Top of the Form Item 7.01 Regulation FD Disclosure.

On November 14, 2011, the registrant announced that on Wednesday, November 16, 2011, the registrant and Freightliner Custom Chassis Corporation, a manufacturer of premium chassis for motor home, delivery walk-in van and school bus and shuttle bus markets, will hold a media-only webinar to announce a newly developed program between the two entities to make electric vehicles more accessible to fleets. The intent of the new program is to allow fleet executives to purchase and operate all-electric vehicles for a cost equal to or less than the total life-cycle cost of an equivalent diesel-powered commercial vehicle. The savings that fleets would incur from the reduced maintenance and fuel savings of the electric vehicles would then be used over a period of time to cover the incremental expense for the technology.
