonuses paid to our named executive officers relating to fiscal 2013 were entirely discretionary and based upon subjective factors.

For 2014, our Board implemented a bonus and incentive compensation program partially tied to objective performance measures for 2014. The bonuses paid for fiscal 2014 were based upon the achievement of the actual performance metrics set forth in the table above as well as a subjective component, which the Compensation Committee determined for fiscal 2014 to be equal to 60% of the overall target bonus. However, due to the nature of the program and its discretionary components, all of the components were deemed to be bonus compensation for purposes of the Summary Compensation Table.

For 2015, our Board implemented a bonus and incentive compensation program tied 50% to objective performance measures at the corporate level and a 50% discretionary component tied to achievement of personal objectives. Payments based on the objective performance measures of this program are included in the non-equity incentive compensation in the Summary Compensation Table.

Table of Contents

For our Named Executive Officers (as defined by Section 402(m)(2) of Regulation S-K), the 2015 weighting for corporate objectives for purposes of determining the portion of bonus to be paid with respect to corporate level performance measures were as follows:

Byron A. Dunn	33%	33%	33%
Edward S. Jacob, III	33%	33%	33%
Philip A. Choyce	20%	40%	40%

The entry, target and over-achievement performance objectives and actual performance for each corporate objective measure for 2015 were as follows:

Although the Board of Directors determined that all or a significant portion of each Named Executive Officer's discretionary personal objectives were achieved during 2015, in light of the significant downturn in market conditions, no portion of the earned personal objective bonus was paid for 2015.

Each employment agreement is for a term of three years; provided, however, that if neither the Company nor the employee has provided written notice of termination at least one year prior to the scheduled expiration of the then current term of the agreement (the renewal date), the employment term automatically extends for one additional year, so as to expire two years from such renewal date.

Each of our Named Executive Officers is subject to a non-compete agreement restricting such officer from competing in the U.S. land contract drilling industry for a period of 12 months following termination of employment.

Under the Named Executive Officer's employment agreements, each officer is entitled to receive a severance payment in the event such officer's employment is terminated by the Company without cause or by the executive for good reason. two (2) times the sum of (x) the executive officer's annual base salary in effect at the time of termination of employment and (y) the executive officer's target annual bonus; provided however, if Mr. Dunn's termination is in connection with a change of control, he will receive three (3) times the sum of (x) his annual base salary in effect at the time of termination of employment and (y) his target annual bonus

Under the employment agreements, cause is deemed to exist if any of the following occurs:

willful and continued failure to comply with the reasonable written directives of the Company for a period of thirty (30) days after written notice from the Company;

willful and persistent inattention to duties for a period of thirty (30) days after written notice from the Company, or the commission of acts within employment with the Company amounting to gross negligence or willful misconduct;

conviction of a felony involving moral turpitude;

willful failure to comply in any material respect with the terms of the employment agreement and such non-compliance continues uncured after thirty (30) days after written notice from the Company; or

chronic substance abuse, including abuse of alcohol, drugs or other substances or use of illegal narcotics or substances, for which the executive officer fails to undertake treatment immediately after requested by the Company or to complete such treatment and which abuse continues or resumes after such treatment period, or possession of illegal narcotics or substances on Company premises or while performing the executive officer's duties and responsibilities.

Table of Contents

the assignment to the executive officer of any duties inconsistent in any respect with the executive officer's position (including status, offices, titles and reporting requirements), authority, duties or responsibilities as contemplated by the employment agreement, or any other action by the Company which results in a diminution in such position, authority, duties or responsibilities, excluding for this purpose an isolated, insubstantial and inadvertent action not taken in bad faith and which is remedied by the Company within 30 days of receipt of written notice thereof given by the executive officer;

any failure by the Company to comply with the payment provisions of the employment agreement, other than an isolated, insubstantial and inadvertent failure not occurring in bad faith and which is remedied by the Company as soon as reasonable possible, but no later than 30 days after receipt of written notice thereof given by the executive officer;

2012 Omnibus Incentive Plan

Our Board has adopted, and our stockholders have approved, the Independence Contract Drilling 2012 Omnibus Incentive Plan (the "2012 Plan"). Our 2012 Plan provides for the grant of options to purchase our common stock, both incentive options that are intended to satisfy the requirements of Section 422 of the Internal Revenue Code and nonqualified options that are not intended to satisfy such requirements, stock appreciation rights, restricted stock, restricted stock units, performance stock, performance units, other stock-based awards and certain cash awards.

As of April 29, 2016, we had authorized and reserved for issuance under our 2012 Plan approximately 3.5 million shares of our common stock, including 794,630 outstanding shares under restricted stock awards, 884,764 shares under restricted stock unit awards, 786,305 shares under performance based restricted stock unit awards assuming the maximum number of shares are awarded, and 956,653 shares under stock options to purchase our common stock. There are currently 31,648 additional shares of common stock available for grant under the 2012 Plan.

Our employees are eligible to receive awards under our 2012 Plan. In addition, (1) the non-employee directors of our Company and (2) the consultants, agents, representatives, advisors and independent contractors who render services to our Company and its affiliates that are not in connection with the offer and sale of our Company's securities in a capital raising transaction and do not directly or indirectly promote or maintain a market for our Company's securities are eligible to receive awards settled in shares of our common stock, other than incentive stock options, under our 2012 Plan.

Our Board administers our 2012 Plan with respect to awards to non-employee directors, and our Compensation Committee administers our 2012 Plan with respect to awards to employees and other non-employee service providers other than non-employee directors. In administering awards under our 2012 Plan, our

Board or the Compensation Committee, as applicable, has the power to determine the terms of the awards granted under our 2012 Plan, including the exercise price, the number of shares subject to each award and the exercisability of the awards. The Compensation Committee also has full power to determine the persons to whom and the time or times at which awards will be made and to make all other determinations and take all other actions advisable for the administration of the plan.

Indemnification Agreements

We have also entered into indemnification agreements with all of our directors and our Named Executive Officers. These indemnification agreements are intended to permit indemnification to the fullest extent now or hereafter permitted by the General Corporation Law of the State of Delaware. It is possible that the applicable law could change the degree to which indemnification is expressly permitted.

The indemnification agreements cover expenses (including attorneys' fees), judgments, fines and amounts paid in settlement incurred as a result of the fact that such person, in his or her capacity as a director or officer, is made or threatened to be made a party to any suit or proceeding. The indemnification agreements generally cover claims relating to the fact that the indemnified party is or was an officer, director, employee or agent of us or any of our affiliates, or is or was serving at our request in such a position for another entity. The indemnification agreements also obligate us to promptly advance all reasonable expenses incurred in connection with any claim. The indemnitee is, in turn, obligated to reimburse us for all amounts so advanced if it is later determined that the indemnitee is not entitled to indemnification. The indemnification provided under the indemnification agreements is not exclusive of any other indemnity rights; however, double payment to the indemnitee is prohibited.

We are not obligated to indemnify the indemnitee with respect to claims brought by the indemnitee against us, except for:

claims regarding the indemnitee's rights under the indemnification agreement;

claims to enforce a right to indemnification under any statute or law; and

counter-claims against us in a proceeding brought by us against the indemnitee.

We have also agreed to obtain and maintain director and officer liability insurance for the benefit of each of the above indemnitees. These policies include coverage for losses for wrongful acts and omissions and to ensure our performance under the indemnification agreements. Each of the indemnitees is named as an insured under such policies and provided with the same rights and benefits as are accorded to the most favorably insured of our directors and officers.

Compensation Committee Membership

During 2015, Messrs. Bates, Einav and McNease served on our Compensation Committee. No member of the Compensation Committee has served as an officer or employee of the Company. **Item 13. Certain Relationships and Related Transactions, and Director Independence
Certain Relationships and Related Person Transactions*****Policies and Procedures for Identifying, Assessing and Approving Related Person Transactions***

We maintain a Related Person Transaction Policy that provides guidelines for the review and approval of certain transactions, arrangements or relationships involving the Company and any of our directors (or nominees for director),

executive officers, stockholder owning more than 5% of the Company and any immediate family members of any such person (Related Person). As a general matter, we discourage such related person transactions because they present a heightened risk of potential or actual conflicts of interest and may create the appearance that decisions are based on considerations other than the best interest of the Company and its stockholders. Such related person transactions are also subject to our Conflicts of Interest Policy and our Codes of Business Conduct and Ethics, which restrict the ability of our directors, officers and employees to engage in business or conduct or entering into any agreement or arrangement that would give rise to an actual or potential conflict of interest. See Corporate Governance above for additional information on each of these governance policies. Each year, we are required to disclose certain transactions between the Company and a Related Person, as well as our policies concerning related person transactions. Our Related Person Transaction Policy is intended to assist us in complying with the disclosure obligations concerning these transactions under applicable SEC rules.

Pursuant to our Related Person Transaction Policy, the Nominating and Corporate Governance Committee is generally required to review the material facts and either approve or disapprove, those related party

transactions, in which (1) the aggregate amount involved exceeds, or is expected to exceed, \$120,000 in any calendar year and (2) any Related Person has or will have a direct or indirect interest (other than solely as a result of being a director of, or holding less than a 10% beneficial ownership interest in, another entity). Thereafter, on at least an annual basis, the Nominating and Corporate Governance Committee is required to review and assess any ongoing transaction, arrangement or relationship with the Related Person to confirm that such transaction, arrangement or relationship remains appropriate. Any member of the Nominating and Corporate Governance Committee who is a Related Person with respect to the transaction will be recused from the review and approval process.

We annually distribute a questionnaire to our executive officers and directors requesting certain information regarding, among other things, their immediate family members, employment and beneficial ownership interests. This information is then reviewed for any conflicts of interest under the Conflicts of Interest Policy, the Codes of Business Conduct and Ethics and the Related Person Transaction Policy. Additionally, the Nominating & Governance Committee and the Board review any related person transactions involving non-employee directors as part of the annual determination of their independence.

Related Person Transactions

Since January 1, 2016, we have not entered into any transactions with related persons requiring disclosure under Item 404 of Regulation S-K, except that the son of our President and Chief Operating Officer began working in a sales capacity at, and became a minority owner of, a vendor from which we purchase oilfield equipment and related supplies. Total purchases from this vendor during 2015 were \$148,000. Transactions with this vendor were approved in accordance with our Related Person Transaction Policy.

Director Independence

Our Board has determined that Messrs. Bates, Einav, Fitzgerald, McNease and Noonan are each independent under the listing standards of the NYSE. Messrs. Dunn and Jacob are not considered independent due to their current employment relationship with us.

In evaluating each director's independence, the Board considered all of the objective independence standards under any applicable NYSE listing standards and SEC rules as well as subjectively considered each of our directors' direct and indirect relationships with the Company, including the following:

Mr. Einav's position as Managing Director, General Counsel and Corporate Secretary at Sprott Resources Corp. (Sprott) and Sprott's business relationships with the Company during the last three fiscal years;

Mr. McNease's position as a director of AXON EP, Inc. (AXON) and AXON's business relationship with the Company during the last three fiscal years;

Mr. Noonan's position as a founding shareholder partner and partner of 4D Global Energy Advisors SAS (4D) and 4D's business relationship with the Company, 4D's business relationships and Mr. Noonan's position as a director of the ultimate parent of Global Energy Services Operating, LLC (GES) and GES's business relationships with the Company during the last three fiscal years;

Mr. Bates' former position as a director of the ultimate parent of GES and GES's business relationship with the Company during the last three fiscal years; and

Mr. Fitzgerald's former position as a director of Rosetta Resources Inc. (Rosetta) and Rosetta's business relationship with the Company during the last three fiscal years.
