The registrant may, at its option, report under this item any events, with respect to which information is not otherwise called for by this form, that the registrant deems of importance to security holders.

On April 12, 2002 registrant issued a press release entitled "Halliburton to Appeal Patent Lawsuit Verdict".

The following summarizes that press release:

Registrant announced that a Federal court jury in Houston, Texas rendered a verdict on April 12 against registrant in a patent infringement case brought

against it by BJ Services Company. The jury found that Halliburton Energy Services, Inc. infringed BJ's patent on its Vistar fracturing fluid and awarded BJ approximately \$98 million in damages. The award is less than one-quarter of the amount BJ claimed at the beginning of the trial. The jury found that there was no intentional infringement. The court indicated that it would issue an injunction preventing registrant from further use of its Phoenix fracturing fluid that was determined by the jury to infringe the BJ patent. Registrant will appeal the verdict.
