CRIMSON WINE GROUP, LTD.

Notes to Interim Consolidated Financial Statements

1.Explanatory Note:

Crimson Wine Group, Ltd. (“Crimson”) is a Delaware company that has been operating since 1991. As used herein, the term “Company” refers to Crimson and its wholly-owned subsidiaries, except as the context may otherwise require. Prior to February 25, 2013, Crimson was a wholly-owned subsidiary of Leucadia National Corporation (“Leucadia”). On February 1, 2013, Leucadia declared a pro rata dividend to Leucadia’s common shareholders of all of the outstanding shares of Crimson’s common stock in a manner that was structured to qualify as a tax-free spin-off for U.S. federal income tax purposes (the “Distribution”). Leucadia’s common shareholders received one share of Crimson common stock for every ten common shares of Leucadia (24,458,368 Crimson common shares in the aggregate), with cash in lieu of fractional shares, on February 25, 2013. The consolidated financial statements and notes thereto give retroactive effect to the Distribution for the three months ended March 31, 2013.

Crimson qualifies as an “emerging growth company” as defined in the Jumpstart Our Business Startups Act (the “JOBS Act”). An emerging growth company is defined as a company with total annual gross revenues of less than \$1 billion in its most recently completed fiscal year. An emerging growth company will retain such status until the earliest of: (1) the last day of the fiscal year of the emerging growth company following the fifth anniversary of the date it first sold common equity securities pursuant to an effective registration statement under the Securities Act of 1933, as amended; (2) the last day of the fiscal year in which the emerging growth company first had total annual gross revenues of \$1 billion or more (indexed pursuant to the JOBS Act); (3) the date on which the emerging growth company is deemed to be a “large accelerated filer” as defined in Rule 12b-2 promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), (i.e., an SEC registered company with a public float of at least \$700 million that satisfies other tests); or (4) the date on which the emerging growth company has, within the previous three years, issued more than \$1 billion of nonconvertible debt. Crimson has elected to opt out of the extended transition period for complying with new or revised accounting standards pursuant to Section 107(b) of the JOBS Act. This election is irrevocable.

2.Significant Accounting Policies:

The unaudited interim consolidated financial statements, which reflect all adjustments (consisting of normal recurring items or items discussed herein) that management believes necessary to fairly state results of interim operations, should be read in conjunction with the Notes to Consolidated Financial Statements (including the Significant Accounting Policies) included in the Company’s audited consolidated financial statements for the year ended December 31, 2013, as filed with the Securities and Exchange Commission (the “SEC”) on Form 10-K (the “2013

Report”). Results of operations for interim periods are not necessarily indicative of annual results of operations. The consolidated balance sheet at December 31, 2013 was extracted from the audited annual financial statements and does not include all disclosures required by accounting principles generally accepted in the United States of America (“GAAP”) for annual financial statements.

Effective January 1, 2013, the Company adopted amended Financial Accounting Standards Board guidance for indefinite lived intangible asset impairment testing. The amended guidance allows an entity to assess qualitative factors to determine whether the existence of events and circumstances indicate that it is more likely than not that an indefinite lived intangible asset is impaired. If an entity concludes it is not more likely than not that an indefinite lived intangible asset is impaired, the entity is not required to take further action. If an entity concludes otherwise, then the entity would be required to determine the fair value of the indefinite lived intangible asset and compare the fair value with the carrying amount of the indefinite lived intangible asset. The Company adopted this amended guidance for its annual and interim periods beginning January 1,

2013. The adoption of this amended guidance did not have a significant impact on the Company's consolidated financial statements.

5. Financial Instruments:

All of the Company's investments mature within three years or less. The par value, amortized cost, gross unrealized gains and losses and estimated fair value of investments classified as available for sale as of March 31, 2014 and December 31, 2013 are as follows (in thousands):

7. Due to Leucadia and its Affiliates:

Edgar Filing: Crimson Wine Group, Ltd - Form 10-Q

On February 25, 2013, the remaining balance of \$151,043,000 due to Leucadia and its affiliates was contributed by Leucadia to the capital of the Company. Interest expense related to Leucadia and its affiliates was zero and \$783,000 for the three months ended March 31, 2014 and 2013, respectively.

Effective March 1, 2013, the Company entered into an administrative service agreement with Leucadia. Pursuant to this agreement, Leucadia provided certain administrative, SEC, tax filing and accounting services, including providing the services of the Company's Corporate Secretary, for a monthly fee of \$15,000.

Effective August 1, 2013, Leucadia and the Company agreed to amend the administrative service agreement to reduce the administrative services provided to the Company by Leucadia and correspondingly reduce the monthly fee from \$15,000 to \$4,500. The Company provided the administrative services that were no longer

Page | 8

provided to the Company by Leucadia. The amendment also provided that the administrative services agreement would terminate in full in February 2014, which it did. Administrative services fees expense was \$9,000 and \$15,000 for the three month periods ended March 31, 2014 and 2013, respectively.

In March 2013, pursuant to the separation agreement entered into with Leucadia, Leucadia paid \$14,175,000 to Crimson as a capital contribution. No additional capital contributions from Leucadia are required or anticipated to be made.

8. Debt:

In March 2013, Crimson entered into a \$60,000,000 revolving credit facility with American AgCredit, FLCA, as agent for the lenders identified in the revolving credit facility, comprised of a revolving loan facility and a term revolving loan facility, which together is secured by substantially all of Crimson's assets. The revolving credit facility is for up to \$10,000,000 of availability in the aggregate for a five year term, and the term revolving credit facility is for up to \$50,000,000 in the aggregate. All obligations of Crimson under the revolving credit facility are collateralized by certain real property, including vineyards and certain winery facilities of Crimson, accounts receivable, inventory and intangible assets. Covenants include the maintenance of specified debt and equity ratios, limitations on the incurrence of additional indebtedness, limitations on dividends and other distributions to shareholders and restrictions on certain mergers, consolidations and sales of assets. In addition to unused line fees ranging from 0.25% to 0.375%, rates for the borrowings are priced based on a performance grid tied to certain financial ratios and the London Interbank Offered Rate, and would have been 1.652% to 1.954% at March 31, 2014. The revolving credit facility can be used to fund acquisitions, capital projects and other general corporate purposes. No amounts have been borrowed under the facility to date.

9. Stockholders' Equity:

In March 2014, the Board of Directors of Crimson authorized a share repurchase program that provides for the repurchase of up to \$2.0 million of outstanding common stock. At March 31, 2014, no stock had been purchased.

10. Revenues and Gross Profit:

The Company generates revenues from sales of wine to wholesalers and direct to consumers, sales of bulk wine and grapes, special event fees, tasting fees and retail sales. Revenues and gross profit for the three months ended March 31, 2014 and 2013 are as follows (in thousands):

Edgar Filing: Crimson Wine Group, Ltd - Form 10-Q

	2014 (Unaudited)	2013 (Unaudited)
Revenues:		
Wholesalers	\$ 8,125	\$ 7,477
Direct to consumers	4,588	4,226
Bulk wine and grape sales, event fees and retail sales	559	303
	\$ 13,272	\$ 12,006
Gross profit:		
Wholesalers	\$ 3,907	\$ 3,135
Direct to consumers	3,071	2,408
Bulk wine and grape sales, event fees and retail sales	24	76
	\$ 7,002	\$ 5,619

Excise taxes of \$258,000 and \$226,000 for the three months ended March 31, 2014 and 2013, respectively, were recognized as a reduction to wine sales.

11. Income Taxes:

The Company does not have any amounts in its consolidated balance sheet for unrecognized tax benefits related to uncertain tax positions at March 31, 2014 and December 31, 2013. As discussed in the 2013 Report, the Company will not be required to reimburse Leucadia for any payments made by Leucadia for adjustments to taxable periods prior to the Distribution, nor will the Company be entitled to any refunds for adjustments to taxable periods prior to the Distribution. The Company is responsible for any adjustments or liabilities related to its California state income tax return for all periods. The statute of limitations with respect to California state income tax returns has expired for all years through 2008.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Interim Operations.

Statements included in this Report may contain forward-looking statements. See "Cautionary Statement for Forward-Looking Information" below. The following should be read in conjunction with the Management's Discussion and Analysis of Financial Condition and Results of Operations included in the 2013 Report.

Seasonality

As discussed in the 2013 Report, the wine industry in general historically experiences seasonal fluctuations in revenues and net income. The Company typically has lower sales and net income during the first quarter and higher sales and net income during the fourth quarter. The Company anticipates similar trends in 2014.

Liquidity and Capital Resources

General

Crimson's principal sources of liquidity are its available cash, funds generated from operations and its revolving credit facility. In March 2013, Crimson entered into a \$60,000,000 revolving credit facility with American AgCredit, FLCA, as agent for the lenders identified in the revolving credit facility, comprised of a revolving loan facility and a term revolving loan facility, which together is secured by substantially all of Crimson's assets. The revolving credit facility is for up to \$10,000,000 of availability in the aggregate for a five year term, and the term revolving credit facility is for up to \$50,000,000 in the aggregate. All obligations of Crimson under the revolving credit facility are collateralized by certain real property, including vineyards and certain winery facilities of Crimson, accounts receivable, inventory and intangible assets. Covenants include the maintenance of specified debt and equity ratios, limitations on the incurrence of additional indebtedness, limitations on dividends and other distributions to shareholders and restrictions on certain mergers, consolidations and sales of assets. In addition to unused line fees ranging from 0.25% to 0.375%, rates for the borrowings are priced based on a performance grid tied to certain financial ratios and the London Interbank Offered Rate, and would have been 1.652% to 1.954% at March 31, 2014. The facility can be used to fund acquisitions, capital projects and other general corporate purposes. No amounts have been borrowed under the facility to date.

Prior to the Distribution, Crimson relied upon Leucadia for debt financing and equity contributions for all of its liquidity needs. As of February 25, 2013, the aggregate amount payable by Crimson to Leucadia and its affiliates was \$151,043,000, all of which was contributed to Crimson as capital prior to the Distribution. As a result, in the quarters subsequent to the first quarter of 2013, Crimson did not record interest expense relating to this Leucadia financing.

In March 2013, pursuant to the separation agreement entered into with Leucadia, Leucadia paid \$14,175,000 to Crimson as a capital contribution. No additional capital contributions from Leucadia are required or anticipated to be made.

As of March 31, 2014, Crimson's commitments for capital expenditures were not material. Crimson expects to spend approximately \$5,400,000 for capital expenditures during 2014, of which \$1,100,000 is for technology enhancements related to growth, including infrastructure expansion and to enhance capabilities now expected by consumers, including mobile commerce. As such, these expenditures do not relate to required maintenance or similar costs to sustain our existing operations. The remaining \$4,300,000 is for vineyard development, barrel purchases and other winery and facility improvements. Crimson expects to use its available cash and cash flows generated from operating activities to fund its capital expenditures.

In March, 2014, the board of directors of Crimson authorized a stock repurchase program pursuant to which the Company may repurchase up to \$2 million of the Company's common stock. The repurchases will be funded by available cash. How much common stock, if any, will be repurchased will depend on market conditions, including the price of the common stock.

Consolidated Statements of Cash Flows

Net cash provided by operating activities was \$1,591,000 and \$1,301,000 for the three months ended March 31, 2014 and 2013, respectively. Cash flows from operating activities improved during 2014 as compared to 2013, principally due to increased operating income, certain prior year payments for new standalone costs, offset slightly by increased grape payments in 2014 as compared to 2013, which pertain to the prior year harvest.

Net cash provided by operating activities also reflects less interest paid to Leucadia. Interest paid to Leucadia was zero and \$122,000 during the three months ended March 31, 2014 and 2013, respectively.

Net cash provided by (used for) investing activities was \$(1,238,000) and \$327,000 for the three months ended March 31, 2014 and 2013, respectively. Acquisition of property, equipment and leasehold improvements decreased in the first three months of 2014 as compared to the first three months of 2013, principally due to the 2013 capacity expansion at Seghesio Family Vineyards. 2013 proceeds from disposals of property and equipment include \$1,754,000 from the sale of a non-strategic vineyard. In addition, \$750,000 was used during the three months ended March 31, 2014 for investing in FDIC insured U.S. Certificates of Deposit.

Net cash provided by financing activities reflects \$1,700,000 of principal payments on debt to Leucadia and the Leucadia capital contribution of \$14,175,000, discussed above, for the three months ended March 31, 2013.

Results of Operations

Wholesalers	\$ 3,907	\$ 3,135
Direct to consumers	3,071	2,408
Bulk wine and grape sales, event fees and retail sales	24	76
	\$ 7,002	\$ 5,619
Operating expenses:		
Sales and marketing	\$ 3,048	\$ 2,632
General and administrative	2,207	2,007
Administrative service fees paid to Leucadia National Corporation	9	15

Crimson's wines are primarily sold to distributors, who then sell to retailers and restaurants. As permitted under federal and local regulations, Crimson has also been placing increased emphasis on generating revenue from direct sales to consumers which occur through wine clubs, at the wineries' tasting rooms and through the internet.

Edgar Filing: Crimson Wine Group, Ltd - Form 10-Q

Direct sales to consumers are more profitable for Crimson as it is able to sell its products at a price closer to retail prices rather than the wholesale price received from distributors. From time to time Crimson may sell grapes or bulk wine, because the wine does not meet the quality standards for Crimson's products, market conditions have changed resulting in reduced demand for certain products, or because Crimson may have produced more of a particular varietal than it can use. When these sales occur they may result in a loss.

Cost of sales includes grape and bulk wine costs, whether purchased or produced from Crimson's controlled vineyards, crush costs, winemaking and processing costs, bottling, packaging, warehousing and shipping and handling costs. For vineyard produced grapes, grape costs include annual farming costs and amortization of vineyard development expenditures. For wines that age longer than one year, winemaking and processing costs continue to be incurred and capitalized to the cost of wine, which can range from 3 to 36 months. Reductions to the carrying value of inventories to estimated net realizable value are also included in costs of sales.

At March 31, 2014, wine inventory includes approximately 660,000 cases of bottled and bulk wine in various stages of the aging process. Case wine is expected to be sold over the next 12 to 36 months and generally before the release date of the next vintage.

Income Statement

Consolidated Operations – Three months ended March 31, 2014 and 2013

Revenues increased for the three months ended March 31, 2014 as compared to 2013 as a result of a 8.9% increase in case sales, resulting in a \$648,000 increase in wholesale revenue and a \$362,000 increase in direct to consumer revenue, accompanied by a \$265,000 increase in bulk wine and grape sales. Direct to consumer revenue increase is the result of \$375,000 in Wine Club revenue, \$20,000 in Tasting Room revenue and \$13,000 in Special Events revenue, offset slightly by a \$46,000 decrease in E-Commerce revenue, primarily attributable to timing of sales initiatives. Gross profit increased \$1,383,000 in the three months ended March 31, 2014 as compared to 2013 reflecting an increase in case wine sales, a decrease in cost of goods sold per case predominately attributable to lower costs specific to newly released vintages for certain wines, and lower costs for direct to consumer freight. In addition to change in revenues, gross profit also reflects net losses on sales of bulk wine and grapes of \$123,000 and \$21,000 for the three months ended March 31, 2014 and 2013, respectively.

Crimson's sales and marketing expenses have a variable component that tends to correspond to changes in sales volume. Sales and marketing expenses increased \$416,000 for the three months ended March 31, 2014 as compared to 2013, which includes an increase of \$75,000 in variable cost components and \$341,000 in fixed cost components. Increase in variable sales and marketing expenses were primarily due to increases in broker commissions due to timing, and include final expense related to a terminated broker relationship which concluded March 31, 2014, and event expenses, offset slightly by a decrease in distributor initiatives as a result of timing of current year planned initiatives. Increases in fixed sales and marketing expenses were primarily due to increased compensation related expense of \$226,000, to accommodate growth and replace a significant broker in a top 5 U.S. market, internet redesign costs of \$49,000, increased contract services of \$20,000 for certain technology related to the

wholesale channel, and increased promotional materials costs of \$23,000 pertinent to new labels and marketing strategies.

General and administrative expenses increased \$200,000 in the three months ended March 31, 2014 as compared to 2013, principally due to \$59,000 increase in costs for services over three months in 2014 as compared to one month in 2013 to satisfy standalone public company requirements, \$79,000 increase in employee compensation as a result of strategic hires to manage growth, \$47,000 increase in travel as a result of strategic planning and sales initiatives, and \$42,000 increase in other taxes related to standalone franchise tax requirements.

Income tax increased \$687,000 for the three months ended March 31, 2014 as compared to the three months ended March 31, 2013 as a result of the reversal of the valuation allowance in the fourth quarter of 2013. The 2014 expense reflects the recognition of statutory income taxes, which was reflected as a component of the valuation allowance in 2013. The Company's effective tax rate, calculated by dividing the income tax provision by net income before income tax expense, is affected by recurring items such as the relative amount of income earned in jurisdictions, which we expect to be fairly consistent in the near term. It is also affected by discrete

items that may occur in any given year, but are not consistent from year to year. The Company's effective income tax rate is higher than the federal statutory rate primarily due to state income taxes.
