PROXY STATEMENT FOR THE 2016 ANNUAL MEETING OF STOCKHOLDERS

March 18, 2016

GENERAL INFORMATION

Information about Solicitation and Voting

The accompanying proxy is solicited on behalf of Marin Software Incorporated's board of directors for use at Marin Software Incorporated's 2016 Annual Meeting of Stockholders to be held on April 26, 2016, at 11:00 a.m. Pacific Time (the "Meeting"), and any adjournment or postponement thereof. This Proxy Statement and the accompanying form of proxy were first mailed to stockholders on or about March 18, 2016. Our Annual Report on Form 10-K for the year ended December 31, 2015 is enclosed with this proxy statement. An electronic copy of this proxy statement and Annual Report on Form 10-K for the year ended December 31, 2015 are available at www.proxyvote.com.

Information About the Meeting

Purpose of the Meeting

You are receiving this proxy statement because the Board is soliciting your proxy to vote your shares at the Meeting with respect to the proposals described in this proxy statement. This proxy statement includes information that we are required to provide to you pursuant to the rules and regulations of the U.S. Securities and Exchange Commission (“SEC”) and is designed to assist you in voting your shares.

Record Date; Quorum

Only holders of record of common stock at the close of business on March 11, 2016, the record date, will be entitled to vote at the Meeting. At the close of business on March 11, 2016, we had 38,125,807 shares of common stock outstanding and entitled to vote. For ten days prior to the Meeting, a complete list of the stockholders entitled to vote at the Meeting will be available for examination by any stockholder for any purpose relating to the Meeting during ordinary business hours at our headquarters.

The holders of a majority of the voting power of the shares of our common stock entitled to vote at the Meeting as of the record date must be present at the Meeting in order to hold the Meeting and conduct business. This presence is called a quorum. Your shares are counted as present at the Meeting if you are present and vote in person at the Meeting or if you have properly submitted a proxy.

Voting Rights; Required Vote

In deciding all matters at the Meeting, each holder of shares of our common stock is entitled to one vote for each share of our common stock held as of the close of business on March 11, 2016, the record date. We do not have cumulative voting rights for the election of directors. You may vote all shares owned by you as of March 11, 2016, including (1) shares held directly in your name as the stockholder of record, and (2) shares held for you as the beneficial owner in street name through a broker, bank, trustee, or other nominee.

Stockholder of Record: Shares Registered in Your Name. If, on March 11, 2016, your shares were registered directly in your name with our transfer agent, Computershare, then you are considered the stockholder of record with respect to those shares. As a stockholder of record, you may vote at the Meeting or vote by telephone or by Internet, or if you request or receive paper proxy materials by mail, by filling out and returning the proxy card.

Table of Contents

Beneficial Owner: Shares Registered in the Name of a Broker or Nominee. If, on March 11, 2016, your shares were held in an account with a brokerage firm, bank or other nominee, then you are the beneficial owner of the shares held in street name. As a beneficial owner, you have the right to direct your nominee on how to vote the shares held in your account, and it has enclosed or provided voting instructions for you to use in directing it on how to vote your shares. However, the organization that holds your shares is considered the stockholder of record for purposes of voting at the Meeting. Because you are not the stockholder of record, you may not vote your shares at the Meeting unless you request and obtain a valid proxy from the organization that holds your shares giving you the right to vote the shares at the Meeting.

Each director will be elected by a plurality of the votes cast, which means that the three individuals nominated for election to the board of directors at the Meeting receiving the highest number of “FOR” votes will be elected. You may either vote “FOR” all of the nominees, “WITHHOLD” your vote with respect to all of the nominees, or “FOR” all of the nominees except for any of the nominees that you specify. Approval of Proposal No. 2 will be obtained if the number of votes cast “FOR” such proposal at the Meeting exceeds the number of votes “AGAINST” such proposal. Abstentions (shares present at the Meeting and marked “abstain”) are counted for purposes of determining whether a quorum is present, and have no effect on the outcome of the matters voted upon. Broker non-votes occur when shares held by a broker for a beneficial owner are not voted either because (i) the broker did not receive voting instructions from the beneficial owner, or (ii) the broker lacked discretionary authority to vote the shares. Broker non-votes are counted for purposes of determining whether a quorum is present, and have no effect on the outcome of the matters voted upon. Note that if you are a beneficial holder and do not provide specific voting instructions to your broker, the broker that holds your shares will not be authorized to vote on the election of directors. Accordingly, we encourage you to provide voting instructions to your broker, whether or not you plan to attend the Meeting.

Recommendations of the Board of Directors on Each of the Proposals Scheduled to be Voted on at the Meeting

The board of directors recommends that you vote **FOR** each of the Class III directors named in this proxy statement (Proposal No. 1) and **FOR** the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016 (Proposal No. 2). None of the directors or executive officers has any substantial interest in any matter to be acted upon, other than elections to office with respect to the directors so nominated.

Voting Instructions; Voting of Proxies

If you are a stockholder of record, you may:

Edgar Filing: MARIN SOFTWARE INC - Form DEF 14A

- vote in person—we will provide a ballot to stockholders who attend the Meeting and wish to vote in person;
- vote via telephone or Internet—in order to do so, please follow the instructions shown on your proxy card; or

• vote by mail—if you request or receive a paper proxy card and voting instructions by mail, simply complete, sign and date the enclosed proxy card and return it before the Meeting in the envelope provided.

Votes submitted by telephone or Internet must be received by 11:59 pm Eastern Time on April 25, 2016. Submitting your proxy, whether via the Internet, by telephone, or by mail if you request or received a paper proxy card, will not affect your right to vote in person should you decide to attend the Meeting. If you are not the stockholder of record, please refer to the voting instructions provided by your nominee to direct it how to vote your shares. For Proposal No. 1, you may either vote “FOR” all of the nominees, “WITHHOLD” your vote with respect to all nominees or “FOR” all nominees except for any of the nominees that you specify. For Proposal No. 2, you may vote “FOR” or “AGAINST” or “ABSTAIN” from voting. Your vote is important. Whether or not you plan to attend the Meeting, we urge you to vote by proxy to ensure that your vote is counted.

All proxies will be voted in accordance with the instructions specified on the proxy card. If you sign a physical proxy card and return it without instructions as to how your shares should be voted on a particular proposal at the Meeting, your shares will be voted in accordance with the recommendations of our board of directors stated above.

If you do not vote and you hold your shares in street name, and your broker does not have discretionary power to vote your shares, your shares may constitute “broker non-votes” (as described above) and will not be counted in determining the number of shares necessary for approval of the proposals. However, shares that constitute broker non-votes will be counted for the purpose of establishing a quorum for the Meeting.

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. To make certain all of your shares are voted, please follow the instructions included on each proxy card and vote each proxy

Table of Contents

card by telephone or Internet. If you requested or received paper proxy materials by mail, please complete, sign and return each proxy card to ensure that all of your shares are voted.

Expenses of Soliciting Proxies

Marin will pay the expenses of soliciting proxies. Following the original mailing of the soliciting materials, Marin and its agents may solicit proxies by mail, electronic mail, telephone, facsimile, by other similar means, or in person. Our directors, officers, and other employees, without additional compensation, may solicit proxies personally or in writing, by telephone, email, or otherwise. Following the original mailing of the soliciting materials, Marin will request brokers, custodians, nominees and other record holders to forward copies of the soliciting materials to persons for whom they hold shares and to request authority for the exercise of proxies. In such cases, Marin, upon the request of the record holders, will reimburse such holders for their reasonable expenses. If you choose to access the proxy materials through the Internet, you are responsible for any Internet access charges you may incur.

Revocability of Proxies

Any person signing a proxy card in the form accompanying this proxy statement has the power to revoke it at any time before it is voted. Registered holders may revoke a proxy by (i) signing and returning a proxy card with a later date, (ii) delivering a written notice of revocation to Broadridge, 51 Mercedes Way, Edgewood, New York 11717, (iii) voting again by telephone or over the Internet or (iv) attending the Meeting and voting in person. The mere presence at the Meeting of a stockholder who has previously appointed a proxy will not revoke the appointment. Please note, however, that if a stockholder's shares are held of record by a broker, bank, trustee or other nominee and that stockholder wishes to vote at the Meeting, the stockholder must bring to the Meeting a letter from the broker, bank, trustee or other nominee confirming the stockholder's beneficial ownership of the shares and that the broker, bank, trustee or other nominee is not voting the shares at the Meeting. In the event of multiple online or telephone votes by a stockholder, each vote will supersede the previous vote and the last vote cast will be deemed to be the final vote of the stockholder unless such vote is revoked in person at the Meeting.

Voting Results

Voting results will be tabulated and certified by the inspector of elections appointed for the Meeting. The preliminary voting results will be announced at the Meeting and posted on our website at <http://investor.marinsoftware.com/>. The final results will be tallied by the inspector of elections and filed with the SEC in a Current Report on Form 8-K within four business days of the Meeting.

Table of Contents

BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD; CORPORATE GOVERNANCE STANDARDS AND DIRECTOR INDEPENDENCE

Marin is strongly committed to good corporate governance practices. These practices provide an important framework within which our board of directors and management can pursue our strategic objectives for the benefit of our stockholders.

Corporate Governance Guidelines; Share Pledging Policy

Our board of directors has adopted Corporate Governance Guidelines that set forth our expectations for directors, director independence standards, board committee structure and functions, and other policies regarding our corporate governance. Our Corporate Governance Guidelines are available on the Investor section of our website, which is located at <http://investor.marinsoftware.com/>, by clicking on “Corporate Governance Guidelines,” under “Corporate Governance.” Our nominating and corporate governance committee reviews the Corporate Governance Guidelines periodically, and changes are recommended to our board of directors with respect to changes as warranted.

In December 2015, our board of directors made a change to our Insider Trading Policy to strictly prohibit directors and officers from being able to pledge shares of Marin stock as collateral for personal loans. Previously the policy allowed directors and officers to do so if the company’s compliance officer authorized it as long as the director or officer had the financial capacity to repay the loan without resort to the pledged securities. See also “*Other Compensation Policies – Share Pledging Policy*” on page 24.

Board Leadership Structure

Our Corporate Governance Guidelines provide that our board of directors shall be free to choose its chairman in any way that it considers in the best interests of our company, and that the nominating and corporate governance committee shall periodically consider the leadership structure of our board of directors and make such recommendations related thereto to our board of directors with respect thereto as the nominating and corporate governance committee deems appropriate. Our Corporate Governance Guidelines also provide that, when the positions of chairman and chief executive officer are held by the same person, the independent directors shall designate a “lead independent director.” In cases in which the chairman and chief executive officer are the same person, the chairman schedules and sets the agenda for meetings of the board of directors, and the chairman, or if the chairman is not present, the lead independent director chairs such meetings. The responsibilities of the chairman or, if the chairman and the chief executive officer are the same person, the lead independent director include: presiding at executive sessions; serving as a liaison between the chairman and the independent directors and being available, under

appropriate circumstances, for consultation and direct communication with stockholders.

Our board of directors believes that our stockholders and we currently are best served by having David Yovanno, our CEO, serve as a member of the board, Christopher Lien, our founder, serve as chairman of the board, and Bruce W. Dunlevie serve as lead independent director. Our board of directors believes that the current board leadership structure, coupled with a strong emphasis on board independence, provides effective independent oversight of management while allowing the board and management to benefit from Mr. Lien's and Mr. Yovanno's extensive executive leadership and operational experience, including familiarity with our business. Our independent directors bring experience, oversight and expertise from outside of our company, while Mr. Yovanno and Mr. Lien bring company-specific experience and expertise. Our board of directors believes that this governance structure provides strong leadership, creates clear accountability, and enhances our ability to communicate our message and strategy clearly and consistently to stockholders.

Our Board of Directors' Role in Risk Oversight

Our board of directors, as a whole, has responsibility for risk oversight, although the committees of our board of directors oversee and review risk areas that are particularly relevant to them. The risk oversight responsibility of our board of directors and its committees is supported by our management reporting processes, which are designed to provide visibility to the board of directors and to our personnel who are responsible for risk assessment and information about the identification, assessment and management of critical risks and management's risk mitigation strategies. These areas of focus include, but are not limited to, competitive, economic, operational, financial (accounting, credit, liquidity, and tax), legal and compliance risks.

Each committee of the board of directors meets with key management personnel and representatives of outside advisors to oversee risks associated with their respective principal areas of focus. The audit committee reviews our major financial and legal compliance risk exposures and monitors the steps management has taken to mitigate and control such exposures, including our risk assessment and risk management policies and guidelines. The compensation committee reviews risks and exposures associated with compensation programs and arrangements, including incentive plans.

Table of Contents

Independence of Directors

Our board of directors determines the independence of our directors by applying the applicable rules, regulations and listing standards of the New York Stock Exchange (“NYSE”). These provide that a director is independent only if the board affirmatively determines that the director has no direct or indirect material relationship with our company. They also specify various relationships that preclude a determination of director independence. Material relationships may include commercial, industrial, consulting, legal, accounting, charitable, family and other business, professional and personal relationships.

Applying these standards, our board of directors annually reviews the independence of our directors, taking into account all relevant facts and circumstances. In its most recent review, the board considered, among other things, the relationships that each non-employee director has with our company and all other facts and circumstances our board of directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

Based upon this review, our board of directors has determined that all of the members of our board and nominees, other than Mr. Yovanno and Mr. Lien, are currently independent as determined under applicable rules, regulations and listing standards of the NYSE. All members of our audit committee, compensation committee, nominating and corporate governance committee must be independent directors under the applicable rules, regulations and listing standards of the NYSE. Members of the audit committee must also satisfy a separate SEC independence requirement, which provides that they may not (1) accept directly or indirectly any consulting, advisory or other compensatory fee from Marin or any of its subsidiaries other than their directors’ compensation (including in connection with such member’s service as a partner, member or principal of a law firm, accounting firm or investment banking firm that accepts consulting or advisory fees from Marin or any of its subsidiaries) or (2) be an affiliated person of Marin or any of its subsidiaries. Members of the compensation committee also must satisfy a separate SEC independence requirement and a related NYSE listing standard relating to their affiliation with Marin and what advisory, consulting or other fees they may have received from Marin. Our board of directors has determined that all members of our audit committee, compensation committee and nominating and corporate governance committee are independent and all members of our audit committee satisfy the relevant SEC additional independence requirements for the members of such committee.

Committees of Our Board of Directors

Our board of directors has established an audit committee, a compensation committee and a nominating and corporate governance committee. The composition and responsibilities of each committee are described below. Each of these committees has a written charter approved by the board of directors. Copies of the charters for each committee are available, without charge, upon request in writing to Marin Software Incorporated, 123 Mission Street, 27th Floor, San

Francisco, California 94105, Attn: General Counsel or by clicking on “Corporate Governance” in the Investor section of our website, <http://investor.marinsoftware.com/>. Members serve on these committees until their resignations or until otherwise determined by our board of directors.

Audit Committee

Our audit committee is comprised of Mr. Auvil, who is the chair of the audit committee, Mr. Barrese and Mr. Crovitz. The composition of our audit committee meets the requirements for independence under current NYSE and SEC rules, regulations and listing standards. Each member of our audit committee is financially literate as required by NYSE listing standards. In addition, our board of directors has determined that each of Mr. Auvil and Mr. Crovitz is an audit committee financial expert within the meaning of Item 407(d) of Regulation S-K under the Securities Act of 1933, as amended. Our audit committee is directly responsible for, among other things:

• selecting a firm to serve as the independent registered public accounting firm to audit our financial statements and overseeing their work;

- reviewing the continuing independence of the independent registered public accounting firm;

• discussing the scope and results of the audit with the independent registered public accounting firm, and reviewing, with management and that firm, our interim and year-end operating results;

• establishing procedures for employees and others to submit anonymously concerns about questionable accounting or audit matters;

• considering and reviewing the adequacy of our disclosure controls and internal controls over financial reporting;

- reviewing material related party transactions or those that require disclosure; and

• approving or, as permitted, pre-approving all audit and non-audit services to be performed by the independent registered public accounting firm.

Table of Contents

Compensation Committee

Our compensation committee is comprised of Mr. Hutchison, who is the chair of the compensation committee, Mr. Dunlevie and Mr. Leinwand. The composition of our compensation committee meets the requirements for independence under current NYSE and SEC rules, regulations and listing standards. Each member of this committee is also a non-employee director, as defined pursuant to Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), an outside director, as defined pursuant to Section 162(m) of the Code and is “independent” as defined in Section 303A.02(a)(ii) of the NYSE rules and Rule 10C-1 promulgated under the Exchange Act. The purpose of our compensation committee is to discharge the responsibilities of our board of directors relating to compensation of our executive officers. Our compensation committee is responsible for, among other things:

• reviewing and approving, or recommending that our board of directors approve, the compensation of our executive officers;

- reviewing and approving, or recommending to our board of directors the compensation of our directors;

• reviewing and approving, or recommending to our board of directors the terms of any compensatory agreements with our executive officers;

- administering our stock and equity incentive plans;

• reviewing and approving, or making recommendations to our board of directors with respect to, cash-based and equity-based incentive compensation; and

- reviewing our overall compensation strategy.

The compensation committee has the exclusive authority and responsibility to determine all aspects of executive compensation packages for executive officers, including the chief executive officer, and makes recommendations to our board of directors regarding the compensation of non-employee directors. The compensation committee may take into account the recommendations of the chief executive officer with respect to compensation of the other executive officers.

The compensation committee engaged an external compensation consultant, Compensia, Inc. (“Compensia”), a national compensation consulting firm, to evaluate our executive compensation program and practices and to provide advice and ongoing assistance on executive compensation matters for the fiscal year ended on December 31, 2015.

Specifically, Compensia was engaged to:

• provide compensation-related data for a peer group of companies to serve as a basis for assessing competitive compensation practices;

• review and assess our current executive officer compensation policies and practices and equity profile relative to market practices; and

• review and assess our current executive compensation program relative to market to identify any potential changes or enhancements to be brought to the attention of the compensation committee.

During fiscal 2015, Compensia worked for the compensation committee (and not on behalf of management) to assist the committee in satisfying its responsibilities and undertook no projects for management without the committee's prior approval. The compensation committee has determined that none of the work performed by Compensia during fiscal 2015 raised any conflict of interest.

The compensation committee has delegated, in accordance with applicable law, rules and regulations and our certificate of incorporation and bylaws, to a plan grant administrator, the authority to make certain types of equity awards to service providers under our 2013 Equity Incentive Plan pursuant to the terms of such plan and the equity award policy approved by our compensation committee. During fiscal 2015, the plan grant administrator was comprised of the chief executive officer and the general counsel. In accordance with our equity award policy, any equity award granted by the plan grant administrator that vests solely based on continuous service, shall vest as follows: (i) with respect to options as to the first twenty-five percent (25%) of the shares subject to the option after the recipient completes twelve (12) months of continuous service from the date of grant and as to an additional 1/48th of the total shares subject to the option when the recipient completes each month of continuous service thereafter and (ii) with respect to all other equity awards as to the first twenty-five percent (25%) of the shares or units awarded after the recipient completes twelve (12) months of continuous service from the date of grant and as to an additional twenty-five percent (25%) of the total shares or units awarded when the recipient completes each year of continuous service thereafter.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee is comprised of Mr. Crovitz, who is the chair of the nominating and corporate governance committee, Mr. Dunlevie and Ms. Middleton. The composition of our nominating and corporate governance committee meets the requirements for independence under current NYSE and SEC rules, regulations and listing standards. Our nominating and corporate governance committee is responsible for, among other things:

- identifying, evaluating, recruiting, and recommending candidates for membership on our board of directors;

- reviewing and recommending changes to our corporate governance and code of conduct guidelines and policies;
 - reviewing proposed waivers of the code of conduct for directors and executive officers;

 - assisting our board of directors on corporate governance matters.

Compensation Committee Interlocks and Insider Participation

The members of our compensation committee during 2015 were Mr. Dunlevie, Mr. Hutchison and Mr. Leinwand. None of the members of our compensation committee in 2015 was at any time during 2015 or at any other time an officer or employee of Marin or any of its subsidiaries, and none had or has any relationships with Marin that are required to be disclosed under Item 404 of Regulation S-K, except as provided under the Related Party Transactions section below. None of our executive officers has served as a member of the board of directors, or as a member of the compensation or similar committee, of any entity that has one or more executive officers who served on our board of directors or compensation committee during 2015.

Board and Committee Meetings and Attendance

Our board of directors and its committees meet throughout the year on a set schedule, and also hold special meetings and act by written consent from time to time. During 2015:

- Our board of directors held seven meetings and acted by unanimous written consent three times;
- Our audit committee held eight meetings and did not act by unanimous written consent;
- Our compensation committee held five meetings and acted by unanimous written consent twice; and

Our nominating and corporate governance committee held one meeting and acted by unanimous written consent once.

None of the directors attended fewer than 75% of the aggregate of the total number of meetings held by the board of directors and the total number of meetings held by all committees of the board of directors on which such director served (during the period that such director served on the board of directors and any committee thereof).

Board Attendance at Annual Stockholders' Meeting

Our policy is to invite and encourage each member of our board of directors to be present at our annual meetings of stockholders. David Yovanno, Christopher Lien, James Barrese, Gordon Crovitz (by telephone), Donald Hutchison, and Bruce Dunlevie were present at our 2015 annual meeting of stockholders held on April 22, 2015.

Presiding Director of Non-Employee Director Meetings

The non-employee directors meet in regularly scheduled executive sessions without management to promote open and honest discussion. Our lead independent director, currently Mr. Dunlevie, is the presiding director at these meetings.

NOMINATIONS PROCESS AND DIRECTOR QUALIFICATIONS

Nomination to the Board of Directors

Candidates for nomination to our board of directors are selected by our board of directors based on the recommendation of the nominating and corporate governance committee in accordance with the committee’s charter, our certificate of incorporation and bylaws, our corporate governance guidelines, and the criteria adopted by the board of directors regarding director candidate qualifications. In recommending candidates for nomination, the nominating and corporate governance committee considers candidates recommended by directors, officers, employees, stockholders and others, using the same criteria to evaluate all candidates. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate and, in addition, the committee may engage consultants or third-party search firms to assist in identifying and evaluating

potential nominees.

Additional information regarding the process for properly submitting stockholder nominations for candidates for membership on our board of directors is set forth below under “Stockholder Proposals to Be Presented at Next Annual Meeting.”

Director Qualifications

With the goal of developing a diverse, experienced and highly-qualified board of directors, the nominating and corporate governance committee is responsible for developing and recommending to our board of directors the desired qualifications, expertise and characteristics of members of our board of directors, including the specific minimum qualifications that the committee believes must be met by a committee-recommended nominee for membership on our board of directors and any specific qualities or skills that the committee believes are necessary for one or more of the members of our board of directors to possess.

Since the identification, evaluation and selection of qualified directors is a complex and subjective process that requires consideration of many intangible factors, and will be significantly influenced by the particular needs of the board of directors from time to time, our board of directors has not adopted a specific set of minimum qualifications, qualities or skills that are necessary for a nominee to possess, other than those that are necessary to meet U.S. legal, regulatory and NYSE listing requirements and the provisions of our certificate of incorporation, bylaws, corporate governance guidelines, and charters of the committees of our board of directors. In addition, neither our board of directors nor the nominating and corporate governance committee has a formal policy with regard to the consideration of diversity in identifying nominees. When considering nominees, the nominating and corporate governance committee may take into consideration many factors including, among other things, a candidate’s independence, integrity, skills, financial and other expertise, breadth of experience, and knowledge about our business or industry and ability to devote adequate time and effort to responsibilities of the board of directors in the context of its existing composition. Through the nomination process, the nominating and corporate governance committee seeks to promote board membership that reflects a diversity of business experience, expertise, viewpoints, personal backgrounds and other characteristics that are expected to contribute to the board of directors’ overall effectiveness. The brief biographical description of each director and director nominee set forth in Proposal No. 1 below includes the primary individual experience, qualifications, attributes and skills of each of our directors that led to the conclusion that each director should serve as a member of our board of directors at this time.

Table of Contents**PROPOSAL NO. 1****ELECTION OF DIRECTORS**

Our board of directors currently consists of nine directors and is divided into three classes. Each class serves for three years, with the terms of office of the respective classes expiring in successive years. Directors in Class III will stand for election at our annual meeting to be held on April 26, 2016. The terms of office of directors in Class I and Class II do not expire until the annual meetings of stockholders held in 2017 and 2018, respectively. At the recommendation of the nominating and governance committee, our board of directors proposes that the three Class III nominees named below, each of whom is currently serving as a director in Class III, be elected as a Class III director for a three-year term expiring at the 2019 Annual Meeting of Stockholders and until such director's successor is duly elected and qualified or until such director's earlier resignation or removal.

Shares represented by proxies will be voted "FOR" the election of each of the three nominees named below, unless the proxy is marked to withhold authority to so vote. If any nominee for any reason is unable to serve or for good cause will not serve, the proxies may be voted for such substitute nominee as the proxy holder might determine. Each nominee has consented to being named in this proxy statement and to serve if elected.

(1) The amount shown in this column represents the grant date fair value of restricted stock units granted to Mr. Yovanno in May 2014 in connection with his offer letter to join the company, as computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 (“ASC 718”). The assumptions used in calculating the grant date fair value are set forth in Note 12 to the audited consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2015 (“2015 Form 10-K”). Note that the amount reported in this column reflects the accounting cost for these restricted stock units and do not correspond to the actual economic value that may be received by Mr. Yovanno.

(2) The amounts shown in this column represent the grant date fair value of the stock options granted to the named executive officers during 2014 and 2015 as computed in accordance with ASC 718. Note that the amounts reported in this column reflect the accounting cost for these stock options, and do not correspond to the actual economic value that may be received by the named executive officers from the options.

(3) The amounts in this column represent total performance-based bonuses earned for services rendered in 2014 and 2015 pursuant to the terms of our Executive Bonus Plan. For 2015, in September 2015, our Compensation Committee reduced the target level of funding for the Executive Bonus Plan to (i) 50% of the target annual bonus potential for Mr. Yovanno and (ii) 60% of the target annual bonus potential for Mr. Kim and Mr. Lien based on Marin’s year-to-date financial performance at that time. Mr. Yovanno would receive the reduced target bonus potential if the company achieved both positive adjusted EBITDA in the quarter ended December 31, 2015 and annual revenue in 2015 of at least \$106.5 million (such metrics, the “Bonus Funding Metrics”). Mr. Kim’s reduced target bonus potential would be funded based on the company meeting the Bonus Funding Metrics, and his actual bonus would be paid based on his achievement of his individual objectives for 2015. The company achieved both Bonus Funding Metrics. Accordingly, Mr. Yovanno received 50% of his target bonus potential. Additionally, Mr. Kim met his individual objectives, which included legal and human resources goals, for which Mr. Kim provides executive leadership, and as a result, he received 60% of his target annual bonus potential for 2015. Achievement under the Executive

Offer Letters and Arrangements

We have entered into employment offer letters with Mr. Yovanno, Ms. Fallon and Mr. Kim. Mr. Lien, one of our founders, never entered into an offer letter agreement with the company, but did enter into a Severance and Change of Control Agreement with the company pursuant to which we granted him certain severance benefits as described below under "Separation Agreements."

In addition, on May 12, 2014, in accordance with the terms of his offer letter, Mr. Yovanno was granted 90,000 restricted stock units, pursuant to which shares of common stock are to be issued as the restricted stock units vest. In addition, the offer letter provided for reimbursement of relocation costs not to exceed \$40,000, based on receipts for actual costs incurred with three months of Ms. Fallon's start date with the company. On August 10, 2015, in accordance with the terms of her offer letter, Ms. Fallon was granted a stock option to purchase 275,000 shares of our common stock at an exercise price of \$3.66 per share, which was equal to the fair market value of our common stock on the date the option was granted as determined by our board of directors. In addition, the shares underlying all unvested equity awards held by the individual immediately prior to such termination will become vested and exercisable in full.

Each of Mr. Kim and Ms. Fallon is a party to a Severance and Change in Control Agreement with the company providing for potential payments and benefits in the event of employment termination. The agreements provide as follows:

Term: The agreement terminates upon the earlier of June 30, 2016 or the date employment is terminated for a reason other than a “qualifying termination.” A “qualifying termination” is defined as a separation occurring within three months preceding or twelve months following a change in control (i) for any reason other than cause, as defined in the agreement or (ii) resulting from a voluntary resignation for good reason, as defined in the agreement. The agreement renews automatically for an additional three year terms unless we provide notice of non-renewal at least 90 days prior to the expiration date.

Termination other than in connection with a change in control. In the event of a termination without cause other than in connection with a change in control, the individual would be entitled to receive severance benefits equal to six months of his or her then current annual base salary and the monthly benefits premium under COBRA for six months.

Termination in connection with a change in control. In the event of a qualifying termination, following a change in control (as defined in the severance agreement) of our company, the individual would be entitled to receive severance benefits equal to six months of his or her then-current annual base salary and the monthly benefits premium under COBRA for six months. In addition, the shares underlying all unvested equity awards held by him or her immediately prior to such termination will become vested and exercisable in full.

We believe that these protections assisted us in attracting these individuals to join our company. We also believe that these protections serve our executive retention objectives by helping the named executive officers maintain continued focus and dedication to their responsibilities to maximize stockholder value, including in the event that there is a potential transaction that could involve a change in control of our company. The terms of these agreements were determined after review by our board of directors or the compensation committee, as applicable, of our retention goals for each named executive officer.

The table below presents estimated payments and benefits that would have been provided to each of our current named executive officers assuming their respective qualifying terminations as of December 31, 2015. As a condition of receiving any severance benefits in connection with the change in control agreements, each executive must execute a full waiver and release of all claims in our favor. In addition to the benefits described in the tables below, upon termination of employment executive officers may be eligible for other benefits that are generally available to all salaried employees, such as life insurance, long-term disability, and 401(k) benefits.

Other Compensation Policies

Stock Ownership Guidelines

Currently, we have not implemented a policy regarding minimum stock ownership requirements for our executive officers, including the named executive officers.

Compensation Recovery Policy

Currently, we have not implemented a policy regarding retroactive adjustments to any cash or equity-based incentive compensation paid to our executive officers and other employees where the payments were predicated upon the achievement of financial results that were subsequently the subject of a financial restatement. We intend to adopt a general compensation recovery (clawback) policy covering our annual and long-term incentive award plans and arrangements once we are a publicly-traded company and after the SEC adopts final rules implementing the requirement of Section 954 of the Dodd-Frank Act.

Derivatives Trading and Hedging Policy

Our insider trading policy prohibits the use of puts, calls or shorts related to our shares by our directors, officers and employees.

Share Pledging Policy

Our insider trading policy, revised on December 15, 2015, provides that no employee, officer or director may purchase company securities on margin, borrow against any account in which company securities are held, or pledge company securities as collateral for a loan. Notwithstanding the foregoing, an employee who is not an officer or director may pledge company securities as collateral for a loan (not including margin debt) if such employee can clearly demonstrate the financial capacity to repay the loan without resort to the pledged securities. An employee who is not an officer or director wishing to pledge company securities as collateral for a loan must: (i) submit a request for pre-clearance to our compliance officer at least two weeks prior to the proposed execution of documents evidencing the proposed pledge and (ii) provide evidence of the financial capacity to repay the loan without resort to the pledged securities. Our compliance officer, in his or her sole discretion, shall make the determination as to whether the necessary financial capacity has been demonstrated.
