Matters to Be Voted Upon.

The following matters are to be voted upon at the 2018 annual meeting of our shareholders.

PROPOSAL ONE - ELECTION OF DIRECTORS

Our board has nominated three persons for election to our board at the 2018 annual meeting of our shareholders: Paul A. Novelly, Dale E. Cole, and Alain J. Louvel, each as a Class C director.

Paul A. Novelly has been our chairman of the board since inception and chief executive officer since January 2013. Mr. Novelly is chairman and chief executive officer of Apex Oil Company, Inc., a privately-held company based in St. Louis, Missouri engaged in the trading, storage, marketing, and transportation of petroleum products, including liquid terminal facilities in the Midwest and Eastern United States, and towboat and barge operations on the inland waterway system. Mr. Novelly is president and a director of AIC Limited, a Bermuda-based oil trading company, chief executive officer of WPT GP, LLC, a director and the chairman of World Point Terminals, Inc., a Delaware company based in Missouri that, through its operating subsidiaries, owns and operates petroleum storage facilities in the United States, and chief executive officer of St. Albans Global Management, Limited Partnership, LLLP, which provides corporate management services. In the past five years, Mr. Novelly was a director of WPT GP, LLC, a wholly owned subsidiary of World Point Terminals, Inc. and general partner of World Point Terminals, LP. World Point Terminals, LP was a publicly traded master limited partnership listed on the New York Stock Exchange until July 2017. He currently serves on the board of directors at Boss Holdings, Inc., a distributor of work gloves, boots and rainwear, and other consumer products, and FCB Financial Holdings, Inc., a holding company whose material subsidiary is Florida Community Bank. Mr. Novelly previously served on the board of directors of World Point Terminals, Inc., a Canadian and Toronto Stock Exchange company and the predecessor to World Point Terminals, Inc.

Our board believes that Mr. Novelly's experience, knowledge, skills, and expertise as our chairman since 2005 and his knowledge of our operations and effectiveness of our business strategies provide valuable perspective to our board and add significant value. Additionally, Mr. Novelly's experience as the chief executive officer of Apex Oil Company, Inc., AIC Limited, St. Albans Global Management, Limited Partnership, LLLP, and WPT GP, LLC and as the chairman of World Point Terminals, Inc., as well as a number of executive positions with other oil refining, terminalling, storage, and transportation companies, are integral to our board's assessment of our business opportunities and strategic options. Finally, Mr. Novelly's service and experience as a director for other boards, including active involvement in strategic planning for those companies, strengthens the governance and functioning of our board.

Dale E. Cole has served on our board since August 2015 and is a graduate of the University of Texas at Austin with an undergraduate degree in business and finance and the Graduate School of Banking at Louisiana State University. Mr. Cole's career in banking began in 1974 with Texas Bank and Trust Company in Dallas, TX. He then worked with First National Bank in Marshal, TX, and became President of Banc Texas McKinney in McKinney, TX in 1983. In 1988, Mr. Cole became Chairman and CEO of Worthen Banking Corporation, with two banks in Batesville and Newark, AR. Mr. Cole founded First Community Bank in 1997. He currently serves as Chairman and CEO of First Community Bank and its holding company. Mr. Cole previously served on the Board of Trustees of the Barret School of Banking in Memphis, TN, the Board of Visitors of the University of Arkansas Community College in Batesville, AR, the Board of the Chamber of Commerce, Economic Development Foundation in Batesville, AR, Lyon College Advisory Counsel, and the board of White River Medical Center in Batesville, AR. Mr. Cole currently serves as a trustee of Lyon College in Batesville. As of December 31, 2017, First Community Bank had 20 branch locations in Northeast Arkansas and Southwest Missouri and maintained assets of \$1,339,893,950.

Mr. Cole's extensive career in banking built in him a strong foundation in business, regulatory environments, and corporate governance. Having served on numerous committees throughout his career, including compensation, trust, executive, asset/liability, investment, and many others, Mr. Cole's well-rounded experience and exposure in banking and regulatory environments will strengthen the governance function of our board. Additionally, Mr. Cole's service and experience as chairman for other boards, including active involvement in strategic planning for those companies, strengthens the governance and functioning of our board.

Alain J. Louvel, after receiving an MBA from Columbia University and a Master's in Economics and Political Sciences degree from the Paris University, began his professional career in 1970 as an advisor to the Department of Industry and Trade of the Quebec Government.

In 1972, he joined Bank Paribas and for the next 33 years held numerous positions with Bank Paribas in France, Canada and the United States. From 1985 on, for a period of 10 years, he was responsible for the bank's energy, commodity and derivative activities, first in New York covering the Americas until 1991, and then in the Paris head office as global head. In 1996, Mr. Louvel returned to New York as the bank's head of territory for the Americas and completed his banking career as head of risk Management Americas, with overall responsibilities over credit, market, counterparty and operational risk for the combined operations of Bank Paribas and BNP following the merger that formed BNP Paribas, until his retirement from the bank in 2007.

Mr. Louvel currently serves as a director and/or member of the audit committee of Great West Life Insurance and Annuity, Putnam Investments LLC, and Mountain Asset Management LLC. He is also a trustee of the French Institute Alliance Francaise and a French Foreign Trade Counselor. Mr. Louvel previously served on the board of directors of World Point Terminals Inc., predecessor to World Point Terminals, LP's parent and a Canadian and Toronto Stock Exchange company prior to June 2010.

Mr. Louvel's extensive career in banking and his broad experience including responsibility for credit market and operational risk management built in him a strong foundation in business, regulatory environments, and corporate governance. Mr. Louvel's well-rounded experience will strengthen the governance function of our board. Our nominating/corporate governance committee has determined that if elected, Mr. Louvel has no disqualifying relationships with us or our subsidiaries and will be considered independent of us under applicable SEC and New York Stock Exchange regulations.

Under our certificate of incorporation, our directors are divided into three classes, serving staggered three-year terms. Messrs. Novelty and Cole are standing for reelection, and Mr. Louvel is a new director nominee. Messrs. Novelty and Cole were most recently re-elected as Class C directors at our 2015 annual shareholder meeting. Each nominee has agreed, if elected at the 2018 annual meeting of our shareholders, to serve as a Class C member of our board for a

three-year term expiring in 2021.

The persons named as attorneys-in-fact in the shareholder proxy card electronically available at <http://www.envisionreports.com/ff> will vote for the election of the nominees listed above as director, unless authority to so vote is withheld. Although our board expects that the nominees will be available for election, in the event a vacancy in the slate of nominees occurs, shares of our common stock represented by proxies will be voted for the election of a substitute nominee selected by the persons named as attorneys-in-fact in the accompanying shareholder proxy card.

The names of the nominees for election and the other continuing members of our board, and certain other information with respect to such persons, are set forth below.

Such agreements are priced at the then current market price of the product, as determined from bids from other customers and/or market pricing services. Cost of goods sold related to these sales includes variable costs and allocated fixed costs.

Natural gas purchases

FutureFuel utilizes natural gas to generate steam for its manufacturing process and to support certain of its air and waste treatment utilities. This natural gas is purchased through an affiliate provider of natural gas marketing services. Expenses related to these purchases include the cost of the natural gas only; transportation charges are paid to an independent third party.

Income tax and consulting services

An affiliate provides professional services to FutureFuel, primarily in the area of income tax preparation and consulting. FutureFuel also receives certain finance and accounting expertise from this affiliate as requested. Expenses related to these services are comprised of an agreed quarterly fee plus reimbursement of expense, at cost.

Distribution and related services

Distribution and related services are comprised of barge transportation and related unloading charges for petrodiesel that were arranged and paid by an affiliate and subsequently rebilled to FutureFuel. Additionally, FutureFuel leases oil storage capacity from an affiliate under a storage and throughput agreement. This agreement provides for the storage of biodiesel, diesel or biodiesel/petrodiesel blends, methanol, and biodiesel feedstocks in above-ground storage tankage at designated facilities of the affiliate. Expenses related to this agreement include monthly lease charges, generally on a per barrel basis, and associated heating, throughput, and other customary terminalling charges.

Commodity trading advisory fees

FutureFuel entered into a commodity trading advisory agreement with an affiliate. Pursuant to the terms of this agreement, the affiliate provides advice to FutureFuel concerning the purchase, sale, exchange, conversion, and/or hedging of commodities as FutureFuel may request from time to time.

Legal, travel and administrative services

FutureFuel reimburses an affiliate for legal, trading, travel and other administrative services incurred on its behalf. Such reimbursement is performed at cost with the affiliate realizing no profit on the transaction.

This policy was adopted by our board on January 8, 2007 and amended on February 2, 2011, and can be found through the “Investor Relations - Corporate Governance” section of our website (<http://www.futurefuelcorporation.com>). All of the agreements described above in this section have been approved by a majority of the disinterested members of our board of directors.

In addition, we adopted a Code of Business Conduct and Ethics which sets forth legal and ethical standards of conduct for our directors, officers, and employees and the directors, officers, and employees of our subsidiaries. This Code is designed to deter wrongdoing and to promote: (i) honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; (ii) full, fair, accurate, timely, and understandable disclosure in reports and documents that we file with, or submit to, the SEC and in other public communications made by us; (iii) compliance with applicable governmental laws, rules, and regulations; (iv) the prompt internal reporting of violations of this Code to appropriate persons identified in this Code; and (v) accountability for adherence to this Code. This Code was adopted by our board on February 3, 2011 and was last amended on January 1, 2016, is in writing, and can be found on our website at <http://ffu.client.shareholder.com/corporate-governance.cfm>. Note: Each of the transactions described above (under the caption “Transactions with Related Persons”) was undertaken in compliance with our Code of Business Conduct and Ethics and approved by a majority of the disinterested members of our board of directors.

Compliance with Section 16(a) of the Exchange Act.

Based solely upon a review of Forms 3 and Forms 4 and amendments thereto furnished to us under the rules of the SEC promulgated under Section 16 of the Exchange Act during the fiscal year ended December 31, 2017, and Forms 5 and amendments thereto furnished to us with respect to the fiscal year ended December 31, 2017, as well as any written representation from a reporting person that no Form 5 is required, we are not aware that any officers, members of our board of directors and/or beneficial owners of more than 10% of our common stock failed to file on a timely basis, as disclosed in the aforementioned forms, reports required by Section 16 of the Exchange Act during the year ended December 31, 2017.

Standing Audit Committee.

We have a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Exchange Act, and have adopted a revised audit committee charter. A copy of this revised audit committee charter has been posted on our website and may be accessed at <http://ffu.client.shareholder.com/corporate-governance.cfm>. The current members of the audit committee are as follows:

Donald C. Bedell

Dale E. Cole

Paul M. Manheim (Chair)

Audit Committee Financial Expert.

Our board of directors determined that each member of our audit committee is an audit committee financial expert. Each such member of our audit committee is independent, as independence for audit committee members is defined in the listing standards applicable to us.

Board Leadership Structure and Role in Risk Oversight.

Board Leadership Structure.

We have a board currently comprised of eight members. Our chairman and chief executive officer is Mr. Novelly. Our chairman presides over all meetings of our board and at all meetings of our shareholders. He provides strategic leadership and guidance to our board and management, he advises and consults with our chief financial officer and other executive officers, and he works with management and other committees of our board regarding strategies, risks, opportunities, and other matters.

The remaining members of our board are independent as described below, and these independent members comprise the membership of our board's audit committee, nominating/corporate governance committee, and compensation committee. We have not designated any of these individuals as a lead independent director and there are no plans to do so.

We believe that consolidation of the offices of chairman and chief executive officer in Mr. Novelly is the appropriate leadership structure for us at this time. His breadth of experience and expertise in both capacities qualifies him for such service. Given his constant communication with executive management, this provides for adequate linkage between the board and management.

Role in Risk Oversight.

Our board as a whole is ultimately responsible for our risk management oversight. Our board is assisted by its committees, including our audit committee and compensation committee, whose duties are described in more detail below.

The board's oversight of our material risks is undertaken through, among other things, various reports and assessments that management presents to our board or to committees of our board, and the related board or committee discussions and decisions. The committees of our board report to our board about their meetings.

Our chief executive officer addresses risk matters at regular and special board meetings. In addition, other members of senior management regularly provide reports directly to our board. Finally, our audit committee works closely with our independent public accountants in their review of risk and controls.

Corporate Governance/Director Independence.

Our board has adopted corporate governance guidelines which incorporate certain rules of the SEC and U.S. securities exchanges for use by our board when determining director independence. These guidelines include the Company's Corporate Governance Guidelines, Policy for Approving Transactions with Related Parties, and Insider Trading Policy, copies of which may be found on our website at <http://ffu.client.shareholder.com/corporate-governance.cfm>. Our board also broadly considers all other relevant facts and circumstances that bear on the materiality of each director's relationship with us, including the potential for conflicts of interest, when determining director independence.

The nominating/corporate governance committee of our board evaluates each incumbent director and all new director nominees based on applicable law, regulations, and rules and makes a recommendation to the full board as to the independence of directors and director nominees. Our board has determined that, of the seven current members of the board, the following six directors have no disqualifying relationships with us or our subsidiaries and are, therefore, independent: Edwin A. Levy, Donald C. Bedell, Paul M. Manheim, Dale E. Cole, Terrance C.Z. Egger, and Jeffrey L. Schwartz. In 2017, each of our board's compensation, audit, and nominating/corporate governance committees was comprised of directors who were independent under such definitions. Our nominating/corporate governance committee has determined that, if elected, each of Messrs. Cole and Louvel will qualify as an independent director under the applicable SEC and stock exchange regulations. Accordingly, if the proposed slate of nominees is elected, our board will continue to maintain a majority of independent directors. The guidelines referenced above, as well as other corporate governance initiatives adopted by us, are also available to any shareholder free of charge upon request to our corporate secretary at our principal executive office set forth above.

Our independent directors meet in executive sessions (without our management) generally before or after meetings of the directors, and will meet more often as the need arises. None of our non-management directors presides at meetings of our non-management directors. Rather, a chairman is chosen at the beginning of each meeting.

Any interested party (and not just our shareholders) may make their concerns known to our non-management directors through our website at <http://ffu.client.shareholder.com/contactus.cfm>. In the “comment” section on this page, please indicate that the message is for our non-management directors, and the message will be provided to them.

Nominating/Corporate Governance Committee.

Our board has a nominating/corporate governance committee. That committee has a charter, a copy of which may be found at our internet web site at <http://ffu.client.shareholder.com/corporate-governance.cfm>. A copy may also be obtained free of charge by written request to our corporate secretary at our principal executive office set forth above.

Our nominating/corporate governance committee will consider director candidates recommended by our shareholders. To facilitate such nominations, our board has adopted Procedures for Shareholders Submitting Nominating Recommendations, which is Appendix B to our nominating/corporate governance committee charter. Those Procedures set forth the procedures for a shareholder to submit a director nominee recommendation, the timelines for receiving such nominations, and the information required on each director nominee. Our board has also adopted a Policy on Shareholder Recommendation of Candidates for Election as Directors, which is Appendix C to our nominating/corporate governance committee charter. This Policy sets forth the evaluation process adopted by our board. Any shareholder desiring to submit a director nominee for consideration by the nominating committee of our board for the 2019 annual meeting of our shareholders must do so in accordance with our bylaws and policies described under "Shareholder Proposals for the Next Annual Meeting" beginning at page 1 above. Director nominations should be submitted in writing to our corporate secretary, acting as agent for the nominating/corporate governance committee, at FutureFuel Corp., 8235 Forsyth Blvd., Suite 400, Clayton, Missouri 63105. A copy of such Procedures and Policy is available free of charge to any shareholder and may be obtained from our corporate secretary at our principal executive office set forth above.

Once a director nominee has been recommended, whether by a shareholder or otherwise, the nominating committee reviews the background and qualifications of the nominee in accordance with the Policy Regarding Qualifications of Directors adopted by our board, which Policy is Appendix A to our nominating/corporate governance committee charter. A copy of such Policy is available free of charge to any shareholder and may be obtained from our corporate secretary at our principal executive office set forth above. In selecting the slate of nominees to be recommended by the nominating/corporate governance committee to our board, and in an effort to maintain a proper mix of directors that results in a highly effective governing body, the nominating/corporate governance committee also considers such factors as the occupational, geographic, and age diversity of all director nominees; the particular skills and ability of each nominee to understand financial statements and finance matters generally; and the independence status of each nominee in accordance with our corporate governance guidelines, SEC rules, and other applicable laws and regulations. Our nominating/corporate governance committee does not differentiate in its evaluation of nominees as directors depending upon whether a nominee is recommended by one of our shareholders.

The nominating/corporate governance committee reports its recommendations concerning each director nominee to our board. Our board then considers the nominating/corporate governance committee's recommendations and selects those director nominees to be submitted to the shareholders for approval at the next annual meeting of shareholders. Our board may, as a part of its consideration, request the nominating/corporate governance committee to provide it with such information pertaining to a director nominee as our board deems appropriate to fully evaluate the qualifications of the nominee.

The slate of nominees for directors for the 2018 annual meeting of our shareholders consists of Paul A. Novelly, Dale E. Cole, and Alain J. Louvel. Mr. Novelly and Mr. Cole are standing for reelection. Mr. Louvel is a new nominee recommended by the nominating/corporate governance committee to the board

The audit committee also selects our independent registered public accounting firm. Management of the Company is responsible for designing and implementing the internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of our financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The audit committee's responsibility is to monitor and oversee these processes.

In the performance of its oversight function, the audit committee has performed the duties required by its charter, and it has reviewed and discussed our consolidated financial statements for 2017 with management and the independent registered public accounting firm. The audit committee also has discussed with the independent registered public accounting firm the matters required to be discussed by the Statement on Auditing Standards Number 61, *Communication with Audit Committees*, as amended, as adopted by the Public Company Accounting Oversight Board (or PCAOB) in Rule 3200T.

The audit committee has received the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of PCAOB regarding the independent registered public accounting firm's communications with our audit committee concerning independence, and has discussed with the independent registered public accounting firm its independence. The audit committee also has received confirmations

from management and has considered whether the provision of any non-audit services by the independent registered public accounting firm to us is compatible with maintaining the independence of the auditors.

Based upon a review of the reports by, and discussions with, management and the independent registered public accounting firm and the audit committee's review of the representations of management and the report of the independent registered public accounting firm, the audit committee recommended to our board to include the audited financial statements in our Form 10-K and Annual Report for the year ended December 31, 2017.

Compensation of Directors and Executive Officers.

General

Our board of directors has established a compensation committee. The compensation committee's responsibilities include, among other things, determining our policy on remuneration to our (that is, FutureFuel Corp.'s) officers and directors and the executive officers and directors of FutureFuel Chemical Company. Our directors receive an annual stipend of \$30, but the stipend is prorated if their service was for less than the full year. Committee heads receive an additional \$10 on an annual basis, again prorated if serving as committee chairman for less than the full year. The compensation committee also approved the payment to our directors of \$2 for each board and committee meeting attended in person and \$1 for each board and committee meeting attended telephonically. During 2017, the compensation committee reviewed and approved this fee schedule as reasonable and appropriate compensation to our directors and has determined to use the same fee structure for 2018.

We determined for 2017 not to pay salaries, bonuses, or other forms of cash compensation to any of our board members that serve as executive officers (in their capacities as such). Executive officer compensation will be monitored during 2018 and set or adjusted as the board deems appropriate.

In 2017, we paid salaries, bonuses, and other forms of compensation to the officers of FutureFuel Chemical Company as described below.

Compensation Discussion and Analysis

The objectives of our compensation program are to provide a competitive compensation package that rewards sustained financial and operating performance that creates long-term value for our shareholders. Our compensation programs are intended to meet the goals of attracting and retaining qualified personnel motivating these individuals to achieve short-term and long-term corporate goals without undue risk-taking and to promote equity among executive officer positions, while considering external competitiveness and differences in job responsibilities.

The elements of our compensation program include base salary, bonuses, and certain retirement, insurance, and other benefits generally available to all employees. In addition, in 2017, our board adopted an omnibus incentive plan which was approved by our shareholders at our 2017 annual meeting on September 7, 2017 (the “Incentive Plan”). The Incentive Plan provides equity-based compensation to our executive officers and our directors. Our compensation committee, and the Company generally, makes decisions with respect to each compensation element paid or payable to our personnel on an individual-by-individual basis and does not necessarily take into account decisions made with respect to other elements of compensation that may be paid to such individual. The overall goal of our compensation program, however, is to achieve the goals described above.

Cash Salaries and Bonuses

We determined not to pay cash salaries or bonuses to Mr. Novelly for 2017. Our chairman and chief executive officer, Mr. Novelly, receives compensation from our affiliate, St. Albans Global Management, Limited Partnership, LLLP. Mr. Novelly did not receive any increase in salary, bonus, or other income to compensate him for his services to us. As to our other executive officers, the base salary for Mr. Dortch was not materially adjusted in 2017. The base salary for Mrs. Sparks was not materially adjusted in 2017. Mr. Flynn was hired in 2014, with a base salary set largely in line with our other executives at FutureFuel Chemical Company and commensurate with his experience. Mr. McKinlay was hired in 2017 with a base salary set largely in line with our other executives at FutureFuel Chemical Company and commensurate with his experience. The Company's compensation committee and board have considered the advisory vote on executive compensation cast by our shareholders at our annual shareholders' meeting on September 7, 2017. Such advisory vote was determined to be in line with recommendations of the compensation committee and the board and the compensation decisions and policies of the Company.

For the year 2017, we established a bonus pool for the employees of our subsidiary, FutureFuel Chemical Company. The total bonus target amount was determined by our chief executive officer in consultation with our other executive officers. Eligible FutureFuel Chemical Company employees hired after January 1, 2017 received \$0.25. Eligible employees hired prior to January 1, 2017 received approximately 66 hours of pay at their normal hourly rate. Salaried employees of FutureFuel Chemical Company (other than certain lead executives) received an additional bonus amount ranging from \$0 to \$47. Bonuses to FutureFuel Chemical Company's managers other than the lead executive team were determined by Future Fuel Chemical Company's board of directors. Bonuses in 2017 for Mr. McKinlay, Mr. Dortch, Mr. Flynn, Mrs. Sparks, and other lead executives of FutureFuel Chemical Company were recommended by our chief executive officer, then reviewed and approved by the Compensation Committee of our Board after considering several factors, including our overall financial performance and comparative information regarding the executive pay practices of our competitors. Such bonus distributions were designed to be sufficient compensation for the services rendered, competitive with market rates for similar services, and sufficient to motivate these individuals to aid in our achievement of short-term and long-term corporate goals.

We expect to establish an annual cash bonus program for fiscal years commencing after 2017 with a target of 10% of after-tax earnings of FutureFuel Chemical Company, subject to certain adjustments, and solely on a discretionary basis. In determining actual bonus payouts for such years, we expect that the compensation committee will consider performance against performance goals to be established by us, as well as individual performance goals. We expect that this annual cash bonus program will apply to certain key employees of FutureFuel Chemical Company in addition to the executives whose compensation is described herein. The actual amount of bonuses, if any, will be determined near the end of our fiscal year.

Omnibus Incentive Plan

Our board of directors adopted an omnibus incentive plan, which was approved by our shareholders at our 2017 annual shareholder meeting on September 7, 2017 (the "Incentive Plan"). The purpose of the Incentive Plan is to:

Encourage ownership in us by key personnel whose long-term employment with or engagement by us or our subsidiaries (including FutureFuel Chemical Company) is considered essential to our continued progress and, thereby, encourage recipients to act in our shareholders' interests and share in our success

Encourage such persons to remain in our employ or in the employ of our subsidiaries and

Provide incentives to persons who are not our employees to promote our success.

The Incentive Plan authorizes us to issue stock options (including incentive stock options and nonqualified stock options), stock awards, and stock appreciation rights. To date, no options for shares of stock and no awards of shares of stock have been made. Please see Note 13 to our consolidated financial statements for a detailed discussion of 2017 stock based compensation awards.

Eligible participants in the Incentive Plan include (i) members of our board of directors and our executive officers (ii) regular, active employees of us or of any of our subsidiaries and (iii) persons engaged by us or by any of our subsidiaries to render services to us or our subsidiaries as an advisor or consultant.

Awards under the Incentive Plan are limited to shares of our common stock, which may be shares reacquired by us, including shares purchased in the open market, or authorized but un-issued shares. Awards are limited to 10% of the issued and outstanding shares of our common stock in the aggregate, or 4,374,167 shares, as of the date of adoption of the Incentive Plan. Taking into account the prior grants of stock options and stock awards under the Incentive Plan (none of which have been granted as of December 31, 2017), all such shares are remaining to be issued under the Incentive Plan.

The Incentive Plan is administered by: (i) our board, (ii) a committee of our board appointed for that purpose; or (iii) if no such committee is appointed, our board's compensation committee (in any case, the "Administrator"). The Administrator may appoint agents to assist it in administering the Incentive Plan. The Administrator may delegate to one or more individuals the day-to-day administration of the Incentive Plan and any of the functions assigned to the Administrator in the Incentive Plan. Such delegation may be revoked at any time. All decisions, determinations, and interpretations by the Administrator regarding the Incentive Plan and the terms and conditions of any award granted thereunder will be final and binding on all participants.

The Incentive Plan became effective upon its approval by our shareholders and continues in effect for a term of ten years thereafter unless amended and extended by us or unless earlier terminated. The individuals and number of persons who may be selected to participate in the plan in the future is at the discretion of the Administrator and, therefore, are not determinable at this time. Likewise, the number of stock options, stock awards and stock appreciation rights that will be granted to eligible participants pursuant to the plan are not determinable at this time.

The Administrator may grant a stock option or provide for the grant of a stock option either from time to time in the discretion of the Administrator or automatically upon the occurrence of events specified by the Administrator, including the achievement of performance goals or the satisfaction of an event or condition within the control of the participant or within the control of others. Each option agreement must contain provisions regarding (i) the number of shares of common stock that may be issued upon exercise of the option (ii) the type of option (iii) the exercise price of the shares and the means of payment for the shares (iv) the term of the option (v) such terms and conditions on the vesting or exercisability of the option as may be determined from time to time by the Administrator (vi) restrictions on the transfer of the option and forfeiture provisions and (vii) such further terms and conditions not inconsistent with the plan as may be determined from time to time by the Administrator. Unless otherwise specifically determined by the Administrator or otherwise set forth in the Incentive Plan, the vesting of an option will occur only while the participant is employed or rendering services to us or one of our subsidiaries, and all vesting will cease upon a participant's termination of employment for any reason.

The Administrator may grant annual performance vested options. Performance will be tied to annual cash flow targets (our consolidated income plus depreciation plus amortization) in amounts to be determined. Annual performance vested options will vest 25% for each year that the annual cash flow target is achieved (with provisions for subsequent year catch-ups). Neither our management nor our compensation committee, however, has through the year ended December 31, 2017 made any awards that were contingent upon the achievement of specified performance goals or that were otherwise performance-vested. Rather, through 2017, all grants were made in the discretion of our compensation committee based upon their authority under the Incentive Plan.

The Administrator may grant cumulative performance vested options. Performance will be tied to cumulative cash flow in amounts to be determined for periods to be determined.

The Administrator may issue other options based upon the following performance criteria either individually, alternatively, or in any combination, applied to either us as a whole or to a business unit, subsidiary, or business segment, either individually, alternatively, or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the Administrator: (i) cash flow (ii) earnings (including gross margin, earnings before interest and taxes, earnings before taxes, and net earnings) (iii) earnings per share (iv) growth in earnings or earnings per share (v) stock price (vi) return on equity or average shareholders' equity (vii) total shareholder return (viii) return on capital (ix) return on assets or net assets (x) return on investment (xi) revenue (xii) income or net income (xiii) operating income or net operating income (xiv) operating profit or net operating profit (xv) operating margin (xvi) return on operating revenue (xvii) market share (xviii) overhead or other expense reduction (xix) growth in shareholder value relative to the moving average of the S&P 500 Index or a peer group index (xx) strategic plan development and implementation and (xxi) any other similar criteria.

Such options will vest and expire (including on a pro rata basis) on such terms as may be determined by the Administrator from time to time consistent with the terms of the Incentive Plan.

The Administrator may award our common stock to participants. The grant, issuance, retention, or vesting of each stock award may be subject to such performance criteria and level of achievement versus these criteria as the Administrator determines, which criteria may be based on financial performance, personal performance evaluations, or completion of service by the participant. Unless otherwise provided for by the Administrator, upon the participant's termination of employment other than due to death or retirement, the unvested portions of the stock award and the shares of our common stock subject thereto will generally be forfeited. Unless otherwise provided for by the Administrator, if a participant's termination of employment is due to death or retirement, all outstanding stock awards will continue to vest provided certain conditions to be determined are met. Unless otherwise provided for by the Administrator, if a participant's termination of employment is due to his death, a portion of each outstanding stock award granted to such participant will immediately vest and all forfeiture provisions and repurchase rights will lapse as to a prorated number of shares of common stock determined by dividing the number of whole months since the grant date by the number of whole months between the grant date and the date that the stock award would have fully vested.

The Administrator may grant stock appreciation rights either alone or in conjunction with other awards. The Administrator will determine the number of shares of common stock to be subject to each award of stock appreciation rights. The award of stock appreciation rights will not be exercisable for at least six months after the date of grant except as the Administrator may otherwise determine in the event of death, disability, retirement, or voluntary termination of employment of the participant. Except as otherwise provided by the Administrator, the award of stock appreciation rights will not be exercisable unless the person exercising the award of stock appreciation rights has been at all times during the period beginning with the date of the grant thereof and ending on the date of such exercise, employed by or otherwise performing services for us or one of our subsidiaries.

In the event there is a change in control of the Company, as determined by our board, our board may, in its discretion: (i) provide for the assumption or substitution of, or adjustment to, each outstanding award (ii) accelerate the vesting of awards and terminate any restrictions on cash awards or stock awards and (iii) provide for the cancellation of awards for a cash payment to the participant.

Our prior omnibus incentive plan (the "Prior Plan") was adopted by our shareholders at our 2007 annual shareholder meeting on June 26, 2007. The Prior Plan expired on June 26, 2017. Under the Prior Plan, we were authorized to issue 2,670,000 shares of our common stock. Through the expiration of the Prior Plan, we issued options to purchase 1,060,500 shares of our common stock and awarded an additional 414,800 shares to participants under the Prior Plan. No further awards will be granted under the Prior Plan.

Federal Income Tax Consequences of the Incentive Plan

Upon the exercise of a non-qualified stock option, a participant in the Incentive Plan will realize income in the year of exercise equal to the difference between the exercise price and the value of the shares acquired, and we may deduct an amount equal to the income recognized by the participant, subject to the limits under applicable laws. We will not receive a tax deduction at the time of a grant or exercise of an incentive stock option, and no income is recognized by a participant when an incentive stock option is granted or exercised. When an incentive stock option is exercised, the difference between fair market value at the date of exercise and the exercise price will be an item of adjustment for purposes of calculating the participant's alternative minimum tax for the year of exercise.

If the shares of our common stock acquired upon exercise of an incentive stock option are disposed of after the later of two years from the date of option grant or one year after the transfer of the shares to the participant (the "holding period"), any gain or loss upon disposition of the shares will be treated for federal income tax purposes as long-term capital gain or loss, as the case may be. A disposition includes a sale, exchange, gift or other transfer of legal title. In general, a participant's basis in the shares of our common stock received upon exercise of an incentive option will be the exercise price paid by him or her for the shares. If the option shares are disposed before the expiration of the holding period, all or part of any gain will be characterized as ordinary income depending upon the relative amount of the sale price of the shares as compared with the exercise price of the shares. The amount of ordinary income realized by an employee in a sale or exchange for which a loss would be recognized is limited to the excess of the amount realized on the sale or exchange over the stock's adjusted basis.

Ordinary income received on account of a disposition of shares within the holding period will be taxable as additional compensation, and we may treat that income as a deductible expense for federal income tax purposes.

Retirement Benefits

We adopted a 401(k) plan for FutureFuel Chemical Company which is generally available to all of its employees.

Say-on-Pay

At our 2017 annual meeting of shareholders held on September 7, 2017, we submitted a proposal to our shareholders regarding the 2016 compensation awarded to our executive officers (commonly known as a “say-on-pay” vote). Our shareholders approved the proposal. We hold our say-on-pay votes every three years. Our next say-on-pay vote will be held at the 2020 annual meeting of shareholders and our next advisory vote on the frequency of say-on-pay votes (commonly known as “say-when-on-pay” vote) will be held at the 2023 annual meeting of shareholders.

The Compensation Committee considers the results of our say-on-pay vote as one factor in evaluating our executive compensation practices.

Life Insurance and Other Employee Benefits

Our executive officers other than Mr. Novelty participate in employee welfare plans (life insurance, medical insurance, disability insurance, vacation pay, and the like) maintained by FutureFuel Chemical Company for all of its employees.

The Compensation Committee

Our compensation committee currently consists of Donald C. Bedell (Chair), Edwin A. Levy, and Terrance C.Z. Egger. Each of these individuals is an “independent director” under the rules of the NYSE, a “Non-Employee Director” within the meaning of Section 16 of the Exchange Act, and an “outside director” within the meaning of §162(m) of the Internal Revenue Code of 1986, as amended.

The following additional information regarding the Incentive Plan is as of December 31, 2017:

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by security holders	70,000(*)	\$12.48(*)	4,374,167

(*) Granted pursuant to a prior separate omnibus incentive plan (the "Prior Plan"), which was adopted by our shareholders at our 2007 annual shareholder meeting on June 26, 2007. The shares to be issued under the Prior Plan were registered with the SEC on a Form S-8 filed on April 29, 2008. The Prior Plan expired on June 26, 2017. Under the Prior Plan, we were authorized to issue 2,670,000 shares of our common stock. Through the expiration of the Prior Plan, we issued options to purchase 1,060,500 shares of our common stock and awarded an additional 414,800 shares to participants under the Prior Plan. No further awards will be granted under the Prior Plan.

Recommendations from Management

Our chairman and chief executive officer makes recommendations to the compensation committee regarding salaries and bonuses for executive officers, as well as awards under the Incentive Plan. The compensation committee takes these recommendations into consideration in approving all such salaries, bonuses, and awards.

In December 2015, we granted a total of 30,000 stock options to our new board members. The options awarded have an exercise price equal to the mean between the highest and lowest quoted sales prices for FutureFuel's (a) common stock as of the grant date as reported by the New York Stock Exchange. The options awarded vested immediately and expire on December 18, 2020. Please see Note 13 to our consolidated financial statements for a discussion of the Company's plan-based awards.

Pay Ratio Disclosure

This section provides the annual ratio of the median employee's annual total compensation to the total annual compensation of the principal executive officer ("PEO"). The Company's principal executive officer ("PEO") is Mr. Paul A. Novelly. The purpose of this disclosure is to provide a measure of the equitability of pay within the organization. The Company believes its compensation philosophy and process yield an equitable result.

Median Employee total annual compensation \$ 58,480

Mr. Paul A. Novelly ("PEO") total annual compensation \$ 108,000

Ratio of PEO to Median Employee Compensation 1.8:1.0

In determining the median employee, a listing was prepared of all employees as of December 31, 2017. Employees' actual gross wages and salaries were used for the full year of 2017. The median amount was selected from the list. For simplicity, the value of the Company's 401(k) plan and medical benefits provided was excluded. As of December 31, 2017 the Company employed 592 persons of which 388 were operations roll.

Compensation Committee Interlocks and Insider Participation.

The members of our compensation committee during 2017 were Donald C. Bedell, Terrance C.Z. Egger, and Edwin A. Levy. The committee was chaired by Mr. Bedell. None of such individuals are or have been an officer or employee of the Company, nor did we enter into any transactions with such individuals during 2017 (other than the payment of directors' fees and other compensation, as noted above, solely in their capacity as directors).

Mr. Novelly, Mr. Levy (one of our directors and a member of our compensation committee), Mr. Bedell (one of our directors and the chair of our compensation committee), and Mr. Manheim (one of our directors and the chair of the audit committee) are directors of World Point Terminals, Inc., a Delaware company based in Missouri that, through its operating subsidiaries, owns and operates petroleum storage facilities in the United States. World Point Terminals, Inc. does not have a separate compensation committee.

Compensation Committee Report.

The compensation committee of our board has reviewed and discussed the Compensation Discussion and Analysis set forth above with our management. Based on this review and discussions, the compensation committee recommended to our board of directors that the Compensation Discussion and Analysis be included in this annual report on Form 10-K. Donald C. Bedell (chair), Terrance C.Z. Egger, and Edwin A. Levy

Independent Public Accountants.

The following table shows the aggregate fees billed to us by RubinBrown LLP for professional services attributable to 2016 and 2017.

2016	2017
-------------	-------------

Audit Fees	\$270,000	\$280,000
Audit-Related Fees	12,000	12,000
Tax Fees	-	-
All Other Fees	-	-
Total	\$282,000	\$292,000

Audit fees include professional services rendered by RubinBrown LLP to us for the audit of our annual financial statements and review of financial statements included in our Form 10-Q and services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for 2016 and 2017. Audit related fees include assurance and related services provided by RubinBrown LLP to us that are reasonably related to the performance of the audit or review of our financial statements and are not included in audit fees. In 2016 and 2017, Audit-related fees were incurred for employee benefit plan audits and comfort letter procedures provided by RubinBrown LLP. Tax fees include professional services rendered by RubinBrown LLP for tax compliance, tax advice, and tax planning. These services include a review and preparation of our federal income tax return and several state income tax returns. All other fees include any services provided by RubinBrown LLP to us that are not otherwise included in the other three categories. RubinBrown LLP did not provide any other services to us in 2016 or 2017.

Our audit committee approves the engagement of our independent auditors prior to their rendering audit or non-audit services and sets their compensation. Pursuant to SEC regulations, our audit committee approves all fees payable to the independent auditors for all routine and non-routine services provided. Our audit committee considers and approves the budget for the annual audit and financial statement review services prior to the initiation of the work. Non-routine services in the ordinary course of business which are not prohibited under SEC regulation, such as tax planning, tax compliance, and other services generally are pre-approved on a case-by-case basis.

None of the hours expended on RubinBrown LLP's engagement to audit our financial statements for 2017 were attributed to work performed by persons who were not RubinBrown LLP's full-time, permanent employees.

Our audit committee is also required to consider the independence of RubinBrown LLP when engaging the firm to perform audit-related and other services. It was determined by our audit committee that audit-related and other services provided and the fees paid for those services for 2017 were compatible with maintaining the independence of RubinBrown LLP.

Financial Information - Annual Report.

Our Annual Report for the year ended December 31, 2017 is made available in connection herewith. We will provide without charge additional copies of our Annual Report upon written request. Requests and related inquiries should be directed to Corporate Secretary, FutureFuel Corp., 8235 Forsyth Blvd., Suite 400, Clayton, Missouri 63105.

Other Proposed Actions.

Our board knows of no other matter to come before the 2018 annual meeting of our shareholders. However, if any other matter requiring a vote of the shareholders arises, it is the intention of the persons named in the accompanying shareholder proxy to vote such proxy in accordance with their best judgment.

Voting Procedures.

Required Vote.

In accordance with Delaware law and our bylaws, our directors will be elected at the 2018 annual meeting of our shareholders by a plurality of the votes cast by shareholders. "Plurality" means that the nominees receiving the largest number of votes cast are elected as directors up to the maximum number of directors to be elected at the meeting. Any other matter on which shareholders vote at the 2018 annual meeting, including ratification of the appointment of RubinBrown LLP as our independent auditor for the year ending December 31, 2018, will be determined by the affirmative vote of a majority of the votes cast.

Quorum.

The presence, in person or by proxy, of shareholders owning shares of our common stock representing a majority of the votes entitled to be cast by shareholders at the 2018 annual meeting will constitute a quorum for the transaction of business at the annual meeting for which shareholders have the right to vote. Shareholders who deliver valid proxies or vote in person at the annual meeting will be considered part of the respective quorums. Once a share is represented for any purpose at the annual meeting, it is deemed present for quorum purposes for the remainder of the annual meeting and for any adjourned meeting. We will count abstentions as present and entitled to vote for purposes of determining the applicable quorum.

Proxies and Voting.

Shares of our common stock represented by properly executed proxies will, unless the proxies have been properly revoked, be voted in accordance with the instructions indicated on the proxies or, **if no instructions are indicated, will be voted FOR the: (i) election of Paul A. Novelly, Dale E. Cole, and Alain J. Louvel as Class C directors of the Company; and (ii) approval of the appointment of RubinBrown LLP as our independent auditor for 2018.**

You can vote for approval of a particular proposal by marking the shareholder proxy card enclosed herewith or available at <http://www.envisionreports.com/ff> with an “X” in the box under “FOR” for such proposal. If you do not wish to vote “FOR” the election of Paul A. Novelly, Dale E. Cole or Alain J. Louvel, you can mark such shareholder proxy card with an “X” in the box under “WITHHOLD” for Item 1 on the card next to their respective names, and you can vote against approval of any of the other proposals by marking such shareholder proxy card with an “X” in the box under “AGAINST” for such proposal. Abstentions (other than with respect to the election of directors) may be specified with respect to any of the resolutions by properly marking with an “X” in the box under “ABSTAIN” on the shareholder proxy card, and will be counted as present for the purpose of determining the existence of a shareholder quorum.

If you own shares in “street name” in an account at a bank or brokerage firm, we generally cannot mail our proxy materials directly to you. You may instead receive a voting instruction form with this Proxy Statement that you should use to instruct how your shares are to be voted, and you should also vote your shares by completing, signing, and returning the voting instruction form in the envelope provided. Many brokerage firms have arranged for internet or telephonic voting of shares and provide instructions for using those services on the voting instruction form. If your shares are held by a brokerage firm, the brokerage firm may under certain circumstances vote your shares. Such entities may have authority to vote their customers’ shares on certain routine matters, including the ratification of auditors. When a firm votes its customers’ shares on routine matters, those shares are also counted for the purpose of establishing a quorum to conduct business at the meeting. A brokerage firm cannot vote its customers’ shares on non-routine matters without instructions from the customers. Accordingly, those shares are not counted as votes against a non-routine matter, but rather are not counted at all for such a matter. Proposal 1 (election of directors) is not considered routine matters under New York Stock Exchange rules, so brokers do not have discretionary authority to vote shares held in street name on those items. If you hold your shares in street name and wish for your shares to be voted on these matters, you must provide your broker with voting instructions.

You also may attend the 2018 annual meeting of our shareholders and vote your shares. We encourage you to vote your shares by proxy even if you plan to attend the annual meeting. If you do attend the annual meeting, you will be asked to present valid photo identification, such as a driver’s license or passport. If you hold your stock in an account at a brokerage firm or bank (in nominee name), you will need to bring a copy of an account statement reflecting such ownership on or after the July 17, 2018 record date for the meeting.

Delivery and Availability of Documents to Security Holders Sharing an Address.

Our Annual Report, Proxy Statement, and Notice of Internet Availability of Proxy Materials are being delivered or made available to each shareholder of record, even if two or more shareholders of record share an address. Shareholders sharing an address can request delivery of a single copy of our Annual Reports, Proxy Statements, and Notices of Internet Availability of Proxy Materials by requesting the same to our corporate secretary at 8235 Forsyth Blvd., Suite 400, Clayton, Missouri 63105.
