**CVD EQUIPMENT CORPORATION AND SUBSIDIARIES**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**March 31, 2017**

**(Unaudited)**

**NOTE 1: BASIS OF PRESENTATION**

The accompanying unaudited consolidated financial statements for CVD Equipment Corporation and Subsidiaries (collectively “the Company”) have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-Q and Article 8 of Regulation S-X. They do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary in order to make the interim financials not misleading have been included and all such adjustments are of a normal recurring nature. The operating results for the three months ended March 31, 2017 are not necessarily indicative of the results that can be expected for the year ending December 31, 2017.

The consolidated balance sheet as of December 31, 2016 has been derived from the audited consolidated financial statements at such date, but does not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. For further information, please refer to the consolidated financial statements and notes thereto included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2016, including the accounting policies followed by the Company as set forth in Note 2 to the consolidated financial statements contained therein.

All material intercompany transactions have been eliminated in consolidation. In addition, certain reclassifications have been made to prior period consolidated financial statements to conform to the current year presentation.

**NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Revenue and Income Recognition**

Product and service sales, including those based on time and materials type contracts, are recognized when persuasive evidence of an arrangement exists, product delivery has occurred or services have been rendered, pricing is fixed or determinable, and collection is reasonably assured. Service sales, principally representing repair, maintenance and engineering activities are recognized over the contractual period or as services are rendered.

**CVD EQUIPMENT CORPORATION AND SUBSIDIARIES**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**March 31, 2017**

**(Unaudited)**

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue and Income Recognition (continuation)

Revenues from fixed price contracts are recognized on the percentage of completion method, measured on the basis of incurred costs to estimated total costs for each contract. This “cost to cost” method is used because management considers it to be the best available measure of progress on these contracts.

Contract costs include all direct material and labor costs and those indirect costs related to contract performance, such as indirect labor, supplies, tools, repairs and depreciation costs.

The asset, “Cost and estimated earnings in excess of billings on contracts in progress,” represents revenues recognized in excess of amounts billed.

The liability, “Billings in excess of costs and estimated earnings on contracts in progress,” represents amounts billed in excess of revenues recognized.

Research and Development

Research and development costs are expensed as incurred. Due to the highly technical nature of our projects, we use our technical staff in a dual role, and based on their contribution to the customer or research and development projects, their costs are charged accordingly to either cost of goods sold or research and development.

Recent Accounting Pronouncements

In May 2014, The Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2014-09, “Revenue from Contracts with Customers” (Topic 606), which changes the criteria for recognizing revenue. The standard requires an entity which recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The standard requires a five-step process for recognizing revenues including identifying the contract with the customer, identifying the performance obligations in the contract, determining the transaction prices, allocating the transaction price to the performance obligations in the contract, and recognizing revenue when (or as) the entity satisfies a performance obligation. Publicly-traded companies were initially required to adopt the ASU No. 2014-09 for reporting periods beginning after December 15, 2017; however, the FASB, in August 2015, then issued Accounting Standards Update (“ASU”) No. 2015-14 to defer the mandatory effective date of ASU 2014-09 for all entities by one year. Currently, companies may choose among different transition alternatives. Management is currently evaluating the impact that ASU 2014-09 will have on the Company’s consolidated financial statements and have not yet determined which method of adoption will be selected.

**CVD EQUIPMENT CORPORATION AND SUBSIDIARIES**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**March 31, 2017**

**(Unaudited)**

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Recent Accounting Pronouncements

In April 2015, the FASB issued ASU No. 2015-03, "Interest-imputation of interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs", which requires that debt issuance costs be presented in the balance sheet as a direct deduction from the carrying amount of the related debt liability, rather than as a deferred charge asset. ASU No. 2015-03 is effective for the Company beginning January 1, 2016 and is to be applied retroactively. Management is currently evaluating the effect that this ASU will have on the Company's consolidated financial statements and related disclosures.

In November 2015, the FASB issued ASU No. 2015-17, "Balance sheet Classification of Deferred Taxes", which simplifies the presentation of deferred income taxes by requiring that deferred income tax liabilities and assets be classified as noncurrent in our consolidated balance sheet. ASU No. 2015-17 is effective for reporting periods beginning after December 15, 2016, with early application permitted. The Company will adopt this method beginning in 2017.

In March 2016, the FASB issued ASU No. 2016-09, "Stock Compensation Improvements to Employee Share-Based Payment Accounting", which simplifies several aspects of the accounting for share-based payments. ASU 2016-09 is effective for reporting periods beginning after December 15, 2016. Management is currently evaluating the effect that this ASU will have on the Company's consolidated financial statements and related disclosures.

We believe there is no additional new accounting guidance adopted, but not yet effective that is relevant to the readers of our financial statements. However, there are numerous new proposals under development which, if and when enacted, may have a significant impact on our financial reporting.

NOTE 3: SIGNIFICANT RISK AND UNCERTAINTY

Cash and cash equivalents

Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash and cash equivalents and accounts receivable. The Company places its cash and cash equivalents with high credit-quality domestic financial institutions and invests its excess cash primarily in savings accounts, treasury bills and money market instruments. The Company performs periodic evaluations of the relative credit standing of all such institutions as it seeks to

maintain stability and liquidity. Cash and cash investments at March 31, 2017 and December 31, 2016, exceeded the Federal Deposit Insurance Corporation ("FDIC") limit, by \$16,252,000 and \$20,157,000, respectively.

Sales concentration

Revenue to a single customer in any one period can exceed 10% of our total sales. During the three months ended March 31, 2017 and March 31, 2016, one customer represented approximately 70% and 26% respectively, of our revenues.

Accounts receivable

The Company sells products and services to various companies across several industries in the ordinary course of business. The Company performs ongoing credit evaluations to assess the probability of accounts receivable collection based on a number of factors, including past transaction experience, evaluation of their credit history and review of the invoicing terms of the contract to determine the financial strength of its customers. The Company also maintains allowances for anticipated losses. At March 31, 2017 approximately 76% of the accounts receivable balance was owed by one customer.

**CVD EQUIPMENT CORPORATION AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****March 31, 2017****(Unaudited)**

## NOTE 4: Contracts in Progress

Costs and estimated earnings in excess of billings on percentage of completion type contracts in progress are summarized as follows:

	March 31, 2017	December 31, 2016
Costs incurred on contract in progress	\$7,940,004	\$4,678,192
Estimated earnings	9,450,692	10,733,826
	17,390,696	15,412,018
Billings to date	(20,299,851)	(18,077,839)
	\$(2,909,155 )	\$(2,665,821 )

Included in accompanying balance sheets under the following captions:

Costs and estimated earnings in excess of billings on contracts in progress	\$ 1,743,666	\$2,596,518
Billings in excess of costs and estimated earnings on contracts in progress	\$(4,652,821 )	(5,262,339 )
	\$(2,909,155 )	\$(2,665,821 )

**CVD EQUIPMENT CORPORATION AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****March 31, 2017****(Unaudited)****NOTE 5: INVENTORIES, NET**

Inventories consist of:

	March 31, 2017	December 31, 2016
Raw materials	\$2,506,867	\$3,062,830
Work-in-process	209,554	159,482
Finished goods	26,977	64,227
Totals	\$2,743,398	\$3,286,539

**NOTE 6: ACCOUNTS RECEIVABLE, NET**

Accounts receivable are presented net of an allowance for doubtful accounts of approximately \$3,000 and \$2,000 as of March 31, 2017 and December 31, 2016, respectively. The allowance is based on prior experience and management's evaluation of the collectability of accounts receivable. Management believes the allowance is adequate. However, future estimates may change based on changes in future economic conditions.

**NOTE 7: LONG-TERM DEBT**

The Company has a revolving credit facility with HSBC Bank, USA, N.A. providing up to \$7 million, although the Company has never utilized this facility. This credit facility remains available until September 1, 2018. The credit facility also contains certain financial covenants which the Company was in compliance with as of March 31, 2017 and December 31, 2016.

The Company has a loan agreement with HSBC which is secured by a mortgage against our Central Islip facility. The loan is payable in 120 consecutive equal monthly installments of principal of \$25,000 plus interest thereon and a final balloon payment upon maturity in March 2022. The balances as of March 31, 2017 and December 31, 2016 were \$3.2 million and \$3.3 million respectively. Interest accrues on the loan, at our option, at the variable rate of LIBOR plus 1.75% which was 2.1765% at March 31, 2017 and December 31, 2016 respectively.

**CVD EQUIPMENT CORPORATION AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****March 31, 2017****(Unaudited)****NOTE 8: STOCK-BASED COMPENSATION EXPENSE**

During the three months ended March 31, 2017 and March 31, 2016, the Company recorded as part of selling and general administrative expense, approximately \$215,000 and \$163,000 respectively, for the cost of employee and director services received in exchange for equity instruments based on the grant-date fair value of those instruments. This expense was recorded based upon the guidance of ASC 718, "Compensation-Stock Compensation."

**NOTE 9: INCOME TAXES**

The provision for income taxes includes the following:

	Three Months Ended March 31,	
	2017	2016
Current:		
Federal	\$383,178	\$(71,070 )
State	9,780	---
Total current provision	392,958	(71,070 )
Deferred:		
Federal	\$291,174	\$(132,620)
State	----	----
Total deferred provision	291,174	(132,620)
Income tax expense/(benefit)	\$684,132	\$(203,690)

**CVD EQUIPMENT CORPORATION AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****March 31, 2017****(Unaudited)**

## NOTE 9: INCOME TAXES (continued)

## Tax Rate Reconciliation

The reconciliation between the Company's effective tax rate on income from continuing operations and the statutory rate is as follows:

	Three Months Ended March 31,	
	2017	2016
Income tax expense at federal statutory rate [34%]	\$717,600*	\$---
State taxes	6,455	---
Change in other accruals	5,639	(50,392 )
Difference between tax and book depreciation	54,390	(26,586 )
FAS 123R employee compensation	(36,032 )	(55,642 )
Domestic production activities deduction	(50,320 )	---
Net operating loss	(13,600 )	---
Provision for 2014 tax return true up	---	(71,070 )
Income tax expense/(benefit)	\$684,132	\$(203,690)

\*Income taxes for the foreign entity, a wholly owned subsidiary, will be computed at the applicable tax rate in the country in which the Company operates. The foreign entity had a net loss during the current period. This net operating loss may result in future income tax benefits, however, because realization is uncertain at this time, a valuation reserve in the same amount has been established.

## NOTE 10: EARNINGS PER SHARE

In accordance with ASC 260, basic earnings per share are computed by dividing net earnings available to common shareholders (the numerator) by the weighted average number of common shares (the denominator) for the period presented. The computation of diluted earnings per share is similar to basic earnings per share, except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potentially dilutive common shares had been issued.

Stock options to purchase 384,730 shares of common stock were outstanding and 124,730 were exercisable during the three months ended March 31, 2017. Stock options to purchase 259,730 shares were outstanding and 159,730 were exercisable during the three months ended March 31, 2016. At March 31, 2017 options to purchase 59,730 shares were included in the diluted earnings per share calculation. At March 31, 2016, none of the outstanding options were included in the earnings per share calculation as their effect would have been anti-dilutive.

**CVD EQUIPMENT CORPORATION AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****March 31, 2017****(Unaudited)****NOTE 10: EARNINGS PER SHARE (continued)**

The dilutive potential common shares on warrants and options is calculated in accordance with the treasury stock method, which assumes that proceeds from the exercise of all warrants and options are used to repurchase common stock at market value. The amount of shares remaining after the proceeds are exhausted represents the potential dilutive effect of the securities.

**NOTE 11: SEGMENT REPORTING**

The Company operates through two (2) segments, CVD and SDC. The CVD division is utilized for silicon, silicon germanium, silicon carbide and gallium arsenide processes. SDC is the Company's ultra-high purity manufacturing division in Saugerties, New York. The Company evaluates performance based on several factors, of which the primary financial measure is income or (loss) before taxes.

Three Months Ended March 31,

	CVD	SDC	Eliminations *	Consolidated
2017				
Revenue	\$ 8,581,663	\$ 2,032,171	\$ (963,217 )	\$ 9,650,617
Pretax (loss)/income	1,105,414	602,752		1,708,166
2016				
Revenue	\$ 4,092,781	\$ 923,979	\$ (13,327 )	\$ 5,003,433
Pretax income	(605,605 )	64,151		(541,454 )

\*All elimination entries represent intersegment revenues eliminated in consolidation for external financial reporting.

**Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations.**

*Except for historical information contained herein, this “Management’s Discussion and Analysis of Financial Condition and Results of Operations” contains forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995, as amended. These statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance, or achievements of the Company to be materially different from any future results, performance, or achievements expressed or implied by such forward-looking statements. These forward-looking statements were based on various factors and were derived utilizing numerous important assumptions and other important factors that could cause actual results to differ materially from those in the forward-looking statements. Important assumptions and other factors that could cause actual results to differ materially from those in the forward-looking statements, include but are not limited to: competition in the Company’s existing and potential future product lines of business; the Company’s ability to obtain financing on acceptable terms if and when needed; uncertainty as to the Company’s future profitability, uncertainty as to the future profitability of acquired businesses or product lines, uncertainty as to any future expansion of the Company. Other factors and assumptions not identified above were also involved in the derivation of these forward-looking statements and the failure of such assumptions to be realized as well as other factors may also cause actual results to differ materially from those projected. The Company assumes no obligation to update these forward looking statements to reflect actual results, changes in assumptions or changes in other factors affecting such forward-looking statements. Past results are no guaranty of future performance. You should not place undue reliance on any forward-looking statements, which speak only as of the dates they are made. When used in this Report, the words “believes,” “anticipates,” “expects,” “estimates,” “plans,” “intends,” “will” and similar expressions are intended to identify forward-looking statements.*

**Revenue**

Edgar Filing: CVD EQUIPMENT CORP - Form 10-Q

Revenue for the three month period ended March 31, 2017 was \$9.7 million compared to \$5.0 million for the three month period ended March 31, 2016, an increase of \$4.7 million or 92.9%. The increased revenue is directly attributable to the work performed on the increased orders that we have received. One customer in the aerospace industry represented 70.4% and 26.4% of our revenue for the three months ended March 31, 2017 and 2016 respectively. We continue to book additional follow-on business with that customer as well as undertake opportunities with new and other current customers.

Third-party revenue from the SDC division for the three months ended March 31, 2017 increased by 21.3% to \$1.1 million compared to \$0.9 million for the three months ended March 31, 2016 despite having devoted a significant amount of its time and efforts working on its share of the aerospace orders received by the CVD division.

### **Gross Profit**

We generated a gross profit of \$4.2 million, resulting in a gross profit margin of 43.2%, for the three months ended March 31, 2017 as compared to a gross profit of \$1.5 million and a gross profit margin of 30.7%, for the three months ended March 31, 2016. The increased gross margin we are now experiencing is primarily attributable to a combination of greater overall revenue in addition to higher margins on current individual projects as a result of better efficiencies.

### **Research and Development, Selling and General and Administrative Expenses**

Research and development expenses totaled \$70,000 for the three months ended March 31, 2017 compared to \$82,000 for the three months ended March 31, 2016. We continue to conduct research on customer related product development which we include in our costs of goods sold.

Selling and shipping expenses for the three months ended March 31, 2017 and 2016 were \$285,000 and \$258,000, respectively. This increase of 10.5% is primarily attributable to personnel costs related to CVD Materials, Tantaline.

We incurred \$2,098,000 of general and administrative expenses during the three months ended March 31, 2017, compared to \$1,726,000 for the three months ended March 31, 2016, representing an increase of \$372,000 or 21.6%. This increase is primarily attributable to the costs associated with CVD Materials, Tantaline during the current period.

### **Operating Income/(Loss)**

As a result of the increased revenues, we achieved income from operations of \$1,717,000 for the three months ended March 31, 2017 compared to a loss from operations of \$533,000 for the three months ended March 31, 2016.

### **Income Taxes**

For the three months ended March 31, 2017, we incurred current income tax expense of \$393,000 and deferred income tax expense of \$291,000 compared to the three months ended March 31, 2016 when we did not incur any current income tax expense, received a refund of \$71,000 as a result of an overpayment on the 2014 federal corporate tax return and recorded \$133,000 of deferred tax benefits

**Net income/(loss)**

As a result of the foregoing factors, we reported net income of \$1,024,000 or \$0.16 per diluted share, for the three months ended March 31, 2017 compared to a net loss of \$338,000 or \$(0.05) per diluted share for the three months ended March 31, 2016.

**Liquidity and Capital Resources**

As of March 31, 2017, we had working capital of \$21.5 million compared to \$19.9 million at December 31, 2016, an increase of \$1.6 million, and cash and cash equivalents of \$18.4 million, compared to \$21.7 million at December 31, 2016, a decrease of \$3.3 million. The decrease in cash and cash equivalents was primarily a result of our policy of having received some customer payments at the beginning of the order process which is then followed by a period of building the equipment at which time we incur costs associated with parts and labor and utilize cash.

Accounts receivable, net, as of March 31, 2017 was approximately \$8.0 million compared to \$0.6 million as of December 31, 2016. This increase is principally due to the timing of customer invoicing, shipments and customer payments on outstanding balances.

At March 31, 2017, the number of full time employees increased to 201 employees compared to 173 at December 31, 2016.

We believe that our cash and cash equivalents position and cash flow from operations will be sufficient to meet our working capital and capital expenditure requirements for the next twelve months.

We may also raise additional capital in the event we determine in the future to effect one or more acquisitions of businesses, technologies or products. In addition, we may elect to raise additional capital even before we need them if the conditions for raising capital are favorable. Any equity or equity-linked financing could be dilutive to existing shareholders.

**Off-Balance Sheet Arrangements.**

We have no off-balance sheet arrangements at this time.

**Item 3. Quantitative and Qualitative Disclosures About Market Risk**

Not applicable.

**Item 4. Controls and Procedures.**

*Evaluation of Disclosure Controls and Procedures*

We maintain a system of disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act). As required by Rule 13a-15(b) under the Exchange Act, management of the Company, under the direction of our Chief Executive Officer and Chief Financial Officer, reviewed and performed an evaluation of the effectiveness of design and operation of the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) as of the end of the period covered by this Quarterly Report on Form 10-Q (the "Report").

Based on that review and evaluation, the Chief Executive Officer and Chief Financial Officer, along with our management, have determined that as of the end of the period covered by this Report on Form 10-Q, the disclosure controls and procedures were and are effective to provide reasonable assurance that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and were effective to provide reasonable assurance that such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding disclosures.

*Changes in Internal Controls*

There were no changes in our internal controls over financial reporting as defined in Rule 13a-15(f) or Rule 15d-15(f) under the Exchange Act that occurred during the most recent fiscal quarter that have materially affected, or are

reasonably likely to materially affect, the internal controls over financial reporting.

*Limitations on the Effectiveness of Controls*

We believe that a control system, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the control systems are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.
