Item 7.01.Regulation FD.

On March 30, 2016, Pennsylvania-American Water Company, a wholly owned subsidiary of American Water Works Company, Inc. (the “Company”), issued a press release announcing that it has entered into an Asset Purchase Agreement, dated as of March 29, 2016, with The Sewer Authority of the City of Scranton (the “SSA”). Additional information on the Asset Purchase Agreement and the transactions contemplated thereby is included in response to Item 8.01 to this Current Report on Form 8-K. A copy of the press release has been included as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated by reference in response to this Item 7.01. A copy of an Acquisition Fact Sheet, dated March 30, 2016, to be used by the Company in connection with discussions about the Asset Purchase Agreement and the System Purchase (as defined below), has been included as Exhibit 99.2 to this Current Report on Form 8-K and is incorporated by reference in response to this Item 7.01.

The information furnished in response to this Item 7.01, including Exhibits 99.1 and 99.2, shall not be deemed to be “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), nor shall they be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended (the “Securities Act”), or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.

Item 8.01.Other Events.

On March 29, 2016, Pennsylvania American Water entered into an Asset Purchase Agreement with the SSA whereby Pennsylvania American Water is to acquire substantially all of the wastewater collection and treatment system assets of the SSA (the “System Assets”) for a total transaction value of approximately \$195.0 million, subject to certain adjustments as provided in the Asset Purchase Agreement (the “System Purchase”). The SSA currently uses the System Assets to service approximately 31,000 wastewater customers in the City of Scranton and Dunmore Borough, Pennsylvania.

Pennsylvania American Water is seeking to close the System Purchase by September 30, 2016. If the closing does not occur on or before October 15, 2016 (the “Termination Date”), either party may terminate the Asset Purchase Agreement so long as the terminating party is not in breach or default of its obligations thereunder. Each party has the right, subject to certain conditions, to extend the Termination Date to a date that is not later than December 31, 2016, and if any of the regulatory conditions specified in the Asset Purchase Agreement have not been satisfied as of the extended Termination Date, each party would have the right to extend the Termination Date again to a date that is not later than March 31, 2017. The Asset Purchase Agreement may also be terminated under specified conditions, including, without limitation, with respect to: a material adverse effect (as defined in the Asset Purchase Agreement) involving the SSA or its wastewater system; a condemnation or casualty involving the SSA’s real property or the System Assets; the inability of the SSA to comply with specified covenants with respect to title to properties and occupancy agreements; and the inability to obtain a required governmental approval or consent, or the conditioning of such a consent or approval in a manner that is deemed unacceptable to the parties.

The SSA is currently subject to a Consent Decree with the U.S. Environmental Protection Agency (the “EPA”) and the Pennsylvania Department of Environmental Protection (“PaDEP”), which requires the SSA to complete significant upgrades to its sewer system at an estimated cost of \$140 million. As a part of the System Purchase, Pennsylvania American Water will be required to cause the Consent Decree to be amended to allow it to assume the obligations and liabilities of the SSA thereunder. The closing of the System Purchase is subject to the approval of the Pennsylvania Public Utility Commission, and, with respect to the amendment of the Consent Decree, the consent of the EPA,

PaDEP, the U.S. Department of Justice and the U.S. District Court for the Middle District of Pennsylvania. The closing of the System Purchase is also subject to the compliance of the parties with various interim affirmative and negative covenants, as well as the satisfaction of various required and customary conditions to closing.
