## **NOTICE TO THE MARKET**

Companhia de Saneamento Básico do Estado de São Paulo – Sabesp hereby informs its shareholders and the market in general that today it will make a presentation in the Public Hearing on the proposal for Sabesp's Extraordinary Tariff Revision, pursuant to Arsesp's Preliminary Technical Note RTS/003/2015, in which it should present as the Company's proposal a total tariff increase of 22.70%, composed of 7.80%, related to the tariff adjustment based on the IPCA consumer price index, less the productivity factor, plus the remainder of the retroactive compensatory adjustment related to the first tariff revision and 13.82%, related to the extraordinary revision.

The Company's presentation has been filed with the CVM and is available on Sabesp's website, in the Investor Relations area.

São Paulo, April 15, 2015.

Rui de Britto Álvares Affonso

Chief Financial Officer and Investor Relations Officer

**FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
