Each holder of MacDermid's common stock (the "Common Stock") is entitled to one vote per share on each matter to be brought before the Meeting. Valid proxies will be voted as specified thereon at the Meeting. Any shareholder giving a proxy in the accompanying form (a "Proxy") retains the power to revoke it at any time prior to the exercise of the powers conferred thereby by (1) delivering written notice of such revocation to John L. Any shareholder who attends the Meeting in person will not be deemed thereby to revoke the Proxy unless such shareholder affirmatively indicates at the Meeting his intention to vote the shares in person.

Unless a shareholder provides contrary instructions on a Proxy, all shares represented by the Proxy (if not revoked before such shares are voted) will be voted (1) for the election of the nominees for directors named below, (2) for ratification of the appointment of KPMG LLP, (3) for approval of the amendment to the 2001 Key Executive Performance Equity Plan, (4) for approval of the amendment to the 1995 Equity Incentive Plan and (5) by the persons granted the proxies in their discretion on any other business properly to come before the Meeting.

In addition to the use of the mails, Proxies may be solicited by King and by regular employees of MacDermid personally, electronically or by telephone. Votes will be counted by employees of The Bank of New York, the Company's transfer agent. MacDermid currently anticipates that John L. Cordani, the Secretary of MacDermid, will be the Inspector of Election who will certify the votes at the meeting of shareholders.

Only holders of Common Stock of record at the close of business on March 3, 2004 are entitled to notice of and to vote at the Meeting. On that date there were 30,285,977 shares of Common Stock outstanding and entitled to be voted. Holders of a majority of such outstanding shares, present in person or represented by proxy, will be necessary to constitute a quorum at the Meeting. If a quorum is present, the affirmative vote of a majority of the shares present in person or represented by proxy at the Meeting will be necessary for the election of each nominee for director and for the approval of the other items proposed. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum. Abstentions are counted in determining the shares represented at the Meeting with respect to each proposal presented to shareholders, but broker non-votes are not counted for such purpose.

Any shares held for the account of a shareholder who participates in the MacDermid Dividend Reinvestment Plan will be voted automatically with the shareholder's other shares of Common Stock as directed by the shareholder on the enclosed Proxy.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee has furnished the following report on executive compensation in the fiscal year ended December 31, 2003.

Edgar Filing: MACDERMID INC - Form DEF 14A

EXECUTIVE COMPENSATION COMPENSATION PHILOSOPHY

The Compensation Committee is primarily responsible for MacDermid's overall executive compensation policy of compensating MacDermid's officers competitively with those of comparable companies, rewarding exceptional performance where appropriate and providing incentive for future performance through cash incentive payments and equity incentives. In the fiscal year ended December 31, 2003, MacDermid's executive compensation generally had three basic components: annual base salary, short-term cash incentive bonus and equity incentives (long term compensation).

In establishing levels of annual salary, incentive bonus and equity incentives, the Committee generally considers, in order of emphasis, the following factors: (i) MacDermid's performance, or in certain cases group performance, relative to Committee expectations, (ii) the performance and achievements of MacDermid's executives, individually, and collectively, (iii) the responsibilities of each executive, (iv) the compensation practices of peer companies, and (v) the level of cash compensation and equity incentives required to attract and hold qualified executives.

The Committee uses a comparative group of specialty chemical companies (the "Comparator Group") to serve as a factor for determining the appropriate cash and equity incentive components of the program. The companies in the Comparator Group are selected based upon their similarity to MacDermid, relative complexity, and scope. Earnings trends, return on equity and other performance measures are compared. The size and composition of the Comparator Group may change from year to year but the Comparator Group is generally the same as or similar to the Standard & Poors Specialty Chemical Index used in the Performance Equity Plan. The Comparator Group is different from the specialty chemical index used in the comparative stock performance graph.

Before considering the compensation factors discussed above, the Committee targets annual base compensation at a level which, together with incentive bonuses, would provide cash compensation to individual executives at below median market compensation levels for poor corporate or unit performance, at median market compensation levels for good performance, and above median market compensation levels for excellent performance.

Base Salary and Annual Bonus Compensation

Executives, other than the Chief Executive Officer, received base salaries and were eligible to receive performance based bonuses. Base salaries were set by the Committee in accordance with the above noted considerations. Primarily base salaries were determined by considering the executive's qualifications and responsibilities as well as the market based compensation practices of peer companies. Executives were also eligible to receive performance bonuses based primarily upon their individual and collective performance as well as the performance of the business units each primarily affects, in comparison to goals which have been pre-established by the Committee early in the fiscal year. The financial goals established by the Committee in determining performance bonuses use the operating profit and owners earnings of the business units most affected by each executive. Thus for this fiscal year the goals established by the Committee have encouraged executives to maximize the operating profit and owners earnings generated by the business units applicable to each executive. Bonuses were paid to the executives based upon the meeting of these pre-established financial goals. Performance bonuses ranged from 0% to 65% of base salary as a function of applicable financial performance in relation to the pre-established financial goals.

Long Term Equity Compensation

Edgar Filing: MACDERMID INC - Form DEF 14A

During the fiscal year ended December 31, 2003, MacDermid's executives were eligible to receive equity incentives (Stock Options or Restricted Stock Awards) under the MacDermid Special Stock Purchase Plan (the "Special Stock Purchase Plan"), the MacDermid, Incorporated 1995 Equity Incentive Plan (the "Equity Incentive Plan"), the MacDermid Stock Option Plan dated July 6, 1998 (the "Stock Option Plan"), and under the 2001 Key Executive Performance Equity Plan (the "Performance Equity Plan") (the Special Stock Purchase Plan, Equity Incentive Plan, Stock Option Plan, and the Performance Equity Plan, collectively referred to as the "Plans").

The Committee administers the Plans, and awards equity incentives to executives and other employees of MacDermid. The purpose of awarding equity incentives under the Plans is to enable MacDermid to attract, retain and motivate its employees to exert their best efforts to enhance shareholder value by giving them the ability to participate in the long-term growth of MacDermid. The Committee generally considers the same factors in establishing the amounts of equity awards for MacDermid's executive officers as those listed above. The amounts of the awards are based upon the relative position of each executive officer within MacDermid and individual performance independent of the terms and amount of awards previously granted. The Compensation Committee has a stated policy of not re-pricing options after issuance.

"Stock Option Plan" - No Options Awarded this F.Y.

Stock options awarded under the Stock Option Plan are in the form of options to purchase a specified number of shares of MacDermid common stock at an exercise price which is set at a premium over the market price on the date of grant. The actual premium is set by the Compensation Committee. The period for exercising an option will begin four years after the date of grant and will end ten years after the date of grant. Vesting requirements, if any, are established by the Committee. Unless determined otherwise by the Compensation Committee, the exercise period will automatically terminate ninety (90) days after the grantee ceases to be employed by the Company on a full time basis, for any reason. During the fiscal year no options were granted under the Stock Option Plan.

"Special Stock Purchase Plan" - No Options Awarded this F.Y.

Stock Options awarded under the Special Stock Purchase Plan are in the form of options to purchase a specified number of restricted shares of MacDermid Common Stock at an exercise price at least 66.6% of the market price of the Common Stock on the date of award. The options are generally exercisable only during the four-year period beginning on the date of award. However, at the 1996 Annual Meeting, the shareholders approved amendments to the Special Stock Purchase Plan which may extend the foregoing exercise period under certain conditions. The shares of Common Stock acquired upon any exercise are treated as restricted stock for a period of four years commencing on the date of exercise. Such shares may not be sold during such period (other than to MacDermid at the exercise price) and must be resold to MacDermid at the exercise price if the participant's employment with MacDermid is terminated during such period, except in the case of death, retirement, permanent disability or involuntary termination without cause. Such restrictions may, however, be waived by the Committee in its discretion from time to time. No options were granted under the Special Stock Purchase Plan during the fiscal year.

"Equity Incentive Plan" - No Restricted Shares Awarded to Executives this F.Y.

Restricted stock awards issued under the Equity Incentive Plan generally consist of restricted stock having a fair market value equal to twenty (20) percent of the participant's annual bonus amount made in lieu of the allocable

Edgar Filing: MACDERMID INC - Form DEF 14A

bonus amount plus a matching portion equal to a multiple of the shares awarded in lieu of the allocable bonus amount. Restricted grants may also be made to participants who do not participate in MacDermid's annual bonus. The restricted stock awards may not be sold or transferred for a period of time. The restricted stock is forfeited to MacDermid if the participant's employment with MacDermid is terminated during the restricted period, except in the case of death, permanent disability, involuntary termination without cause or retirement. Such restrictions may, however, be waived by the Committee in its discretion from time to time.

"Performance Equity Plan" -310,000 Options Awarded to Named Officers this F.Y.

Options to purchase MacDermid common shares pursuant to the terms of the Performance Equity Plan are issued at fair market value at the time of the grant, adjusted annually based upon comparative performance with the S&P Specialty Chemicals Index. The options generally vest at the end of a four (4) year period. The number of options which vest may be increased or decreased based upon MacDermid's cumulative owner earnings during the four year vesting period in relation to targets set by the Committee at the time of the award. The exercise period generally begins upon vesting and ends 10 years from the date of grant or 90 days after termination of the participant's employment for any reason, whichever occurs sooner. During the fiscal year the Committee awarded options to purchase 150,000; 30,000; 30,000; 50,000; and 50,000 shares of MacDermid common stock to Messrs. Leever, Bolingbroke, Cordani, Haji and Largan respectively. Mr. Haji resigned as an officer as of December 31, 2003 and as a result will forfeit the options noted above.

The Committee believes that the Plans allow executive officers to participate in the enhancement of shareholder value. The Committee has also adopted a stock retention policy (the "Policy") which is designed to encourage MacDermid executives to hold the shares of common stock which arise from the exercise of options under the Plans. The Policy provides that no covered executive shall be entitled to receive additional option grants or restricted share grants unless such executive has retained at least 75% of the aggregate of all common stock that arose from the exercise of options/restricted share grants previously provided to the executive after deduction for payment of applicable taxes and the exercise price. The Committee has retained discretion to waive compliance with the policy in exceptional circumstances. The Committee believes that participation in the Plans, as augmented by the Policy, encourages executives to concentrate on long-term shareholder value growth.

CHIEF EXECUTIVE OFFICER COMPENSATION

Compensation for Daniel H. Leever, MacDermid's Chairman and Chief Executive Officer, was determined in accordance with the terms of the MacDermid, Incorporated Executive Compensation Plan, the material terms of which were approved by the Company's shareholders at the 1998 Annual Meeting. Under the terms of the plan, no base salary is paid to Mr. Leever. The amount of performance based short-term annual compensation which was paid to Mr. Leever during the last fiscal year was based directly and solely upon the following factors: (i) earnings per share, and (ii) the two-year average of earnings per share growth. Compensation under the plan was equal to the sum of two components. The first component was determined by multiplying a base amount of \$6,300 by the number of cents per share the Company has earned for the fiscal year up to \$1.00. The second component was determined by multiplying the same base amount by the number of cents per share earned by the Company during the fiscal year above \$1.00, further multiplied by a factor of from 0 to 2.5, which factor is determined based upon the two year average of earnings per share growth. In determining earnings, the Committee uses its discretion in including

Edgar Filing: MACDERMID INC - Form DEF 14A

or excluding one time or extraordinary gains or losses. Mr. Leever's annual performance based compensation was determined and paid solely in accordance with the terms of the plan as noted above.

Mr. Leever received options to purchase 150,000 shares of MacDermid common stock pursuant to the terms of the Performance Equity Plan during the last fiscal year.

The Company is subject to Internal Revenue Code Section 162(m), which could limit the deductibility of certain compensation payments to its executive officers. The Company intends to comply with the requirements of Section 162(m); however, it also weighs the burdens of such compliance against the benefits to be obtained by the Company and may pay compensation that is not fully deductible if it determines that such payments are in the Company's best interests. During this fiscal year, all compensation paid to the Company's executive officers was fully deductible by the Company.

Respectfully submitted by,

THE COMPENSATION COMMITTEE

T. Quinn Spitzer, Jr. (Chairman)
