**Item 1.01 Entry into a Material Definitive Agreement.**

On February 20, 2009, Altus Pharmaceuticals Inc. ("Altus") and Cystic Fibrosis Foundation Therapeutics, Inc. ("CFFTI") entered into a letter agreement (the "Letter Agreement") and a license agreement (the "License Agreement") terminating the Strategic Alliance Agreement dated as of February 22, 2001 between the parties (the "Alliance Agreement"). Under the terms of the License Agreement, Altus assigned the Trizytek trademark and certain patent rights to CFFTI and granted CFFTI an exclusive, worldwide, royalty-bearing license to use certain other intellectual property owned or controlled by Altus to develop, manufacture and commercialize any product using, in any combination, the three active pharmaceutical ingredients which comprise Trizytek. In these agreements, Altus also agreed to assist CFFTI with a transition of on-going development and regulatory activities and clinical trials relating to Trizytek through March 27, 2009, after which CFFTI will be responsible for future development activities. In exchange, CFFTI agreed to release Altus from all obligations and liabilities resulting from the Alliance Agreement, and to pay Altus a percentage of any proceeds CFFTI realizes associated with respect to any rights licensed or assigned to CFFTI under the License Agreement.

The foregoing is a summary description of certain terms of the Letter Agreement and the License Agreement. Altus intends to file the Letter Agreement and the License Agreement as exhibits to its Quarterly Report on Form 10-Q for the quarter ending March 31, 2009.

**Item 1.02 Termination of a Material Definitive Agreement.**

As noted above, the Alliance Agreement was terminated in connection with the entry into the License Agreement by the parties.
