REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Employee Benefits

Committee of Fortune Brands Home & Security, Inc.:

We have audited the accompanying statements of net assets available for benefits of Fortune Brands Home & Security Hourly Employee Retirement Savings Plan (the Plan) as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2015 and 2014, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

The supplemental information in the accompanying schedule of assets (held at end of year) as of December 31, 2015 has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is presented for purposes of additional analysis and is not a required part of the basic financial statements but include supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplementary information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the basic financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information in the accompanying schedule, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information referred to above is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Fortune Brands Home & Security Hourly Employee Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

(Dollars in thousands)

NOTE A DESCRIPTION OF PLAN

General

The Fortune Brands Home & Security Hourly Employee Retirement Savings Plan (the *Plan*) is a tax-qualified defined contribution retirement plan covering eligible employees of Fortune Brands Home & Security, Inc. (*Fortune Brands*) and its operating companies. The Plan is designed to encourage and facilitate systematic savings and investment by eligible employees for their retirement. The Plan is maintained by Fortune Brands and intended to comply with Section 401(k) of the Internal Revenue Code of 1986, as amended (the *Code*). The Plan is subject to various provisions of the Code and the Employee Retirement Income Security Act of 1974, as amended (*ERISA*).

Fortune Brands and its operating companies that participate in the Plan are referred to collectively as the *Companies* and individually as a *Company*. Operating companies that participated in the Plan during the years 2015 and/or 2014 include: MasterBrand Cabinets, Inc. (*MasterBrand*); Woodcrafters Home Products, LLC (*Woodcrafters*); Norcraft Companies, Inc. (*Norcraft*); Moen Incorporated; Anaheim Manufacturing Company (*Anaheim*); Therma-Tru Corp., which includes Fypon LLC (*Therma-Tru*); Sentry Safe, Inc. (*Sentry*); Waterloo Industries, Inc. (*Waterloo*) and Fortune Brands Windows, Inc., which includes Simonton Building Products, Inc., Simonton Industries, Inc., Simonton Windows, Inc. and SimEx, Inc. (*Fortune Brands Windows*).

In 2015, Fortune Brands acquired Norcraft and divested of Waterloo. Norcraft employees became eligible to participate in the Plan on May 13, 2015 and were permitted to rollover their account balances and loans into the Plan. On September 10, 2015, Fortune Brands sold Waterloo to Waterloo Holdings, Inc. and participants employed by Waterloo were no longer eligible to make contributions to the Plan as of that date. In addition, on May 1, 2015, employees of Woodcrafters, a company acquired by Fortune Brands in 2013, became eligible to begin participating in the Plan.

In 2014, Fortune Brands divested Fortune Brands Windows and acquired Sentry and Anaheim. Fortune Brands sold Fortune Brands Windows to Ply Gem Holdings, Inc. and participants were no longer eligible to participate in the Plan beginning September 19, 2014. On November 18, 2014, assets relating to the accounts of Fortune Brands Windows participants totaling approximately \$19,311 were transferred from the Plan to the Ply Gem 401(k) Savings Plan, a plan sponsored by Ply Gem Holdings, Inc. Sentry employees became eligible to participate in the Plan on August 13, 2014 and were permitted to rollover their account balances and loans in 2015. Anaheim employees became eligible to participate in the Plan on December 19, 2014 and were permitted to rollover their account balances and loans in 2015.

The financial statements present the net assets available for benefits as of December 31, 2015 and 2014, and the changes in net assets available for benefits for the years then ended. The *Plan*'s assets are held in the Fortune Brands Home & Security, Inc. Defined Contribution Master Trust (the *Master Trust*), along with the assets of the Fortune Brands Home & Security Retirement Savings Plan, for investment purposes. The Master Trust investments are administered and held by Fidelity Management Trust Company (the *Trustee* or *Fidelity*).

Edgar Filing: Fortune Brands Home & Security, Inc. - Form 11-K

The following provides a brief description of the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Fortune Brands Home & Security Hourly Employee Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2015 and 2014

(Dollars in thousands)

Contributions

Plan contributions are held by the Trustee and accumulated in individual participant accounts. Pursuant to the terms of the Plan, participants may make tax-deferred contributions under Section 401(k) of the Code of up to 50% of their eligible compensation (as defined under the Plan), subject to lower limits for highly compensated employees (as defined under the Code). In 2015 and 2014, each participant's annual tax-deferred contributions were limited by the Code to \$18.0 and \$17.5, respectively. During the year in which a participant attains age 50 (and in subsequent years) the participant may elect to make additional unmatched, pretax catch up contributions. In 2015 and 2014, participants that met this requirement were permitted to make catch up contributions of up to \$6.0 and \$5.5, respectively.

The Plan permits participants to make after-tax contributions, and also to elect to automatically make after-tax contributions to the Plan after reaching the dollar limitation on tax-deferred contributions. However, the sum of tax-deferred and after-tax contributions may not exceed 50% of the participant's total eligible compensation (lower limitations apply to participants who are highly compensated employees).

Participants eligible to make tax-deferred contributions may roll over balances from another eligible tax-qualified retirement plan or individual retirement account into the Plan. Eligible employees who have neither enrolled in the Plan nor affirmatively declined enrollment in the Plan are automatically enrolled and are deemed to have elected to make tax-deferred contributions equal to 3% of their eligible compensation. In addition, participants who are automatically enrolled by Fortune Brands have their contribution rate increased by 1% (unless it would cause the participant's deferral rate to exceed 6%) annually in May unless they affirmatively declined participation in the automatic increase program. Participants that affirmatively elect to participate in the automatic deferral increase program may elect to increase their contributions by between 1% and 6% each year until they reach the maximum allowable percentage described above. Participants may elect to change or discontinue their participation in the automatic enrollment and automatic deferral rate increase programs at any time.

The Companies, except Therma-Tru, Norcraft and Woodcrafters, provide a matching contribution (in varying amounts stated in the Plan) on a participant's elective contributions. Therma-Tru provides a Qualified Nonelective Contribution (QNEC) each payroll period in an amount equal to 3% of compensation on behalf of each of its employees who is an eligible participant. MasterBrand made profit-sharing contributions on behalf of eligible employees at the Company's Kinston location in 2015 and 2014. For more information on the amount of contributions to be provided by each Company, refer to the Plan document, which is available from the Plan Administrator.

The Plan makes various investment funds available to participants to direct the investment of their accounts, including a Company stock fund, which gives participants the option to own shares of Fortune Brands Common Stock. The Plan has designated the Fortune Brands Home & Security Common Stock Fund in the Plan as an employee stock ownership plan (ESOP).

Participant account balances are maintained to reflect each participant's beneficial interest in each of the investment funds available under the Plan. Participant account balances are increased by Company and participant contributions (including rollovers) and decreased by the amount of withdrawals and distributions. Income and losses on Plan assets are allocated to participants' accounts based on the ratio of each participant's account balance invested in an investment fund to the total of all participants' account balances invested in that fund as of the preceding valuation date.

Fortune Brands Home & Security Hourly Employee Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2015 and 2014

(Dollars in thousands)

Vesting

Participant contributions and earnings on those contributions vest immediately. QNECs and earnings on those contributions vest immediately. Vesting in the Company matching contribution and earnings on those contributions occurs upon on the earliest of the following: (1) retirement under a Company pension plan or after attainment of age 55 and 5 years of service; (2) death; (3) termination of employment due to disability; (4) attainment of normal retirement age (generally 65); (5) termination of employment without fault, or (6) after one year of service.

MasterBrand employees at the Kinston location that participate in the Plan are 100% vested in their profit-sharing contributions at all times.

Forfeitures

Forfeited non-vested accounts totaled \$199 and \$173 on December 31, 2015 and 2014, respectively. These accounts are used to reduce future Company contributions or to pay Plan expenses. Company contributions were reduced by \$8 and \$0 during the years ended December 31, 2015 and 2014, respectively, from forfeited non-vested accounts. Plan expenses were reduced by \$104 and \$72 during the years ended December 31, 2015 and 2014, respectively, from forfeited non-vested accounts.

Notes Receivable from Participants

A participant may apply for up to two loans of at least \$1 each from the vested portion of the participant's account balance (excluding the portion in certain subaccounts). Loan amounts may not exceed the lesser of one-half of the participant's vested balance or \$50 where the \$50 maximum is reduced by the participant's highest outstanding loan balance on any loans during the preceding twelve months. The term of any loan shall not exceed five years, unless the loan is related to the purchase of the participant's principal residence, in which case the term of the loan shall not exceed ten years.

Each loan bears a rate of interest commensurate with prevailing market rates at the time of issuance. Repayment is made through payroll deduction so that the loan is repaid evenly over the term of the loan.

Distributions and Withdrawals

Benefits are payable from a participant's account upon a participant's death, retirement or other termination of employment and are payable in cash (generally, in a lump sum or installment payments and in some cases in the form of an annuity) or rolled over (into a traditional or Roth IRA). The Plan also permits in-service withdrawals to be made by participants who are employed by one of the Companies and who have incurred a hardship as defined in the Plan, who have attained age 59-1/2, or who are performing qualified military service, as described in the Plan.

NOTE B SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2015 and 2014

(Dollars in thousands)

Recently Issued Accounting Standards

On May 1, 2015 the Financial Accounting Standards Board (FASB) issued updated guidance related to fair value measurement and the disclosures for investments in certain entities that calculate net asset value (NAV) per share (or its equivalent). The updated guidance applies to reporting entities that elect to measure the fair value of certain investments using the NAV per share (or its equivalent) of the investment as a practical expedient. Currently, investments valued using the practical expedient are categorized within the fair value hierarchy on the basis of when the investment is redeemable with the investee at NAV. The amendments remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient.

The amendments are effective for the Plan for fiscal years beginning after December 15, 2016 and shall apply retrospectively to all periods presented. Earlier application is permitted. The Plan s administrator is currently evaluating the impact the updated guidance will have on the Plan s financial statement disclosures.

In July 2015 FASB issued a three-part update to the guidance for plan accounting of employee benefit plans. The update simplifies employee benefit plan reporting as outlined in Part (I) for fully benefit-responsive investment contracts and in Part (II) for plan investment disclosures. Part (III) provides for a measurement date practical expedient. Parts (I) and (II) are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part (III) is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. The Plan s administrator has determined that Parts (I) and (III) are not applicable to the Plan and is currently evaluating the impact that Part (II) will have on the Plan s disclosures.

Use of Estimates

The preparation of the Plan s financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits and the changes in net assets available for Plan benefits and, when applicable, the disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

The Plan s investments are reflected at fair value. Fair value is defined as the price that would be (i) received to sell an asset or (ii) paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date in the principal or most advantageous market for the asset or liability. Inputs are used in applying

the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk.

The Plan's management established a three-tiered hierarchy of inputs to establish a classification of fair value measurements for disclosure purposes. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Table of Contents

Fortune Brands Home & Security Hourly Employee Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2015 and 2014

(Dollars in thousands)

The three levels of the fair value hierarchy are as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including:

1. Quoted prices for similar assets or liabilities in active markets.
2. Quoted prices for identical or similar assets or liabilities in inactive markets.
3. Inputs other than quoted prices that are observable for the assets or liabilities (including volatilities).
4. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs are unobservable for the asset or liability (including the entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability) and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investment in the Master Trust at December 31, 2015 and 2014 is presented at fair value, which has been determined based on the fair value of the underlying investments of the Master Trust.

Plan management uses the following methods and significant assumptions to estimate fair value of investments. There have been no changes in the methodologies used at December 31, 2015 and 2014.

The investments held by the Master Trust are valued as follows:

Interest bearing cash and certificate of deposit: Valued at cost plus earnings from investments for the period, which approximates fair market value due to the short-term duration.

Mutual funds: Valued at the NAV of shares held by the plan at year end, which is obtained from an active market.

Collective trust funds: Valued at the NAV of units of each bank collective trust. The NAV, as provided by the trustee, is based on the fair value of the underlying investments held by the funds less their liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a collective trust, the investment advisor generally reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations would be carried out in an orderly business manner.

Common stock and government bond: Valued at the closing price reported on the active market on which the security is traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Table of Contents

Fortune Brands Home & Security Hourly Employee Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2015 and 2014

(Dollars in thousands)

See *Note D Investment in Master Trust* for the investments held in the Master Trust as of December 31, 2015 and 2014, by level within the fair value hierarchy.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses was recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Income Recognition

Security transactions are accounted for on the trade-date basis. Dividend income is accrued on the ex-dividend date. Interest income is recorded on the accrual basis. Net realized and unrealized appreciation (depreciation), along with dividend income and interest income (excluding notes receivables from participants) are recorded in the accompanying statements of changes in net assets available for benefits as an allocated share of Master Trust investment income. In addition, the Plan permits participants to have their proportional interest in dividends paid on stock held in the Company stock fund either distributed to them or reinvested in that fund.

Benefits Paid to Participants

Distributions and withdrawals are recorded when paid.

Operating Expenses

Certain investment expenses incurred by the Plan are netted against earnings prior to allocation to participant accounts and are recorded in the accompanying statements of changes in net assets available for benefits as an allocated share of Master Trust investment income. Participants' accounts are directly charged for certain administrative expenses and any remaining expenses incurred are paid directly by the Plan's suspense accounts.

NOTE C TRANSFERS TO AND FROM THE PLAN

Transfers to and from the Plan and the Fortune Brands Home & Security Retirement Savings Plan occur due to participant changes in status from hourly to salaried, or vice versa, or transfers between the Companies. Transfers from the Plan were \$728 and \$597 at December 31, 2015 and 2014, respectively. Transfers into the Plan were \$749 and \$857 at December 31, 2015 and 2014, respectively.

Table of Contents**Fortune Brands Home & Security Hourly Employee Retirement Savings Plan****NOTES TO FINANCIAL STATEMENTS - CONTINUED****December 31, 2015 and 2014****(Dollars in thousands)****NOTE D INVESTMENT IN MASTER TRUST**

The investments of the Master Trust are maintained under a trust agreement with the Trustee. The value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the Trust, plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses. Investment income relating to the Master Trust is allocated to the individual plans on a prorated basis. The Plan had a total beneficial interest of approximately 23.25% and 22.22% in the Master Trust's net assets at December 31, 2015 and 2014, respectively.

The Master Trust's net assets at December 31, 2015 and 2014 were as follows (in thousands):

	2015	2014
Assets		
Investments, at fair value		
Interest bearing cash	\$ 26,359	\$ 26,540

Table of Contents

Fortune Brands Home & Security Hourly Employee Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2015 and 2014

(Dollars in thousands)

- (a) The Lifepath collective trust funds were valued at their December 31, 2015 and 2014 net asset value per share as provided by the funds' administrator. The investment strategy of these funds is to maximize total return with a risk level that may be appropriate for each fund's particular timeframe by holding a mix of stocks, fixed income instruments, real estate and commodities and gradually shifting to a conservative risk level at the end of the timeframe. Redemption from these funds is permitted with 30-days notice.
- (b) The international collective trust fund is an index fund that invests in a portfolio of international equity securities and seeks investment results that correspond generally to the price and yield performance, before fees and expenses, of MSCI ACWI ex-U.S. IMI Index.

NOTE E RISKS AND UNCERTAINTIES

The Plan provides for various investments in any combination of stocks, mutual funds and collective trust funds. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in market value could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.

NOTE F TAX STATUS

On April 24, 2014, the Internal Revenue Service (IRS) determined and informed the Plan by letter, that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan Administrator believes that the Plan is currently designed and is currently being operated in compliance, in all material respects, with the applicable requirements of the Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE G RELATED-PARTY TRANSACTIONS

Certain Master Trust investments are managed by Fidelity Investments. Fidelity Investments is an affiliated company of the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Master Trust also holds shares of Fortune Brands Common Stock.

Fees have been paid to Fidelity by the Plan or Plan Administrator for record-keeping and investment management services for the years ended December 31, 2015 and 2014.

NOTE H PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue contributions at any time. Fortune Brands, as Plan sponsor, has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in the Company contribution portion of their accounts.

NOTE I SUBSEQUENT EVENTS

On January 4, 2016, assets relating to the accounts of Waterloo participants totaling approximately \$10,000 were transferred from the Plan to a newly established plan sponsored by Waterloo Holdings, Inc. Management of the Plan has evaluated subsequent events and there were no additional material subsequent events that required recognition or additional disclosures in these statements.
