PROXY STATEMENT
FOR THE ANNUAL MEETING OF SHAREHOLDERS
OF
TRIO-TECH INTERNATIONAL, INC.

To Be Held on December 9, 2013

This Proxy Statement is furnished in connection with the solicitation of the enclosed Proxy on behalf of the Board of Directors of Trio-Tech International, a California corporation (“Trio-Tech” or the “Company”), for use at the annual meeting of shareholders of the Company (the “Annual Meeting”) to be held at our principal executive offices, located at 16139 Wyandotte Street, Van Nuys, California 91406, on Monday, December 9, 2013 at 10:00 A.M. local time, for the purposes of electing directors, holding certain non-binding advisory votes as described below, approving an amendment to the 2007 Directors Equity Incentive Plan and such other business as may properly come before the Annual Meeting. For directions to our principal executive offices, please call our executive offices at 818-787-7000. This Proxy Statement and the enclosed proxy card are intended to be mailed to shareholders on or about November 1, 2013.

Record Date and Voting Securities

The Board of Directors fixed the close of business on October 14, 2013 as the record date for shareholders entitled to notice of and to vote at the Annual Meeting. As of that date, there were 3,396,555 shares of the Company’s common stock (the “Common Stock”) outstanding and entitled to vote, the holders of which are entitled to one vote per share.

Voting Generally

The presence in person or by proxy of holders of a majority of the shares entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. Abstentions will be counted for purposes of determining the presence of a quorum.

Because a shareholder’s broker may not vote on behalf of the shareholder on the election of directors unless the shareholder provides specific instructions by completing and returning the voting instruction form, for a shareholder’s vote to be counted, we ask that our shareholders communicate his/her voting decisions to the broker or other nominee before the date of the Annual Meeting or obtain a legal proxy to vote his/her shares at the meeting.

In the election of directors, a shareholder may cumulate his votes for one or more candidates, but only if each such candidate’s name has been placed in nomination prior to the voting and the shareholder has given notice at the meeting, prior to the voting, of his intention to cumulate his votes. If any shareholder has given such notice, all shareholders may cumulate their votes for the candidates in nomination. If the voting for directors is conducted by cumulative voting, each share will be entitled to a number of votes equal to the number of directors to be elected. These votes may be cast for a single candidate or may be distributed among two or more candidates in such proportions as the shareholder thinks fit. The five candidates receiving the highest number of affirmative votes will be elected. Abstentions will be counted for purposes of determining the presence of a quorum, but votes against a candidate or withheld from voting (whether by abstention, broker non-votes or otherwise) will not be counted and will have no legal effect on the vote. Discretionary authority to cumulate votes is solicited hereby.

The approval, on an advisory, non-binding basis, of the compensation of our Named Executive Officers (as defined in this Proxy Statement) as described under Proposal 2 of this Proxy Statement requires the affirmative vote of a majority of the shares present or represented by proxy at the Annual Meeting and entitled to vote thereon. Abstentions from voting will have the same effect as voting against the proposal. Broker non-votes are not considered present or

voted for the proposal and thus will have the effect of reducing the number of affirmative votes required to achieve a majority for such matter by reducing the total number of shares from which the majority is calculated.

-1-

Table of Contents

For purposes of Proposal 3, the advisory vote regarding the frequency of the advisory vote on executive compensation, the option of one year, two years or three years that receives the highest number of votes cast by shareholders will be the frequency for the advisory vote on executive compensation deemed recommended by the Company's shareholders. Abstentions, withheld votes and broker non-votes will have no effect in determining the frequency option that is recommended by shareholders.

Approval of the amendment to the 2007 Directors Equity Incentive Plan to increase the authorized number of shares authorized for issuance thereunder (Proposal 4) requires the affirmative vote of a majority of the shares represented at the meeting and entitled to vote on that proposal. Abstentions and broker non-votes will not be voted for or against the proposal. Because abstentions from voting will be considered shares present at the Annual Meeting and entitled to vote, the abstentions will have the effect of a negative vote as a majority of the shares represented at the meeting is required for approval of the amendment to the 2007 Directors Equity Incentive Plan. Because broker non-votes are not included in the determination of the number of shares present at the meeting and entitled to vote, broker non-votes will have no legal effect on the vote.

Deadline for Voting by Proxy

In order to be counted, votes cast by proxy must be received prior to the Annual Meeting.

Revocability of Proxies

Shareholders are requested to date, sign and return the enclosed Proxy to make certain their shares will be voted at the Annual Meeting. Any Proxy given may be revoked by the shareholder at any time before it is voted by delivering written notice of revocation to the Secretary of the Company, by filing with the Secretary of the Company a Proxy bearing a later date, or by attending the Annual Meeting and voting in person. All Proxies properly executed and returned will be voted in accordance with the instructions specified thereon. If no instructions are specified, Proxies will be voted FOR the election of the five nominees for directors named under "Election of Directors" (Proposal 1), FOR the approval, on a non-binding, advisory basis, of the compensation of our Named Executive Officers (Proposal 2), FOR a frequency of EVERY THREE YEARS for future advisory votes on executive compensation (Proposal 3) and FOR the proposed amendment to the 2007 Directors Equity Incentive Plan to increase the number of shares authorized for issuance thereunder from 400,000 shares to 500,000 shares (Proposal 4).

Vote Required for Election

The five persons receiving the highest number of affirmative votes will be elected as directors of the Company. Votes against a nominee or withheld from voting (whether by abstention, broker non-votes or otherwise) will have no legal effect on the vote.

The Board recommends a vote FOR each of the nominees for director.

PROPOSAL 2

ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Exchange Act, we are required to provide shareholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation which we paid to our Named Executive Officers for the fiscal year ended June 30, 2013. This advisory vote, commonly known as a “Say-on-Pay” vote, gives our shareholders the opportunity to express their views on the Company’s executive compensation policies and programs and the compensation paid to our Named Executive Officers for the fiscal year ended June 30, 2013.

We are asking our shareholders to indicate their support for the fiscal 2013 compensation of our Named Executive Officers as described in this Proxy Statement by approving the following resolution at the Annual Meeting:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed in the Company’s Proxy Statement for the 2013 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation tables and accompanying narrative disclosure, is hereby APPROVED.”

The Board of Directors believes that the Company’s executive compensation program effectively reflects the goals and objectives described in the Compensation Discussion and Analysis and the Executive Compensation sections of this Proxy Statement and the overall compensation philosophy of the Company.

The vote on this Proposal 2 is advisory only and therefore is not binding on the Company, the Board of Directors or the Compensation Committee. However, the Board of Directors and the Compensation Committee will review and consider the voting results in crafting their approach to future executive compensation matters.

The Board of Directors recommends a vote FOR approval of the above advisory resolution.

PROPOSAL 3

ADVISORY RESOLUTION ON THE FREQUENCY OF THE SHAREHOLDERS’ SAY ON PAY VOTE

Pursuant to the above-described legislation, we are also required to provide our shareholders with the opportunity to vote to advise on whether the Say-on-Pay vote should occur every one, two or three years, the so-called “Say-on-Frequency” vote. Under this Proposal 3, shareholders may vote to hold a Say-on-Pay vote every year, every two years or every three years. Shareholders may also abstain from voting. This is an advisory vote and is, therefore, non-binding.

The Board has determined that an advisory vote on executive compensation every three years is the best approach for the Company. In making this determination, the Board considered whether an advisory vote at this frequency provides the Company's shareholders with sufficient time to evaluate the effectiveness of its overall compensation philosophy, policies and practices in the context of our long-term business results, while avoiding more emphasis on short term variations in compensation and business results. An advisory vote occurring once every three years will permit the Company's shareholders to observe and evaluate the impact of any changes to the Company's executive compensation policies which have occurred since the last Say-on-Pay vote on executive compensation.

Table of Contents

While this vote is advisory and non-binding, the Board of Directors and the Compensation Committee will take into consideration the outcome of the vote in setting a policy with respect to the frequency of future advisory votes on executive compensation. When considering the frequency of future advisory votes on executive compensation, the Board of Directors and the Compensation Committee may decide that it is in the best interests of our shareholders and the Company to hold an advisory vote on executive compensation more or less frequently than the frequency receiving the most votes cast by our shareholders. If the policy is determined in accordance with the Board's current recommendation, the next Say-on-Pay vote would be held at the 2016 annual meeting of shareholders.

We are required to have a Say-on-Frequency vote at least once every six years. The next Say-on-Frequency vote would be held no later than the annual meeting to be held in 2019.

The Board of Directors recommends that you vote FOR "THREE YEARS" (i.e., once every three years) as the frequency of future advisory votes on executive compensation.

PROPOSAL 4

APPROVE AMENDMENT TO 2007 DIRECTORS EQUITY INCENTIVE PLAN

On December 3, 2007, our shareholders approved the adoption of the Company's 2007 Directors Equity Incentive Plan (the "2007 Directors Plan"). Up to 200,000 shares of Common Stock (subject to adjustment in the event of stock splits and other similar events) were initially issuable pursuant to awards granted under the 2007 Directors Plan. The 2007 Directors Plan was amended to increase the number of shares authorized for issuance thereunder to 400,000 shares, which amendment was approved by our shareholders on December 14, 2010. The Board of Directors is proposing to further increase the number of shares authorized for issuance under the 2007 Directors Plan to 500,000 shares, reflecting an increase of 100,000 shares. A copy of the proposed amendment is attached to this Proxy Statement as Appendix A.

The purpose of the 2007 Directors Plan is to create an incentive for members to serve on the Board of Directors of the Company and contribute to its long-term growth and profitability objectives. The Board of Directors believes that the 2007 Directors Plan has proved to be of substantial value in stimulating the efforts of members of the Board of Directors by aligning a portion of their compensation with the interests of the shareholders of the Company. As of October 24, 2013, there were only 60,000 shares available for grant under the 2007 Directors Plan. Thus, on October 24, 2013, the Board of Directors adopted an amendment to the 2007 Directors Plan, subject to shareholder approval, to increase the total number of shares authorized for grant under the 2007 Directors Plan from 400,000 shares to 500,000 shares of Common Stock. No other changes are proposed to be made to the terms of 2007 Directors Plan.

A summary of the principal provisions of the 2007 Directors Plan is set forth below.

Description of the 2007 Directors Equity Incentive Plan

The 2007 Directors Plan provides for the grant to directors of the Company of stock options or restricted stock awards to purchase shares of Common Stock. The 2007 Directors Plan is administered by the Board of Directors or a committee of the Board (the "Administrator"), which body determines the meaning and application of the provisions of the 2007 Directors Plan and related option agreements. The persons eligible to participate in the 2007 Directors Plan are the directors of the Company. Currently, there are five directors, including the Chief Executive Officer and Chief Financial Officer of the Company. The Chief Executive Officer and the Chief Financial Officer are also entitled to be granted options under the Employee Stock Option Plan (the "2007 Employee Plan").

Table of Contents

Options granted under the 2007 Directors Plan may only be nonqualified stock options. The exercise price of each option granted under the 2007 Directors Plan is to be 100% of the fair market value of the underlying shares on the date of grant. Fair market value will be determined as provided in the 2007 Directors Plan, which valuation methodology is intended to come within the parameters of Section 409A of the Code and the regulations thereunder. Each option is fully exercisable on the date of the grant and has a term of five years from the date of the grant. Options granted under the 2007 Directors Plan are in addition to the cash fee paid to each director. Generally, options may be exercised only by the individual to whom the option is granted, and are not transferable or assignable, except that in the event of an optionee's death or legal disability, the optionee's heirs or legal representatives may exercise the options for a period not to exceed twelve months.

Options will cease to be exercisable upon the terms set forth in the specific option agreement; provided, however, that the options will be exercisable within twelve months of death or disability and within three months of retirement of a director. Upon termination for cause, a participant's options will be rescinded.

With the approval of the Company's Board of Directors or an appropriate committee, a director may be granted one or more restricted stock awards under the Plan. Such awards will be grants of shares of Common Stock on such terms and conditions, consistent with the other provisions of the Plan, as may be determined by the Board of Directors or the committee and set forth in a restricted stock agreement with the directors. To date, no restricted stock awards have been made under the 2007 Directors Plan.

The Board of Directors may terminate or amend the 2007 Directors Plan without the approval of the Company's shareholders, but shareholder approval is required to amend the Plan to increase the number of shares, to change the class of persons eligible to participate in the Plan, to extend the maximum five-year exercise period or to permit an option exercise price to be fixed at less than 100% of the fair market value as of the date of grant.

The amount of shares reserved for issuance under the 2007 Directors Plan and the terms of outstanding options will be adjusted in the event of changes in the outstanding Common Stock by reason of stock dividends, stock splits, reverse stock splits, split-ups, consolidations, recapitalizations, reorganizations or like events.

Certain Federal Income Tax Consequences

The following is a brief summary of the principal federal income tax consequences to the Company and an eligible person (who is a citizen or resident of the United States for U.S. federal income tax purposes) of options and restricted stock awards granted under the 2007 Directors Plan. The summary is not intended to be exhaustive and, among other things, does not describe state, local or foreign tax consequences. The federal income tax consequences of an eligible person's award under the 2007 Directors Plan are complex, are subject to change and differ from person to person. Each person should consult with his or her own tax adviser as to his or her own particular situation.

This discussion is based on the Internal Revenue Code of 1986, as amended (the "Code"), Treasury Regulations promulgated under the Code, Internal Revenue Service rulings, judicial decisions and administrative rulings as of the date of this Proxy Statement, all of which are subject to change or differing interpretations, including changes and interpretations with retroactive effect. No assurance can be given that the tax treatment described herein will remain unchanged at the time that grants of stock options and/or restricted stock are made under the 2007 Directors Plan.

Options. An optionee generally recognizes no taxable income as the result of the grant of a non-qualified stock option. Upon exercise of such an option, the optionee generally recognizes ordinary income in an amount equal to the excess of the fair market value of the shares on the date of exercise over the option price paid for such shares. Upon the sale of stock acquired by the exercise of a non-qualified stock option, any gain or loss, based on the difference between the sale price and the optionee's basis in the stock (consisting of the exercise price plus the amount recognized as ordinary

income upon exercise of the option) will be taxed as short-term or long-term capital gain or loss, depending upon the length of time the optionee has held the stock from the date of exercise. No tax deduction is available to the Company upon either the grant of the option or the sale of stock acquired pursuant to the exercise of such option. The Company is entitled to a deduction at the time the option is exercised in an amount equal to the amount of ordinary income recognized by the optionee upon exercise of the option. Special rules apply under Section 16(b) of the Exchange Act if a participant exercises an option within six months of the date of grant.

-7-

Table of Contents

Under the terms of the 2007 Directors Plan, all options must be granted with an exercise price per share equal to the fair market value of a share of the Company's common stock on the grant date. The final Treasury Regulations under Section 409A exclude from the provisions of that section any stock options granted with an exercise price of not less than the fair market value of the stock on the grant date, provided that the number of shares subject to the option is fixed on the date of grant. The stock options granted pursuant to the 2007 Directors Plan are intended to be exempt from Section 409A, and the 2007 Directors Plan contains definitions of "fair market value" and "grant date" that are consistent with those set forth in the Treasury Regulations under Section 409A. As a result, non-qualified stock options granted pursuant to the 2007 Directors Plan should not be subject to the accelerated income tax and excise tax provisions of Section 409A of the Code.

Restricted Stock Issuances. As long as restricted stock remains both nontransferable and subject to a substantial risk of forfeiture, there are generally no tax consequences resulting from the issuance of such restricted stock for either the participant or the Company. At such time as the restricted stock either becomes transferable or is no longer subject to a substantial risk of forfeiture, the participant will recognize ordinary income in an amount equal to the excess of the fair market value of the stock at such time over the amount, if any, that the recipient paid for the stock. However, the participant may elect under Section 83(b) of the Code, within 30 days after the issuance of such restricted stock, to recognize as ordinary income at the time of issuance the excess, if any, of the fair market value of such restricted stock (valued at the date of issuance as if it were unrestricted) over the amount that the recipient paid for it, as ordinary income. The Company will be entitled to a compensation deduction at the time the participant recognizes ordinary income equal to the amount of ordinary income recognized by the participant. If such an election under Section 83(b) is made and the stock is ultimately forfeited, the participant will not be entitled to a deduction for the amount previously recognized as ordinary income.

When stock that was formerly restricted stock is sold or otherwise disposed of, the tax treatment will depend on whether the participant made the election described in the previous paragraph. If the participant did not make the election, disposition of the stock will result in a long or short term capital gain or loss, depending on the length of time from the date the restrictions lapsed to the date of sale or other disposition, in an amount equal to the difference between the amount received on disposition and the sum of any amount paid by the participant for the restricted stock and the amount recognized by the participant as ordinary income on the date the restrictions lapsed. If the participant made the election, disposition of the stock will result in a long or short term capital gain or loss, depending on the length of time from the date of the restricted stock issuance to the date of disposition, in an amount equal to the difference between the amount received on disposition and the sum of any amount paid by the participant for the restricted stock and the amount recognized by the recipient as ordinary income at the time of the grant.

The final Treasury Regulations under Section 409A exclude from the provisions of that section any restricted stock issued subject to a substantial risk of forfeiture, regardless of whether the recipient makes an election under Section 83(b). As a result, restricted stock issued pursuant the 2007 Directors Plan should not be subject to the accelerated income tax and excise tax provisions of Section 409A of the Code.

The Board of Directors recommends a vote FOR approval of the amendment of the 2007 Directors Equity Incentive Plan to increase the number of shares authorized for issuance thereunder.

Code of Ethics

The Company has adopted a written code of business conduct and ethics applicable to all directors, officers, management and employees and a separate code of ethics applicable to its principal executive officer, principal financial officer and principal accounting officer or controller or persons performing similar functions. A copy of the Company's code of business conduct and ethics and code of ethics may be obtained, without charge, upon written request to the Secretary of the Company at 16139 Wyandotte Street, Van Nuys, California 91406.

Board Leadership Structure

The Board of Directors believes it is important to select its Chairman and the Company's Chief Executive Officer in the manner it considers in the best interests of the Company at any given point in time. The Chairman of the Board and CEO of the Company are held by separate persons as an aid in the Board's oversight of management. Our Chairman, Mr. Wilson, served as a President and Chief Executive Officer of the Company from 1981 to 1989. The duties of the non-executive Chairman of the Board include:

- presiding over all meetings of the Board;
- preparing the agenda for Board meetings in consultation with the CEO and other members of the Board;
- calling and presiding over meetings of the independent directors;
- managing the Board's process for annual director self-assessment and evaluation of the Board and of the CEO; and
- presiding over all meetings of shareholders.

The Board believes that there may be advantages to having an independent chairman for matters such as communications and relations between the Board, the CEO, and other senior management; in assisting the Board in reaching consensus on particular strategies and policies; and in facilitating robust director, Board, and CEO evaluation processes.

Risk Management

The Chief Executive Officer and senior management are primarily responsible for identifying and managing the risks facing the Company, and the Board of Directors oversees these efforts. The Chief Executive Officer and senior management report to the Board of Directors regarding any risks identified and steps it is taking to manage those risks. In addition, the Audit Committee identifies, monitors and analyzes the priority of financial risks, and reports to the Board of Directors regarding its financial risk assessments.

Certain Relationships and Related Transactions

The Board's Audit Committee is responsible for review, approval, or ratification of "related-person transactions" between the Company or its subsidiaries and related persons. Under SEC rules, a related person is a director, officer, nominee for director, or 5% shareholder of the Company since July 1, 2012, the beginning of the last fiscal year, and their immediate family members. The Company's code of business conduct and ethics provides guidance for addressing actual or potential conflicts of interests, including those that may arise from transactions and relationships between the Company and its executive officers or directors. The Company's code of business conduct and ethics provides guidance to the Audit Committee for addressing actual or potential conflicts of interests that may arise from transactions and relationships between the Company and its executive officers or directors. Potential conflicts relating

to other personnel must be addressed by the Chief Executive Officer or the Chief Financial Officer. There was no related party transaction during the fiscal year ended June 30, 2013.

BOARD MEETINGS AND COMMITTEES

The Board held four regularly scheduled and special meetings during the fiscal year ended June 30, 2013. All of the directors attended (in person or by telephone) at least 75% of the meetings of the Board and any committees of the Board on which they served during the last full fiscal year. Directors are expected to use their best efforts to be present at the Annual Meeting of Shareholders. All of our directors attended the Annual Meeting of Shareholders held in December 2012.

The Company does not have a standing nominating committee. The Board consists of five directors, three of whom are “independent” (as defined under the rules of the NYSE MKT upon which the Company’s securities are listed). Pursuant to a resolution adopted by the Board, a majority of the independent directors, following a discussion with the entire Board, have the sole and ultimate responsibility to determine and nominate Board candidates for election at the Annual Meeting. Although nominations are made by a majority of the independent directors, the three current independent directors value the input of the entire Board and thus discuss proposed nominees at the Board level before the ultimate nomination determinations are made by the independent directors. The Board does not believe that it is necessary, at this time, given the Board composition and such Board resolution, to have a separately constituted nominating committee. At such time as the Board composition changes, the Board may elect to establish a separate nominating committee.

The Board has also adopted a resolution addressing the nomination process and related matters. That resolution states, among other things, that the Board believes that the continuing service of qualified incumbents promotes stability and continuity in the boardroom, contributing to the Board's ability to work as a collective body, while giving the Company the benefit of the familiarity and insight into the Company's affairs that its directors have accumulated during their tenure. The resolution further states that the Board will evaluate the performance of its Board members on an annual basis in connection with the nomination process. The Board may solicit recommendations for nominees from persons that the Board believes are likely to be familiar with qualified candidates, including without limitation members of the Board and management of the Company. The Board may also determine to engage a professional search firm to assist in identifying qualified candidates if the need arises. In addition, the Board has the authority to retain third-party consultants to provide advice regarding compensation issues. [The Board has not adopted specific minimum qualifications for a position on the Company’s Board or any specific skills or qualities that the Board believes are necessary for one or more of its members to possess. However, the Board will consider various factors including without limitation the candidate’s qualifications, the extent to which the membership of the candidate on the Board will promote diversity among the directors, and such other factors as the Board may deem to be relevant at the time and under the then existing facts and circumstances. The Company does not have a formal policy with regard to the consideration of diversity in identifying nominees for director. The Board of Directors seeks to nominate directors with a variety of skills and experience so that the Board will have the necessary expertise to oversee the Company’s business. The Company did not receive any recommendations as to nominees for election of directors for the Annual Meeting of Shareholders to be held on December 9, 2013.

The Board will consider candidates proposed by shareholders of the Company and will evaluate all such candidates upon criteria similar to the criteria used by the Board to evaluate other candidates. Shareholders desiring to propose a nominee for election to the Board must do so in writing sufficiently in advance of an annual meeting so that the Board has the opportunity to make an appropriate evaluation of such candidate and his or her qualifications and skills and to obtain information necessary for preparing all of the disclosure required to be included in the Company’s proxy statement for the related meeting should such proposed candidate be nominated for election by shareholders. Shareholder candidate proposals should be sent to the attention of the Secretary of the Company at 16139 Wyandotte Street, Van Nuys, California 91406.

Table of Contents

The Board has a standing Compensation Committee, which currently consists of the three independent directors, namely Messrs. Jason T. Adelman, Richard M. Horowitz and A. Charles Wilson, Chairman. The Compensation Committee determines salary and bonus arrangements. The Compensation Committee met four times during the fiscal year ended June 30, 2013. The current Compensation Charter was amended on March 5, 2007 and is included as Appendix B to this Proxy Statement. For the fiscal year ended June 30, 2013, the Compensation Committee did not retain a third-party consultant to review the Company's current policies and procedures with respect to executive compensation.

The Board has a separately-designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. The members thereof consist of Messrs. Jason T. Adelman, Richard M. Horowitz and A. Charles Wilson, Chairman. The Board of Directors has determined that the Audit Committee has at least one financial expert, namely A. Charles Wilson. The Board of Directors has affirmatively determined that Mr. Wilson does not have a material relationship with the Company that would interfere with the exercise of independent judgment and is "independent" as independence is defined in Section 803 of the rules of the NYSE MKT. Pursuant to its written charter, which charter was adopted by the Board of Directors, the Audit Committee is charged with, among other responsibilities, selecting our independent public accountants, reviewing our annual audit and meeting with our independent public accountants to review planned audit procedures. The Audit Committee also reviews with the independent public accountants and management the results of the audit, including any recommendations of the independent public accountants for improvements in accounting procedures and internal controls. The Audit Committee held seven meetings during the fiscal year ended June 30, 2013. Each of the members of the Audit Committee satisfies the independence standards specified in Section 803 of the rules of the NYSE MKT and Rule 10A-3 under the Securities Exchange Act of 1934, as amended. The Audit Committee Charter was amended on March 5, 2007 and was included as Appendix A to the Proxy Statement relating to the Annual Meeting held in December 2011.

DIRECTORS' COMPENSATION

Our directors play a critical role in guiding our strategic direction and overseeing our management. In order to compensate them for their substantial time commitment, we provide a mix of cash and equity-based compensation. In order to align the long-term interests of our directors with those of shareholders, part of director compensation is provided in the form of equity. We do not provide pension or retirement plans for non-employee directors. Our employee directors, S.W. Yong and Victor Ting, do not receive separate compensation for Board service.

During the fiscal year ended June 30, 2013, Richard M. Horowitz and Jason Adelman, as non-employee directors, received quarterly fees in an amount equal to \$7,500 for each quarter in which they attended Board and/or Committee meetings and for service on the various committee meetings of which they are a member. Mr. Wilson, as a non-employee director, Chairman of the Board, Chairman of the Audit Committee and Chairman of the Compensation Committee, received \$16,000 in quarterly fees for each quarter in which he attended a Board meeting and for service on the various committee meetings of which he is a member. The directors were also reimbursed for out-of-pocket expenses incurred in attending meetings.

Each of our directors is entitled to participate in our 2007 Directors Plan. Messrs. Yong and Ting, as employees of the Company, are also entitled to participate in our 2007 Employee Plan. Both plans were approved by the Company's shareholders on December 3, 2007 and were amended to increase the number of shares covered thereby, which amendments were approved by the Company's shareholders' on December 14, 2010. On March 18, 2013, pursuant to the 2007 Directors Plan, each of Messrs. Wilson, Horowitz and Adelman was granted an option to purchase 5,000 shares of Common Stock at an exercise price of \$2.07 per share. Each such option vested immediately upon grant and will terminate five years from the date of grant unless terminated sooner upon termination of the optionee's status as a director or otherwise pursuant to the 2007 Directors Plan. The exercise price under the options was set at 100% of

fair market value (as defined in the 2007 Directors Plan) of the Company's Common Stock on the date of grant of each such option. As of June 20, 2013, there were only 60,000 shares available for grant under the 2007 Directors Plan.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee

The Compensation Committee reviews and approves corporate goals and objectives relating to the compensation of the Chief Executive Officer; reviews goals and objectives of other executive officers; establishes the performance criteria (including both long-term and short-term goals) to be considered in light of those goals and objectives; evaluates the performance of the executives; determines and approves the compensation level for the Chief Executive Officer; and reviews and approves compensation levels of other key executive officers.

Compensation Objectives

The Company operates in a highly competitive and rapidly changing industry. The key objectives of the Company's executive compensation programs are to:

- attract, motivate and retain executives who drive Trio-Tech's success and industry leadership;
- provide each executive, from Vice-President to Chief Executive Officer, with a base salary based on the market value of that role, and the individual's demonstrated ability to perform that role;
- motivate executives to create sustained shareholder value by ensuring all executives have an "at risk" component of total compensation that reflects their ability to influence business outcomes and financial performance.

What Our Compensation Program is Designed to Reward

Our compensation program is designed to reward each individual executive officer's contribution to the advancement of the Company's overall performance and execution of our goals, ideas and objectives. It is designed to reward and encourage exceptional performance at the individual level in the areas of organization, creativity and responsibility while supporting the Company's core values and ambitions. This in turn aligns the interest of our executive officers

with the interests of our shareholders, and thus with the interests of the Company.

Determining Executive Compensation

The Compensation Committee reviews and approves the compensation program for executive officers annually after the closing of each fiscal year. Reviewing the compensation program at such time allows the Compensation Committee to consider the overall performance of the past fiscal year and the financial and operating plans for the upcoming fiscal year in determining the compensation program for the upcoming fiscal year.

The Compensation Committee also annually reviews market compensation levels with comparable jobs in the industry to determine whether the total compensation for our officers remains in the targeted median pay range. This assessment includes evaluation of base salary, annual incentive opportunities, and long-term incentives for the key executive officers of the Company. The Company did not hire any compensation consultants in connection with setting executive compensation for the fiscal year ended June 30, 2013.

The Compensation Committee's compensation decisions are based on the Company's operation performance, the performance and contribution of each individual officer, and the compensation budget and objectives of the Company. The Compensation Committee also considers other factors, such as the experience and potential of the officer and the market compensation level for a similar position.

Role of Executive Officers in Determining Executive Compensation

The Compensation Committee determines compensation for the Chief Executive Officer, which is based on different factors, such as level of responsibility and contributions to the performance of the Company. The Chief Executive Officer recommends the compensation for the Company's executive officers (other than the compensation of the Chief Executive Officer) to the Compensation Committee. The Compensation Committee reviews the recommendations made by the Chief Executive Officer and determines the compensation of the Chief Executive Officer and the other executive officers. The Chief Executive Officer is not present during voting on, or deliberations concerning, his compensation.

Components of Executive Compensation

The Company's compensation program has two major components: (1) base annual salary; and (2) long-term incentive compensation in the form of stock options.

Base Salary

Base Salaries are provided as compensation for day-to-day responsibilities and services to the Company and to meet the objective of attracting and retaining the talent needed to run the business.

Base salary for our executive officers was determined utilizing the following factors.

One factor that was taken into account in determining base salary for our executive officers was the compensation policies of other companies comparable in size to and within substantially the same industry as Trio-Tech. Keeping our executive officers' salaries in line with the market ensures the Company's competitiveness in the marketplace in which the Company competes for talent.

The other factor that was taken into account in determining base salary for our executive officers was salaries paid by us to our executive officers during the immediately preceding year and increases in the cost of living.

The Compensation Committee will review the Company's financial condition, macroeconomic conditions and the lowered base salaries at least quarterly in order to ascertain the appropriate time to restore base salaries to pre-reduction levels.

-16-

Table of Contents

The salary for each of our Named Executive Officers for the fiscal year ended June 30, 2013 and the percentage decrease in their salary from the prior fiscal year's salary were as follows:

Executives	Base Salary	Percent Decreased	(1)
S. W. Yong, Chief Executive Officer	\$235,585	(20.0	%)
Victor Ting, Vice President and Chief Financial Officer	\$139,411	(20.0	%)
Hwee Poh Lim, Vice President-Testing	\$90,617	(20.0	%)

(1)Percent decrease is based on the decrease in base salary in the currency of Singapore. The appreciation of Singapore dollars against U.S. dollars is excluded in the calculation. The base cash compensation for the above named officers of the Company, each of whom resides in Singapore, fiscal year ended June 30, 2013, was denominated in the currency of Singapore. The exchange rate therefor was established as of June 30, 2013 and was computed to be 1.24 Singapore dollars to each U.S. dollar.

Singapore executive officers' base salaries are credited with a compulsory contribution ranging from 1.9% to 7.3% of base salary as required under Singapore's provident pension fund.

Option Grants

Stock options are intended to align the interests of key executives and shareholders by placing a portion of the key executives' compensation at risk, tied to long-term shareholder value creation. Stock options are granted at 100% of the "fair market value" (as defined under the applicable plan) of the Company's Common Stock on the date of grant. The Compensation Committee believes that stock options are flexible and relatively inexpensive to implement when compared with cash bonuses. It also has no negative impact on the Company's cash flow. The Compensation Committee believes that long-term incentives in the form of stock options can better encourage the executive officers to improve operations and increase profits for the Company through participation in the growth in value of the Company's Common Stock.

The number and type of options granted to the Chief Executive Officer are recommended by the Compensation Committee and approved by the Board of Directors. Mr. Yong abstained from that vote.

The Compensation Committee views any option grant portion of our executive officer compensation packages as a special form of long-term incentive compensation to be awarded on a limited and non-regular basis. The objective of these awards is to ensure that the interests of our executives are closely aligned with those of our shareholders. These awards provide rewards to our executive officers based upon the creation of incremental shareholder value and the attainment of long-term financial goals. Stock options produce value to our executive officers only if the price of our stock appreciates, thereby directly linking the interests of our executive officers with those of our shareholders.

Awards of stock options are determined based on the Compensation Committee's subjective determination of the amount of awards necessary, as a supplement to an executive officer's base salary, to retain and motivate the executive officer.

As there is a limited amount of stock options available under the 2007 Employee Plan, in the fiscal year ended June 30, 2013, we did not grant any stock options to the officers pursuant to the 2007 Employee Plan.

REPORT OF THE AUDIT COMMITTEE

During the fiscal year ended June 30, 2013, the Audit Committee fulfilled its duties and responsibilities as outlined in its charter. The Audit Committee reviewed and discussed the Company's audited consolidated financial statements and related footnotes for the fiscal year ended June 30, 2013, and the independent auditor's report on those financial statements, with the Company's management and independent auditor. Management presented to the Audit Committee that the Company's financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The Audit Committee has discussed with Mazars LLP (Mazars) the matters required to be discussed with the Audit Committee by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1 AU Section 380) as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee's review included a discussion with management and the independent auditor of the quality (not merely the acceptability) of the Company's accounting principles, the reasonableness of significant estimates and judgments, and the disclosures in the Company's financial statements, including the disclosures relating to critical accounting policies.

The Audit Committee recognizes the importance of maintaining the independence of the Company's independent auditor, both in fact and appearance. The Audit Committee has evaluated Mazars's qualifications, performance, and independence, including that of the lead audit partner. As part of its auditor engagement process, the Audit Committee considers whether to rotate the independent audit firm. The Audit Committee has established a policy pursuant to which all services, audit and non-audit, provided by the independent auditor must be pre-approved by the Audit Committee or its delegate. The Company's pre-approval policy is more fully described in this Proxy Statement under the caption "Policy for pre-approval of audit and non-audit services." The Audit Committee has concluded that provision of the non-audit services described in that section is compatible with maintaining the independence of Mazars. In addition, the Audit Committee has received the written disclosure and the letter from Mazars required by the applicable requirements of the Public Company Accounting Oversight Board regarding Mazars' communications with the Audit Committee concerning independence and has discussed with Mazars its independence.

Based on the above-described review, written disclosures, letter and discussions, the Audit Committee recommended to the Board of Directors of the Company that the audited financial statements for the fiscal year ended June 30, 2013 be included in the Company's Annual Report on Form 10-K.
