Item 8.01 Other Events

In June 2015, U.S. Customs and Border Protection (“U.S. Customs”) sent Dynamic Materials Corporation, a Delaware corporation (the “Company”), a Notice of Action that proposed to classify certain of its imports as subject to anti-dumping duties pursuant to a 2010 anti-dumping duty (“AD”) order on Oil Country Tubular Goods (“OCTG”) from China. A companion countervailing duty (“CVD”) order on the same product also is in effect. The Notice of Action covered one entry of certain raw material steel mechanical tubing made in China and imported into the U.S. from Canada by the Company's DynaEnergetics segment during 2015 for use in manufacturing perforating guns.

In July 2015, the Company sent a response to U.S. Customs outlining the reasons its mechanical tubing imports do not fall within the scope of the AD order on OCTG from China and should not be subject to anti-dumping duties.

In August 2015, U.S. Customs declined to conclude on the Company's assertion that the mechanical tubing the Company has been importing is not within the scope of the AD order on OCTG from China.

On September 25, 2015, the Company filed a request for a scope ruling with the U.S. Department of Commerce (“Commerce Department”). A copy of the Company’s filing is attached hereto as Exhibit 99.1 and is incorporated herein by reference.
