ITEM 5.02(e) Compensatory Arrangements of Certain Officers

On December 9, 2013 the Company's Board of Directors approved amendments to the Benefit Equalization Plan ("Plan"), a non-qualified non-elective deferred compensation plan intended to restore retirement benefits limited by caps on covered compensation under tax-qualified plans. The amendments (i) increase the number of executives participating in the Plan from five participants to 20 participants (including 15 executive officers) and (ii) extend the benefits covered by the Plan to restore the tax-limited portion of the non-matching company contribution under the Company's qualified defined contribution retirement plan. That benefit is currently two percent of a participant's annual salary plus bonus in excess of the Internal Revenue Code compensation limit that applies under the qualified plan (\$255,000 for 2013), increasing to three percent in 2014 to match the increase in the Company's contribution percentage under the qualified plan. The amendments are effective as of January 1, 2013. These amendments continue the Plan as a non-qualified defined contribution plan in place of future pension benefit accruals previously provided under the Plan, which were eliminated as a result of the freezing of the Company's qualified defined benefit pension plan as of December 31, 2012.

The foregoing description is qualified in its entirety by the terms and provisions of the Benefit Equalization Plan as amended, which is attached hereto as Exhibit 10.1.
