1. INCORPORATION

Kingsway Financial Services Inc. ("KFSI" "Kingsway" or the "Company") was incorporated under the Business Corporations Act (Ontario) on September 19, 1989. On November 10, 1995, KFSI filed articles of amendment deleting its private company share restrictions, subdividing KFSI's outstanding common shares on a three for one basis, and deleting the Class A Special Shares and the Class B Special Shares that were previously authorized. On October 11, 1996, KFSI filed articles of amendment to subdivide the common shares on a two for one basis. On April 27, 1998, KFSI filed articles of amendment to subdivide the common shares on a two for one basis.

The principal and registered office of KFSI is located at 7120 Hurontario Street, Suite 800, Mississauga, Ontario, L5W 0A9.

2. INTER-CORPORATE RELATIONSHIPS

KFSI's material subsidiaries and their inter-corporate relationship with KFSI as of the most recent financial year end are listed and described in Note 2 (a) to the consolidated financial statements of KFSI (the "Consolidated Financial Statements") contained in KFSI's 2007 Annual Report (the "Annual Report") which is incorporated herein by reference. All subsidiaries are 100% owned, directly or indirectly (except for qualifying shares of York Fire & Casualty Insurance Company and Kingsway General Insurance Company held by directors in order to satisfy applicable statutory requirements).

3. GENERAL DEVELOPMENT OF THE BUSINESS

KFSI is a holding company which operates through its wholly owned subsidiaries in the property and casualty insurance business. Since its inception in 1986, Kingsway General Insurance Company ("KGIC") has provided property and casualty insurance in specialized lines in Canada, primarily in the automobile insurance market. In 1989, KGIC became a wholly owned subsidiary of KFSI. Since KFSI's initial public offering in 1995, KFSI has made selective acquisitions in Canada and the United States, including its insurance subsidiaries, American Service Insurance Company, Inc., U.S. Security Insurance Company, Jevco Insurance Company ("Jevco"), Southern United Fire Insurance Company, Universal Casualty Company, Lincoln General Insurance Company ("Lincoln"), York Fire & Casualty Insurance Company, American Country Insurance Company, Zephyr Insurance Company Inc. ("Zephyr"), Mendota Insurance Company and its wholly owned subsidiary Mendakota Insurance Company (collectively, "Mendota"). In 1998, KFSI established Avalon Risk Management Inc. to act as an insurance intermediary for specialty lines such as cargo insurance, surety bonds and other insurance coverage for the logistics industry. In addition, insurance subsidiaries have developed specific books of business by entering into contracts with program managers. All of the dollar amounts are expressed in U. S. dollars, except where otherwise indicated. References to C\$ are to Canadian dollars.

Significant events that have influenced the general development of the business over the last three years include:

- (a) the completion in July 2005 of the public offering of C\$78 million of 5.00% Kingsway Linked Return of Capital Preferred Units ("LROC Preferred Units") due June 30, 2015, the net proceeds of which were used for a series of investments that included the purchase of an approximately C\$74.1 million 7.12% senior notes due June 30, 2015 issued by an affiliate of KFSI;
- (b) the closing in October 2005 of the acquisition of HI Holdings, Inc. ("HI") for \$24.6 million, which included HI's wholly owned subsidiary, Zephyr;
- (c) the completion in November 2005 of a program management agreement between Lincoln and The Robert Plan Corporation ("RPC"), which provided that Lincoln would assume the risk relating to assigned risk obligations acquired from other insurers, and in 2006 and early 2007, the subsequent purchase of the renewal rights of the RPC's assigned risk business for approximately \$35.0 million;
- (d) the entering into in June 2006 of a new \$175 million unsecured credit facility which matures in June 2009 to replace a C\$150 million 364 day revolving credit facility originally entered into in March 2004;
- (e) the closing in April 2007 of the acquisition of Mendota. The purchase of approximately \$51.1 million was financed through a combination of internal sources and KFSI's existing credit facilities;
- (f) the closing in July 2007 by Kingsway 2007 General Partnership ("Kingsway GP"), a wholly-owned subsidiary of KFSI, of a public offering of C\$100,000,000 principal amount of 6% senior unsecured debentures of Kingsway GP for net proceeds of approximately \$99,188,000. The debentures are jointly and severally guaranteed by KFSI and Kingsway America Inc. ("Kingsway America"). The guarantee of Kingsway America is an unsecured senior obligation of Kingsway America and ranks equally with all of Kingsway America's other unsecured senior indebtedness and ranks senior to all existing and future subordinated indebtedness of Kingsway America;
- (g) the redemption in December 2007 of the previously issued C\$78 million of 8.25% unsecured senior debentures which had a maturity date of December 31, 2007; and
- (h) the entering into in December 2007 of a 365 day C\$70 million credit facility agreement, which supplements the existing \$175 million that matures in June 2009.

4. NARRATIVE DESCRIPTION OF THE BUSINESS

In 2007, non-standard automobile business became the largest business line for KFSI and accounted for 31% of KFSI's \$1.96 billion of gross premiums written ("GPW") (GPW being the total premiums on insurance underwritten before deduction of reinsurance premiums ceded) in 2007. Non-standard automobile insurance is the insuring of automobile risks for drivers with worse than average driving records primarily as a result of accidents or traffic violations.

KFSI is considered to be one of the largest trucking insurers in North America according to data compiled from A.M. Best Company. This line of business comprised 21% of KFSI's GPW in 2007.

KFSI's premium distribution by line and geographic areas is set out in Note 14 to the Consolidated Financial Statements, which Note is incorporated herein by reference.

In addition to revenue derived from premiums earned, KFSI also derives revenue from premium financing and investment income. This revenue amounted to \$193.6 million in 2007 as compared to \$149.9 million in 2006.

The selected Supplemental Financial Information set out on page 86 of the Annual Report, which section is incorporated herein by reference, provides details of the GPW, underwriting profits, and key ratios from KFSI's insurance operations compared to industry results for the eight year period ending December 31, 2007.

Employees

As at December 31, 2007, KFSI employed an aggregate of approximately 2,900 personnel, none of whom are unionized. We believe our relationship with our employees is good.

Liquidity

Capital required for KFSI's business has been obtained from KFSI's public offerings of common shares and debt securities, its syndicated term and operating lending facilities, the issuance of trust preferred securities and internally generated net income. KFSI's operations create liquidity by collecting and investing premiums, as more fully discussed on page 39 of the Annual Report, which section is incorporated herein by reference.

Investment Portfolio

The fair value of KFSI's securities portfolio increased 14% to \$3.51 billion as at December 31, 2007 from \$3.09 billion as at December 31, 2006. Total returns on a pre-tax basis were 6.1% for the year compared with 5.2% for 2006. The investment portfolio as at December 31, 2007 and December 31, 2006 is comprised of assets from a number of different classes as reflected in Note 4 to the Consolidated Financial Statements set out on pages 71 to 72 of the Annual Report, which section is incorporated herein by reference.

Competitive Position

The insurance industry is price competitive in all markets in which KFSI's insurance subsidiaries operate. KFSI's subsidiaries strive to employ disciplined underwriting practices with the objective of rejecting underpriced risks including terminating or repricing unprofitable business and focusing on good risks within specialty markets where limited competition allows for a good spread of risk and above average returns. The combined ratio of claims plus underwriting expenses compared to net premiums earned is the traditional measure of underwriting results of property and casualty companies. In any year when the ratio exceeds 100%, it generally indicates that unprofitable business has been underwritten. Through deliberate underwriting, pricing, risk selection, claims management, and non-renewal of unprofitable policies, KFSI has produced an underwriting profit in 13 of the last 18 years.

During 2007, KFSI increased its GPW 2% to \$1.96 billion compared to \$1.93 billion in 2006. The increases came primarily from the acquisition of Mendota and the impact of currency exchange rates. In certain segments of the insurance market, KFSI noticed a continued softening of the market and wrote reduced premium volumes. KFSI believes that it is better to write less business with higher profits than to compete with other insurers at lower premiums to increase volume at the expense of higher combined ratios. In 2007, Kingsway's combined ratio from Canadian and U.S. Operations was 95.0% and 115.3%, respectively, compared with the industry averages of 92.4% and 95.6%, respectively.

5. RISK FACTORS

The risks faced by KFSI are described on pages 47 to 56 of the Annual Report and this section is incorporated herein by reference.

6. DIVIDEND POLICY

The ability of KFSI to pay dividends is largely dependent upon its ability to receive dividends from its subsidiaries. The insurance subsidiaries are regulated and are required to maintain statutory capital in order to write insurance policies. Regulatory authorities may impose, from time to time, additional restrictions which may affect the actual amounts available to KFSI for the payment of dividends.

KFSI paid and declared cash dividends in the aggregate amount of C\$0.30 per share, C\$0.26 per share and C\$0.20 per share for the fiscal years ended December 31, 2007, 2006 and 2005, respectively. KFSI has declared a quarterly dividend of C\$0.075 per share payable on March 31, 2008. Any decision to pay dividends on KFSI's common shares in the future will be dependent upon the financial requirements of KFSI to finance future growth, the financial condition of KFSI and other factors which the Board of Directors of KFSI may consider appropriate in the circumstances.

7. DESCRIPTION OF CAPITAL STRUCTURE

(a) Common Shares

General Description of Capital Structure

The authorized capital of KFSI consists of an unlimited number of common shares, of which, as of March 17, 2008, 55,334,528 common shares were outstanding. All common shares have the same attributes, including the right to one vote per share.

On November 3, 2005, KFSI announced its intention to commence a normal course issuer bid ("NCIB") to repurchase up to 2,823,000 common shares of the Company, being approximately five percent of the total number of common shares then outstanding. Purchases were eligible to commence on November 8, 2005 and end no later than November 7, 2006. During this period, 562,800 common shares were repurchased at an average price of C\$22.13. On November 7, 2006, KFSI announced its intention to commence another NCIB to repurchase up to 2,800,000 common shares, ending no later than November 8, 2007 and being no more than five percent of the total number of common shares outstanding. During this period, 563,600 common shares were repurchased at an average price of C\$23.01. On November 9, 2007, KFSI announced its intention to commence another NCIB to repurchase up to 2,780,000 common shares, ending no later than November 12, 2008 and being no more than 5% of the total number of common shares outstanding. For the period November 13, 2007 to December 31, 2007, KFSI had repurchased 123,700 of its common shares at an average price of C\$16.14. For the year ended December 31, 2007, 445,100 common shares had been repurchased at an average price of C\$20.35.

Change of Control

Many state insurance laws intended primarily for the protection of policyholders require advance approval by state insurance commissioners of any change in control of an insurance company that is domiciled (or, in some cases, having such substantial business that it is deemed to be commercially domiciled) in that state. "Control" is generally presumed to exist through the ownership of 10% or more of the voting securities of a domestic insurance company or of any company that controls a domestic insurance company. In addition, insurance laws in many states contain provisions that require prenotification to the insurance commissioners of a change in control of a non-domestic insurance company licensed in those states.

Any future transactions that would constitute a change in Control of our U.S. insurance company subsidiaries, including a change of Control of KFSI, would generally require the party acquiring Control to obtain the prior approval by the insurance departments of the insurance subsidiaries' states of domicile or commercial domicile, if any, and may require pre-acquisition notification in applicable states that have adopted pre-acquisition notification provisions. Obtaining these approvals could result in material delay of, or deter, any such transaction.

In addition, Jevco is a federal property and casualty insurance company continued under the Insurance Companies Act (Canada) (the "ICA"), and licensed to carry on property and casualty insurance business in all of the provinces and territories of Canada. The ICA is administered, and activities of Jevco are supervised, by the Office of the Superintendent of Financial Institutions (the "OSFI"). Under the ICA, advance approval by the OSFI is required prior to the acquisition of a significant interest in an insurance company licensed thereunder. A "significant interest" is generally a direct or indirect ownership interest representing 10% of the voting rights or 25% of the shareholders' equity of an insurance company.

(b)

Debt Securities

Kingsway America, a subsidiary of KFSI, has issued \$125 million 7.50% senior notes due in 2014. The notes are fully and unconditionally guaranteed by KFSI. The notes will be redeemable at Kingsway America's option on or after February 1, 2009.

Between December 4, 2002 and December 16, 2003, six subsidiary trusts of KFSI issued \$90.5 million of 30 year capital securities to third parties in separate private transactions. In each instance, a corresponding floating rate junior subordinated deferrable interest debenture was then issued by Kingsway America to the trust in exchange for the proceeds from the private sale. The floating rate debentures bear interest at the London interbank offered interest rate for three-month U.S. dollar deposits, plus spreads ranging from 3.85% to 4.20%, but until dates ranging from December 4, 2007 to January 8, 2009, the interest rates will not exceed 12.45% to 12.75%. KFSI has the right to call each of these securities at par anytime after five years from their issuance until their maturity.

In July 2005, in connection with the offering of LROC Preferred Units, an affiliate of KFSI issued an unsecured senior note in the principal amount of C\$74.1 million. This note bears interest at the rate of 7.12% per annum and mature on June 30, 2015.

In July 2007, Kingsway GP, a subsidiary of KFSI, issued C\$100,000,000 principal amount of 6% senior unsecured debentures. These debentures bear interest at the rate of 6% per annum and mature on July 11, 2012.

(c) Ratings

The ratings received from rating organizations for securities of KFSI are described on page 43 of the Annual Report and this section is incorporated herein by reference.

8. MARKET FOR SECURITIES

(a) Trading Price and Volume

The common shares of KFSI are listed on the Toronto Stock Exchange (the "TSX") and the New York Stock Exchange (the "NYSE") (Symbol: KFS).

The following chart sets forth the high and low sales price and volume for the common shares of KFSI on the TSX for the periods indicated in Canadian dollars:

Month	High	Low	Volume
January 2007	25.45	23.43	2,797,000
February 2007	26.07	21.56	7,317,000
March 2007	22.65	20.21	5,112,800
April 2007	24.37	21.44	3,130,000
May 2007	23.15	19.62	5,513,300
June 2007	20.72	19.69	3,567,800
July 2007	20.15	18.72	2,485,000
August 2007	20.75	17.75	3,614,300
September 2007	19.65	18.27	2,167,400
October 2007	19.80	17.56	3,876,900
November 2007	19.87	15.53	4,242,000
December 2007	16.15	10.77	5,908,700

(b)

Prior Sales

No common shares of KFSI were issued during the fiscal year ending December 31, 2007 except for 76,303 common shares issued on the exercise of options granted pursuant to KFSI's Amended and Restated Stock Option Plan.

9. DIRECTORS AND OFFICERS

(a) Name, Occupation and Security Holding

The following table and the notes thereto state the names of all executive officers of the Company, all other positions or offices with the Company and its subsidiaries now held by them, their principal occupations or employment and the number of common shares and options of the Company beneficially owned, directly or indirectly, by each of them, or over which they exert control or direction as of March 17, 2008. The same information relating to the Directors of the Company is contained in the "Election of Directors" section of the Management Information Circular of KFSI dated March 17, 2008, which section is incorporated herein by reference.

Name and Municipality of Residence	Position with the Company	Common Shares of the Company beneficially owned, directly or indirectly, or controlled or directed	Number of Options Held
W. Shaun Jackson, Oakville, ON(1)	President and Chief Executive Officer, KFSI	106,637	421,000
Shelly Gobin Mississauga, ON(2)	Vice President and Chief Financial Officer, KFSI	75,061	52,500
Frank Amodeo Toronto, ON	Vice President, KFSI	9,204	47,500
Denis Cloutier Newmarket, ON	Vice President and Chief Actuary - Canadian Operations, KFSI	1,772	32,500
Dennis Fielding Pickering, ON	Vice President, KFSI	6,180	50,500
Anastassia Plitman Maple, ON	Vice President, Internal Audit, KFSI	230	4,500
Tom Mallozzi Brampton, ON	Vice President, Underwriting, KFSI	794	19,500

		1,407	20,500

Andrew Wright Toronto, ON	Vice President, Reinsurance and Risk Management, KFSI		
Kathleen Howie Oakville, ON	Assistance Vice President and Chief Legal Counsel, KFSI	Nil	Nil

Notes:

- (1) William G. Star retired as President and Chief Executive Officer of KFSI effective December 31, 2007. Mr. Jackson was appointed as President and Chief Executive Officer of KFSI effective January 1, 2008.
- (2) W. Shaun Jackson was KFSI's Executive Vice President and Chief Financial Officer until December 31, 2007, when he was appointed as KFSI's President and Chief Executive Officer. Ms. Gobin was appointed as Vice President and Chief Financial Officer effective January 11, 2008.

Denis Cloutier joined KFSI in January 2001 as Chief Actuary and was promoted to Vice President and Chief Actuary, Canadian Operations in September 2006.

Anastassia Plitman joined KFSI in July 2007. Prior thereto, Ms. Plitman was the Director of the Internal Audit and Controls Practice for Jefferson Wells International in Canada from February 2005 to June 2007. From September 1998 to January 2005, Ms. Plitman was the Director of Internal Audit for Nortel Networks.

Tom Mallozzi joined KFSI in December 2005. Prior thereto, Mr. Mallozzi was with Kingsway General as Vice President, Personal Lines from January 2003 until December 2005. From November 1998 to December 2002 Mr. Mallozzi was Manager, Personal Lines with Allianz Insurance Company.

Andrew Wright joined KFSI in July 2004. Prior thereto, Mr. Wright was Senior Reinsurance Underwriter at Aviva Canada Inc. from April 2002 to July 2004. From October 2000 to April 2002, Mr. Wright was a consultant and teaching advisor for the Insurance Institute of Canada.

Kathleen Howie joined KFSI in December 2007. Prior thereto, Ms. Howie was formally in the General Counsel of Chubb Insurance Company of Canada from September 2006 to December 2007. From September 2005 to August 2006 she was a member of the Corporate Legal Counsel department at RBC Insurance. From August 2003 to August 2004, Ms. Howie was a Special Associate at Blaney McMurty LLP. Prior to moving in-house Ms. Howie practiced privately for insurers in a variety of complex commercial matters.

Except as noted above, for the past five years, each executive officer has been engaged in his current occupation or in other capacities within the same or a related entity.

As a group, the directors and officers of KFSI own, directly or indirectly or exercise control or direction over 312,843 (0.57%) of the total outstanding common shares of KFSI. The information as to shares owned indirectly or over which control or direction is exercised by the directors and officers, but which are not registered in their names, not being within the knowledge of KFSI, has been furnished by such officers of KFSI.

The Company does not have an Executive Committee. In 2007, Mr. Walsh served as KFSI's Lead Director. The Board of Directors (the "Board") has established an Audit Committee comprised solely of outside Directors, namely Messrs. Atkins, Di Giacomo, Farnam and Walsh. In addition, the Board has established a Nominating Committee comprised of Messrs. Atkins, Walsh, Reeve and Sullivan, a Compensation and Management Resources Committee comprised of Messrs. Farnam, Di Giacomo, Beamish and Gillespie and an Investment Committee which in 2007 was comprised of Messrs. Di Giacomo, Star, Sullivan and Walsh. In 2008, it is expected that Mr. Jackson will be appointed to replace Mr. Star as a member of the Investment Committee. In 2007, the Board established a Special Committee, comprised of Messrs. Atkins, Di Giacomo, Reeve and Walsh.

(b)

Cease Trade Order

Mr. Gillespie, a member of the Board of Directors since 2006, was a director of Atlas Cold Storage Income Trust during a time in which all of the directors were subject to a cease trade order as a result of failing to file quarterly financial reports within the time requirements mandated by Canadian securities laws. The cease trade order was lifted on May 11, 2004.

(c)

Conflicts of Interest

To the knowledge of KFSI, no director or officer of KFSI has an existing or potential material conflict of interest with KFSI or any of its subsidiaries.

10.

LEGAL PROCEEDINGS

In connection with its operations, KFSI and its subsidiaries are, from time to time, named as defendants in actions for damages and costs allegedly sustained by plaintiffs. While it is not possible to estimate the outcome of the various proceedings at this time, such actions have generally been resolved with minimal damages or expense in excess of amounts provided and KFSI does not believe that it will incur any significant additional loss or expense in connection with such actions.

11. INTEREST OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS

The Audit Committee reviewed all related party transactions between KFSI and its subsidiaries and the officers and directors of KFSI. The Audit Committee determined that there were no related party transactions that required disclosure under any securities laws other than commissions of approximately \$67,855 paid by a cruise ship operator to a corporation owned by the spouse of the former President and Chief Executive Officer of KFSI for an incentive cruise sponsored by KFSI for certain of its brokers.

11

12.

AUDIT COMMITTEE INFORMATION

(a) Composition of the Audit Committee

The Audit Committee of KFSI is composed of the following four members: David H. Atkins, Thomas A. Di Giacomo, Walter E. Farnam and F. Michael Walsh. Mr. Farnam was appointed a member in February 2006. The responsibilities and duties of the Audit Committee are set out in the Audit Committee's charter, the text of which is set forth in Appendix I to this Annual Information Form.

The Board believes that the composition of the Audit Committee reflects a high level of financial literacy and expertise. Each member of the Audit Committee has been determined by the Board to be "independent" and "financially literate" as such terms are defined under Canadian and United States securities laws and the NYSE rules. In addition, the Board has determined that Mr. Atkins is an "Audit Committee Financial Expert" as such term is defined under United States securities laws. The Board has made these determinations based on the education and breadth and depth of experience of each member of the Audit Committee. The following is a description of the education and experience of each member of the Audit Committee that is relevant to the performance of his or her responsibilities as a member of the Audit Committee:

David H. Atkins is an independent consultant. He previously was a Senior Advisor to Lang Michener LLP, a law firm, from 1999 to 2007. He is a fellow of the Institute of Chartered Accountants of Ontario. Mr. Atkins consults to the insurance and other industries regarding business strategy, mergers, acquisitions, governance and financial reporting. He also advises with regard to regulatory compliance. Mr. Atkins has lectured extensively with respect to governance and audit committee issues. Mr. Atkins is Chairman for the Swiss Reinsurance group in Canada and also sits on the board of several Swiss Reinsurance subsidiaries in the United States and Canada, as well as serving on the boards of several other companies including Pareto Corporation, Pethealth Inc., Nightingale Informatix Inc. and Integrated Asset Management Inc.

Thomas A. Di Giacomo has been the President of Tadico Limited, a business consulting and investment firm since 1994. Prior thereto he held a number of positions at Manulife Financial, the most recent being Chairman of the Board, President and CEO from 1990-1993. Mr. Di Giacomo is the Chairman of RDM Corporation and is a member of the St. Michael's College Foundation of the University of Toronto and past chairman of Kids Help Phone - a Canadian charity that provides national, bilingual confidential phone and web counselling, referral and information services for children and youth. Mr. Di Giacomo sits on the Board of several companies including Cinram International Income Fund, Xceed Mortgage Corporation, and Menu Foods Income Fund.

Walter E. Farnam received a B.A. from Brown University. During his career, Mr. Farnam has held various senior positions in the insurance industry and from 1998 until his retirement in June 2001 served as Chairman of the Board of the CGU Insurance Group in the United States. Prior to June 1998, Mr. Farnam was Chairman and Chief Executive Officer of General Accident Insurance in Philadelphia. He also held the position of President and Chief Operating Officer of General Accident Insurance in the United States from July 1985 through August 1991. He is a Fellow of the Casualty Actuarial Society and is Past Chairman of the Council of Insurance Company Executives. Mr. Farnam also served on the Executive Committee and Board of Trustees of the American Institute for Chartered Property Casualty Underwriters/Insurance Institute of America. Mr. Farnam is currently the chair of the board of directors of Crozer-Keystone Health System, a not-for-profit organization.

APPENDIX I

KINGSWAY FINANCIAL SERVICES INC.
AUDIT COMMITTEE CHARTER

I. Purpose

The Audit Committee is appointed by the Board of Directors to assist the Board in fulfilling its oversight responsibilities with respect to (a) the integrity of the Company's financial statements, (b) the Company's compliance with legal and regulatory requirements, (c) the external auditor's qualifications and independence, and (d) the performance of the Company's internal audit function and the performance of the external auditors. The Audit Committee's primary duties and responsibilities are to:

- i. Identify and monitor the management of the principal risks that could impact the financial reporting of the Company.
- ii. Monitor the integrity of the Company's financial reporting process and system of internal controls regarding financial reporting and accounting appropriateness and compliance.
- iii. Recommend the appointment of and monitor the independence and performance of the company's external auditors and the external appointed actuary.
- iv. Provide an avenue of communication among the external auditors, the external appointed actuary, management and the Board of Directors.
- v. Review the annual audited financial statements with management and the external auditors.

II. Organization

Audit Committee members shall meet the requirements of the Business Corporations Act (Ontario), all applicable securities laws, and the Toronto Stock Exchange and the New York Stock Exchange. The Audit Committee shall be comprised of three or more directors as determined by the Board, each of whom shall be outside directors who are unrelated, free from any relationship that would interfere with the exercise of his or her independent judgment. All members of the Committee shall be financially literate, being defined as able to read and understand basic financial statements, and the Chair of the Committee shall have accounting or related financial management expertise. The Audit Committee shall assist the Board in determining whether or not one or more members of the Audit Committee is an "audit committee financial expert" as defined in SEC Release 33-8177.

Audit Committee members shall be appointed by the Board annually at the meeting of the Board of Directors next following the annual meeting. The Audit Committee Chair shall be designated by the full board or if it does not do so, the members of the Committee may designate a Chair by majority vote of the Committee membership.

III. Structure and Meetings

The Committee shall meet at least quarterly, or more frequently as circumstances dictate. The Audit Committee Chair shall prepare and/or approve an agenda in advance of each meeting. The Committee should meet privately in executive session with each of management, the external auditors, the external appointed actuary, the internal auditor and as a committee to discuss any matters that the Committee or each of these groups believe should be discussed.

The Audit Committee has the authority to conduct any investigation appropriate to fulfilling its responsibilities, and it has direct access to the external auditors as well any other employees or consultants to Kingsway and its subsidiaries. The Audit Committee has the ability to retain, at the Company's expense, special legal, accounting, or other consultants or experts it deems necessary in the performance of its duties.

IV. Responsibilities and Duties

The Audit Committee shall have the power and authority of the Board of Directors to perform the following duties and fulfil the following responsibilities.

Review Procedures

1. Review and reassess the adequacy of this Mandate at least annually and submit the mandate to the Board of Directors for approval.
2. Review the Company's annual audited financial statements and discuss the Company's quarterly financial statements and related documents prior to filing or distribution. Review should include discussion with management and external auditors of significant issues regarding accounting principles, practice, and significant management estimates and judgments as well as the contents of "Management's Discussion and Analysis".
3. In consultation with management, external auditors, and external appointed actuary, consider the integrity of the Company's financial reporting processes and internal controls. Discuss significant financial risk exposures and the steps management has taken to monitor, control, and report such exposures. Review significant findings prepared by the external auditors together with management's responses.
4. Review the effectiveness of the overall process for identifying the principal risks affecting financial reporting and provide the Committee's view to the Board of Directors.
5. Review by the Board of Directors of the Company's quarterly financial results and related documents prior to the release of earnings and/or the company's quarterly financial statements prior to filing or distribution.

6. Review financial statements and other related documents to be included in any prospectus or other offering document of the Company.
7. Discuss the Company's earnings press releases as well as financial information and earnings guidance provided to analysts and rating agencies.

External Auditors and Actuaries

8. The external auditors are accountable to the Audit Committee and the Board of Directors, as representatives of the shareholders. The Audit Committee shall review the independence and performance of the auditors and annually recommend to the Board of Directors the appointment of the external auditors or approve any discharge of auditors when circumstances warrant.
9. Recommend the appointment and approve the appointment, compensation and work carried out by the external auditors, including the provision of both audit related and non-audit related services.
10. On not less than an annual basis, the Committee should review and discuss with the external auditors all significant relationships they have with the Company that could impair the auditors' independence.
11. Review the external auditors' audit plan and in particular, discuss and approve audit scope, staffing, locations, reliance upon management and general audit approach.
12. On not less than an annual basis review with the external auditors:
 - i. all critical accounting policies and practices to be used in connection with the auditor's report.
 - ii. all alternative treatments within GAAP for policies and practices related to material items that have been discussed with management, including ramifications of the use of such alternative disclosures and treatments; and the treatment preferred by the auditor; and
 - iii. other material written communications between the auditor and the management of the Company, such as any management representation letter, schedule of unadjusted differences, reports on observations and recommendations on internal control, engagement letter and independence letter.
13. Prior to releasing the year-end earnings, discuss the results of the audit with the external auditors. Discuss certain matters required to be communicated to audit committees in accordance with the standards established by the Canadian Institute of Chartered Accountants.
14. Consider the external auditors' judgments about the quality and appropriateness of the Company's accounting principles as applied in the Company's financial reporting.

15. Set clear hiring policies for employees or former employees of the external auditors.
16. Consider the external appointed actuary's judgment about the appropriateness of management's selection of assumptions of methods to determine the unpaid claims liabilities included in the company's year-end financial statements.

Internal Audit Department and Legal Compliance

17. Discuss policies with respect to risk assessment and risk management.
18. On not less than an annual basis, obtain and review a report by the external auditor describing the Company's internal quality-control procedures and any material issues raised by the most recent internal quality-control review, or peer review of the Company.
19. Review significant internal audit reports together with management's response and follow-up to these reports.
20. Meet separately, periodically, with management, with internal auditors and with external auditors.
21. Review formal whistleblower procedures that address the receipt, retention and treatment of complaints regarding accounting, internal controls and auditing matters and the confidential anonymous submission by employees of any concerns regarding questionable accounting or auditing matters.
22. On at least an annual basis, review with the Company's counsel any legal matters that could have a significant impact on the organization's financial statements, the Company's compliance with applicable laws and regulations, and inquiries received from regulators or governmental agencies.
23. Develop and recommend to the full Board a set of corporate governance principles, review such principles annually and recommend any modifications thereto.
24. Consider corporate governance issues that may arise from time to time and make recommendations to the Board with respect thereto.
25. Confer, as appropriate, with the General Counsel on matters of corporate governance.

Other Audit Committee Responsibilities

26. Annually assess the effectiveness of the committee against this Mandate and report the results of the assessment to the Board
27. Perform any other activities consistent with this Mandate, the Company's by-laws and governing law, as the Committee or the Board deems necessary or appropriate.
28. Maintain minutes of meetings and periodically report to the Board of Directors on significant results of the foregoing activities.

29. Establish, review, and update periodically a Code of Ethics for the CEO and other Senior Financial Officers and Code of Business Conduct and Ethics for others and ensure that management has established a system to enforce these Codes.
30. The Audit Committee will annually review a summary of director and officers' related party transactions and potential conflicts of interest.

December 2007

Consolidated Financial Statements of

KINGSWAY FINANCIAL SERVICES INC.

As at December 31, 2007 and 2006

CONSOLIDATED FINANCIAL STATEMENTS

MANAGEMENT'S STATEMENT ON RESPONSIBILITY FOR FINANCIAL INFORMATION

Management is responsible for presentation and preparation of the annual consolidated financial statements, Management's Discussion and Analysis ("MDA") and all other information in the Company's Annual Report. The consolidated financial statements have been prepared in accordance with Canadian generally accepted accounting principles and the requirements of the Securities and Exchange Commission ("SEC") including a reconciliation to generally accepted accounting principles in the United States. Financial information appearing elsewhere in the Company's Annual Report is consistent with the consolidated financial statements.

The MDA has been prepared in accordance with the requirements of securities regulators, including National Instrument 51-102 of the Canadian securities regulators as well as item 303 of Regulation S-K of the Securities Exchange Act of the United States, and their related published requirements.

The consolidated financial statements and information in the MDA necessarily include amounts based on informed judgements and estimates of the expected effects of current events and transactions with appropriate consideration to materiality. In addition, in preparing the financial information management must make determinations as to the relevancy of information to be included, and make estimates and assumptions that affect reported information. The MDA also includes information regarding the estimated impact of current transactions and events, sources of liquidity and capital resources, operating trends, risks and uncertainties. Actual results in the future may differ materially from management's present assessment of this information because future events and circumstances may not occur as expected.

In meeting its responsibility for the reliability of the consolidated financial statements and for the accounting systems from which they are derived, management maintains the necessary system of internal controls. These controls are designed to provide management with reasonable assurance that the financial records are reliable for preparing financial statements and other financial information, that assets are safeguarded against unauthorized use or disposition and that liabilities are recognized.

The Board of Directors oversees management's responsibilities for financial reporting through an Audit Committee, which is composed entirely of directors who are neither officers nor employees of the Company. The Audit Committee reviews the consolidated financial statements and recommends them to the board for approval. The Audit Committee also reviews and monitors the Company's system of internal controls as reported by management or the external auditors.

ROLE OF THE ACTUARY

With respect to the preparation of these financial statements, management prepares a valuation, including the selection of appropriate assumptions, of the Company's obligations at the balance sheet date under insurance policies issued by its subsidiaries. With respect to the preparation of these financial statements, the independent actuary, Pierre Laurin of the Tillinghast insurance consulting business of Towers Perrin Inc., carries out a review of management's valuation of the estimated unpaid claim liabilities and provides an opinion to the Board of Directors regarding the appropriateness of the estimated unpaid claim liabilities recorded by management to meet all policyholder claim obligations of the Company at the balance sheet date. The work to form that opinion includes an examination of the sufficiency and reliability of data, and review of the valuation process used by management. In performing the review of these estimated liabilities determined by management, which are by their very nature inherently variable, the actuary makes assumptions as to future loss ratios, trends, reinsurance recoveries, expenses and other contingencies, and develops appropriate methodologies taking into consideration the circumstances of the Company and the nature of the insurance policies in accordance with accepted actuarial practice, applicable legislation, and associated regulations and directives. In carrying out its work, the independent actuary makes use of the work of the external auditors with regards to data upon which their calculations are based.

The valuation is based on projections of future claims and claim adjustment expenses on claims incurred at the balance sheet date. It is certain that actual future claims and claim adjustment expenses will not develop exactly as projected and may, in fact, vary significantly from the projections. Further, the projections make no provision for new classes or claim categories not sufficiently recognized in the claims database.

Management is responsible for the accuracy and completeness of the underlying data used in the valuation. The actuary's report outlines the scope of the review and the opinion.

ROLE OF THE AUDITOR

The independent registered public accounting firm, KPMG LLP, has been appointed by the Audit Committee and ratified by the shareholders. Its responsibility is to conduct an independent and objective audit of the financial statements in accordance with Canadian generally accepted auditing standards and in 2006 and 2007 the standards of the Public Company Accounting Oversight Board (United States) and to report thereon to the shareholders. In carrying out their audit procedures relating to the claims liabilities of the Company, the auditors make use of the work and report of the independent actuary. The shareholders' auditors have full and unrestricted access to the Board of Directors and the Audit Committee to discuss audit, financial reporting and related findings. The auditors' report outlines the scope of their audit and their opinion.

MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Management is responsible for establishing and maintaining adequate internal control over financial reporting, and have designed such internal control over financial reporting to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with Canadian generally accepted accounting principles (GAAP), including a reconciliation to U.S. GAAP.

Management has used the Internal Control - Integrated Framework to assess the effectiveness of the Company's internal control over the financial reporting as of December 31, 2007, which is a recognized and suitable framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Because of inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections or any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

During 2007 the Company acquired Mendota Insurance Company and its wholly owned subsidiaries, Mendakota Insurance Company and Mendota Insurance Agency ("Mendota companies"). Due to the timing of this acquisition, Management has excluded from its assessment of effectiveness the Mendota companies internal control over financial reporting associated with total assets of \$160 million (or 3.4% of total assets) and total revenues of \$129 million (or 6.3% of total revenues) included in the consolidated financial statements for the Company as of and for the year ended December 31, 2007.

Except for the exclusion as noted in the preceding paragraph, Management has assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2007 and has concluded that such internal control over financial reporting is effective as of December 31, 2007.

The independent registered public accounting firm, KPMG LLP, appointed by the Audit Committee and ratified by the shareholders, who have audited the consolidated financial statements, have also audited the internal control over financial reporting and have issued an attestation on the effectiveness of the Company's internal control over financial reporting.

W. Shaun Jackson	Shelly Gobin
President & Chief Executive Officer	Vice President & Chief Financial Officer
March 28, 2008	

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Board of Directors of Kingsway Financial Services Inc.:

We have audited Kingsway Financial Services Inc.'s ("the Company's") internal control over financial reporting as of December 31, 2007, based on the criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audit also included performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with Canadian generally accepted accounting principles, including a reconciliation to United States generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2007, based on the criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Kingsway Financial Services Inc. acquired Mendota Insurance Company and Mendakota Insurance Company ("Mendota Companies") during 2007, and management excluded from its assessment of the effectiveness of Kingsway Financial Services Inc.'s internal control over financial reporting as of December 31, 2007, Mendota Companies' internal control over financial reporting associated with total assets of \$160 million (or 3.4% of total assets) and total revenues of \$129 million (or 6.3% of total revenues) included in the consolidated financial statements of Kingsway Financial Services Inc. as of and for the year ended December 31, 2007. Our audit of internal control over financial reporting of Kingsway Financial Services Inc. also excluded an evaluation of the internal control over financial reporting of Mendota Companies.

We also have conducted our audits on the consolidated financial statements in accordance with Canadian generally accepted auditing standards. With respect to the consolidated financial statements for the year ended December 31, 2007, we also have conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Our report dated March 28, 2008 expressed an unqualified opinion on those consolidated financial statements.

CONSOLIDATED FINANCIAL STATEMENTS

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Board of Directors of Kingsway Financial Services Inc.:

We have audited the consolidated balance sheets of Kingsway Financial Services Inc. (the "Company") as at December 31, 2007 and December 31, 2006 and the related consolidated statements of operations, statements of changes in shareholders' equity, comprehensive income and cash flows for each of the years in the three-year period ended December 31, 2007. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. With respect to the consolidated financial statements for the years ended December 31, 2007 and 2006, we also conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company as at December 31, 2007 and December 31, 2006 and the results of its operations and its cash flows for each of the years in the three-year period ended December 31, 2007 in conformity with Canadian generally accepted accounting principles.

Canadian generally accepted accounting principles vary in certain significant respects from U.S. generally accepted accounting principles. Information relating to the nature and effect of such differences is presented in Note 19 to the consolidated financial statements.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the Company's internal control over financial reporting as of December 31, 2007, based on the criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO), and our report dated March 28, 2008 expressed an unqualified opinion on the effectiveness of, the Company's internal control over financial reporting.

ACTUARY'S REPORT

I have reviewed the unpaid claims liabilities of Kingsway Financial Services Inc. determined by management and recorded in its consolidated balance sheet at December 31, 2007 and 2006 and their changes in the consolidated statement of operations for the years then ended in accordance with Canadian accepted actuarial practice.

Under Canadian accepted actuarial practice, the valuation of unpaid claims liabilities reflects the time value of money. Management has chosen not to reflect the time value of money in determining the valuation of the unpaid claims liabilities in the consolidated financial statements.

In my opinion, except as described in the preceding paragraph, management's valuation of the unpaid claims liabilities is appropriate and the consolidated financial statements fairly present the results of the valuation.

Pierre Laurin, Towers Perrin Inc.

Fellow Canadian Institute of Actuaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Tabular amounts in thousands of U.S. dollars, except for per share amounts)

Kingsway Financial Services Inc. (the “Company”) was incorporated under the Business Corporations Act (Ontario) on September 19, 1989. The Company is a financial services holding company which, through its subsidiaries in Canada, United States, Barbados and Bermuda, is engaged in property and casualty insurance.

NOTE 1 CHANGE IN ACCOUNTING POLICY:

On January 1, 2007, the Company adopted CICA Handbook Section 3855 Financial Instruments - Recognition and Measurement, Section 3865 Hedges and Section 1530 Comprehensive Income.

Section 3855 prescribes when a financial asset, financial liability or non-financial derivative is to be recognized on the balance sheet and at what amount. Under Section 3855, financial instruments other than insurance contracts must be classified into one of these five categories: held-for-trading, held-to-maturity, loans and receivables, available-for-sale financial assets or other financial liabilities. All financial instruments other than insurance contracts, including derivatives, are measured in the balance sheet at fair value except for loans and receivables, held to maturity investments and other financial liabilities which are measured at amortized cost. Subsequent measurement and changes in fair value will depend on their initial classification, as follows: held-for-trading financial assets are measured at fair value and changes in fair value are recognized in net income; available-for-sale financial instruments are measured at fair value with changes in fair value recorded in other comprehensive income until the investment is derecognized or impaired at which time the amounts would be recorded in net income.

Section 1530 establishes standards for reporting and presenting comprehensive income, which is defined as the change in equity from transactions and other events from non-owner sources. Other comprehensive income refers to items recognized in comprehensive income that are excluded from net income calculated in accordance with generally accepted accounting principles. A new statement of Comprehensive Income now forms part of the Company’s financial statements. Accumulated other comprehensive income is a separate component of shareholders’ equity.

Section 3865 describes when and how hedge accounting can be applied as well as the disclosure requirements. Hedge accounting enables the recording of gains, losses, revenues and expenses from derivative financial instruments in the same period as for those related to the hedged item.

Under adoption of these new standards, as at January 1, 2007 the Company classified all its investment securities as available-for-sale (“AFS”) except for derivative instruments which are classified as held-for-trading (“HFT”).

Available-for-sale and held-for-trading securities are measured at fair value. Accounts receivable, accrued investment income and financed premiums are classified as loans and receivables, which are measured at amortized cost. Bank indebtedness, loans payable, accounts payable and accrued liabilities, senior unsecured debentures and subordinated indebtedness are classified as other financial liabilities, which are measured at amortized cost.

As required, except to classify unrealized foreign currency translations gains/(losses) on net investments in self-sustaining foreign operations under the new caption “accumulated other comprehensive income (loss)”, prior periods have not been restated. As a result of these new standards, the following adjustments were made to our balance sheet on January 1, 2007:

	January 1, 2007 increase
Balance sheet category	
Available-for-sale securities ¹	\$ 26,470
Income taxes ²	8,798
Accumulated other comprehensive income (after-tax impact) ³	17,672

¹ To record these securities at fair value

- 2 To record income taxes on the components of accumulated other comprehensive income
 3 After-tax impact related to net unrealized gains on available-for-sale securities

The components of accumulated other comprehensive income (loss) as at December 31, 2007 and 2006, and other comprehensive income (loss) for the years then ended are as follows:

Accumulated other
comprehensive income (loss)

	Opening balance December 31, 2006	Transition January 1, 2007	Net change	Ending balance December 31, 2007	Ending balance December 31, 2006
Unrealized gains (losses) on translating financial statement of self-sustaining foreign operation	7,011	-	54,610	61,621	7,011
Unrealized gains, net of income taxes	-	17,672	19,885	37,557	-
Reclassification to net income (loss) of realized gains, net of income taxes	-	-	(13,312)	(13,312)	-

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Tabular amounts in thousands of U.S. dollars, except for per share amounts)

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

(a) Principles of consolidation:

The consolidated financial statements include the accounts of the Company and its subsidiaries. Acquisitions are accounted for by the purchase method, whereby the results of acquired companies are included only from the date of acquisition, and divestitures are included up to the date of disposal. Assets and liabilities of the acquired companies are included in the financial statements at their fair values at the date of acquisition. The Company holds interests in variable interest entities that are not included in the consolidated financial statements and which are more fully described in Note 16.

The following is a list of our material subsidiaries, all of which are 100% owned, directly or indirectly, (except for qualifying shares of York Fire & Casualty Insurance Company and Kingsway General Insurance Company held by directors in order to satisfy applicable statutory requirements), with the jurisdiction of incorporation indicated in brackets: 7120 Hurontario Limited Partnership (Ontario); American Country Holdings Inc. (Illinois); American Country Insurance Company (Illinois); American Country Financial Services Corp. (Illinois); American Country Underwriting Agency Inc. (Illinois); American Country Professional Services Corp. (Illinois); American Service Investment Corporation (Illinois); American Service Insurance Company, Inc. (Illinois); ARK Insurance Agency Inc. (Illinois); Avalon Risk Management, Inc. (Illinois); Appco Finance Corporation (Florida); Auto Body Tech Inc. (Florida); Funding Plus of America (Alabama); Hamilton Risk Management Company (Florida); HI Holdings, Inc. (Hawaii); Insurance Management Services Inc. (Florida); U.S. Security Insurance Company (Florida); Jevco Insurance Company (Canada); Kingsway 2007 General Partnership (Delaware); Kingsway America Inc. (Delaware); Kingsway Finance Nova Scotia, ULC (Nova Scotia); Kingsway General Insurance Company (Ontario); Kingsway Reinsurance (Bermuda) Ltd. (Bermuda); Kingsway Reinsurance Corporation (Barbados); Kingsway U.S. Finance Partnership (Delaware); Kingsway U.S. Tier II Finance Partnership (Delaware); MIC Holdings Inc. (Minnesota); Mendota Insurance Company (Minnesota); Mendakota Insurance Company (Minnesota); Southern United Holding, Inc. (Alabama); Southern United Fire Insurance Company (Alabama); Southern United General Agency of Texas, Inc. (Texas); UCC Corporation (Nevada); Universal Casualty Company (Illinois); Walshire Assurance Company (Pennsylvania); Lincoln General Insurance Company (Pennsylvania); York Fire & Casualty Insurance Company (Ontario); Zephyr Insurance Company (Hawaii); and RPC Insurance Agency L.L.C. (Delaware).

(b) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from these estimates and changes in estimates are recorded in the accounting period in which they are determined.

(c) Securities:

Commencing January 1, 2007, all financial instruments previously classified as investments were designated as available-for-sale securities with the exception of derivative instruments which are classified as held-for-trading securities ("HFT"). AFS securities are carried at fair value and the unrealized gains and losses are included in Accumulated Other Comprehensive Income ("AOCI") until a sale or other-than-temporary impairment is recognized, at which point cumulative unrealized gains or losses are recorded in the statement of operations. Realized gains and losses on sale, determined on an average cost basis, and write-downs to reflect other-than-temporary impairments in value are included in "Net realized gains". HFT securities are carried at fair value and unrealized gains and losses are included in the statement of operations.

Prior to the adoption of the new guidance, fixed term investments were carried at amortized cost providing for the amortization of the discount or premium on a constant yield basis to maturity. Investments in common and preferred shares were carried at cost.

Dividends and interest income from these securities are included in "Net investment income". Investment income is recorded as it accrues. Dividend income on common and preferred shares is recorded on the ex-dividend date.

The Company accounts for all financial instruments using trade date accounting.

Transaction costs are capitalized and, where applicable, amortized over the expected life of the instrument using the effective interest rate method.

The Company conducts a quarterly review to identify and evaluate securities (both debt and equity) that show objective indications of possible impairment. An impairment is charged to income if the fair value of a security falls below its cost/amortized cost, and the decline is considered other-than-temporary. Factors considered in determining whether a loss is other-than-temporary include the length of time and extent to which fair value has been below cost; financial condition and near-term prospects of the issuer; and our ability and intent to hold securities for a period of time sufficient to allow for any anticipated recovery.

(d) Cash and cash equivalents:

Cash and cash equivalents includes cash and securities with maturities of less than thirty days.

(e) Goodwill and other intangible assets:

When the Company acquires a subsidiary or other business where it exerts significant influence, the fair value of the net tangible and intangible assets acquired is determined and compared to the amount paid for the subsidiary or business acquired. Any excess of the amount paid over the fair value of those net assets is considered to be goodwill. Goodwill is tested at least annually for impairment to ensure that its fair value is greater than or equal to the carrying value. Any excess of carrying value over fair value is charged to income in the period in which the impairment is determined. At December 31, 2007 and 2006, the carrying values of goodwill were \$72,106,000 and \$69,030,000, respectively.

When the Company acquires a subsidiary or other business where it exerts significant influence or acquires certain assets, intangible assets may be acquired, which are recorded at their fair value at the time of the acquisition. An intangible asset with a definite useful life is amortized to income over its defined useful life. The Company writes down the value of an intangible asset with a definite useful life when the undiscounted cash flows are not expected to allow for full recovery of the carrying value. At December 31, 2007 and 2006 intangible assets with definite useful lives, net of accumulated amortization, were \$34,615,000 and \$19,570,000, respectively.

Intangible assets with indefinite useful lives are not subject to amortization and are tested at least annually for impairment to ensure that fair value is greater than or equal to carrying value. Any excess of carrying value over fair value is charged to income in the period in which the impairment is determined. At December 31, 2007 and 2006 the Company had intangible assets with an indefinite life of \$10,053,000 and \$2,250,000, respectively.

Amortization of intangible assets reported in the Consolidated Statements of Operations for the years ended December 31, 2007, 2006 and 2005 was \$4,007,000, \$1,030,000 and \$795,000, respectively. There were no write-downs of goodwill or intangible assets due to impairment during the years ended December 31, 2007, 2006, and 2005.

(f) Deferred policy acquisition costs:

The Company defers brokers' commissions, premium taxes and other underwriting and marketing costs directly relating to the acquisition of premiums written to the extent they are considered recoverable. These costs are then expensed as the related premiums are earned. The method followed in determining the deferred policy acquisition costs limits the deferral to its realizable value by giving consideration to estimated future claims and expenses to be incurred as premiums are earned. Changes in estimates, if any, are recorded in the accounting period in which they are determined. Anticipated investment income is included in determining the realizable value of the deferred policy acquisition costs.

(g) Premium revenue and unearned premiums:

The Company earns premium revenue over the period covered by each individual insurance contract in proportion to the insurance protection provided. For motorcycle premiums, a higher percentage of the premiums is earned during the summer months, which constitute the motorcycle riding season in Canada. For all other lines of business, the premiums are earned evenly over the contract period. Unearned premiums represent the portion of premiums written related to the unexpired risk portion of the policy at the year end.

The reinsurers' share of unearned premiums is recognized as amounts recoverable using principles consistent with the Company's method for determining the unearned premium liability.

A significant portion of the Company's revenue is subject to regulatory approvals. In Canada, automobile insurance premium rates other than for fleet automobiles are regulated by the provincial government authorities. In the United States, property and casualty insurance premium rates are subject to regulation by state government authorities.

Regulation of premium rates is based on claims and other costs of providing insurance coverage. Regulatory approvals can limit or reduce premium rates that can be charged, or delay the implementation of changes in rates.

(h) Unpaid claims:

The provision for unpaid claims includes adjustment expenses and represents an estimate for the full amount of all expected costs, including investigation, and the projected final settlements of claims incurred on or before the balance sheet date. The provision does not take into consideration the time value of money or make an explicit provision for adverse deviation.

These estimates of future loss activity are necessarily subject to uncertainty and are selected from a wide range of possible outcomes. All provisions are periodically reviewed and evaluated in the light of emerging claims experience and changing circumstances. The resulting changes in estimates of the ultimate liability are recorded as incurred claims in the accounting period in which they are determined.

(i) Reinsurance:

Net premiums earned and claims incurred are recorded net of amounts ceded to, and recoverable from, reinsurers. Estimates of amounts recoverable from reinsurers on unpaid claims are recorded separately from estimated amounts payable to policyholders. Unearned premiums are also reported before reduction for business ceded to reinsurers and the reinsurers' portion is classified with amounts due from reinsurers.

Amounts recoverable from reinsurers are estimated and recognized in a manner consistent with the Company's method for determining the related policy liability associated with the reinsured policy.

(j) Translation of foreign currencies:

The consolidated financial statements have been presented in U.S. dollars as the Company's principal investments and cash flows are influenced primarily by the U.S. dollar. The operations of its subsidiaries in Canada, Bermuda and its head office operations are self sustaining. Assets and liabilities of non U.S. dollar denominated subsidiaries are translated at year end rates of exchange. Revenue and expenses are translated at the average rate of exchange for the year. The net unrealized gains or losses which result from translation are deferred and included in shareholders' equity under the caption "Accumulated Other Comprehensive Income". The currency translation adjustment will change with fluctuations in the Canadian to U.S. dollar exchange rate.

Commencing January 1, 2007, unrealized foreign currency translation gains and losses arising from available-for-sale financial assets are included in other comprehensive income as unrealized gains/losses on available-for-sale securities until realized, at which time they are reclassified from accumulated other comprehensive income to the Consolidated Statement of Operations. Prior to fiscal 2007, unrealized foreign currency gains or losses relating to monetary investment securities were recorded in net income.

All amounts expressed in the financial statements are in U.S. dollars unless otherwise noted.

(k) Income taxes:

The Company follows the asset and liability method of accounting for income taxes, whereby future tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement

carrying amount of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Future tax assets and liabilities are measured using enacted or substantively enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on future tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the date of enactment or substantive enactment.

(l) Stock-based compensation plan:

The Company has a stock-based compensation plan which is described in Note 8. The Company uses the fair-value method of accounting for stock-based compensation awards granted to employees and non-employee directors for options granted on or after January 1, 2003. The Company determines the fair value of the stock options on their grant date using the Black-Scholes option pricing model and records the fair value as a compensation expense over the period that the stock options vest, with a corresponding increase to contributed surplus. When these stock options are exercised, the amount of proceeds, together with the amount recorded in contributed surplus, is recorded in share capital.

No compensation expense is recognized for stock options granted prior to January 1, 2003. The consideration paid by employees and non-employee directors on exercise of these stock options is credited to share capital.

During 2006 the Company adopted the recommendation of EIC 162 relating to stock-based compensation for employees eligible to retire before the vesting date. The additional stock compensation expense relating to eligible employees for fiscal year 2007 and 2006 was \$145,000 and \$648,000 respectively.

(m) Capital assets:

Capital assets are reported in the financial statements at amortized cost. Amortization of capital assets has been provided using the straight-line method over the estimated useful lives of such assets. The useful lives range from 10 to 40 years for buildings, 3 to 39 years for leasehold improvements, 3 to 10 years for furniture and equipment, 3 to 5 years for computers and software, and 3 to 5 years for automobiles.

NOTE 3 FUTURE CHANGE IN ACCOUNTING POLICY AND DISCLOSURE:

In December 2006, the CICA issued three new accounting standards: Accounting Changes, Handbook Section 1535, Capital Disclosures, Handbook Section 3862, Financial Instruments - Disclosures and Handbook Section 3863, Financial Instruments - Presentation. The following summarizes the future accounting changes that will be relevant to the Company's consolidated financial statements commencing January 1, 2008.

Handbook Section 1535 requires the following disclosures: (i) qualitative information about an entity's objectives, policies and processes for managing capital; (ii) quantitative data about what the entity manages as capital; (iii) whether the entity has complied with any externally imposed capital requirements; and (iv) if it has not complied, the consequences of such non-compliance.

Handbook Sections 3862 and 3863 replace Handbook Section 3861, Financial Instruments - Disclosure and Presentation, revising and enhancing its disclosure requirements but not changing the existing presentation requirements for financial instruments. These new sections place increased emphasis on disclosures about the nature and extent of risks arising from financial instruments and how the entity manages those risks. Handbook Section 3862 requires qualitative and quantitative disclosure of: (i) exposures to risks arising from financial instruments, how they arose and the potential impact on the amount, timing and certainty of future cash flows; (ii) information about the risk management function and the reporting and measurement systems used; (iii) the entity's policies for hedging or mitigating risk and avoiding concentrations of risk; and (iv) the sensitivity to individual market risk factors together with the methodology for performing the analysis. Handbook Section 3863 deals with the classification of financial instruments, from the perspective of the issuer, between liabilities and equity, the classification of related interest, dividends, losses and gains, and the circumstances in which financial assets and financial liabilities are offset.

Fair values of term deposits, bonds and common and preferred shares are considered to approximate quoted market values based on the latest bid prices.

Management has reviewed currently available information regarding those investments whose estimated fair values are less than their carrying amounts and ascertained that the carrying amounts are expected to be recovered. Debt securities whose carrying amounts exceed fair value can be held until maturity when management expects to receive the principal amount. Principally, unrealized losses on debt securities have arisen due to increases in market interest rates rather than deteriorating creditworthiness of the issuers.

Management performs a quarterly analysis of the Company's investment holdings to determine if declines in market value are other than temporary. The analysis includes some or all of the following procedures as deemed appropriate by management:

- identifying all security holdings in unrealized loss positions that have existed for at least six months or other circumstances that management believes may impact the recoverability of the security;
- obtaining a valuation analysis from third party investment managers regarding the intrinsic value of these holdings based on their knowledge, experience and other market based valuation techniques;

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Tabular amounts in thousands of U.S. dollars, except for per share amounts)

- reviewing the trading range of certain securities over the preceding calendar period;
- assessing if declines in market value are other than temporary for debt security holdings based on their investment grade credit ratings from third party security rating agencies;
- assessing if declines in market value are other than temporary for any debt security holding with non-investment grade credit rating based on the continuity of its debt service record; and
- determining the necessary provision for declines in market value that are considered other than temporary based on the analyses performed.

The risks and uncertainties inherent in the assessment methodology utilized to determine declines in market value that are other than temporary include, but may not be limited to, the following:

- the opinion of professional investment managers could be incorrect;
- the past trading patterns of individual securities may not reflect future valuation trends;
- the credit ratings assigned by independent credit rating agencies may be incorrect due to unforeseen or unknown facts related to a company's financial situation; and
- the debt service pattern of non-investment grade securities may not reflect future debt service capabilities and may not reflect the company's unknown underlying financial problems.

Net investment income for the years ended December 31 is comprised as follows:

	2007	2006	2005
Investment income:			
Interest on short-term investments	\$ 21,437	\$ 17,547	\$ 9,881
Interest on bonds	108,612	90,826	73,615
Dividends	12,536	12,026	8,939
Premium finance	4,951	5,836	7,059
Other	2,057	2,258	1,447
Gross investment income	149,593	128,493	100,941
Investment expenses	8,137	7622	7906
Net investment income	\$ 141,456	\$ 120,871	\$ 93,035

Net realized gains for the years ended December 31, 2007, 2006, and 2005 were \$52,111,000, \$28,987,000 and \$38,239,000, respectively. Included in net realized gains were adjustments to the carrying values of investments for declines in market value considered other than temporary of \$20,410,000, \$4,582,000 and \$4,806,000 for the years ended December 31, 2007, 2006 and 2005, respectively.

As at December 31, 2007, bonds and term deposits with an estimated fair value of \$48,120,000 (2006 - \$40,260,000) were on deposit with regulatory authorities.

NOTE 5 FINANCIAL INSTRUMENTS:

(a) Financial risk management objectives and policies:

By virtue of the nature of the Company's business activities, financial instruments make up the majority of the balance sheet. The risks which arise from transacting financial instruments include credit risk, price risk, liquidity risk and

cash flow risk. Price risk arises from changes in interest rates, foreign currency exchange rates and changes in market conditions whether caused by factors specific to an individual instrument or factors affecting all instruments traded in the market.

Further details are provided below on the risk management objectives and policies as they relate to the specific financial risks:

Credit risk:

The Company is exposed to credit risk principally through its investment securities and balances receivable from policyholders and reinsurers. The Company has policies to limit and monitor its exposure to individual issuers or related groups (with the exception of U.S. and Canadian government bonds). The Company's credit exposure to any one individual policyholder is not material. The Company's policies, however, are distributed by agents, program managers or brokers who manage cash collection on its behalf. The Company has policies to evaluate the financial condition of its reinsurers and monitors concentrations of credit risk arising from similar geographic regions, activities, or economic characteristics of the reinsurers to minimize its exposure to significant losses from reinsurer insolvency.

Price, liquidity and cash flow risk:

The Company is exposed to:

- Changes in the value of its fixed income securities to the extent that market interest rates change;
- Foreign currency risks with respect to securities, receivables and policies denominated in foreign currencies;
- Changes in the value of equity and fixed income securities as a result of market conditions
- The risk of losses to the extent that the sale of a security prior to its maturity is required to provide liquidity to satisfy policyholder and other cash outflows; and
- The risk that future inflation of policyholder cash flows exceeds returns on long-dated investment securities.

To mitigate these risks, the Company has policies to limit and monitor its exposure to individual issuers or related groups and to ensure that assets and liabilities are broadly matched in terms of their duration and currency.

(b) Fair value:

Fair value amounts represent estimates of the consideration that would currently be agreed upon between knowledgeable, willing parties who are under no compulsion to act and are best evidenced by quoted market prices, if they exist. Some of the Company's financial liabilities lack an active trading market. Therefore, these instruments have been valued using present value or other valuation techniques and thus, may not necessarily be indicative of the amounts realizable in an immediate settlement of the instruments. Also, the calculation of estimated fair value is based on market conditions at a specific point in time and may not be reflective of future fair values. For the Company's financial instruments carried at cost or amortized cost, the book value is not adjusted to reflect increases or decreases in fair value due to market fluctuations, including those due to interest rate changes as it is the company's intention to hold them until there is a recovery of fair value, which may be to maturity.

Refer to Note 4 with respect to fair value disclosure on securities. The fair value of unpaid claims and the fair value of amounts due from reinsurers and other insurers have been omitted because it is not practicable to determine their fair value with sufficient reliability.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Tabular amounts in thousands of U.S. dollars, except for per share amounts)

The tables below summarize the fair valuation of debt liabilities.

As at December 31	Total Fair Value*	Total Carrying Value	2007 Favourable/ (Unfavourable)
Loans Payable	\$ 54,493	\$ 66,222	\$ 11,729
Senior unsecured debentures	221,517	220,080	(1,437)
Subordinated indebtedness	90,500	87,354	(3,146)
	Total Fair Value*	Total Carrying Value	2006 Favourable/ (Unfavourable)
Loans Payable	\$ 68,485	\$ 66,222	\$ (2,263)
Senior unsecured debentures	197,238	191,930	(5,308)
Subordinated indebtedness	90,500	90,500	-

* The fair value is based on quoted market prices where they are available. Otherwise, fair value is estimated based on future cash flows discounted at current interest rates.

The carrying value of all other financial instruments approximates their fair value due to the short term to maturity of those financial instruments.

(c) Interest rate risk:

Duration is a measure used to estimate the extent to which market values change with changes in interest rates. Using this measure, it is estimated that an immediate hypothetical 100 basis point parallel increase in interest rates would decrease the market value of our fixed income securities by \$92.3 million (2006 - \$76.0 million), representing 3.3% (2006 - 3.1%) of the \$2,814.6 million (2006 - \$2,483.8 million) fair value fixed income securities portfolio.

The following table summarizes carrying amounts of financial instruments by contractual maturity or expected cash flow dates (the actual repricing dates may differ from contractual maturity because certain securities and debentures have the right to call or prepay obligations with or without call or prepayment penalties):

As at December 31

	One year or less	One to five years	Five to ten years	More than ten years	No specific date	Total
Assets:						
Cash and cash equivalents	\$ 161,635	\$ -	\$ -	\$ -	\$ -	\$ 161,635

Accrued investment income	33,186	-	-	-	-	33,186
Finance premiums	91,851	-	-	-	-	91,851
Accounts receivable and other assets	365,410	-	-	-	-	365,410
Due from reinsurers and other insurers	(5,999)	181,135	27,676	4,325	-	207,137
Liabilities:						

Edgar Filing: KINGSWAY FINANCIAL SERVICES INC - Form 40-F

Bank indebtedness	172,436	-	-	-	-	172,436
Loans payable	-	-	66,222	-	-	66,222
Accounts payable and accrued liabilities	144,940	-	-	-	-	144,940
Unpaid claims	735,534	1,284,106	213,264	34,178	-	2,267,082
Senior unsecured debentures	-	99,680	120,400	-	-	220,080
Subordinated indebtedness	-	-	-	87,354	-	87,354

The coupon rates for the fixed term securities range from 2.5% to 12.0% at December 31, 2007 (2.25% to 11.0% at December 31, 2006). The average effective yield (using amortized cost and the contractual interest rates, adjusted for any amortization of premiums and discounts) is 4.7% (2006 - 4.4%).

(d) Credit risk:

The Company is exposed to credit risk principally through its fixed income securities and balances receivables from reinsurers and policyholders. The company's credit exposure to any one individual policyholder is not material. The table below summarizes the credit exposure of the company from its investments in fixed income securities and term deposits by rating as assigned by S&P or Moody's Investor Services, using the higher of these ratings for any security where there is a split rating:

		2007		2006

*Weighted average price is stated in Canadian dollars as per the terms of the option.

- (a) During the year ended December 31, 2007, options to acquire 76,303 shares (2006 - 209,072; 2005 - 270,203 shares) were exercised at prices from C\$4.30 to C\$19.70 per share (2006 - C\$4.30 to C\$19.70 per share; 2005 - C\$4.30 to C\$19.66 per share).
- (b) The weighted average number of shares outstanding for the years ended December 31, 2007, 2006 and 2005 were 55,656,913, 56,233,964 and 56,423,207, respectively. On a diluted basis, the weighted average number of shares outstanding for the years ended December 31, 2007, 2006 and 2005 were 55,944,060, 56,868,785 and 56,962,868, respectively.
- (c) During 2007, the Company declared dividends payable in Canadian dollars of C\$0.075 per share payable for each quarter. Total dividends declared in 2007 were C\$0.30 per common share. Dividends paid to common shareholders during 2007 were C\$16,685,633 and C\$14,749,872 in 2006.
- (d) Options exercised during the year resulted in an increase in share capital from contributed surplus of \$202,000 for the year ended December 31, 2007 and \$400,000 for the year ended December 31, 2006.

- (e) On November 8, 2005 the Company obtained approval from the Toronto Stock Exchange to make a normal course issuer bid for its common shares. For the twelve month period ending November 7, 2006 the Company repurchased 562,800 of its common shares at an average price of \$19.66.
- (f) On November 9, 2006 the Company obtained approval from the Toronto Stock Exchange to make a normal course issuer bid for its common shares. For the twelve month period ending November 8, 2007 the Company may repurchase up to 2,800,000 of its common shares in total representing approximately 5% of the outstanding common shares. For the period of November 9, 2006 to December 31, 2006, the Company had repurchased 242,200 of its common shares at an average price of \$21.16. For the year ended December 31, 2006 the Company had repurchased a total of 805,000 of its common shares at an average price of \$20.11.
- (g) On November 9, 2007 the Company obtained approval from the Toronto Stock Exchange to make a normal course issuer bid for its common shares. For the twelve month period commencing November 13, 2007 and ending November 12, 2008, the Company may repurchase up to 2,780,000 of its common shares representing less than 5% of the outstanding common shares. For the period of November 13, 2007 to December 31, 2007, the Company had repurchased 123,700 of its common shares at an average price of \$16.68. For the year ended December 31, 2007 the company had repurchased a total of 445,100 of its common shares at an average price of \$18.20.

NOTE 8 STOCK-BASED COMPENSATION:

- (a) The Company has established a stock option incentive plan for directors, officers and key employees of the Company and its subsidiaries. At December 31, 2007, the maximum number of common shares that may be issued under the plan is 4,800,000 (2006 - 4,800,000) common shares. The maximum number of common shares available for issuance to any one person under the stock option plan is 5% of the common shares outstanding at the time of the grant.

The exercise price is based on the market value of the shares at the time the option is granted. In general, the options vest evenly over a three year period and are exercisable for periods not exceeding 10 years.

The intrinsic value of a stock option grant is the difference between the current market price for the Company's common shares and the exercise price of the option. The aggregate intrinsic values for the stock options outstanding at December 31, 2007, 2006 and 2005 were nil, C\$14.6 million and C\$15.4 million, respectively. The aggregate intrinsic values for stock options exercisable at December 31, 2007, 2006 and 2005 were nil, C\$11.9 million and C\$9.5 million, respectively.

The following tables summarize information about stock options outstanding as at December 31, 2007, December 31, 2006 and December 31, 2005:

Exercise prices are stated in Canadian dollars as per the terms of the option.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Tabular amounts in thousands of U.S. dollars, except for per share amounts)

December 31, 2005

	Exercise Price	Date of Grant	Expiry Date	Remaining Contractual Life (Years)	Number Outstanding	Number Exercisable
C\$	19.70	14-Feb-05	14-Feb-10	4.1	542,500	-
C\$	15.19	12-Feb-04	12-Feb-09	3.1	424,004	130,337
C\$	13.53	10-Feb-03	10-Feb-13	7.1	394,505	248,672
C\$	19.66	21-Feb-02	21-Feb-12	6.2	340,000	340,000
C\$	7.80	22-Feb-01	22-Feb-11	5.2	146,170	146,170
C\$	4.30	24-Feb-00	24-Feb-10	4.2	120,336	120,336
			Total	4.9	1,967,515	985,515

At December 31, 2007, 2006 and 2005 the number of options exercisable were 1,685,006, 1,249,359 and 985,515, respectively, with weighted average prices of C\$16.45, C\$14.81 and C\$13.89, respectively.

The Company determines the fair values of options granted using the Black-Scholes option pricing model. The per share fair value of options granted in February 2007 was C\$5.34 and in December 2007 was C\$2.38. Fair value of options granted in 2006 and 2005 were C\$6.88 and C\$3.58.

The Company does not record any compensation expense for stock options granted prior to 2003. When these stock options are exercised, the Company will include the amount of proceeds in share capital. The impact on net income and earnings per share if the Company had measured the compensation element of stock options granted based on the fair value on the date of grant on all outstanding stock options on their grant date is disclosed as follows:

	2007	2006	2005
Stock option expense included in employee compensation expense	\$ 2,468	\$ 2,515	\$ 1,883
Net income, as reported	\$ (18,526)	\$ 123,309	\$ 135,008
Additional expense that would have been recorded if all outstanding stock options granted before January 1, 2003 had been expensed	-	-	68
Pro forma net income	\$ (18,526)	\$ 123,309	\$ 134,940
Basic earnings per share			
As reported	\$ (0.33)	\$ 2.19	\$ 2.39
Pro forma	(0.33)	2.19	2.39
Diluted earnings per share			
As reported	\$ (0.33)	\$ 2.17	\$ 2.37
Pro forma	(0.33)	2.17	2.37

Stock option expense above is charged to earnings and is included as a separate component of Shareholders' Equity under the caption "Contributed Surplus".

The fair value of the options granted was estimated at the date of grant using the Black-Scholes option pricing model with the following weighted average assumptions:

	Dec1 2007	Feb 2007	2006	2005
Risk-free interest rate	3.82%	4.11%	4.02%	3.53%

Dividend yield	2.5%	1.3%	1.02%	0.9%
Volatility of the expected market price of the Company's common shares	28.8%	25.2%	31.4%	22.5%
Expected option life (in years)	3.0	4.0	3.5	3.9

1 Note: Special options granted of 25,000 at December 31 to retired C.E.O.

The Black-Scholes option valuation model was developed for use in estimating fair value of traded options that have no vesting restrictions and are fully transferable. As the Company's employee stock options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion, the above pro forma adjustments are not necessarily a reliable single measure of the fair value of the Company's employee stock options.

(b) The Company has an employee share purchase plan where qualifying employees can choose each year to have up to 5% of their annual base earnings withheld to purchase the Company's common shares. The Company matches one half of the employee contribution amount, and its contributions vest immediately. All contributions are used by the plan administrator to purchase common shares in the open market. The Company's contribution is expensed as paid and for the years ended December 31, 2007, 2006 and 2005 totalled \$885,000, \$727,000 and \$553,000, respectively.

NOTE 9 PENSION BENEFITS:

The Company maintains a separate defined contribution pension plan in Canada and in the U.S. for all of its qualified employees including the employees of all subsidiaries. In Canada, qualifying employees can choose each year to have up to 5% of their annual base earnings subject to the maximum Registered Retirement Savings Plan ("RRSP") deduction limit, withheld to contribute to the applicable plan. The RRSP deduction limit is the lesser of 18% of earned income for the preceding year or C\$19,000, C\$18,000 and C\$16,500 for 2007, 2006 and 2005 respectively. The Company matches one half of the employee contribution amount, and its contributions vest immediately. In the U.S., qualifying employees can choose to voluntarily contribute up to 60% of their annual earnings to an overall limitation of \$15,500 in 2007, \$15,000 in 2006 and \$14,000 in 2005. The Company matches 50% of the employee contribution amount each payroll period up to 5%.

The contributions for the U.S. plan vest based on years of service with 100% vesting after five years of service. The Company's contribution is expensed as paid and for the years ended December 31, 2007, 2006 and 2005 totalled \$1,389,000, \$1,581,000 and \$1,247,000, respectively. All Company obligations to the plans were fully funded as of December 31, 2007.

Prior to December 31, 1997, substantially all salaried employees of the Company's subsidiary American Country were covered by a defined benefit pension plan sponsored by American Country. Effective December 31, 1997, upon resolution of its board of directors, the plan was frozen. The reported pension expense for American Country was \$25,000, \$104,000 and \$113,000 in 2007, 2006, and 2005 respectively.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Tabular amounts in thousands of U.S. dollars, except for per share amounts)

NOTE 10 UNDERWRITING POLICY AND REINSURANCE CEDED:

In the normal course of business, the Company seeks to reduce the loss that may arise from catastrophe or other events that cause unfavourable underwriting results by reinsuring certain levels of risk, in various areas of exposure, with other insurers. The Company is not relieved of its primary obligation to the policyholder as a result of the reinsurance transaction.

Failure of reinsurers to honour their obligations could result in losses to the Company. Consequently, the Company continually evaluates the financial condition of its reinsurers and monitors concentrations of credit risk to minimize its exposure to significant losses from reinsurer insolvency.

The Company follows the policy of underwriting and reinsuring contracts of insurance, which limits the company's net exposure to the following maximum amounts:

Years ended December 31

	2007		2006		2005	
Property claims						
- Canadian operations	C\$	1,000	C\$	1,000	C\$	500
- U.S. operations	\$	500	\$	500	\$	500
Casualty claims						
- Canadian operations	C\$	2,500	C\$	2,500	C\$	2,500
- U.S. operations	\$	1,000	\$	1,000	\$	1,000

In addition, the Company has obtained catastrophe reinsurance protection which provides coverage in the event of a series of events. This reinsurance limits its net retained exposure and provides coverage up to certain maximum per occurrence amounts in excess of the retained loss other than catastrophe risks in Hawaii as follows:

Years ended December 31

	2007		2006		2005	
Canada						
- Retained loss	C\$	5,000	C\$	5,000	C\$	5,000
- Maximum coverage	C\$	120,000	C\$	145,000	C\$	145,000
United States						
- Retained loss	\$	5,000	\$	5,000	\$	2,000
- Maximum coverage	\$	35,000	\$	20,000	\$	18,000

On October 31, 2005, the Company acquired Zephyr Insurance Inc. ("Zephyr") in Hawaii. Zephyr is protected by a separate catastrophe reinsurance program under a 95% quota-share treaty and excess of loss treaty. Under this program Zephyr retains up to \$7,540,000 in net losses subject to a maximum cover of \$1,200,000,000.

During 2004, the Company entered into two quota-share contracts. The Company did not renew the quota share reinsurance treaties upon their expiry on April 1, 2005.

The unearned premium balance is affected by the reinsurance ceded as a portion of the unearned premium will be owed to the reinsurer as the premiums are earned in the subsequent periods. The amounts deducted for reinsurance ceded from net premiums earned, claims incurred and commissions and premium taxes for the years ended December 31, 2007, 2006 and 2005 were as follows:

	2007		2006		2005	
Net premiums earned	\$	139,188	\$	127,274	\$	123,715

Claims incurred	31,007	39,256	90,506
Commissions and premium taxes	29,554	29,018	34,498

The amounts of assumed premiums written were \$80,225,000, \$86,211,000 and \$141,799,000 for the years ended December 31, 2007, 2006 and 2005, respectively. The amounts of assumed premiums earned were \$84,221,000, \$93,091,000 and \$142,831,000 for the years ended December 31, 2007, 2006 and 2005, respectively.

NOTE 11 INCOME TAXES:

(a) The Company's provision for income taxes, compared to statutory rates is summarized as follows:

	2007	2006	2005
Provision for taxes at Canadian statutory marginal income tax rate	\$ (7,734)	\$ 50,515	\$ 55,750
Valuation allowance	20,202	-	-
Non-taxable investment income	(799)	(398)	(1,812)
Foreign operations subject to different tax rates	(16,860)	(33,892)	(34,218)
Change in tax rates and other	2,306	320	(381)
Provision for income taxes	\$ (2,885)	\$ 16,545	\$ 19,339

(b) The components of future income tax balances are as follows:

	2007	2006
Future income tax assets:		
Losses carried forward	\$ 105,222	\$ 33,398
Unpaid claims and unearned premiums	30,123	32,090
Securities	2,032	8,526
Share issue expenses	158	430
Profit commission accruals	2,131	5,510
Other	9,432	39,631
Valuation allowance	(20,700)	(498)
Future income tax assets	128,398	119,087
Future income tax liabilities:		
Deferred policy acquisition costs	(5,104)	(39,313)
Securities	(3,958)	(525)
Guaranteed payments	(4,931)	(2,572)
Other	(339)	(1,465)
Future income tax liabilities	(14,332)	(43,875)
Net future income tax assets	\$ 114,066	\$ 75,212

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Tabular amounts in thousands of U.S. dollars, except for per share amounts)

(c) Amounts and expiration dates of the operating loss carryforwards are as follows:

	Year of net operating loss	Expiration date	Net operating loss
U.S. operations:	1995	2010	\$ 546
	1997	2012	1,284
	2000	2020	507
	2001	2021	14,936
	2002	2022	4,405
	2003	2023	308
	2004	2024	207
	2005	2025	282
	2006	2026	75,729
	2007	2027	211,273

(d) The Company established valuation allowances of \$20,700,000 and \$498,000 for its gross future tax assets at December 31, 2007 and 2006, respectively. Based on the Company's expectations of taxable income, its ability to change its investment strategy, as well as reversing gross future tax liabilities, management believes it is more likely than not that the Company will fully realize the gross future tax assets, with the exception of a portion of its net operating losses. The valuation allowances are as a result of the potential inability to utilize a portion of its net operating losses in the U.S. that do not expire for up to 20 years. The uncertainty over the Company's ability to utilize a portion of these losses over the short term has led to the Company recording valuation allowances.

NOTE 12 UNPAID CLAIMS:

(a) Nature of unpaid claims:

The establishment of the estimated provision for unpaid claims is based on known facts and interpretation of circumstances and is therefore a complex and dynamic process influenced by a large variety of factors. These factors include the Company's experience with similar cases and historical trends involving claim payment patterns, loss payments, pending levels of unpaid claims, product mix or concentration, claims severity and claim frequency patterns.

Other factors include the continually evolving and changing regulatory and legal environment, actuarial studies, professional experience and expertise of the Company's claim departments' personnel and independent adjusters retained to handle individual claims, the quality of the data used for projection purposes, existing claims management practices including claims handling and settlement practices, the effect of inflationary trends on future claims settlement costs, court decisions, economic conditions and public attitudes. In addition, time can be a critical part of the provision determination, since the longer the span between the incidence of a loss and the payment or settlement of the claims, the more variable the ultimate settlement amount can be. Accordingly, short tail claims such as property claims, tend to be more reasonably predictable than long tail claims, such as general liability and automobile accident benefit claims that are less predictable.

Consequently, the process of establishing the estimated provision for unpaid claims is complex and imprecise as it relies on the judgement and opinions of a large number of individuals, on historical precedent and trends, on prevailing legal, economic, social and regulatory trends and on expectations as to future developments. The process of

determining the provision necessarily involves risks that the actual results will deviate, perhaps substantially, from the best estimates made.

(b) Provision for unpaid claims:

The Company's annual evaluation of the adequacy of unpaid claims includes a re-estimation of the liability for unpaid claims relating to each preceding financial year compared to the liability that was originally established. The results of this comparison and the changes in the provision for unpaid claims, net of amounts recoverable from reinsurers, for the years ended December 31, 2007, 2006 and 2005 were as follows:

	2007	2006	2005
Unpaid claims - beginning of year - net	\$ 1,762,932	\$ 1,662,551	\$ 1,463,280
Net unpaid claims of subsidiaries acquired	65,332	-	-
Provision for claims occurring:			
In the current year	1,279,668	1,193,288	1,217,952
In prior years	180,395	64,329	24,233
Claims paid during the year relating to:			
The current year	(520,557)	(409,236)	(424,997)
The prior years	(801,887)	(745,286)	(674,373)
CI Claims transferred on expiry of quota share agreement	-	-	33,788
Currency translation adjustment	123,528	(2,714)	22,668
Unpaid claims - end of year - net	2,089,411	1,762,932	1,662,551
RR reinsurers' and other insurers' share of unpaid claims	177,671	176,431	181,660
Unpaid claims - end of year	\$ 2,267,082	\$ 1,939,363	\$ 1,844,211

The results for the years ended December 31, 2007, 2006 and 2005 were adversely affected by the evaluation of unpaid claims related to prior years. In 2005, unfavourable development on unpaid claims came primarily from a terminated trucking program and Alberta non-standard automobile claims and in 2006 and 2007 primarily from long-haul trucking claims in the U.S. and from allocated loss adjustment expenses on contractor property claims in the U.S.

Canadian Operations

The Canadian operations reported favourable reserve development of \$32.0 million in the 2007 compared to \$11.1 million in 2006. Non-standard automobile contributed \$14.3 million of favourable development in 2007 compared to \$5.4 million and unfavourable development of \$8.6 million in 2006 and 2005, respectively. Ontario non-standard automobile business contributed \$10.1 million of the favourable development in 2007 and Alberta contributed \$3.3 million. Standard automobile business contributed \$8.8 million. Stable market conditions in the province of Ontario and improved reserving methodology has enabled the Canadian operations to show favourable development in 2007.

U.S. Operations

The U.S. operations reported unfavourable reserve development of \$212.4 million in 2007 compared to \$75.4 million in 2006. The Company previously outsourced the claims settlement and case reserving process for the U.S. program business. Over the last few years a concerted effort has been made to bring most of these arrangements in-house and the Company has significantly increased the internal resources as part of this focused initiative. As part of these initiatives a comprehensive review of all claim reserves previously handled by third parties has been completed over the period. This review process identified several areas where the previous claims reserves were inadequate resulting in unfavourable development of the prior years' claims reserves. Trucking business contributed \$149.7 million of the prior years' claims development in 2007, compared to \$59.4 million in 2006 and \$29.5 million in 2005. Property and liability business contributed \$58.3 million of the prior years' claims development in 2007, compared to \$13.5 million in 2006 and \$17.4 million in 2005. Allocated loss adjustment expenses on contractors' claims in the property and liability segment contributed \$53.6 million in prior years' claims development in 2007 and \$19.6 million in 2006 which was offset by favourable development on other property business.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Tabular amounts in thousands of U.S. dollars, except for per share amounts)

(c) Ranges of unpaid claims:

The Company's policy is, to the extent that management's estimates of gross reserve levels at our individual insurance subsidiaries are less than the point estimates recommended by their independent appointed actuary, those gross reserve levels will be increased to levels that are no less than the point estimate recommended by the independent appointed actuary. The ranges of provision for gross unpaid claims for our U.S. and Canadian operations estimated by our independent actuary and the actual carried provision for unpaid claims were as follows:

	Low	High	Point Estimate	Carried
As of December 31, 2007				
U.S. Operations	\$ 1,201,228	\$ 1,490,712	\$ 1,332,360	\$ 1,342,990
Canadian Operations	813,030	1,039,611	921,607	924,092
Total	\$ 2,014,258	\$ 2,530,323	\$ 2,253,967	\$ 2,267,082
As of December 31, 2006				
U.S. Operations	\$ 990,991	\$ 1,274,850	\$ 1,132,431	\$ 1,138,407
Canadian Operations	684,189	915,267	799,944	800,956
Total	\$ 1,675,180	\$ 2,190,117	\$ 1,932,375	\$ 1,939,363

(d) The fair value of unpaid claims and adjustment expenses, gross and recoverable from reinsurers, has been omitted because it is not practicable to determine fair value with sufficient reliability.

NOTE 13 ACQUISITIONS:

(a) Zephyr:

On October 31, 2005, the Company acquired 100% of the voting shares of HI Holdings Inc. for an estimated \$25,000,000. During 2006 the final purchase price was agreed with the sellers at \$24,629,000, and goodwill of \$4,494,000 was recorded with respect to this acquisition that included Zephyr Insurance Company Inc., a wholly-owned subsidiary of HI Holdings, whose primary business is residential hurricane insurance. The earnings of HI Holdings have been included in the statement of operations from November 1, 2005. HI Holdings, at the time of acquisition had total assets of approximately \$71,113,000 (excluding goodwill) consisting primarily of marketable securities and total liabilities of approximately \$51,541,000.

(b) Robert Plan Corporation:

In 2006, the Company entered into an agreement with The Robert Plan Corporation (RPC) whereby the Company acquired the renewal rights of RPC's assigned risk business. As part of these arrangements, RPC has been given the authority to market the assigned risk programs on behalf of the Company and the Company has assumed certain operating functions related to this business. The Company recognized an intangible asset of \$20,600,000 relating to this acquisition and amortization of \$1,030,000 was recorded in 2006 and \$2,060,000 in 2007. In January 2007, the Company acquired additional renewal rights from RPC and recognized an additional \$14,444,213 for the intangible asset; related amortization of \$1,444,421 was recorded in 2007. The Company determined that the intangible assets have a definite life and will amortize it to income on a straight line basis over their defined useful life of 10 years.

(c) Mendota:

On April 1, 2007, the Company acquired 100% of the issued and outstanding shares of Mendota Insurance Company (“Mendota”) in a cash transaction for a total purchase price of approximately \$51,100,000. The earnings of Mendota have been included in the consolidated statement of operations since that date. Mendota’s primary business is non-standard automobile insurance. This transaction included Mendota’s wholly owned subsidiaries, Mendakota Insurance Company and Mendota Insurance Agency, Inc.

The Company has recognized goodwill of \$970,000 and intangible assets of \$10,669,000 in 2007 related to this acquisition. The final goodwill balance will be determined upon further evaluation. Of the total acquired intangible assets, \$7,803,000 was assigned to insurance licenses, with an indefinite life and is not subject to amortization. The remaining intangible assets of \$2,866,000, of which \$1,101,000 was assigned to computer software will be amortized on a straight line basis over its defined useful life of 5 years and \$1,765,000 assigned to agent relationships will also be amortized over a 5 year term but based on a pattern in which the economic benefits of the asset are expected to be consumed.

The following table summarizes the estimated fair value of the assets acquired and liabilities assumed at the date of acquisition of Mendota.

Cash	\$	30,526
Investments		87,629
Accounts receivable		34,755
Other tangible assets		11,793
Other assets		
Intangible asset - state insurance licenses		7,803
Intangible asset - agent relationships		1,765
Intangible asset - technology based		1,101
Goodwill		970
Total Assets		176,342
Insurance liabilities		120,956
Accounts payable		1,488
Other liabilities		2,786
Total liabilities		125,230
Purchase price	\$	51,112

NOTE 14 SEGMENTED INFORMATION:

The Company provides property and casualty insurance and other insurance related services in three reportable segments: Canada, the United States and corporate and other insurance related services. The Company’s Canadian and United States segments include transactions with the Company’s reinsurance subsidiaries. At the present time, other insurance related services are not significant. Results for the Company’s operating segments are based on the Company’s internal financial reporting systems and are consistent with those followed in the preparation of the consolidated financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Tabular amounts in thousands of U.S. dollars, except for per share amounts)

NOTE 15 INDEBTEDNESS:

(a) Bank indebtedness:

On March 5, 2004, the Company entered into a C\$150 million revolving credit facility with a syndicate of three banks. In December 2004 the facility was extended for a further 364 days and matured on March 3, 2006. The facility bore interest at a floating rate based on the type of loan and the Company's senior unsecured debt rating. The amount outstanding under this facility as at December 31, 2005 was \$11,178,000, with an effective interest rate of approximately 5%.

On February 15, 2006, the Company entered into a C\$150 million 364 day revolving credit facility with a syndicate of two banks that replaced the above facility. Depending on the type of loan, the facility bore interest at a floating rate based on the Company's senior unsecured debt rating. This facility was replaced on June 23, 2006.

On June 23, 2006, the Company entered into a new \$175 million 3 year revolving facility with a syndicate of three banks. This new facility replaced the above C\$150 million 364 day revolving credit facility and contains similar terms, conditions and financial covenants compliance with which is reported quarterly. The amounts outstanding under this facility as at December 31, 2007 and 2006 were \$101,369,000 and \$51,607,000 with an effective interest rate of 5.9% and 5.7% respectively.

On December 21, 2007, the Company entered into a 365 day C\$70 million credit facility with a syndicate of banks. This facility is supplemental to the existing \$175 million credit facility above. The amounts outstanding under this facility as of December 31, 2007 were C\$70,000,000 with an effective interest rate of 6.5%.

(b) Senior unsecured debentures:

On December 6, 2002, the Company issued C\$78 million of 8.25% unsecured senior debentures with a maturity date of December 31, 2007. The debentures are redeemable prior to the maturity date, at the Company's option, upon at least 30 days notice to debenture holders. Interest on the debentures is payable semi-annually in arrears. The net proceeds to the Company were C\$77,087,420. Interest payments were C\$6,435,000 for each of the last three years. This debenture matured and was fully repaid as of December 31, 2007.

On January 29, 2004, a subsidiary of the Company, Kingsway America Inc., completed the sale of \$100 million 7.50% senior notes due 2014. The notes are fully and unconditionally guaranteed by the Company. The notes are redeemable at Kingsway America's option on or after February 1, 2009. In March 2004 an additional \$25 million of these senior notes were issued. Interest paid during the year was \$9,375,000, \$9,375,000 for 2006 and \$9,375,000 for 2005 with an effective interest rate of 8.27%.

On July 10, 2007, a general partnership of the Company, Kingsway 2007 General Partnership issued C\$100 million senior unsecured debentures at 6% due on July 11, 2012. These debentures bear interest at a fixed rate of 6% per annum payable semi-annually from the date of issuance until July 11, 2012. Interest payments are to be made on January 10 and July 10 of each year, commencing January 10, 2008 with an effective interest rate of 6.3%. The net proceeds to the Company amounted to C\$99,188,000. Kingsway 2007 General Partnership may redeem the debentures in whole at any time and in part from time to time, at the Issuer's option. The debentures will be unconditionally guaranteed by Kingsway Financial and Kingsway America, a wholly-owned subsidiary of Kingsway Financial.

(c) Subordinated indebtedness:

Between December 4, 2002 and December 16, 2003, six subsidiary trusts of the Company issued \$90.5 million of 30 year capital securities to third parties in separate private transactions. In each instance, a corresponding floating rate junior subordinated deferrable interest debenture was then issued by Kingsway America Inc. to the trust in exchange for the proceeds from the private sale. The floating rate debentures bear interest at the rate of the London interbank

offered interest rate for three month U.S. dollar deposits, plus spreads ranging from 3.85% to 4.20%, but until dates ranging from December 4, 2007 to January 8, 2009, the interest rates will not exceed 12.45% to 12.75%. The Company has the right to call each of these securities at par anytime after five years from their issuance until their maturity. The net proceeds to the Company were \$70,877,000 after deducting expenses of \$4,625,000. Interest paid during the year was \$8,896,000, \$8,479,000 for 2006 and \$6,702,000 for 2005 with an effective weighted average interest rate of 9.85% for 2007.

(d) Loans payable:

On July 14, 2005 Kingsway Linked Return of Capital Trust (“KLROC Trust”) completed its public offering of C\$78 million of 5.00% Kingsway Linked Return of Capital Preferred Units due June 30, 2015 of which the Company was a promoter. The net proceeds of the offering were used by KLROC Trust for a series of investments that included the purchase of a C\$74.1 million 7.12% senior note due June 30, 2015 issued by an affiliate.

Kingsway America Inc., a U.S. subsidiary has a promissory note payable balance of approximately \$66.2 million with Kingsway ROC LLC, an affiliated company. The note was issued on July 15, 2005 and bears interest at 7.37% annually. The note principal is payable on June 30, 2015. Interest paid was \$4,881,000 for both 2007 and 2006 with an effective interest rate of 7.37% for 2007.

(e) Contractual obligations:

The table below provides a breakdown of contractual obligations as described above in items (a) - (d):

	2007	2006
Bank indebtedness	\$ 172,436	\$ 52,149
Construction contracts	-	9,595
Senior unsecured debentures	220,080	191,930
Subordinated indebtedness	87,354	90,550
Loan payable	66,222	66,222
Total	\$ 546,092	\$ 410,446

NOTE 16 VARIABLE INTEREST ENTITIES:

Variable interest entities include entities where the equity invested in the entity is considered insufficient to finance the entity’s activities. The Company has controlled entities which are variable interest entities and two such entities are not consolidated based on accounting standards as the Company is not considered to be the primary beneficiary. The Company accounts for its investment in these entities using the equity method and includes the investment in other assets of the Consolidated Balance Sheet. The Company’s share of earnings in these entities is included in net investment income in the Consolidated Statement of Operations. As the funds invested in this non-consolidated affiliated entity formed part of the C\$74.1 million note referred to in Note 15(d), the effect of this transaction is to show additional debt on the Company’s financial statements and an off-setting equity investment of C\$8.3 million in the non-consolidated affiliated entity.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Tabular amounts in thousands of U.S. dollars, except for per share amounts)

NOTE 17 COMMITMENTS AND CONTINGENT LIABILITIES:

(a) Legal Proceedings:

In connection with its operations, the Company and its subsidiaries are, from time to time, named as defendants in actions for damages and costs allegedly sustained by the plaintiffs. While it is not possible to estimate the outcome of the various proceedings at this time, such actions have generally been resolved with minimal damages or expense in excess of amounts provided and the Company does not believe that it will incur any significant additional loss or expense in connection with such actions.

(b) Statutory Requirements:

Statutory policyholders' capital and surplus of the Company's insurance subsidiaries was \$1,168.8 million and \$1,070.7 million at December 31, 2007 and 2006, respectively.

The Company's subsidiaries are subject to certain requirements and restrictions under applicable state and provincial insurance legislation including minimum asset requirements and dividend restrictions. At December 31, 2007, under the various insurance regulatory restrictions, the Company's insurance and reinsurance subsidiaries have an aggregate dividend capacity of \$530.2 million (2006 - \$515.9 million).

(c) Letters of Credit:

On October 4, 2002 the Company entered into an annually renewable syndicated \$350 million letter of credit facility. The letter of credit facility is principally used to collateralize inter-company reinsurance balances for statutory capital management purposes. The Company pledges securities to collateralize the utilized portion of the letter of credit facility. At December 31, 2007 and 2006 the letter of credit facility utilization was \$270.9 million and \$272.3 million, respectively.

Also, from time to time, the Company pledges securities to third parties to collateralize liabilities incurred under its policies of insurance. At December 31, 2007 and 2006, the amount of pledged securities was \$38.6 million and \$25.8 million, respectively.

(d) Charitable donations:

In 2004 the Company agreed to make a gift contribution of C\$3 million to the Trillium Health Centre Foundation to be payable in equal instalments over the period of six years beginning in 2005. This contribution is being used to operate the Kingsway Financial Spine Centre in Mississauga, Ontario and is expensed as paid.

(e) Guarantee:

The Company provided a guarantee for the payment of principal and interest for a non-controlled affiliated entity which entered into a cross-currency swap transaction July 14, 2005 in conjunction with the Kingsway Linked Return of Capital Trust transaction described in Note 15 (d) whereby the affiliate swapped fixed Canadian dollar payments for fixed U.S. dollar payments. The guarantee extends until the swap agreement terminates on June 30, 2015.

(f) Future Minimum Lease Payments:

Future minimum annual lease payments under operating leases for premises/equipment for the next five years and thereafter are:

2008	\$	3,886
2009		2,068

2010	1,737
2011	1,596
2012	1,368
Thereafter	3,096

NOTE 18 SECURITIZATION TRANSACTION:

During 2006, one of the Company's U.S. subsidiaries entered into a five year revolving securitization agreement to transfer its premium finance receivables to a third party Trust. The premium finance receivables are generally for a six month term corresponding to the underlying insurance policy issued by the U.S. subsidiary. The Company sold finance premium receivables of \$16.0 million to the Trust, recorded an associated retained interest in the discounted cash flows from the cash reserve deposit maintained with the Trust and established a liability for future servicing costs. The effect of this off-balance sheet arrangement is to remove the related premium finance receivable asset from the balance sheet.

During 2007 this securitization agreement was terminated. Upon termination, the Company reimbursed \$3.7 million advanced by the Trust, net of the cash reserve deposit maintained with the Trust, reversed its liability for future servicing costs and expensed certain deferred costs associated with the set up of the facility. The effect of terminating this off-balance sheet arrangement is to reinstitute the related premium finance receivable asset to the balance sheet.

NOTE 19 RECONCILIATION OF CANADIAN AND UNITED STATES GENERALLY ACCEPTED ACCOUNTING PRINCIPLES:

The consolidated financial statements of the Company have been prepared in accordance with generally accepted accounting principles ("GAAP") in Canada. The significant differences between Canadian GAAP and U.S. GAAP, which affect the Company's consolidated financial statements, are described below:

The following table reconciles the consolidated net income and other comprehensive income as reported under Canadian GAAP with net income and other comprehensive income in accordance with U.S. GAAP:

	2007	2006	2005
Net income based on Canadian GAAP	\$ (18,526)	\$ 123,309	\$ 135,008
Impact on net income of U.S. GAAP adjustments, net of tax:	-	-	-
Net income based on U.S. GAAP*	\$ (18,526)	\$ 123,309	\$ 135,008
	2007	2006	2005

*Diluted earnings per share based on U.S. GAAP net income	\$ (0.33)	\$ 2.17	\$ 2.37

The following table reconciles shareholders' equity as reported under Canadian GAAP with shareholders' equity in accordance with U.S. GAAP:

	2007	2006
Shareholders' equity based on Canadian GAAP	\$ 940,801	\$ 900,962
Other comprehensive income	-	16,080

Cumulative net income impact:		
Other	(821)	(821)
Shareholders' equity based on U.S. GAAP	\$ 939,980	\$ 916,221

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Tabular amounts in thousands of U.S. dollars, except for per share amounts)

Our consolidated statements are prepared in accordance with Canadian GAAP. As required by the U.S. Securities and Exchange Commission (SEC), material differences between Canadian and U.S. GAAP are quantified and described below. Effective January 1, 2007, Canadian GAAP has conformed to U.S. GAAP relating to disclosures of other comprehensive income in the financial statements and accumulated balances of other comprehensive income or loss in the equity section of the Company's consolidated balance sheet. As a result, in the current year there are no reconciling items between Canadian and U.S. GAAP as reported by the Company for 2007. Total cumulative other comprehensive income amounted to \$85,866,000 and \$23,091,000 as at December 31, 2007 and 2006, respectively.

(a) Securities:

As described in Note 1, effective January 1, 2007, Canadian GAAP became substantially consistent with U.S. GAAP for the Company's activities relating to the accounting for securities. Under the adoption of these new standards, the Company classified all its investment securities as available-for-sale except for derivative instruments which are classified as held-for-trading, all of which are measured at fair value consistent with U.S. GAAP. Prior to 2007, securities were classified as portfolio investments and were carried at cost or amortized cost, and where a decline in value of an investment is considered to be other than temporary, a write-down of the investment to its estimated recoverable amount is recorded. Under U.S. GAAP, such investments would be classified as available-for-sale and are marked to market after write downs for other than temporary declines in values, and the unrealized gain or loss, net of any future income taxes, is recorded as other comprehensive income, a component of shareholders' equity.

b) Income taxes:

In June 2006, the U.S. Financial Accounting Standards Board (FASB) issued FASB interpretation No. 48 ("FIN 48"), Accounting for Uncertainty in Income Taxes - An Interpretation of FASB Statement No. 109. FIN 48 clarifies the accounting for uncertainty in income taxes recognized under Statement of Financial Accounting Standards (SFAS) No. 109, Accounting for Income Taxes. FIN 48 prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return and also provides guidance on various related matters such as derecognition, interest and penalties, and disclosure.

The Company adopted the provisions of FIN 48 on January 1, 2007. As of January 1, 2007, the Company had no unrecognized tax benefits. The Company analyzed their tax positions in accordance with the provisions of FIN 48 and has determined that there are no uncertain tax positions. As a result, no adjustment to January 1, 2007 stockholders' equity was required. The Company recognizes interest and penalties, if any, related to unrecognized tax benefits in income tax benefits.

c) Future accounting pronouncements:

In September 2006, the FASB issued Statement No. 157, Fair Value Measurements. The standard establishes a framework for measuring fair value and expands disclosures surrounding fair value measurement. The requirements of this standard will be effective for the Company beginning January 1, 2008.

In February 2007, the FASB issued Statement No. 159, Fair Value Option for Financial Assets and Liabilities. This standard allows an entity the option to measure certain financial assets and liabilities at fair value. Changes in fair value are recognized in earnings. The requirements of this standard will be effective for the Company beginning January 1, 2008.

NOTE 20 SUPPLEMENTAL CONDENSED CONSOLIDATING FINANCIAL INFORMATION:

In 2004, Kingsway America Inc. ("KAI") issued \$125 million 7.5% senior notes due in 2014 through a private offering. These notes are redeemable at KAI's option on or after February 1, 2009 and are fully and unconditionally guaranteed

by the Company. On July 10, 2007, the Company through its newly formed wholly-owned subsidiary Kingsway 2007 General Partnership (“K2007GP”) issued C\$100 million 6% senior unsecured debentures with a maturity date of July 11, 2012, unconditionally guaranteed by the Company (“KFSI”) and KAI, another wholly-owned subsidiary. The debentures will be redeemable, in whole or part, at the option of K2007GP and are not subject to repayment by the holders prior to maturity. Interest on the debentures is payable semi-annually in arrears in equal instalments on January 10 and July 10 each year beginning January 10, 2008. The following tables show condensed consolidating financial information for the Company as of December 31, 2007 and 2006 and for the three years ended December 31, 2007, 2006 and 2005, with a separate column for each Guarantor, the issuer and the other businesses of the Company combined (“Non-Guarantor subsidiaries”).
