**REPORT OF INDEPENDENT AUDITORS**

To the Investment Committee of BP Corporation North America Inc.

We have audited the accompanying statements of assets available for benefits of Amoco Fabrics and Fibers Company Salaried 401(k) Savings Plan as of December 31, 2001 and 2000, and the related statement of changes in assets available for benefits for the year ended December 31, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits of the Plan at December 31, 2001 and 2000, and the changes in its assets available for benefits for the year ended December 31, 2001, in conformity with accounting principles generally accepted in the United States.

**NOTES TO FINANCIAL STATEMENTS**

**1. DESCRIPTION OF THE PLAN**

Amoco Fabrics and Fibers Company (the "Company") established the Amoco Fabrics and Fibers Company Salaried 401(k) Savings Plan (the "Plan") effective January 1, 1996. Effective January 1, 2001, the Plan was amended and restated to conform to recent changes in the Internal Revenue Code ("IRC").

The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for more complete information. The Company reserves the right to amend or terminate the Plan at any time. The Plan is subject to and complies with the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage eligible employees to regularly save part of their earnings and to assist them in accumulating additional security for their retirement. The Plan provides that both participant contributions and Company matching contributions will be held in a trust by an independent trustee for the benefit of participating employees. Plan assets are held in the Amoco Fabrics and Fibers Company Master Trust ("Master Trust"). As of December 31, 2001, the trustee for the Master Trust was MetLife Trust Company, N.A. Prior to February 28, 2001, Bankers Trust Company was the trustee.

Under the Plan, participating employees may contribute up to a certain percentage of their qualified pay. Participants may elect to invest in fifteen investment fund options. The Company will match the first six percent of participant contributions at a rate of \$.50 for every \$1.00 contributed by the participant. Company matching contributions are initially invested in the BP Stock Fund. Participants may also rollover amounts representing distributions from other qualified plans. Participants may elect to sell any portion of their investment funds and reinvest the proceeds in one or more of the other available investment alternatives.

The benefit to which a participant is entitled is the benefit which can be provided by the participant's vested account balance. Participants are fully vested in their contributed accounts. Vesting in Company matching contribution accounts is dependent upon specific criteria as described in the Plan document. Forfeited Company contributions are used to reduce Company matching contributions or to offset administrative expenses. Forfeitures totaled \$9,708 in 2001.

NOTES TO FINANCIAL STATEMENTS (continued)

1. DESCRIPTION OF THE PLAN (continued)

Trustee fees, brokerage commissions, and other transaction fees and expenses related to the investment funds are generally paid out of those respective funds. As a result, the returns on those investments are net of the fees and expenses of the managers of those funds and certain other brokerage commissions and other fees and expenses incurred in connection with those investment options. Administrative fees are paid out of the Plan trust or paid by the Company in accordance with the terms of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Method of Accounting.** The financial statements of the Plan are prepared under the accrual method of accounting.

**Investment Valuation.** BP p.l.c. American Depositary Shares ("ADSs") are valued at the closing market price on the New York Stock Exchange. Investments in registered investment companies and common collective trust funds are based on quoted market prices of the underlying assets. Interests in the money market fund and participant loans are valued at cost which approximates fair value.

**Allocation of Master Trust Assets and Transactions.** In order to preserve, for participating plans, an interest in the combined assets of the Master Trust, the trustee determines computed shares in the Master Trust for each plan. Current month's Master Trust investment transactions are allocated based on each plan's computed shares in the Master Trust at the end of the prior month, adjusted for the current month's contributions less benefit payments to participants. These allocated amounts are then added to or subtracted from the prior month's computed shares to determine computed shares at the end of the month. Master Trust investment transactions allocated to the Plan include dividend and interest income, gains and losses on sales of investments and unrealized appreciation or depreciation of investments.

**Contributions.** Company and participant contributions are made and recorded during the periods in which the Company processes payroll.

**Estimates.** The preparation of financial statements in conformity with accounting principles generally accepted in the United States

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

requires estimates and assumptions that affect certain reported amounts. Actual results may differ in some cases from the estimates.

**New Accounting Standard.** The Master Trust adopted the Financial Accounting Standards Board Statement of Financial Accounting Standards No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("SFAS 133") on January 1, 2001. SFAS 133 requires the recognition of gains and losses associated with derivative instruments as a change in net assets in the period of change. The adoption of SFAS 133 did not have a material impact on the financial statements of the Plan or the Master Trust.

**3. PARTICIPANT LOANS**

Participants are eligible to borrow from their account balances in the Plan. Loans are made in the form of cash and the amount may not exceed the lesser of 50 percent of the market value of the participant's vested accounts or \$50,000 less the highest loan balance outstanding during the preceding twelve months. Interest rates are fixed for the duration of the loan and charged on the unpaid balance. The interest rate charged is the prime rate as reported by The Wall Street Journal on the next to the last business day of the month preceding the month the participant applies for the loan. Repayment of loan principal and interest is generally made by payroll deductions and credited to the participant's accounts.

**4. INCOME TAX STATUS**

The Plan has received a determination letter from the Internal Revenue Service ("IRS") dated April 16, 1999, with respect to its qualified status under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Company's tax counsel believe the Plan continues to meet the applicable tax qualification requirements of the IRC. The Plan sponsor reserves the right to make any amendments necessary to maintain the qualification of the Plan and trust.

**5. PLAN TRANSFERS**

Plan transfers occur when eligible participants in the Plan remain with Amoco Fabrics and Fibers Company and change job classifications to or from an "hourly employee" from or to a "salaried employee" as defined in the Plan document. For the year ended December 31, 2001, assets totaling \$1.89 million were transferred from Amoco Fabrics and Fibers Company Hourly 401(k) Plan ("Hourly 401(k) Plan") into the Plan.

**6. MASTER TRUST**

The Plan's trust agreement permits the commingling for investment purposes of Plan assets with those of the Hourly 401(k) Plan in the Master Trust. The trustee determines the Plan's proportionate share of trust assets and related changes in trust assets, as described in Note 2, and such amounts are reflected in the Plan's statements of assets available for benefits and of changes in assets available for benefits. At December 31, 2001 and 2000, the Plan's interest in the assets of the Master Trust was approximately 48 percent and 43 percent, respectively.

The following tables present the fair value of net assets held by the Master Trust as of December 31, 2001 and 2000, and the changes in net assets held by the Master Trust for the year ended December 31, 2001.
