These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits as of December 31, 2001, and the changes in net assets available for benefits for the year ended December 31, 2001, in conformity with accounting principles generally accepted in the United States.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2001 and reportable transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Note 1 - Description of the Plan

The Engelhard Corporation Savings Plan for Hourly Paid Employees at Attapulcus, Georgia (the "Plan"), effective as of May 1, 1998, is designed to provide eligible employees of Engelhard Corporation (the "Company") an opportunity to save part of their earnings by having the Company reduce their compensation and contribute the amount of the reduction to the Plan on a tax deferred basis.

The following plan description provides only general information. Participants of the Plan should refer to the Plan Document for a more complete description of plan provisions.

Eligibility

Subject to certain limitations and restrictions, all employees of Engelhard Corporation represented by Local 170 of the United Steel Workers of America are eligible to participate in the Plan.

Contributions

The Plan permits eligible employees participating in the Plan the opportunity to defer on a pre-tax basis up to 15 percent of their compensation, as defined, subject to certain restrictions and limitations, and have the amount contributed to the plan. Employees may also contribute 10 percent of their compensation to the plan on a post tax basis.

Matching Contributions

The Company will contribute, on a monthly basis and subject to certain limitations and exclusions, either cash or common stock of the Company in an amount equal to 50 percent of the first 6 percent contributed by the Participants. Participants must have completed one year of service to be eligible for a matching contribution.

Investments

All contributions to the Plan are held and invested by Vanguard Fiduciary Trust Company (the Trustee). The Trustee maintains the following fifteen separate investment funds within the Plan:

- a) The Company Stock Fund
- b) The Fixed Income Fund (Vanguard Retirement Savings Trust).

Edgar Filing: ENGELHARD CORP - Form 11-K

- c) The Windsor II Growth Fund (Vanguard Windsor II Fund).
- d) The Windsor Growth Fund (Vanguard Windsor Fund).
- e) The Balanced Fund (Vanguard Asset Allocation Fund).
- f) The Equity Index Fund (Vanguard Growth and Income Fund).
- g) The Small Cap Fund (Vanguard Small-Cap Index Fund).
- h) The Life Strategy Growth Fund (Vanguard Life Strategy Growth Fund).

7

- i) The Life Strategy Conservative Growth Fund (Vanguard Life Strategy Conservative Growth Fund).
- j) The Vanguard U.S. Growth Fund.
- k) The Life Strategy Moderate Growth Fund (Vanguard Life Strategy Moderate Growth Fund).
- l) The Prime Cap Funds (Vanguard PRIMECAP Fund).
- m) The International Growth Fund (Vanguard International Growth Fund).
- n) The Life Strategy Income Fund (Vanguard Life Strategy Income Fund).
- o) The Short-Term Bond Fund (Vanguard Short-Term Corporate Fund).

Participants have the right to elect, subject to restrictions, the investment fund or funds in which their contributions are invested. All matching contributions are initially invested in the Company Stock Fund. Participants are initially restricted from moving matching contributions out of the Company Stock Fund until the funds become unrestricted. Current year matching contributions become unrestricted at the rate of 25 percent per year.

Included in the Statement of Net Assets Available for Benefits are non-participant directed funds that are included in the Company Stock Fund. These amounts represent the restricted portion of the employee matching contribution. The following describes the change in the balance during the years ended December 31, 2001.

Participant Accounts

Edgar Filing: ENGELHARD CORP - Form 11-K

Each participant's account is credited with the participant's contributions and allocations of (a) the Company Contributions and (b) plan earnings including realized gains/losses, unrealized appreciation/depreciation, and an allocation of fund expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants at all times have a fully vested and non-forfeitable interest in their contributions and in the matching contributions allocated to their account.

8

Termination

Although it expects and intends to continue the Plan indefinitely, the Company has reserved the right of the Board to terminate or amend the Plan.

Loan Provision

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to 50% of their fund balance or \$50,000, whichever is less. The loans are secured by the balance in the Participant's accounts and bear interest at a reasonable rate as determined by the Company in accordance with applicable laws and regulations. Principal and interest is paid ratably through monthly payroll deductions. Loans are generally five years in duration unless the loan is for the purchase of a primary residence in which case the term can be up to ten years.

Distributions and Withdrawals

Upon termination of employment, as provided in the Plan Document, employees generally have the option of taking a distribution, rolling the balance over into another qualified plan, or leaving the money in the plan until retirement. After-tax contributions may be withdrawn at any time, however the earnings on the contribution will be subject to current income taxes as well as a penalty for early withdrawal unless the participant has reached the age of 59 1/2. All distributions are made in the form of cash except the balance in the Engelhard Company Stock Fund may be made in the form of shares at the Participant's discretion.

The Plan under certain circumstances permits hardship withdrawals. The hardship withdrawals are only made in accordance with IRS guidelines and must be approved in advance by the Employee Benefit Plans Administrative Committee.

Note 2 - Accounting Policies

The accounts of the Plan are maintained on an accrual basis. Purchases and sales of investments are reflected on a trade date basis. Assets of the Plan are valued at fair value. Gains and losses on distributions to Participants and sales of investments are based on average cost.

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

The Plan provides for various investment options in any combination of stocks or mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in market value in the near term would materially affect Participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement Changes in Net Assets Available for Benefits.

9

Note 3 - Income Tax Status

The Plan intends to file for a determination letter from the Internal Revenue Service during 2002, stating that the Plan is qualified under Section 401 (a) of the Internal Revenue Code (the "Code"). However, the plan administrator believes that the Plan is qualified and, therefore, the related trust is exempt from taxation.

Note 4 - Administrative Expenses

Expenses are incurred at either the fund level or the Plan level. All expenses incurred by the fund (commissions, management fees, etc.) are paid out of investor assets and are therefore netted in unrealized appreciation/depreciation of investments in the statement of changes in net assets available for benefits. Loan administration expenses are included in other expenses in the statement of changes in net assets available for benefits. Commissions on the purchase of Engelhard Corporation stock incurred when such purchases are made in the stock market are netted in unrealized appreciation/depreciation of investments in the statement of changes in net assets available for benefits. The Company pays all other plan administrative expenses.

Note 5 - Concentrations of Credit Risk

Investments in securities are generally exposed to various risks, such as interest rate, credit, and overall market volatility risks.

Financial instruments which potentially subject the plan to concentration of credit risk consist principally of investments in the Engelhard Corporation Stock Fund. The plan limits the concentration of credit risk by allowing participants, subject to the lapsing of restrictions, the opportunity to invest in an array of mutual funds offered by the Vanguard Group.

Note 6 - Investments

Investments in the common stock of the Company are valued at the readily-available, quoted market price as of the valuation date and investments in the Vanguard Funds are valued based on the quoted net asset value (redemption value) of the respective investment fund as of the valuation date.

Edgar Filing: ENGELHARD CORP - Form 11-K

Investments that represent more than 5% or more of fair value of the Plan's net assets are as follows:

Investments	2001	2000
-----	-----	-----
Engelhard Corporation Company Stock Fund	\$ 1,664,726	\$ 1,117,390
Fixed Income Fund (Retirement Savings Trust)	207,509	130,613
Equity Index Fund (Growth and Income Portfolio)	176,478	181,511

Note 7 - Related Party Transactions

For the 2001 plan year, the Company transferred 4,222 treasury stock shares (representing a contribution dollar amount of \$107,019) to Vanguard to fund the employer match. The number of shares transferred each month represented the employer matching contribution divided by the closing market price on the day the contribution was remitted.
