Company Registry (NIRE): 35-3.0039609.0

**MATERIAL FACT**

Companhia Siderúrgica Nacional ("CSN" or "Company") hereby announces to its shareholders and the market in general updates and new projections, as follows:

**(i) Projected net revenue of R\$18 billion for 2017 and projected annualized adjusted EBITDA of around R\$5 billion for 2017:**

Said projections were met within the expected deadline;

**(ii) Projected leverage measured by the net debt to adjusted EBITDA ratio of nearly 5 times on December 31, 2017:**

CSN expected to reduce the net debt to adjusted EBITDA ratio to 5 times by the end of fiscal year 2017. However, the Company only managed to reduce this ratio to 5.66 times, due to the decline in adjusted EBITDA and the increase in dollar-denominated gross debt as a result of the appreciation of the dollar against the real in the fourth quarter of 2017 (4Q17), which had a negative impact on the indicator;

**(iii) Projected growth of 20% in net revenue and adjusted EBITDA for 2018:**

The Company projects growth of 20% in net revenue between 2017 and 2018, as well as an increase of 20% in adjusted EBITDA in the same comparison base.

These projections will be included or updated, as applicable, in section 11 of the Company's Reference Form and will be available on the website of the CVM (<http://www.cvm.gov.br/>) and the Company (<http://ri.csn.com.br/>) within the legal term.

CSN points out that the information disclosed in this document represents an estimate and involves market factors beyond CSN's control. Therefore, it does not constitute a promise of performance by the Company and/or its Management and may be subject to change.

São Paulo, March 28, 2018.

**FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
