Item 1.01. Entry into a Material Definitive Agreement.

On November 10, 2009, Swift Energy Company (the “Company”) entered into an Underwriting Agreement with J.P. Morgan Securities, Inc. as representative for the several underwriters (the “Underwriters”), in connection with the offer and sale of an aggregate principal amount of \$225 million of 8 % Senior Notes due 2020 (the “Notes”). The Notes were offered pursuant to the Indenture dated May 19, 2009, as supplemented by the First Supplemental Indenture dated November 25, 2009, among the Company, an issuer of the Notes, Swift Energy Operating, LLC, a subsidiary of the Company as a guarantor of the Notes (the “Subsidiary Guarantor”) and Wells Fargo Bank, National Association, as trustee (as supplemented, the “Indenture”). The Notes were sold to the public at 98.389% of par, plus accrued interest from November 10, 2009 to November 25, 2009. The Underwriters purchased the Notes for 96.389% of the principal amount thereof. Closing occurred on November 25, 2009.

The Notes will mature on January 15, 2020. The Company will pay interest on the Notes on January 15 and July 15 of each year, beginning on January 15, 2010. The Company may redeem the Notes on or after January 15, 2015 at the redemption prices set forth in the Indenture.

The Notes were offered and sold under a prospectus supplement filed on November 12, 2009 with the Securities and Exchange Commission pursuant to Rule 424(b) of the Securities Act of 1933, as amended, which prospectus supplement is incorporated by reference and made part of the Company’s registration statement on Form S-3, as amended (Registration No. 333-159341), which was declared effective by the Securities and Exchange Commission on June 26, 2009 (the “Registration Statement”). In connection with the offering of the Notes, the First Supplemental Indenture is filed as an exhibit to this Form 8-K and is to be incorporated by reference in its entirety into the Registration Statement.

The Notes will be the Company’s senior unsecured obligations and will rank equally in right of payment with all of the Company’s existing and future senior debt and senior to any future subordinated debt that the Company may incur. The Notes will be unconditionally guaranteed initially by the Company’s principal domestic operating subsidiary, Swift Energy Operating, LLC, on a senior unsecured basis. This guarantee of the Notes will rank equally in right of payment with the guarantor’s existing and future senior debt, including its indebtedness under the Company’s bank credit facility, and senior to any future subordinated debt that it may incur.

On November 10, 2009, the Company issued a press release announcing that it had priced the Notes offering described in this Form 8-K and that it would use the largest portion of the proceeds from this offering of approximately \$216.4 million to redeem all of its outstanding 8 % Senior Notes due 2011. That press release was filed as Exhibit 99.1 to the Company’s Form 8-K filed November 12, 2009.
