Trustees and Participants
Community Trust Bancorp, Inc.
Employee Stock Ownership Plan
Pikeville, Kentucky

We have audited the accompanying statement of net assets available for benefits of the Community Trust Bancorp, Inc. Employee Stock Ownership Plan (Plan) as of December 31, 2007, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing auditing procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. Our audit also included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007, and the changes in its net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The accompanying supplemental schedule of assets (held at year end) and schedule of reportable transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Community Trust Bancorp, Inc.
Employee Stock Ownership Plan

Notes to Financial Statements

As of December 31, 2007 and For the Year Ended December 31, 2007

1. Description of Plan

The following description of the Community Trust Bancorp, Inc. Employee Stock Ownership Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document and Summary Plan Description for more complete information.

General

The Plan is a defined contribution plan covering substantially all employees of Community Trust Bancorp, Inc. (“CTBI”) and all participating subsidiaries, which include Community Trust Bank, Inc. and Community Trust and Investment Company (“CTIC”). All amounts contributed to the Plan are held by the trustee, CTIC. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Through December 31, 2006, CTBI had combined its Employee Stock Ownership Plan with its 401(k) Plan in the form of a KSOP. Effective January 1, 2007, the Plan was amended creating this separate Employee Stock Ownership Plan (ESOP) and a separate 401(k) Plan.

Eligibility

An employee becomes eligible to participate in the Plan on the entry date following the attainment of age twenty-one and completion of twelve consecutive months of employment in which the employee has at least 1,000 hours service.

Contributions

Each year CTBI shall make a discretionary contribution to the Plan in an amount not less than 3% of the compensation, as defined, of each participant. The discretionary contributions are non-participant directed and are made directly to the CTBI company stock fund. During 2007, the contribution percentage was 4%.

Participant Accounts

Each participant’s account is credited with employer discretionary contributions. Earnings or losses on the investments are allocated in proportion to the participant’s interest therein.

Each participant is entitled to exercise voting rights attributable to the shares of CTBI common stock allocated to the participant’s account and is notified by the Retirement and Employee Benefits Committee prior to the time that such rights are to be exercised. The Retirement and Employee Benefits Committee is not permitted to vote any share for a participant. The trustee votes shares for which a participant has given no instructions.

Investments

The Plan provides for the establishment of various investment funds including the CTBI company stock fund. Employer discretionary contributions are automatically invested in CTBI common stock. Once a participant satisfies diversification requirements, funds may be invested in other investments; therefore, the CTBI company stock fund includes both participant and non-participant directed funds.

Vesting

Vesting of an employee's interest is 100% in cases of normal retirement at age sixty-five, death or total disability. If a participant's employment ceases for any other reason, the full value of his account is payable to him if he has completed at least 1,000 hours or more of vesting service for three plan years. Otherwise, the participant is entitled to the full value of his account less the value of the employer contributions. Forfeited employer contributions are allocated to the accounts of participants.

Payment of Benefits

Distribution of funds as a result of retirement or termination from employment may be made either in a lump sum payment (including CTBI common stock if elected) or payments in cash or CTBI common stock made in equal annual installments over any period of time not exceeding the joint life expectancy of the participant and his or her designated beneficiary.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recognized on the trade date basis.

Cash Equivalents

The Plan considers investments in money market funds to be cash equivalents.

Valuation of Investments

Investments in securities traded on a national exchange are valued at the last reported sales price on the last business day of the period. Investments in mutual equity and bond funds are valued at the most recent selling price, which is based on the current market value of the securities in the fund.

Market Risks and Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

The Plan invests in various mutual funds and CTBI common stock. Investment securities, in general, are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with

certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan's Sponsor as provided in the Plan Document.

Payment of Benefits

Distributions to participants are recorded to the Plan when payments are made.

3. Investments

The fair values of individual investments that represent 5 percent or more of the Plan's net assets are as follows as of December 31, 2007:

	Fair Value
CTBI common stock, 568,755 shares	\$ 15,657,825

During 2007, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$7,723,223, as follows:

CTBI common stock	\$ (7,727,019)
Mutual funds	3,796
Net depreciation in fair value of investments	\$ (7,723,223)

4. Non-Participant Directed Investments

All Plan assets are non-participant directed, except upon participant satisfaction of diversification requirements. Information about the net assets and the significant components of the changes in net assets relating to the CTBI company stock fund is as follows:

Net assets	
CTBI common stock	\$ 15,657,825
Changes in net assets:	
Transfer from Community Trust Bancorp, Inc. Savings Plan	\$ 22,997,584
Dividends due on stock transfer	149,507
Assets acquired	965,500
Dividends	450,529
Assets disposed	(484,351)
Realized loss on disposition of assets	(132,059)
Net depreciation in fair value of investments	(7,594,960)
Benefits paid to participants	(693,925)
Net change	\$ 15,657,825

5. Federal Income Tax Status

The Plan has requested but not yet obtained a determination letter in which the Internal Revenue Service has stated that the Plan and related trust are in compliance with the applicable requirements of the Internal Revenue Code, and therefore, not subject to tax. However, the Plan administrator believe that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

6. Plan Termination

Although it has not expressed any intent to do so, CTBI has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become fully vested in their accounts.

7. Exempt Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. All amounts contributed to the Plan are held by the trustee, CTIC. Professional fees for the administration and audit of the Plan, investment of assets, and trustee services are paid by CTBI.

The Plan held the following party-in-interest investments (at fair value) at December 31:

	2007
CTBI common stock	\$ 15,657,825

8. Terminated Participants

Included in net assets available for benefits are amounts allocated to individuals who have withdrawn from the Plan. Amounts allocated to these participants were approximately \$39,317 at December 31, 2007.
