Item 7.01 Regulation FD Disclosure.

On September 10, 2007, Western Digital Corporation provided an improved business outlook for its first fiscal quarter ending September 28, 2007. A copy of the press release making this announcement is attached hereto as Exhibit 99.1 and is incorporated herein by reference. In the Company's press release and in its conference call scheduled for 2 p.m. PST/5 p.m. EST today, the Company will report its business outlook for the first fiscal quarter ending September 28, 2007 on both a GAAP and a non-GAAP basis. The non-GAAP measures presented will exclude the impact of the acquisition of Komag, Incorporated from September 5, 2007 (the date of its acquisition by Western Digital Corporation) through the end of September. A reconciliation of the non-GAAP to GAAP information is included in the press release. The Company believes the exclusion of Komag's operations permits a more meaningful comparison of the updated guidance to the guidance the Company provided on July 26, 2007.

Non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information presented in compliance with GAAP. As used herein, "GAAP" refers to accounting principles generally accepted in the United States.

In accordance with General Instruction B.2 of Form 8-K, the information in this Current Report on Form 8-K, including Exhibit 99.1, shall not be deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities of that section, and shall not be incorporated by reference into any registration statement or other document filed under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.
