Financial Highlights

The Company reiterates its 2009 guidance for all metrics, announced in February 2009, and maintains its target of paying a dividend of 1.15 euros per share for 2009 fiscal year, in line with Telefónica's commitment to prioritize shareholder remuneration for the use of the free cash flow and to progressively increase its dividend per share.

The sound performance posted in the first quarter of the year confirms Telefónica's differential growth profile in the sector. The high diversification of the Group both by regions and by businesses and the Company's focus to capture the growth potential of expanding businesses have resulted in revenue's and OIBDA's organic growth of 2.8% and 2.5%, respectively.

Consolidated revenues reached 13,703 million euros and OIBDA topped 5,354 million euros in the quarter.

The total number of accesses increased by 11.9% compared to the first quarter of 2008 to 261.4 million, boosted by strong growth in mobile (+15.4%), broadband (+17.5%) and pay TV (+24.8%).

The strong performance of the businesses in Latin America, that continue to push the Group's growth (with revenue and OIBDA year-on-year growth of 8.7% and 13.9%, respectively, in organic terms¹), together with the positive results posted by T. Europe (revenue +4.0%; OIBDA +7.0%, in organic terms¹), offset the lower contribution of T. España (revenue -5.7%; OIBDA -5.0% in comparable terms²).

Consolidated OIBDA margin increased to 39.1% vs. 38.7% in the first quarter of 2008, with all the regions showing year-on-year improvements in comparable terms^{1,2}. As a result, reported OIBDA margin stood at 48.9% at T. España vs. 38.5% at T. Latinoamérica and 27.2% at T. Europa.

Operating Cash Flow (OIBDA-CapEx) increased by 4.5% year-on-year in organic terms¹ to reach 4,154 million euros in the first three months of 2009, reflecting the success of Telefónica's strategy, focused on growing the businesses and the cash flow generation.

In the current context, the Company improves its efficiency ratio³ by 0.9 percentage points vs. January-March 2008 to reach 75.3% at the end of the quarter.

The strong growth of the Operating Cash Flow at T. Latinoamérica (+14.3% in organic terms¹; 1,606 million euros and at T. Europe (+11.7% in organic terms¹; 527 million euros) together with the stability of the cash flow generated by T. España in comparable terms² (2,068 million euros) has to be highlighted.

Free Cash Flow per share stood at 0.28 euros in January-March 2009, vs. 0.18 euros in the first quarter of 2008, improving close to 57% year-on-year.

Net income in the first quarter of 2009 reached 1,690 million euros, up 9.8% year-on-year, or 12.9% in terms of basic earnings per share, which stood at 0.37 euros.

In reported terms, revenues fell by 1.4% and OIBDA dropped 0.4%, basically due to exchange rate fluctuations whereas Operating Income (OI) increased by 2.9%.
