AVIAT NETWORKS, INC.
PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON TUESDAY, FEBRUARY 24, 2015

This proxy statement (this “Proxy Statement”) applies to the solicitation of proxies by the Board of Directors (the “Board”) of Aviat Networks, Inc. (which we refer to as “Aviat,” the “Company,” “we,” “our,” and “ours”) for use at the 2014 Annual Meeting of Stockholders and any adjournment, postponement or other delay thereof (the “Annual Meeting”), to be held at 11:00 a.m., local time, on Tuesday, February 24, 2015. The Annual Meeting will be held at our facilities located at 5200 Great America Parkway, Santa Clara, California 95054. The telephone number at that location is (408) 567-7000. These proxy materials are being made available on or about January 23, 2015, to our stockholders entitled to notice of and to vote at the Annual Meeting.

ABOUT THE ANNUAL MEETING

What is the purpose of the Annual Meeting?

The purpose of the Annual Meeting is to obtain stockholder action on the matters outlined in the notice of meeting included with this Proxy Statement. All holders of shares of common stock at the close of business on January 15, 2015, are entitled to notice of and to vote at the Annual Meeting. At the Annual Meeting, our stockholders will vote (i) to elect eight directors; (ii) on the ratification of the appointment by our Audit Committee of KPMG LLP as our independent registered public accounting firm for fiscal year 2015; and (iii) on an advisory, non-binding resolution to approve the Company’s named executive officer compensation.

What is the record date, and who is entitled to vote at the Annual Meeting?

The record date for the stockholders entitled to vote at the Annual Meeting is January 15, 2015 (the “Record Date”). The Record Date was established by the Board as required by the Delaware General Corporation Law and our Bylaws.

Owners of shares of our common stock at the close of business on the Record Date are entitled to receive notice of the Annual Meeting and to vote at the Annual Meeting. You may vote all shares that you owned as of the Record Date.

What are the voting rights of the holders of common stock at the Annual Meeting?

Each outstanding share of our common stock is entitled to one vote on each matter considered at the Annual Meeting. As of the Record Date, there were 62,328,265 shares of our common stock outstanding.

Who may attend the Annual Meeting?

Subject to space availability, all stockholders as of the Record Date, or their duly appointed proxies, may attend the Annual Meeting. Since seating is limited, admission to the Annual Meeting will be on a first-come, first-served basis. If your shares are held in “street name” (that is, through a bank, broker or other holder of record) and you wish to attend the Annual Meeting, you must bring to the Annual Meeting a copy of a bank or brokerage statement reflecting your stock ownership as of the Record Date.

Each stockholder may be asked to present valid picture identification, such as a driver’s license or passport. Cameras, recording devices and other electronic devices will not be permitted at the Annual Meeting. You may contact us by calling (408) 567-7000 for directions to the Annual Meeting.

How do I vote?

Stockholders of record can vote by proxy as follows:

• Via the Internet: Stockholders may submit voting instructions through the Internet by following the instructions included with the proxy card.

• By Telephone: Stockholders may submit voting instructions by telephone by following the instructions included with the proxy card.

• By Mail: Stockholders may sign, date and return their proxy card in the pre-addressed, postage-paid envelope provided.

• At the Annual Meeting: If you attend the Annual Meeting, you may vote in person by ballot, even if you have previously returned a proxy card.

If you hold your shares in “street name,” the bank, broker or other holder of record holding your shares will send you separate instructions describing the procedure for voting your shares. If you hold your shares in “street name,” you will not be able to vote in person by ballot at the Annual Meeting unless you have previously requested and obtained a “legal proxy” from your broker, bank or other holder of record and present it at the Annual Meeting.

How can I access the proxy materials and annual report on the Internet?

This Proxy Statement, the form of proxy card, the Notice and our annual report on Form 10-K for the fiscal year ended June 27, 2014 are available at www.proxyonline.com.

Why is Aviat soliciting proxies?

In lieu of personally attending and voting at the Annual Meeting, you may appoint a proxy to vote on your behalf. The Board has designated proxy holders to whom you may submit your voting instructions. The proxy holders for the Annual Meeting are Charles Kissner, Chairman of the Board, Michael Pangia, President and CEO, and Meena Elliott, Senior Vice President, General Counsel and Secretary.

How do I revoke my proxy?

If you are a stockholder of record, you may revoke your proxy at any time before your shares are voted at the Annual Meeting by:

• delivering a written notice of revocation to the Company’s Secretary, Meena Elliott, at 5200 Great America Parkway, Santa Clara, CA 95054;

• signing, dating and returning a proxy card bearing a later date;

• submitting another proxy by Internet or telephone (the latest dated proxy will control); or

• attending the Annual Meeting and voting in person by ballot.

If you hold your shares in “street name,” you should follow the directions provided by the bank, broker or other holder of record to revoke your proxy. Regardless of how you hold your shares, your attendance at the Annual Meeting after having executed and delivered a valid proxy card will not in and of itself constitute a revocation of your proxy.

What vote is required to approve each item?

Proposal No. 1 (election of directors): the director nominees will be elected by a plurality. However, Aviat’s Corporate Governance Guidelines provide for certain procedures if a director nominee fails to receive more “for” votes than “withhold” votes. See “How is the majority voting policy applied to the election of directors?” below.

Stockholders may not cumulate votes in the election of directors. The Board recommends a vote “FOR” all nominees. Proposal No. 2 (ratification of KPMG LLP as the Company’s independent registered public accounting firm): the affirmative vote by the holders of common stock entitled to cast a majority of the voting power of all of the common stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal is necessary for approval of Proposal No. 2. The Board recommends a vote “FOR” Proposal No. 2.

Proposal No. 3 (advisory, non-binding vote on named executive officer compensation): the affirmative vote by the holders of common stock entitled to cast a majority of the voting power of all of the common stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal is necessary for approval of Proposal No. 3. The Board recommends a vote “FOR” Proposal No. 3.

How is the majority voting policy applied to the election of directors?

Aviat’s Corporate Governance Guidelines provide for a majority voting policy in uncontested elections of directors. An uncontested election is one in which the number of nominees for director does not exceed the number of directors to be elected. The director election taking place at this Annual Meeting is uncontested, and Aviat’s majority voting policy will apply. Under Aviat’s majority voting policy, in order for a nominee to remain on the Board, the votes cast “for” such nominee’s election must exceed the votes “withheld” from such nominee’s election.

Aviat’s majority voting policy requires an incumbent director nominee who receives a greater number of votes “withheld” from his election than votes “for” his election to promptly offer his resignation from the Board for consideration by the Governance and Nominating Committee and the Board. The Governance and Nominating Committee will then recommend to the Board the action to be taken with respect to such offer of resignation, and the Board will determine whether to accept the nominee’s resignation. See “Majority Vote Policy in Director Elections” for additional information.

What constitutes a quorum, abstention and broker “non-vote”?

The presence at the Annual Meeting either in person or by proxy of the holders of common stock entitled to cast a majority of the voting power of all of the common stock issued and outstanding and entitled to vote at the Annual Meeting constitutes a quorum for the transaction of business at the Annual Meeting.

Abstentions and broker “non-votes” are counted as present and are, therefore, included for purposes of determining whether a quorum is present at the Annual Meeting. An abstention occurs when a stockholder does not vote for or against a proposal but specifically abstains from voting. A broker “non-vote” occurs when a bank, broker or other holder of record holding shares in street name for a beneficial owner signs and submits a proxy or votes with respect to shares of common stock held in a fiduciary capacity, but does not vote on a particular matter because the bank, broker or other holder of record does not have discretionary voting power with respect to that matter and has not received instructions from the beneficial owner or because the bank, broker or other holder of record elects not to vote on a matter as to which it does have discretionary voting power. Under the rules governing banks, brokers and other holders of record who are voting with respect to shares held in street name, such entities have the discretion to vote such shares on routine matters but not on non-routine matters. Only Proposal No. 2 is a routine matter.

For Proposal No. 1, abstentions and broker “non-votes” will be disregarded and have no effect on the outcome of the vote. For Proposals No. 2 and No. 3, abstentions will have the same effect as voting against the proposal, and broker non-votes, if any, will be disregarded and have no effect on the outcome of the vote.

Who pays for the cost of solicitation?

We will bear the entire cost of solicitation, including the preparation, assembly, printing, and mailing of this Proxy Statement, the proxy card, the Notice and any additional solicitation materials that may be furnished to our stockholders and the maintenance and operation of the website providing Internet access to these proxy materials. We will reimburse banks, brokers and other holders of record for reasonable expenses incurred in sending proxy materials to beneficial owners of our common stock and maintaining Internet access for such materials and the submission of proxies. We may supplement the original solicitation of proxies by mail through solicitation by telephone, email, over the Internet or by other means by our directors, officers and other employees. No additional compensation will be paid to these individuals for any such services.

In addition, the Company has retained AST Phoenix Advisors to assist it in the solicitation of proxies. The Company has agreed to pay D.F. King & Co. a fee of \$9,500, plus reimbursement for their reasonable out-of-pocket expenses. The Company has also agreed to indemnify D.F. King & Co. against certain liabilities and expenses, including certain liabilities and expenses under the federal securities laws.

What is the deadline for submitting proposals and director nominations for the 2015 Annual Meeting?

In order for any stockholder to submit nominations of directors or propose business to be considered before our 2015 Annual Meeting, a stockholder of record must submit a written notice thereof, which notice must be received by our Corporate Secretary at our principal executive offices not less than 60 days nor more than 90 days prior to the date of the 2015 Annual Meeting. We will announce the date of the 2015 Annual Meeting at least 70 days in advance. The full requirements for the submission of nominations of directors and proposals of business to be considered are contained in Article II, Sections 13 and 14, respectively, of our Bylaws, which are available for review at our website, www.aviatnetworks.com.

Stockholder proposals intended for inclusion in next year's proxy statement pursuant to Rule 14a-8 under the Securities Exchange Act of 1934 (the "Exchange Act") must be directed to the Corporate Secretary, Aviat Networks, Inc., at our principal executive offices, and must be received by September 25, 2015.

In accordance with the rules of the SEC, the proxies solicited by the Board for the 2015 Annual Meeting will confer discretionary authority on the proxy holders to vote on any director nomination or stockholder proposal presented at the 2015 Annual Meeting if the Company fails to receive notice of such matter in accordance with the periods specified above.

Who will count the votes?

D.F. King & Co. will tabulate the votes cast by proxy. The Company has retained an independent inspector of elections in connection with Aviat's solicitation of proxies for the Annual Meeting. Aviat intends to notify stockholders of the results of the Annual Meeting by filing a Form 8-K with the SEC.

CORPORATE GOVERNANCE

We believe in and are committed to sound corporate governance principles. Consistent with our commitment to and continuing evolution of corporate governance principles, we adopted a Code of Business Ethics, corporate governance guidelines and written charters for the Governance and Nominating Committee, Audit Committee and Compensation Committee. Each of our Board committees is required to conduct an annual review of its charter and applicable guidelines.

Board Members

The authorized size of the Board is currently eight. Directors are nominated by the Governance and Nominating Committee of the Board.

In January 2015, we reconstituted the Board and Clifford H. Higgerson, Raghavendra Rau, Dr. Moshen Sohi and Edward F. Thompson retired from the Board. At that time, James R. Henderson, John Mutch, Robert G. Pearse and John J. Quicke were appointed to the Board. The Board thanks Messrs. Higgerson, Rau and Thompson and Dr. Sohi for their distinguished service to the Company.

The following are the members of the Board as of the date of this Proxy Statement. See Proposal No. 1 for additional information regarding the nominees for director.

Name	Title and Positions
Charles D. Kissner	Director, Chairman of the Board
William A. Hasler	Director
James R. Henderson	Director
John Mutch	Director
Michael A. Pangia	Director, President and Chief Executive Officer
Robert G. Pearse	Director
John J. Quicke	Director
Dr. James C. Stoffel	Lead Independent Director

The Board has determined that each of our current directors except Mr. Kissner and Mr. Pangia has no relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and is otherwise independent in accordance with listing rules of the NASDAQ Stock Market (the “NASDAQ Listing Rules”). All of our directors are requested to attend our annual meetings of stockholders. Seven of our directors serving at that time attended the 2013 Annual Meeting.

Board and Committee Meetings and Attendance

During fiscal year 2014, the Board held nine meetings. Each of the Board members attended at least 77% of the total number of Board meetings and at least 78% of the total number of meetings of the committee or committees on which the member served during fiscal year 2014.

Board Member Qualifications

Our Board believes that its members should encompass a range of talents, skills and expertise, which enables the Board to provide sound guidance with respect to the Company’s operations and interest. Our Board prefers a variety of professional experiences and backgrounds among its members. In addition to considering a candidate’s experiences and background, candidates are reviewed in the context of the current composition of the Board and evolving needs of our businesses. In particular, the Board has sought to include members that have experience in establishing, growing and leading communications companies in senior management positions and serving on the board of directors of other companies. In determining that each of the members of the Board is qualified to be a director, the Board has relied on the attributes listed below and, where applicable, on the direct personal knowledge of each of the members’ prior service on the Board.

Our bylaws provide that a director may not be older than 75 years of age on the date of his or her election or appointment to the Board unless otherwise specifically approved by a resolution passed by the Board.

Dr. Stoffel also has gained an understanding of public company governance and executive compensation through his service on public company boards, including as a lead independent director.

Board Leadership

The Board does not have a policy regarding the separation of the roles of CEO and Chairman of the Board as the Board believes that it is in the best interests of the Company for the Board to make that determination based on the position and direction of the Company and the membership of the Board. The members of the Board possess considerable experience and unique knowledge of the challenges and opportunities that the Company faces, and are in the best position to evaluate the needs of the Company and how to best organize the capabilities of the directors and management to meet those needs.

When the CEO also serves as Chairman of the Board, our Corporate Governance Guidelines provide for the appointment of a lead independent director. Accordingly, when our Chairman, Charles Kissner, was appointed CEO in June 2010, the Board appointed Dr. Stoffel, an independent director, as lead independent director. Although, currently, the roles of the CEO and the Chairman remain separate, upon the recommendation of the Governance and Nominating Committee, the Board has determined to continue the role of the lead independent director for the present time.

The lead independent director is responsible for coordinating the activities of the other independent directors and has the authority to preside at all meetings of the Board at which the Chairman is not present, including executive sessions of the independent directors. The lead independent director may also recommend the retention of outside advisors and consultants who report directly to the Board. The Board believes that appointing a lead independent director to serve along with a CEO and a non-executive Chairman of the Board has enhanced the Board’s oversight of, and independence from, Company management, the ability of the Board to carry out its roles and responsibilities on behalf of our stockholders and our overall corporate governance.

The Board has determined that having Mr. Kissner serve as Chairman is in the best interest of the Company at this time. This structure ensures a greater role for the independent directors in the oversight of the Company and active participation of the independent directors in setting agendas and establishing Board priorities and procedures, and is useful in establishing a system of corporate checks and balances. Separating the Chairman position from the CEO position allows the CEO to focus on setting the strategic direction of the Company and the day-to-day leadership and performance of the Company, while the Chairman leads the Board in its role of, among other things, providing advice to, and overseeing the performance of, the CEO. In addition, managing the Board can be a time-intensive responsibility, and this structure permits Mr. Pangia, our CEO, to focus on the management of the Company’s day-to-day operations.

In January 2015, Mr. Kissner announced that he would step down as Chairman after the Annual Meeting. The Board has selected Mr. Mutch to serve as Chairman after the Annual Meeting.

The Board’s Role in Risk Oversight

Assessing and managing risk is the responsibility of the management of the Company. The Board, through the Governance and Nominating Committee, oversees and reviews certain aspects of the Company’s risk management efforts, focusing on the adequacy of the Company’s risk management and risk mitigation processes. At the Board’s

request, management proposed a process for identifying, evaluating and monitoring material risks and such process has been approved by the Board and is currently in effect. This risk management program is overseen by senior management who, in connection with their regular review of the overall business, identify and prioritize a broad range of material risks (e.g., financial, strategic,

8

compliance and operational). Senior management also discusses mitigation plans to address such material risks. Prioritized risks and management's plans for mitigating such risks are regularly presented to the full Board for discussion and in order to ensure monitoring. In addition to the risk management program, the Board encourages management to promote a corporate culture that incorporates risk management into the Company's corporate strategy and day-to-day business operations.

A discussion of risk factors in the Company's compensation design can be found below under the heading "Risk Considerations in Our Compensation Program."

Principles of Corporate Governance, Bylaws and Other Governance Documents

The Board has adopted Corporate Governance Guidelines and other corporate governance documents that supplement certain provisions of our Bylaws and relate to, among other things, the composition, structure, interaction and operation of the Board. Some of the key governance features of our Corporate Governance Guidelines, Bylaws and other governance documents are summarized below.

Majority Vote Policy in Director Elections. Aviat's Corporate Governance Guidelines provide that any nominee for director in an uncontested election (i.e., an election where the number of nominees is not greater than the number of directors to be elected) who receives a greater number of votes "withheld" from his election than votes "for" such election must, promptly following certification of the stockholder vote, offer his resignation to the Board for consideration in accordance with the following procedures. All of these procedures will be completed within 90 days following certification of the stockholder vote.

The Board, through its Qualified Independent Directors (as defined below), will evaluate the best interests of the Company and its stockholders and decide the action to be taken with respect to such offered resignation, which can include, without limitation: (i) accepting the resignation; (ii) accepting the resignation effective as of a future date not later than 180 days following certification of the stockholder vote; (iii) rejecting the resignation but addressing what the Qualified Independent Directors believe to be the underlying cause of the withhold votes; (iv) rejecting the resignation but resolving that the director will not be re-nominated in the future for election; or (v) rejecting the resignation.

In reaching their decision, the Qualified Independent Directors will consider all factors they deem relevant, including but not limited to: (i) any stated reasons why stockholders withheld votes from such director; (ii) the extent to which the "withhold" votes exceed the votes "for" the election of the director and whether the "withhold" votes represent a majority of the outstanding shares of common stock; (iii) any alternatives for curing the underlying cause of the withheld votes; (iv) the director's tenure; (v) the director's qualifications; (vi) the director's past and expected future contributions to the Company; (vii) the overall composition of the Board, including whether accepting the resignation would cause the Company to fail or potentially fail to comply with any applicable law, rule or regulation of the SEC or the NASDAQ Listing Rules; and (viii) whether such director's continued service on the Board for a specified period of time is appropriate in light of current or anticipated events involving the Company.

Following the Board's determination, the Company will, within four business days, disclose publicly in a document furnished or filed with the SEC the Board's decision as to whether or not to accept the resignation offer. The disclosure will also include a description of the process by which the decision was reached, including, if applicable, the reason or reasons for rejecting the offered resignation.

A director who is required to offer his or her resignation in accordance with this policy may not be present during the deliberations or voting whether to accept his or her resignation or, except as otherwise provided below, a resignation offered by any other director in accordance with this policy. Prior to voting, the Qualified Independent Directors may afford the affected director an opportunity to provide any information or statement that he or she deems relevant.

For purposes of this policy, “Qualified Independent Directors” means all directors who (i) are independent directors (as defined in accordance with the NASDAQ Listing Rules); and (ii) are not required to offer their resignation in connection with an election in accordance with this majority voting policy. If there are fewer than three independent directors then serving on the Board who are not required to offer their resignations in accordance with this majority voting policy, then the Qualified Independent Directors means all of the independent directors, and each independent director who is required to offer his resignation in accordance with this majority voting policy must recuse himself from the deliberations and voting only with respect to his individual offer to resign.

All nominees for election as a director in an uncontested election are deemed to have agreed to abide by this majority voting policy and will offer to resign and will resign if requested to do so in accordance with this majority voting policy (and

will if requested submit an irrevocable resignation letter, subject to this majority voting policy, as a condition to being nominated for election).

Prohibition Against Pledging Aviat Securities and Hedging Transactions. In accordance with Aviat's Code of Conduct, directors and executive officers are prohibited from pledging Aviat securities and engaging in hedging transactions with respect to Aviat securities. Aviat specifically prohibits directors and executive officers from holding Aviat securities in any margin account for investment purposes or otherwise using Aviat securities as collateral for a loan. Such persons are also prohibited from purchasing certain instruments (including prepaid variable forward contracts, equity swaps, and collars) and engaging in transactions designed to hedge or offset any decrease in the value of Aviat securities.

Board Committees

The Board maintains an Audit Committee, a Compensation Committee and a Governance and Nominating Committee. Copies of the charters for the Audit Committee, the Compensation Committee and the Governance and Nominating Committee are available on our website at www.investors.aviatnetworks.com/documents.cfm. Audit Committee

The Audit Committee is primarily responsible for selecting, and approving the services performed by, our independent registered public accounting firm, as well as reviewing our accounting practices, corporate financial reporting and system of internal controls over financial reporting. During fiscal year 2014, the Audit Committee consisted of Messrs. Thompson (Chairman), Hasler and Rau. No material amendments to the Audit Committee Charter were made during fiscal year 2014. During fiscal year 2014, the Audit Committee was comprised of independent, non-employee members of our Board who were “financially sophisticated” under the NASDAQ Listing Rules.

For fiscal year 2014, the Board has determined that each of Messrs. Thompson and Hasler qualified as an “audit committee financial expert,” as defined under Item 407(d)(5)(i) of Regulation S-K under the Securities Act of 1933 and the Exchange Act. Following the reconstitution of the Board, the Board determined that each of Messrs. Hasler and Mutch qualifies as an “audit committee financial expert.” Such status does not impose on any director duties, liabilities or obligations that are greater than the duties, liabilities or obligations otherwise imposed on a director as members of our Audit Committee and the Board.

Compensation Committee

The Compensation Committee has the authority and responsibility to approve our overall executive compensation strategy, to administer our annual and long-term compensation plans and to review and make recommendations to the Board regarding executive compensation. The Compensation Committee is comprised of independent, non-employee members of the Board in accordance with NASDAQ Listing Rules. During fiscal year 2014, the Compensation Committee utilized Pearl Meyer & Partners, LLC (“Pearl Meyer”) as an independent, third-party consulting firm.

Compensation Committee Interlock and Insider Participation

During fiscal year 2014, the Compensation Committee consisted of Messrs. Stoffel (Chairman), Higgerson and Sohi. None of these individuals was an officer or employee or former officer of the Company. None of our executive officers currently serves or in the past year has served as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board or Compensation Committee.

Governance and Nominating Committee

During fiscal year 2014, the Governance and Nominating Committee consisted of Messrs. Hasler (Chairman), Higgerson and Stoffel. Each member of the Governance and Nominating Committee met the independence requirements of the NASDAQ Listing Rules.

The Governance and Nominating Committee develops and implements policies and practices related to corporate governance consistent with sound corporate governance principles. The Governance and Nominating Committee also reviews the process by which management identifies and mitigates key areas of risk and reviews critical risk areas with the Board.

The Governance and Nominating Committee also recommends candidates to the Board and periodically reviews whether a more formal selection policy should be adopted. There is no difference in the manner in which the committee members evaluate nominees for director based on whether the nominee is recommended by a stockholder. We currently do not pay a third party to identify or assist in identifying or evaluating potential nominees, although we may in the future utilize the services of such third parties.

In reviewing potential candidates for the Board, the Governance and Nominating Committee considers the individual's experience and background. Candidates for the position of director should exhibit proven leadership capabilities, high integrity, exercise high level responsibilities within their chosen career, and possess an ability to quickly grasp complex principles of business, finance, international transactions and communications technologies. In general, candidates who have held an established executive level position in business, finance, law, education, research, government or civic activity will be preferred.

Although the Governance and Nominating Committee has not adopted a formal diversity policy with regard to the selection of director nominees, diversity is one of the factors that the committee considers in identifying director nominees. When identifying and recommending director nominees, the Governance and Nominating Committee views diversity expansively to include, without limitation, concepts such as race, gender, national origin, differences of viewpoint, professional experience, education, skill and other qualities or attributes that contribute to board diversity. As part of this process, the Governance and Nominating Committee evaluates how a particular candidate would strengthen and increase the diversity of the Board in terms of how that candidate may contribute to the Board's overall balance of perspectives, backgrounds, knowledge, experience, skill sets and expertise in substantive matters pertaining to the Company's business.

In making its recommendations, the Governance and Nominating Committee bears in mind that the foremost responsibility of a director of a corporation is to represent the interests of the stockholders as a whole. The Governance and Nominating Committee intends to continue to evaluate candidates for election to the Board on the basis of the foregoing criteria.

Stockholder Communications with the Board

Stockholders who wish to communicate directly with the Board may do so by submitting a comment via the Company's website at www.investors.aviatnetworks.com/contactBoard.cfm or by sending a letter addressed to: Aviat Networks, Inc., c/o Corporate Secretary, 5200 Great America Parkway, Santa Clara, CA 95054. The Corporate Secretary monitors these communications and provides a summary of all received messages to the Board at its regularly scheduled meetings. When warranted by the nature of communications, the Corporate Secretary will request prompt attention by the appropriate committee or independent director of the Board, independent advisors or management. The Corporate Secretary may decide in her judgment whether a response to any stockholder communication is appropriate.

Code of Conduct

We implemented our Code of Conduct effective January 26, 2007. All of our employees, including the CEO, CFO and Principal Accounting Officer, are required to abide by the Code of Conduct to help ensure that our business is conducted in a consistently ethical and legal manner. The Audit Committee has adopted a written policy, and management has implemented a reporting system, intended to encourage our employees to bring to the attention of management and the Audit Committee any complaints regarding the integrity of our internal system of controls over financial reporting, or the accuracy or completeness of financial or other information related to our financial statements.

TRANSACTIONS WITH RELATED PERSONS

During fiscal year 2014, we believe there were no transactions, or series of similar transactions, to which we were or are to be a party in which the amount exceeded \$120,000, and in which any of our directors or executive officers, any holders of more than 5% of our common stock or any members of any such person's immediate family, had or will have a direct or indirect material interest, other than compensation described in the sections titled "Director Compensation and Benefits" and "Executive Compensation."

It is the policy and practice of our Board to review and assess information concerning transactions involving related persons. Related persons include our directors and executive officers and their immediate family members. If the determination is made that a related person has a material interest in a transaction involving us, then the disinterested members of our Board would review and approve or ratify it, and we would disclose the transaction in accordance with SEC rules and regulations. If the related person is a member of our Board, or a family member of a director, then that director would not participate in any discussion involving the transaction at issue.

Our Code of Conduct prohibits all employees, including our executive officers, from benefiting personally from any transactions with us other than approved compensation benefits.

DIRECTOR COMPENSATION AND BENEFITS

The form and amount of director compensation is reviewed and assessed from time to time by the Compensation Committee with changes, if any, recommended to the Board for action. Director compensation may take the form of cash, equity, and other benefits ordinarily available to directors.

We reimburse each non-employee director for reasonable travel expenses incurred and in connection with attendance at Board and committee meetings on our behalf, and for expenses such as supplies and continuing director education costs, including travel for one course per year. REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

For fiscal year 2014, the Audit Committee consisted of three members of the Board, each of whom was independent of the Company and its management, as defined in the NASDAQ Listing Rules. The Board has adopted, and periodically reviews, the Audit Committee charter. The charter specifies the scope of the Audit Committee's responsibilities and how it carries out those responsibilities.

The Audit Committee reviews management's procedures for the design, implementation, and maintenance of a comprehensive system of internal controls over financial reporting and disclosure controls and procedures focused on the accuracy of our financial statements and the integrity of our financial reporting systems. The Audit Committee provides the Board with the results of its examinations and recommendations and reports to the Board as it may deem necessary to make the Board aware of significant financial matters requiring the attention of the Board.

The Audit Committee does not conduct auditing reviews or procedures. The Audit Committee monitors management's activities and discusses with management the appropriateness and sufficiency of our financial statements and system of internal control over financial reporting. Management has primary responsibility for the Company's financial statements, the overall reporting process and our system of internal control over financial reporting. Our independent registered public accounting firm audits the financial statements prepared by management, expresses an opinion as to whether those financial statements fairly present our financial position, results of operations and cash flows in conformity with accounting principles generally accepted in the United States ("U.S. GAAP") and discusses with the Audit Committee any issues they believe should be raised with us.

The Audit Committee reviews reports from our independent registered public accounting firm with respect to their annual audit and approves in advance all audit and non-audit services provided by our independent auditors in accordance with applicable regulatory requirements. The Audit Committee also considers, in advance of the provision of any non-audit services by our independent registered public accounting firm, whether the provision of such services is compatible with maintaining their independence.

In accordance with its responsibilities, the Audit Committee has reviewed and discussed with management the audited financial statements for the year ended June 27, 2014 and the process designed to achieve compliance with Section 404 of the Sarbanes-Oxley Act of 2002. The Audit Committee has also discussed with our independent registered public accounting firm, KPMG LLP, the matters required to be discussed by Auditing Standard No. 16, "Communications with Audit Committees" issued by the Public Company Accounting Oversight Board ("PCAOB"). The Audit Committee has received the written disclosures and letter from KPMG LLP required by applicable requirements of the PCAOB regarding KPMG LLP's communications with the Audit Committee concerning independence, and has discussed with KPMG LLP its independence, including whether KPMG LLP's provision of non-audit services is compatible with its independence.

Based on these reviews and discussions, the Audit Committee recommended to the Board that the Company's audited financial statements for the year ended June 27, 2014 be included in Company's Annual Report on Form 10-K.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview and Summary

This Compensation Discussion and Analysis, which has been prepared by management, is intended to help our stockholders understand our executive compensation philosophy, objectives, elements, policies, practices, and decisions. It is also intended to provide context for the compensation information for our CEO, CFO and the three other most highly compensated executive officers (our “named executive officers”) detailed in the Summary Compensation Table below and in the other tables and narrative discussion that follow.

To understand our approach to executive compensation, you should read the entire Compensation Discussion and Analysis that follows. The following brief summary introduces the major topics covered:

the cornerstone of our executive compensation program is pay for performance. Accordingly, while we pay competitive base salaries and other benefits, the majority of our named executive officers’ compensation opportunity is based on variable pay.

the objectives of our executive compensation program are to reward superior performance, motivate our executives to achieve our goals and attract and retain a world-class management team.

the Compensation Committee oversees our compensation program. The Compensation Committee makes most executive compensation decisions, but also makes recommendations on certain aspects of the program to the full Board. The Compensation Committee is composed solely of independent directors. In its work, the Compensation Committee is assisted by independent compensation consultants engaged by the Compensation Committee.

in reviewing the elements of our executive compensation program — base salary, annual incentives, long-term incentives and post-termination compensation — our Compensation Committee reviews market data from similar companies.

our competitive positioning philosophy is to set compensation at the 50th percentile of compensation at peer group companies with allowances for internal factors such as tenure, individual performances and the specific importance of the job to the Company.

our annual incentive program is based on specific Company financial performance goals for the fiscal year, and includes provisions to “claw back” any excess amounts paid in the event of a later correction or restatement of our financial statements.

The Company believes the compensation program for the named executive officers supported our strategic priorities and aligned compensation earned with the Company’s financial performance in fiscal year 2014. Moreover, we believe that in emphasizing long term stockholder value creation over short term operating results the structure of our executive compensation program has benefited our Company.

Compensation Governance Best Practices

The Compensation Committee believes that a demonstrated commitment to best practices in compensation governance is itself an essential component of our approach to executive compensation. The following practices are some examples of this commitment:

Pay for Performance: A substantial portion of our executives’ compensation opportunity is tied to achieving specified corporate objectives. In fiscal year 2014, for example, 100% of the awards made to our executive officers under the

Annual Incentive Plan (“AIP”) were performance based and at-risk, subject to achievement of earnings per share (“EPS”) objectives. Under the Long Term Incentive Plan (“LTIP”), 100% of fiscal year 2014 equity awards were in the form of stock options, which provide no value to our executives if our share price does not increase above the exercise price and vest ratably over three years, reinforcing the long-term focus of our executive compensation programs.

Mix of short term and long-term compensation: Short term compensation for our executive officers is comprised of base salaries and the AIP, which pays out only to the extent that the Company meets its financial targets. Long term compensation is composed of stock options which vest over a three year period.

Independent Compensation Consultant: The Compensation Committee directly retains the services of Pearl Meyer, an independent compensation consultant, to advise it in determining reasonable and market-based compensation policies.

Prohibition on hedging: Our executive officers, together with all other employees, are prohibited from engaging in hedging or similar transactions with respect to our securities.

No perquisites: Our executive officers are not provided with club memberships, personal use of corporate aircraft or any other perquisite or special benefits other than our occasional provision of relocation expense reimbursement.

No single trigger change of control acceleration: All change of control arrangements with our executive officers provide for acceleration of vesting for outstanding equity awards only in the event that we are both subject to a change in control and the executive officer's employment terminates thereafter for specified reasons.

Strong compensation risk management: The Compensation Committee reviews and analyzes the risk profile of our compensation programs and practices at least annually.

Compensation Philosophy and Objectives

The primary objectives of our total executive compensation program are to recruit, retain, and develop exceptional executives, incentivize those individuals to achieve strategic, operational, and financial goals, rewarding superior performance and aligning the long term interests of our executives with our stockholders. The following principles guide our overall compensation program:

- reward superior performance;
- motivate our executives to achieve strategic, operational, and financial goals;
- enable us to attract and retain a world-class management team; and
- align outcomes and rewards with stockholder expectations.

The Compensation Committee annually reviews the executive compensation program to ensure our executive compensation policies and programs remain appropriately aligned with evolving business needs and to consider best compensation practices. Our executive compensation programs are reviewed to ensure that they achieve a balance between providing strong retention and performance incentives to our executives while accommodating a meaningful and continuing effort to manage both the Company's share burn rate and the dilutive effects of equity awards to the Company's stockholders.

Executive Compensation Process

The Compensation Committee is responsible for establishing and implementing executive compensation policies and programs in a manner consistent with our compensation objectives and principles. The Compensation Committee, which is comprised solely of independent directors, reviews and approves the features and design of our executive compensation program, and approves the compensation levels, individual bonus objectives and total compensation targets for our executive officers other than our CEO. The Board approves the compensation level, individual bonus objectives, and financial targets for our CEO. The Compensation Committee also monitors executive succession planning and monitors our performance as it relates to overall compensation policies for employees, including benefit and savings plans.

In discharging its responsibilities, the Compensation Committee may engage outside consultants and consult with our Human Resources Department as well as internal and external legal or accounting advisors, as the Compensation Committee determines to be appropriate. The Compensation Committee considers recommendations from our CEO and senior management when making decisions regarding our executive compensation program and compensation of our executive officers. Following each fiscal year end, our CEO, assisted by our Human Resources Department, assesses the performance of all named executive officers and other officers. Following this annual performance review process, our CEO recommends base

21

salary and incentive and equity awards for our named executive officers and other officers to the Compensation Committee. Based on input from our CEO and management, as well as from independent consultants, if any are used, and, in the case of the CEO's compensation, the Compensation Committee's evaluation of the CEO's performance, the Compensation Committee determines what changes, if any, should be made to the executive compensation program and either sets or recommends to the full Board the level of each compensation element for all of our officers.

Independent Compensation Consultant for Compensation Committee

The Compensation Committee has the authority under its charter to engage the services of outside advisors, experts and others to assist it. Accordingly, the Compensation Committee has hired Pearl Meyer as an independent consultant to advise the Compensation Committee on matters related to the compensation of the Company's executive officers. All services that Pearl Meyer provided Aviat in fiscal year 2014 were approved by the Compensation Committee and were related to executive or Board compensation. Pearl Meyer provides an annual review of the Company's compensation practices, reviews and makes recommendations regarding the compensation peer groups, and provides independent input to the Compensation Committee on programs and practices.

Compensation Committee Advisor Independence

The Compensation Committee has considered the independence of Pearl Meyer pursuant to the NASDAQ Listing Rules and related SEC rules finalized in 2012, and has found no conflict of interest in Pearl Meyer continuing to provide advice to the Compensation Committee. The Compensation Committee is also regularly advised by the Company's primary outside counsel, Wilson Sonsini Goodrich & Rosati ("WSGR"). Pursuant to the NASDAQ Listing Rules and related SEC rules finalized in 2012, the Compensation Committee has found no conflict of interest in WSGR continuing to provide advice to the Compensation Committee. The Compensation Committee intends to reassess the independence of its advisors at least annually.

Consideration of Say on Pay Results

We conducted our advisory vote on executive compensation last year at our annual meeting. Although this vote was not binding on the Board or us, we believe that it is important for our stockholders to have an opportunity to express their views regarding our executive compensation philosophy, program and practices as disclosed in our proxy statement on an annual basis. The Board and our Compensation Committee value stockholders' opinions and, to the extent there is any significant vote against the compensation of our named executive officers, the Compensation Committee will evaluate whether any actions are warranted or appropriate.

At our 2013 Annual Meeting, 93.85% of the votes cast on the advisory vote on executive compensation supported our named executive officers' compensation as disclosed in the proxy statement. Our Compensation Committee reviewed the favorable results of this advisory vote, noting the widespread support from our stockholders. Although none of our Compensation Committee's subsequent actions or decisions with respect to the compensation of our executive officers were directly attributable to the results of the vote, our Compensation Committee took the vote outcome into consideration in the course of its deliberations. Our Compensation Committee believes that stockholder feedback and concerns on executive compensation matters should be considered as part of its deliberations and intends to consider the results of future advisory votes in its compensation review process.

Competitive Benchmarking

Our compensation program for all of our officers is addressed in the context of competitive compensation practices. Our management and Compensation Committee consider external data to assist in benchmarking total target compensation. For fiscal year 2014, targets for total cash and cash based compensation (base salary and short-term incentive), long-term incentives and total direct compensation (base salary and short-term and long-term incentives)

for all officers were set based on data collected from our peer group companies (for Messrs. Pangia, Hayes and Stumpe) and from a published survey source, the Radford Global Technology Survey for our other named executive officers . In considering data from the Radford Global Technology Survey , we focused on results for technology companies with annual revenues of less than \$500 million. The peer group companies selected for benchmarking are reflective of our market for executive talent and business line competitors. Also, the overall composition of the peer group reflects companies of similar complexity and size to us.

For fiscal year 2014, these peer group companies included:

ADTRAN Inc.

Bel Fuse, Inc.

Calix, Inc.

Extreme Networks, Inc.

Harmonic Inc.

Ixia

Riverbed Technology, Inc.

Symmetricon, Inc.

Aruba Networks, Inc.

Black Box Corp.

Comtech Telecommunications Corp.

Finisar Corp.

Infinera Corp.

Plantronics Inc.

Sonus Networks, Inc.

The Compensation Committee annually reviews the appropriateness of the comparison group used for assessing the compensation of our CEO and other named executive officers. Modifications to the peer group since fiscal year 2013 included removal of Loral Space & Communications, Inc. following the divestiture of its principal subsidiary Space Systems/Loral, removal of Opnext, Inc. following its acquisition by Oclaro, removal of PowerWave Technologies following its Chapter 11 bankruptcy filing in January 2013, and removal of NETGEAR, Inc. and ViaSat, Inc. in recognition that these two companies had become dissimilar to us in size. We also added Bel Fuse, Inc. and Infinera Corp. to replace these removals and also to better align the revenue size of each of our peer group companies with our own.

Data for our peer group companies was collected directly from these companies' proxy statements.

Total Compensation Elements

Our executive compensation program includes four major elements:

base salary

annual cash incentive

long-term compensation — equity incentives

post-termination compensation

Each named executive officer's performance is measured against factors such as long and short-term strategic goals and financial measures of our performance, including factors such as revenue, operating income, cash flow from operations and earnings per share.

Our compensation policy and practice is to target total compensation levels for all officers, including our named executive officers, nominally at the 50th percentile for similar positions as derived from the market composite data, assuming experience in the position and competent performance. The Compensation Committee may decide to target total compensation above or below the 50th percentile for similar positions in unique circumstances based on an individual's background, experience, or position. Though compensation levels may differ among our named executive officers based upon competitive factors and the role, responsibilities and performance of each named executive officer, there are no material differences in our compensation policies or in the manner in which total direct compensation opportunity is determined for any of our named executive officers. Because our CEO has significantly greater duties, responsibilities and accountabilities than our other named executive officers, the total compensation opportunity for the CEO is higher than for our other named executive officers. In determining CEO and other named executive officer compensation, the Board also considers the ratio between our CEO's compensation and the average compensation of our other named executive officers as compared with similar ratios for peer group companies. For fiscal year 2014, that ratio was 1.97, compared to a median ratio of 1.37 in the peer group companies.

Base Salary

Base salaries are provided as compensation for day-to-day responsibilities and services to us. Executive salaries are reviewed annually. Our CEO generally makes recommendations to the Compensation Committee in August of each year regarding the base pay of each named executive officer (other than himself). The Compensation Committee considers each executive officer's responsibilities, as well as the Company's performance and recommended increases in base salary for select named executive officers and other officers. In fiscal year 2014, the CEO recommended and the Compensation Committee

23

approved, that named executive base salaries be held flat at fiscal year 2013 levels. Additional details concerning the compensation for our named executive officers for fiscal year 2014 are set forth in the Summary Compensation Table.

Annual Incentive

The short-term incentive element of our executive compensation program is currently comprised of our Annual Incentive Plan (“AIP”). The CEO reviews his recommendations for each named executive officer with the Compensation Committee, taking into account benchmarked market data obtained from Pearl Meyer, the Compensation Committee’s independent consultant. Based on recommendations by the CEO, and as specified in any applicable employment agreement, the Compensation Committee recommends to the Board an annual incentive compensation target, expressed as a percentage of base salary, for each executive officer in August. Each named executive officer’s target annual incentive percentage is benchmarked against the 50th percentile within the market composite for his or her specific role. The Compensation Committee also recommends to the Board specific Company financial performance measures and targets including the relative weighting and payout thresholds. The financial targets are aligned with our Board-approved annual operating plan, and during the year periodic reports are made to the Board about our performance compared with the targets. Under the AIP, a significant portion of the executive’s annual compensation is tied directly to our financial performance. The target amount of annual incentive compensation under our AIP, expressed as a percentage of base salary, generally increases with an executive’s level of management responsibility. AIP target incentive can represent up to 100% of the base cash compensation for our named executive officers and may be paid in the form of cash, stock or a combination of the two. If performance results meet target levels, our executives can earn up to a maximum of 100% of their target incentive. No incentive can be earned for performance below the minimum threshold. Equity awards under the AIP are granted under the 2007 Plan.

For fiscal year 2014, the AIP provided for a cash payout and contained minimum, target and maximum performance thresholds based on the performance measures, using EPS as the performance metric. The threshold amounts were established in August 2013, and the plan provided for no payout if the minimum threshold was not met, a 50% payout if the minimum threshold was met and a 100% payout if the target was achieved. If the maximum target threshold was met, the plan was capped at 150% payout. The EPS performance thresholds for fiscal year 2014 were based on a non-GAAP measure that excluded share-based compensation, amortization of purchased technology, transactional tax assessments, amortization of intangible assets, restructuring charges, excess and obsolete inventory writedowns associated with legacy products, costs related to liquidation of foreign subsidiaries, property plant and equipment impairment charges, adjustments to the pro forma tax rate, non-recurring income and other non-recurring charges.

Table 1

Fiscal Year 2014 Annual Incentive Plan		Results-Driven Entitlement	
Metric	Tiers	Performance (As % of Financial Target)	Payout (As % of Award Target)
Earnings Per Share	Minimum Threshold	50%	50%
	Target	100%	100%
	Maximum Threshold	150%	150%

In fiscal year 2014, the AIP did not guarantee payout of the target amounts, and the Compensation Committee considered the EPS performance thresholds to be challenging. During the 2014 fiscal year, we did not achieve the minimum threshold target for AIP awards; therefore, no named executive officer received a cash payout. The minimum threshold target required the Company to achieve an EPS target of \$0.26, a target of EPS of \$0.31 or a maximum target of \$0.36 in order to achieve the respective payouts.

Long-Term Compensation — Equity Incentives

The Compensation Committee uses the Long Term Incentive Plan (“LTIP”) as a means for determining awards of stock options, stock appreciation rights, restricted shares, restricted stock units, performance shares, and other stock-based awards to our officers and other executives based on multi-year performance. All of the awards are granted under the 2007 Plan.

Our LTIP is designed to motivate our executives to focus on achievement of our long-term financial goals. Equity awards motivate our executives to achieve our long-term goals and to the extent our results affect our stock price, link such results with the performance of our stock over a three to four -year period. Using equity awards helps us to retain executives,

24

encourage share ownership and maintain a direct link between our executive compensation program and the value and appreciation in the value of our stock.

In fiscal year 2014, LTIP awards were composed solely of stock options. Stock options vested one third on the first anniversary of the grant date, with one third vesting each year thereafter. The Committee believes that stock options provide clear alignment with stockholder interests.

Performance Shares. In past fiscal years, the Compensation Committee recommended performance share awards that are earned, if the performance criteria are met, at the end of a three year plan cycle. The maximum possible entitlement to performance shares will occur if 100% of the target is achieved. In addition, irrespective of Company performance versus target, there is no entitlement to performance shares unless the award recipient continues to be employed throughout the multi-year period. Performance shares are subject to repurchase by the Company at \$0.01 per share if eligible employment ends during the performance measurement period and to the extent the maximum performance is not achieved during the performance measurement period. For fiscal year 2014, upon recommendation of the Compensation Committee, all of the performance based restricted shares under the fiscal year 2011 LTIP, were repurchased by the Company since the Compensation Committee determined that the threshold targets had not been met. For compensation planning purposes, awards of performance-based restricted stock are valued at the fair market value of the shares on the date of award, which is the closing price on the NASDAQ Global Select Market on that date, without reduction to reflect vesting or other conditions.

Stock Options. The Compensation Committee believes that stock options directly align the interests of executives and stockholders as the options only result in gain to the recipient if our stock price increases above the exercise price of the options. In addition, options are intended to help retain key employees because they vest over a period of time, and to assist in the hiring of new executives by replacing the value of stock options that may have been forfeited as a result of leaving a former employer. Generally, options are granted with an exercise price equal to the fair market value of the common stock on the grant date, which is the closing price on the NASDAQ Global Select Market on that date. Typically, the Compensation Committee awards stock options that vest and become exercisable solely on the basis of continued employment, or other service, over three or four years. Duration of stock options (subject to the terms of the 2007 Plan) is seven years from grant date. For compensation planning purposes, awards of stock options are valued using the Black-Scholes valuation method, without reduction to reflect vesting or other conditions. In fiscal year 2014, the Black-Scholes valuations were approximately 50% of the grant-date exercise price value of the shares subject to the option.

Service-Based Restricted Stock. Service-based restricted stock awards are awards of stock at the start of a vesting period which is subject to repurchase for nominal consideration if the specified vesting conditions are not satisfied. In addition to their use as a component of the LTIP, awards of service-based restricted stock may be made on a selective basis to individual executives primarily to facilitate retention and succession planning or to replace the value of equity awards that may have been forfeited as a result of the executive's leaving a former employer. For compensation planning purposes, awards of service-based restricted stock are valued at the fair market value of the shares on the date of award, which is the closing price on the NASDAQ Global Select Market on that date, without reduction to reflect vesting or other conditions. Typically, the Compensation Committee awards restricted stock that vests and becomes exercisable solely on the basis of continued employment, or other service, usually over three years, with 33 1/3 % vesting on the first anniversary of the date of the grant and an additional 33 1/3 % vesting on the second and third anniversaries of the date of the grant. Unvested shares are subject to repurchase by the Company at \$0.01 per share if employment ends before the third anniversary of the grant date.

Recovery of Executive Compensation

Our executive compensation program permits us to recover or "clawback" all or a portion of any performance-based compensation if our financial statements are restated as a result of errors, omissions, or fraud. The amount which may

be recovered will be the amount by which the affected compensation exceeded the amount that would have been payable had the financial statements been initially filed as restated, or any greater or lesser amount that the Compensation Committee or our Board shall determine. In no case will the amount to be recovered by us be less than the amount required to be repaid or recovered as a matter of law. Recovery of such amounts by us would be in addition to any actions imposed by law, enforcement agencies, regulators, or other authorities.

Hedging Prohibition

Our executive officers, as well as other employees, are prohibited from engaging in hedging or similar transactions with respect to our securities where the transaction is designed or intended to decrease the risks associated with holding our securities. This prohibition includes transactions involving puts, call, collars or other derivative securities.

Perquisites

Our executive officers participate in the same group insurance and employee benefit plans as our other full-time U.S. employees. We do not provide special benefits or other perquisites to our executive officers.

Stock Ownership Guidelines

While we do not have a minimum stock ownership requirement for members of the Board and our named executive officers, the corporate governance guidelines adopted by the Board encourage the ownership of our common stock. The Compensation Committee is satisfied that the stock and other equity holdings among our executive officers are sufficient at this time to provide appropriate motivation to align this group's long-term interests with those of our stockholders.

Tax and Accounting Considerations

Tax Considerations. The Compensation Committee generally considers the federal income tax and financial accounting consequences of the various components of the executive compensation program in making decisions about executive compensation. The Compensation Committee believes that achieving the compensation objectives discussed above is more important than the benefit of tax deductibility and the executive compensation programs may, from time to time, limit the tax deductibility of compensation. Nevertheless, when not inconsistent with these objectives, the Compensation Committee endeavors to award compensation that will be deductible for income tax purposes. Internal Revenue Code Section 162(m) may limit the tax deductions that a public company can claim for compensation to some of its named executive officers. The Company does not guarantee that any compensation intended to qualify as deductible performance-based compensation under Section 162(m) so qualifies.

Accounting Considerations. The Compensation Committee also considers the accounting implications of various forms of executive compensation. In its financial statements, the Company records salaries and performance-based compensation such as bonuses as expenses in the amount paid or to be paid to the named executive officers. Accounting rules also require the Company to record an expense in its financial statements for equity awards, even though equity awards are not paid as cash to employees. The accounting expense of equity awards to employees is calculated in accordance with GAAP. The Compensation Committee believes that the many advantages of equity compensation, as discussed above, more than compensate for the non-cash accounting expense associated with them.

Benefits under the 401(k) Plan and Generally Available Benefit Programs

In fiscal year 2014, our named executive officers were eligible to participate in the health and welfare programs that are generally available to all full-time U.S.-based employees, including medical, dental, vision, life, short-term and long-term disability, employee assistance, flexible spending and accidental death and dismemberment.

In addition, the named executive officers and all other eligible U.S.-based employees can participate in our tax-qualified 401(k) Plan. Under the 401(k) Plan, all eligible employees can receive matching contributions from the Company; however, the Company suspended matching effective January 1, 2014 for an indefinite period of time. Our company-matching contribution for the 401(k) Plan prior to January 1, 2014 was 100% of the first 5% of contributions by the employee to the 401(k) Plan. Employees under the age of 50 can contribute a maximum per participating employee of \$17,500 during each calendar year, and employees over the age of 50 can contribute a maximum per participating employee of \$23,000. We do not provide defined benefit pension plans or defined contribution retirement plans to the named executive officers or other employees other than the 401(k) Plan, or as required in certain countries other than the United States, for legal or competitive reasons.

We adopted an employee stock purchase plan effective November 19, 2009 and commencing on July 3, 2010, under which named executive officers and all other eligible U.S.-based employees can elect, on a quarterly basis, to apply a portion of their cash compensation to purchase shares of our common stock at a 5% discount. An employee's total purchases in any year cannot exceed \$25,000 in value or 15% of his or her salary, whichever is less. Furthermore, an employee may not purchase more than 608 shares of common stock annually under the employee stock purchase plan.

The 401(k) Plan, employee stock purchase plan and the other benefit programs allow us to remain competitive and enhance employee loyalty and productivity. These benefit programs are primarily intended to provide all eligible employees with competitive and quality healthcare, financial contributions for retirement and to enhance hiring and retention.

Post-Termination Compensation

Employment agreements have been established with each of our named executive officers. These agreements provide for certain payments and benefits to the employee if his or her employment with us is terminated. These arrangements are discussed in more detail below. We have determined that such payments and benefits are an integral part of a competitive compensation package for our named executive officers. For additional information regarding our employment agreements with our named executive officers, see the discussion under “Potential Payments Upon Termination or Change of Control.”

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this Proxy Statement. Based on this review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into our Annual Report on Form 10-K for the fiscal year ended June 27, 2014.

Compensation Committee of the Board of Directors

Dr. James C. Stoffel, Chairman

Risk Considerations in Our Compensation Program

The Compensation Committee, pursuant to its charter, is responsible for reviewing and overseeing the compensation benefits structure applicable to our employees, generally. We do not believe that our compensation policies and practices for our employees give rise to risks that are reasonably likely to have a material adverse effect on our company. In reaching this conclusion, we considered the following factors:

Our compensation program is designed to provide a mix of both fixed and “at risk” incentive compensation.

The incentive elements of our compensation program (annual incentives and multi-year equity LTIP awards) are designed to reward both annual performance (under the annual incentive plan) and longer-term performance (under the LTIP). We believe this design mitigates any incentive for short-term risk-taking that could be detrimental to our company’s long-term best interests.

Maximum payouts under our annual incentive plan are currently capped at 100% of target payouts. We believe these limits mitigate excessive risk-taking, since the maximum amount that can be earned is limited.

Finally, our annual incentive plan and our long-term incentive plan both contain provisions under which awards may be recouped or forfeited if the recipient has not complied with our policies. In addition, our performance-based plans (cash incentive and performance shares) both contain provisions under which awards may be recouped or forfeited if the financial results for a period affecting the calculation of an award are later restated.

Our fiscal year 2014 ended June 27, 2014, fiscal year 2013 ended June 28, 2013 and our fiscal year 2012 ended (1) June 29, 2012. The amounts in this table represent total compensation paid or earned for our fiscal year as included in our annual financial statements.

(4) Represents a one-time bonus earned by Mr. Hayes in respect of fiscal year 2012 performance for the achievement of certain management objectives.

(5) The "Stock Awards" column shows the full grant date fair value of the performance shares (at target) and restricted stock granted in fiscal years 2013 and 2012, respectively.

The grant date fair value of the performance shares and restricted stock was determined under FASB ASC Topic 718 and represents the amount we would expense in our financial statements over the entire vesting schedule for the awards. The grant date fair value for performance awards and restricted stock was based on the closing market price of our common stock on the respective award dates, except for the performance shares granted during fiscal year 2011 as discussed above. The assumptions used for determining values are set forth in Notes 1 and 10 to our audited consolidated financial statements in Part II, Item 8 of our Annual Report on Form 10-K for the fiscal year ended

June 27, 2014. These amounts reflect our accounting for these grants and do not correspond to the actual values that may be recognized by the named executive officers.

The “Option Awards” column shows the full grant date fair value of the stock options granted in fiscal years 2014, 2013 and 2012, respectively. The grant date fair value of the stock option awards was determined under FASB ASC Topic 718 and represents the amount we would expense in our financial statements over the entire vesting (6) schedule for the awards. The assumptions used for determining values are set forth in Notes 1 and 10 to our audited consolidated financial statements in Part II, Item 8 of our Annual Report on Form 10-K for the fiscal year ended June 27, 2014. These amounts reflect our accounting for these grants and do not correspond to the actual values that may be recognized by the named executive officers.

There was no non-equity incentive compensation under the AIP for fiscal years 2014 and 2013, respectively. For (7) fiscal year 2012, this figure represents amounts earned in respect of fiscal year 2012 performance under the fiscal year 2012 AIP as though 100% of revenue and operating income (non-GAAP) targets had been achieved with actual achievement of 100% of both targets.

(8) We do not currently have our own pension plan or deferred compensation plan.

Potential Payments Upon Termination or Change of Control

Employment agreements have been established with each of the continuing named executive officers, which provide for such executives to receive certain payments and benefits if their employment with us is terminated. These arrangements are set forth in detail below assuming a termination event on June 27, 2014 based on our stock price on that date. The Board has determined that such payments and benefits are an integral part of a competitive compensation package for our executive officers.

The table below reflects the compensation and benefits due to each of the named executive officers in the event of termination of employment by us without cause or termination by the executive for good reason (other than within 18 months after a Change of Control, as defined below) and in the event of disability and in the event of termination of employment by us without cause or termination by the executive for good reason within 18 months after a Change of

Control. The amounts shown in the table are estimates of the amounts that would be paid upon termination of employment. There are no compensation and benefits due to any named executive officer in the event of death, or of termination of employment by us for cause or voluntary termination. The actual amounts would be determined only at the time of the termination of employment.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed KPMG LLP as our independent registered public accounting firm to audit our consolidated financial statements for the fiscal year ending July 3, 2015 and our Board has ratified such appointment.

During fiscal year 2014, KPMG LLP served as our independent registered public accounting firm and provided certain tax and other audit related services. See "Independent Registered Public Accounting Firm Fees."

Notwithstanding its selection, the Audit Committee, in its discretion, may appoint another independent registered public accounting firm at any time during the year if the Audit Committee believes that such a change would be in the best interests of the Company and its stockholders. If the appointment is not ratified by our stockholders, the Audit Committee may reconsider whether it should appoint another independent registered public accounting firm.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE AUDIT COMMITTEE'S APPOINTMENT OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2015.

PROPOSAL NO. 3

ADVISORY, NON-BINDING VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

A “say on pay” advisory vote is required for all U.S. public companies under Section 14A of the Exchange Act . We are asking stockholders to approve, on an advisory, non-binding basis, the compensation of the Company’s named executive officers disclosed in the Compensation Discussion and Analysis section, and the related compensation tables, notes and narrative, in this Proxy Statement.

The Board recommends that you vote “FOR” approval of the advisory, non-binding vote on executive compensation because it believes that the policies and practices described in the Compensation Discussion and Analysis section are effective in achieving the Company’s goals of rewarding sustained financial and operating performance and leadership excellence, aligning the executives’ long-term interests with those of the stockholders and motivating the executives to remain with the Company for long and productive careers. Named executive officer compensation of the past three years reflects amounts of cash and long-term equity awards consistent with periods of economic stress and lower earnings, and equity incentives aligning with our actions to stabilize the Company and to position it for a continued recovery.

We urge stockholders to read the Compensation Discussion and Analysis section of this Proxy Statement, as well as the Summary Compensation Table and related compensation tables, notes and narrative, which provide detailed information on the Company’s compensation policies and practices and the compensation of our named executive officers.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” APPROVAL OF THE ADVISORY, NON-BINDING VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION.
