

UNITED INSURANCE HOLDINGS CORP.  
Form 10-Q  
November 07, 2018

UNITED STATES  
SECURITIES AND EXCHANGE COMMISSION  
WASHINGTON, D.C. 20549

---

FORM 10-Q

---

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended September 30, 2018  
Commission File Number 001-35761

---

United Insurance Holdings Corp.  
(Exact name of Registrant as specified in its charter)

---

Delaware                      75-3241967  
(State of Incorporation) (IRS Employer Identification Number)  
800 2nd Avenue S  
St. Petersburg, Florida 33701  
(Address, including zip code, of principal executive offices)  
727-895-7737  
(Registrant's telephone number, including area code)

---

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes  No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer  Accelerated filer   
Non-accelerated filer  Smaller reporting company   
Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes  No

As of November 2, 2018, 42,984,578 shares of common stock, par value \$0.0001 per share, were outstanding.

Throughout this Quarterly Report on Form 10-Q (Form 10-Q), we present amounts in all tables in thousands, except for share amounts, per share amounts, policy counts or where more specific language or context indicates a different presentation. In the narrative sections of this Form 10-Q, we show full values rounded to the nearest thousand.

UNITED INSURANCE HOLDINGS CORP.

---

FORWARD-LOOKING STATEMENTS

Statements in this Form 10-Q contain “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements include statements about anticipated growth in revenues, gross written premium, earnings per share, estimated unpaid losses on insurance policies, investment returns, and diversification and expectations about our liquidity, our ability to meet our investment objectives and to manage and mitigate market risk with respect to our investments. Without limiting the generality of the foregoing, words such as “may,” “will,” “expect,” “endeavor,” “project,” “believe,” “plan,” “anticipate,” “intend,” “could,” “would,” “estimate,” “continue” or the negative variations thereof or comparable terminology are intended to identify forward-looking statements. These statements are based on current expectations, estimates and projections about the industry and market in which we operate, and management's beliefs and assumptions. Forward-looking statements are not guarantees of future performance and involve certain known and unknown risks and uncertainties that could cause actual results to differ materially from those expressed or implied by such statements. The risks and uncertainties include, without limitation:

- our exposure to catastrophic events and severe weather conditions;
- the regulatory, economic and weather conditions present in Florida, the state in which we are most concentrated;
- the effectiveness of our diversification strategy;
- our ability to cultivate and maintain agent relationships, particularly our relationship with AmRisc, LLC (AmRisc);
- the possibility that actual claims incurred may exceed our loss reserves for claims;
- assessments charged by various governmental agencies;
- our ability to implement and maintain adequate internal controls over financial reporting;
- our ability to maintain adequate technology, data security, and outsourcing relationships;
- our reliance on key vendor relationships, and the ability of our vendors to protect the personal information of our customers;
- our ability to attract and retain the services of senior management;
- risks and uncertainties relating to our acquisitions, including our ability to successfully integrate the acquired companies;
- our ability to increase or maintain our market share;
- changes in the regulatory environment present in the states in which we operate;
- the impact of new federal or state regulations that affect the property and casualty insurance market;
- the cost, variability and availability of reinsurance;
- our ability to collect from our reinsurers on our reinsurance claims;
- dependence on investment income and the composition of our investment portfolio and related market risks;
- the possibility of the pricing and terms for our products to decline due to the historically cyclical nature of the property and casualty insurance and reinsurance industry;
- the outcome of litigation pending against us, including the terms of any settlements;
- downgrades in our financial strength ratings;
- the impact of future sales of substantial amounts of our common stock by us to our existing stockholders on our stock price;
- our ability to pay dividends in the future;
- the ability of R. Daniel Peed and his affiliates to exert significant control over us due to substantial ownership of our common stock, subject to certain restrictive covenants that may restrict our ability to pursue certain opportunities;
- the ability of others to obtain control of us due to provisions in our charter documents; and
- other risks and uncertainties described in the section entitled "Risk Factors" in Part I, Item 1A in our Annual Report on Form 10-K for the year ended December 31, 2017.

We caution you not to place reliance on these forward-looking statements, which are valid only as of the date they were made. Except as may be required by applicable law, we undertake no obligation to update or revise any forward-looking statements to reflect new information, the occurrence of unanticipated events or otherwise.

UNITED INSURANCE HOLDINGS CORP.

Notes to Unaudited Condensed Consolidated Financial Statements

September 30, 2018

1) ORGANIZATION, CONSOLIDATION AND PRESENTATION

(a)Business

United Insurance Holdings Corp. (referred to in this document as we, our, us, the Company or UPC Insurance) is a property and casualty insurance holding company that sources, writes and services residential and commercial property and casualty insurance policies using a network of agents, four wholly-owned insurance subsidiaries, and one majority-owned insurance subsidiary. Our largest insurance subsidiary is United Property & Casualty Insurance Company (UPC), which was formed in Florida in 1999 and has operated continuously since that time. Our four other insurance subsidiaries are Family Security Insurance Company, Inc. (FSIC), acquired via merger on February 3, 2015, Interboro Insurance Company (IIC), acquired via merger on April 29, 2016, American Coastal Insurance Company (ACIC), acquired via merger on April 3, 2017, and Journey Insurance Company (JIC). See Note 4 in these Notes to Unaudited Condensed Consolidated Financial Statements for additional information regarding acquisitions. JIC was formed in strategic partnership with a subsidiary of Tokio Marine Kiln Group Limited on August 30, 2018. This subsidiary holds a noncontrolling interest in JIC.

Our other subsidiaries include United Insurance Management L.C. (UIM), a managing general agent that manages substantially all aspects of UPC, FSIC and IIC's business; Skyway Claims Services, LLC, which provides claims adjusting services to UPC, FSIC and IIC; AmCo Holding Company (AmCo) and Family Security Holdings (FSH), which are holding company subsidiaries that consolidate their respective insurance companies; BlueLine Cayman Holdings (BlueLine) which reinsures portfolios of excess and surplus policies; UPC Re which provides a portion of the reinsurance protection purchased by our insurance subsidiaries when needed; and Skyway Reinsurance Services which provides reinsurance brokerage services for our insurance companies.

Our primary product is homeowners' insurance, which we currently offer in 12 states, under authorization from the insurance regulatory authorities in each state. In addition, we write commercial residential insurance in the state of Florida. We are also licensed to write property and casualty insurance in an additional six states; however, we have not commenced writing in these states.

We conduct our operations under one business segment.

(b)Consolidation and Presentation

We prepare our unaudited condensed consolidated interim financial statements in conformity with U.S. generally accepted accounting principles (GAAP). We have condensed or omitted certain information and footnote disclosures normally included in annual consolidated financial statements presented in accordance with GAAP. In management's opinion, the accompanying unaudited condensed consolidated financial statements reflect all adjustments, including normal recurring items, considered necessary for a fair presentation of interim periods. All intercompany balances and transactions have been eliminated. Our unaudited condensed consolidated interim financial statements and footnotes should be read in conjunction with our consolidated financial statements and footnotes in our Annual Report on Form 10-K for the year ended December 31, 2017.

While preparing our unaudited condensed consolidated financial statements, we make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the unaudited condensed consolidated financial statements, as well as reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates. Reported amounts that require us to

make extensive use of estimates include our reserves for unpaid losses and loss adjustment expenses, investments and goodwill. Except for the captions on our Unaudited Condensed Consolidated Balance Sheets and Unaudited Condensed Consolidated Statements of Comprehensive Income, we generally use the term loss(es) to collectively refer to both loss and loss adjustment expenses.

We reclassified certain amounts in the 2017 financial statements to conform to the 2018 presentation. These reclassifications had no impact on our results of operations or stockholders' equity, as previously reported.

Our results of operations and our cash flows as of the end of the interim periods reported herein do not necessarily indicate our results for the remainder of the year or for any other future period.

UNITED INSURANCE HOLDINGS CORP.

Notes to Unaudited Condensed Consolidated Financial Statements

September 30, 2018

2) SIGNIFICANT ACCOUNTING POLICIES

(a) Changes to Significant Accounting Policies

We have made no changes to our significant accounting policies as reported in our Annual Report on Form 10-K for the year ended December 31, 2017, except as noted below.

(b) Income Taxes

As of September 30, 2018, we have not fully completed our accounting for the tax effects of the enactment of the legislation commonly known as the Tax Cuts and Jobs Act of 2017 (Tax Act) with regards to the deductibility of compensation expense for certain covered executives due to uncertainty surrounding the appropriate tax treatment of outstanding performance-based awards and the grandfather rule for existing executive compensation agreements and the uncertainty surrounding the discount factors to be applied for loss reserve discounting. The U.S. Treasury Department and the Internal Revenue Service has recently issued further clarification and guidance on the deductibility of compensation expense that we are currently reviewing for potential impact on our accounting and disclosures. Interpretive guidance of the Tax Act will be received throughout 2018, and we expect to update our estimates and our disclosure on a quarterly basis as interpretive guidance is received within each quarter that it is received.

(c) Reinsurance

We record provisional ceding commissions that we receive in connection with our reinsurance contracts for the 2018 underwriting year as an offset to deferred acquisition costs to the extent that they relate to compensation for acquisition costs that are incurred that are deferrable. The remaining provisional ceding commissions are recorded as unearned reinsurance commission and are recognized as an offset to other acquisition costs based in proportion to the premiums earned or coverage provided by the reinsurance contracts.

(d) Recently Adopted Accounting Pronouncements

In May 2017, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2017-09, Compensation-Stock Compensation (Topic 718): Scope of Modification Accounting (ASU 2017-09). This standard provides guidance about which changes to the terms or conditions of a share-based payment award require an entity to apply modification accounting in Topic 718. ASU 2017-09 is effective for annual periods beginning after December 15, 2017, including interim periods within those annual periods, with early adoption permitted for certain requirements. We did not early adopt and the new guidance did not impact the way in which we account for share-based payment transactions. Therefore, the adoption as of January 1, 2018 had no impact on our results of operations.

In November 2016, the FASB issued ASU No. 2016-18, Statement of Cash Flows (Topic 230): Restricted Cash (ASU 2016-18). This standard provides guidance on the presentation of restricted cash in the statement of cash flows. We are required to explain the changes during a reporting period in the total of cash, cash equivalents and amounts generally described as restricted cash or restricted cash equivalents in the statement of cash flows. We retrospectively adopted this standard on April 1, 2018. The adoption of this new accounting standard impacted the presentation of our Unaudited Condensed Consolidated Statement of Cash Flows but had no effect on our results of operations. The restricted cash on our Condensed Consolidated Balance Sheets at September 30, 2018 and December 31, 2017 represents cash that is held in trust for assumed business and cash held in deposit accounts to satisfy state statutory

deposit requirements.

In January 2016, the FASB issued ASU No. 2016-01, Recognition and Measurement of Financial Assets and Financial Liabilities (ASU 2016-01). This update substantially revises standards for the recognition, measurement and presentation of financial instruments. This standard revised our accounting related to (1) the classification and measurement of investments in equity securities and (2) the presentation of certain fair value changes for financial liabilities measured at fair value. It also amended certain disclosure requirements associated with the fair value of financial instruments. ASU 2016-01 is effective for annual periods beginning after December 15, 2017, including interim periods within those annual periods, with early adoption permitted for certain requirements. We adopted this standard as of January 1, 2018, which resulted in a reclassification of a \$9,338,000 gain, net of tax, on equity securities from accumulated other comprehensive income to retained earnings on our condensed consolidated financial statements. Refer to Note 14 in these Notes to Unaudited Condensed Consolidated Financial Statements for a reconciliation.

UNITED INSURANCE HOLDINGS CORP.

Notes to Unaudited Condensed Consolidated Financial Statements

September 30, 2018

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers (ASU 2014-09). Insurance contracts are excluded from the scope of this standard. Under the standard, guidance is provided on revenue recognition for entities that enter into contracts with customers to transfer goods or services or enter into contracts for the transfer of nonfinancial assets. The transaction price is attributed to underlying performance obligations in the contract and revenue is recognized as the entity satisfies the performance obligation and transfers control of the good or service to the customer. ASU 2014-09 is effective beginning in the first quarter of 2018. We adopted this standard as of January 1, 2018. The adoption of this new accounting standard did not have an impact on our condensed consolidated financial statements and related disclosures.

(e) Pending Accounting Pronouncements

We have evaluated recent accounting pronouncements that have had or may have a significant effect on our financial statements or on our disclosures.

In August 2018, the FASB issued ASU No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement (ASU 2018-13). This update modifies the existing disclosure requirements on fair value measurements in Topic 820 by changing requirements regarding Level 1, Level 2 and Level 3 investments. ASU 2018-13 is effective for annual reporting periods beginning after December 15, 2019, including interim periods within those annual periods, with early adoption permitted. Entities are permitted to early adopt any removed or modified disclosures of ASU 2018-13 immediately and delay the adoption of the additional disclosures until their effective date. We have early adopted the guidance on removed and modified disclosures. We do not intend to early adopt the additional disclosures and are assessing the impact of retrospectively adopting the additions from this new accounting standard on our fair value disclosures.

In January 2017, the FASB issued ASU No. 2017-04, Intangibles—Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment (ASU 2017-04). This update simplifies the manner in which an entity is required to test goodwill for impairment by eliminating Step 2 from the goodwill impairment test. ASU 2017-07 is effective for annual periods beginning after December 15, 2019, including interim periods within those annual periods, with early adoption permitted for certain requirements. We do not intend to early adopt and are assessing the impact of prospectively adopting this new accounting standard on our condensed consolidated financial statements and related disclosures. Any impact of the standard on our condensed consolidated financial statements and related disclosures will be dependent on market conditions of the reporting units at the time of adoption.

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842) (ASU 2016-02). This update is intended to replace existing lease guidance by requiring a lessee to recognize substantially all leases (whether operating or finance leases) on the balance sheet as a right-of-use asset and an associated lease liability. Short-term leases of 12 months or less are excluded from this amendment. ASU 2016-02 is effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years, with early adoption permitted. We do not intend to early adopt and are assessing the impact of adopting this new accounting standard on our condensed consolidated financial statements and related disclosures using a modified retrospective approach upon adoption. We are currently quantifying the expected recognition on our balance sheet for a right to use asset and a lease liability as required by this standard.

## UNITED INSURANCE HOLDINGS CORP.

## Notes to Unaudited Condensed Consolidated Financial Statements

September 30, 2018

When we sell investments, we calculate the gain or loss realized on the sale by comparing the sales price (fair value) to the cost or adjusted/amortized cost of the security sold. We determine the cost or adjusted/amortized cost of the security sold using the specific-identification method. The following table details our realized gains (losses) by major investment category for the three and nine months ended September 30, 2018 and 2017:

	2018		2017	
	Gains (Losses)	Fair Value at Sale	Gains (Losses)	Fair Value at Sale
Three Months Ended September 30,				
Fixed maturities	\$12	\$4,864	\$123	\$11,368
Equity securities	8	411	1	156
Total realized gains	20	5,275	124	11,524
Fixed maturities	(441 )	46,268	(195 )	10,517
Equity securities	(26 )	387	—	—
Total realized losses	(467 )	46,655	(195 )	10,517
Net realized investment gains (losses)	\$(447)	\$51,930	\$(71 )	\$22,041
Nine Months Ended September 30,				
Fixed maturities	\$68	\$11,745	\$263	\$30,264
Equity securities	517	1,593	8	175
Total realized gains	585	13,338	271	30,439
Fixed maturities	(1,233)	116,587	(815 )	47,913
Equity securities	(26 )	387	(10 )	100
Total realized losses	(1,259)	116,974	(825 )	48,013
Net realized investment gains (losses)	\$(674)	\$130,312	\$(554)	\$78,452

The table below summarizes our fixed maturities at September 30, 2018 by contractual maturity periods. Actual results may differ as issuers may have the right to call or prepay obligations, with or without penalties, prior to the contractual maturities of those obligations.

	September 30, 2018					
	Cost or Amortized Cost	Percent of Total	Fair Value	Percent of Total		
Due in one year or less	\$70,131	8.2 %	\$69,785	8.3 %		
Due after one year through five years	337,014	39.4 %	331,204	39.6 %		
Due after five years through ten years	164,523	19.3 %	159,481	19.1 %		
Due after ten years	12,539	1.5 %	12,032	1.4 %		
Asset and mortgage backed securities	270,433	31.6 %	263,888	31.6 %		
Total	\$854,640	100.0 %	\$836,390	100.0 %

Net investment income	\$6,621	\$4,688	\$18,909	\$12,007

## Portfolio monitoring

We have a comprehensive portfolio monitoring process to identify and evaluate each fixed income security whose carrying value may be other-than-temporarily impaired.

For each fixed income security in an unrealized loss position, we determine if the loss is temporary or other-than-temporary. If our management decides to sell the security or determines that it is more likely than not that we will be required to sell the security before recovery of the cost or amortized cost basis for reasons such as liquidity needs, contractual or regulatory requirements, then the security's decline in fair value is considered other-than-temporary and is recorded in earnings.

If we have not made the decision to sell the fixed income security and it is more likely than not that we will be required to sell the fixed income security before recovery of its amortized cost basis, we evaluate whether we expect the security to receive cash flows sufficient to recover the entire cost or amortized cost basis of the security. We calculate the estimated recovery value by discounting the best estimate of future cash flows at the security's original or current effective rate, as appropriate, and compare this to the cost or amortized cost of the security. If we do not expect to receive cash flows sufficient to recover the entire cost or amortized cost basis of the fixed income security, the credit loss component of the impairment is recorded in earnings, with the remaining amount of the unrealized loss related to other factors recognized in other comprehensive income.

Our portfolio monitoring process includes a quarterly review of all fixed-income securities to identify instances where the fair value of a security compared to its cost or amortized cost is below established thresholds. The process also includes the monitoring of other impairment indicators such as ratings, ratings downgrades and payment defaults. The securities identified, in addition to other securities for which we may have a concern, are evaluated for potential other-than-temporary impairment using information relevant to the collectability or recovery of the security that is reasonably available. Inherent in our evaluation of other-than-temporary impairment for these fixed income securities are assumptions and estimates about the financial condition and future earnings potential of the issue or issuer. Some of the factors that may be considered in evaluating whether a decline in fair value is other-than-temporary are: (1) the financial condition, near-term and long-term prospects of the issue or issuer, including relevant industry specific market conditions and trends, geographic location and implications of rating agency actions and offering prices; (2) the specific reasons that a security is in an unrealized loss position, including overall market conditions which could affect liquidity; and (3) the length of time and extent to which the fair value has been less than amortized cost or cost.

UNITED INSURANCE HOLDINGS CORP.  
Notes to Unaudited Condensed Consolidated Financial Statements

Non-redeemable preferred stocks	4	4	87	—	—	—
Total equity securities	10	51	966	—	—	—
Total	542	\$ 2,361	\$349,028	214	\$ 2,394	\$111,703

(1) This amount represents the actual number of discrete securities, not the number of shares or units of those securities. The numbers are not presented in thousands.

During our quarterly evaluations of our securities for impairment, we determined that none of our investments in fixed-income securities that reflected an unrealized loss position were other-than-temporarily impaired. The issuers of our debt securities continue to make interest payments on a timely basis. We do not intend to sell nor is it likely that we would be required to sell the debt securities before we recover our amortized cost basis. Due to the adoption of ASU 2016-01 as of January 1, 2018, equity securities are reported at fair value with changes in fair value recognized in valuation of equity investments and are no longer included in impairment write-downs, change in intent write-downs and sales. During the three and nine months ended September 30, 2018 and 2017, we recorded no

other-than-temporary impairment charges.

Notes to Unaudited Condensed Consolidated Financial Statements

September 30, 2018

Fair value measurement

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The hierarchy for inputs used in determining fair value maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that observable inputs be used when available. Assets and liabilities recorded on our Unaudited Condensed Consolidated Balance Sheets at fair value are categorized in the fair value hierarchy based on the observability of inputs to the valuation techniques as follows:

Level 1: Assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market that we can access.

Level 2: Assets and liabilities whose values are based on the following:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in markets that are not active; or
- (c) Valuation models whose inputs are observable, directly or indirectly, for substantially the full term of the asset or liability.

Level 3: Assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. Unobservable inputs reflect our estimates of the assumptions that market participants would use in valuing the assets and liabilities.

We estimate the fair value of our investments using the closing prices on the last business day of the reporting period, obtained from active markets such as the NYSE, Nasdaq and NYSE American. For securities for which quoted prices in active markets are unavailable, we use a third-party pricing service that utilizes quoted prices in active markets for similar instruments, benchmark interest rates, broker quotes and other relevant inputs to estimate the fair value of those securities for which quoted prices are unavailable. Our estimates of fair value reflect the interest rate environment that existed as of the close of business on September 30, 2018 and December 31, 2017. Changes in interest rates subsequent to September 30, 2018 may affect the fair value of our investments.

The fair value of our fixed maturities is initially calculated by a third-party pricing service. Valuation service providers typically obtain data about market transactions and other key valuation model inputs from multiple sources and, through the use of proprietary models, produce valuation information in the form of a single fair value for individual fixed income and other securities for which a fair value has been requested. The inputs used by the valuation service providers include, but are not limited to, market prices from recently completed transactions and transactions of comparable securities, interest rate yield curves, credit spreads, liquidity spreads, currency rates and other information, as applicable. Credit and liquidity spreads are typically implied from completed transactions and transactions of comparable securities. Valuation service providers also use proprietary discounted cash flow models that are widely accepted in the financial services industry and similar to those used by other market participants to value the same financial information. The valuation models take into account, among other things, market observable information as of the measurement date, as described above, as well as the specific attributes of the security being valued, including its term, interest rate, credit rating, industry sector and, where applicable, collateral quality and other issue or issuer specific information. Executing valuation models effectively requires seasoned professional judgment and experience.

For our Level 3 assets, our internal pricing method is primarily based on models using our share of the net asset value of the limited partnership interests as provided on the financial statements of the investee. In certain circumstances,

management may adjust the net asset value when it has sufficient evidence to support applying such adjustments.

Any change in the estimated fair value of our fixed-income securities would impact the amount of unrealized gain or loss we have recorded, which could change the amount we have recorded for our investments and other comprehensive income on our Unaudited Condensed Consolidated Balance Sheet as of September 30, 2018.

## UNITED INSURANCE HOLDINGS CORP.

## Notes to Unaudited Condensed Consolidated Financial Statements

September 30, 2018

The following table presents the fair value of our financial instruments measured on a recurring basis by level at September 30, 2018 and December 31, 2017:

	Total	Level 1	Level 2	Level 3
September 30, 2018				
U.S. government and agency securities	\$ 102,729	\$—	\$ 102,729	\$—

Other long-term investments	8,330	300	2,173	5,857
Total investments	\$937,812	\$94,213	\$837,742	\$5,857
December 31, 2017				
U.S. government and agency securities	\$92,626	\$—	\$92,626	\$—
Foreign government	2,036	—	2,036	—
States, municipalities and political subdivisions	201,512	—	201,512	—
Public utilities	20,257	—	20,257	—
Corporate securities	287,562	—	287,562	—
Mortgage-backed securities	143,265	—	143,265	—
Asset-backed securities	14,905	—	14,905	—
Redeemable preferred stocks	692	692	—	—
Total fixed maturities	762,855	692	762,163	—
Mutual Funds	31,924	31,924	—	—
Public utilities	1,702	1,702	—	—
Other common stocks	27,902	27,902	—	—
Non-redeemable preferred stocks	1,767	1,767	—	—
Total equity securities	63,295	63,295	—	—
Other long-term investments	8,381	300	7,447	634
Total investments	\$834,531	\$64,287	\$769,610	\$634

The carrying amounts for the following financial instrument categories approximate their fair values at September 30, 2018 and December 31, 2017, because of their short-term nature: cash and cash equivalents, accrued investment income, premiums receivable, reinsurance recoverable, reinsurance payable, other assets, and other liabilities. The carrying amount of the notes payable to the Florida State Board of Administration, the Branch Banking & Trust Corporation (BB&T) and our senior notes approximate fair value as the interest rates and terms are variable.

UNITED INSURANCE HOLDINGS CORP.  
Notes to Unaudited Condensed Consolidated Financial Statements  
September 30, 2018

The table below presents the rollforward of our Level 3 investments held at fair value during the nine months ended September 30, 2018:

	Other Investments
December 31, 2017	\$ 634
Transfers in	5,507
Partnership income	261
Return of capital	(482 )
Unrealized gains in accumulated other comprehensive income	(63 )
September 30, 2018	\$ 5,857

We are responsible for the determination of fair value and the supporting assumptions and methodologies. We have implemented a system of processes and controls designed to provide assurance that our assets and liabilities are appropriately valued. For fair values received from third parties, our processes are designed to provide assurance that the valuation methodologies and inputs are appropriate and consistently applied, the assumptions are reasonable and consistent with the objective of determining fair value, and the fair values are accurately recorded.

At the end of each quarter, we determine whether we need to transfer the fair values of any securities between levels of the fair value hierarchy and, if so, we report the transfer as of the end of the quarter. During the quarter ended September 30, 2018, we transferred two investments from Level 2 to Level 3 investments, due to changes in the availability of market observable inputs. We used unobservable inputs to derive our estimated fair value for Level 3 investments, and the unobservable inputs are significant to the overall fair value measurement.

For our investments in U.S. government securities that do not have prices in active markets, agency securities, state and municipal governments, and corporate bonds, we obtain the fair values from our investment custodians, which use a third-party valuation service. The valuation service calculates prices for our investments in the aforementioned security types on a month-end basis by using several matrix-pricing methodologies that incorporate inputs from various sources. The model the valuation service uses to price U.S. government securities and securities of states and municipalities incorporates inputs from active market makers and inter-dealer brokers. To price corporate bonds and agency securities, the valuation service calculates non-call yield spreads on all issuers, uses option-adjusted yield spreads to account for any early redemption features, and adds final spreads to the U.S. Treasury curve at 3 p.m. (ET) as of quarter end. Since the inputs the valuation service uses in its calculations are not quoted prices in active markets, but are observable inputs, they represent Level 2 inputs.

UNITED INSURANCE HOLDINGS CORP.  
Notes to Unaudited Condensed Consolidated Financial Statements  
September 30, 2018

Other investments

We acquired investments in limited partnerships, recorded in the other investments line of our Unaudited Condensed Consolidated Balance Sheets and these investments are currently being accounted for at fair value utilizing a net asset value per share equivalent methodology. The estimated fair value of our investments in the limited partnership interests at September 30, 2018 was \$8,029,000. We have fully funded two investments and are still obligated to fund an additional \$2,708,000 for the remaining four investments.

The information presented in the table below is as of September 30, 2018:

	Book Value	Unrealized Gain	Unrealized Loss	Fair Value
Limited partnership investments	\$7,769	\$ 260	\$	—\$8,029
Certificates of deposit	300	—	—	300
Total other investments	\$8,069	\$ 260	\$	—\$8,329

Portfolio loans

At December 31, 2017, we held commercial portfolio loans of \$20,000,000. We believe that making sound loans is a necessary and desirable means of employing funds available for investment. Recognizing our obligation to our stockholders, management is expected to seek to develop and make sound, profitable loans that resources permit and that opportunity affords. These were short-term collateralized loans (less than one year), which were repaid in full in April 2018, primarily from cash flows of the borrowers.

4) ACQUISITIONS

We account for business acquisitions in accordance with the acquisition method of accounting, which requires, among other things, that most assets acquired, liabilities assumed and earn-out consideration be recognized at their fair values as of the acquisition date. Measurement period adjustments to provisional purchase price allocations are recognized in the period in which they are determined as if the accounting had been completed on the acquisition date.

On April 3, 2017, we completed our acquisition of AmCo and its subsidiaries. The transaction was completed through a series of mergers that ultimately resulted in the Company issuing 20,956,355 shares of its common stock as consideration to the equity holders of RDX Holding, LLC, the former parent company of AmCo. As a result of the mergers, AmCo merged with and into a wholly-owned subsidiary of the Company. The acquisition of AmCo supported our growth strategy and further strengthened our overall position in the commercial property and casualty insurance market. Goodwill recorded in the transaction, which reflected the synergies expected from the acquisition and enhanced reinsurance opportunities, is not tax deductible.

The operations of AmCo are included in our Unaudited Condensed Consolidated Statements of Comprehensive Income effective April 3, 2017. The final purchase price allocation is as follows:

## UNITED INSURANCE HOLDINGS CORP.

## Notes to Unaudited Condensed Consolidated Financial Statements

September 30, 2018

Cash and cash equivalents	\$	95,284	
Investments		222,920	
Premium and agents' receivable		31,439	
Reinsurance recoverable		20,230	
Prepaid reinsurance premiums		22,544	
Intangible assets		30,286	
Insurance contract asset		33,812	
Goodwill		59,475	
Other assets		4,591	
Unpaid losses and loss adjustment expenses	(60,529		)
Unearned premiums	(128,824		)
Reinsurance payable	(22,406		)
Deferred taxes	(17,093		)
Other liabilities	(6,261		)
Total purchase price	\$	285,468	

The unaudited pro forma financial information below has been prepared as if the acquisition of AmCo had taken place on January 1, 2017. The unaudited pro forma financial information is not necessarily indicative of the results that we would have achieved had the transaction taken place on January 1, 2017, and the unaudited pro forma information does not purport to be indicative of future financial operating results.

	Nine Months Ended September 30, 2017		
	As Reported	Pro Forma Adjustments	Pro Forma
	Revenues	\$471,834	\$ 38,096
Net income (loss)	(16,856 )	6,712	(10,144 )
Diluted earnings per share	(0.47 )	—	(0.24 )

The following table summarizes the results of the acquired AmCo operations since the acquisition date that have been included within our unaudited condensed consolidated statements of comprehensive income:

	January 1, 2018 to September 30, 2018	April 3, 2017 to September 30, 2017
Revenues	\$ 146,301	\$ 93,269
Net income	25,605	1,122

5) EARNINGS PER SHARE

Basic earnings per share (EPS) is based on the weighted average number of common shares outstanding for the period, excluding any dilutive common share equivalents. Diluted EPS reflects the potential dilution resulting from the vesting of restricted stock awards. The following table shows the computation of basic and diluted EPS for the three and nine month periods ended September 30, 2018 and 2017, respectively:

## 6) PROPERTY AND EQUIPMENT, NET

Property and equipment, net consisted of the following:

	September 30, December 31,	
	2018	2017
Land	\$ 2,114	\$ 2,114
Building and building improvements	6,553	5,695
Computer hardware and software	16,980	18,985
Office furniture and equipment	3,024	3,413
Leasehold improvements	20	—
Total, at cost	28,691	30,207
Less: accumulated depreciation and amortization	(12,108 )	(12,916 )
Property and equipment, net	\$ 16,583	\$ 17,291

Depreciation and amortization expense under property and equipment was \$1,819,000 and \$723,000 for the three months ended September 30, 2018 and 2017, respectively, and \$3,382,000 and \$2,759,000 for the nine months ended September 30, 2018 and 2017, respectively.

## 7) GOODWILL AND INTANGIBLE ASSETS

## Goodwill

The carrying amount of goodwill, both at September 30, 2018 and December 31, 2017, was \$73,045,000. There was no goodwill acquired or disposed of during the three month or nine month periods ended September 30, 2018.

Using a qualitative assessment, we completed our most recent goodwill impairment testing during the fourth quarter of 2017 and determined that there was no impairment in the value of the asset as of December 31, 2017. No impairment loss in the value of goodwill was recognized during the nine months ended September 30, 2018. Additionally, there was no accumulated impairment or accumulated amortization related to goodwill at September 30,

2018 or December 31, 2017.

20

## UNITED INSURANCE HOLDINGS CORP.

## Notes to Unaudited Condensed Consolidated Financial Statements

September 30, 2018

## Intangible Assets

The following is a summary of intangible assets excluding goodwill recorded as intangible assets on our Unaudited Condensed Consolidated Balance Sheets:

	September 30, 2018	December 31, 2017
Intangible assets subject to amortization	\$ 29,160	\$ 41,715
Indefinite-lived intangible assets <sup>(1)</sup>	3,556	3,556
Total	\$ 32,716	\$ 45,271

<sup>(1)</sup> Indefinite-lived intangible assets are comprised of state insurance and agent licenses, as well as perpetual software licenses.

Intangible assets subject to amortization consisted of the following:

	Weighted-average remaining amortization period (in years)	Gross carrying amount	Accumulated amortization	Net carrying amount
September 30, 2018				
Value of business acquired	—	\$42,788	\$ (42,788 )	\$—
Agency agreements acquired	7.5	34,661	(10,040 )	24,621
Trade names acquired	5.4	6,381	(1,842 )	4,539
Total		\$83,830	\$ (54,670 )	\$29,160
December 31, 2017				
Value of business acquired	0.3	\$42,788	\$ (34,335 )	\$8,453
Agency agreements acquired	8.0	34,661	(6,669 )	27,992
Trade names acquired	6.0	6,381	(1,111 )	5,270
Total		\$83,830	\$ (42,115 )	\$41,715

No impairment in the value of amortizing or non-amortizing intangible assets was recognized during the three and nine months ended September 30, 2018 and 2017.

Amortization expense of our intangible assets was \$1,365,000 and \$9,839,000 for the three months ended September 30, 2018 and 2017, respectively. Amortization expense of our intangible assets was \$12,555,000 and \$21,361,000 for the nine months ended September 30, 2018 and 2017, respectively.

Estimated amortization expense of our intangible assets to be recognized by the Company over the next five years is as follows:

Year ending December 31,	Estimated Amortization Expense
Remaining 2018	\$ 1,365
2019	5,355
2020	4,267

2021	3,555
2022	3,246
2023	3,246

UNITED INSURANCE HOLDINGS CORP.

Notes to Unaudited Condensed Consolidated Financial Statements

September 30, 2018

8) REINSURANCE

Our reinsurance program is designed, utilizing our risk management methodology, to address our exposure to catastrophes. According to the Insurance Service Office (ISO), a catastrophe loss is defined as a single unpredictable incident or series of closely related incidents that result in \$25,000,000 or more in U.S. industry-wide direct insured losses to property and that affect a significant number of policyholders and insurers (ISO catastrophes). In addition to ISO catastrophes, we also include as catastrophes those events (non-ISO catastrophes), which may include losses, that we believe are, or will be, material to our operations, either in amount or in number of claims made.

Our program provides reinsurance protection for catastrophes including hurricanes, tropical storms and tornadoes. These reinsurance agreements are part of our catastrophe management strategy, which is intended to provide our stockholders an acceptable return on the risks assumed in our property business, and to reduce variability of earnings, while providing protection to our policyholders.

Effective June 1, 2018, UPC Insurance, through our wholly-owned insurance subsidiaries ACIC, UPC, FSIC, IIC and BlueLine, entered into reinsurance agreements with private reinsurers and with the Florida State Board of Administration, which administers the Florida Hurricane Catastrophe Fund (FHCF). These agreements provide coverage for catastrophe losses from named or numbered windstorms and earthquakes in all states in which UPC Insurance operates except for the agreement with FHCF, which only provides coverage in Florida against storms that the National Hurricane Center designates as hurricanes.

Highlights of the coverage within these contracts include:

- Increased frequency and severity protection, with an overall program exhaustion point excess of \$3,100,000,000;
- Sufficient coverage for approximately a single 1-in-400 year event;
- Sufficient coverage for a 1-in-100 year event followed by a 1-in-50 year event in the same season;
- Lower per occurrence retention levels which include all BlueLine business;
- First event retention of \$60,000,000 in Florida and \$25,000,000 outside of Florida which, as a percentage of the group equity, represents approximately 11% and 4.6%, respectively;
- \$25,000,000 for second event in all states;
- Successful completion of Armor Re II CAT Bond providing \$100,000,000 of limit on a multi-year basis;
- Coverage from 41 reinsurers with 93% of the open market limit placed on a fully collateralized basis or with reinsurers having an A+ or better A.M. Best financial strength rating; and
- Up to \$262,500,000 of multi-year limit including the CAT Bond limit.

For the FHCF reimbursement contracts effective June 1, 2018, UPC Insurance has elected a 45% coverage for all its insurance subsidiaries with Florida exposure. We estimate the total mandatory FHCF layer will provide approximately \$907,000,000 of aggregate coverage with varying retentions and limits among the three FHCF contracts that all inure to the benefit of the open market coverage secured from private reinsurers.

The \$2,185,000,000 of aggregate open market catastrophe reinsurance coverage is structured into multiple layers with a cascading feature that all layers drop down as layers below them are exhausted. Any remaining unused layer protection drops down for subsequent events until exhausted, ensuring there are no potential gaps in coverage up to the \$3,100,000,000 program exhaustion point.

Effective January 1, 2018, UPC Insurance, through its wholly-owned insurance subsidiaries UPC, ACIC, IIC and FSIC, renewed the aggregate excess of loss agreement with a private reinsurer. The treaty provides coverage for all catastrophe perils other than hurricanes, tropical storms, tropical depressions and earthquakes. Under this agreement,

we will retain, in the aggregate, 100% of those losses up to 4.75% of the covered companies' gross earned premium. The reinsurer will then be liable for all losses in excess of 4.75% of the covered companies' gross earned premium in the aggregate not to exceed \$20,000,000 over the term of the treaty. Recoveries under this treaty will be calculated quarterly based on the cumulative gross earned premium. We ceded \$20,000,000 of catastrophe losses to this treaty for the nine months ended September 30, 2018. Reinsurance recoveries under this agreement may change in future periods as the cumulative subject gross earned premiums and eligible gross catastrophe losses incurred are recognized in subsequent calendar quarters during 2018 in accordance with the terms of the agreement. No allowance has been recorded against the \$20,000,000 reinsurance recoverable at September 30, 2018 since future catastrophe losses are inherently unpredictable and cannot be reasonably estimated.

Effective December 31, 2017, UPC Insurance, through our wholly-owned insurance subsidiary UPC, replaced its quota share agreement with private reinsurers. The quota share agreement has a term of 12 months and a cession rate of 20% for all

## UNITED INSURANCE HOLDINGS CORP.

## Notes to Unaudited Condensed Consolidated Financial Statements

September 30, 2018

subject business. The quota share agreement provides coverage for all catastrophe perils and attritional losses. For all catastrophe perils, the quota share agreement provides ground-up protection effectively reducing our retention for catastrophe losses. Quota share reinsurers' participation in paying attritional losses is subject to an attritional loss ratio cap.

We amortize our prepaid reinsurance premiums over the annual agreement period, and we record that amortization in ceded premiums earned on our Unaudited Condensed Consolidated Statements of Comprehensive Income. The table below summarizes the amounts of our ceded premiums written under the various types of agreements, as well as the amortization of prepaid reinsurance premiums:

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2018	2017	2018	2017
Quota share	\$(24,852 )	\$(24,768 )	\$(72,824 )	\$(71,549 )
Excess-of-loss	(28,450 )	(3,538 )	(392,541 )	(329,224 )
Equipment & identity theft	(2,375 )	(2,606 )	(7,126 )	(7,275 )
Flood	(5,897 )	(5,559 )	(15,136 )	(14,319 )
Ceded premiums written	\$(61,574 )	\$(36,471 )	\$(487,627 )	\$(422,367 )
Increase (decrease) in ceded unearned premiums	(71,052 )	(79,036 )	122,616	130,012
Ceded premiums earned	\$(132,626 )	\$(115,507 )	\$(365,011 )	\$(292,355 )

Current year catastrophe losses disaggregated between named and numbered storms and all other catastrophe loss events are shown in the following table:

	2018				2017			
	Number of Events	Inurred Loss and LAE (1)	Combined Ratio	Impact	Number of Events	Inurred Loss and LAE (1)	Combined Ratio	Impact
Three Months Ended September 30,								
Current period catastrophe losses incurred								
Named and numbered storms	3	\$25,019	14.6 %		4	\$83,460	54.7 %	
All other catastrophe loss events	6	9,574	5.6 %		15	(845 )	(0.6 )%	
Total	9	\$34,593	20.2 %		19	\$82,615	54.1 %	
Nine Months Ended September 30,								
Current period catastrophe losses incurred								
Named and numbered storms	4	\$26,233	5.2 %		4	\$83,724	20.0 %	
All other catastrophe loss events	22	32,017	6.3 %		15	31,301	7.5 %	
Total	26	\$58,250	11.5 %		19	\$115,025	27.5 %	

(1) Incurred loss and LAE (as defined below) is equal to losses and LAE paid plus the change in case and incurred but not reported reserves. Shown net of losses ceded to reinsurers. Incurred loss and LAE and number of events includes the development on storms during the year in which it occurred.

We collected cash recoveries under our reinsurance agreements totaling \$66,278,000 and \$20,419,000 for the three-month periods ended September 30, 2018 and 2017, respectively, and \$340,316,000 and \$40,984,000 for the nine-month periods ended September 30, 2018 and 2017, respectively.

We write flood insurance under an agreement with the National Flood Insurance Program. We cede 100% of the premiums written and the related risk of loss to the federal government. We earn commissions for the issuance of flood policies based upon a fixed percentage of net written premiums and the processing of flood claims based upon a fixed percentage of incurred losses, and we can earn additional commissions by meeting certain growth targets for the number of in-force policies. We recognized commission revenue from our flood program of \$408,000 and \$308,000 for the three-month periods ended September 30, 2018 and 2017, respectively, and \$1,194,000 and \$905,000 for the nine-month periods ended September 30, 2018 and 2017, respectively.

## UNITED INSURANCE HOLDINGS CORP.

## Notes to Unaudited Condensed Consolidated Financial Statements

September 30, 2018

## 9) LIABILITY FOR UNPAID LOSSES AND LOSS ADJUSTMENT EXPENSE (LAE)

We determine the reserve for unpaid losses on an individual case basis for all incidents reported. The liability also includes amounts for incurred but not reported (IBNR) claims as of the balance sheet date.

The table below shows the analysis of our reserve for unpaid losses for the nine months ended September 30, 2018 and 2017 on a GAAP basis:

	September 30,	
	2018	2017
Balance at January 1	\$482,232	\$140,855
Less: reinsurance recoverable on unpaid losses	305,673	18,724
Net balance at January 1	\$176,559	\$122,131
Acquisition of AmCo reserves (net of reinsurance recoverables of \$19,945)	—	40,583
Incurred related to:		
Current year	290,600	296,217
Prior years	(4,207 )	(2,819 )
Total incurred	\$286,393	\$293,398
Paid related to:		
Current year	163,589	160,952
Prior years	102,750	84,497
Total paid	\$266,339	\$245,449
Net balance at September 30	\$196,613	\$210,663
Plus: reinsurance recoverable on unpaid losses	332,229	471,498
Balance at September 30	\$528,842	\$682,161
Composition of reserve for unpaid losses and LAE:		
Case reserves	\$259,678	\$289,938
IBNR reserves	269,164	392,223
Balance at September 30	\$528,842	\$682,161

Based upon our internal analysis and our review of the statement of actuarial opinion provided by our actuarial consultants, we believe that the reserve for unpaid losses reasonably represents the amount necessary to pay all claims and related expenses which may arise from incidents that have occurred as of the balance sheet date.

As reflected by our losses incurred related to prior years, the favorable development experienced at September 30, 2018 and 2017, respectively, was primarily the result of the incurrence of fewer losses than expected, as compared to those same periods in the 2017 and 2016 accident years, respectively.

## 10) LONG-TERM DEBT

## Long-Term Debt

The table below presents all long-term debt outstanding as of September 30, 2018 and December 31, 2017:

UNITED INSURANCE HOLDINGS CORP.  
Notes to Unaudited Condensed Consolidated Financial Statements  
September 30, 2018

	Maturity	Effective Interest Rate	Carrying Value at	
			September 30, 2018	December 31, 2017
\$150M Senior Notes Payable	December 15, 2027	6.25%	\$150,000	\$ 150,000
Florida State Board of Administration Note Payable	July 1, 2026	2.84%	9,412	10,000
BB&T Term Note Payable	May 26, 2031	3.75%	4,391	4,651
Total long-term debt			\$163,803	\$ 164,651

#### \$150M Senior Notes Payable

On December 13, 2017, we issued \$150,000,000 of senior notes (the \$150M senior notes) that will mature in 10 years and bear interest at a rate equal to 6.25% per annum payable semi-annually on each June 15 and December 15, commencing June 15, 2018. The \$150M senior notes are senior unsecured obligations of the Company. We may redeem the \$150M senior notes at our option, at any time and from time to time in whole or in part, at a redemption price equal to the greater of (i) 100% of the principal amount of the notes to be redeemed and (ii) the sum of the present values of the remaining scheduled payments of principal and interest thereon from the date of redemption to September 15, 2027. On or after that date, we may redeem the \$150M senior notes at par.

#### Florida State Board of Administration Note Payable

On September 22, 2006, we issued a \$20,000,000, 20-year note payable to the Florida State Board of Administration (the SBA note). For the first three years of the SBA note we were required to pay interest only. On October 1, 2009, we began to repay the principal in addition to interest. The note bears an annual interest rate equivalent to the 10-year U.S. Treasury Bond rate. The rate will be adjusted quarterly for the term of the SBA note based on the 10-year Constant Maturity Treasury rate.

#### BB&T Term Note Payable

On May 26, 2016, we issued a \$5,200,000, 15-year term note payable to BB&T (the BB&T note) with the intent to use the funds to purchase, renovate, furnish and equip our home office. The note bears interest at 1.65% in excess of the one-month LIBOR. In the event of default, BB&T may, among other things, declare its loan immediately due and payable, require us to pledge additional collateral to the bank, and take possession of and foreclose upon our home office, which has been pledged to the bank as security for the loan.

#### Financial Covenants

The \$150M senior notes, SBA note and BB&T note contain representations and warranties, conditions and covenants. If these requirements are not met, all amounts outstanding or otherwise owed could become due and payable immediately and other limitations could be placed on our ability to use any available borrowing capacity. At September 30, 2018, we were in compliance with all covenants as specified in the \$150M senior notes, SBA note and BB&T note. Refer to [Part I, Item 2](#) for additional information regarding our financial covenants.

#### Debt Issuance Costs

The table below presents the rollforward of our debt issuance costs paid, in conjunction with the debt instruments described above, during the nine months ended September 30, 2018 and 2017:

Edgar Filing: UNITED INSURANCE HOLDINGS CORP. - Form 10-Q

	2018	2017
Balance at January 1,	\$3,287	\$549
Additions	63	—
Amortization	(255 )	(86 )
Balance at September 30,	\$3,095	\$463

UNITED INSURANCE HOLDINGS CORP.

Notes to Unaudited Condensed Consolidated Financial Statements

September 30, 2018

11) COMMITMENTS AND CONTINGENCIES

We are involved in claims-related legal actions arising in the ordinary course of business. We accrue amounts resulting from claims-related legal actions in unpaid losses and LAE during the period that we determine an unfavorable outcome becomes probable and we can estimate the amounts. Management makes revisions to our estimates based on its analysis of subsequent information that we receive regarding various factors, including: (i) per claim information; (ii) company and industry historical loss experience; (iii) judicial decisions and legal developments in the awarding of damages, and (iv) trends in general economic conditions, including the effects of inflation.

At September 30, 2018, we were not involved in any material non-claims-related legal actions.

See Note 10 of these Notes to Unaudited Condensed Consolidated Financial Statements for information regarding commitments related to long-term debt, and Note 12 of these Notes to Unaudited Condensed Consolidated Financial Statements for information regarding commitments related to regulatory actions.

12) STATUTORY ACCOUNTING AND REGULATION

The insurance industry is heavily regulated. State laws and regulations, as well as national regulatory agency requirements, govern the operations of all insurers such as our insurance subsidiaries. The various laws and regulations require that insurers maintain minimum amounts of statutory surplus and risk-based capital, restrict insurers' ability to pay dividends, specify allowable investment types and investment mixes, and subject insurers to assessments. Our insurance subsidiaries, UPC, ACIC and JIC are domiciled in Florida, while FSIC and IIC are domiciled in Hawaii and New York, respectively. At September 30, 2018, and during the three and nine months then ended, our insurance subsidiaries met all regulatory requirements of the states in which they operate. In March 2018, we received a recoupable assessment for \$570,000 from the Texas Fair Plan Association.

In September 2018, we received an assessment for \$894,000 from North Carolina Joint Underwriting Association. We did not receive any additional significant assessments from regulatory authorities in the states in which our insurance subsidiaries operate.

The National Association of Insurance Commissioners (NAIC) has Risk-Based Capital (RBC) guidelines for insurance companies that are designed to assess capital adequacy and to raise the level of protection that statutory surplus provides for policyholders. Most states, including Florida, Hawaii and New York, have enacted statutory requirements adopting the NAIC RBC guidelines, and insurers having less statutory surplus than required will be subject to varying degrees of regulatory action, depending on the level of capital inadequacy. State insurance regulatory authorities could require an insurer to cease operations in the event the insurer fails to maintain the required statutory capital.

The state laws of Florida, Hawaii and New York permit an insurer to pay dividends or make distributions out of that part of statutory surplus derived from net operating profit and net realized capital gains. The state laws further provide calculations to determine the amount of dividends or distributions that can be made without the prior approval of the insurance regulatory authorities in those states and the amount of dividends or distributions that would require prior approval of the insurance regulatory authorities in those states. Statutory RBC requirements may further restrict our insurance subsidiaries' ability to pay dividends or make distributions if the amount of the intended dividend or distribution would cause statutory surplus to fall below minimum RBC requirements.

The SBA note is considered a surplus note pursuant to statutory accounting principles. As a result, UPC is subject to the authority of the Insurance Commissioner of the State of Florida with regard to its ability to repay principal and

interest on the SBA note. Any payment of principal or interest requires permission from the insurance regulatory authority.

We have reported our insurance subsidiaries' assets, liabilities and results of operations in accordance with GAAP, which varies from statutory accounting principles prescribed or permitted by state laws and regulations, as well as by general industry practices. The following items are principal differences between statutory accounting and GAAP:

• Statutory accounting requires that we exclude certain assets, called non-admitted assets, from the balance sheet.

- Statutory accounting requires us to expense policy acquisition costs when incurred, while GAAP allows us to defer to the extent realizable, and amortize policy acquisition costs over the estimated life of the policies.

• Statutory accounting requires that surplus notes, also known as surplus debentures, be recorded in statutory surplus, while GAAP requires us to record surplus notes as a liability.

UNITED INSURANCE HOLDINGS CORP.

Notes to Unaudited Condensed Consolidated Financial Statements

September 30, 2018

Statutory accounting allows certain investments to be carried at amortized cost or fair value based on the rating received from the Securities Valuation Office of the NAIC, while they are recorded at fair value for GAAP because the investments are held as available for sale.

Statutory accounting allows ceding commission income to be recognized when written if the cost of acquiring and renewing the associated business exceeds the ceding commissions, but under GAAP such income is deferred and recognized over the coverage period.

Statutory accounting requires that unearned premiums and loss reserves are presented net of related reinsurance rather than on a gross basis under GAAP.

Statutory accounting requires that a provision for reinsurance liability be established for reinsurance recoverable on paid losses aged over 90 days and for unsecured amounts recoverable from unauthorized reinsurers. Under GAAP there is no charge for uncollateralized amounts ceded to a company not licensed in the insurance subsidiary's domiciliary state and a reserve for uncollectable reinsurance is charged through earnings rather than surplus or equity.

Statutory accounting requires an additional admissibility test and the change in deferred income tax is reported directly in capital and surplus, rather than being reported as a component of income tax expense under GAAP.

Our insurance subsidiaries must each file with the various insurance regulatory authorities an "Annual Statement" which reports, among other items, statutory net income (loss) and surplus as regards policyholders, which is called stockholders' equity under GAAP. For the three and nine months ended September 30, 2018, our combined recorded statutory net loss was \$13,134,000 and net income was \$8,342,000, respectively. For the three and nine months ended September 30, 2017, our combined recorded statutory net loss was \$24,828,000 and \$20,238,000, respectively.

Our insurance subsidiaries must maintain capital and surplus ratios or balances as determined by the regulatory authority of the states in which they are domiciled. At September 30, 2018, we have met these requirements. The amount of surplus as regards policyholders for our regulated entities at September 30, 2018 and December 31, 2017, was \$483,828,000 and \$389,384,000, respectively.

### 13) RELATED PARTY TRANSACTIONS

#### Groelle & Salmon, PA

One of our former executive officers who acted as an executive officer during the period covered by this Form 10-Q, Ms. Salmon, is a former partner at the law firm of Groelle & Salmon, PA, where her spouse remains partner and co-owner. Groelle & Salmon, PA provides legal representation to us related to our claims litigation, and also provided representation to us for several years prior to Ms. Salmon joining UPC Insurance in 2014. During the three months ended September 30, 2018 and 2017, Groelle & Salmon, PA billed us approximately \$982,000 and \$871,000, respectively. During the nine months ended September 30, 2018 and 2017, Groelle & Salmon, PA billed us approximately \$2,407,000 and \$2,513,000, respectively. Ms. Salmon's spouse has a 50% interest in these billings, or approximately \$491,000 and \$436,000, for the three months ended September 30, 2018 and 2017, respectively, and approximately \$1,204,000 and \$1,257,000, for the nine months ended September 30, 2018 and 2017, respectively. Effective September 7, 2018, Ms. Salmon stepped down from her role at UPC Insurance.

#### AmRisc, LLC

AmRisc, a managing general agent, handles the underwriting, claims processing, premium collection and reinsurance review for AmCo. R. Daniel Peed, Vice Chairman of our Board of Directors (Board), beneficially owns approximately 7.7% of AmRisc and is also the Chief Executive Officer of AmRisc.

In accordance with the managing general agent underwriting contract with AmRisc, we recorded \$55,476,000 and \$277,239,000 of gross written premiums for the three and nine-month periods ended September 30, 2018, respectively, and \$41,311,000 for the three-month period ended September 30, 2017, resulting in fees and commission (including a profit commission) of \$18,162,000 and \$75,012,000, for the three and nine-month periods ended September 30, 2018, respectively,

## UNITED INSURANCE HOLDINGS CORP.

## Notes to Unaudited Condensed Consolidated Financial Statements

September 30, 2018

and \$12,011,000 for the three-month period ended September 30, 2017, due to AmRisc. Receivables are stated net of the fees and commission due under the contract.

In addition to the direct premiums written, we recorded \$750,000 and \$4,116,000 in ceded premiums to AmRisc as a reinsurance intermediary for the three and nine-month periods ended September 30, 2018, respectively, and \$640,000 for the three-month period ended September 30, 2017. We also incurred \$5,000 and \$14,000, respectively, during the three and nine-month periods ended September 30, 2018, respectively, and \$4,000 for the three-month period ended September 30, 2017, for rent under a sublease agreement with AmRisc.

Net premiums receivable (net of commissions) of \$28,244,000 were due from AmRisc as of September 30, 2018. These premiums were paid by AmRisc to our premium trust account by wire transfer within 15 days of collection pursuant to the underwriting contract with AmRisc.

## 14) ACCUMULATED OTHER COMPREHENSIVE INCOME

We report changes in other comprehensive income items within comprehensive income on the Unaudited Condensed Consolidated Statements of Comprehensive Income, and we include accumulated other comprehensive income as a component of stockholders' equity on our Unaudited Condensed Consolidated Balance Sheets.

The table below details the components of accumulated other comprehensive income at period end:

	Pre-Tax Amount	Tax (Expense) Benefit	Net-of-Tax Amount
December 31, 2017	\$12,044	\$(2,823 )	\$9,221
Reclassification adjustment for adoption of ASU 2016-01 <sup>(1)</sup>	(12,300 )	2,962	(9,338 )
Adjusted balance at January 1, 2018	(256 )	139	(117 )
Changes in net unrealized gains on investments	(18,407 )	4,316	(14,091 )
Reclassification adjustment for realized gains	674	(168 )	506
September 30, 2018	\$(17,989)	\$4,287	\$(13,702 )

<sup>(1)</sup> Reflects the fair value changes on equity securities as of December 31, 2017, which are reclassified under the new accounting guidance. Refer to Note 2 in these Notes to Unaudited Condensed Consolidated Financial Statements for further information.

## 15) STOCKHOLDERS' EQUITY

Our Board declared dividends on our outstanding shares of common stock to stockholders of record as follows for the periods presented (in thousands except per share amounts):

	Nine Months Ended September 30,			
	2018		2017	
	Per Share Amount	Aggregate Amount	Per Share Amount	Aggregate Amount
First Quarter	\$0.06	\$ 2,565	\$0.06	\$ 1,301
Second Quarter	\$0.06	\$ 2,565	\$0.06	\$ 2,561
Third Quarter	\$0.06	\$ 2,569	\$0.06	\$ 2,564

See Note 16 in these Notes to Unaudited Condensed Consolidated Financial Statements for information regarding stock-based compensation activity.

#### 16) STOCK-BASED COMPENSATION

We account for stock-based compensation under the fair value recognition provisions of ASC Topic 718 - Compensation - Stock Compensation. We recognize stock-based compensation cost over the award's requisite service period on a straight-line

28

---

UNITED INSURANCE HOLDINGS CORP.  
Notes to Unaudited Condensed Consolidated Financial Statements  
September 30, 2018

basis for time-based restricted stock grants and performance-based restricted stock grants. We record forfeitures as they occur for all stock-based compensation.

The following table presents our total stock-based compensation expense:

	Three Months Ended September 30, 2018		Nine months ended September 30, 2017	
Employee stock-based compensation expense				
Pre-tax	\$248	\$393	\$736	\$1,179
Post-tax <sup>(1)</sup>	196	310	581	931
Director stock-based compensation expense				
Pre-tax	379	244	940	752
Post-tax <sup>(1)</sup>	299	193	743	594

<sup>(1)</sup> The after tax amounts are determined using the 21% corporate federal tax rate.

We had approximately \$2,636,000 of unrecognized stock compensation expense at September 30, 2018 related to non-vested stock-based compensation granted, which we expect to recognize over a weighted-average period of approximately 2.64 years. We had approximately \$906,000 of unrecognized director stock-based compensation expense at September 30, 2018 related to non-vested director stock-based compensation granted, which we expect to recognize over a weighted-average period of approximately 0.6 years.

#### Restricted stock, restricted stock units and performance stock units

Stock-based compensation cost for restricted stock awards, restricted stock units and performance stock units is measured based on the closing fair market value of our common stock on the date of grant which vest in equal installments over the requisite service period of typically three years. Restricted stock awards granted to non-employee directors vest over a one-year period. Each restricted stock unit and performance stock unit represents our obligation to deliver to the holder one share of common stock upon vesting.

Performance-based restricted stock grants vest based on return on average equity compared to a defined group of peer companies. On the grant date, we issue the target number of performance stock units. They are subject to forfeitures if performance goals are not met. The actual number of performance stock units earned can vary from zero to 150 percent of the target for the 2018 awards.

We granted 88,392 and 174,602 shares of restricted common stock during the three and nine-month periods ended September 30, 2018, respectively, which had a weighted-average grant date fair value of \$20.44 and \$20.07 per share, respectively. We granted zero shares of restricted common stock during the three-month period ended September 30, 2017. We granted 155,122 shares of restricted common stock during the nine-month period ended September 30, 2017, which had a weighted-average grant date fair value of \$15.57 per share.

The following table presents certain information related to the activity of our non-vested common stock grants:

	Number of Restricted Shares	Weighted Average Grant Date Fair Value
Outstanding as of December 31, 2017	212,094	\$ 16.44
Granted	174,602	20.07
Less: Forfeited	17,077	18.07
Less: Vested	139,183	16.38
Outstanding as of September 30, 2018	230,436	\$ 19.11

UNITED INSURANCE HOLDINGS CORP.  
Notes to Unaudited Condensed Consolidated Financial Statements  
September 30, 2018

Stock options

Stock option fair value was estimated on the grant date using the Black-Scholes-Merton formula. Stock options vest in equal installments over the requisite service period of typically three years. The following weighted-average assumptions were used to value the stock options granted:

	2018	
Expected annual dividend yield	1.17	%
Expected volatility	41.31	%
Risk-free interest rate	2.98	%
Expected term	6	years

Expected annual dividend yield is based on the current quarterly dividend of \$0.06 per share and the stock price on the grant date. The expected volatility is a historical volatility calculated based on the daily closing prices over a period equal to the expected term. The risk-free interest rate is based on the U.S. Treasury yield curve in effect at the grant date. Expected term takes into account the three-year graded vesting term and the 10-year contractual term of the option.

The following table presents certain information related to the activity of our non-vested stock option grants:

	Number of Stock Options	Weighted Average Grant Date Fair Value	Weighted Average Exercise Prices
Outstanding as of December 31, 2017	—	\$ —	\$ —
Granted	29,464	8.01	20.44
Less: Forfeited	—	—	—
Less: Vested	—	—	—
Outstanding as of September 30, 2018	29,464	\$ 8.01	\$ 20.44
Exercisable as of September 30, 2018	—	\$ —	\$ —

17) SUBSEQUENT EVENTS

On October 5, 2018, the Company made a capital contribution of \$25,000,000 to FSIC.

On October 8, 2018 Hurricane Michael made landfall in the Florida panhandle as a Category 4 storm. Our preliminary estimate of pre-tax retained losses is between \$25,000,000 and \$35,000,000, net of reinsurance recoverable, for this event.

On November 6, 2018, our Board declared a \$0.06 per share quarterly cash dividend payable on November 27, 2018, to stockholders of record on November 20, 2018.

On November 6, 2018 ACIC and IIC paid dividends of \$50,000,000 and \$1,764,000, respectively, to the Company.

UNITED INSURANCE HOLDINGS CORP.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our Unaudited Condensed Consolidated Financial Statements and related notes appearing elsewhere in this Form 10-Q, as well as with the Consolidated Financial Statements and related footnotes under Part II, Item 8 of our Annual Report on Form 10-K for the year ended December 31, 2017. This discussion and analysis contains forward-looking statements that involve risks, uncertainties and assumptions. Actual results may differ materially from those expressed or implied in these forward-looking statements as a result of certain known and unknown risks and uncertainties. See "Forward-Looking Statements."

EXECUTIVE SUMMARY

Overview

United Insurance Holding Corp. (referred to in this document as we, our, us, the Company or UPC Insurance) is a holding company primarily engaged in residential and commercial property and casualty insurance in the United States. We conduct our business principally through four wholly-owned insurance subsidiaries and one majority-owned subsidiary: United Property & Casualty Insurance Company (UPC); American Coastal Insurance Company (ACIC); Family Security Insurance Company (FSIC); Interboro Insurance Company (IIC); and Journey Insurance Company (JIC). Collectively, we refer to the holding company and all our subsidiaries, including non-insurance subsidiaries, as "UPC Insurance," which is the preferred brand identification for our Company.

Our Company's primary source of revenue is generated from writing insurance in Connecticut, Florida, Georgia, Hawaii, Louisiana, Massachusetts, New Jersey, New York, North Carolina, Rhode Island, South Carolina and Texas. We are also licensed to write property and casualty insurance in an additional six states; however, we have not commenced writing in these states. Our target market in such areas consists of states where the perceived threat of natural catastrophe has caused large national insurance carriers to reduce their concentration of policies. We believe an opportunity exists for UPC Insurance to write profitable business in such areas.

We have historically grown our business through strong organic growth complemented by strategic acquisitions and partnerships, including our acquisitions of AmCo Holding Company (AmCo) and its subsidiaries, including ACIC, in April 2017, IIC in April 2016, and Family Security Holdings, LLC (FSH), including its subsidiary FSIC in February 2015, and our strategic partnership with a subsidiary of Tokio Marine Kiln Group Limited, which formed JIC in August 2018. As a result of these transactions, along with the organic growth of premium in states in which we currently write premium, we have grown our policies in-force by 11.3% from 511,471 policies in-force at September 30, 2017 to 569,444 policies in-force at September 30, 2018.

Our business is subject to the impact of weather-related catastrophes on our loss and loss adjustment expense (LAE). During the third quarter of 2017, Hurricane Harvey made landfall in Texas and Hurricane Irma made landfall in Florida. In 2017, we retained \$83,000,000 of pre-tax catastrophe losses, net of reinsurance recoverable as a result of hurricanes. During the nine months ended September 30, 2018, we increased our loss and LAE reserve as a result of development trends from Hurricane Irma that indicated our ultimate gross loss estimate should be increased. There was no net change or impact to our third quarter 2018 results as a result of this reserve re-estimation as it was 100% ceded under our catastrophe reinsurance program. During the third quarter of 2018, Hurricane Florence made landfall in North Carolina. We estimate retention of \$35,000,000 of pre-tax catastrophe losses, net of reinsurance recoverable, as a result of the storm.

The following discussion highlights significant factors influencing the consolidated financial position and results of operations of UPC Insurance. In evaluating our results of operations, we use premiums written and earned, policies in-force and new and renewal policies by geographic concentration. We also consider the impact of catastrophe losses and prior year development on our loss ratios, expense ratios and combined ratios. In monitoring our investments, we use credit quality, investment income, cash flows, realized gains and losses, unrealized gains and losses, asset diversification and portfolio duration. To evaluate our financial condition, we consider our liquidity, financial strength, ratings, book value per share and return on equity.

Earnings available to UIHC common shareholders per diluted share	\$(0.27 )	\$(0.66 )	\$0.27	\$(0.47 )	
Book value per share			\$12.33	\$11.73	
Return on equity based on trailing twelve months			4.2	% 3.5	%
GAAP net income					
Loss ratio, net <sup>(1)</sup>	70.4	% 93.9	% 56.4	% 70.0	%
Expense ratio <sup>(2)</sup>	47.0	% 47.7	% 46.1	% 48.4	%
Combined ratio (CR) <sup>(3)</sup>	117.4	% 141.6	% 102.5	% 118.4	%
Effect of current year catastrophe losses on CR	20.2	% 54.2	% 11.5	% 27.4	%
Effect of prior year development on CR	(1.6 )	% (0.7 )	% (0.8 )	% (0.7 )	%
Effect of ceding commission income on CR <sup>(4)</sup>	—	% 6.6	% —	% 7.2	%
Underlying combined ratio <sup>(5)</sup>	98.8	% 81.5	% 91.8	% 84.5	%

<sup>(1)</sup> Loss ratio, net is calculated as losses and LAE, net of losses ceded to reinsurers, relative to net premiums earned. We use this operating metric to analyze our loss trends.

<sup>(2)</sup> Expense ratio is calculated as the sum of all operating expenses less interest expense relative to net premiums earned. We use this operating metric to analyze our expense trends.

<sup>(3)</sup> Combined ratio is the sum of the loss ratio, net and the expense ratio, net.

<sup>(4)</sup> For the nine months ended September 30, 2018, we presented \$31,665,000 of ceding commissions earned as a \$7,202,000 decrease to ceded earned premium and a \$24,463,000 decrease in policy acquisition costs, which reduced

other revenue and removed the distortive impact to our underlying combined ratio. For the three months ended September 30, 2018, we presented \$10,992,000 of ceding commissions earned as a \$2,704,000 decrease to ceded earned premium and an \$8,288,000 decrease in policy acquisition costs.

<sup>(5)</sup> Underlying combined ratio, a measure that is not based on GAAP, is reconciled above to the combined ratio, the most directly comparable GAAP measure. Additional information regarding non-GAAP financial measures presented in this Form 10-Q is in "Definitions of Non-GAAP Measures" below.

33

---

UNITED INSURANCE HOLDINGS CORP.

---

#### Definitions of Non-GAAP Measures

We believe that investors' understanding of UPC Insurance's performance is enhanced by our disclosure of the following non-GAAP measures. Our methods for calculating these measures may differ from those used by other companies and therefore comparability may be limited.

Combined ratio excluding the effects of current year catastrophe losses, prior year reserve development and ceding commission income earned (underlying combined ratio) is a non-GAAP ratio, which is computed by subtracting the effect of current year catastrophe losses, prior year development, and ceding commission income earned related to our quota share reinsurance agreement from the combined ratio. We believe that this ratio is useful to investors and it is used by management to reveal the trends in our business that may be obscured by current year catastrophe losses, losses from lines in run-off, prior year development, and ceding commission income earned. Current year catastrophe losses cause our loss trends to vary significantly between periods as a result of their incidence of occurrence and magnitude, and can have a significant impact on the combined ratio. Prior year development is caused by unexpected loss development on historical reserves. Ceding commission income compensates the Company for expenses it incurs in generating the premium ceded under our quota share reinsurance agreement. We believe it is useful for investors to evaluate these components separately and in the aggregate when reviewing our performance. The most direct comparable GAAP measure is the combined ratio. The underlying combined ratio should not be considered as a substitute for the combined ratio and does not reflect the overall profitability of our business.

Net loss and LAE excluding the effects of current year catastrophe losses and prior year reserve development (underlying loss and LAE) is a non-GAAP measure which is computed by subtracting the effect of current year catastrophe losses and prior year reserve development from net loss and LAE. We use underlying loss and LAE figures to analyze our loss trends that may be impacted by current year catastrophe losses and prior year development on our reserves. As discussed previously, these two items can have a significant impact on our loss trends in a given period. We believe it is useful for investors to evaluate these components separately and in the aggregate when reviewing the Company's performance. The most direct comparable GAAP measure is net loss and LAE. The underlying loss and LAE measure should not be considered a substitute for net loss and LAE and does not reflect the overall profitability of our business.

Operating expenses excluding the effects of ceding commission income earned, merger expenses, and amortization of intangible assets (underlying expense) is a non-GAAP measure which is computed by subtracting ceding income earned related to our quota share reinsurance agreement, merger expenses and amortization of intangibles. Ceding commission income compensates the Company for expenses it incurs in generating the premium ceded under our quota share reinsurance agreement. Merger expenses are directly related to past mergers and are not reflective of current period operating performance. Similarly, amortization expense is related to the amortization of intangible assets acquired through mergers and therefore the expense does not arise through normal operations. We believe it is useful for investors to evaluate these components separately and in the aggregate when reviewing our performance. The most direct comparable GAAP measure is operating expenses. The underlying expense measure should not be considered a substitute for the expense ratio and does not reflect the overall profitability of our business.

Net income excluding the effects of non-cash amortization of intangible assets, realized gains (losses) and unrealized gains (losses) on equity securities, net of tax (core income) is a non-GAAP measure which is computed by adding amortization, net of tax, to net income and subtracting realized gains (losses) on our investment portfolio, net of tax, and unrealized gains (losses) on our equity securities, net of tax, from net income. Amortization expense is related to the amortization of intangible assets acquired through mergers and therefore the expense does not arise through

normal operations. Investment portfolio gains (losses) and unrealized equity security gains (losses) vary independent of our operations. We believe it is useful for investors to evaluate these components separately and in the aggregate when reviewing our performance. The most direct comparable GAAP measure is net income. The core income measure should not be considered a substitute for net income and does not reflect the overall profitability of our business.

#### CRITICAL ACCOUNTING POLICIES AND ESTIMATES

When we prepare our consolidated financial statements and accompanying notes in conformity with GAAP, we must make estimates and assumptions about future events that affect the amounts we report. Certain of these estimates result from judgments that can be subjective and complex. As a result of that subjectivity and complexity, and because we continuously evaluate these estimates and assumptions based on a variety of factors, actual results could materially differ from our estimates and assumptions if changes in one or more factors require us to make accounting adjustments. During the three and nine months

UNITED INSURANCE HOLDINGS CORP.

---

ended September 30, 2018, we reassessed our critical accounting policies and estimates as disclosed in Note 1 to the Notes to Unaudited Condensed Consolidated Financial Statements and our Annual Report on Form 10-K for the year ended December 31, 2017; however, we have made no material changes or additions with regard to those policies and estimates, except for those standards adopted in 2018 as described in Note 2 in the Notes to Unaudited Condensed Consolidated Financial Statements.

RECENT ACCOUNTING STANDARDS

Please refer to Note 2 in the Notes to Unaudited Condensed Consolidated Financial Statements for a discussion of recent accounting standards that may affect us.

## UNITED INSURANCE HOLDINGS CORP.

## ANALYSIS OF FINANCIAL CONDITION - SEPTEMBER 30, 2018 COMPARED TO DECEMBER 31, 2017

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our accompanying unaudited condensed consolidated interim financial statements and related notes, and in conjunction with the section entitled "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report on Form 10-K for the year ended December 31, 2017.

## Investments

The primary goals of our investment strategy are to preserve capital, maximize after-tax investment income, maintain liquidity and minimize risk. To accomplish our goals, we purchase debt securities in sectors that represent the most attractive relative value, and we maintain a moderate equity exposure. Limiting equity exposure limits risk and helps to preserve capital for two reasons: first, bond market returns are less volatile than stock market returns, and second, should the bond issuer enter bankruptcy liquidation, bondholders generally have a higher priority than equityholders in a bankruptcy proceeding.

We must comply with applicable state insurance regulations that prescribe the type, quality and concentrations of investments our insurance subsidiaries can make; therefore, our current investment policy limits investment in non-investment-grade fixed maturities and limits total investment amounts in preferred stock, common stock and mortgage notes receivable. We do not invest in derivative securities.

Two outside asset management companies, which have authority and discretion to buy and sell securities for us, manage our investments subject to (i) the guidelines established by our Board of Directors and (ii) the direction of management. The Investment Committee of our Board of Directors reviews and approves our investment policy on a regular basis.

Our cash, cash equivalents and investment portfolio totaled \$1,243,893,000 at September 30, 2018, compared to \$1,130,806,000 at December 31, 2017.

The following table summarizes our investments, by type:

	September 30, 2018		December 31, 2017	
	Estimated Fair Value	Percent of Total	Estimated Fair Value	Percent of Total
U.S. government and agency securities	\$102,729	8.3 %	\$92,626	8.2 %
Foreign government	2,966	0.2 %	2,036	0.2 %
States, municipalities and political subdivisions	151,866	12.2 %	201,512	17.8 %
Public utilities	24,142	1.9 %	20,257	1.8 %
Corporate securities	289,596	23.2 %	287,562	25.4 %
Mortgage-backed securities	204,990	16.5 %	143,265	12.7 %
Asset-backed securities	58,898	4.7 %	14,905	1.3 %
Redeemable preferred stocks	1,203	0.1 %	692	0.1 %
Total fixed maturities	836,390	67.1 %	762,855	67.5 %
Mutual funds	51,095	4.1 %	31,924	2.8 %
Public utilities	2,357	0.2 %	1,702	0.2 %
Other common stocks	37,568	3.0 %	27,902	2.5 %
Non-redeemable preferred stocks	2,072	0.2 %	1,767	0.2 %
Total equity securities	93,092	7.5 %	63,295	5.7 %
Other long-term investments	8,330	0.7 %	8,381	0.7 %

Edgar Filing: UNITED INSURANCE HOLDINGS CORP. - Form 10-Q

Portfolio loans	—	—	% 20,000	1.8	%
Total investments	937,812	75.3	% 854,531	75.7	%
Cash and cash equivalents	240,950	19.5	% 229,556	20.2	%

Total cash, cash equivalents, restricted cash and investments	\$1,243,893	100.0%	\$1,130,806	100.0%	

We classify all of our fixed maturity investments as available-for-sale. Our investments at September 30, 2018 and December 31, 2017 consisted mainly of U.S. government and agency securities, states, municipalities and political subdivisions

UNITED INSURANCE HOLDINGS CORP.

---

and securities of investment-grade corporate issuers. Our equity holdings consisted mainly of securities issued by companies in the energy, consumer products, financial, technology and industrial sectors. Most of the corporate bonds we hold reflected a similar diversification. At September 30, 2018, approximately 87.7% of our fixed maturities were U.S. Treasuries or corporate bonds rated "A" or better, and 12.3% were corporate bonds rated "BBB" or "BB".

#### Reinsurance

We follow industry practice of reinsuring a portion of our risks. Reinsurance involves transferring, or "ceding", all or a portion of the risk exposure on policies we write to another insurer, known as a reinsurer. To the extent that our reinsurers are unable to meet the obligations they assume under our reinsurance agreements, we remain primarily liable for the entire insured loss under the policies we write.

During the second quarter of 2018, we placed our reinsurance program for the 2018 hurricane season. We purchased catastrophe excess of loss reinsurance protection of \$3,100,000,000. The contracts reinsure for personal and commercial lines property excess catastrophe losses caused by multiple perils including hurricanes, tropical storms and tornadoes. The agreements are effective as of June 1, 2018, for a one-year term, and incorporate the mandatory coverage required by and placed with the Florida Hurricane Catastrophe Fund.

Effective January 1, 2018, we placed a new aggregate excess of loss treaty to provide \$20,000,000 of coverage against accumulated losses from specified catastrophe events in excess of 4.75% of cumulative subject gross premiums earned during each calendar quarter, for a term of 12 months.

Effective December 31, 2017, we replaced our 15% quota share agreement that expired on November 30, 2017 and our 5% quota share agreement that was set to renew on December 1, 2017 with a new quota share reinsurance agreement with a term of 12 months and a cession rate of 20% for all subject business.

Excluding our business for which we cede 100% of the risk of loss, reinsurance costs in the third quarter of 2018 were 42.0% of our gross premiums earned, compared to 41.3% of gross premiums earned for the third quarter of 2017. The increase in this ratio was driven primarily by the increased coverage purchased for our 2018-19 combined catastrophe reinsurance program.

See [Note 8](#) in our Notes to Unaudited Condensed Consolidated Financial Statements for additional information regarding our reinsurance program.

#### Unpaid Losses and Loss Adjustments

We generally use the term "loss(es)" to collectively refer to both loss and LAE. We establish reserves for both reported and unreported unpaid losses that have occurred at or before the balance sheet date for amounts we estimate we will be required to pay in the future, including provisions for claims that have been reported but are unpaid at the balance sheet date and for obligations on claims that have been incurred but not reported at the balance sheet date. Our policy is to establish these loss reserves after considering all information known to us at each reporting period. At any given point in time, our loss reserve represents our best estimate of the ultimate settlement and administration costs of our insured claims incurred and unpaid.

Unpaid losses and LAE totaled \$528,842,000 and \$482,232,000 as of September 30, 2018 and December 31, 2017, respectively. The balance has increased from year end as a result of increased reserves for both weather-related and

non weather-related activity during the first nine months of 2018 compared to the same period in 2017.

Since the process of estimating loss reserves requires significant judgment due to a number of variables, such as fluctuations in inflation, judicial decisions, legislative changes and changes in claims handling procedures, our ultimate liability will likely differ from these estimates. We revise our reserve for unpaid losses as additional information becomes available, and reflect adjustments, if any, in our earnings in the periods in which we determine the adjustments as necessary.

See Note 9 in our Notes to Unaudited Condensed Consolidated Financial Statements for additional information regarding our losses and loss adjustments.

## UNITED INSURANCE HOLDINGS CORP.

## RESULTS OF OPERATIONS - COMPARISON OF THE THREE-MONTH PERIODS ENDED SEPTEMBER 30, 2018 AND 2017

Net losses attributable to UIHC for the three months ended September 30, 2018 decreased \$16,304,000, or 58.2%, to \$11,708,000 for the third quarter of 2018 from \$28,012,000 for the same period in 2017. The decrease in net loss was primarily due to the increase in gross premiums earned and the decrease in losses and LAE during the third quarter of 2018 compared to the third quarter of 2017.

## Revenue

Our gross written premiums increased \$28,716,000, or 10.7%, to \$295,935,000 for the third quarter ended September 30, 2018 from \$267,219,000 for the same period in 2017, primarily reflecting organic growth in new and renewal business generated in all regions. The breakdown of the quarter-over-quarter changes in both direct written and assumed premiums by region and gross written premium by line of business is shown in the table below.

(\$ in thousands)	Three Months Ended		
	September 30,		
	2018	2017	Change
Direct Written and Assumed Premium by Region <sup>(1)</sup>			
Florida	\$ 141,524	\$ 130,309	\$ 11,215
Gulf	58,632	58,240	392
Northeast	50,695	43,652	7,043
Southeast	27,854	25,431	2,423
Total direct written premium by region	278,705	257,632	21,073
Assumed premium <sup>(2)</sup>	17,230	9,587	7,643
Total gross written premium by region	\$ 295,935	\$ 267,219	\$ 28,716

## Gross Written Premium by Line of Business

Personal property	\$ 240,456	\$ 217,970	\$ 22,486
Commercial property	55,479	49,249	6,230
Total gross written premium by line of business	\$ 295,935	\$ 267,219	\$ 28,716

<sup>(1)</sup> "Gulf" is comprised of Hawaii, Louisiana and Texas; "Northeast" is comprised of Connecticut, Massachusetts, New Jersey, New York and Rhode Island; and "Southeast" is comprised of Georgia, North Carolina and South Carolina.

<sup>(2)</sup> Assumed premium written for 2018 and 2017 is primarily commercial property business assumed from unaffiliated insurers.

New and Renewal Policies by Region <sup>(1)</sup>	Three Months Ended		
	September 30,		
	2018	2017	Change
Florida	63,616	59,298	4,318
Gulf	35,549	37,600	(2,051 )
Northeast	37,624	32,202	5,422
Southeast	24,207	21,686	2,521
Total	160,996	150,786	10,210

<sup>(1)</sup> Only includes new and renewal homeowner, commercial and dwelling fire policies written during the quarter.

We expect our gross written premium growth to continue as we increase our policies in-force in the states in which we currently write policies and as we expand into other states in which we are currently licensed to write property and casualty insurance.

## UNITED INSURANCE HOLDINGS CORP.

## Expenses

Expenses for the three months ended September 30, 2018 decreased \$13,110,000, or 6.1%, to \$203,541,000 for the third quarter of 2018 from \$216,651,000 for the same period in 2017. The decrease in expenses was primarily due to decreased general and administrative expenses resulting from amortization costs related to the merger with AmCo that applied during the third quarter of 2017 but were fully amortized at the end of the first quarter of 2018, as well as decreased losses during the third quarter of 2018. These decreases were offset by increases in policy acquisition costs and operating costs as explained below, as well as interest expenses due to the senior notes issued in December 2017. The calculations of our loss ratios and underlying loss ratios are shown below.

	Three Months Ended September 30,		
	2018	2017	Change
Net loss and LAE	\$120,552	\$143,127	\$(22,575)
% of Gross earned premiums	39.7	% 53.4	% (13.7) pts
% of Net earned premiums	70.4	% 93.9	% (23.5) pts
Less:			
Current year catastrophe losses	\$34,593	\$82,615	\$(48,022)
Prior year reserve (favorable) development	(2,656 )	(1,029 )	(1,627 )
Underlying loss and LAE <sup>(1)</sup>	\$88,615	\$61,541	\$27,074
% of Gross earned premiums	29.2	% 23.0	% 6.2 pts
% of Net earned premiums	51.7	% 40.4	% 11.3 pts

<sup>(1)</sup> Underlying loss and LAE is a non-GAAP measure and is reconciled above to Net loss and LAE, the most directly comparable GAAP measure. Additional information regarding non-GAAP financial measures presented in this document is in the "Definitions of Non-GAAP Measures" section of this Form 10-Q.

The calculations of our expense ratio and underlying expense ratios are shown below.

	Three Months Ended September 30,		
	2018	2017	Change
Policy acquisition costs	\$54,200	\$46,546	\$7,654
Operating and underwriting	10,976	6,891	4,085
General and administrative	15,358	19,316	(3,958 )
Total Operating Expenses	\$80,534	\$72,753	\$7,781
% of Gross earned premiums	26.5	% 27.1	% (0.6) pts
% of Net earned premiums	47.0	% 47.7	% (0.7) pts
Less:			
Ceding commission income	\$—	\$10,091	(10,091 )
Underlying expense <sup>(1)</sup>	\$80,534	\$62,662	\$17,872
% of Gross earned premiums	26.5	% 23.4	% 3.1 pts
% of Net earned premiums	47.0	% 41.1	% 5.9 pts

<sup>(1)</sup> Underlying expense is a non-GAAP measure and is reconciled above to total operating expenses, the most directly comparable GAAP measure. Additional information regarding non-GAAP financial measures presented in this document in the "Definitions of Non-GAAP Measures" section of this Form 10-Q.

Loss and LAE decreased \$22,575,000, or 15.8%, to \$120,552,000 for the third quarter of 2018 from \$143,127,000 for the third quarter of 2017. Loss and LAE expense as a percentage of net earned premiums decreased 23.5 points to

70.4% for the third quarter of 2018, compared to 93.9% for the same period last year. Excluding catastrophe losses and reserve development, our gross underlying loss and LAE ratio for the third quarter of 2018 was 29.2%, a decrease of 6.2 points from 23.0% during the third quarter of 2017.

Policy acquisition costs increased \$7,654,000, or 16.4%, to \$54,200,000 for the third quarter of 2018 from \$46,546,000 for the third quarter of 2017. The primary driver of the increase in costs was the managing general agent fees related to AmCo commercial premiums, which increased by approximately \$7,200,000, along with agent commissions which increased by

## UNITED INSURANCE HOLDINGS CORP.

approximately \$2,500,000, which is generally consistent with our growth in premium production and higher average market commission rates outside of Florida.

Operating and underwriting expenses increased \$4,085,000, or 59.3%, to \$10,976,000 for the third quarter of 2018 from \$6,891,000 for the third quarter of 2017, primarily due to increased costs related to incurred expenses for software tools of approximately \$1,400,000 and agent incentive costs of approximately \$880,000, as well as assessments from North Carolina Join Underwriting Association of \$874,000.

General and administrative expenses decreased \$3,958,000, or 20.5%, to \$15,358,000 for the third quarter of 2018 from \$19,316,000 for the third quarter of 2017, primarily due to amortization costs related to the merger with AmCo during the third quarter of 2017 of approximately \$2,800,000, that were fully expensed at the end of the first quarter of 2018.

#### RESULTS OF OPERATIONS - COMPARISON OF THE NINE-MONTH PERIODS ENDED SEPTEMBER 30, 2018 AND 2017

Net earnings attributable to UIHC for the nine months ended September 30, 2018 increased \$28,217,000, or 167.4%, to net income of \$11,361,000 from a net loss of \$16,856,000 for the same period in 2017. The increase in net earnings was primarily due to increases in gross premiums earned for the nine months ended September 30, 2018 compared to the nine months ended September 30, 2017 with the inclusion of nine months of premium for AmCo in 2018 compared to six months of premium in 2017. In addition, we incurred approximately \$7,000,000 in merger expenses in 2017 that were non-recurring in 2018.

#### Revenue

Our gross written premiums increased \$171,806,000, or 21.8%, to \$960,214,000 for the nine months ended September 30, 2018 from \$788,408,000 for the same period in 2017, primarily reflecting organic growth in new and renewal business generated in all regions. The breakdown of the year-over-year changes in both direct and assumed written premiums by region and gross written premium by line of business is shown in the table below.

(\$ in thousands)	Nine Months Ended		
	September 30,		Change
	2018	2017	
Direct Written and Assumed Premium by Region <sup>(1)</sup>			
Florida	\$504,362	\$405,409	\$98,953
Gulf	162,451	155,640	6,811
Northeast	132,932	115,631	17,301
Southeast	79,174	70,711	8,463
Total direct written premium by region	878,919	747,391	131,528
Assumed premium <sup>(2)</sup>	81,295	41,017	40,278
Total gross written premium by region	\$960,214	\$788,408	\$171,806

#### Gross Written Premium by Line of Business

Personal property	\$682,991	\$617,974	\$65,017
Commercial property	277,223	170,434	106,789
Total gross written premium by line of business	\$960,214	\$788,408	\$171,806

<sup>(1)</sup> "Gulf" is comprised of Hawaii, Louisiana and Texas; "Northeast" is comprised of Connecticut, Massachusetts, New Jersey, New York and Rhode Island; and "Southeast" is comprised of Georgia, North Carolina and South Carolina.

(2) Assumed premium for 2018 and 2017 is primarily commercial property business assumed from unaffiliated insurers.

Total	464,093	421,277	42,816

<sup>(1)</sup> Only includes new and renewal homeowner, commercial and dwelling fire policies written during the year.

We expect our gross written premium growth to continue as we increase our policies in-force in the states in which we currently write policies and as we expand into other states in which we are currently licensed to write property and casualty insurance.

## Expenses

Expenses for the nine months ended September 30, 2018 increased \$28,955,000, or 5.8%, to \$527,782,000 from \$498,827,000 for the same period in 2017. The increase in expenses was primarily due to the change in presentation of ceding commission income in 2018 from other revenue to policy acquisition costs. The calculations of our loss ratios and underlying loss ratios are shown below.

	Nine Months Ended September 30,		
	2018	2017	Change
Net Loss and LAE	\$286,393	\$293,398	\$(7,005 )

UNITED INSURANCE HOLDINGS CORP.

---

(1) For the nine months ended September 30, 2018, we presented \$31,665,000 of ceding commissions earned as a \$7,202,000 decrease to ceded earned premium and a \$24,463,000 decrease in policy acquisition costs, which reduced other revenue and removed the distortive impact to our underlying expense ratio

(2) Underlying Expense is a non-GAAP measure and is reconciled above to total operating expenses, the most directly comparable GAAP measure. Additional information regarding non-GAAP financial measures presented in this document is in the "Definitions of Non-GAAP Measures" section of this Form 10-Q.

Loss and LAE decreased \$7,005,000, or 2.4%, to \$286,393,000 for the nine months ended September 30, 2018 from \$293,398,000 for the same period in 2017. Loss and LAE expense as a percentage of net earned premiums decreased 13.6 points to 56.4% for the year, compared to 70.0% for the same period last year. Excluding catastrophe losses and reserve development, our gross underlying loss and LAE ratio for the nine months ended September 30, 2018, was 26.6%, an increase of 1.1 points from 25.5% during the nine months ended September 30, 2017.

Policy acquisition costs increased \$28,414,000, or 22.7%, to \$153,716,000 for the nine months ended September 30, 2018 from \$125,302,000 for the same period in 2017. The primary driver of the increase was the managing general agent fees related to AmCo commercial premiums which increased by approximately \$41,700,000 and which was offset by the approximately \$24,500,000 decrease resulting from the presentation change of ceding commission income in 2018.

Operating expenses increased \$9,956,000, or 52.3%, to \$28,976,000 for the nine months ended September 30, 2018 from \$19,020,000 for the same period in 2017, primarily due to increased costs related to the Company's ongoing growth, such as incurred expenses related to software and computer services of which increased by approximately \$3,400,000, expenses related to agent incentives which increased by approximately \$2,700,000 and costs related to assessments of approximately \$1,900,000.

General and administrative expenses decreased \$7,499,000, or 12.7%, to \$51,326,000 for the nine months ended September 30, 2018 from \$58,825,000 for the same period in 2017, primarily due to non-recurring merger expenses of approximately \$7,000,000 and amortization costs of approximately \$5,600,000 related to the merger with AmCo which occurred during the nine months ended September 30, 2017. This was offset by increases in salary expenses of approximately \$7,300,000 during the nine-month period ended September 30, 2018.

## LIQUIDITY AND CAPITAL RESOURCES

We generate cash through premium collections, reinsurance recoveries, investment income, the sale or maturity of invested assets, the issuance of debt and the issuance of additional shares of our stock. We use our cash to pay reinsurance premiums, claims and related costs, policy acquisition costs, salaries and employee benefits, other expenses and stockholder dividends, acquire subsidiaries and pay associated costs, as well as to repay debts and purchase investments.

As a holding company, we do not conduct any business operations of our own and, as a result, we rely on cash dividends or intercompany loans from our management subsidiaries to pay our general and administrative expenses. Insurance regulatory authorities heavily regulate our insurance subsidiaries, including restricting any dividends paid by our insurance subsidiaries and requiring approval of any management fees our insurance subsidiaries pay to our management subsidiaries for services rendered; however, nothing restricts our non-insurance company subsidiaries from paying us dividends other than state corporate laws regarding solvency. Our management subsidiaries pay us dividends primarily using cash from the collection of management fees from our insurance subsidiaries, pursuant to the management agreements in effect between those entities. In accordance with state laws, our insurance subsidiaries may pay dividends or make distributions out of that part of their statutory surplus derived from their net operating

profit and their net realized capital gains. The Risk-Based Capital (RBC) guidelines published by the National Association of Insurance Commissioners (NAIC) may further restrict our insurance subsidiaries' ability to pay dividends or make distributions if the amount of the intended dividend or distribution would cause their respective surplus as it regards policyholders to fall below minimum RBC guidelines. See Note 12 in our Notes to Unaudited Condensed Consolidated Financial Statements for additional information.

During the nine-month period ended September 30, 2018 we contributed \$40,000,000 of capital to form our new insurance subsidiary. During the nine-month period ended 2017, we contributed \$450,000 of capital to our insurance subsidiaries. We may make future contributions of capital to our insurance subsidiaries as circumstances require. See Note 17 in our Notes to Unaudited Condensed Consolidated Financial Statements for additional information.

UNITED INSURANCE HOLDINGS CORP.

---

On December 13, 2017, we issued \$150,000,000 of senior notes (the \$150M senior notes) that will mature on December 15, 2027 and bear interest at a rate equal to 6.250% per annum payable semi-annually on each June 15 and December 15, commencing June 15, 2018. The \$150M senior notes are senior unsecured obligations of the Company. We may redeem the \$150M senior notes at our option, at any time and from time to time in whole or in part, at a redemption price equal to the greater of (i) 100% of the principal amount of the \$150M senior notes to be redeemed and (ii) the sum of the present values of the remaining scheduled payments of principal and interest thereon from the date of redemption to the date that is three months prior to maturity. On and after that date, we may redeem the \$150M senior notes at par.

On April 3, 2017, we successfully completed our acquisition of AmCo. The acquisition was completed through a series of mergers that ultimately resulted in the Company issuing 20,956,355 shares of its common stock as merger consideration to the equity holders of RDX Holding, LLC, the former parent company of AmCo. As a result of the mergers, AmCo merged with and into a wholly-owned subsidiary of the Company. We incurred \$7,000,000 of merger-related expenses. Please refer to [Note 4](#) in the Notes to Unaudited Condensed Consolidated Financial Statements for additional information on the merger transaction.

On September 12, 2018, we contributed \$40,000,000 to fund a new subsidiary, Journey Insurance Company, and RJ Kiln & Co. (No. 3 Limited) (Kiln) contributed \$20,000,000 for total funding of \$60,000,000. JIC is owned 66.7% by the Company and 33.3% by Kiln.

#### Financial Covenants

**\$150M Senior Notes** - Our \$150M senior notes provide that the Company and its subsidiaries shall not incur any indebtedness unless no default exists and the Company's leverage ratio as of the last day of any annual or quarterly period (the balance sheet date) immediately preceding the date on which such additional indebtedness is incurred would have been no greater than 0.3:1, determined on a pro forma basis as if the additional indebtedness and all other indebtedness incurred since the immediately preceding balance sheet date had been incurred and the proceeds therefrom applied as of such day. The Company and its subsidiaries also may not create, assume, incur or permit to exist any indebtedness for borrowed money that is secured by a lien on the voting stock of any significant subsidiary without selling the \$150M senior notes equally. The Company may not issue, sell, assign, transfer or otherwise dispose of, directly or indirectly, any of the capital stock of the Company's significant subsidiaries as of the issue date of the notes (except to the Company or to one or more of the Company's other subsidiaries, or for the purpose of qualifying directors or as may be required by law or regulation), subject to certain exceptions. At September 30, 2018, we were in compliance with the covenants in the \$150M senior notes.

**Florida State Board of Administration Note Payable** - Our \$20,000,000, 20-year note payable to the Florida State Board of Administration (the SBA note) requires that UPC maintain either a 2:1 ratio of net written premium to surplus, or net writing ratio, or a 6:1 ratio of gross written premium to surplus, or gross writing ratio, to avoid additional interest penalties. The SBA note agreement defines surplus for the purpose of calculating the required ratios as the \$20,000,000 of capital contributed to UPC under the agreement plus the outstanding balance of the note. Should UPC fail to exceed either a net writing ratio of 1.5:1 or a gross writing ratio of 4.5:1, UPC's interest rate will increase by 450 basis points above the 10-year Constant Maturity Treasury rate (as defined in the SBA note agreement), which was 2.85% at the end of September 2018. Any other writing ratio deficiencies result in an interest rate penalty of 25 basis points above the stated rate of the note, which was 2.84% at the end of September 2018. Our SBA note further provides that the Florida State Board of Administration may, among other things, declare its loan immediately due and payable upon any default existing under the SBA note; however, any payment is subject to approval by the insurance regulatory authority. At September 30, 2018, we were in compliance with the covenants in the SBA note.

BB&T Term Note Payable - Our \$5,200,000, 15-year term note payable to the Branch Banking & Trust Company (the BB&T note) requires that, at all times while there has been no losses from our insurance subsidiaries' operations (non-recurring losses), we will maintain a minimum Cash Flow Coverage ratio of 1.2:1. The Cash Flow Coverage ratio is defined as our cash flow to debt services. This ratio will be tested annually, based on UPC Insurance's audited financial statements. For the one-year period following a non-recurring loss, UPC Insurance is required to maintain a minimum Cash Flow Coverage ratio of 1.0:1. This covenant will only be effective if the pre non-recurring losses test is failed, and is only available and effective for one annual test period. Thereafter, the non-recurring loss Cash Flow Coverage Ratio of 1.2:1 will immediately apply. At the time of the most recent annual test period, December 31, 2017, we were in compliance with the covenants in the BB&T note.

In addition, the BB&T note requires that we establish and maintain with BB&T at all times during the term of the loan a non-interest bearing demand deposit account with a minimum balance of \$500,000, and an interest-bearing account with a minimum balance of \$1,500,000. In the event of default, BB&T may, among other things, declare its loan immediately due and payable, require us to pledge additional collateral to the bank, and take possession of and foreclose upon our corporate

UNITED INSURANCE HOLDINGS CORP.

---

headquarters, which has been pledged to the bank as security for the loan. At September 30, 2018, we were in compliance with the covenants in the BB&T note.

Cash Flows for the nine months ended September 30, 2018 and 2017 (in millions)

#### Operating Activities

The principal cash inflows from our operating activities come from premium collections, reinsurance recoveries and investment income. The principal cash outflows from our operating activities are the result of claims and related costs, reinsurance premiums, policy acquisition costs and salaries and employee benefits. A primary liquidity concern with respect to these cash flows is the risk of large magnitude catastrophe events.

During the nine months ended September 30, 2018, operating assets and liabilities were impacted by catastrophe losses associated with Hurricane Florence and other non-weather related loss events. During the nine months ended September 30, 2017, operating cash was influenced by Hurricanes Harvey and Irma, each of which occurred during the third quarter of 2017. Reinsurance recoverables on paid and unpaid losses decreased during the nine months ended September 30, 2018 compared to 2017 as we received funding from our reinsurers during 2018 for the catastrophe losses incurred in 2017. As these claims continue to close, we expect to see less volatility regarding these reinsurance recoverables. Reinsurance payables also increased as we entered our 2018-2019 reinsurance contracts.

#### Investing Activities

The principal cash inflows from our investing activities come from repayments of principal, proceeds from maturities and sales of investments. We closely monitor and manage these risks through our comprehensive investment risk management process. The principal cash outflows relate to purchases of investments and cost of property, equipment and capitalized software acquired. The primary liquidity concerns with respect to these cash flows are the risk of default by debtors and market disruption. During the nine months ended September 30, 2017, we had an increase of \$95,284,000 in cash provided by investing activities as the result of the merger with AmCo that did not occur during the nine months ended September 30, 2018.

#### Financing Activities

The principal cash outflows from our financing activities come from repayments of debt and payments of dividends. The primary liquidity concern with respect to these cash flows is market disruption in the cost and availability of credit. We believe our current capital resources, together with cash provided from our operations, are sufficient to meet currently anticipated working capital requirements. During the nine months ended September 30, 2018, cash provided by financing activities increased by \$20,000,000 as the result of our strategic partnership to form JIC, as well as a \$17,064,000 increase in cash used in financing activities as the result of outstanding checks in excess of funds on deposit.

#### OFF-BALANCE SHEET ARRANGEMENTS

At September 30, 2018, we did not have any off-balance-sheet arrangements or material changes to our contractual obligations during the quarter.

#### Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are exposed to market risks, including interest rate risk related to changes in interest rates in our fixed-maturity securities, credit risk related to changes in the financial condition of the issuers of our fixed-maturities and equity price risk related to changes in equity security prices. These risks are disclosed in Part II, Item 7A of our Annual Report on Form 10-K for the year ended December 31, 2017. We had no material changes in our market risk during the nine months ended September 30, 2018.

#### Item 4. Controls and Procedures

We maintain a set of disclosure controls and procedures designed to ensure that the information we must disclose in reports we file or submit under the Securities Exchange Act of 1934, as amended (Exchange Act), is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms. We designed our disclosure controls with the objective of ensuring we accumulate and communicate this information to our management, including our principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure.

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of the effectiveness of the design and operations of our disclosure controls and procedures, as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, as of the end of the period covered by this report. Based on our evaluation, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures were not effective as of the end of the period covered by this report, due to previously disclosed material weaknesses in internal control over financial reporting as discussed below. These material weakness were identified and discussed in Part II, Item 9A of our Form 10-K for the year ended December 31, 2017 (the 2017 Form 10-K).

Notwithstanding these material weaknesses, management has concluded that the condensed consolidated financial statements included in this Form 10-Q fairly present, in all material respects, the financial position, results of operations and cash flows for the periods presented in accordance with U.S. generally accepted accounting principles.

#### Material Weakness in Internal Control Over Financial Reporting

We identified the following material weaknesses in the operation of our internal control over financial reporting as previously disclosed in our 2017 Form 10-K:

A failure of the operating effectiveness of a monitoring control designed to ensure that the Company obtains evidence of the design and operating effectiveness of the general information technology controls intended to prevent unauthorized system access and inappropriate change management to two third-party service organization's professional services systems and information contained within.

We did not maintain effective accounting policies and procedural controls over the financial reporting for income taxes, acquisition purchase accounting and investments to ensure accurate and consistent financial reporting in accordance with GAAP.

## Remediation Plans

Our management, with oversight from our Audit Committee, has initiated a plan to remediate the material weaknesses previously identified in the 2017 Form 10-K. These plans include implementing effective controls over third-party systems and working with the providers to receive timely Service Organization Control reports in the future, as well as focusing on the accounting and disclosure for unusual and complex transactions, while augmenting existing staff with additional skilled accounting resources and strengthening the review process to improve the operation of financial reporting and corresponding internal controls. These new controls and procedures are in the process of being implemented and will be tested in connection with audit procedures for the year ending December 31, 2018. Until management has tested the remediation and concluded that the controls are operating effectively as designed, the material weaknesses will continue to exist.

UNITED INSURANCE HOLDINGS CORP.

---

Changes in Internal Control over Financial Reporting

Except for the material weakness remediation efforts identified above, we did not make any changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting during the quarter ended September 30, 2018.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

We are involved in claims-related legal actions arising in the ordinary course of business. We accrue amounts resulting from claims-related legal actions in unpaid losses and loss adjustment expenses during the period that we determine an unfavorable outcome becomes probable and we can estimate the amounts. Management makes revisions to our estimates based on its analysis of subsequent information that we receive regarding various factors, including: (i) per claim information; (ii) company and industry historical loss experience; (iii) judicial decisions and legal developments in the awarding of damages; and (iv) trends in general economic conditions, including the effects of inflation.

At September 30, 2018, we were not involved in any material non-claims-related legal actions.

Item 1A. Risk Factors

There have been no material changes to the risk factors previously disclosed in Part I, Item 1A "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2017.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

During the three and nine months ended September 30, 2018, we did not sell any unregistered equity securities or repurchase any of our equity securities.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

None.
