This Proxy Statement and the accompanying Notice of Annual Meeting of Stockholders and proxy card are furnished to stockholders of Andalay Solar, Inc., a Delaware corporation (“Andalay Solar” or the “Company”), in connection with the solicitation by order of the Board of Directors of the Company of proxies for use at the annual meeting of stockholders (the “Annual Meeting”) to be held on Tuesday, June 9, 2015 at the Company’s corporate offices, which after May 1, 2105 will be located at 48900 Milmont Drive, Fremont, California 94538, at 9:30 a.m. (Pacific Daylight Time), and at any adjournment thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. These proxy materials and the accompanying Annual Report on Form 10-K for the year ended December 31, 2014, are being provided on or about April 21, 2015 to stockholders of the Company entitled to vote at the Annual Meeting.

Andalay Solar has been in business since February 23, 2001. The Company’s corporate headquarters are located at 48900 Milmont Drive, Fremont, California 94538. The Company’s telephone number is (888) 395-2248.

As indicated in the Notice of Annual Meeting of Stockholders, the Company’s Annual Meeting has been called to: (i) elect four (4) directors to the Board of Directors for the ensuing year; (ii) approve an amendment to our Certificate of Incorporation to increase the number of authorized shares of common stock par value \$0.001 per share of the Company (the “Common Stock”) from 500,000,000 to 2,500,000,000; (iii) approve an amendment to our Certificate of Incorporation to effect a 1-for-50 reverse stock split of the Common Stock; (iv) approve the Sixth Modification to the 2006 Incentive Stock Plan to extend the Plan until 2021; (v) approve the Sixth Modification to the 2006 Incentive Stock Plan to increase the shares of Common Stock reserved under the plan to 250,000,000;(vi) ratify the appointment of Burr Pilger Mayer, Inc. as the Company’s independent registered public accounting firm for the year ending December 31, 2015; (vii) approve any adjournments of the meeting to another time or place, if necessary in the judgment of the proxy holders, for the purpose of soliciting additional proxies in favor of any of the foregoing proposals consider; and (viii) act upon such other business as may properly come before the Annual Meeting or any adjournment thereof.

## SOLICITATION AND VOTING

### Voting Rights and Outstanding Shares

Only stockholders of record at the close of business on April 21, 2015 (the “Record Date”) are entitled to notice of and to vote at the Annual Meeting. The voting securities of the Company issued and outstanding on the Record Date consisted of 398,153,951 shares (the “Shares”) of Common Stock, and entitle the holders thereof to one vote per Share. There was no other class of voting securities of the Company outstanding on such date. The presence at the Annual Meeting in person or by proxy of holders of a majority of the Shares entitled to vote is required for a quorum.

The election of directors will be determined based upon the affirmative vote of a plurality of the Shares present at the Annual Meeting. The affirmative vote of the holders of a majority of the issued and outstanding shares of our

Common Stock is required to approve the proposal to amend our Certificate of Incorporation to increase the number of authorized shares of Common Stock from 500,000,000 to 2,500,000,000 and the proposal to effect a 1-for-50 Reverse Stock Split of the Common Stock. Approval for each of the other proposals being submitted to the stockholders requires the affirmative vote of a majority of the votes cast at the Annual Meeting by the holders of the shares of Common Stock entitled to vote on such proposals. Shares of Common Stock which are voted to abstain on any proposal are counted as votes cast, and therefore have the same effect as a vote against the proposal.

## Table of Contents

Votes for and against, abstentions and broker “non-votes” are included for purposes of determining whether a quorum of Shares is present at the Annual Meeting. A broker “non-vote” occurs when a broker or nominee holding shares of Common Stock for a beneficial owner does not vote on a particular proposal because the broker or nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Broker “non-votes” are not included in the tabulation of the voting results on the election of directors or on proposals requiring approval of a majority of the votes cast and, therefore, do not have the effect of votes in opposition in such tabulations; however, they will have the effect as a vote against the proposal to amend our Certificate of Incorporation to increase the number of authorized shares of Common Stock from 500,000,000 to 2,500,000,000 and to effect a 1-for-50 Reverse Stock Split of the Common Stock because we are seeking the approval of a majority of the holders of the outstanding shares of Common Stock.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by persons appointed by our Board of Directors to act as Inspectors of Election for the Annual Meeting, as provided by our By-laws. The Inspectors of Election will count the total number of votes cast for approval of each proposal for purposes of determining whether sufficient affirmative votes have been cast.

## Solicitation of Proxies

All expenses in connection with the solicitation of proxies will be borne by us. We expect that the solicitation will be made primarily by mail and e-mail, but our regular employees or representatives may also solicit proxies by telephone, facsimile, e-mail or in person, without additional compensation. We will, upon request, reimburse brokerage houses and persons holding shares of Common Stock in the names of their nominees for their reasonable expenses in sending proxy material to their principals. In addition, we have retained Morrow & Co. LLC, 470 West Avenue, Stamford, Connecticut 06902, for assistance in connection with the annual meeting at a cost of approximately \$5,000 plus \$5.50 per stockholder.

## Voting Instructions

All shares of Common Stock represented by properly executed proxies received before or at the Annual Meeting will, unless the proxies are revoked, be voted in accordance with the instructions indicated on those proxies. If no instructions are indicated on the proxy, the shares of Common Stock will be voted as the Board of Directors recommends on each proposal. All proxies delivered pursuant to this solicitation may be revoked by the person executing the same at any time prior to the time they are voted. A proxy may be revoked by notice in writing received at our office, Attention: President, by execution of a subsequent proxy or by attendance and voting in person at the Annual Meeting. Attendance at the Annual Meeting will not automatically revoke the proxy.

Stockholders whose shares of Common Stock are registered in their own names may vote: (1) by returning a proxy card, (2) via the Internet, or (3) by telephone. Specific instructions to be followed by any registered stockholder interested in voting via the Internet or by telephone are set forth in these materials. The Internet and telephone voting procedures are designed to authenticate the stockholder’s identity and to allow the stockholders to vote his or her shares and confirm that his or her voting instructions have been properly recorded. If you do not wish to vote via the Internet or telephone, please complete, sign and return the proxy card in a self-addressed, postage paid envelope provided.

PROPOSAL NO. 1  
ELECTION OF DIRECTORS

Directors are to be elected at the annual meeting to hold office until the next annual meeting and until their respective successors are elected and qualified. The By-Laws of the Company (the “By-Laws”) provide that we shall have not less than one nor more than fifteen directors, with the exact number to be fixed by the Board of Directors from time to time. The Board presently consists of seven members, four of whom are standing for re-election. Management has no reason to believe that any of the nominees will be unable or unwilling to serve as a director, if elected. Should any nominee not be a candidate at the time of the Annual Meeting (a situation which is not now anticipated), proxies may be voted in favor of the remaining nominees and may also be voted for a substitute nominee selected by the Board of Directors.

The names of the nominees for director are Mark Kalow, Ron Kenedi, Steven Chan and Wei-Tai Kwok. See “Directors and Executive Officers” for information regarding each of the nominees for director.

Recommendation of the Board of Directors

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE ABOVE-NAMED NOMINEES FOR ELECTION AS OUR DIRECTORS. The proxy provided herewith will be voted FOR the above-named nominees for election as our directors unless the stockholder specifically withholds votes for any or all of the nominees. Pursuant to the By-Laws, directors are elected by a plurality of the votes cast at the Annual Meeting, if a quorum is present. If a quorum is present, each of the four nominees receiving the highest number of votes cast “for” any nominee will be elected. Proxies cannot be voted for more than four nominees. Abstentions, “broker non-votes” and withheld votes will have no effect on the outcome of the vote. Our Certificate of Incorporation does not provide for cumulative voting in the election of directors.

Each member of the Audit Committee meets the independence requirements prescribed Section 10A of the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

Our policy and procedure for the review, approval or ratification of any related party transaction is to present the proposed transaction approval to the appropriate Committee of our Board of Directors, depending upon the type of transaction - either the Compensation Committee for matters relating to compensation or services, the Audit Committee for general financial transactions, or the Corporate Governance Committee for matters relating to independence or potential conflicts of interest. Each of those Committees is comprised entirely of independent directors. In addition, any request for us to enter into a transaction with an executive officer, director or employee, or any of such persons’ immediate family members or affiliates, must first be presented to our Audit Committee for review, consideration and approval. In approving or rejecting the proposed agreement, our Audit Committee will review each such transaction for potential conflicts of interest or improprieties.

Director Nomination Process

The Nominating Committee identifies nominees who have the business background and experience, industry specific knowledge and general reputation and expertise that would allow them to contribute as members of the Company's Board of Directors and who are willing to serve as directors of a public company. The Board of Directors approved the Director Nomination Process by written resolution dated August 1, 2007. To date, the Nominating Committee has not engaged any third parties to assist the Nominating Committee in identifying or evaluating potential nominees. After a possible candidate is identified, the candidate would meet with various members of the Board of Directors to evaluate the candidate's potential to be an effective member of the Board of Directors. The Nominating Committee has adopted a formal written charter, a copy of which is available on our website at <http://ir.Andalaysolar.com/Governance.cfm>.

In considering nominees for election as a director, the Nominating Committee considers a number of factors, including creating and maintaining diversity on the Board of Directors. The Nominating Committee implements this policy by ensuring its members have sufficiently diverse backgrounds. The personal and professional backgrounds of all directors are researched and one-on-one interviews with existing directors and management are conducted prior to nomination of each candidate. Subsequently, annual reviews of the Board of Directors' composition and performance are assessed to ensure that sufficiently diverse knowledge and experience is being represented in the Board decision-making. Characteristics expected of all directors include integrity, high personal and professional ethics, sound business judgment and the ability and willingness to commit sufficient time to the proceedings and activities of the Company's Board of Directors. In evaluating the suitability of candidates for membership on the Board of Directors, the Nominating Committee takes into account many factors, including the candidate's general understanding of marketing, finance and other disciplines relevant to the success of a publicly traded company in today's business environment, understanding of the Company's business and technology, educational and professional background and personal accomplishments.

The Nominating Committee will consider stockholder recommendations for nominees for membership on the Board of Directors. Such recommendations may be submitted in writing after May 1, 2015 to Andalay Solar, Inc., 48900 Milmont Drive, Fremont, California 94538, Attention: President. Stockholders may recommend candidates at any time, but to be considered by the Nominating Committee for inclusion in the Company's proxy statement for the next annual meeting of stockholders, recommendations must be submitted in writing no later than 60 days in advance of the one year anniversary of the preceding year's annual meeting as first specified in the notice of meeting (without regard to any postponements or adjournments of such meeting after the notice was first given). Any such recommendation must include:

the name of the stockholder recommending the director candidate for consideration, the name of the director candidate and the written consent of the stockholder and the director candidate to be publicly identified;

awritten statement by the director candidate agreeing to be named in the Company's proxy materials and to serve as a member of the Board of Directors (and any committee of the Board of Directors to which the director candidate is assigned to serve by the Board of Directors) if nominated and elected;

the name of the stockholder recommending the director candidate for consideration, the name of the director candidate and the written consent of the stockholder and the director candidate to be publicly identified;

the director candidate's name, age, business and residential address, principal occupation or employment, number of shares of the Company's Common Stock and other securities beneficially owned, a resume or similar document detailing personal and professional experiences and accomplishments, and all other information relating to the

director candidate that would be required to be disclosed in a proxy statement or other filing made in connection with the solicitation of proxies for the election of directors pursuant to the Exchange Act, the rules of the SEC and the listing standards of the NASDAQ Stock Market.

The Company may request additional information from such candidate to assist in its evaluation. The Nominating Committee will evaluate any stockholder recommended nominees using the same criteria set forth above.

The Board of Directors' Role in Risk Oversight

Throughout the year, our Board of Directors provides guidance to management regarding our strategy and helps to refine our operating plans to implement our strategy. PROPOSAL NO. 2  
AMENDMENT TO OUR CERTIFICATE OF INCORPORATION. TO INCREASE THE NUMBER OF  
AUTHORIZED SHARES OF COMMON STOCK FROM 500,000,000 TO 2,500,000,000

Overview

Our Board of Directors has unanimously approved a proposal to amend our Certificate of Incorporation to increase the number of authorized shares of Common Stock from 500,000,000 to 2,500,000,000, subject to stockholder approval. The Board of Directors has declared this amendment to be advisable and recommended that this proposal be presented to our stockholders for approval.

If the stockholders approve this Proposal No. 2, we will file a certificate of amendment to our certificate of incorporation with the Secretary of State of the State of Delaware to increase the number of authorized shares of Common Stock from 500,000,000 to 2,500,000,000. Upon filing the certificate of amendment to our certificate of incorporation, the number of authorized shares of Common Stock will be 2,500,000,000.

Reasons for the Increase in the Number of Authorized Shares of Common Stock

We have found it necessary to fund our continued operations through the issuance of Common Stock, either through convertible debt instruments or equity credit lines. Due to these various capital raises, we have been obligated to issue and/or reserve Common Stock to the extent that the current number of authorized shares of Common Stock may not be sufficient should we find it necessary to continue with such funding measures in the future.

Our Certificate of Incorporation currently authorizes 501,000,000 shares of capital stock, 500,000,000 of which are currently designated as Common Stock and 1,000,000 of which are currently designated as Preferred Stock, for which the Board of Directors has the authority to establish, in its discretion from time to time, the voting rights and other designations, preferences, rights, qualifications, limitations and restrictions.

The Board of Directors has unanimously approved and adopted, subject to stockholder approval, an Amendment to our Certificate of Incorporation, providing for an increase in the authorized number of shares of Common Stock from 500,000,000 to 2,500,000,000 shares. The following is the text of the proposed amendment to the first paragraph of Article FOURTH of the Certificate of Incorporation:

FOURTH: The total number of shares of all classes of stock which the Corporation shall have authority to issue is two billion five hundred and one million (2,501,000,000) shares of capital stock, consisting of (i) two billion five hundred million (2,500,000,000) shares of Common Stock, \$0.001 par value per share (“Common Stock”), and (ii) one Million (1,000,000) shares of preferred stock, \$0.001 par value per share (the “Preferred Stock”).

As of April 21, 2015, the record date for our annual meeting, there were 398,153,951 shares of Common Stock outstanding, held by approximately 29 stockholders of record. In addition, as of April 10, 2015, we had the authority to issue options to purchase up to 8,551,550 shares of Common Stock pursuant to our 2006 Stock Incentive Plan (the “Stock Plan”).

If this Proposal is approved by our stockholders, the Amendment to our Certificate of Incorporation will become effective upon the filing of a Certificate of Amendment with the Secretary of State of the State of Delaware, which filing would be expected to take place as soon as practicable following the special meeting.

The Board of Directors believes it is desirable for us to have the flexibility to issue additional shares of Common Stock in excess of the amount which is currently authorized without further stockholder action. As of April 21, 2015

we had 398,153,951 shares of Common Stock outstanding and we had warrants to purchase 22,148,045 shares of Common Stock. The Board of Directors believes that the availability of additional shares will provide us with the flexibility to: (i) issue Common Stock for conversions of preferred stock if such stock is issued, (ii) issue Common Stock for possible future financings, acquisitions, repayment of indebtedness or stock option plans, or (iii) issue Common Stock for other general corporate purposes that may be identified in the future by the Board of Directors.

## Table of Contents

While the Board of Directors continually considers our capital structure and various financing alternatives, the Board of Directors has no commitments to issue any additional shares of Common Stock at this time other than issuances upon conversion of currently outstanding securities. The Board of Directors will determine whether, when and on what terms the issuance of shares may be warranted in the future in connection with our capital structure and financing needs. As is the case with the current authorized but unissued shares of Common Stock, the additional shares of Common Stock authorized by this proposed amendment could be issued upon approval by the Board of Directors without further vote of our stockholders except as may be required in particular cases by applicable law, regulatory agencies. Under Delaware law, stockholders who do not vote for this Proposal are not entitled to appraisal rights with respect to their shares of Common Stock. The issuance of additional shares of Common Stock may have a dilutive effect on earnings per share and, for stockholders who do not purchase additional shares to maintain their pro rata interest in the Company, on such stockholders' voting power.

Stockholders do not have preemptive rights to subscribe for additional securities that may be issued by the Company, which means that stockholders do not have a prior right to purchase any new issue of Common Stock in order to maintain their proportionate ownership interest in the Company. If we issue additional shares of Common Stock or securities convertible into or exercisable for Common Stock, such issuance would have a dilutive effect on the voting power and could have a dilutive effect on the earnings per share of the Company's currently outstanding shares of Common Stock. Additionally, we have no current intention of using additional shares of Common Stock as an anti-takeover defense, however, such an issuance could be used to create impediments to or otherwise discourage persons attempting to gain control of our company (through dilutive offerings or otherwise).

### Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR APPROVAL OF THE AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK FROM 500,000,000 TO 2,500,000,000.

Approval of this proposal requires the affirmative vote of a majority of the issued and outstanding shares of Common Stock. Abstentions and broker non-votes will be counted as present for purposes of determining if a quorum is present, but will have the same effect as a negative vote on this proposal.

## PROPOSAL NO. 3 AMENDMENT TO OUR CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF OUR COMMON STOCK

### Overview

The Board of Directors currently believes it would be in our best interests and the best interests of our stockholders to adopt an amendment to our Certificate of Incorporation authorizing a Reverse Stock Split of our outstanding shares of our Common Stock. The Board of Directors believes that a reverse stock split may provide us with the opportunity to solicit investor interest in our Company on a broader scale than is currently available.

The Board of Directors has approved, and is hereby soliciting stockholder approval of, an amendment to our Certificate of Incorporation (the "Reverse Stock Split Amendment") to effect a Reverse Stock Split at a ratio of 1-for-50, in the form set forth below. A vote FOR Proposal No. 3 will constitute approval of the Reverse Stock Split Amendment providing for the combination of each 50 shares of Common Stock into one share of Common Stock. If the stockholders approve this proposal, the Board of Directors will have the authority, but not the obligation, in its sole discretion, and without further action on the part of the stockholders, to effect a reverse stock split by filing a

Certificate of Amendment to our Certificate of Incorporation with the Delaware Secretary of State at any time after the approval of the proposal. If the Reverse Stock Split Amendment has not been filed with the Delaware Secretary of State prior to the next annual meeting of stockholders, the Board of Directors will abandon the Reverse Stock Split Amendment constituting the Reverse Stock Split.

The Reverse Stock Split, if implemented, would reduce the number of issued and outstanding shares of Common Stock, but would not change the number of authorized shares, the par value or the voting rights of the Common Stock and, except for the impact of the elimination of fractional shares, each stockholder's proportionate ownership interest in our company would be the same immediately before and after the Reverse Stock Split.

The Board of Directors reserves its right to elect not to proceed with, and abandon, the Reverse Stock Split if it determines, in its sole discretion, that this proposal is no longer in our best interests and in the best interests of our stockholders.

Although we have no current intention of using additional shares of Common Stock resulting from the reverse split as an anti-takeover defense, such an issuance could be used to create impediments to or otherwise discourage persons attempting to gain control of our company (through dilutive offerings or otherwise).

## Table of Contents

### Text of the Reverse Stock Split Amendment

In addition to the filing of an amendment to the Certificate of Incorporation following stockholder approval of “Proposal No.2” of the 2015 Proxy Statement, the first paragraph of Article FOURTH of the Certificate of Incorporation would be amended and restated as follows if the Board of Directors decided to proceed with the Reverse Stock Split following approval by our stockholders:

FOURTH: The total number of shares of all classes of stock which the Corporation shall have authority to issue is two billion five hundred one million (2,501,000,000) shares of capital stock, consisting of (i) two billion five hundred million (2,500,000,000) shares of Common Stock, \$0.001 par value per share (“Common Stock”), and (ii) One Million (1,000,000) shares of preferred stock, \$0.001 par value per share (the “Preferred Stock”).

Upon the effectiveness of the Certificate of Amendment to the Certificate of Incorporation (the “Effective Time”), each fifty (50) shares of our Common Stock, par value \$0.001 per share, issued and outstanding immediately prior to the Effective Time (the “Old Common Stock”), will automatically and without any action on the part of the respective holders thereof be combined, reclassified and changed into one (1) share of Common Stock, par value \$0.001 per share, (the “New Common Stock”). Notwithstanding the immediately preceding sentence, in lieu of any fractional interests in shares of New Common Stock to which any stockholder would otherwise be entitled pursuant hereto (taking into account all shares of capital stock owned by such stockholder), such stockholder shall be entitled to receive one share of New Common Stock.

We will not be obligated to issue certificates evidencing the shares of New Common Stock outstanding as a result of the Reverse Stock Split unless and until the certificates evidencing the shares held by a holder prior to the Reverse Stock Split are either delivered to the Corporation or its transfer agent, or the holder notifies the Corporation or its transfer agent that such certificates have been lost, stolen or destroyed and executes an agreement satisfactory to the Corporation to indemnify the Corporation from any loss incurred by it in connection with such certificates. Each stock certificate that, immediately prior to the Effective Time, represented shares of Old Common Stock shall, from and after the Effective Time, automatically and without the necessity of presenting the same for exchange, represent that number of whole shares of New Common Stock into which the shares of Old Common Stock represented by such certificate shall have been reclassified (as well as the right to receive cash in lieu of any fractional shares of New Common Stock as set forth above), provided, however, that each holder of record of a certificate that represented shares of Old Common Stock shall receive, upon surrender of such certificate, a new certificate representing the number of whole shares of New Common Stock into which the shares of Old Common Stock represented by such certificate shall have been reclassified, as well as any cash in lieu of fractional shares of New Common Stock to which such holder may be entitled as set forth above.”

The Board of Directors may, at its sole discretion, elect not to implement the Reverse Stock Split even if this proposal is approved by the stockholders. If the Reverse Stock Split Amendment is approved, the number of issued and outstanding shares of Common Stock would be reduced by an exchange ratio of one (1) share for every fifty (50) shares currently outstanding (the “Exchange Ratio”), and the currently authorized number of shares of our Common Stock would remain at 2,500,000,000 (with stockholder approval of “Proposal No.2”) or 500,000,000 (if “Proposal No.2” is not approved), without further approval of our stockholders. A reverse stock split would only become effective upon filing the Reverse Stock Split Amendment with the Delaware Secretary of State, following the Annual Meeting (assuming this Proposal No.3 is approved and only if the implementation is approved by the Board of Directors). The exact date on which the Reverse Stock Split Amendment would be filed are subject to review and final approval by the Board of Directors.

### Purpose and Background of the Reverse Split

The Board of Director's primary objective in requesting the ability to effectuate the proposed Reverse Stock Split is to encourage greater interest in its Common Stock among members of the financial community and the investing public.

## Table of Contents

We anticipate that the decrease in the number of shares of our outstanding Common Stock resulting from the reverse split, and the anticipated increase in the price per share, will encourage greater interest in the Common Stock among members of the financial community and the investing public, and possibly create a more liquid market for our stockholders with respect to those shares presently held by them. However, the possibility exists that stockholder liquidity may be adversely affected by the reduced number of shares which would be outstanding if the Reverse Stock Split is effected, particularly if the price per share of our Common Stock begins a declining trend after the Reverse Stock Split is effected. There can be no assurance that the Reverse Stock Split will achieve any of the desired results. There also can be no assurance that the price per share of our Common Stock immediately after the Reverse Stock Split will increase proportionately with the Reverse Stock Split, or that any increase in stock price will be sustained for any period of time.

We are not aware of any present efforts by anyone to accumulate our Common Stock, and the proposed Reverse Stock Split is not intended to be an anti-takeover device nor is it part of a broader plan to take us private.

### Effects of Reverse Split on Common Stock; No Fractional Shares

One principal effect of the Reverse Stock Split would be to decrease the number of outstanding shares of our Common Stock. Except for adjustments that may result from the treatment of fractional shares as described below (see “Treatment of Fractional Shares; Exchange of Stock Certificates”), the Reverse Stock Split will not have any dilutive effect on our stockholders since each stockholder would hold the same percentage of our Common Stock outstanding immediately following the Reverse Stock Split as such stockholder held immediately prior to the Reverse Stock Split. The relative voting and other rights that accompany the shares of Common Stock would not be affected by the Reverse Stock Split. Although the Reverse Stock Split will not have any dilutive effect on our stockholders, the proportion of shares of Common Stock owned by our stockholders relative to the number of shares of Common Stock authorized for issuance will decrease because the Reverse Stock Split Amendment would maintain the currently authorized number of shares of Common Stock. As a result, the additional authorized shares of Common Stock will be available for issuance at such times and for such purposes as the Board of Directors may deem advisable without further action by our stockholders, except as required by applicable laws and regulations.

The proposed amendment to our Certificate of Incorporation will not otherwise alter or modify the rights, preferences, privileges or restrictions of the Common Stock.

### Effect on Outstanding Options

As of April 10, 2015, there are 37,034,483 options to purchase shares of Common Stock outstanding. Under the terms of the options, if the Reverse Stock Split becomes effective, the number of shares of Common Stock covered by each option will be decreased and the conversion or exercise price per share will be proportionately increased. As of April 10, 2015, we had 45,593,221 remaining shares authorized for issuance under its 2006 Incentive Stock Plan (the “Plan”). Under the terms of the Plan, when the Reverse Stock Split becomes effective, the number of shares of Common Stock reserved for issuance under the Plan will be proportionately decreased in accordance with the stock split ratio.

### No Effect on Legal Ability to Pay Dividends

We do not believe that the Reverse Stock Split will have any effect with respect to future distributions, if any, to our stockholders. We do not anticipate paying dividends in the near future. There can be no assurance as to future dividends because they are dependent on our future earnings, capital requirements and financial conditions.

### Treatment of Fractional Shares; Exchange of Stock Certificates

We have appointed American Stock Transfer & Trust Company, LLC to act as exchange agent for holders of Common Stock in connection with the Reverse Stock Split. As soon as practicable after the Effective Date of the Reverse Stock Split, we will request that all stockholders holding shares of the Common Stock in certificate form return their stock certificates representing shares of Common Stock outstanding on the Effective Date in exchange for certificates representing the number of whole shares of Common Stock into which the shares of old Common Stock have been converted as a result of the Reverse Stock Split. Each stockholder will receive a letter of transmittal from our transfer agent containing instructions on how to exchange certificates. Stockholders should not destroy any stock certificates and should not submit their old certificates until requested to do so. In order to receive new certificates, stockholders must surrender their old certificates in accordance with the transfer agent's instructions, together with the properly executed and completed letter of transmittal.

## Table of Contents

Beginning with the Effective Date, each old certificate, until exchanged as described above, will be deemed for all purposes to evidence ownership of the number of whole shares of Common Stock previously represented by the certificate that were combined pursuant to the Reverse Stock Split.

No fractional shares will be issued in connection with the Reverse Stock Split. Stockholders who otherwise would be entitled to receive fractional shares because they hold a number of shares of Common Stock not evenly divisible by the number selected by the Board of Directors for the Reverse Stock Split ratio will be entitled, upon surrender of any certificate(s) representing such shares, to one share of the New Common Stock.

Effect on Beneficial Holders of Common Stock (i.e. Stockholders who hold in “street name”)

Upon the Reverse Stock Split, we intend to treat shares held by stockholders in “street name,” through a bank, broker or other nominee, in the same manner as registered stockholders whose shares are registered in their names. Banks, brokers or other nominees will be instructed to effect the Reverse Stock Split for their beneficial holders holding our Common Stock in “street name.” However, these banks, brokers or other nominees may have different procedures than registered stockholders for processing the Reverse Stock Split and making payment for fractional shares. If a stockholder holds shares of our Common Stock with a bank, broker or other nominee and has any questions in this regard, stockholders are encouraged to contact their bank, broker or other nominee.

Tax Consequences of the Reverse Stock Split

For most holders of our Common Stock, no tax gain or loss should be recognized upon effectiveness of the Reverse Stock Split. The aggregate tax basis in the Common Stock received pursuant to the Reverse Stock Split should be approximately equal to the aggregate tax basis in the Common Stock surrendered and the holding period for the Common Stock received should include the holding period for the Common Stock surrendered. To the extent that a holder receives cash in lieu of a fractional share of Common Stock, the holder generally will recognize gain or loss equal to the difference between the cash received and the portion of the holder’s tax basis in the shares of Common Stock surrendered allocable to that fractional share. However, the tax consequences of the proposed Reverse Stock Split must be determined by each holder in accordance with the facts applicable to the particular circumstances of such holder.

Each stockholder is strongly urged to consult with his, her or its own tax advisor regarding the federal, state, local and foreign income and other tax consequences of the Reverse Stock Split, including tax return reporting requirements and the effect of any proposed change in the tax laws.

Reservation of Right to Abandon Reverse Stock Split

If the Reverse Stock Split is approved by our stockholders, it will be effected, if at all, only upon a determination by the Board of Directors that a Reverse Stock Split is in the best interests of the Company and its stockholders. The Board’s determination as to whether to effect the Reverse Stock Split will be based upon various factors such as the existing and expected marketability and liquidity for our Common Stock, prevailing market conditions, the recent trading history of our Common Stock and the likely effect on the market price of our Common Stock. Should the Board of Directors determine that the Reverse Stock Split is not in our best interests or the best interests of our stockholders, the Board of Directors will not proceed with the Reverse Stock Split. By voting in favor of the Reverse Stock Split, you are also expressly authorizing the Board of Directors to determine not to proceed with, and abandon, the Reverse Stock Split if it should so decide.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR APPROVAL OF THE AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF OUR COMMON STOCK. Approval of this proposal requires the affirmative vote of a majority of the issued and outstanding shares of Common Stock. Abstentions and broker non-votes will be counted as present for purposes of determining if a quorum is present, and will have the same effect as a negative vote on this proposal.

PROPOSAL NO. 4  
APPROVAL OF THE SIXTH MODIFICATION  
TO THE 2006 INCENTIVE STOCK PLAN

The 2006 Incentive Stock Plan (the “Stock Plan”) was adopted by the Board of Directors on August 8, 2006.

Our Board of Directors has unanimously approved a proposal to extend the term of the Stock Plan from its current expiration date of 2016 until 2021; we refer to this proposal as the “Sixth Modification to the 2006 Incentive Plan.”

The purpose of the Stock Plan is to provide an incentive to retain and attract talented directors, officers, consultants, advisors and employees to our company, and to encourage the sense of proprietorship and stimulate the active interest of such persons in our development and financial success. The Board of Directors has declared this proposed Sixth Modification to the 2006 Incentive Plan to be advisable and recommends that this proposal be presented to the Company’ stockholders for approval.

Under the Stock Plan, we are authorized to issue incentive stock options intended to qualify under Section 422 of the Internal Revenue Service Code of 1986, as amended (the “Code”), non-qualified stock options and grants of restricted stock. The Stock Plan is administered by the Compensation Committee of our Board of Directors. As of April 10, 2015, we had granted stock options to purchase shares of Common Stock under the 2006 Incentive Stock Plan to 43 employees, of which 5,928,053 are exercisable and 1,718,918 have been forfeited or cancelled through April 10, 2015. Restricted stock was issued to 369 employees and 13 non-employee service providers, for a total of 4,889,646 shares of restricted stock granted, of which restrictions have lapsed as to 4,413,967 shares and 475,679 have been forfeited or cancelled through April 10, 2015. Generally, these grants of restricted stock are subject to vesting in four equal annual installments from the date of grant or hire. Of these amounts and during fiscal year ended December 31, 2014, stock options to purchase 15,000,000 shares of Common Stock were granted to our Chief Executive Officer.

A summary of the Stock Plan is set forth below, and its full text is available on the investor relations section of our website at [www.andalaysolar.com](http://www.andalaysolar.com). The following discussion is qualified in its entirety by reference to the Stock Plan.

Administration of the Stock Plan

Our Board of Directors has appointed and has historically maintained as administrator of the Stock Plan the Compensation Committee. In the absence of an appointed Compensation Committee, the full Board of Directors will administer the Stock Plan. The Compensation Committee, subject to certain restrictive provisions of the Stock Plan, has full power and authority to designate recipients of options and restricted stock grants and to interpret provisions and supervise the administration of the Stock Plan.

The Board of Directors is authorized to amend, suspend, or terminate the Stock Plan, except that no amendment shall be effective, which, without the approval of the Company’s stockholders would: (a) materially increase the number of shares issuable under the Stock Plan; (b) materially increase the benefits accruing to option holders under the Stock Plan; (c) materially modify Stock Plan eligibility requirements; (d) decrease the exercise price of an option to less than 100% of the underlying stock’s fair market value on the grant date; (e) extend the term of any option granted under the Stock Plan beyond five years from its date of issuance; or (f) reduce the exercise price of outstanding options or effect repricing through cancellations and re-grants of new options.

The Stock Plan contains a provision under which no option and no shares of restricted stock shall be granted pursuant to the Stock Plan on or after the date that is ten years from the effective date of the Stock Plan, but options or shares of restricted stock theretofore granted may extend beyond that date.

## Table of Contents

### Common Stock Subject to the Stock Plan

The Stock Plan provides that options and restricted stock may be granted with respect to 50 million shares (or, subject to shareholder approval of the Sixth Modification to the Stock Plan, 250,000,000 shares) of the Company's Common Stock. The shares of Common Stock subject to the Stock Plan consist of unissued shares, treasury shares or previously issued shares held by any subsidiary of the Company. Should any option or grant of restricted stock expire or be canceled prior to its exercise or vesting in full, or should the number of shares of Common Stock to be delivered upon the exercise or vesting in full of an option or grant of restricted stock be reduced for any reason, the shares of Common Stock subject to such option or grant of restricted stock may be subject to future options or grants of restricted stock, except where such reissuance is inconsistent with the provisions of Section 162(m) of the Internal Revenue Code.

### Participation

Any director, officer, employee or consultant to the Company or any of its subsidiaries are eligible to receive options or restricted stock under the Stock Plan. However, only employees of the Company or its subsidiaries can receive incentive stock options.

In selecting participants, and in determining the number of shares to be covered by each option or grant of restricted stock awarded to participants, the Compensation Committee may consider any factor it deems relevant, including without limitation, the office or position held by the participant, the participant's relationship to the Company, the participant's degree of responsibility for and contribution to the growth and success of the Company's business, the participant's length of service, promotions and potential.

### Option Price

The purchase price of each share of the Company's Common Stock purchasable under an incentive option or a nonqualified option shall be determined by the Compensation Committee at the time that the option is granted, but will be no less than 100% of the Fair Market Value (as defined in the Stock Plan) of the underlying Common Stock. If an incentive stock option is granted to an employee who owns more than 10% of the total combined voting power of all classes of stock of the Company or of any subsidiary, the purchase price per share of Common Stock will be at least 110% of the Fair Market Value per share of Common Stock on the date of grant. The closing price of the Company's Common Stock as reported on OTCBB on April 15, 2015 was \$0.02 per share.

### Option Term

The term of each option shall be fixed by the Committee, but no option shall be exercisable more than five years after the date such option is granted.

### Exercisability

Options are exercisable at such time or times and subject to such terms and conditions as determined by the Compensation Committee at the time of grant. In the absence of any option vesting periods designated by the Committee at the time of grant, options vest and become exercisable as to one-third of the total amount of shares subject to the option on each of the first, second and third anniversaries of the date of grant. In addition, the Stock Plan provides that no options are exercisable until such time as any vesting limitation required by Section 16 of the Exchange Act and related rules, shall be satisfied if such limitation shall be required for continued validity of the exemption provided under Rule 16b-3(d)(3).

## Table of Contents

In the event of a Change of Control (as defined in the Stock Plan), the Stock Plan provides for complete acceleration of the vesting of outstanding options by the Company and held by the participant at the time of the Change of Control, whether or not vested. Alternatively, in the event of a Change of Control, the Company can elect to pay to the participant an amount in cash per stock option (whether vested or unvested) then held, equal to the difference between the full exercise price of each option and the greater of (i) the average price per share paid in connection with the acquisition of control of the Company or the then fair market value of the non-cash consideration paid for such shares, (ii) the price per share paid in connection with any tender offer for shares of the Company's Common Stock leading to control, or (iii) the mean between the high and low selling price of such stock on the NASDAQ Stock Market, OTC Bulletin Board or other market on which the Company's Common Stock is then traded or listed for quotation on the date of the Change of Control.

Options are not transferable and may be exercised solely by the participant during her or his lifetime or after her or his death by the person or persons entitled to such option under her or his will or laws of descent and distribution.

### Tax Treatment of Incentive Stock Options

In general, no taxable income for federal income tax purposes will be recognized by an option holder upon receipt or exercise of an incentive stock option, and the Company will not then be entitled to any tax deduction for compensation expense. Assuming that the option holder does not dispose of the option shares before the later of (i) two years after the date of grant or (ii) one year after the exercise of the option, upon any such disposition, the option holder will recognize capital gain equal to the difference between the sale price on disposition and the exercise price.

If, however, the option holder disposes of option shares prior to the expiration of the required holding periods, such option holder will recognize ordinary income for federal income tax purposes in the year of disposition equal to the lesser of (i) the difference between the fair market value of the shares at the date of exercise and the exercise price, or (ii) the difference between the sale price upon disposition and the exercise price. Any additional gain on such disqualifying disposition will be treated as capital gain. In addition, if such a disqualifying disposition is made by the option holder, the Company will be entitled to a deduction equal to the amount of ordinary income recognized by the option holder provided that such amount constitutes an ordinary and reasonable expense of ours.

### Tax Treatment of Nonqualified Stock Options

In general, no taxable income will be recognized by an option holder upon receipt of a nonqualified stock option, and the Company will not be entitled to a tax deduction for such grant.

Upon the exercise of a nonqualified stock option, the option holder will generally include in ordinary taxable income, for federal income tax purposes, the excess in value on the date of exercise of the shares acquired pursuant to the nonqualified stock option over the exercise price. Upon a subsequent sale of the shares, the option holder will derive short-term or long-term gain or loss, depending upon the option holder's holding period for the shares, commencing upon the exercise of the option, and upon the subsequent appreciation or depreciation in the value of the shares.

The Company generally will be entitled to a corresponding tax deduction at the time of exercise of the stock option, equal to the amount of ordinary income recognized by the participant.

### Withholding of Tax

The Company is permitted to deduct and withhold amounts required to satisfy the Company's withholding tax liabilities with respect to the Company's employees.

Stock Options and Restricted Stock Grants

As of April 10, 2015, we had granted stock options to purchase shares of Common Stock under the 2006 Incentive Stock Plan to 43 employees, of which 5,928,053 are exercisable and 1,718,918 have been forfeited or cancelled through April 10, 2015. Restricted stock was issued to 382 employees and 13 non-employee service providers, for a total of 4,889,646 shares of restricted stock granted, of which restrictions have lapsed as to 4,413,967 shares and 475,679 have been forfeited or cancelled through April 10, 2015. Generally, these grants of restricted stock are subject to vesting in four equal annual installments from the date of grant or hire. Of these amounts and during fiscal year ended December 31, 2014, 0 shares of restricted Common Stock and stock options to purchase 15,000,000 shares of Common Stock were granted to our Chief Executive Officer.

Table of Contents

Restricted stock may be granted under this Stock Plan aside from, or in association with, any other award. A participant shall have no rights to an award of restricted stock unless and until the participant accepts the award, and if the Committee shall deem it desirable, makes payments to the Company of cash, or by check. After acceptance and the issuance of a stock certificate, the participant shall have all the rights of a stockholder with respect to the restricted stock.

The Company shall issue in the participant's name a certificate for the shares of Common Stock associated with the award of restricted stock; however, unless otherwise provided, the certificate shall not be delivered to the participant until such shares are free of any restrictions specified by the Committee at the time of grant. Shares of restricted stock are forfeitable until the terms of the restricted stock grant have been satisfied, and shares of restricted stock may not be transferred until all restrictions have lapsed. Upon a Change of Control, the Committee may accelerate the vesting of outstanding restricted stock, in whole or in part, in its sole discretion.

## Tax Treatment of Restricted Stock Grants

Except as discussed below, upon the grant of restricted stock, no income is realized by a participant, and the Company is not allowed a deduction at that time. When the restricted stock vests and is no longer subject to a substantial risk of forfeiture for income tax purposes, the participant realizes taxable ordinary income in an amount equal to the Fair Market Value at the time of vesting of the shares of Restricted Stock which have vested (less the purchase price therefore, if any), and, subject to the limitations of Section 162(m) of the Internal Revenue Code, the Company is entitled to a corresponding deduction at such time.

If a participant makes a timely election under Section 83(b) of the Internal Revenue Code, the participant recognizes taxable ordinary income in an amount equal to the Fair Market Value at the time of grant of the restricted stock (less the purchase price therefore, if any), and, subject to the limitations of Section 162(m) of the Internal Revenue Code, the Company is entitled to a corresponding deduction at such time.

## Options and Restricted Stock To Be Granted to Certain Persons

The aggregate numbers of shares of Common Stock subject to options or restricted stock grants that can be issued in the future are subject to discretion of the Compensation Committee and are not determinable at this time.

Approval of this proposal requires the affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting. PROPOSAL NO. 5  
APPROVAL OF THE SIXTH MODIFICATION  
TO THE 2006 INCENTIVE STOCK PLAN

The Stock Plan was adopted by the Board of Directors on August 8, 2006. On December 20, 2006, August 24, 2007, October 21, 2008, May 7, 2009, and August 10, 2013 we amended the Stock Plan to increase the number of shares of Common Stock reserved for issuance under the Stock Plan, either as grants of restricted stock or stock options, to our employees, directors and consultants, from 112,500 shares to 250,000 shares, from 250,000 to 1,000,000 shares, from 1,000,000 to 1,250,000 shares, from 1,250,000 shares to 3,000,000 shares, and from 3,000,000 shares to 50,000,000 shares respectively. Our Board of Directors has unanimously approved a proposal to increase the total number of shares of Common Stock that we will have the authority to issue under the Stock Plan from 50,000,000 to 250,000,000 resulting in a net increase in reserved shares for our employee stock plans of 200,000,000; we also refer to this proposal #5 (as well as proposal #4) as the “Sixth Modification to the 2006 Incentive Plan.”

The purpose of the Stock Plan is to provide an incentive to retain and attract talented directors, officers, consultants, advisors and employees to our company, and to encourage the sense of proprietorship and stimulate the active interest of such persons in our development and financial success. The Board has declared this proposed Sixth Modification to the 2006 Incentive Plan to be advisable and recommends that this proposal be presented to our stockholders for approval.

Under the Stock Plan, we are authorized to issue incentive stock options intended to qualify under Section 422 of the Code, non-qualified stock options and grants of restricted stock. The Stock Plan is administered by the Compensation Committee of our Board of Directors or directly by our Board of Directors. As of April 10, 2015, we have 8,551,550 shares of Common Stock available for grant under the Stock Plan.

We have generally sought to align the number of shares reserved for issuance under the Stock Plan to approximately ten percent (10%) of the authorized number of shares of our Common Stock. Pursuant to Proposal No.2 of this 2015 Proxy Statement, the Company is seeking to increase the authorized number of shares of our Common Stock to 2,500,000,000 from the current 500,000,000 shares. In keeping with the preferred alignment of awards under the Stock Plan being ten percent (10%) of the authorized Common Stock, we are seeking approval of its stockholders to increase the number of current shares of Common Stock reserved under the Stock Plan for grant to 250,000,000, which would be ten percent (10%) of the new number of authorized shares of our Common Stock.

A summary of the Stock Plan is set forth in the “Proposal No.4” section of this 2015 Proxy Statement, and its full text is available on the investor relations section of our website at [www.andalaysolar.com](http://www.andalaysolar.com). The following discussion is qualified in its entirety by reference to the Stock Plan.

## PROPOSAL NO. 6

## RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

On December 19, 2006, the Board of Directors retained Burr Pilger Mayer, Inc. (“BPM”), as our independent registered public accounting firm.

BPM has audited our consolidated financial statements for each of our two most recent years. The reports of BPM on our financial statements for the years ended December 31, 2014 and 2013 were prepared assuming we will continue as a going concern despite our history of operating losses and negative cash flow from operations. The audit opinions do not contain an adverse opinion or disclaimer of opinion, nor were they otherwise qualified or modified as to uncertainty, audit scope or accounting principles.

The Audit Committee selected BPM to continue in its capacity for the year ending December 31, 2015. Accordingly, we are asking the stockholders to ratify the engagement of BPM as its independent registered public accounting firm.

Although the engagement of BPM is not required to be submitted to a vote of the stockholders, the Board of Directors believes that it is appropriate as a matter of policy to request that the stockholders ratify the selection of its independent registered public accounting firm for the year ending December 31, 2015. If the stockholders fail to ratify the appointment, the Audit Committee of the Board of Directors will consider it as a direction to select a different independent registered public accounting firm for the subsequent year. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee believes that such a change would be in our best interests and the best interests of our stockholders.

A representative of BPM is expected to be present at the annual meeting, with the opportunity to make a statement if the representative desires to do so, and is expected to be available to respond to appropriate questions.

The following table sets forth the aggregate fees billed to us by BPM for the years ended December 31, 2014 and 2013:

	2014	2013
Audit Fees (1)	\$ 175,116	\$ 134,500
Tax Fees	—	—
Total	\$ 175,116	\$ 134,500

(1) Comprised of the audit of our annual consolidated financial statements, the reviews of our quarterly condensed consolidated financial statements and the reviews of our registration statements.

The Audit Committee reviews and pre-approves all proposed audit and non-audit engagements and related fees of BPM. In addition, any audit and non-audit fees for newly proposed professional services to be provided by BPM that arise during the year, or changes to previously approve BPM work, are reviewed and approved in advance of commencement of such services by the Audit Committee at their regularly scheduled meetings throughout the year. Should a situation arise that requires approval between meetings, the Audit Committee has delegated authority to its Chairman to authorize such pre-approval and to report on same at the following regularly scheduled meeting. The Audit Committee has the authority to grant pre-approval of audit and non-audit services to one or more designated members of the Audit Committee who are independent directors. Any such delegation shall be presented to the full Audit Committee at its next scheduled meeting.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE APPOINTMENT OF BURR PILGER MAYER, INC. AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2015. Approval of this proposal requires the affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting. Broker non-votes will be counted as present for purposes of determining the presence of a quorum but will not have any effect on the outcome of the proposal. Abstentions will have the same effect as a vote against the proposal.

REPORT OF THE AUDIT COMMITTEE

In discharging its oversight responsibility as to the audit process for 2014, the Audit Committee obtained from the independent registered public accounting firm a formal written statement describing all relationships between the independent registered public accounting firm and us that might bear on the independent registered public accounting firm's independence required by Ethics and Independence Rule 3526 of the Public Company Accounting Oversight Board (United States) ("PCAOB"), discussed with the independent registered public accounting firm any relationships that may impact their objectivity and independence and satisfied itself as to the independent registered public accounting firm's independence. The Audit Committee also discussed with management and the independent registered public accounting firm the quality and adequacy of our internal controls. The Audit Committee reviewed with the independent registered public accounting firm their audit plan and audit scope.

The Audit Committee discussed and reviewed with the independent registered public accounting firm all communications required by the PCAOB, including those described in PCAOB Auditing Standard No. 16 (Communications with Audit Committees), and, with and without management present, discussed and reviewed the independent registered public accounting firm's examination of the consolidated financial statements.

The Audit Committee reviewed the audited consolidated financial statements of the Company, as of and for the year ended December 31, 2014, with management and the independent registered public accounting firm. Management has the responsibility for the preparation of the Company's consolidated financial statements and the independent registered public accounting firm has the responsibility for the examination of those statements.

Based on the above-mentioned review and discussions with the independent registered public accounting firm, the Audit Committee recommended that the Company's audited consolidated financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2014, as filed with the Securities and Exchange Commission, on April 15, 2015. The Audit Committee recommended and approved the reappointment of the independent registered public account firm.

We will also use the discretionary authority conferred on our proxy holders by duly executed proxy cards to vote for any other matter as we determine to be appropriate.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION & ANALYSIS

This Compensation Discussion & Analysis (“CD&A”) outlines our executive compensation programs. It explains the decision making process used by our Compensation Committee (or in the absence of the Compensation Committee meeting, the full Board of Directors), the reasoning behind our executive compensation programs, and the actions the Compensation Committee (or in the absence of the Compensation Committee meeting, the full Board of Directors) took related to the compensation of the following executives (our “Named Executive Officers”):

- Steven Chan – Chief Executive Officer, President, Interim Chief Financial Officer, Treasurer and Secretary
  - Wei-Tai Kwok – Chief Operating Officer
- Margaret Randazzo, former Chief Executive Officer and Chief Financial Officer

I. Overview of Our Compensation Programs

A. Philosophy and Objectives

Our executive compensation programs are based on the following philosophies and objectives:

- Compensation Should Align with Stockholders’ Interests - We believe that executives’ interests should be aligned with those of the stockholders. Executives may be granted restricted stock and stock options so that their total compensation is tied directly to the same value realized by our stockholders. Executive bonuses are tied directly to the value that we gain from an executive’s contribution to our success as a whole.

- Compensation is Competitive - We seeks to provide a total compensation package that attracts, motivates and retains the executive talent that we need in order to maximize our return to stockholders. To accomplish this objective, executive compensation may be reviewed annually to ensure that compensation levels are competitive and reasonable given our level of performance and other comparable companies with which we compete for talent.

- Compensation Motivates and Rewards the Achievement of Goals - Our executive compensation programs are designed to appropriately reward both individual and collective performance that meets and exceeds our annual, long-term and strategic goals. To accomplish this objective, a percentage of total compensation is variable, “at risk”, both through annual incentive compensation and the granting of long-term incentive awards.

B. Compensation Administration

Role of the Compensation Committee

Pursuant to the terms of its charter, the Compensation Committee is responsible for the review and approval of all aspects of our executive compensation program and makes decisions regarding the compensation of our Named Executive Officers, including our Chief Executive Officer. In the absence of the Compensation Committee meeting, the full Board of Directors will take responsibility for the Compensation Committee’s duties. The Compensation Committee or the Board of Directors’, as the case may be, responsibilities include but are not limited to the following:

- Reviewing and approving the corporate goals and objectives with respect to the compensation of the Chief Executive Officer and other Named Executive Officers.
- Evaluating the Chief Executive Officer's and other Named Executive Officer's performance in light of those goals and objectives, and based upon these evaluations reviewing on an annual basis those officers' annual compensations, including (i) annual base salary level, (ii) annual incentive compensation, (iii) long-term incentive compensation, (iv) employment, severance and change-in-control agreements, if any, and (v) any other compensation, ongoing perquisites or special benefit items.
- Developing and periodically assessing the Compensation Committee's compensation policies applicable to our Chief Executive Officer and other Named Executive Officers and directors, including the relationship of corporate performance to executive compensation.
- Periodically reviewing and advising the Board concerning both regional and industry-wide compensation practices and trends in order to assess the adequacy and competitiveness of our compensation programs for the Chief Executive Officer and other Named Executive Officers and directors relative to comparable companies in our industry.
- Granting restricted stock, stock option, and other equity-based or incentive awards to our Named Executive Officers, employees and other individuals under our stock and incentive compensation plans, including any performance criteria relating to the plans or awards, and otherwise assisting the Board in administering awards under these plans.
- Reviewing and approving our employee benefit programs, including reviewing and approving any incentive-compensation and equity-based plans that are subject to Board approval.

Additional information regarding the Compensation Committee's responsibilities is set forth in its charter, which is posted on our website at <http://ir.Andalaysolar.com/Governance.cfm>.

## Table of Contents

### Role of the Chief Executive Officer

Our Chief Executive Officer, Steven Chan, makes recommendations to the Compensation Committee (or in the absence of the Compensation Committee meeting, the full Board of Directors) regarding the compensation of our other Named Executive Officers. Within the framework of the compensation programs approved by the Compensation Committee, Mr. Chan may recommend base salary adjustments and make suggestions regarding incentive plan performance measures and equity compensation grants for other Named Executive Officers. Mr. Chan does not participate in any discussions or processes concerning his own compensation, and participates in a non-voting capacity in discussions or processes concerning the compensation of our Named Executive Officers.

### C. Program Design

The Compensation Committee (or in the absence of the Compensation Committee meeting, the full Board of Directors) uses a simple and straightforward approach in compensating our Named Executive Officers in which base salary, annual incentives and stock options are the principal components. In addition, executives generally participate in the same benefit programs as other full-time employees.

Our executive compensation programs are designed to provide executives with a reasonable level of fixed compensation through base salary and benefits, and an opportunity to earn incentive compensation through the annual and long-term incentive programs based on a mix of individual and overall company performance and increases in the value of our stock. The incentive plans are designed to pay well when performance meets or exceeds expectations and pay little or no incentive if performance is below expectations.

As an executive's level of responsibility increases, the Compensation Committee (or in the absence of the Compensation Committee meeting, the full Board of Directors) may generally target a greater portion of the executive's compensation to be contingent upon performance.

### D. Compensation Review Process

The Compensation Committee (or in the absence of the Compensation Committee meeting, the full Board of Directors) may review compensation for our Named Executive Officers. In making its decisions, the Compensation Committee (or in the absence of the Compensation Committee meeting, the full Board of Directors) may consider the executive's role and responsibilities, overall company and individual performance, and regional and industry-wide compensation practices and trends. This approach is used to set base salaries, annual incentive opportunities, stock option award levels and the mix of compensation elements.

## II. Components of Compensation

We provide four compensation components to Named Executive Officers:

- Base salary,
- Cash annual and/or quarterly incentives based on the achievement of specified goals and objectives,
- Long-term incentive in the form of restricted stock and stock options, and
- Benefits.

Table of Contents

## A. Base Salaries

We provide our Named Executive Officers a base salary commensurate with their position, responsibilities and experience. The 2014 base salaries, in dollars, and the percentage increase in the 2014 base salaries from the 2013 base salaries, for our Named Executive Officers, are as follows:

Named Executive Officer	2014 Base Salary	2013 Base Salary
Steven Chan Chief Executive Officer, President, Interim Chief Financial Officer, Treasurer and Secretary(1)	\$250,000	\$-
Wei-Tai Kwok, Chief Operating Officer (2)	\$165,000	\$-
Margaret Randazzo, former Chief Executive Officer, President, Chief Financial Officer, Treasurer and Secretary (3)	\$225,000	\$225,000

(1) Mr. Chan was hired on April 14, 2014.

(2) Mr. Kwok was hired on November 7, 2014.

(3) Ms. Randazzo resigned as Chief Executive Officer and President in April 21014, and as Chief Financial Officer, Treasurer and Secretary in June 2014.

## B. Annual and Quarterly Incentives

In 2008, the Compensation Committee established our Executive Bonus Plan (the "Bonus Plan"). Named Executive Officers were to be rewarded bonuses based on whether, in the discretion of the Compensation Committee, our company met certain revenue and operating income goals that aligned with the business plan to achieve profitability. The Compensation Committee believed that the Bonus Plan was appropriate to motivate the Named Executive Officers to focus on expanding our business and managing profitability.

In 2014, the Board of Directors established a target incentive for Mr. Chan of options exercisable for an additional one million (1,000,000) and one million five hundred thousand (1,500,000) shares of Common Stock, respectively, and a target bonus for Mr. Kwok of up to \$45,000. According to the terms of the Bonus Plan, certain goals must be achieved before annual incentives are paid. The Named Executive Officers have the opportunity to receive up to 100% of their target incentive at maximum performance.

Our actual performance in 2014 did not meet revenue and operation income goals. The Board of Directors decided to follow the recommendation of the Chief Executive office and to not award any bonuses given the financial results for the year.

C. Long-Term Incentives

The Compensation Committee (or in the absence of the Compensation Committee meeting, the full Board of Directors) has elected to grant restricted stock and stock options to the Named Executive Officers and other key employees as the primary long-term incentive vehicle. In making this determination, the Compensation Committee (or in the absence of the Compensation Committee meeting, the full Board of Directors) considered a number of factors including: the accounting impact, potential value of restricted stock an
