Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On December 12, 2013, the Board of Directors of P. H. Glatfelter Company (the "Company") approved a retention award of 100,000 restricted stock units ("RSUs") to Dante C. Parrini, Chairman and Chief Executive Officer. The award, made pursuant to the Company's Amended and Restated Long-Term Incentive Plan, provides that 100% of the RSUs will vest on the fifth anniversary of the award, assuming the achievement of a specified performance metric and that Mr. Parrini remains an employee of the Company through December 12, 2018.

This description of the terms and conditions of the award is qualified in its entirety by reference to the Restricted Stock Award Certificate filed herewith as Exhibit 10.1.

Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

On December 12, 2013, the Board of Directors of the Company adopted amendments (the "Amendments") to the Company's Amended and Restated By-laws (the "By-laws"), effective immediately. The By-laws were amended to incorporate into the By-laws a majority voting requirement for the election of directors, which provides that directors who do not receive a majority of the votes cast in an uncontested election must resign from their position as director. The resignation of a director nominee who is not an incumbent director is automatically accepted by the board; the resignation of an incumbent director is tendered to the independent directors of the board for a determination of whether to accept the resignation.

Section 2.19 of the By-laws was revised to clarify the role of the Chief Executive Officer and Section 3.1 was also amended to provide that an officer or director who sues the Company will only be eligible for indemnification from the Company in certain circumstances.

The foregoing description is qualified in its entirety by reference to the Amended and Restated By-laws as so amended, which is attached hereto as Exhibit 3.1 and incorporated herein by reference
