COMPENSATION PHILOSOPHY

The Board of Directors and management believe it is in the best interest of the Company's shareholders, employees, suppliers and customers to balance the need to reinvest available cash flow to build the Company's equity base with the need to attract and retain key employees. The Company has no securities authorized for issuance under equity compensation plans. The Board of Director's has established and maintains a Compensation Committee comprised of all of the independent directors. The Compensation Committee reviews and approves the compensation of all executive officers of the Company.

TRANSACTIONS WITH RELATED PARTIES

Mr. K. S. Adams, Jr., Chairman and Chief Executive Officer, and certain of his family partnerships and affiliates have participated as working interest owners with the Company's subsidiary, Adams Resources Exploration Corporation. Mr. Adams and such affiliates participate on terms no better than those afforded the non-affiliated working interest owners. In recent years, such related party transactions tend to result after the Company has first identified oil and gas prospects of interest. Due to capital budgeting constraints, typically the available dollar commitment to participate in such transactions is greater than the amount management is comfortable putting at risk. In such event, the Company first determines the percentage of the transaction it wants to obtain, which allows a related party to participate in the investment to the extent there is excess available. Such related party transactions are individually reviewed and approved by a committee of independent directors on the Company's Board of Directors. As of December 31, 2004, the Company owed a combined net total of \$349,500 to these related parties. In connection with the operation of certain oil and gas properties, the Company also charges such related parties for administrative overhead primarily as prescribed by the Council of Petroleum Accountants Society ("COPAS") Bulletin 5. Such overhead recoveries totaled \$152,000 in 2004.

David B. Hurst, Secretary of the Company, is a partner in the law firm of Chaffin & Hurst. The Company has been represented by Chaffin & Hurst since 1974 and plans to use the services of that firm in the future. Chaffin & Hurst currently leases office space from the Company. Transactions with Chaffin & Hurst are on the same terms as those prevailing at the time for comparable transactions with unrelated entities.

The Company also enters into certain transactions in the normal course of business with other affiliated entities. These transactions with affiliated companies are on the same terms as those prevailing at the time for comparable transactions with unrelated entities.

RELATIONSHIP WITH INDEPENDENT ACCOUNTANTS

The present intention of the Audit Committee of the Board of Directors is to appoint Deloitte & Touche LLP, independent registered public accountants, to audit the financial statements of the Company for the year ending

December 31, 2005. Deloitte & Touche LLP was first appointed as the Company's auditors in 2002. A representative of Deloitte & Touche LLP will be present at the Annual Meeting of Stockholders and will be given an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

The Company maintains a code of ethics for the principal executive officer, the principal financial officer and all other executive officers. Refer to Exhibit 3(d) of the Annual Report on Form 10-K of the Company for the fiscal year ended December 31, 2002. There were no waivers of the code during 2004.

Any stockholder may communicate with the Board of Directors, any committee of the Board, or any director, by sending written communications addressed to the Board of Directors of Adams Resources & Energy, Inc., a Board committee or such individual director or directors, c/o Investor Relations Manager, Adams Resources & Energy, Inc., 4400 Post Oak Parkway, Suite 2700, Houston, Texas 77027. All communications will be forwarded to the Board, the Board committee or such individual director or directors in accordance with the request of the stockholder.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely upon a review of Forms 3 and 4 and amendments thereto furnished to the Company during its most recent fiscal year and Forms 5 and amendments thereto furnished to the Company with respect to its most recent fiscal year, and written representations from reporting persons that no Form 5 was required, the Company believes that all required Form 3, 4 and 5 reports for transactions occurring in 2004 were timely filed.

OTHER MATTERS

The Company knows of no matters to be presented for consideration at the meeting other than those described above. If other matters are properly presented to the meeting for action, it is intended that the persons named in the accompanying proxy, and acting pursuant to authority granted thereunder, will vote in accordance with their best unanimous judgment on such matters.

Any proposal to be presented by any stockholder at the 2006 Annual Meeting of Stockholders must be received by the Company prior to December 2, 2005.
