entities.

If a partnership holds securities, the tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership that will hold securities, you should consult your tax advisor regarding the tax consequences of holding the securities to you.

This summary of material U.S. Federal income tax considerations is for general information only and is not tax advice. You are urged to consult your tax advisor with respect to the application of U.S. Federal income tax laws to your particular situation as well as any tax consequences arising under the U.S. Federal estate or gift tax rules or under the laws of any state, local, foreign or other taxing jurisdiction or under any applicable tax treaty.

### **U.S. Holders**

This section applies to you if you are a U.S. Holder . A U.S. Holder is a beneficial owner of a note or a debenture that is, for U.S. Federal income tax purposes:

a citizen or resident of the United States;

a corporation (or other entity treated as a corporation for U.S. Federal income tax purposes) created or organized in or under the laws of the United States or any political subdivision of the United States; or

**Table of Contents**

an estate or trust the income of which is subject to U.S. Federal income taxation regardless of its source.

***Payments of Interest***

Stated interest on the securities will be taxable to you as ordinary income at the time it is paid or accrued in accordance with your method of accounting for U.S. Federal income tax purposes.

***Sale, Exchange, Redemption or Other Disposition of Securities***

Upon the sale, exchange, redemption or other disposition of a note or a debenture, you will recognize taxable gain or loss equal to the difference between the amount realized on such disposition (except to the extent any amount realized is attributable to accrued but unpaid interest, which is treated as interest as described above) and your adjusted tax basis in such note or debenture. A U.S. Holder's adjusted tax basis in a note or a debenture generally will equal the cost of such note or debenture to such holder.

Gain or loss recognized on the disposition of a note or a debenture generally will be capital gain or loss, and will be long-term capital gain or loss if, at the time of such disposition, the U.S. Holder's holding period for such note or debenture is more than 12 months. Long-term capital gains of non-corporate U.S. Holders are generally subject to a reduced rate of taxation. The deductibility of capital losses by U.S. Holders is subject to certain limitations.

***Information Reporting and Backup Withholding***

In general, information reporting requirements will apply to certain payments of principal, premium (if any) and interest on and the proceeds of certain sales of the securities unless you are an exempt recipient. Backup withholding (currently at a rate of 28%) will apply to such payments if you fail to provide your taxpayer identification number or certification of exempt status or have been notified by the U.S. Internal Revenue Service ( IRS ) that payments to you are subject to backup withholding.

Any amounts withheld under the backup withholding rules will generally be allowed as a refund or a credit against your U.S. Federal income tax liability, provided that you furnish the required information to the IRS on a timely basis.

**Non-U.S. Holders**

This section applies to you if you are a Non-U.S. Holder . A Non-U.S. Holder is a beneficial owner of a note or a debenture that is not a U.S. Holder or a partnership for U.S. Federal income tax purposes.

***Payments of Interest***

Generally, payments of principal and interest on the securities will not be subject to U.S. withholding taxes, provided that you meet one of the following requirements:

You provide a completed IRS Form W-8BEN (or an acceptable substitute) to the bank, broker or other intermediary through which you hold your securities. The Form W-8BEN contains your name, address and a statement that you are the beneficial owner of the securities and that you are a Non-U.S. Holder.

You hold your securities directly through a qualified intermediary , and the qualified intermediary has sufficient information in its files indicating that you are a Non-U.S. Holder. A qualified intermediary is a bank, broker or other intermediary that (1) is either a U.S. or non-U.S. entity, (2) is acting out of a non-U.S. branch or office

and (3) has signed an agreement with the IRS providing that it will administer all or part of the U.S. tax withholding rules under specified procedures.

You are entitled to an exemption from withholding tax on interest under a tax treaty between the United States and your country of residence. To claim this exemption, you must generally complete Form W-8BEN and claim this exemption on the form. In some cases, you may instead be permitted to

S-15

---

**Table of Contents**

provide documentary evidence of your claim to the intermediary, or a qualified intermediary may already have some or all of the necessary evidence in its files.

The interest income on the securities is effectively connected with your conduct of a trade or business in the United States (and, if a tax treaty applies, is attributable to a permanent establishment or fixed base), and is not exempt from U.S. Federal income tax under a tax treaty. To claim this exemption, you must complete Form W-8ECI.

Even if you meet one of the above requirements, interest paid to you will be subject to withholding tax (generally, at a 30% rate) under any of the following circumstances:

The withholding agent or an intermediary knows or has reason to know that you are not entitled to an exemption from withholding tax. Specific rules apply for this test.

The IRS notifies the withholding agent that information that you or an intermediary provided concerning your status is false.

An intermediary through which you hold the securities fails to comply with the procedures necessary to avoid withholding taxes on the securities. In particular, an intermediary is generally required to forward a copy of your Form W-8BEN (or other documentary information concerning your status) to the withholding agent for the securities. However, if you hold your securities through a qualified intermediary or if there is a qualified intermediary in the chain of title between yourself and the withholding agent for the securities the qualified intermediary will not generally forward this information to the withholding agent.

You own 10% or more of the voting stock of Time Warner, are a controlled foreign corporation with respect to Time Warner, or are a bank making a loan in the ordinary course of its business. In these cases, you will be exempt from withholding taxes only if you are eligible for a treaty exemption or if the interest income is effectively connected with your conduct of a trade or business in the United States (and, if a tax treaty applies, is attributable to a permanent establishment or fixed base), as discussed above.

Interest payments made to you will generally be reported to the IRS and to you on Form 1042-S. However, this reporting does not apply to you if you hold your securities directly through a qualified intermediary and the applicable procedures are complied with.

The rules regarding withholding are complex and vary depending on your individual situation. They are also subject to change. We suggest that you consult with your own tax advisor regarding the application of these specific rules.

***Sale, Exchange, Redemption or Other Disposition of Securities***

Upon the sale, exchange, redemption or other disposition of a note or debenture, you will not be subject to U.S. Federal income tax on any gain unless one of the following applies:

The gain is connected with a trade or business that you conduct in the United States (and, if a tax treaty applies, is attributable to a permanent establishment or fixed base).

You are an individual, you are present in the United States for at least 183 days during the year in which you dispose of the securities, and certain other conditions are satisfied. If the foregoing conditions apply, you will be subject to U.S. Federal income tax at a rate of 30% (or lower applicable treaty rate) on any capital gain, which may be offset by certain capital losses.

The gain represents accrued but unpaid interest not previously included in income, in which case the rules for interest would apply.

***U.S. Trade or Business***

If you hold your securities in connection with a trade or business that you are conducting in the United States (and, if a tax treaty applies, income or gain with respect to the securities is attributable to a permanent establishment or fixed base):

Any interest on the securities, and any gain from the sale, exchange, redemption or other disposition of the securities, generally will be subject to U.S. Federal income tax at regular graduated rates as if you were a U.S. Holder.

If you are a corporation, you may be subject to the branch profits tax on your earnings from the securities. The rate of this tax is 30%, but may be reduced or eliminated by an applicable income tax treaty.

***Information Reporting and Backup Withholding***

U.S. rules concerning information reporting and backup withholding (currently at a rate of 28%) apply to Non-U.S. Holders as follows:

Principal and interest payments you receive will be automatically exempt from the usual rules if you are a Non-U.S. Holder exempt from withholding tax on interest, as described above. The exemption does not apply if the withholding agent or an intermediary knows or has reason to know that you should be subject to the usual information reporting or backup withholding rules. In addition, as described above, interest payments made to you may be reported to the IRS on Form 1042-S.

Sale proceeds you receive on a sale of your securities through a broker may be subject to information reporting and/or backup withholding if you are not eligible for an exemption. In particular, information reporting and backup withholding may apply if you use the U.S. office of a broker, and information reporting (but not backup withholding) may apply if you use the foreign office of a broker that has certain connections to the United States. In general, you may file Form W-8BEN to claim an exemption from information reporting and backup withholding. We suggest that you consult your own tax advisor concerning information reporting and backup withholding on a sale.

Any amounts withheld under the backup withholding rules will be allowed as a refund or credit against your U.S. Federal income tax liability, provided that you furnish the required information to the IRS on a timely basis.

Specifically, the underwriters may over-allot in connection with the offering of the securities, creating a syndicate short position. In addition, the underwriters may bid for, and purchase, securities in the open market to cover syndicate short positions or to stabilize the price of the securities. Finally, the underwriting syndicate may reclaim selling concessions allowed for distributing the securities in the offering of the securities, if the syndicate repurchases previously distributed securities in syndicate covering transactions, stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the securities above independent market levels. The underwriters are not required to engage in any of these activities, and may end any of them at any time.

We estimate that our total expenses for this offering, excluding underwriting discounts, will be \$ . We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments the underwriters may be required to make because of any of those liabilities.

**STATEMENTS REGARDING FORWARD-LOOKING INFORMATION**

The SEC encourages companies to disclose forward-looking information so that investors can better understand a company's future prospects and make informed investment decisions. This prospectus contains such forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, which we refer to in this prospectus as the Securities Act, and Section 21E of the Exchange Act. These statements may be made directly in this prospectus referring to us and they may also be made a part of this prospectus by reference to other documents filed with the SEC, which is known as incorporation by reference.

Forward-looking statements often include words such as anticipates, estimates, expects, projects, intends, plans, believes and words and terms of similar substance in connection with discussions of future operating or financial performance. All forward-looking statements are based on management's current expectations and assumptions regarding our business and performance, the economy and other future conditions and forecasts of future events, circumstances and results. As with any projection or forecast, they are inherently susceptible to uncertainty and changes in circumstances. The Company's actual results may differ materially from those set forth in its forward-looking statements. Important factors that could cause the Company's actual results to differ materially from those in its forward-looking statements include government regulation, economic, strategic, political and social conditions and the following factors:

changes in the Company's plans, initiatives and strategies, and consumer acceptance thereof;

changes in advertising expenditures due to, among other things, the shift of advertising expenditures from traditional to online media, pressure from public interest groups, changes in laws and regulations and other societal, political, technological and regulatory developments;

competitive pressures, including as a result of audience fragmentation;

the popularity of the Company's content;

piracy and the Company's ability to protect its content and intellectual property rights;

lower than expected valuations associated with the cash flows and revenues at Time Warner's segments, which could result in Time Warner's inability to realize the value of recorded intangibles and goodwill at those segments;

the Company's ability to deal effectively with an economic slowdown or other economic or market difficulty;

decreased liquidity in the capital markets, including any reduction in the Company's ability to access the capital markets for debt securities or obtain bank financings on acceptable terms;

the effects of any significant acquisitions, dispositions and other similar transactions by the Company;

the failure to meet earnings expectations;

the adequacy of the Company's risk management framework;

You should also consider the risks and uncertainties discussed under the caption "Risk Factors" included in the 2009 Form 10-K, which is incorporated by reference in this prospectus, and which may be amended, supplemented or superseded from time to time by other reports we file with the SEC in the future.

**RATIO OF EARNINGS TO FIXED CHARGES**

The ratio of earnings to fixed charges for Time Warner is set forth below for the periods indicated. As we have no shares of preferred stock outstanding as of the date of this prospectus, no ratio of earnings to fixed charges and preferred dividends is presented.

For purposes of computing the ratio of earnings to fixed charges, earnings were calculated by adding:

- (i) pretax income (loss) from continuing operations,
- (ii) adjustments for equity earnings or losses of investee companies, net of cash distributions, and
- (iii) fixed charges which consist of interest expense, capitalized interest and portions of rents representative of an interest factor from both continuing and discontinued operations.

	<b>Year Ended December 31, 2009</b>	<b>Year Ended December 31, 2008</b>	<b>Year Ended December 31, 2007</b>	<b>Year Ended December 31, 2006</b>	<b>Year Ended December 31, 2005</b>
Ratio of earnings to fixed charges	3.0x	(a)	2.0x	2.4x	1.2x

- (a) Time Warner's earnings were insufficient to cover its fixed charges by \$4.368 billion for the year ended December 31, 2008. Net loss from continuing operations before income taxes and discontinued operations for 2008 includes \$7.139 billion of noncash impairments related to goodwill and identifiable intangible assets at the Publishing segment.

**Table of Contents**

**DESCRIPTION OF THE DEBT SECURITIES AND THE GUARANTEES**

**General**

The following description of the terms of the debt securities sets forth certain general terms and provisions of the debt securities to which any prospectus supplement may relate. The particular terms of any debt securities and the extent, if any, to which such general provisions will not apply to such debt securities will be described in the prospectus supplement relating to such debt securities.

The debt securities will be issued from time to time in series under an indenture among Time Warner, Historic TW, HBO, TBS and The Bank of New York Mellon, as Trustee. The statements set forth below are brief summaries of certain provisions contained in the indenture, which summaries do not purport to be complete and are qualified in their entirety by reference to the indenture, a form of which is an exhibit to the registration statement of which this prospectus is a part. Terms used herein that are otherwise not defined shall have the meanings given to them in the indenture. Such defined terms shall be incorporated herein by reference.

The indenture does not limit the amount of debt securities which may be issued thereunder and debt securities may be issued thereunder up to the aggregate principal amount which may be authorized from time to time by us. Any such limit applicable to a particular series will be specified in the prospectus supplement relating to that series.

The applicable prospectus supplement will disclose the terms of each series of debt securities in respect of which such prospectus supplement is being delivered, including the following:

the designation, issue date, currency or currency unit of payment if other than U.S. dollars and authorized denominations of such debt securities, if other than U.S. \$1,000 and integral multiples thereof;

the aggregate principal amount offered and any limit on any future issues of additional debt of the same series;

the date or dates on which such debt securities will mature (which may be fixed or extendible);

the rate or rates (or manner of calculation thereof), if any, per annum at which such debt securities will bear interest;

the dates, if any, on which such interest will be payable;

the terms of any mandatory or optional redemption (including any sinking, purchase or analogous fund) and any purchase at the option of Holders (including whether any such purchase may be paid in cash, common stock or other securities or property);

the terms of any mandatory or optional conversion or exchange provisions;

whether such debt securities will be issued in the form of global securities and, if so, the identity of the depositary with respect to such global securities; and

any other specific terms.

We may issue debt securities of any series at various times and we may reopen any series for further issuances from time to time without notice to existing Holders of securities of that series.

Some of the debt securities may be issued as original issue discount debt securities. Original issue discount debt securities bear no interest or bear interest at below-market rates. These are sold at a discount below their stated principal amount. If we issue these securities, the prospectus supplement will describe any special tax, accounting or other information which we think is important. We encourage you to consult with your own competent tax and financial advisors on these important matters.

## **Table of Contents**

Unless we specify otherwise in the applicable prospectus supplement, the covenants contained in the indenture will not provide special protection to Holders of debt securities if we enter into a highly leveraged transaction, recapitalization or restructuring.

Unless otherwise set forth in the prospectus supplement, interest on outstanding debt securities will be paid to Holders of record on the date that is 15 days prior to the date such interest is to be paid, or, if not a business day, the next preceding business day. Unless otherwise specified in the prospectus supplement, debt securities will be issued in fully registered form only. Unless otherwise specified in the prospectus supplement, the principal amount of the debt securities will be payable at the corporate trust office of the Trustee in New York, New York. The debt securities may be presented for transfer or exchange at such office unless otherwise specified in the prospectus supplement, subject to the limitations provided in the indenture, without any service charge, but we may require payment of a sum sufficient to cover any tax or other governmental charges payable in connection therewith.

## **Guarantees**

Under the Guarantee (as defined below) of Historic TW, Historic TW, as primary obligor and not merely as surety, will fully, irrevocably and unconditionally guarantee to each Holder of debt securities and to the Trustee and its successors and assigns (1) the full and punctual payment of principal of and interest on the debt securities when due, whether at maturity, by acceleration, by redemption or otherwise, and all other monetary obligations of ours under the indenture (including obligations to the Trustee) and the debt securities and (2) the full and punctual performance within applicable grace periods of all other obligations of ours under the indenture and the debt securities. Such Guarantee will constitute a guarantee of payment, performance and compliance and not merely of collection. The obligations of Historic TW under the indenture will be unconditional irrespective of the absence or existence of any action to enforce the same, the recovery of any judgment against us or each other or any waiver or amendment of the provisions of the indenture or the debt securities to the extent that any such action or similar action would otherwise constitute a legal or equitable discharge or defense of a guarantor (except that any such waiver or amendment that expressly purports to modify or release such obligations shall be effective in accordance with its terms). The obligations of Historic TW to make any payments may be satisfied by causing us to make such payments. Historic TW shall further agree to waive presentment to, demand of payment from and protest to us and shall also waive diligence, notice of acceptance of its Guarantee, presentment, demand for payment, notice of protest for non-payment, filing a claim if we complete a merger or declare bankruptcy and any right to require a proceeding first against us. These obligations shall be unaffected by any failure or policy of the Trustee to exercise any right under the indenture or under any series of security. If any Holder of any debt security or the Trustee is required by a court or otherwise to return to us or Historic TW, or any custodian, trustee, liquidator or other similar official acting in relation to us or Historic TW, any amount paid by us or any of them to the Trustee or such Holder, the Guarantee of Historic TW, to the extent theretofore discharged, shall be reinstated in full force and effect.

Further, Historic TW agrees to pay any and all reasonable costs and expenses (including reasonable attorneys' fees) incurred by the Trustee or any Holder of debt securities in enforcing any of their respective rights under the Guarantee. The indenture provides that the Guarantee of Historic TW is limited to the maximum amount that can be guaranteed by Historic TW without rendering its Guarantee voidable under applicable law relating to fraudulent conveyance or fraudulent transfer or similar laws affecting the rights of creditors generally.

Additionally, HBO and TBS will fully, irrevocably and unconditionally guarantee Historic TW's Guarantee of the debt securities under substantially the same terms as the Guarantee of Historic TW of our indebtedness (the guarantees of the Guarantors each being a Guarantee and, collectively, the Guarantees).

The indenture provides that any Guarantor shall be automatically released from its obligations under its Guarantee upon receipt by the Trustee of a certificate of a Responsible Officer of Time Warner certifying that such Guarantor

has no outstanding Indebtedness For Borrowed Money, as of the date of such certificate, other than any other guarantee of Indebtedness For Borrowed Money that will be released concurrently with the

## **Table of Contents**

release of such Guarantee. However, there is no covenant in the indenture that would prohibit any such Guarantor from incurring Indebtedness For Borrowed Money after the date such Guarantor is released from its Guarantee.

The indenture further provides that we and the Trustee may enter into a supplemental indenture without consent of the Holders to add additional guarantors in respect of the debt securities.

## **Ranking**

The debt securities will be unsecured and senior obligations of Time Warner, and will rank equally with other unsecured and unsubordinated obligations of Time Warner. The Guarantees of the debt securities will be unsecured and senior obligations of Historic TW, HBO and TBS, as applicable, and will rank equally with all other unsecured and unsubordinated obligations of Historic TW, HBO and TBS, respectively. Each of Time Warner, Historic TW, HBO and TBS is a holding company for other non-guarantor subsidiaries, and therefore the debt securities and the Guarantees will be effectively subordinated to all existing and future liabilities, including indebtedness, of such non-guarantor subsidiaries. Such non-guarantor subsidiaries include Warner Bros. Entertainment Inc. and Time Inc. Furthermore, the ability of each of Time Warner and Historic TW and, to a certain extent, HBO and TBS to service its indebtedness and other obligations is dependent upon the earnings and cash flow of their respective subsidiaries and the distribution or other payment to them of such earnings or cash flow.

## **Certain Covenants**

We and Historic TW, HBO and TBS have agreed to certain restrictions on our activities for the benefit of the Holders. The restrictive covenants summarized below will apply, unless the covenants are waived or amended, so long as any of the debt securities issued under the indenture are outstanding, unless the prospectus supplement states otherwise. The indenture does not restrict us or our subsidiaries from paying dividends or incurring additional debt. In addition, except as summarized below, the indenture and the debt securities do not contain any covenants or other provisions designed to afford Holders of debt securities protection in the event of a recapitalization or highly leveraged transaction involving our company.

Any additional restrictive covenants of Time Warner, Historic TW, HBO or TBS pertaining to a series of debt securities will be set forth in a prospectus supplement relating to such series of debt securities.

*Limitation on Liens.* The indenture provides that neither we nor any Material Subsidiary of ours shall incur, create, issue, assume, guarantee or otherwise become liable for any Indebtedness For Borrowed Money that is secured by a lien on any asset now owned or hereafter acquired by us or it unless we make or cause to be made effective provisions whereby the debt securities will be secured by such lien equally and ratably with (or prior to) all other indebtedness thereby secured so long as any such indebtedness shall be secured. The foregoing restriction does not apply to the following:

liens existing as of the date of the indenture;

liens created by Subsidiaries of ours to secure indebtedness of such Subsidiaries to us or to one or more other Subsidiaries of ours;

liens on satellite transponders and all property rights therein and the products, revenues and proceeds therefrom which secure obligations incurred in connection with the acquisition, utilization or operation of such satellite transponders or the refinancing of any such obligations;

liens on capital leases entered into after the date of the indenture; *provided* that such liens extend only to the property or assets that are the subject of such capital leases;

liens resulting from progress payments or partial payments under United States government contracts or subcontracts;

any extensions, renewal or replacement of any lien referred to in the foregoing clauses or of any indebtedness secured thereby; *provided, however*, that the principal amount of indebtedness secured thereby shall not exceed the principal amount of indebtedness so secured at the time of such extension, renewal or replacement, or at the time the lien was issued, created or assumed or otherwise permitted, and that such extension, renewal or replacement lien shall be limited to all or part of substantially the same property which secured the lien extended, renewed or replaced (plus improvements on such property); and

other liens arising in connection with our indebtedness and our Subsidiaries' indebtedness in an aggregate principal amount for us and our Subsidiaries not exceeding at the time such lien is issued, created or assumed the greater of (A) 15% of the Consolidated Net Worth of our company and (B) \$500 million.

*Limitation on Consolidation, Merger, Conveyance or Transfer on Certain Terms.* None of Time Warner, Historic TW, HBO or TBS shall consolidate with or merge into any other Person or convey or transfer its properties and assets

substantially as an entirety to any Person, unless:

(1) (a) in the case of Time Warner, the Person formed by such consolidation or into which Time Warner is merged or the Person which acquires by conveyance or transfer the properties and assets of Time Warner substantially as an entirety shall be organized and existing under the laws of the United States of America or any State thereof or the District of Columbia, and shall expressly assume, by

supplemental indenture, executed and delivered to the Trustee, in form satisfactory to the Trustee, the due and punctual payment of the principal of (and premium, if any) and interest on all the debt securities and the performance of every covenant of the indenture (as supplemented from time to time) on the part of Time Warner to be performed or observed; (b) in the case of Historic TW, HBO or TBS, the Person formed by such consolidation or into which Historic TW, HBO or TBS is merged or the Person which acquires by conveyance or transfer the properties and assets of Historic TW, HBO or TBS substantially as an entirety shall be either (i) one of Time Warner, Historic TW, HBO or TBS or (ii) a Person organized and existing under the laws of the United States of America or any State thereof or the District of Columbia, and in the case of clause (ii), shall expressly assume, by supplemental indenture, executed and delivered to the Trustee, in form satisfactory to the Trustee, the performance of every covenant of the indenture (as supplemented from time to time) on the part of Historic TW, HBO or TBS to be performed or observed;

(2) immediately after giving effect to such transaction, no Event of Default, and no event which, after notice or lapse of time, or both, would become an Event of Default, shall have happened and be continuing; and

(3) we have delivered to the Trustee an Officers Certificate and an Opinion of Counsel each stating that such consolidation, merger, conveyance or transfer and such supplemental indenture comply with this covenant and that all conditions precedent provided for in the indenture relating to such transaction have been complied with.

Upon any consolidation or merger, or any conveyance or transfer of the properties and assets of Time Warner, Historic TW, HBO or TBS substantially as an entirety as set forth above, the successor Person formed by such consolidation or into which Time Warner, Historic TW, HBO or TBS is merged or to which such conveyance or transfer is made shall succeed to, and be substituted for, and may exercise every right and power of Time Warner, Historic TW, HBO or TBS, as the case may be, under the indenture with the same effect as if such successor had been named as Time Warner, Historic TW, HBO or TBS, as the case may be, in the indenture. In the event of any such conveyance or transfer, Time Warner, Historic TW, HBO or TBS, as the case may be, as the predecessor shall be discharged from all obligations and covenants under the indenture and the debt securities and may be dissolved, wound up or liquidated at any time thereafter.

Notwithstanding the foregoing, such provisions with respect to limitations on consolidation, merger, conveyance or transfer on certain terms shall not apply to any Guarantor if at such time such Guarantor has been released from its obligations under its Guarantee upon receipt by the Trustee of a certificate of a Responsible Officer of Time Warner certifying that such Guarantor has no outstanding Indebtedness For Borrowed Money as described above under Description of the Debt Securities and the Guarantees Guarantees.

*Reference Treasury Dealer Quotations* means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Trustee, of the bid and asked prices for the Comparable Treasury Issue, expressed in each case as a percentage of its principal amount, quoted in writing to the Trustee by such Reference Treasury Dealer at 3:00 p.m., New York City time, on the third business day preceding such redemption date.

*Remaining Scheduled Payments* means, with respect to each security to be redeemed, the remaining scheduled payments of the principal thereof and interest thereon that would be due after the related redemption date but for such redemption; *provided, however*, that, if such redemption date is not an interest payment date with respect to such security, the amount of the next succeeding scheduled interest payment thereon will be deemed to be reduced by the amount of interest accrued thereon to, but not including, such redemption date.

*Treasury Rate* means, with respect to any redemption date for the debt securities: (1) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated H.15(519) or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury debt securities adjusted to constant maturity under the caption Treasury Constant Maturities, for the maturity corresponding to the Comparable Treasury Issue; *provided* that if no maturity is within three months before or after the maturity date for the debt securities, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue will be determined and the Treasury Rate will be interpolated or extrapolated from those yields on a straight line basis, rounding to the nearest month; or (2) if that release, or any successor release, is not published during the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date. The Treasury Rate will be calculated on the third business day preceding the redemption date.

On and after the redemption date, interest will cease to accrue on the debt securities or any portion thereof called for redemption, unless we default in the payment of the Redemption Price and accrued interest. On or before the redemption date, we shall deposit with a paying agent, or the Trustee, money sufficient to pay the Redemption Price of and accrued interest on the debt securities to be redeemed on such date. If we elect to redeem less than all of the debt securities of a series, then the Trustee will select the particular debt securities of such series to be redeemed in a manner it deems appropriate and fair.

## **Defeasance**

The indenture provides that we (and, to the extent applicable, Historic TW, HBO and TBS), at our option,

(a) will be Discharged from any and all obligations in respect of any series of debt securities (except in each case for certain obligations to register the transfer or exchange of debt securities, replace stolen, lost or mutilated debt securities, maintain paying agencies and hold moneys for payment in trust), or

(b) need not comply with the covenants described above under Description of the Debt Securities and the Guarantees Certain Covenants and any other restrictive covenants described in a prospectus supplement relating to such series of

debt securities, the Guarantors will be released from the Guarantees and certain Events of Default (other than those arising out of the failure to pay interest or principal on the debt securities of a particular series and certain events of bankruptcy, insolvency and reorganization) will no longer constitute Events of Default with respect to such series of debt securities,

in each case if we deposit with the Trustee, in trust, money or the equivalent in securities of the government which issued the currency in which the debt securities are denominated or government agencies backed by the full faith and credit of such government, or a combination thereof, which through the payment of interest thereon and principal thereof in accordance with their terms will provide money in an amount sufficient to pay all the principal (including any mandatory sinking fund payments) of and premiums and interest on, and any repurchase or redemption obligations with respect to the outstanding debt securities of, such series on the dates such payments are due in accordance with the terms of such series.

To exercise any such option, we are required, among other things, to deliver to the Trustee an opinion of counsel to the effect that (i) the deposit and related defeasance would not cause the Holders of such series to recognize income, gain or loss for Federal income tax purposes and, in the case of a Discharge pursuant to clause (a), accompanied by a ruling to such effect received from or published by the United States Internal Revenue Service and (ii) the creation of the defeasance trust will not violate the Investment Company Act of 1940, as amended.

In addition, we are required to deliver to the Trustee an Officers Certificate stating that such deposit was not made by us with the intent of preferring the Holders over other creditors of ours or with the intent of defeating, hindering, delaying or defrauding creditors of our company or others.

**Events of Default, Notice and Waiver**

The indenture provides that, if an Event of Default specified therein with respect to any series of debt securities issued thereunder shall have happened and be continuing, either the Trustee thereunder or the Holders of not less than 25% in aggregate principal amount of the outstanding debt securities of such series (or 25% in aggregate principal amount of all outstanding debt securities under the indenture, in the case of certain Events of Default affecting all series of debt securities under the indenture) may declare the principal of all the debt securities of such series to be due and payable.

Events of Default in respect of any series are defined in the indenture as being:

default for 30 days in payment of any interest installment with respect to such series;

default in payment of principal of, or premium, if any, on, or any sinking fund or analogous obligation with respect to, debt securities of such series when due at their stated maturity, by declaration or acceleration, when called for redemption or otherwise;

default for 90 days after written notice to us (or Historic TW, HBO or TBS, if applicable) by the Trustee thereunder or by Holders of at least 25% in aggregate principal amount of the outstanding debt securities of such series in the performance of any covenant pertaining to debt securities of such series;

certain events of bankruptcy, insolvency and reorganization with respect to us or any Material Subsidiary thereof which is organized under the laws of the United States or any political subdivision thereof or the entry of an order ordering the winding up or liquidation of our affairs; and

any Guarantee ceasing to be, or asserted by any Guarantor as not being, in full force and effect, enforceable according to its terms, except to the extent contemplated by the indenture and any such Guarantee.

Any additions, deletions or other changes to the Events of Default which will be applicable to a series of debt securities will be described in the prospectus supplement relating to such series of debt securities.

The indenture provides that the Trustee will, within 90 days after the occurrence of a default with respect to the debt securities of any series, give to the Holders of the debt securities of such series notice of all uncured and unwaived defaults known to it; *provided, however*, that, except in the case of default in the payment of principal of, premium, if any, or interest, if any, on any of the debt securities of such series, the Trustee thereunder will be protected in withholding such notice if it in good faith determines that the withholding of such notice is in the interests of the Holders of the debt securities of such series. The term

default for the purpose of this provision means any event which is, or after notice or lapse of time or both would become, an Event of Default with respect to debt securities of such series.

The indenture contains provisions entitling the Trustee, subject to the duty of the Trustee during an Event of Default to act with the required standard of care, to be indemnified to its reasonable satisfaction by the Holders of the debt securities before proceeding to exercise any right or power under the indenture at the request of Holders of the debt securities.

The indenture provides that the Holders of a majority in aggregate principal amount of the outstanding debt securities of any series may direct the time, method and place of conducting proceedings for remedies available to the Trustee or exercising any trust or power conferred on the Trustee in respect of such series, subject to certain conditions set forth in the indenture.

In certain cases, the Holders of not less than a majority in principal amount of the outstanding debt securities of any series may waive, on behalf of the Holders of all debt securities of such series, any past default or Event of Default with respect to the debt securities of such series except, among other things, a default not theretofore cured in payment of the principal of, or premium, if any, or interest, if any, on any of the debt securities of such series or payment of any sinking or purchase fund or analogous obligations with respect to such debt securities.

The indenture includes a covenant that we will file annually with the Trustee a certificate of no default or specifying any default that exists.

## **Modification of the Indenture**

We and the Trustee may, without the consent of the Holders of the debt securities, enter into indentures supplemental to the indenture for, among others, one or more of the following purposes:

- (1) to evidence the succession of another Person to Time Warner, Historic TW, HBO or TBS and the assumption by such successor of Time Warner's, Historic TW's, HBO's or TBS's obligations under the indenture and the debt securities of any series or the Guarantees relating thereto;
- (2) to add to the covenants of Time Warner, Historic TW, HBO or TBS, or to surrender any rights or powers of Time Warner, Historic TW, HBO or TBS, for the benefit of the Holders of debt securities of any or all series;
- (3) to cure any ambiguity or correct any inconsistency in the indenture or to make any other provisions with respect to matters or questions arising under the indenture;
- (4) to add to the indenture any provisions that may be expressly permitted by the Trust Indenture Act of 1939, as amended, or the Act, excluding the provisions referred to in Section 316(a)(2) of the Act as in effect at the date as of which this instrument was executed or any corresponding provision in any similar federal statute hereafter enacted;
- (5) to establish the form or terms of any series of debt securities, to provide for the issuance of any series of debt securities and/or to add to the rights of the Holders of debt securities;
- (6) to evidence and provide for the acceptance of any successor Trustee with respect to one or more series of debt securities or to add or change any of the provisions of the indenture as shall be necessary to facilitate the administration of the trusts thereunder by one or more trustees in accordance with the indenture;
- (7) to provide any additional Events of Default;

(8) to provide for uncertificated securities in addition to or in place of certificated securities; *provided* that the uncertificated securities are issued in registered form for certain Federal tax purposes;

(9) to provide for the terms and conditions of converting those debt securities that are convertible into common stock or another such similar security;

**Table of Contents**

(10) to secure any series of debt securities pursuant to the indenture's limitation on liens;

(11) to add additional guarantors in respect of the debt securities; and

(12) to make any change necessary to comply with any requirement of the SEC in connection with the qualification of the indentures or any supplemental indenture under the Act.

No supplemental indenture for the purpose identified in clauses (2), (3), (5) or (7) above may be entered into if to do so would adversely affect the rights of the Holders of debt securities of any series in any material respect.

The indenture contains provisions permitting us and the Trustee, with the consent of the Holders of not less than a majority in principal amount of the outstanding debt securities of all series to be affected voting as a single class, to execute supplemental indentures for the purpose of adding any provisions to or changing or eliminating any of the provisions of the indenture or modifying the rights of the Holders of the debt securities of such series to be affected, except that no such supplemental indenture may, without the consent of the Holders of affected debt securities, among other things:

(1) change the maturity of the principal of, or the stated maturity of any premium on, or any installment of interest on, any debt security, or reduce the principal amount thereof or the interest or any premium thereon, or change the method of computing the amount of principal thereof or interest thereon on any date or change any place of payment where, or the coin or currency in which, any debt security or any premium or interest thereon is payable, or impair the right to institute suit for the enforcement of any such payment on or after the maturity (or, in the case of redemption or repayment, on or after the date of redemption or repayment, as the case may be), or alter the provisions of the indenture so as to affect adversely the terms, if any, of conversion of any debt securities into common stock or other securities;

(2) reduce the percentage in principal amount of any outstanding debt securities of any series, the consent of whose Holders is required for any such supplemental indenture or the consent of whose Holders is required for any waiver of compliance with certain provisions of the indenture or certain defaults thereunder, provided for in the indenture;

(3) modify certain provisions of the indenture with respect to amendments, waivers of past defaults or waivers of certain covenants, except to increase the percentage in principal amount of any outstanding debt securities of any series applicable to such provision or to provide that certain other provisions of the indenture cannot be modified or waived without the consent of the Holder of each debt security affected thereby;

(4) impair or adversely affect the right of a Holder to institute suit for the enforcement of any payment on, or with respect to, the debt securities of any series on or after the stated maturity of such series; or

(5) amend or modify the provisions of the indenture governing the Guarantees in a manner adverse to the rights of the Holders of any debt securities of any series.

**The Trustee**

The Bank of New York Mellon is the Trustee under the indenture. The Trustee is a depository for funds and performs other services for, and transacts other banking business with, us in the normal course of business.

**Governing Law**

The indenture will be governed by, and construed in accordance with, the laws of the State of New York.

**Table of Contents**

**Global Securities**

We may issue debt securities through global securities. A global security is a security, typically held by a depository, that represents the beneficial interests of a number of purchasers of the security. If we do issue global securities, the following procedures will apply.

We will deposit global securities with the depository identified in the prospectus supplement. After we issue a global security, the depository will credit on its book-entry registration and transfer system the respective principal amounts of the debt securities represented by the global security to the accounts of persons who have accounts with the depository. These account Holders are known as participants. The underwriters or agents participating in the distribution of the debt securities will designate the accounts to be credited. Only a participant or a person who holds an interest through a participant may be the beneficial owner of a global security. Ownership of beneficial interests in the global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the depository and its participants.

We and the Trustee will treat the depository or its nominee as the sole owner or Holder of the debt securities represented by a global security. Except as set forth below, owners of beneficial interests in a global security will not be entitled to have the debt securities represented by the global security registered in their names. They also will not receive or be entitled to receive physical delivery of the debt securities in definitive form and will not be considered the owners or Holders of the debt securities.

Principal, any premium and any interest payments on debt securities represented by a global security registered in the name of a depository or its nominee will be made to the depository or its nominee as the registered owner of the global security. None of us, the Trustee or any paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the global security or the maintaining, supervising or reviewing any records relating to the beneficial ownership interests.

We expect that the depository, upon receipt of any payments, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global security as shown on the depository's records. We also expect that payments by participants to owners of beneficial interests in the global security will be governed by standing instructions and customary practices, as is the case with the securities held for the accounts of customers registered in street names, and will be the responsibility of the participants.

If the depository is at any time unwilling or unable to continue as depository and a successor depository is not appointed by us within 90 days, we will issue registered securities in exchange for the global security. In addition, we may at any time in our sole discretion determine not to have any of the debt securities of a series represented by global securities. In that event, we will issue debt securities of that series in definitive form in exchange for the global securities.
