China North East Petroleum Holdings LTD. (the Registrant) was unable to file its Annual Report on Form 10-KSB for the fiscal year ended December 31, 2005 by March 31, 2006 because of delays in the completion of its financial statements and related portions of the 2005 Form 10-KSB, which delays could not be eliminated by the Company without unreasonable effort and expense. The Company believes that it will be able to complete and file the 2005 Form 10-KSB by the fifteenth calendar day following the prescribed due date.

Management has determined that the Company materially overstated its proved oil and gas reserves for the fiscal years ended 2003 and 2004 based on the Estimated Net Reserves and Income Data Report prepared by R.A. Lenser and Associates, Inc., an energy consulting firm, for the 2003-2005 fiscal years, which the Company received on March 29, 2005. As a result, management has determined that the Company must restate its financial statements for the years ended 2003 and 2004 because the overstatement of reserve estimates resulted in inappropriate characterization of other results in the Company's balance sheets and statements of income and cash flows of and for the years ended December 31, 2003 and December 21, 2004, including, without limitation, depreciation and amortization of oil and gas properties and reserve amounts. As a result, the Company was unable to complete the preparation of its 2005 financial statements prior to March 31, 2006.

## Edgar Filing: CHINA NORTH EAST PETROLEUM HOLDINGS LTD - Form NT 10-K

In addition to the referenced operating results, the Company has determined that certain of its disclosures required by SFAS No. 69, Disclosures about Oil and Gas Producing Activities, disclosed in the notes to its financial statements will be restated for 2004. In particular, the Company now estimates that net capitalized costs for 2004 were approximately \$4.6 million, or approximately \$213,000 less than previously disclosed, results of operations from oil and gas producing (excluding corporate overhead and financing costs) were approximately \$504,000, or approximately \$64,000 less than previously disclosed, and the standardized measure of discounted future net cash related to proven reserves as of December 31, 2004 was approximately \$8.8 million, or approximately \$24.8 million less than previously disclosed.
