**Item 8.01 Other Events.**

On January 12, 2009, Cytokinetics, Incorporated issued a press release announcing updates relating to its internal research programs directed to muscle biology. The company announced that it plans to file an IND in 2009 for CK-2017357, a skeletal muscle activator, which had been selected for development in April 2008. This compound is the lead potential drug candidate which has arisen from the company's skeletal muscle activator program. The company also announced that it has recently designated a second skeletal muscle activator from this research program for development. In addition, Cytokinetics announced the selection of a small molecule inhibitor of smooth muscle myosin for development. This potential drug candidate is expected to enter IND-enabling studies in 2009. A copy of the press release is filed as Exhibit 99.1 to this Current Report on Form 8-K, and is incorporated herein by reference.
