December 2016

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

1) OPERATIONS

Banco Bradesco S.A. (Bradesco) is a private-sector publicly traded company and universal bank that, through its commercial, foreign exchange, consumer financing and housing loan portfolios, carries out all the types of banking activities for which it has authorization. The Bank is involved in a number of other activities, either directly or indirectly, through its subsidiaries, specifically leasing, investment banking, brokerage, consortium management, credit cards, real estate projects, insurance, pension plans and capitalization bonds. All these activities are undertaken by the various companies in the Bradesco Organization (Organization), working together in an integrated manner in the market.

2) PRESENTATION OF THE FINANCIAL STATEMENTS

The Financial Statements of the Prudential Conglomerate were prepared to comply with the requirements of Resolution No. 4,280/13, of the National Monetary Council (CMN) and additional rules of the Brazilian Central Bank (Bacen). Thus, specific requirements in the consolidation and/or combination of the entities listed in Resolution No. 4,280/13 determined by the CMN and Bacen were observed, which are not necessarily the same established by the corporate law and by the CMN or Bacen for other types of consolidation. In this sense, they cover the financial statements of Bradesco, and foreign branches, subsidiaries and investment funds, as requested in Resolution No. 4,280/13.

For the preparation of these consolidated financial statements, the intercompany transactions, balances of equity accounts, revenue, expenses and unrealized profits were eliminated and net income and shareholders' equity attributable to the non-controlling interests were accounted for in a separate line. For jointly controlled investments with other shareholders, assets, liabilities and income and loss were included in the consolidated financial statements of the Prudential Conglomerate according to the interest held in the shareholders' equity of each investee. Goodwill on the acquisition of investments in subsidiary/associate companies or jointly controlled companies is presented in the investments and intangible assets lines (Note 15a).

The financial statements include estimates and assumptions, such as: the calculation of estimated loan losses; fair market value estimates of certain financial instruments; civil, tax and labor provisions;

impairment losses of securities classified as available-for-sale and held-to-maturity securities and non-financial assets; and the determination of the useful life of specific assets. Actual results may differ from those based on estimates and assumptions.

Bradesco's financial statements of the Prudential Conglomerate were approved by the Board of Executive Officers on February 24, 2017.

Below are the significant directly and indirectly owned companies and investment funds included in the financial statements of the Prudential Conglomerate:

(1) Increased participation through the subscription of shares in June 2016;

(2) The special purpose entity International Diversified Payment Rights Company is being consolidated. The company is part of a structure set up for the securitization of the future flow of payment orders received overseas;

(3) Proportionally consolidated companies accordance with CMN Resolution No. 4,280/13;

(4) The investment funds in which Bradesco assumes or substantially retains the risks and benefits were consolidated;

(5) Companies originating from the acquisition, in July 2016, of HSBC Brasil (Note 34f);

(6) New name of HSBC Brasil (Kirtan Bank);

(7) Incorporated by Banco Bradescard S.A. in December 2016;

(8) Increase in participation in 2016; and

(9) Funds originated from the acquisition, in July 2016, of HSBC Brasil.

3) SIGNIFICANT ACCOUNTING PRACTICES**a) Functional and presentation currencies**

Financial statements of Prudential Conglomerate are presented in Brazilian reais, which is also Bradesco's functional currency. Foreign branches and subsidiaries are mainly a continuation of activities in Brazil, and, therefore, assets, liabilities and profit or loss are translated into Brazilian reais using the appropriate currency exchange rate, to comply with accounting practices adopted in Brazil. Foreign currency translation gains and losses arising are recognized in the period's statement of income in the lines "Derivative Financial Instruments" and "Borrowing and On-lending".

b) Income and expense recognition

Income and expenses are recognized on an accrual basis in order to determine the net income for the period to which they relate, regardless of when the funds are received or paid.

Fixed rate contracts are recognized at their redemption value with the income or expense relating to future periods being recognized as a deduction from the corresponding asset or liability. Finance income and costs are recognized daily on a pro-rata basis and calculated using the compounding method, except when they relate to discounted notes or to foreign transactions, which are calculated using the straight-line method.

Floating rate and foreign-currency-indexed contracts are adjusted for interest and foreign exchange rates applicable at the reporting date.

c) Cash and cash equivalents

Cash and cash equivalents include: funds available in currency, investments in gold, securities sold under agreements to repurchase and interest-earning deposits in other banks, maturing in 90 days or less, from the time of the acquisition, which are exposed to insignificant risk of change in fair value. These funds are used by Bradesco to manage its short-term commitments.

Cash and cash equivalents detailed balances are presented in Note 5.

d) Interbank investments

Unrestricted repurchase and reverse repurchase agreements are stated at their fair value. All other interbank investments are stated at cost, plus income earned up to the end of the reporting period, net of any devaluation allowance, if applicable.

The breakdown, terms and proceeds relating to interbank investments are presented in Note 6.

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

e) Securities – Classification

- Trading securities – securities acquired for the purpose of being actively and frequently traded. They are recognized at cost, plus income earned and adjusted to fair value with changes recognized in the Statement of Income for the period;
- Available-for-sale securities – securities that are not specifically intended for trading purposes or to be held to maturity. They are recognized at cost, plus income earned, which is recognized in profit or loss in the period and adjusted to fair value with changes recognized in shareholders' equity, net of tax, which will be transferred to the Statement of Income only when effectively realized; and
- Held-to-maturity securities – securities for which there is positive intent and financial capacity to hold to maturity. They are recognized at cost, plus income earned recognized in the Statement of Income for the period.

Securities classified as trading and available-for-sale, as well as derivative financial instruments, are recognized in the consolidated statement of financial position at their fair value. Fair value is generally based on quoted market prices or quotations for assets or liabilities with similar characteristics. If market prices are not available, fair values are based on traders' quotations, pricing models, discounted cash flows or similar techniques to determine the fair value and may require judgment or significant estimates by Management.

Classification, breakdown and segmentation of securities are presented in Note 7 (a to c).

f) Derivative financial instruments (assets and liabilities)

Derivative instruments are classified based on the objective for which the underlying instrument was acquired at the date of purchase, taking into consideration its use for possible hedging purposes.

Operations involving derivative financial instruments are designed to meet the Bank's own needs in order to manage overall exposure, as well as to meet customer requests to manage their positions. The gains or losses are recognized in the statement of income or shareholders' equity.

Derivative financial instruments used to mitigate risk deriving from exposure to variations in the fair value of financial assets and liabilities are designated as hedges when they meet the criteria for hedge accounting and are classified according to their nature:

- Market risk hedge: the gains and losses, realized or not, of the financial instruments classified in this category as well as the financial assets and liabilities, that are the object of the hedge, are recognized in the Statement of Income; and
- Cash flow hedge: the effective portion of valuation or devaluation of the financial instruments classified in this category is recognized, net of taxes, in a specific account in shareholders' equity. The ineffective portion of the hedge is recognized directly in the Statement of Income.

A breakdown of amounts included as derivative financial instruments, in the statement of financial position and off-balance-sheet accounts, is disclosed in Note 7 (d to g).

g) Loans and leasing, advances on foreign exchange contracts, other receivables with credit characteristics and allowance for loan losses

Loans and leasing, advances on foreign exchange contracts and other receivables with credit characteristics are classified by risk level, based on: (i) the parameters established by CMN Resolution No. 2,682/99, which requires risk ratings to have nine levels, from "AA" (minimum risk) to "H" (maximum risk); and (ii) Management's assessment of the risk level. This assessment, which is carried out regularly, considers current economic conditions and past experience with loan losses, as well as specific and general risks relating to operations, debtors and guarantors. Moreover, the days-past-due is also considered in the rating of customer risk as per CMN Resolution No. 2,682/99, as follows:

____ December 2016

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

Past-due period (1)	Customer rating
• from 15 to 30 days	B
• from 31 to 60 days	C
• from 61 to 90 days	D
• from 91 to 120 days	E
• from 121 to 150 days	F
• from 151 to 180 days	G
• more than 180 days	H

(1) For transactions with terms of more than 36 months, past-due periods are doubled, as permitted by CMN Resolution No. 2,682/99.

Interest and inflation adjustments on past-due transactions are only recognized in the Statement of Income up to the 59th day that they are past due. As from the 60th day, they are recognized in off-balance sheet accounts and are only recognized in the Statement of Income when received.

Renegotiated transactions are held, at least, at the same rating as they were classified.

H-rated past-due transactions remain at this level for six months, after which they are written-off against the existing allowance and controlled in off-balance-sheet accounts for at least five years.

Renegotiated transactions are held at the same rating as on the date of the renegotiation or classified in a higher risk rating. Renegotiations already written-off against the allowance and that were recognized in off-balance-sheet accounts, are rated as level "H" and any possible gains derived from their renegotiation are recognized only when they are effectively received. When there is a significant repayment on the operation or when new material facts justify a change in the level of risk, the operation may be reclassified to a lower risk category.

The estimated allowance for loan losses is calculated to sufficiently cover probable losses, considering CMN and Bacen standards and instructions, together with Management's assessment of the credit risk.

Type, values, terms, levels of risk, concentration, economic sector of client's activity, renegotiation and income from loans, as well as the breakdown of expenses and statement of financial position accounts for the allowance for loan losses are presented in Note 9.

Leasing

The portfolio of leasing operations consists of contracts firmed with the support of Decree No. 140/84, of the Ministry of Finance, which contains clauses of: (a) non-cancellation; (b) purchase option; and (c) post-fixed or fixed restatement and are accounted for in accordance with the standards established by Bacen, as follows:

I- Leases receivable

Reflect the balance of installments receivable, restated according to the indexes and criteria established by contractual agreement.

II- Unearned income from leasing and Guaranteed Residual Value (GRV)

Recorded at the contractual amount, conversely to adjusted accounts of unearned revenues from leasing and Residual value to balance, both submitted through negotiated conditions. The GRV received in advance is recorded in Other Liabilities – Creditors by Anticipation of the Residual Value until the date of contractual termination. The adjustment at present value of the lease payments and the GRV receivable from the financial leasing operations is recognized as excessive/insufficient depreciation on leased assets, in order to reconcile the accounting practices. In operations whose delays are equal to or greater than 60 days, the appropriation to the result occurs upon receipt of contractual installments, in accordance with CMN Resolution No. 2,682/99.

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

III- Leased fixed assets

It is recorded at acquisition cost, minus the accrued depreciations. The depreciation is calculated using the linear method, with the benefit of a 30% reduction in the normal life cycle of the asset, provisioned in the current legislation. The main annual rates of depreciation used, as base for this reduction, are the following: vehicles and the like, 20%; furniture and utensils, 10%; machinery and equipment, 10%; and other assets, 10% and 20%.

IV- Losses on leases

The losses recorded in the sale of leased assets are deferred and amortized over the remaining normal life cycle of assets, and are shown along with the Leased Fixed Assets (Note 9k).

V- Excessive (insufficient) depreciation

The accounting records of leasing operations are maintained as legal requirements, specific for this type of operation. The procedures adopted and summarized in items "II" to "IV" above differ from the accounting practices provisioned in Brazilian corporate law, especially concerning the regime of competence in the record of revenues and expenses related to lease contracts. As a result, in accordance with Bacen Circular No. 1,429/89, the present value of outstanding leasing installments was calculated, using the internal rate of return of each contract, recording a leasing revenue or expenditure, conversely to the entries of excessive or insufficient depreciation, respectively, recorded in Permanent Assets, with the objective of adapting the leasing operations to the regime of competence (Note 9k).

h) Income tax and social contribution (assets and liabilities)

Deferred tax assets, calculated on income tax losses, social contribution losses and temporary differences, are recognized in "Other Receivables - Sundry" and the deferred tax liabilities on tax differences in leasing depreciation (applicable only for income tax), fair value adjustments on securities, monetary update of judicial deposits, among others, are recognized in "Other Liabilities - Tax and Social Security", in which for the differences in leasing depreciation only the income tax rate is applied.

Deferred tax assets on temporary differences are realized when the difference between the accounting treatment and the income tax treatment reverses. Deferred tax assets on income tax and social contribution losses are realizable when taxable income is generated, up to the 30% limit of the taxable profit for the period. Deferred tax assets are recognized based on current expectations of realization considering technical studies and analyses carried out by Management.

The provision for income tax is calculated at 15% of taxable income plus a 10% surcharge. For financial companies, for companies considered as such and for the insurance industry, the social contribution on the profit was calculated until August 2015, considering the rate of 15%. For the period between September 2015 and December 2018, the rate was changed to 20%, according to Law No. 13,169/15. The rate will revert to 15% from January 2019. For the other companies, the social contribution is calculated considering the rate of 9%.

Due to the amendment of the rate, Bradesco Organization recognized, in September 2015, an incremental amount to the deferred tax of social contribution, considering the annual expectations of realization and their respective rates in force in each period, according to the technical study produced.

Provisions were recognized for other income tax and social contribution in accordance with specific applicable legislation.

The breakdown of income tax and social contribution, showing the calculations, the origin and expected use of deferred tax assets, as well as unrecognized deferred tax assets, is presented in Note 33.

December 2016

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

i) Prepaid expenses

Prepaid expenses consist of funds already disbursed for future benefits or services, which are recognized in the profit or loss on an accrual basis.

Incurring costs relating to assets that will generate revenue in subsequent periods are recognized in the Statement of Income according to the terms and the amount of expected benefits and directly written-off in the Statement of Income when the corresponding assets or rights are no longer part of the institution's assets or when future benefits are no longer expected.

In the case of the remuneration paid for the origination of credit operations or leasing to the banking correspondents related to credit operations originated during 2015 and 2016, Bradesco opted to recognize part of the total value of compensation, pursuant to the provisions of Bacen Circular No. 3,738/14.

Prepaid expenses are shown in detail in Note 11b.

j) Investments

Investments in unconsolidated and jointly controlled companies, where Bradesco has significant influence over the investee or holds at least 20% of the voting rights, are accounted for using the equity method.

Tax incentives and other investments are stated at cost, less allowance for losses/impairment, where applicable.

Subsidiaries are consolidated – the composition of the main companies are disclosed in Note 2. The composition of unconsolidated and jointly controlled companies, as well as other investments, are disclosed in Note 12.

k) Premises and equipment

Relates to the tangible assets used by the Bank in its activities, including those resulting from transactions that transfer risks, benefits and control of the assets to the Bank.

Premises and equipment are stated at acquisition cost, net of accumulated depreciation, calculated by the straight-line method based on the assets' estimated economic useful life, using the following rates: real estate – 4% per annum; installations, furniture, equipment for use, security systems and communications – 10% per annum; transport systems – 20% per annum; and data-processing systems – 20% to 40% per annum, and adjusted for impairment, when applicable.

The breakdown of asset costs and their corresponding depreciation, as well as the unrecognized surplus value for real estate and the fixed asset ratios, are disclosed in Note 13.

l) Deferred assets

According CMN Resolution No. 4,534/16 and Circular Letter No. 3,791/16 to the Central Bank, in November 2016, the deferred charges item was excluded from the accounting plan and the balances were reclassified to the intangible asset. Until these standards came into force, they were recorded at cost of acquisition or formation, net of accumulated depreciation of 20% per year, calculated using the straight-line method, and since December 2008, new operations were already being recorded as assets Intangible assets, in accordance with Bacen Circular Letter No. 3,357/08.

The composition of deferred assets is shown in Note 14.

m) Intangible assets

Relates to the right over intangible assets used by the Bank in its activities.

Intangible assets comprise:

- Future profitability/acquired client portfolio and acquisition of right to provide banking services: they are recognized and amortized over the period in which the asset will directly and indirectly contribute to future cash flows and adjusted for impairment, where applicable; and

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

- Software: stated at cost less amortization calculated on a straight-line basis over the estimated useful life (20% p.a.), from the date it is available for use and adjusted for impairment, where applicable. Internal software development costs are recognized as an intangible asset when it is possible to show the intent and ability to complete and use the software, as well as to reliably measure costs directly attributable to the intangible asset. These costs are amortized during the software's estimated useful life, considering the expected future economic benefits.

Intangible assets and the movement in these balances by class, are presented in Note 15.

n) Impairment

Financial and non-financial assets are tested for impairment.

Impairment evidence may comprise the non-payment or payment delay by the debtor, possible bankruptcy process or the significant or extended decline in an asset value.

An impairment loss of a financial or non-financial asset is recognized in the profit or loss for the period if the carrying amount of an asset or cash-generating unit exceeds its recoverable value. Impairment losses are presented in Note 7c(7), 7h, 12, 13 e 15b.

o) Securities sold under agreements to repurchase

These are recognized at the value of the liabilities and include, when applicable, related charges up to the end of the reporting period, calculated on a daily pro-rata basis.

A breakdown of the contracts recognized in deposits and securities sold under agreements to repurchase, as well as terms and amounts recognized in the statement of financial position and statement of income, is presented in Note 16.

p) Provisions, contingent assets and liabilities and legal obligations – tax and social security

Provisions, contingent assets and liabilities, and legal obligations, as defined below, are recognized, measured and disclosed in accordance with the criteria set out in CPC 25, approved by CMN Resolution No. 3,823/09 and CVM Resolution No. 594/09:

- **Contingent Assets:** these are not recognized in the financial statements, except to the extent that there are real guarantees or favorable judicial decisions, to which no further appeals are applicable, and it is considered virtually certain that cash inflows will flow to Bradesco. Contingent assets with a chance of probable success are disclosed in the notes to the financial statements;
- **Provisions:** these are recognized taking into consideration the opinion of legal counsel, the nature of the lawsuits, similarity with previous lawsuits, complexity and positioning of the courts, whenever an entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources will be required to settle the obligation and when the amount can be reliably measured;
- **Contingent Liabilities:** according to CPC 25, the term “contingent” is used for liabilities that are not recognized because their existence will only be confirmed by the occurrence of one or more uncertain future events beyond Management’s control. Contingent liabilities do not meet the criteria for recognition because they are considered as possible losses should only be disclosed in the notes when relevant. Obligations deemed remote are not recognized as a provision nor disclosed; and
- **Legal Obligations – Provision for Tax Risks:** results from judicial proceedings, which contest the applicability of tax laws on the grounds of legality or constitutionality, which, regardless of the assessment of the probability of success, are fully provided for in the financial statements.

Details on lawsuits, as well as segregation and changes in amounts recognized, by type, are presented in Note 18.

December 2016

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

q) Other assets and liabilities

Assets are stated at their realizable amounts, including, when applicable, related income and inflation and exchange variations (on a daily prorated basis), less provision for losses, when deemed appropriate. Liabilities include known or measurable amounts, including related charges and inflation and exchange variations (on a daily prorated basis).

r) Subsequent events

These refer to events occurring between the reporting date and the date the financial statements are authorized to be issued.

They comprise the following:

- Events resulting in adjustments: events relating to conditions already existing at the end of the reporting period; and
- Events not resulting in adjustments: events relating to conditions not existing at the end of the reporting period.

Subsequent events, if any, are described in Note 34.

4) INFORMATION FOR THE PURPOSE OF COMPARABILITY

From July 2016, Bradesco began consolidating the consolidated financial statements of HSBC Bank Brasil S.A. and its subsidiaries (Note 34f). We presented the main balances of the statement of financial position as of September 30, 2016 and statements of income for the period from July 1, 2016 to September 30, 2016:

(1) Considers the companies that make up the consolidated Prudential.

In October 2016, approval was granted in an Extraordinary General Meeting for the partial spin-off of HSBC Brasil, through the absorption of portions of its equity by companies of the Organization, enabling progress with the integration of operational and technological platforms, resulting in the replacement of the HSBC brand in its service network, becoming Bradesco. Thus, Bradesco began to operate with a unified platform (branches, ATMs, and systems), to which all clients have access to. From now on, Bradesco will add to the products and services already offered to HSBC Brasil clients, a nationwide service network, a state-of-the-art technology platform, and an even more extensive portfolio of products and services

(1) Consistent with the criteria in Bacen Circular Letter No. 3,068/01 and due to the characteristics of the securities, we are classifying the derivative financial instruments, except those considered as cash flow hedges in the category Trading Securities;

(2) Refers to of investment funds and managed portfolios invested in repo operations with Bradesco, the owners of which are controlled companies included in the consolidated financial statements of the Prudential Conglomerate;

(3) In compliance with Article 8 of Bacen Circular Letter No. 3,068/01, Bradesco declares that it has the financial capacity and intention to maintain held-to-maturity securities until their maturity dates. The mark-to-market of securities, which were transferred from the category "Available-for-Sale Securities" to the category of "Securities Held to Maturity", in June 2015 and in December 2013, was maintained in the shareholders' equity and will be recognized in the results for the remaining term of these securities, according to Bacen Circular No. 3,068/01;

(4) The number of days to maturity was based on the contractual maturity of the instruments, regardless of their accounting classification;

(5) The fair value of securities is determined based on the market price available at the end of the reporting period. If no market price quotation is available at the end of the reporting period, amounts are estimated based on the prices quoted by dealers, pricing models, quotation models or price quotations for instruments with similar characteristics. For investment funds, the original amortized cost reflects the fair value of the respective quotas;

(6) Includes hedge for protection of assets and liabilities, denominated in or indexed to foreign currency, primarily, arising from foreign investments, eliminating the effects of exchange variation of these assets and liabilities. For a better analysis of these items, consider the net exposure (Note 7d II); and

(7) In the year ended December 31, 2016, there were impairment losses in the amount of R\$1,344,601 thousand, related to securities classified in the category "Available-for-Sale Securities" (R\$135,850 thousand in 2015).

December 2016

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

d) Derivative financial instruments

Bradesco carries out transactions involving derivative financial instruments, which are recognized in the statement of financial position or in off-balance-sheet accounts, to meet its own needs in managing its global exposure, as well as to meet its customer's requests, in order to manage their exposure. These operations involve a range of derivatives, including interest rate swaps, currency swaps, futures and options. Bradesco's risk management policy is based on the utilization of derivative financial instruments mainly to mitigate the risks from operations carried out by the Bank and its subsidiaries.

Securities classified as trading and available-for-sale, as well as derivative financial instruments, are recognized in the consolidated statement of financial position at their fair value. Fair value is generally based on quoted market prices or quotations for assets or liabilities with similar characteristics. Should market prices not be available, fair values are based on dealer quotations, pricing models, discounted cash flows or similar techniques for which the determination of fair value may require judgment or significant estimates by Management.

Quoted market prices are used to determine the fair value of derivative financial instruments. The fair value of swaps is determined by using discounted cash flow modeling techniques that use yield curves, reflecting adequate risk factors. The information to build yield curves is mainly obtained from the Securities, Commodities and Futures Exchange (BM&FBOVESPA) and the domestic and international secondary market. These yield curves are used to determine the fair value of currency swaps, interest rate and other risk factor swaps.

The fair value of forward and futures contracts is also determined based on market price quotations for derivatives traded on an exchange or using methodologies similar to those outlined for swaps. The fair values of credit derivative instruments are determined based on market price quotation or from specialized entities. The fair value of options is determined based on mathematical models, such as Black & Scholes, using yield curves, implied volatilities and the fair value of corresponding assets. Current market prices are used to calculate volatility.

Derivative financial instruments in Brazil mainly refer to swaps and futures and are registered at the OTC Clearing House (Cetip) and BM&FBOVESPA.

Operations involving forward contracts of interest rates, indexes and currencies are contracted by Management to hedge Bradesco's overall exposures and to meet customer needs.

Foreign derivative financial instruments refer to swap, forward, options, credit and futures operations and are mainly carried out at the stock exchanges in Chicago and New York, as well as the over-the-counter (OTC) markets.

Total	415,988,388	464,181,307

(1) Comprised of operations carried out on the Chicago and New York Stock Exchanges and over-the-counter markets.

e) Credit Default Swaps (CDS)

On December 31, 2016, Bradesco had credit default swaps (CDS) with the following characteristics: the risk received in credit swaps whose underlying assets are “debt securities issued by companies” in the amount of R\$114,069 thousand (R\$136,668 thousand in 2015) and “bonds of the Brazilian public debt” in the amount of R\$668,115 thousand and the risk transferred in credit swaps whose underlying assets are “derivatives of the Brazilian public debt” is R\$(16,296) thousand, amounting to a total net credit risk value of negative R\$765,888 thousand (R\$136,668 thousand in 2015), with an effect on the calculation of required shareholders’ equity of negative R\$11,977 thousand (R\$15,033 thousand in 2015). The contracts related to credit derivatives transactions described above are due in 2021. The mark-to-market of the protection rates that remunerates the counterparty that received the risk totaled R\$(1,067) thousand (R\$42 thousand in 2015). There were no credit events, as defined in the agreements, during the period.

f) Cash flow hedge

On December 31, 2016, Bradesco used cash flow hedges to protect the cash flow from receipts of interest on investments in securities, related to the risk of a variable interest rate of the DI, using DI Futures contracts, amounting to R\$21,502,218 thousand (R\$28,251,095 thousand in 2015), having as object of hedge the securities backed in DI, to the sum of R\$21,476,571 thousand (R\$25,541,835 thousand in 2015), making the cash flow fixed in advance. The adjustment to fair value of these operations recognized in the shareholders’ equity was R\$43,190 thousand (R\$73,843 thousand in 2015), net of tax effects was R\$25,914 thousand (R\$44,306 thousand in 2015). The non-effective fair value recognized in profit or loss was of R\$(9,815) thousand. On December 31, 2015, Bradesco constituted hedge accounting, with the aim of protecting its cash flows from payment of interest rates on funds, regarding the floating interest rate of DI, being traded DI Future contracts on BM&FBOVESPA totaling R\$20,038,119 thousand, having as object of hedge captures linked to DI, totaling R\$20,334,375 thousand, converting to fixed cash flows. The adjustment to fair value of these operations recognized in the shareholders’ equity was R\$4,552 thousand, net of tax effects was R\$2,731 thousand. The effectiveness of the hedge portfolio was assessed in accordance with Bacen Circular Letter No. 3,082/02.

December 2016

Financial Statements of the Prudential Conglomerate and Independent Auditor’s Report

Notes to the Financial Statements of the Prudential Conglomerate

g) Hedge against market risk

On December 31, 2015, Bradesco had a hedge against market risk using the futures contracts and, later, with cash in foreign currencies which generated R\$(1,406,154) thousand, for protection from the effects of the exchange rate variation of the firm commitment, related to the contract for the purchase and sale of shares (Note 34f), which produced an adjustment at fair value of R\$(1,761,964) thousand. The effect of these operations resulted in the revenue of R\$(355,810) thousand. The effectiveness of the hedge portfolio was assessed in accordance with Bacen Circular Letter No. 3,082/02.

(1) Percentage of existing provision in relation to total portfolio, by level of risk; and

(2) On December 31, 2016, it includes a provision for guarantees provided, comprising sureties, letters of credit and standby letter of credit, which is presented here within the balance for excess provision, and totals R\$3,060,990 thousand of which (i) R\$604,623 thousand refers, initially, to the specific portion, in accordance with Resolution No. 4,512/16, that will be allocated to a specific account in January 2017; and (ii) R\$2,456,367 thousand refers to a surplus portion that will comprise the surplus provision over a loan portfolio (R\$694,184 thousand in 2015) (Note 20b).

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate**g) Changes in allowance for loan losses**

	On December 31 YTD - R\$ thousand	
	2016	2015
Opening balance	29,497,977	23,087,243
- Specific provision (1)	14,273,631	11,946,960
- Generic provision (2)	8,814,824	7,134,243
- Excess provision (3) (4)	6,409,522	4,006,040
Additions (Note 9h-1)	26,742,316	20,989,175
Balance originating from an acquired institution (5)	7,273,313	-
Write-offs/other	(22,800,532)	(14,578,441)
Closing balance	40,713,074	29,497,977
- Specific provision (1)	22,468,102	14,273,631
- Generic provision (2)	10,754,621	8,814,824
- Excess provision (3) (4)	7,490,351	6,409,522

(1) For contracts with installments past due for more than 14 days;

(2) Recognized based on the customer/transaction classification and therefore not included in the preceding item;

(3) The additional provision is recognized based on Management's experience and the expectation in relation to the loan portfolio, to determine the total provision deemed sufficient to cover specific and general credit risk, when considered together with the provision calculated based on levels of risk and the corresponding minimum percentage in the provision established by Resolution No. 2,682/99. The excess provision per customer was classified according to the level of risk in Note 9f;

(4) On December 31, 2016, it includes the provision for guarantees provided, comprising sureties, letters of credit and standby letter of credit, which is presented here within the balance for excess provision, and totals R\$3,060,990 thousand of which (i) R\$604,623 thousand refers, initially, to the specific portion, in accordance with Resolution No. 4,512/16, that will be allocated to a specific account in January 2017; and (ii) R\$2,456,367 thousand refers to a surplus portion that will comprise the surplus provision over a loan portfolio (R\$694,184 thousand in 2015) (Note 20b); and

(5) Represented by HSBC Brasil (Note 34f).

h) Allowance for Loan Losses expense net of amounts recovered

Expenses with the allowance for loan losses, net of credit write-offs recovered, are as follows,

	On December 31 YTD - R\$ thousand	
	2016	2015
Amount recorded (1)	26,742,316	20,989,175
Amount recovered (2) (3)	(5,522,379)	(4,154,122)
Allowance for Loan Losses expense net of amounts recovered	21,219,937	16,835,053

(1) During the year ended December 31, 2016, includes amount recognized of the provision of guarantees offered, comprising sureties, guarantees, letters of credit and standby letter of credit, which are presented in the "surplus" provision, totaling R\$2,366,806 thousand of which (i) R\$604,623 thousand refer, initially, to the specific portion, in accordance with Resolution No. 4,512/16; and (ii) R\$1,762,183 thousand refer to a surplus portion (R\$272,588 thousand in 2015) (Note 28);

(2) Classified in income from loans (Note 9j); and

(3) As of December 2016, credit was granted for operations already written-off for losses, without the retention of risks and benefits, in the amount of R\$2,082,410 thousand, with effect on income in the amount of R\$41,648 thousand.

i) Changes in the renegotiated portfolio

	On December 31 YTD - R\$ thousand	
	2016	2015
Opening balance	12,732,277	10,777,178
Amount renegotiated	18,807,642	13,135,207
Amount received	(9,013,965)	(7,261,018)
Write-offs	(5,011,949)	(3,919,090)
Closing balance	17,514,005	12,732,277
Allowance for loan losses	11,981,827	8,432,306
Percentage on renegotiated portfolio	68.4%	66.2%

December 2016

December 2016

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate**13) PREMISES AND EQUIPMENT AND LEASED ASSETS**

	Annual rate of depreciation	Cost	Depreciation	On December 31 - R\$ thousand	
				Cost net of depreciation 2016	2015
Property and equipment:					
- Buildings	4%	317,379	(33,462)	283,917	13,718
- Land	-	380,594	-	380,594	5,514
Facilities, furniture and equipment in use	10%	5,117,990	(2,489,379)	2,628,611	2,328,647
Security and communication systems	10%	288,899	(173,248)	115,651	68,228
Data processing systems	20 to 40%	3,745,597	(2,341,757)	1,403,840	952,765
Transportation systems	20%	82,948	(37,924)	45,024	68,365
Fixed Assets in Course		-	-	-	450
Subtotal		9,933,407	(5,075,770)	4,857,637	3,437,687
Leased assets		8,146,218	(3,356,487)	4,789,731	5,987,475
Grand total in 2016		18,079,625	(8,432,257)	9,647,368	
Grand total in 2015		17,381,552	(7,956,390)		9,425,162

(1) In 2016, impairment losses were recognized in the statement of financial position items "Data processing systems" and "Transportation systems", in the amount of R\$32,977 thousand (R\$18,186 thousand in 2015, basically, in the statement of financial position item "Security and communications systems"),

The fixed assets to shareholders' equity ratio is 44.8% when considering only the companies and payment institutions within the economic group (the "Prudential Conglomerate"), where the maximum limit is 50.0%,

14) DEFERRED

As mentioned in Note 3I, in November 2016, the deferred charges item was excluded from the accounting plan and the balances were reclassified to the intangible asset. As of December 31, 2015, the balance of deferred charges was R\$15,634 thousand.

15) INTANGIBLE ASSETS**a) Intangible assets**

Acquired intangible assets consist of:

	Rate of Amortization (1)	Cost	Amortization	On December 31 - R\$ thousand	
				Cost net of amortization 2016	2015
Acquisition of financial services rights	Contract	5,249,161	(3,355,756)	1,893,405	2,151,827
Software (2)	20%	8,381,903	(5,249,047)	3,132,856	2,902,352
Goodwill (3)	Up to 20%	12,416,721	(1,758,003)	10,658,718	2,005,832
Other	Contract	3,053,566	(767,494)	2,286,072	2,367,237
Total in 2016		29,101,351	(11,130,300)	17,971,051	
Total in 2015		16,707,174	(7,279,926)		9,427,248

(1) Intangible assets are amortized over an estimated period of economic benefit and recognized in "other administrative expenses" and "other operating expenses", where applicable;

(2) Software acquired and/or developed by specialized companies; and

(3) Composed of goodwill on acquisition of equity interest in Banco Bradescard - R\$666,826 thousand, Cielo / Investidas - R\$965,313 thousand, Banco Bradesco BBI - R\$129,050 thousand and Kirton Bank - R\$8,881,478 thousand.

18) PROVISIONS, CONTINGENT ASSETS AND LIABILITIES AND LEGAL LIABILITIES – TAX AND SOCIAL SECURITY**a) Contingent assets**

Contingent assets are not recognized in the financial statements, However, there are ongoing proceedings where the chance of success is considered probable, such as: a) Social Integration Program (PIS), Bradesco has made a claim to offset PIS against Gross Operating Income, paid under Decree-Laws No. 2,445/88 and No. 2,449/88, regarding the payment that exceeded the amount due under Supplementary Law No. 07/70 (PIS Repique); and b) other taxes, the legality and/or constitutionality of which is being challenged, where the decision may lead to reimbursement of amounts paid.

b) Provisions classified as probable losses and legal obligations – tax and social security

The Organization is a party to a number of labor, civil and tax lawsuits, arising from the normal course of business.

Management recognized provisions where, based on their opinion and that of their legal counsel, the nature of the lawsuit, similarity to previous lawsuits, complexity and the courts standing, the loss is deemed probable.

Management considers that the provision is sufficient to cover the future losses generated by the respective lawsuits.

Provisions related to legal obligations are maintained until the conclusion of the lawsuit, represented by judicial decisions with no further appeals or due to the statute of limitation.

I - Labor claims

These are claims brought by former employees and outsourced employees seeking indemnifications, most significantly for unpaid “overtime”, pursuant to Article 224 of the Consolidation of Labor Laws (CLT). In proceedings in which a judicial deposit is used to guarantee the execution of the judgment, the labor provision is made considering the estimated loss of these deposits. For proceedings with similar characteristics and for which there has been no official court decision, the provision is recognized based on the average calculated value of payments made for labor complaints settled in the past 12 months; and for proceedings originating from acquired banks, with unique characteristics, the calculation and assessment of the required balance is conducted periodically, based on the updated recent loss history.

December 2016

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

Overtime is monitored by using electronic time cards and paid regularly during the employment contract and, accordingly, the claims filed by former employees do not represent significant amounts.

II - Civil claims

These are claims for pain and suffering and property damages, mainly relating to protests, returned checks, the inclusion of information about debtors in the credit restriction registry and the replacement of inflation adjustments excluded as a result of government economic plans. These lawsuits are individually controlled using a computer-based system and provisioned whenever the loss is deemed as probable, considering the opinion of Management and their legal counsel, the nature of the lawsuits, similarity with previous lawsuits, complexity and positioning of the courts.

Most of these lawsuits are brought to the Special Civil Court (JEC), in which the claims are limited to 40 times the minimum wage and do not have a significant impact on the Organization's financial position.

There are a significant number of legal claims pleading alleged differences in adjustment for inflation on savings account balances due to the implementation of economic plans that were part of the federal government's economic policy to reduce inflation in the '80s and '90s.

Although Bradesco complied with the law and regulation in force at the time, these lawsuits have been recognized in provisions, taking into consideration the claims where the Bank is the defendant and the perspective of loss, which is considered after the analysis of each demand, based on the current decision of the Superior Court of Justice (STJ).

Note that, regarding disputes relating to economic plans, the Federal Supreme Court (STF) suspended the prosecution of all lawsuits at the cognizance stage, until the Court issues a final decision on the right under litigation.

III - Legal obligations – provision for tax risks

The Organization is disputing the legality and constitutionality of certain taxes and contributions in court, for which provisions have been recognized in full, although there is a good chance of a favorable outcome, based on the opinion of Management and their legal counsel, The processing of these legal obligations and the provisions for cases for which the risk of loss is deemed as probable is regularly monitored in the legal court, During or after the conclusion of each case, a favorable outcome may arise for the Organization, resulting in the reversal of the related provisions.

The main cases are:

- PIS and COFINS – R\$2,297,093 thousand (R\$2,088,742 thousand in 2015): a request for authorization to calculate and pay PIS and COFINS based on effective billing, as set forth in Article 2 of Supplementary Law No. 70/91, removing from the calculation base the unconstitutional inclusion of other revenues other than those billed;
- IRPJ/CSLL on losses of credits – R\$1,913,208 thousand (R\$1,880,905 thousand in 2015): we are requesting to deduct from income tax and social contributions payable (IRPJ and CSLL, respectively) amounts of actual and definite loan losses related to unconditional discounts granted during collections, regardless of compliance with the terms and conditions provided for in Articles 9 to 14 of Law No. 9,430/96 that only apply to temporary losses;
- Pension Contributions – R\$1,291,230 thousand (R\$995,380 thousand in 2015): official notifications related to the pension contributions on financial contributions in private pension plans, considered by the authorities to be compensatory sums subject to the incidence of pension contributions and to an isolated fine for not withholding IRRF on the financial contributions;

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

- INSS – Contribution to SAT – R\$374,620 thousand: in an ordinary lawsuit filed by the Brazilian Federation of Banks – Febraban, since April 2007, on behalf of its members, is questioned the classification of banks at the highest level of risk, with respect to Work Accident Risk – RAT, which eventually raised the rate of the respective contribution from 1% to 3%, in accordance with Decree No. 6,042/07; and

- PIS – R\$339,767 thousand (R\$325,932 thousand in 2015): The Bradesco Organization is requesting authorization to offset overpaid amounts in 1994 and 1995 as PIS contribution, already compensated, provisioned upon granting of the preliminary injunction, corresponding to the surplus paid over that calculated on the tax base established in the Constitution, i.e., gross operating income, as defined in the income tax legislation set out in Article 44 of Law No. 4,506/64, which excludes interest income.

In general, the provisions relating to lawsuits are classified as non-current, due to the unpredictability of the duration of the proceedings in the Brazilian justice system, For this reason, the estimate has not been disclosed with relation to the specific year in which these lawsuits will be finalized.

IV - Provisions by nature

	On December 31 - R\$ thousand	
	2016	2015
Labor claims	4,803,146	2,876,624
Civil claims	4,116,474	3,321,586

(1) Note 20b; and

(2) Classified under “Other liabilities - tax and social security” (Note 20a).

V - Changes in provisions

			R\$ thousand
	Labor	2016 Civil	Tax (1) (2)
Balance on December 31, 2015	2,876,624	3,321,586	6,376,654
Adjustment for inflation	438,267	409,430	589,056
Provisions, net of (reversals and write-offs)	625,793	949,220	(229,127)
Balance originating from an acquired institution (3)	1,623,639	536,048	663,935
Payments	(761,177)	(1,099,810)	(97,984)
Balance on December 31, 2016	4,803,146	4,116,474	7,302,534

(1) Mainly include legal liabilities;

(2) In 2016, there was a reversal of a provision related to: the Pis - EC 17 lawsuit, in the amount of R \$ 213,743 thousand; the constitution of a provision for social security contributions on contributions in private pension plans, in the amount of R \$ 215,668 thousand; and

(3) HSBC Brasil (Note 34f).

c) Contingent liabilities classified as possible losses

The Organization maintains a system to monitor all administrative and judicial proceedings in which the institution is plaintiff or defendant and, based on the opinion of legal counsel, classifies the lawsuits according to the expectation of loss. Case law trends are periodically analyzed and, if necessary, the related risk is reclassified. In this respect, contingent lawsuits deemed to have a possible risk of loss are not recognized as a liability in the financial statements. The main proceedings in this category are the following: a) Fines and disallowances of Cofins loan

December 2016

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

compensations, released after a favorable decision in a judicial proceeding, where the unconstitutionality of the expansion of the intended calculation base was discussed for revenues other than those from billing (Law No. 9,718/98), in the amount of R\$3,999,185 thousand; b) Leasing companies' Tax on Services of any Nature (ISSQN), total lawsuits correspond to R\$2,398,185 thousand (R\$1,910,629 thousand in 2015) which relates to the municipal tax demands from municipalities other than those in which the company is located and where, under law, tax is collected; c) 2006 to 2013 income tax and social contribution, relating to goodwill amortization being disallowed on the acquisition of investments, for the amount of R\$2,254,789 thousand (R\$1,777,707 thousand in 2015) d) IRPJ and CSLL deficiency note relating to disallowance of exclusions of revenues from the mark-to-market of securities from 2007 to 2012, differences in depreciation expenses, insufficient depreciation expenses, expenses with depreciation of leased assets, operating expenses and income and disallowance of tax loss compensation, in the amount of R\$1,653,942 thousand (R\$908,915 thousand in 2015); e) Notifications and disallowances of compensations of PIS and Cofins related to the unconstitutional extension of the basis of calculation intended for other income other than the billing (Law No. 9,718/98), from acquired companies, amounting to R\$1,317,238 thousand; f) IRPJ and CSLL deficiency notice relating to the disallowance of loan loss deductions, for the amount of R\$760,436 thousand (R\$1,200,403 thousand in 2015).

d) Other matters

I. In May 31, 2016, Bradesco became aware of the indictment of three members of its Executive Board of Directors by the Federal Police, in the scope of the so-called "Operation Zealots", On July 28, 2016, the Federal Public Prosecution filed an accusation against all three members of the Board of Executive Officers and a former member of its Board of Directors, which was received by the Judge of the 10th Federal Court of Judicial Section of the Federal District, The Management conducted a thorough internal evaluation of the records and documents related to the indictment and found no evidence of any illegality committed by its representatives, The executives of Bradesco have already submitted their respective defenses in the criminal proceedings, pointing out the facts and evidence demonstrating their innocence, Bradesco is cooperating with the authorities and appropriate regulatory authorities, providing the information requested, in Brazil and abroad.

On account of the news published in the media, on the indictment in the "Operation Zealots", a class action was filed in the District Court of New York, on June 3, 2016, On September 1, 2016, Bradesco spontaneously attended the proceedings of the Class Action and agreed with the plaintiff a term for the submission of the revocation of the suit until December 21, 2016, On October 21, 2016, the Plaintiff Leader presented the addendum of the Initial Petition, appointing as defendants Bradesco and three members of

its Board of Executive Officers, According to the demand, investors who purchased preferred American Depository Shares ("ADS") of Bradesco between April 30, 2012 and July 27, 2016 would have suffered losses provoked by Bradesco due to a supposed violation regarding the American law of capital markets, according to communication to the Market on May 31, June 8 and July 28, 2016, Considering that the demand is in a preliminary stage, it is not possible at present to make a risk rating, and there is not yet evidence to support an assessment of the value of the respective risk.

II. The wholly-owned subsidiaries of Banco Bradesco S.A., BEM - Distribuidora de Títulos e Valores Mobiliários Ltda, and BRAM - Bradesco Asset Management S.A, Distribuidora de Títulos e Valores Mobiliários, as well as two of its Managers, were mentioned in the scope of the so-called "Greenfield operation" of the Federal Police, because they were responsible for the administration and management of the Fund in Equity - FIP (Equity Investment Fund), respectively, Besides providing the documents, the Federal Court has ruled, in the course of this Operation, the blocking of these companies' values, As a result of this, a Commitment was signed, approved by the 10th Federal Court of the Federal District, to release the values through the provision of guarantees of up to R\$104 million, without the recognition of any civil or criminal liability on the part of companies or administrators of the Bradesco Organization, In the scope of this commitment, managers and officers of the Bradesco Organization committed to provide any clarifications to the authorities responsible for conducting this investigation, regardless of a formal subpoena, Additionally, the internal evaluations indicate that there has been no illegality in conducting these activities according to communication to the Market on September 20, 2016, So far, there is no indication that the investigations could result in the accountability of these companies.

(1) Benefited the shareholders registered in the records of Bradesco on April 15, 2016.

In the Extraordinary General Meeting of March 10, 2016, the approval was proposed by the Board of Directors to increase the capital stock by R\$8,000,000 thousand, increasing it from R\$43,100,000 thousand to R\$51,100,000 thousand, with a bonus in shares, through the capitalization of part of the balance of the account "Profit Reserves - Statutory Reserve", in compliance with the provisions in Article 169 of Law No. 6,404/76, by issuing 504,872,885 new nominative-book entry shares, with no nominal value, whereby 252,436,456 are common and 252,436,429 are preferred shares, attributed free-of-charge to the shareholders as bonus, to the ratio of 1 new share for every 10 shares of the same type that they own on the base date.

c) Interest on shareholders' equity/dividends

Bradesco's capital remuneration policy aims to distribute interest on shareholders' equity at the maximum amount calculated under current legislation, and this is included, net of Withholding Income Tax, in the calculation for mandatory dividends for the year under the Company's Bylaws.

The Board of Directors' Meeting held on June 22, 2016, approved the Board of Executive Officers' proposal to pay to the shareholders intermediary interest on shareholder's equity for the first semester of 2016, to the value of R\$1,002,000 thousand, of which R\$0.172525087 are per common share and R\$0.189777596 per preferred share, whose payment was made on July 18, 2016.

In a meeting of the Board of Directors on September 30, 2016, the proposal of the Board of Executive Officers was approved for payment to shareholders of extraordinary interest on own capital related to the third quarter of 2016, to the value of R\$3,317,000 thousand, of which R\$0.571123466 was offered per common share and R\$0.628235813, per preferred share, whose payment will be made on March 8, 2017.

In a meeting of the Board of Directors on December 21, 2016, the proposal of the Board of Executive Officers was approved for payment to shareholders of complementary interest on own capital related to the fourth quarter of 2016, to the value of R\$1,491,000 thousand, of which R\$0.256721461 was offered per common share and R\$0.282393608, per preferred share, whose payment will be made on March 8, 2017.

Interest on shareholders' equity for the year ended December 31, 2016 is calculated as follows:

Net income for the year

(-) Legal reserve

Adjusted calculation basis

Monthly, intermediaries and supplementary interest on shareholders' equity (gross), paid and/or provisioned

Withholding income tax on interest on shareholders' equity

Interest on own capital (net) accumulated in December 2016

Notes to the Financial Statements of the Prudential Conglomerate

b) Compensation for Key Management Personnel

Each year, the Annual Shareholders' Meeting approves:

- The annual total amount of Management compensation, set forth at the Board of Directors Meetings, to be paid to board members and members of the Board of Executive Officers, as determined by the Company's Bylaws; and
- The amount allocated to finance Management pension plans, within the Employee and Management pension plan of the Organization.

For 2016, the maximum amount of R\$474,500 thousand (R\$349,900 thousand in 2015) was set for Management compensation and R\$268,100 thousand (R\$353,050 thousand in 2015) to finance defined contribution pension plans.

The current policy on Management compensation sets forth that 50% of net variable compensation, if any, must be allocated to the acquisition of preferred shares of Banco Bradesco S.A., which vest in three equal, annual and successive installments, the first of which is in the year following the payment date. This procedure complies with CMN Resolution No. 3,921/10, which sets forth a management compensation policy for financial institutions.

- Principal capital	11.2%	12.7%
- Additional Capital	0.8%	-
Tier II capital	3.4%	4.1%

(1) As from January 2016, the factor applied to prudential adjustments went from 40% to 60%, according to the timeline for application of deductions of prudential adjustments, defined in Article 11 of CMN Resolution No. 4.192/13;

(2) In 2016, it includes the effects of goodwill generated in the acquisition of HSBC Brasil (Note 15b); and

(3) In November 2016, Bacen authorized the use of Subordinated Letters of Credit to compose the Additional Capital – Tier I.

a) Capital Management

The Basel Index is part of the set of indicators that are monitored and evaluated in the process of Capital Management, and is intended to measure the sufficiency of capital in relation to the exposure to risks. The table above shows the composition of the Reference Equity and of the Risk Weighted Assets, according to the standards of Bacen. During the period, Bradesco has fulfilled all the minimum regulatory requirements.

32) EMPLOYEE BENEFITS

Bradesco and its subsidiaries sponsor a private defined contribution pension for employees and directors, that allows financial resources to be accumulated by participants throughout their careers by means of employee and employer contributions and invested in an Exclusive Investment Fund (FIE). The Plan is managed by Bradesco Vida e Previdência S.A. and BRAM – Bradesco Asset Management S.A. DTVM is responsible for the financial management of the FIEs funds.

The Supplementary Pension Plan counts on contributions from employees and administrators of Bradesco and its subsidiaries equivalent to at least 4% of the salary by employees and, 5% of the salary, plus the percentage allocated to covers of risk benefits (invalidity and death) by the company. Actuarial obligations of the defined contribution plan are fully covered by the plan assets of the corresponding FIE. In addition to the plan, in 2001, participants who chose to migrate from the defined benefit plan are guaranteed a proportional deferred benefit, corresponding to their accumulated rights in that plan. For the active participants, retirees and pensioners of the defined benefit plan, now closed to

December 2016

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

new members, in extinction, the present value of the actuarial obligations of the plan is completely secured by collateral assets.

Banco Alvorada S.A. (successor from the spin-off of Banco Baneb S.A.) maintains defined contribution and defined benefit retirement plans, through Fundação Baneb de Seguridade Social – Bases (related to the former employees of Baneb).

Bradesco's sponsors both defined benefit and defined contribution retirement plans, through Caixa de Assistência e Aposentadoria dos Funcionários do Banco do Estado do Maranhão (Capof), to employees originating from Banco BEM S.A.

Bradesco sponsors a defined benefit plan through Caixa de Previdência Privada Bec – Cabec, for former employees of Banco do Estado do Ceará S.A., having requested the withdrawal of the sponsorship in March 2016, in course.

With the acquisition of HSBC Bank Brasil S.A. (current Kirton Bank Brasil S.A.), the open pension plan, which was offered to employees of that institution, in the modality of defined contribution, has been discontinued. From October 2016, the employees transferred can adhere to the Pension Plan offered to the employees of Bradesco.

Kirton Bank Brasil S.A., Kirton Capitalização S.A., Kirton Corretora de Seguros S.A., Kirton Corretora de Títulos e Valores Mobiliários S.A. and Kirton Seguros S.A. sponsor a defined benefit plan called APABA to employees originating from Banco Bamerindus do Brasil S.A., and Kirton Administração de Serviços para Fundos de Pensão Ltda. sponsors to its employees the Kirton Prev Benefits Plan (*Plano de Benefícios Kirton Prev*)), both managed by MultiBRA – Pension Fund.

Banco Losango S.A., Kirton Bank Brasil S.A. and Credival – Participações, Administração e Assessoria Ltda. sponsor three pension plans for its employees, which are: Losango I Benefits Plan – Basic Part, Losango I – Supplementary Part and PREVMAIS Losango Plan, all managed by MultiBRA – Settlor – Multiple

Fund.

Bradesco took on the obligations of Kirton Bank Brasil S.A. with regard to Life Insurance, Health Insurance Plans, and Retirement Compensation for employees coming from Banco Bamerindus do Brasil S.A.

In accordance with CPC 33 (R1) – Employee Benefits, approved by CVM Resolution No. 600/09, Bradesco and its subsidiaries, as sponsors of these plans, considering the economic and actuarial study, have calculated their actuarial commitments using real interest rate and recognize in their financial statements the obligation due. The resources guaranteeing the pension plans are invested in accordance with the relevant legislation (public and private securities, shares of listed companies and properties). Follow the main assumptions used by the independent actuary in the actuarial assessment of our plans, based on CPC 33 (R1):

Risk factors	2016	
Nominal discount rate		11.1% p.a.
Nominal rate of minimum expected return on assets		11.1% p.a.
Nominal rate of future salary increases		4.8% p.a.
Nominal growth rate of social security benefits and plans		4.8% p.a.
Inflation rate		4.8% p.a.
Biometric table of overall mortality	AT 2000 and BR-EMS	
Biometric table of entering disability		By Plan
Expected turnover rate		-
Probability of entering retirement	100% in 1st eligibility to a benefit by the plan	100% in

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

Considering the above assumptions, in accordance with CPC 33 (R1), the present value of the actuarial obligations of the benefit plans and of its assets to cover these obligations, is represented below:

	Years ended December 31 - R\$ thousand	
	2016	2015
(i) Projected benefit obligations:		
At the beginning of the year	1,162,005	1,182,761
Balance from an acquired institution	761,119	-
Cost of current service	(1,077)	(579)
Interest cost	181,595	133,385
Participant's contribution	2,831	2,590
Actuarial gain/(loss)	182,762	(58,529)
Benefit paid	(147,842)	(97,623)
At the end of the year	2,141,393	1,162,005
(ii) Plan assets at fair value:		
At the beginning of the year	1,047,782	1,070,636
Balance from an acquired institution	883,858	-
Expected earnings	307,728	64,011
Contributions received:		
Employer	33,515	8,168
Employees	2,831	2,590
Benefit paid	(147,842)	(97,623)
At the end of the year	2,127,872	1,047,782
(iii) Financial position:		
Plans in deficit	(130,293)	(131,849)
Plans in surplus	116,772	17,626
Net balance	(13,521)	(114,223)

The net cost/(benefit) of the pension plans, recognized in the statement of income, include the following components:

Years ended December 31 - R\$
thousand

	2016	2015
Projected benefit obligations:		
Cost of service	(1,077)	(579)
Cost of interest on actuarial obligations	181,595	133,385
Expected earnings from the assets of the plan	(174,937)	(120,960)
Net cost/(benefit) of the pension plans	5,581	11,846

The accumulated obligations of the pension plans are included in "Other liabilities", in our statement of financial position.

In 2016, as a result of the plans arising from the acquisition of HSBC Brasil, we recognized a liability of health insurance, life insurance, and savings plans, in the amount of R\$498,591 thousand, being: (i) presumed balance in the amount of R\$453,768 thousand; (ii) cost of interest and services in the amount of R\$23,288 thousand; (iii) actuarial gain in the amount of R\$34,674 thousand; and (iv) benefit paid in the amount of R\$(13,139) thousand.

The table below, of sensitivity analysis of the obligations of the benefit plans, demonstrates the impact on the actuarial exposure (11.1% p.a.) by the amendment of the premise in the discount rate in 1 p.p.:

December 2016

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

Discount rate	Sensitivity Analysis	Effect on actuarial liabilities	Effect on the present value of the obligations
12.1% p.a.	Increase of 1 p.p.	reduction	(338,533)
10.1% p.a.	Reduction of 1 p.p.	increase	385,452

Bradesco, in its offices abroad, provides pension plans for its employees and administrators, in accordance with the standards established by the local authorities, which allows the accrual of financial resources during the professional career of the participant.

Expenses related to contributions made during the year ended December 31, 2016, totaled R\$1,961,397 thousand (R\$1,715,751 thousand in 2015).

In addition to this benefit, Bradesco and its subsidiaries offer other benefits to their employees and administrators, including health insurance, dental care, life and personal accident insurance, and professional training. These expenses, including the aforementioned contributions, totaled R\$3,520,453 thousand during the year ended December 31, 2016 (R\$2,874,316 thousand in 2015).

33) INCOME TAX AND SOCIAL CONTRIBUTION**a) Calculation of income tax and social contribution charges**

	Years ended December 31 - R\$ thousand	
	2016	2015
Income before income tax and social contribution	22,985,511	5,285,072
Total burden of income tax and social contribution at the current rates (1)	(10,343,480)	(2,378,282)
Effect on the tax calculation:		
Earnings (losses) of affiliates and jointly controlled companies	(1,126,461)	10,648,305

Net non-deductible expenses of nontaxable income	764,160	208,255
Net tax credit of deferred liabilities	-	2,315,337
Interest on shareholders' equity (paid and payable)	3,139,102	2,305,334
Other amounts (2)	(332,356)	(1,193,112)
Income and social contribution taxes for the year	(7,899,035)	11,905,837

(1) Current rates: (i) 25% for income tax; (ii) 15% for the social contribution to financial and companies, and 20%, from September 2015 to December 2018, in accordance with Law No. 13,169/15; and (iii) of 9% for the other companies (Note 3h); and

(2) Primarily, includes: (i) the exchange rate variation of assets and liabilities, derived from investments abroad; (ii) the equalization of the effective rate of social contribution in relation to the rate (45%) shown; and (iii) the deduction incentives.

2021	1,020,804	720,406	1,143,111	759,899	3,644,220
After 2021	1,506,435	1,133,249	286,888	543,222	3,469,794
Total	25,524,751	16,667,333	2,865,819	2,644,880	47,702,783

The projected realization of deferred tax assets is an estimate and it is not directly related to the expected accounting income.

The present value of deferred tax assets, calculated based on the average funding interest rate, net of tax effects, amounts to R\$44,469,333 thousand (R\$39,468,147 thousand in 2015), of which R\$39,456,629 thousand (R\$34,146,305 thousand in 2015) relates to temporary differences, R\$5,012,704 thousand (R\$5,217,852 thousand in 2015) to tax losses and negative basis of social contribution (R\$103,990 thousand in 2015) to deferred social contribution, Provisional Measure No. 2,158-35.

e) Deferred tax liabilities

	On December 31 - R\$ thousand	
	2016	2015
Fair value adjustment to securities and derivative financial instruments	213,464	137,051
Difference in depreciation	381,118	597,234

Judicial deposit and others (1)	1,596,549	1,419,278
Total	2,191,131	2,153,563

(1) It includes, on December 31, 2015, the sum of R\$132,681 thousand, related to the increase of the CSLL rate, in accordance with Law No. 13,169/15.

The deferred tax liabilities of companies in the financial sector were established considering the increased social contribution rate, established by Law No. 11,727/08 and Law No. 13,169/15 (Note 3h).

34) OTHER INFORMATION

a) The Organization manages investment funds and portfolios with net assets which, on December 31, 2016, amounted to R\$756,488,583 thousand (R\$550,283,806 thousand in 2015).

b) Consortium funds

	On December 31 - R\$ thousand	
	2016	2015
Monthly estimate of funds receivable from consortium members	581,688	485,083
Contributions payable by the group	29,474,653	23,659,786
Consortium members - assets to be included	25,901,634	21,213,015
Credits available to consortium members	5,488,351	4,617,600

c) As part of the convergence process with international accounting standards, the Brazilian Accounting Pronouncements Committee (CPC) issued several accounting pronouncements, as well as their interpretations and guidelines, which are applicable to financial institutions only after approval by CMN. The accounting standards which have been approved by CMN include the following:

- Resolution No. 3,566/08 – Impairment of Assets (CPC 01);
- Resolution No. 3,604/08 – Statement of Cash Flows (CPC 03);
- Resolution No. 3,750/09 – Related Party Disclosures (CPC 05);
- Resolution No. 3,823/09 – Provisions, Contingent Liabilities and Contingent Assets (CPC 25);
- Resolution No. 3,973/11 – Subsequent Event (CPC 24);
- Resolution No. 3,989/11 – Share-based Payment (CPC 10);
- Resolution No. 4,007/11 – Accounting Policies, Changes in Estimates and Error Correction (CPC 23);
- Resolution No. 4,144/12 – Conceptual Framework for Preparing and Presenting Financial Statements; and
- Resolution No. 4,424/15 – Employee Benefits (CPC 33).

Presently, it is not possible to estimate when the CMN will approve the other CPC pronouncements or if they will be applied prospectively or retrospectively.

d) In 2016, there were no significant changes in the rules of compulsory deposit collection.

e) In January 2016, Bradesco signed a non-binding Memorandum of Understanding with Banco do Brasil S.A., Banco Santander (Brasil) S.A., Caixa Econômica Federal and Itaú Unibanco S.A., in order to create a holding company of credit intelligence ("GIC"), which will develop a database with the goal of adding, reconciling and handling database and credit-related information, of individuals and legal entities, which expressly authorize their inclusion in the database, as required by the applicable rules.

f) In August, 2015, Bradesco finalized the Purchase and Sale of Shares Agreement with HSBC Latin America Holdings Limited to the acquisition of 100% of the equity of HSBC Bank Brasil S.A, ("HSBC Bank") and HSBC Serviços e Participações Ltda, ("HSBC Serviços"). In June 2016, the final approval of regulatory agencies was given in compliance with legal formalities. With the conclusion of the acquisition, on July 1, 2016, Bradesco assumed all operations of the HSBC in Brazil, including retail, insurance and asset management, as well as all the branches and clients.

We have presented below the composition of the values of the acquisition of HSBC Bank and HSBC Serviços:

	R\$ thousand
Payment to HSBC Latin America Holding Limited, net of adjustment after closure (1)	15,665,367
Costs incurred in the acquisition, related to the foreign currency hedge (2)	1,623,103
Total cost of acquisition	17,288,470

(1) Considers the IOF collection, and withholding Income Tax; and

(2) Hired with the objective of protecting the effects of exchange rate variation of the firm commitment (Note 8d).

The financial statements of HSBC Bank and HSBC Serviços were, at the date of acquisition, adjusted by the accounting policies adopted by Bradesco.

December 2016

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Notes to the Financial Statements of the Prudential Conglomerate

In December 2016, Bradesco, based on a study report on purchase price allocation ("PPA"), prepared by a contracted specialized and independent company, made the initial allocation of the fair value of assets acquired and liabilities assumed by HSBC Brasil.

The value of the investment recognized by Bradesco includes goodwill in the acquisition of shares in the amount of R\$4,221,787 thousand, as follows:

	R\$ thousand
Shareholders' equity acquired (I)	7,639,301
Fair value of assets acquired and liabilities assumed (II)	1,655,708
Intangible assets acquired (III)	3,771,674
Goodwill in the acquisition of the "HSBC Bank" and "HSBC Serviços" investments	4,221,787
Total of the acquired values	17,288,470

I) Considers the sum of shareholders' equity of HSBC Bank and HSBC Serviços adjusted by the accounting criteria of Bradesco;

II) Refers to the allocation of the following fair values: (i) credit operations, net of PDD of R\$1,133,985 thousand (term between 1 to 5 years); (ii) debt instruments of (R\$64,701 thousand) (term of up to 1 year); (iii) fixed assets of R\$573,061 thousand (term of up to 25 years); and (iv) bonds and securities of R\$13,363 thousand (term of 34 years), totaling R\$1,655,708 thousand; and

III) Refers to the allocation of the following intangible assets: (i) relationship with clients of R\$1,799,226 thousand (term of 6 years); (ii) core deposits, of R\$1,601,970 thousand (term of 6 years) (iii) Value of Business Acquired "VOBA" (Insurance), of R\$316,278 thousand (term between 2 to 28 years); (iv) agreements not to compete with sellers, of R\$29,068 thousand (term of 2 years); (v) softwares, of (R\$70,387 thousand) (term of up to 5 years); and (vi) other intangible assets, of R\$95,519 thousand (term between 2 to 5 years), totaling R\$3,771,674 thousand.

In July 2016, there was a total division of HSBC Serviços, with version of equity tranches for HSBC Bank and Credival Participações, Administração e Assessoria Ltda, (Credival), wholly owned subsidiary of HSBC Bank.

In October 2016, approval was granted in an Extraordinary General Meeting for the partial spin-off of HSBC Brasil, through the absorption of portions of its equity by companies of the Organization, enabling progress with the integration of operational and technological platforms, resulting in the replacement of the HSBC brand in its service network, becoming Bradesco. Thus, Bradesco began to operate with a unified platform (branches, ATMs, and systems), to which all clients have access to. From now on, Bradesco will add to the products and services already offered to HSBC Brasil clients, a nationwide service network, a state-of-the-art technology platform, and an even more extensive portfolio of products and services.

g) In August 2016, the CMN issued Resolution No. 4,517/16, which establishes that, as from January 2017, in the preparation, of the consolidated financial statements of the prudential conglomerate to the Central Bank, corporate investments in companies Shares should be valued using the equity method. With this procedure and considering the corporate composition of December 31, 2016, we must stop consolidating 15 companies from those mentioned in Note 2. This change in the composition of the consolidated companies should not present significant impacts.

h) There were no subsequent events that need to be adjusted or disclosed in the consolidated financial statements as of December 31, 2016.

Bradesco _____

Financial Statements of the Prudential Conglomerate and Independent Auditor's Report

Report of Independent Auditors on the Consolidated Financial Statements of the Prudential Conglomerate

To

The Board of Directors and Shareholders of

Banco Bradesco S.A.

Osasco – SP

Opinion

We have audited the consolidated financial statements of the Prudential Conglomerate of Banco Bradesco S.A. ("Bradesco"), which comprise the consolidated statement of financial position as of December 31, 2016 and the respective consolidated statements of income, changes in shareholders' equity and cash flows for the six-month period and for the year then ended, and notes, comprising significant accounting policies and other explanatory information. These special purpose financial statements have been prepared by Bradesco's management as required by Resolution 4,280, dated October 31, 2013, of the National Monetary Council (CMN) and supplementary regulations of the Central Bank of Brazil (BACEN), described in the note 2 to the financial statements.

In our opinion, the accompanying consolidated financial statements of the Prudential Conglomerate present fairly, in all material respects, the consolidated financial position of the Prudential Conglomerate of Bradesco as of December 31, 2016, the consolidated performance of its operations and its consolidated cash flows statement, for the six-month period and for the year then ended, in accordance with the Resolution no 4,280/13 of CMN, and supplementary regulations of BACEN, which main criteria and accounting practices are described in note 2 to the financial statements.

Basis for opinion

We conducted our audit in accordance with Brazilian and International Standards on Auditing (ISAs). Our responsibilities under those standards, are further described in the “*The Auditor’s responsibilities for the audit of the consolidated financial statements*” section of our report. We are independent of Bradesco and its subsidiaries, in accordance with the ethical requirements established in the Accountant’s Professional Ethics Code and the professional standards issued by the Federal Accounting Council, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis

Basis of preparation of the Prudential Conglomerate consolidated financial statements

Without modifying our opinion, we draw attention to note 2 to the consolidated financial statements that disclose that the Prudential Conglomerate consolidated financial statements of Bradesco were prepared by Bradesco’s management to meet the requirements of Resolution no 4,280/13, of CMN, and supplementary regulations of BACEN. Consequently, our report on these consolidated financial statements has been prepared solely for meeting these specific requirements and thus may not be appropriate for other purposes.

Key Audit Matters

Key audit matters are those that, in our professional judgment, were of most significance in our audit of the six-month period and for the year ended on December 31, 2016. These matters were addressed in the context of our audit of the consolidated financial statements of the Prudential Conglomerate as a whole, and in forming our opinion thereon, and, we do not express a separate opinion on these matters.

§ Allowance for doubtful accounts

As disclosed in Notes 3g and 9, for purposes of measuring the allowance for doubtful accounts, which total amount shown in the consolidated financial statements of Prudential Conglomerate is R\$ 40,713,074 thousand, Bradesco classifies its loans (which comprise loans, leasing, advances on foreign exchange contracts, other receivables with credit characteristics), into nine risk levels, taking into account inputs and assumptions such as late payments, economic and financial position, indebtedness level, sector of the economy, guarantee characteristics, and the other factors and assumptions described in CMN Resolution No. 2.682/1999, with rating “AA” being the minimum risk level, and “H” the maximum risk level. Bradesco initially applies the loss percentages established in such Resolution for each risk level for purposes of calculating the allowance and further increases the allowance, when necessary, based on additional

internal evaluations (excess provision). The classification of loans into risk levels as well as the loss percentages related to each risk level requires Bradesco to make assumptions and judgments, based on its internal risk classification methodologies, and the allowance for doubtful accounts represent Bradesco's best estimate of the portfolio losses. Due to the relevance of loans and the uncertainties related to the estimate of the allowance for doubtful accounts, we considered this as a significant matter in our audit.

.

How our audit addressed this matter

We evaluated the design, implementation and operating effectiveness of the internal controls related to the processes of approval, recording and accrual of loans as well as the internal risk rating methodologies that support the classification of transactions, the main assumptions used for calculation and the arithmetic accuracy of the allowance for doubtful accounts. We also evaluated, on a sampling basis, whether Bradesco met the minimum requirements established by the CMN Resolution No. 2.682/1999, related to the determination of the allowance for doubtful accounts. We also analyzed whether the disclosures made in the consolidated financial statements of Prudential Conglomerate, described in Notes 3g and 9, are in accordance with the applicable accounting practices.

Based on the evidence obtained from the procedures described above, we consider the level of provisioning and disclosures to be adequate in the context of the consolidated financial statements of Prudential Conglomerate taken as a whole.

§ Market value of financial instruments

As disclosed in the Notes 3e, 3f and 7, derivative financial instruments amount to R\$ 16,941,396 thousand (assets) and R\$ (13,406,387) thousand (liabilities), available-for-sale securities amount to R\$ 153,104,352 thousand and trading securities amount to R\$ 36,218,777 thousand. These instruments, measured at market value, are relevant to the consolidated financial statements of Prudential Conglomerate of Bradesco. For the financial instruments that are actively traded and those which market prices and parameters are available, there is a higher objectivity level in the determination of market values. However, when the market prices or parameters are not observable, the determination of the market values is subject to a higher uncertainty level, to the extent Bradesco makes significant judgments to estimate such amounts. Therefore, we considered the market value measurement of these financial instruments as a significant matter in our audit.

How our audit addressed this matter

As part of our procedures, we evaluated the design, implementation, and operating effectiveness of the internal controls implemented by Bradesco to mitigate the risk of material misstatement in the consolidated financial statements of Prudential Conglomerate arising from uncertainties in the market value measurement of financial instruments. For a sample of financial instruments for which market value measurement parameters are not observable, with the technical support of our professionals with knowledge of financial instruments, we evaluated the models developed by Bradesco for determining market values and the reasonableness of data, the parameters and information included in the pricing models used, and we recalculated the amount of operations. Our procedures also included the evaluation of the disclosures made by Bradesco in the consolidated financial statements of Prudential Conglomerate in Notes 3e, 3f and 7.

Based on the evidence obtained from the procedures described above, we consider the market value measurement of financial instruments and disclosures to be adequate in the context of the consolidated financial statements of Prudential Conglomerate taken as a whole.

§ Provisions and contingent liabilities - tax, civil and labor

As described in Notes 3p and 18, Bradesco is defendant in lawsuits of tax, civil and labor nature, related to the normal course of its activities, which total provision recognized in the consolidated financial statements of Prudential Conglomerate amounts to R\$ 7,302,534 thousand, R\$ 4,116,474 thousand, and R\$ 4,803,146 thousand, respectively. Some laws and regulations in Brazil have high complexity levels, and, therefore, the measurement, recognition and disclosure of Provisions and Contingent Liabilities, related to lawsuits, and/or, in certain cases, adherence to laws and regulations, require Bradesco's professional judgment. Due to the relevance, complexity and judgment involved in the evaluation, measurement, definition of recognition and disclosures related to Provisions and Contingent Liabilities, we considered this as a significant matter in our audit.

How our audit addressed this matter

Our audit procedures included the evaluation of the design, implementation and operating effectiveness of the internal controls related to the identification, evaluation, measurement and disclosure of Provisions and Contingent Liabilities, as well as those related to the compliance with laws and regulations. Additionally, on a test basis, we evaluated the sufficiency of the recognized provisions and disclosed contingency amounts, by evaluating the criteria and assumptions adopted in the measurement methodology, also considering the assessment of the internal and external legal advisors of Bradesco, as well as historical data and information. This work included the involvement of our legal experts in the evaluation of the likelihood of unfavorable outcome and of the documentation and information related to the main tax, civil and labor matters involving Bradesco. We also evaluated whether the disclosures made in the consolidated financial statements of Prudential Conglomerate are in accordance with the applicable accounting practices and provide information on the nature, exposure and amounts of provisions or disclosures related to the main tax, civil and labor matters in which Bradesco is involved.

Based on the evidence obtained from the procedures described above, we consider the level of provisioning and disclosures to be adequate in the context of the consolidated financial statements taken as a whole.

§ Impairment of assets

The consolidated financial statements of Prudential Conglomerate include deferred tax assets in the amount of R\$ 48,576,195 thousand (Note 33) and goodwill in the amount of R\$ 10,658,718 thousand (Note 15). The realization of these assets depends on future profitability based on business plans and budgets prepared by Bradesco and which are supported by several economic and business assumptions, among others. Since they require the exercise of judgment, such estimates are prepared and reviewed internally according to Bradesco's governance framework. As described in Notes 3h, 3m and 3n, considering the frequent changes that occur in the economic or regulatory environment of the markets where it operates, Bradesco continuously evaluate the assumptions and estimates of taxable profit, profitability of the cash generating units (CGU) to which goodwill and intangible assets are allocated, growth rates, discount rates, and cash flow projections. In view of the relevance of the future profitability estimates made and the impact that changes in the assumptions of such estimates would have on the consolidated financial statements of Prudential Conglomerate, we considered this area relevant to our audit.

How our audit addressed this matter

On a sampling basis, we tested the design, implementation and operating effectiveness of the relevant internal controls related to the preparation and review of the business plan, budget, technical studies and analyses of the recoverable value of the assets prepared by Bradesco. Additionally, we evaluated, with the technical support of our corporate finance specialists, the reasonableness and consistency of the data and assumptions used for preparing such documents, such as growth rates, discount rates, cash flow projections and taxable income estimates to which the deferred tax assets refer. We also performed an analysis of the reasonableness of the mathematical calculations included in such documents. Our procedures also included the evaluation of the disclosures made by Bradesco in the consolidated financial statements of Prudential Conglomerate.

Based on the evidence obtained from the procedures described above, we consider the measurement of the recoverable amounts of assets and related disclosures to be adequate in the context of the consolidated financial statements of Prudential Conglomerate taken as a whole.

§ Acquisition of control of HSBC Brasil

As described in Note 34f, in August 2015, Bradesco entered into a Purchase and Sale of Shares Agreement with HSBC Latin America Holdings Limited to acquire 100% of the capital of HSBC Bank Brasil S.A. and HSBC Serviços e Participações Ltda. (collectively, “HSBC Brasil”). The transaction was completed on July 1, 2016, after the approval from the regulatory bodies, fulfillment of the legal formalities, and the effective payment in the amount of R\$ 17,288,470 thousand. With the acquisition, Bradesco took over HSBC Brasil operations, including retail, wholesale, insurance and asset management. Accounting practices require the measurement of the fair value of acquired assets and assumed liabilities for purposes of determining goodwill as well as the identifiable acquired intangible assets. Such measurement involves Bradesco’s judgment and includes the projection of future cash flows, discount rate, and definition of the useful lives of the identified assets. Later on, on October 7, 2016, Bradesco carried out the migration of the entire service network and operations of HSBC Brasil to the operational structures of Bradesco. In view of the relevance and the high judgment level involved in the accounting record process of the acquisition, as well as the complexity of the HSBC Brasil operations migration process, we considered this matter significant in our audit.

How our audit addressed this matter

Our audit procedures included the evaluation of the design, implementation and operating effectiveness of the internal controls related to the process of measurement, recognition and disclosures of transactions of such nature according to the applicable accounting practices. We also analyzed, with the technical support of our corporate finance specialists, the reasonableness and consistency of the methodology used for measuring the fair value assigned to the acquired assets and assumed liabilities, identified intangible assets as well as the assumptions used for making the projection of cash flows, discount rates and useful life estimates. We also conducted tests of the controls related to the HSBC Brasil acquisition. Additionally, we evaluated the controls related to the migration of the operations to Bradesco systems and considered the analysis of general controls related to migration governance, inspection of the migration plan, and the migration rules on data and obtaining evidences of the conducted data migration tests. We involved our Information Technology (“IT”) specialists in order to analyze the migration interfaces, and we carried out the inspection/re-execution on test basis of the accounting and operating reconciliations of the migrated balances and data. It was also part of our procedures the evaluation of the disclosures made by Bradesco in the consolidated financial statements of Prudential Conglomerate in Note 34f.

Based on the evidence obtained from the procedures described above, we consider the recognition, measurement and disclosure of assets and liabilities related to HSBC acquisition to be adequate in the context of the consolidated financial statements of Prudential Conglomerate taken as a whole.

§ Technical Provisions – Insurance and Pension Plans – recorded as investments measured under the equity pick-up method

As mentioned in Notes 3j and 12, Bradesco invests in controlling subsidiaries of the insurance. These subsidiaries have liabilities related to insurance and pension plans contracts denominated Technical Provisions, in the amount of R\$ 215,839,999 thousand, which may significantly affect the net income presented in the Prudential Conglomerate consolidated financial statements. In view of the uncertainties and subjectivity inherent in insurance and pension plans contracts, the liability adequacy test and the process of determination and measurement of technical reserves involve a high judgment level. Bradesco's subsidiaries continuously evaluate methodologies and assumptions, which include, among others, expectations of loss ratio, mortality, longevity, persistency, and interest rates. In view of the involved relevance and uncertainty, and the impact that any change in assumptions would have in the amount of Technical Provisions and, consequently, in the net income of the Prudential Conglomerate consolidated financial statements, we considered this matter relevant to our audit.

How our audit addressed this matter

Our procedures included the planning and communication of the audit scope to the controlling subsidiaries, discussion of the risks of significant misstatements to instruct the auditors of these subsidiaries. We met with these auditors, reviewed and evaluated their work, which considered, among others, the matters described above that could significantly affect the net income of the Prudential Conglomerate consolidated financial statements. We also evaluated the audit evidence obtained and the documentation of the specialists involved by the auditor of the subsidiaries, as well as the procedures performed and conclusions obtained, specifically the determination of materiality, the effect of unadjusted audit differences and the procedures performed to address the risks. We also evaluated the adequacy of the disclosures made by Bradesco on the Prudential Conglomerate consolidated financial statements.

Based on evidence obtained from the procedures described above, we consider the level of provisioning in the subsidiaries and disclosures to be adequate in the context of the Prudential Conglomerate consolidated financial statements taken as a whole.

§ Application controls and information technology general controls

Bradesco has a technology structure for conducting its businesses, as well as continuous investment plans aimed at the improvement and maintenance of access management and changes in the relevant systems and applications, development of new programs, and automated controls and/or controls with automated components in relevant processes. In order to maintain its operations, Bradesco provides its employees with access to systems and applications, taking into account the duties performed by them and within its organizational structure. The controls to authorize, monitor, restrict, and/or revoke the respective accesses to this environment are important to ensure that the accesses and information updates are appropriately performed and by the appropriate professionals, to mitigate the potential risk of fraud or error arising from inappropriate access or change in a system or information, and to guarantee the integrity of the financial information and accounting records. In view of the high investment level and heavy dependence of Bradesco on its technology systems, the high daily volume of processed transactions, as well as the

importance of access controls and the management of changes in its systems and applications, we considered that this area is relevant to our audit.

How our audit addressed this matter

The design, implementation, and operating effectiveness of access controls, such as authorization of new users, timely revocation of terminated users, and periodic monitoring of active users were tested during our audit with the assistance of our information technology specialists, whenever we plan to rely on specific information extracted from a certain system considered relevant for the purpose of preparing the consolidated financial statements of Prudential Conglomerate. In areas where our judgment is highly dependent on information technology, our tests included assessing password policies, security settings, and control over developments and changes in systems and applications. In addition, when we identify key internal controls for the financial reporting process and other relevant fully automated processes or with some component dependent on systems and applications, we tested, with the assistance of our information technology specialists, the design, implementation and operating effectiveness of these controls.

The evidence from the control tests described above allowed us to consider information from certain systems to plan the nature, time and extension of our substantive tests in the context of the consolidated financial statements of Prudential Conglomerate taken as a whole.

Other matters

Responsibilities of management and those in charge with governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements of the Prudential Conglomerate in accordance with Resolution no 4,280/13 of CMN, and supplementary regulations of BACEN, which main criteria and accounting practices are described in note no 2 to the financial statements, and the internal controls as management determines is necessary to enable the preparation of consolidated financial statements of the Prudential Conglomerate that are free from material misstatement whether due to fraud or error.

In preparing the consolidated financial statements of the Prudential Conglomerate, management is responsible for assessing Bradesco's ability to continue as going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless management either intends to liquidate Bradesco and its subsidiaries or to cease operations, or there has no realistic alternative but to do so.

Those charged with governance are those responsible for overseeing Bradesco's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements of the Prudential Conglomerate, prepared by the management in accordance with Resolution no 4,280/13 of CMN, and supplementary regulations of BACEN, as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Brazilian and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements of Prudential Conglomerate.

As part of an audit in accordance with the Brazilian and International Standards on Auditing, taking into account NBC TA 800 (Special Conditions - Auditing of Financial Statements according to Special Purpose Accounting Structures), we exercise professional judgment, and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtained audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting material misstatement resulting from fraud is higher than for the one resulting from error, as fraud may involve collusion, forgery, intentional omission or misrepresentations, or the override of internal controls.
- Obtain an understanding of internal control relevant to the audit to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bradesco and its subsidiaries internal control.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting, and, based on the audit evidence obtained, whether material uncertainty exists related to events or conditions

that may cast significant doubt on Bradesco's ability to continue as going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements, or if such disclosures are inadequate to modify our opinion. Our conclusions are based on the audit evidences obtained up to the date of our auditor's report. However, future events or conditions may cause Bradesco and its subsidiaries to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures and whether the consolidated financial statements of Prudential Conglomerate represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements of Prudential Conglomerate. We are responsible for the direction, supervision and performance of group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provided those charged with governance with a statement that we have complied with the relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determined those matters that were of most significance in the audit of the consolidated financial statements of Prudential Conglomerate of the for the six-month period and year then ended, and are therefore the key audit matters. We describe these matters in our auditor's report, unless law or regulation precludes public disclosure about the matters, or when, in extremely rare circumstances, we determine a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefit of such communication.

Investor Relations Officer

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
