#### **Shares Held in our 401(k) Plan or in our Employee Stock Ownership Plan and Trust**

On April 8, 2009, the Profit Sharing 401(k) Plan held 396,511 shares of our common stock in the name of Prudential, as trustee of the 401(k) Plan. If you are a participant in the 401(k) Plan, you may instruct Prudential how to vote shares of common stock credited to your 401(k) Plan account by indicating your instructions by voting on our Intranet or by requesting a proxy card and returning it to us by June 1, 2009. A properly executed proxy card or Intranet instructions will be voted as directed. If no proper voting direction is received, Prudential, in its capacity as the 401(k) Plan trustee, will vote your shares held in the 401(k) Plan in the same proportion as votes received from other participants in the 401(k) Plan FOR the nominees listed in Proposal I and FOR Proposals II and III.

On April 8, 2009, our employee Stock Ownership Plan and Trust, the Plan, held 411,494 shares of our common stock in the name of Prudential, as trustee of the Plan. If you are a participant in the Plan, you may instruct Prudential how to vote shares of common stock credited to your Plan account by indicating your instructions by voting on our Intranet or by requesting a proxy card and returning it to us by June 1, 2009. A properly executed proxy card or Intranet instructions will be voted as directed. If no proper voting direction is received, Prudential, in its capacity as the Plan Trustee, will vote your shares held in the Plan in the same proportion as votes received from other participants in the Plan FOR the nominees listed in Proposal I and FOR Proposals II and III.

***CAN I CHANGE MY VOTE?***

Yes. Prior to the meeting date, just send in a proxy card with a later date, or cast a new vote by telephone, Internet or Intranet, or send a written notice of revocation to our corporate secretary at the address on the cover of this proxy statement. If you attend the annual meeting and want to vote in person, you can request that your previously submitted proxy not be used.

***WHAT IS THE VOTE REQUIRED TO ELECT DIRECTORS, APPROVE THE AMENDMENT TO THE RESTATED CERTIFICATE OF INCORPORATION INCREASING THE NUMBER OF AUTHORIZED SHARES AND TO APPROVE THE RATIFICATION OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM?***

- A plurality of votes cast at the meeting in person or by proxy is required to elect directors, therefore, the four (4) nominees receiving the highest vote totals will be elected as directors.
- The affirmative vote of a majority of our outstanding shares of common stock is required to approve the amendment to the Restated Certificate of Incorporation of the Company to increase the total number of shares of stock authorized thereunder from 33,000,000 to 100,000,000 and to increase the number of shares of common stock authorized thereunder from 30,000,000 to 97,000,000.
- The affirmative vote of a majority of the shares present at the meeting in person or by proxy and entitled to be cast on the proposal is required to ratify Ernst & Young LLP as our independent registered public accounting firm.

***WHAT IF I DON'T VOTE FOR SOME OF THE MATTERS LISTED ON MY PROXY CARD?***

If you return a proxy card without indicating your vote, your shares will be voted FOR all of the nominees listed on the card, FOR the approval of the amendment to the Restated Certificate of Incorporation of the Company, FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2009, and in the discretion of the proxy holders as to any other matters that may properly come before the annual meeting or any postponement or adjournment of the annual meeting.

***WHAT IF I VOTE "WITHHOLD AUTHORITY" OR "ABSTAIN"?***

Shares voted to "withhold authority" in the election of directors will be deemed to be present at the meeting but not voted for a nominee. A vote to "abstain" on Proposal I will not be taken into account in determining the outcome of these proposals. A vote to "abstain" on Proposals II and III will be counted as a vote cast and will have the effect of a vote cast against that proposal.

***CAN MY SHARES BE VOTED IF I DON'T RETURN MY PROXY CARD AND DON'T ATTEND THE ANNUAL MEETING?***

Proposals I and III, the election of directors and the ratification of our independent registered public accounting firm, are typically considered routine matters under the New York Stock Exchange, NYSE, rules for voting purposes. Accordingly, brokerage firms and nominees that are members of the NYSE have the authority under those rules to vote their customers' unvoted shares if you have not furnished voting instructions within a specified period of time prior to the annual meeting. Broker non-votes represented by submitted proxies will not be taken into account in determining the outcome of Proposal I. However, with respect to Proposal III, pursuant to our Amended and Restated By-Laws, broker non-votes represented by submitted proxies will be taken into account in determining the outcome and will have the effect of a vote cast against that proposal.

Proposal II, the approval of the amendment to the Restated Certificate of Incorporation of the Company, is not considered a routine matter under the NYSE's rules and therefore, brokerage firms and nominees that are members of the NYSE will not be able to vote the shares of customers from whom they have not received voting instructions with regard to this proposal. Broker non-votes represented by submitted proxies will not be taken into account in determining the outcome of this proposal.

***COULD OTHER MATTERS BE DECIDED AT THE ANNUAL MEETING?***

We don't know of any other matters that will be considered at the annual meeting. If any other matters arise at the annual meeting, the proxies will be voted at the discretion of the proxy holders.

***WHAT HAPPENS IF THE MEETING IS ADJOURNED OR POSTPONED ?***

Your proxy will still be good and may be voted at the adjourned or postponed meeting.

**PROXY STATEMENT**

**FOR ANNUAL MEETING OF STOCKHOLDERS TO BE  
HELD ON WEDNESDAY, JUNE 3, 2009**

**GENERAL**

This proxy statement is furnished in connection with the solicitation of proxies by the board of directors of Stifel Financial Corp. for use at the annual meeting of stockholders to be held on Wednesday, June 3, 2009, at 11 a.m., on the 2nd Floor, One Financial Plaza, 501 North Broadway, St. Louis, Missouri, and any adjournment or postponement thereof, for the purposes set forth in the accompanying notice of annual meeting of stockholders.

The proxy statement, the notice of annual meeting and the accompanying proxy card were first mailed to our stockholders beginning on or about April \_\_, 2009.

All proxies will be voted in accordance with the instructions contained in the proxy. If no choice is specified, proxies will be voted in favor of the election of each of the nominees for director proposed by the board of directors in Proposal I, in favor of the amendment to the Restated Certificate of Incorporation which would increase the number of authorized shares of the Company and increase the number of shares of common stock in Proposal II, and in favor of the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2009 in Proposal III, each as recommended by the board of directors. A stockholder who executes a proxy may revoke it at any time before it is voted by delivering another proxy to us bearing a later date, by casting a new vote by telephone, Internet or Intranet, by submitting written notice of such revocation to the corporate secretary or by personally appearing at the annual meeting and casting a vote in person. A majority of the outstanding shares of common stock present in person or by proxy will constitute a quorum at the annual meeting.

A plurality of the votes cast is required for the election of directors, which means that the four (4) nominees for director receiving the highest vote totals will be elected as directors. As a result, a designation on the proxy that the stockholder is "withholding authority" to vote for any or all nominees does not have an effect on the results of the vote for the election of directors, although these shares will be considered as present for quorum purposes. Each share will have one vote for the election of each director. There is no cumulative voting in the election of directors.

The affirmative vote of a majority of our outstanding shares of common stock is required to approve the amendment to the Restated Certificate of Incorporation of the Company to increase the total number of shares of stock authorized thereunder from 33,000,000 to 100,000,000 and to increase the number of shares of common stock authorized thereunder from 30,000,000 to 97,000,000. A vote to "abstain" on this proposal will be counted as a vote cast and will have the effect of a vote cast against such proposal. Similarly, broker "non-votes" will also have the effect of a vote cast against this proposal.

The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm requires the affirmative vote of a majority of the votes present at the meeting in person or by proxy and entitled to be cast on this proposal. A vote to "abstain" on this proposal will be counted as a vote cast and will have the effect of a vote cast against this proposal. Similarly, broker "non-votes" will also have the effect of a vote cast against this proposal.

A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Broker "non-votes" are counted for purposes of determining whether a quorum exists.

#### **VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF**

The close of business on April 8, 2009 has been fixed as the record date for the determination of stockholders entitled to notice of and to vote at the annual meeting. On April 8, 2009, there were 27,355,079 shares of our common stock outstanding and entitled to vote.

### INFORMATION CONCERNING THE BOARD OF DIRECTORS

#### Director Independence

Under NYSE Corporate Governance guidelines, an independent director is a member of the board of directors who:

- Does not, and has not for the three years prior to the date of determination, received more than \$120,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);
- Is not, and has not been for the three years prior to the date of determination, an employee of the Company;
- Is not, and has not been, affiliated with or employed by the present or former auditor of the Company, or one of the auditors' affiliates, unless it has been more than three years since the affiliation, employment, or the auditing relationship ended;
- Is not, and has not been for the three years prior to the date of determination, part of an interlocking directorship in which an executive officer of the Company serves on the compensation committee of a Company that concurrently employs the director;

- Is not, and has not been for the three years prior to the date of determination, an executive officer or an employee of another company (1) that accounts for at least 2% or \$1 million, whichever is greater, of the Company's consolidated gross revenues or (2) for which the Company accounts for at least 2% or \$1 million, whichever is greater, of such other company's consolidated gross revenues;
- The board has affirmatively determined it has no other material commercial, industrial, banking, consulting, legal, accounting, charitable, or familial relationship with the Company, either individually or as a partner, stockholder, or officer of an organization or entity having such a relationship with the Company, which relationship would adversely impact the director's independence in connection with the Company; and
- Has, and for the three years prior to the date of determination had, no immediate family members (i.e., spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law, and anyone who shares the director's home) in any of the above categories; provided, however, that in the case of employment of one of the above-described immediate family members, the family member must have served as an executive officer or partner of the subject entity to impact the director's independence.

It is a responsibility of the board to regularly assess each director's independence and to take appropriate actions in any instance in which the requisite independence has been compromised.

The board of directors has determined that Messrs. Baer, Beda, Dill, Dubinsky, Ford, Hanser, Lefton, Oates, and Westbrook qualify as independent directors. In making this determination, the board of directors considered the rules of the New York Stock Exchange and the Securities and Exchange Commission, and reviewed information provided by the directors in questionnaires concerning the relationships that we may have with each director. As Mr. Baer is not standing for re-election, he will not continue to serve on the board following the annual meeting.

### **Board of Directors and Committees**

During 2008, our board of directors met 7 times, including both regularly scheduled and special meetings. During the year, all of the incumbent directors attended at least 75% of all meetings held by the board of directors and all committees on which they serve. It is our policy to encourage the members of our board of directors to attend the annual meeting of stockholders. At the last annual meeting, 9 of the then current directors were in attendance.

The standing committees of our board of directors are the Executive Committee, Audit Committee/Finance Committee, Compensation Committee and Nominating/Corporate Governance Committee. The full text of each charter, other than the charter of the Executive Committee, and our corporate governance guidelines are available in the "Corporate Governance" section of our website located at [www.stifel.com](http://www.stifel.com), or may be obtained by any stockholder, without charge, upon request by contacting our corporate secretary at 314 342 2000. In compliance with the New York Stock Exchange Corporate Governance Standards, our board of directors holds regularly scheduled executive sessions without management, and at least annually schedules an executive session with only independent directors at which a non-management director determined by a rotating schedule presides.

**Executive Committee.** Messrs. Kruszewski (Chairman), Ford, Beda and Oates are the current members of the Executive Committee. Except to the extent limited by law, the Executive Committee performs the same functions and has all the authority of our board of directors between meetings of the full board. The Executive Committee met 4 times during 2008.

**Audit Committee/Finance Committee.** Messrs. Beda (Chairman), Baer, Dubinsky, Ford, Oates and Westbrook are the current members of the Audit Committee/Finance Committee, all of whom are independent directors as defined by the New York Stock Exchange and determined by our board of directors. As Mr. Baer is not standing for re-election, he will not continue to serve on this committee following the annual meeting. The duties of the Audit Committee/Finance Committee include:

- recommending to the board of directors a public accounting firm to be placed in nomination for stockholder ratification as our independent auditors and compensating and terminating the independent auditors as deemed necessary;
- meeting periodically with our independent auditors and financial management to review the scope of the proposed audit for the then-current year, the proposed audit fees, and the audit procedures to be utilized, reviewing the audit and eliciting the judgment of the independent auditors regarding the quality of the accounting principles applied to our financial statements; and
- evaluating on an annual basis the qualification, performance and independence of the independent auditors, based on the committee's review of the independent auditors' report and the performance of the independent auditors throughout the year.

Each member of the Audit Committee/Finance Committee is financially literate, knowledgeable and qualified to review financial statements. The "audit committee financial expert" designated by our board of directors is Mr. Beda. The Audit Committee/Finance Committee met 6 times during 2008. The Audit Committee/Finance Committee operates pursuant to a written charter approved by the board of directors which is available in the "Corporate Governance" section of our website, located at [www.stifel.com](http://www.stifel.com).

**Compensation Committee.** Messrs. Oates (Chairman), Lefton (Vice Chairman), Beda, Dill and Hanser are the current members of the Compensation Committee, all of whom are independent directors as defined by the New York Stock Exchange and determined by our board of directors. The Compensation Committee met 4 times during 2008. The duties of the Compensation Committee include:

- reviewing and recommending to our board of directors the salaries of all of our executive officers;
- reviewing market data to assess our competitive position for the components of our executive compensation; and

- making recommendations to our board of directors regarding the adoption, amendment and rescission of employee benefit plans.

The Compensation Committee operates pursuant to a written charter approved by the board of directors which is available in the "Corporate Governance" section of our website, located at [www.stifel.com](http://www.stifel.com).

### **Compensation Committee Interlocks and Insider Participation**

During 2008, the Compensation Committee was composed of Messrs. Lefton, Oates, Beda, Dill and Hanser, each of whom is an independent director under the rules of the New York Stock Exchange and as determined by our board of directors. There are no interlocks or insider participation matters to report.

**Nominating/Corporate Governance Committee.** Messrs. Ford (Chairman), Beda, Lefton and Oates are the current members of the Nominating/Corporate Governance Committee, all of whom are independent directors as defined by the New York Stock Exchange and determined by our board of directors. The Nominating/Corporate Governance Committee met 4 times during 2008. The duties of the Nominating/Corporate Governance Committee include:

- overseeing the search for individuals qualified to become members of our board of directors and selecting director nominees to be presented for approval at the annual meeting of our stockholders;
- considering nominees for directors recommended by our stockholders; and
- reviewing our corporate governance guidelines at least annually and recommending changes to our board of directors as necessary.

The Nominating/Corporate Governance Committee operates pursuant to a written charter approved by the board of directors which is available in the "Corporate Governance" section of our website, located at [www.stifel.com](http://www.stifel.com).

In accordance with the committee's charter and our corporate governance guidelines, the Nominating/Corporate Governance Committee considers nominees recommended by stockholders and reviews the qualifications and contributions of the directors standing for election each year. In identifying and evaluating nominees for director, the committee considers, among other things, each candidate's strength of character, judgment, career specialization, relevant technical skills, diversity and the extent to which the candidate would fill a need on the board of directors.

Any stockholder wishing to nominate a candidate for director at a stockholders' meeting must follow the procedures described under "Stockholder Proposals" in this proxy statement, and must furnish certain information about the proposed nominee, including name, contact information, background, experience and other pertinent information on the proposed candidate.

## **PROPOSAL I - ELECTION OF DIRECTORS**

Our Company's board of directors currently consists of fifteen persons, divided into three classes, with the terms of office of each class ending in successive years. Mr. Joseph A. Sullivan resigned from the board of directors on September 21, 2008, after which the board determined to decrease its membership from 16 to 15 persons. Additionally, effective immediately prior to the commencement of our annual meeting, the board will again decrease its membership from 15 to 14 persons since the Nominating/Corporate Governance Committee has elected not to submit Mr. Robert J. Baer as a nominee for director at the upcoming annual meeting. Accordingly, effective immediately prior to the commencement of the annual meeting, the Board will consist of fourteen persons as follows: five Class I members, four Class II members and five Class III members. Each class is elected for a term of three years, and the classes together are staggered so that one class term expires each year.

The board of directors has nominated Charles A. Dill, Richard F. Ford, Richard J. Himelfarb, and James M. Zemlyak for election as Class II directors to hold office until the 2012 annual meeting of stockholders or until their respective successors are elected and qualified or until their earlier death, resignation or removal. Each of the nominees is currently serving as a director of our Company. The board has granted a waiver from the age 70 restriction on standing for reelection to Mr. Ford due to the desire for continuity and the specialized skill sets and business experience he contributes to the board.

Shares represented by your proxy will be voted in accordance with your direction as to the election as directors of the persons listed below as nominees. In the absence of direction, the shares represented by your proxy will be voted FOR the election of each nominee. The four nominees receiving the highest number of votes cast at the meeting will be elected as our directors for the term stated for each such class. Shares represented by your proxy cannot be voted for more than four individuals to serve as Class II directors. In the event any person listed as a nominee becomes unavailable as a candidate for election, it is intended that the shares represented by your proxy will be voted for the remaining nominees and any substitute nominee recommended by the board of directors.

Certain information with respect to each of the nominees and each of the continuing directors is set forth below, including any positions they hold with us and our principal subsidiary, Stifel, Nicolaus & Company, Incorporated.

### **Additional Information About Director Compensation**

Non-employee directors of the Company are required to defer all director fees into stock units pursuant to the Equity Incentive Plan for Non-Employee Directors (2008 Restatement), which was approved by our stockholders in 2008. These stock units are generally granted annually in May and vest on a quarterly basis over a one year period.

In 2007, non-employee directors were paid an annual stock retainer in stock units determined by dividing \$70,000 by the fair market value of the common stock on the date of approval for attending board of director and committee meetings and are reimbursed for expenses incurred in attending these meetings. Additionally, the chair of each of the Audit Committee/Finance Committee, Compensation Committee and Nominating/Corporate Governance Committee received additional common stock units valued in the amounts of \$10,000, \$5,000 and \$5,000, respectively, for services in such capacity based upon the fair market value of our common stock on the date of approval.

However, in 2008 and thereafter until further determined by the board, the annual stock retainer payable to the non-employee directors was revised to constitute an award of 1,500 stock units (adjusted in 2009 to 2,250 shares as a result of the Company's 50% stock dividend, in the form of a three-for-two stock split, paid on June 12, 2008). Additionally, the chair of each of the Audit Committee/Finance Committee, Compensation Committee and Nominating/Corporate Governance Committee received additional common stock units valued in the approximate amounts of \$25,000, \$15,000 and \$15,000, respectively, for services in such capacity based upon the fair market value of our common stock on the date of approval. The board of directors determined to increase the compensation payable to the committee chairs to better align the compensation payable to such persons with the current duties and responsibilities required of such individuals.

Thus, for 2008, the stock units awarded to the non-employee directors on May 5, 2008 were as follows: Mr. Baer, 1,500 unit awards; Mr. Beda, 2,006 unit awards; Mr. Dill, 1,500 unit awards; Mr. Dubinsky, 1,500 unit awards; Mr. Ford, 1,804 unit awards; Mr. Hanser, 1,500 unit awards; Mr. Lefton, 1,500 unit awards; Mr. Oates, 1,804 unit awards; and Mr. Westbrook, 1,500 unit awards. The closing price of our common stock on the date of award was \$49.34.

Additionally, non-employee directors who also serve on the board of directors of Stifel Bank & Trust receive cash compensation as is approved by the Stifel Bank & Trust board of directors.

Directors who are also our employees do not receive any compensation for their service as directors, but we pay their expenses for attendance at meetings of the board of directors.

## **CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

The Sarbanes-Oxley Act of 2002 generally prohibits loans by an issuer and its subsidiaries to its executive officers and directors. However, the Sarbanes-Oxley Act contains a specific exemption from such prohibition for loans to its executive officers and directors in compliance with federal banking regulations. Federal regulations require that all loans or extensions of credit to executive officers and directors of insured financial institutions must be made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and must not involve more than the normal risk of repayment or present other unfavorable features.

From time to time, our banking subsidiary, Stifel Bank & Trust, makes loans and extensions of credit to its executive officers and directors. Outstanding loans made to our directors and executive officers, and members of their immediate families, were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the Company and its subsidiaries, and did not involve more than the normal risk of collectibility or present other unfavorable features. As of December 31, 2008, all such loans were performing to their original terms.

Certain of our officers, directors and nominees for director maintain margin accounts with Stifel Nicolaus & Company, Inc. pursuant to which Stifel Nicolaus & Company, Inc. may make loans for the purchase of securities. All margin loans are made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and do not involve more than normal risk of collectibility or present other unfavorable features.

Additionally, Charles A. Dill, one of our directors, is a general partner of Gateway Partners, L.P. We, and Stifel Venture Corp., our subsidiary, own an interest in Gateway Venture Associates, L.P. and Gateway Associates III, L.P., the management companies that are the general partners of Gateway Partners, L.P. and Gateway Venture Partners III, L.P., respectively. We are also a limited partner of Gateway Partners, L.P. At December 31, 2008, our carrying value of these investments was \$0.00.

The Company currently approves or disapproves of related party transactions on a case-by-case basis. As such, no formal policies or procedures have been adopted for the approval of related party transactions.

We maintain various policies and procedures relating to the review, approval or ratification of transactions in which our Company is a participant and in which any of our directors and executive officers, or their family members have a direct or indirect material interest. Our Company Code of Ethics, which is available on our website at [www.stifel.com](http://www.stifel.com), prohibits our directors and employees, including our executive officers, and in some cases, their family members, from engaging in certain activities without prior written consent. These activities typically relate to situations where a director, executive officer or other employee, and in some cases, an immediate family member, may have significant financial or business interests in another company competing with or doing business with our Company, or who stands to benefit in some way from such a relationship or activity. Specifically, our Code of Ethics includes prohibitions against: engaging in any outside business or other activity that might create a conflict of interest with or compete against the Company's interests, including ownership of privately-held stock or partnership interests without prior written approval, using Company property, information or positions for improper personal gain or benefit, and receiving bonuses, fees, gifts, frequent or excessive entertainment or any similar form of consideration above a nominal value from any person or entity with which the Company does, or seeks to do, business. It is also against Company policy to give gifts or gratuities without receiving specific approval by the Company's Office of General Counsel.

Each year, we require our directors and executive officers to complete a questionnaire which identifies, among other things, any transactions or potential transactions with the Company in which a director or an executive officer or one of their family members or associated entities has an interest. We also require that directors and executive officers notify our legal department of any changes during the course of the year to the information provided in the annual questionnaire as soon as possible.

We believe that the foregoing policies and procedures collectively ensure that all related person transactions requiring disclosure under applicable Securities and Exchange Commission rules are appropriately reviewed.

## COMPENSATION DISCUSSION AND ANALYSIS

### Named Executive Officers

Throughout this proxy statement, the individuals who served as our chief executive officer and our chief financial officer during the year ended December 31, 2008, and the other individuals included in the summary compensation table, are referred to as the "named executive officers." These individuals are:

- Ronald J. Kruszewski, who served as our Chairman, President and Chief Executive Officer;
- James M. Zemlyak, who served as our Senior Vice President, Chief Financial Officer and Treasurer and Co-Chief Operating Officer of our subsidiary, Stifel Nicolaus & Company, Inc.;
- Richard J. Himelfarb, who served as our Senior Vice President and as Executive Vice President and Director of Investment Banking for our subsidiary, Stifel Nicolaus & Company, Inc.;
- Scott B. McCuaig, who served as our Senior Vice President and President and Co-Chief Operating Officer of our subsidiary, Stifel Nicolaus & Company, Inc.; and
- Thomas P. Mulroy, who served as our Senior Vice President and Executive Vice President and Director of Equity Capital Markets of our subsidiary, Stifel Nicolaus & Company, Inc.

### Compensation Philosophy and Objectives

Our executive compensation program is designed to reward superior corporate performance annually and over the long term, as measured by increasing stockholder value. Total compensation must also be internally equitable and externally competitive. We continually review our executive compensation program to ensure that it reflects good governance practices as well as the best interests of our stockholders, while meeting the following core objectives:

*Pay for Performance.* A substantial portion of the total compensation for each of the named executive officers is variable from year-to-year and is based upon our Company's performance and the performance of the individual named executive officer during that year, without weighting. Illustrative of this fact, is that the named executive officers' base salaries are low relative to peer executives in competitive companies and are not increased from year-to-year. The amount of compensation paid to each named executive officer is based in part upon the financial performance of our Company for the year and in part upon the named executive officer's performance during the year as analyzed and recommended by the chief executive officer (in the case of all of the named executive officers except Mr. Kruszewski) to the Compensation Committee. In the case of Mr. Kruszewski, the analysis of his individual performance for the year is done entirely by the members of the Compensation Committee. In its assessments, the Compensation Committee utilizes complete discretion in setting annual incentive compensation for the named executive officers. No Company or individual performance targets or other quantitative formulas are utilized by the Compensation Committee in the setting of awards. Instead, at the end of each fiscal year, the Compensation Committee reviews Company performance and the individual performance evaluations, including any Company achievements to which the individual named executive officer contributed.

- *Stock Ownership.* We have designed our compensation program to assure that our executive officers establish and maintain a significant amount of stock ownership in the Company over time. We believe that stock ownership by the executive officers directly aligns the interests of our managers with those of our stockholders and incentivizes our executive officers to focus on the creation of stockholder value. We, therefore, mandate that 15% of the named executive officers' annual incentive compensation is paid in the form of equity awards in the Stifel, Nicolaus & Company, Incorporated Wealth Accumulation Plan which vest over three years and encourage the named executive officers to elect to take greater amounts of their compensation in equity awards through Company matching programs. The Company grants a 25% match to the mandatory and voluntary bonus paid in equity which vests on the third anniversary of the award.
- *Recruiting and Retention.* Due to the competitive nature of the securities industry related to executive talent, we are committed to provide total compensation opportunities that are competitive with the compensation opportunities of other companies in our business. Our compensation package must be sufficiently aligned with industry practices that we can continue to attract and retain executives who can effectively guide our Company in the future. With this in mind, the Compensation Committee uses comparisons of the compensation practices of competitive companies as a check at the end of the annual compensation process to determine if our compensation practices are yielding relatively comparable pay for comparable performance.
- *Tax Deductibility and Compliance.* Our executive compensation program is designed to maximize the tax deductibility of compensation paid to our named executive officers and to avoid the payment of punitive excise taxes by our executive officers. Thus, annual incentive compensation programs are operated in compliance with Section 162(m) of the Internal Revenue Code, and deferred compensation is structured so as to comply with the deferred compensation rules under Section 409A of the Internal Revenue Code.

## Setting Compensation

Our Compensation Committee has the responsibility for approving the compensation paid to our named executive officers and ensuring that our compensation program is consistent with our compensation philosophy and is meeting our goals and objectives. Throughout this Compensation Discussion and Analysis, we refer to the Compensation Committee as the "Committee." Early each year, the Committee approves the amount of incentive compensation to be paid to our named executive officers for Company and individual performance during the prior year. Subject to the limits set forth in Section 162(m) of the Internal Revenue Code, the Committee has full discretion as to the level of annual incentive compensation it pays to each of the named executive officers.

### **Involvement of Executive Officers**

The analysis of the Committee with respect to the compensation of the named executive officers, other than Mr. Kruszewski, begins with the recommendation of the chief executive officer and is supported by internal and external compensation data that is supplied by the chief executive officer and compiled by our accounting department. The information provided to the Committee may include financial information with respect to our Company and its business segments as well as a summary of the chief executive officer's evaluation of the individual performance of each of the other named executive officer for the most recently completed year.

The chief executive officer may also provide information gathered from external surveys and other sources with respect to the compensation amounts and packages for companies that are considered competitors of our Company for executive talent. These are typically used as a check to determine if the amount of annual compensation that is set under the process outlined above has yielded an appropriate amount of overall compensation for the executive officer as compared with the general market.

The Committee itself does its own evaluation of the performance of the chief executive officer for the year in setting the chief executive officer's annual incentive compensation and long-term compensation. The Committee typically includes in its analysis of the chief executive officer's annual bonus a compensation peer group survey.

### **Compensation Survey**

We annually identify for the Committee a group of companies that we consider to be peer companies. Typically, these companies are other investment banking and financial services firms of similar size and scope of services offered. We gather this information primarily from external market surveys on compensation that are available in the market as well as publicly available data on the specific competitive companies that are available from that companies public filings, such as proxy statements. Except in the case of the chief executive officer's compensation, this compensation information is used as a final review of the appropriateness of the compensation levels set by our Committee's analysis of the financial and qualitative data presented for each of these officers.

For 2008, the following companies were included in the compensation survey:

B. C. Ziegler & Co.

Robert W. Baird & Co. Inc.

William Blair & Company

D.A. Davidson & Co.

First Command Financial Services, Inc.

Hilliard Lyons

Morgan Keegan & Company, Inc.

- 23 -

---

Raymond, James & Associates

RBC Wealth Management

Southwest Securities

Scott & Stringfellow Investment Corp.

Waddell & Reed, Inc.

Wells Fargo Bank

### **Compensation Consultants**

While we use publicly available external market surveys with respect to compensation data that we believe to be relevant to the Committee's analysis, we have not engaged an independent outside compensation consultant for 2008 and have not engaged such a consultant to date in 2009.

### **Compensation Program and Payments**

The key components of our executive compensation program are base salary, annual incentive compensation, long-term incentive compensation, merger-related compensation, and perquisites. Executive officers are also entitled to participate in health and welfare plans and retirement savings plans generally available to all of our employees.

#### **Base Salary**

We pay relatively low levels of base salary compared to the market due to our variable pay-for-performance philosophy. Mr. Kruszewski is paid a \$200,000 annual base salary and his salary has not been increased since he joined our Company in 1997. Likewise, Messrs Zemlyak and McCuaig continue to receive annual base salaries of \$175,000 each, also without increase since they joined our Company in 1999 and 1998, respectively. Messrs. Himelfarb and Mulroy each receive an annual base salary of \$250,000, which was the base salary that each was earning at Legg Mason Capital Markets Group at the time of its acquisition by our Company in December 2005.

A reflection of our performance-based compensation structure is that the base salary for each of the named executive officers is a relatively small portion of the executive's total compensation. In 2008, base salaries paid to our named executive officers represented a range from approximately 5.1% of total compensation paid to the executive to approximately 10.8% of the executive's total compensation.

#### **Annual Incentive Compensation**

The Committee has established an annual incentive compensation program for the named executive officers that provides a significant portion of the total compensation paid to each of the named executive officers. The objective of the annual incentive compensation portion of the executive compensation program is to provide cash and equity compensation that is variable based upon the achievement of financial goals for our Company and the business units in which the executive officer serves and a qualitative evaluation of the individual executive officer's performance for the year.

Compensation Determinations and Relevant Factors. For purposes of complying with the requirements of Section 162(m) of the Internal Revenue Code, the Committee establishes at the beginning of each year a total bonus pool and an individual bonus limitation for any one executive officer. For 2008, these Section 162(m) limitations were primarily based upon a combination of total revenues of our Company and pre-tax, pre-bonus income. After the computation of the possible bonus pool, the Committee utilizes the negative discretion allowable under Section 162(m) to evaluate a variety of subjective factors in evaluating each executive officer's performance, and resulting incentive compensation award, for the year. In the case of all named executive officers other than Mr. Kruszewski, the performance evaluation of each executive officer by the chief executive officer, and the chief executive officer's recommendation as to the annual incentive compensation payment level for each executive officer, is factored into the decision of the Committee as to the annual incentive compensation amount to be paid. The Committee, however, has full discretion to determine the annual incentive compensation actually paid to each of the named executive officers. With respect to the chief executive officer, the Committee completes its own evaluation of the chief executive officer's performance for the year and sets the annual incentive compensation amount to be paid to the chief executive officer without outside recommendation. In its assessments, the Committee utilizes complete discretion in setting annual incentive compensation for the named executive officers primarily on the basis of Company performance, with the factors considered by the Committee given no particular weighting. No Company or individual performance targets or other quantitative formulas are utilized by the Committee in the setting of awards. Instead, at the end of each fiscal year, the Committee reviews Company performance and the individual performance evaluations, including any Company achievements to which the individual named executive officer contributed.

Some of the factors considered by the Compensation Committee with respect to 2008 annual incentive compensation, without any particular weighting, were as follows:

- Review of our overall corporate financial results for the last completed year;
- Review of strategic decisions, including acquisitions, which may impact overall stockholder value, both over short and long-term horizons;
- Stock price performance over the course of the year and prior 5 years;
- Review of the financial results of the business unit, if any, at which the named executive officer primarily works;
- Review of the named executive officer's historical compensation;
- Review of the named executive officer's stock ownership levels against our stock ownership guidelines discussed below;
- Summary sheets for current compensation;
- The recommendations of our chief executive officer; and

- Review of the annual incentive compensation determined from the above analysis against market data regarding executive compensation at companies regarded as competitive to us for executive talent.

---

In particular, in setting annual incentive compensation for the named executive officers for 2008, the Compensation Committee considered the Company's relative performance in light of the global financial and credit crisis and economic recession, including the following (some of which factors are considerations that decreased the annual incentive compensation actually paid):

A. Overall Company financial performance, including the following:

- Record net revenues of \$867.5 million, a 14% increase for 2008 as compared to 2007.
- Thirteenth consecutive annual increase in net revenues.
- Record GAAP net income of \$57.2 million, or \$2.04 per diluted share, a 78% increase for 2008 as compared to 2007.
- Core net income of \$73.1 million, or \$2.60 per diluted share, a 9% increase from the prior year core net income.
- Our Private Client Group and Fixed Income Capital Markets net revenues increased 6% and 170%, respectively, in 2008 as compared to 2007.
- Equity Capital Markets segment revenue of \$216 million in a difficult investment banking environment although investment banking revenues within the Equity Capital Markets segment declined 51% to \$83.7 million from the prior year.
- For the year ended December 31, 2008 and 2007, utilizing core earnings, pre-tax margin was 14%.
- For the year ended December 31, 2008, utilizing core earnings, annualized return on average equity was 15% compared to 18% from the prior year.
- For the year, our stock price increased 31% vs. declines of 37% for the S&P 500 and 62% for the Securities Broker-Dealer Index. Over five years, our stock price has achieved a compound annual growth rate of 35% as compared to compound annual declines of 2% for the S&P 500 and 10% for the Securities Broker-Dealer Index.

B. The Company's ability to remain well capitalized, as evidenced by the following indicators:

- Stockholder equity of \$593 million, or \$22.68 pr share.
- A tier-one capital ratio of 49%, which is 12 times the required level.
- Net capital ratio of 58%, 18 times the required level.
- The successful completion of a public offering on September 29, 2008 of 1,495,000 new shares of Company common stock at an offering price of \$45.00 per share raising net proceeds to the Company after consideration of the underwriters discount and before any expenses of \$64.4 million.

C. The Company's continued growth, notwithstanding the difficult economic market, as evidenced by the following milestones achieved from January 2008 through March 2009:

- The opening of 62 new offices and the addition of 231 financial advisors to our Company, net of departures. These totals include the acquisition of Butler Wick, which closed on December 31, 2008, and added 75 financial advisors and 18 branch offices.

- The significant amount of work performed in 2008 related to the March 2009 agreement to acquire up to 55 Private Client Group branches from the UBS Wealth Management Americas branch network.
- Expansion of the scope and capability of our Public Finance practice through the addition of 25 professionals and the opening of 4 new offices in Chicago, Illinois; Lansing, Michigan; New York, New York; and San Antonio, Texas.
- The addition of 61 associates to our Equity Capital Markets Group, including 24 in investment banking, 17 in sales and trading, and 13 in research.
- The addition of 55 associates in Fixed Income Capital Markets, adding significantly to sales, trading, and Public Finance, including the addition of 12 highly regarded professionals to spearhead a new Aircraft Finance and Credit Solutions practice.
- The addition of 87 associates to our client service areas to support our growth.

D. Other factors, including the following:

- Our continued award-winning research efforts, ranking #1 out of 246 firms in both stock-picking performance and earnings accuracy contributing to a \$160 million increase in our institutional cash equity business up 33% from 2007.
- Our Public Finance Group acting as sole, senior, or co manager on 535 transactions totaling \$12 billion.
- The payment of a 50% stock dividend in the form of a 3-for-2 stock split distributed on June 12, 2008 to shareholders of record May 29, 2008.
- Stifel Bank assets growth of 38% to \$343 million, while adding 35 new associates.
- Our determination not to participate in the U.S. Treasury Department Troubled Asset Relief Program (TARP) Capital Purchase Program, although we were eligible to receive funding.
- The uncertainty regarding the resolution of the auction rate securities matter.

Based on the foregoing, the annual incentive compensation for 2008 payable in cash, mandatory stock units, elective stock units and matched stock units for each of the named executive officers is set forth in the table below:

<u>Name</u>	<u>Cash Bonus</u> ( <u>\$</u> )	<u>Mandatory</u> <u>Stock Units</u> ( <u>\$</u> )	<u>Elective</u> <u>Stock</u> <u>Units</u> ( <u>\$</u> )	<u>Annual Incentive</u> <u>Compensation</u> ( <u>\$</u> )	<u>Company Match</u> <u>Stock Units</u> ( <u>\$</u> )	<u>Total</u> <u>Incentive</u> <u>Compensation(\$)</u>
Ronald J. Kruszewski	2,720,000	480,000	-	3,200,000	120,000	3,320,000
James M. Zemlyak	962,500	206,250	206,250	1,375,000	103,125	1,478,125
Richard J. Himelfarb	910,000	195,000	195,000	1,300,000	97,500	1,397,500
Scott B. McCuaig	927,500	198,750	198,750	1,325,000	99,375	1,424,375
Thomas P. Mulroy	1,400,000	300,000	300,000	2,000,000	150,000	2,150,000

**Form of Payment.** In order to increase share ownership and to encourage retention among our named executive officers, 15% of the named executive officer's annual incentive compensation amount for 2008 has been paid, on a mandatory basis, in stock units valued at the fair market value of our common stock on the date of payment of each year, typically in February. The stock units are issued under our 2001 Incentive Stock Plan (2008 Restatement) which was approved by our stockholders in 2008. The stock units vest ratably over a three-year period after payment. In addition, the named executive officer can elect to defer a portion of his cash bonus into stock units as well. The stock units that are electively deferred are immediately vested. The Company will match 25% of the value of the mandatory and elective deferrals of each of the named executive officers by crediting the executive with additional stock units that vest on the third anniversary of payment.

### Long-Term Incentive Awards

Long-term incentives are intended to provide compensation opportunities for the named executive officers based upon the creation of stockholder value and an increase in our stock price. Long-term incentive awards meet the requirements of Section 162(m) of the Internal Revenue Code, but the Committee uses negative discretion to subjectively set long-term incentive awards. Long-term incentive awards are granted at the complete discretion of the Compensation Committee. No performance targets or specific criteria are utilized in the award process other than the consideration of overall stockholder value and the Company's stock price. These stock units will vest ratably over a five-year period after the date of the award. The units will also vest in the event of a change-in-control of our Company, or the retirement, death or disability of the executive officer.

In making the determination as to the long-term incentive awards to be granted to the named executive officers in 2008, the Compensation Committee considered the factors identified above with respect to the annual incentive compensation determinations for the named executive officers (beginning on page \_\_\_) in light of the Company's efforts to provide a mix of cash and short and long term compensation components designed to incent employees to remain with the Company.

The stock unit awards made in 2008 follow:

<u>Name</u>	<u>Dollar Value (\$) of Award<sup>(1)</sup></u>
Ronald J. Kruszewski	600,000
James M. Zemlyak	100,000
Richard J. Himelfarb	100,000
Scott B. McCuaig	100,000
Thomas P. Mulroy	150,000

(1) These awards vest ratably over a five year period. During 2008, we recognized no expense under FAS 123(R) in connection with these awards.

### **Merger-Related Awards**

As a means of assuring commitment and long-term retention of the former Legg Mason Capital Markets Group executives who became executive officers of our Company, Messrs. Himelfarb and Mulroy entered into letter agreements with us in September 2005. Pursuant to these letter agreements, Messrs. Himelfarb and Mulroy each were required to purchase \$2,000,000 of our common stock at \$25 per share which was the approximate market price of our common stock at the time. In connection with their agreement to purchase our common stock and enter into non-compete and non-solicitation agreements, we agreed to provide a 50% match to their common stock purchase in the form of our stock units and award \$500,000 in additional stock units. As of the letter agreement date, these merger-related awards totaled \$1.5 million and vest annually over a three-year period. As a result of the increase in stock price from the letter agreement date to the award date, we were required to (i) charge compensation expense in 2006 to all the participants reporting the difference between the agreed upon purchase price of \$25 per share and the value determined at the date of the purchase, which resulted in 2006 compensation of \$1,066,176 for each of Messrs. Himelfarb and Mulroy, and (ii) expense the value of the match shares and the unit grant share at the price on the award date over a three-year period in accordance with SFAS No. 123(R), which was \$2,255,400 or \$751,800 per year for three years. As a result, the merger-related compensation we charged to expense over three years increased from \$1.5 million to approximately \$3.3 million. The table below illustrates the merger related compensation for Messrs. Himelfarb and Mulroy over the applicable three years.

<b>Description</b>	<b>Shares</b> <b>/Units</b>	<b>Initial</b> <b>Value</b> <sup>(2)</sup>	<b>Grant Date</b> <b>Value</b> <sup>(3)</sup>	<b>2006</b> <sup>(4)</sup>	<b>2007</b> <sup>(4)</sup>	<b>2008</b> <sup>(4)</sup>	<b>Total</b> <sup>(4)</sup>
Stock Purchase <sup>(1)</sup>	80,000	\$ -	\$ 1,066,176	\$1,066,176			<b>\$1,066,176</b>
50% Unit Match	40,000	\$ 1,000,000	\$ 1,503,600	501,200	501,200	501,200	<b>1,503,600</b>

<b>TOTAL</b>		<b>\$ 1,500,000</b>	<b>\$ 3,321,576</b>	<b>\$1,817,976</b>	<b>\$751,800</b>	<b>\$751,800</b>	<b>\$3,321,576</b>

1. Messrs. Himelfarb and Mulroy purchased 80,000 shares of our common stock for \$2,000,000.
2. The initial value represents the compensation expense that would have been recorded at market price of \$25.00 per share, which was the approximate market value when the letter agreements were offered.
3. The grant date value is based on the market value of the stock when the stock was purchased and the units were awarded to the named executive officers.
4. The compensation for the stock purchase was recognized in January 2006 and the compensation related to the units is amortized over the three-years vesting period. The FAS 123(R) expense recognized in 2006, 2007 and 2008 is presented in the *Summary Compensation Table* contained in the Executive Compensation in the Last Fiscal Year. The stock purchase compensation realized by Messrs. Himelfarb and Mulroy is under the caption "All Other Compensation" and the amortization of the stock unit grants is contained under the caption "Stock Awards."

### Perquisites and Other Personal Benefits

We provide executives with perquisites and other personal benefits that the Committee believes are reasonable and consistent with our overall compensation program to better enable us to attract and retain the best talent for key executive positions. The Committee periodically reviews the dollar amount of perquisites provided and may make adjustments as it deems necessary. Perquisites currently provided generally include: an annual cash stipend for non-accountable expenses, dues for membership in private clubs, and personal and family travel.

### Retirement Plans

We sponsor a profit sharing 401(k) plan in which all eligible employees, including the named executive officers may participate. We match up to 50% of the first \$2,000 of each employee's contribution to the 401(k) plan. In addition, employees, including the named executive officers, also participate in our employee stock ownership plan and trust. Employee stock ownership contributions for a particular year are based upon each individual's calendar year earnings up to a maximum prescribed by the Internal Revenue Code.

- 30 -

---

### Health and Welfare Plans

Full-time employees, including the named executive officers, participate in the same broad-based, market competitive health and welfare plans (including medical, prescription drug, dental, vision, life and disability insurance). These benefits are available to the named executive officers on the same basis as they are made available to all other full-time employees.

### Employee Ownership Guidelines

Since 1997, a major goal of ours has been to increase the ownership of our common stock by all associates, including the named executive officers. The primary vehicle utilized to achieve this goal has been the requirement for a portion of the annual incentive compensation to be paid in stock units. This mandatory deferral can be up to 15% of each associate's annual incentive compensation. In addition, each associate can electively defer an additional 15% of their

annual incentive compensation. This mandatory deferral and any elective deferral into stock units are matched at the rate of 25% of the stock units so deferred.

Unlike most stock ownership rules, we do not require the employees to purchase shares to meet ownership guidelines. Instead, our guidelines restrict future sale of shares if the result is that the executive's ownership is below the required levels. The level of a named executive officer's stock ownership as compared with the required guidelines will also be a factor that will be considered by the Committee in making compensation determinations.

### **Deductibility of Executive Compensation**

Section 162(m) of the Internal Revenue Code provides that compensation in excess of \$1 million paid to the chief executive officer and the other most highly compensated executive officers of a public company will generally be non-deductible for federal income tax purposes, subject to certain exceptions. The Committee intends to structure compensation arrangements in a manner that will avoid the deduction limitations imposed by Section 162(m) in appropriate circumstances. However, the Committee believes that it is important and necessary that the Committee retain the right and flexibility to provide and revise compensation arrangements, such as base salary and cash bonus incentive opportunities, that may not qualify under Section 162(m) if, in the Committee's view, such arrangements are in our best interests and the best interests of our stockholders.

### **COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION**

The responsibilities of the Compensation and Benefits Committee are provided in its Charter, which has been approved by our board of directors. In fulfilling its oversight responsibilities with respect to the Compensation Disclosure and Analysis included in this Report the Compensation and Benefits Committee, among other things, has:

- reviewed and discussed the Compensation Disclosure and Analysis with management; and
- following such review, the Compensation and Benefits Committee recommended the inclusion of such Compensation Disclosure and Analysis in this proxy statement.

## Discussion of Post-Employment Payments

**Long-Term Incentive Awards:** The Long-Term Incentive Awards made to the named executive officers vest in the event of a change-in-control of our Company, or the death or disability of the executive officer. These awards also vest upon retirement if the participant has reached the age of 65 and has 5 or more years of prior service.

Assuming any of these events had occurred at December 31, 2008, the named executive officer would have received full vesting of some or all of their outstanding units and these units would have been converted into common stock as follows:

Name	Number of Shares Acquired if Vesting (#)	Value Realized if Vesting (\$) (1)
Ronald J. Kruszewski	97,290	4,460,747
James M. Zemlyak	17,748	813,746
Richard J. Himelfarb	5,283	242,226
Scott B. McCuaig	3,522	161,484
Thomas P. Mulroy	17,748	813,746

(1) Based on a closing stock price at December 31, 2008 of our common stock of \$45.85.

**Merger-Related Agreements:** In connection with the Legg Mason acquisition in 2005, each of Messrs. Himelfarb and Mulroy is subject to non-compete, non-solicit, and confidentiality provisions pursuant to an employment agreement. The agreements provide that, during the time of their employment with our Company, each of Messrs. Himelfarb and Mulroy cannot directly or indirectly compete, assist in or provide financial resources to any activity which competes with our Company in the financial services industry. In addition, during their employment with the Company and for a period six months thereafter, each of them is prohibited from soliciting a Stifel employee to be employed or perform services for another party, and from interfering with any contractual relationship that Stifel may have with any employee. The agreements also prohibit Messrs. Himelfarb and Mulroy from disclosing any non-public information learned or obtained during the period of their employment with the Company.

In addition to the above, pursuant to each of their employment agreements, in the event of death or permanent disability, each of Messrs. Himelfarb and Mulroy or their respective estates shall receive regular compensation and benefits from our Company through the end of the month in which the death or disability occurred, as well as any applicable bonus or other benefits to which the applicable executive was entitled. For these purposes, the employment agreements define permanent disability as "by reason of physical condition, the employee has been or shall be unable to perform a material portion of the services required for a continuous ninety (90) day period (successive periods of disability not separated by a two week disability-free period shall be deemed for this purpose to constitute, in the aggregate, a continuous period of disability)." "In addition, the then-current year's stock units and any "matching" stock awarded to such executive shall fully vest in the event of such death or permanent disability.

In the event of a change in control of our Company, any stock awarded to Messrs. Himelfarb, and Mulroy pursuant to an award agreement shall fully vest (see above table).

**PROPOSAL II - ADOPTION OF THE AMENDMENT TO THE RESTATED CERTIFICATE OF INCORPORATION**

The board of directors recently approved a proposal to amend the fourth article of the Company's Restated Certificate of Incorporation, as amended (the "Restated Certificate"), to increase the total number of shares of stock authorized thereunder from 33,000,000 to 100,000,000 and to increase the number of shares of common stock authorized thereunder from 30,000,000 to 97,000,000, and has directed that the proposal be submitted to the vote of the stockholders at the annual meeting.

**Description of the Amendment to the Restated Certificate of Incorporation**

On April 8, 2009, the record date for the annual meeting, 27,355,079 shares of the Company's common stock were issued and outstanding. As of that date, the remaining unissued shares of the Company's common stock were fully reserved for issuance pursuant to the Company's incentive compensation plans and outstanding warrants. The board of directors of the Company believes that it is in the best interests of the Company and its stockholders to increase the number of authorized but unissued shares of its common stock. An increase in the number of authorized shares of common stock will require a corresponding increase in the total number of authorized shares of stock. The increase will provide a reserve of shares available for issuance upon authorization of the board for any corporate purpose including, without limitation, stock dividends, stock splits, financing transactions, acquisitions and employee benefit plans, without the necessity of soliciting further stockholder approval, subject to applicable stockholder vote requirements of applicable law and the New York Stock Exchange. The board of directors believes that the availability of the additional shares for such purposes without delay or the necessity for a special stockholders' meeting (except as may be required by applicable law or by the rules of the New York Stock Exchange) will be beneficial to the Company by providing it with the flexibility to consider and respond to future business opportunities and needs as they arise.

The additional shares of common stock for which authorization is sought herein would have rights identical to the shares of common stock now authorized under the Restated Certificate. The amendment to increase the number of authorized shares will have no affect on the legal rights of the holders of the existing shares of common stock.

Adoption of the proposed amendment could render more difficult any attempted takeover of the Company that is opposed by the Company's board of directors. The board of directors may issue, without further action or approval of the stockholders, additional shares of common stock to the public, thereby increasing the number of shares that would have to be acquired to effect a change in control of the Company. This proposal is not being submitted as a result of or in response to any known accumulation of stock or threatened takeover or attempt to obtain control of the Company by means of a business combination, tender offer, solicitation in opposition to management or otherwise by any person. Additionally, the issuance of additional shares of common stock could lead to the dilution of existing stockholders.

Under the Restated Certificate, the Company currently has 3,000,000 shares of authorized preferred stock (\$1.00 par value), none of which are currently outstanding. The Company is not proposing any change to the authorized preferred stock or any other provision of the Certificate of Incorporation.

The complete text of the fourth article of the Restated Certificate as proposed to be amended is set forth in Appendix A to this Proxy Statement.

Vote Required to Approve the Amendment to the Restated Certificate of Incorporation

The affirmative vote of a majority of our outstanding shares of common stock is required to approve the amendment to the Restated Certificate of Incorporation of the Company.

**We recommend a vote "FOR" the approval of the amendment to the Restated Certificate of Incorporation.**

**PROPOSAL III- RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee/Finance Committee approved on February 9, 2009 the re-appointment of Ernst & Young LLP ("E&Y") as the Company's independent registered accounting firm for the year ending December 31, 2009. In deciding to select E&Y, the Audit Committee reviewed auditor independence issues and existing commercial relationships with E&Y and concluded that E&Y has no commercial relationship with the Company that would impair its independence. The Audit Committee/Finance Committee dismissed the Company's prior independent registered accounting firm, Deloitte & Touche LLP ("Deloitte"), effective as of April 8, 2008.

We did not engage E&Y in any prior consultations during our fiscal years ended December 31, 2007 and 2006 or the subsequent period through April 14, 2008 regarding either: (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our consolidated financial statements, and neither a written report was provided to the Company nor oral advice was provided that E&Y concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing, or financial reporting issue; or (ii) any matter that was the subject of either a disagreement (as defined in Item 304 (a) (1) (iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K) or a reportable event (as defined in Item 304 (a) (1) (v) of Regulation S-K).

The audit reports of Deloitte of our financial statements for the past two years ended December 31, 2007 and 2006 did not contain an adverse opinion or a disclaimer of opinion, and was not qualified or modified as to uncertainty, audit scope, or accounting principles. During the two fiscal years ended December 31, 2007 and 2006 and the subsequent period through April 8, 2008, we did not have any disagreements (as defined in Item 304 (a) (1) (iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K) with Deloitte on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Deloitte, would have caused it to make reference to the subject matter of the disagreements in connection with its report. Also during this period, there have been no reportable events as that term is described in Item 304 (a) (1) (v) of Regulation S-K.

We provided Deloitte with a copy of our disclosures in response to Item 304 (a) of Regulation S-K and requested that Deloitte furnish us with a letter addressed to the Securities Exchange Commission stating whether it agrees with our statements in response to Item 304 (a) of Regulation S-K and, if not, stating the respects in which it does not agree. This letter from Deloitte was attached as Exhibit 16 to the Company's current report on Form 8-K filed April 14, 2008.

Proposal III requests ratification of the Audit Committee/Finance Committee's appointment of E&Y as our independent registered public accounting firm for the fiscal year ending December 31, 2009. Although advisory only because the Audit Committee/Finance Committee is required under the Sarbanes-Oxley Act of 2002 and the related rules and regulations of the Securities and Exchange Commission to have the responsibility for the appointment of our independent registered public accounting firm, this proposal is put before you in order to seek your views on this important corporate matter. If you do not ratify the appointment, the Audit Committee/Finance Committee will take the matter under advisement. A resolution will be presented at the meeting to ratify the appointment of E&Y.

The following table sets forth the aggregate fees for professional audit services rendered by Deloitte, our former independent registered public accounting firm, for the audit of our annual financial statements, and fees for other services rendered by Deloitte for the fiscal years ended December 31, 2007, and for professional audit services rendered by E&Y, our current independent registered public accounting firm, for the audit of our annual financial statements, and fees for other services rendered by E&Y for the fiscal years ended December 31, 2008:

<u>Type of fee</u>	<b>Fiscal Year Ended December 31,</b>	
	<b>2008</b>	<b>2007</b>
Audit Fees <sup>(1)</sup>	\$ 899,626	\$ 770,000
Audit-Related Fees <sup>(2)</sup>	--	216,643
Tax Fees <sup>(3)</sup>	281,509	--
All Other Fees <sup>(4)</sup>	9,500	--
Total	<u>\$ 1,190,635</u>	<u>\$ 986,643</u>

(1) Audit Fees include fees for professional services rendered for the audits of our annual consolidated financial statements and management's assessment of the effectiveness of internal control over financial reporting, including associated out-of-pocket expenses, reviews of unaudited quarterly financial statements and services that are normally provided by independent auditors in connection with statutory and regulatory filings.

(2) Audit Related Fees for fiscal 2007 include fees for assurance and related services provided by our independent auditor that are reasonably related to the performance of the audit or review of our consolidated financial statements and are not included above under "Audit Fees." These services principally include advisory services related to the review of our internal controls under the provisions of Section 404 of the Sarbanes-Oxley Act.

(3) Tax Fees include fees for services principally related to the review of Company-prepared calculations, preparation of related federal and state tax returns, and acquisition-related tax research and consultation.

(4) All Other Fees include an annual license fee for access to E&Y's web-based accounting research tool and miscellaneous consulting fees.

Our Audit Committee/Finance Committee has established a policy requiring the approval of all audit engagement fees and terms and the pre-approval of all non-audit services provided to us by our registered public accounting firm. The policy prohibits the Audit Committee/Finance Committee from delegating to management the committee's responsibility to pre-approve permitted services of our independent registered public accounting firm.

We have been advised that a representative of E&Y will be present at the meeting with an opportunity to make a statement if such representative desires and will be available to respond to questions of the stockholders. Representatives of Deloitte are not expected to be present at the annual meeting to make a statement or respond to questions.

Vote Required to Ratify the Appointment of E&Y as our independent registered public accounting firm for 2009

The affirmative vote of a majority of the shares present at the meeting in person or by proxy and entitled to be cast at the meeting, is required to ratify the appointment of E&Y as our independent registered public accounting firm for 2009.

**We recommend a vote "FOR" ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2009.**

**REPORT OF THE AUDIT COMMITTEE/FINANCE COMMITTEE**

The Audit Committee/Finance Committee of the board of directors oversees our financial reporting process on behalf of the board of directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The committee operates pursuant to a written charter which was approved and adopted by the board of directors. Our board of directors has determined that each of the members of the committee is independent within the meaning of the listing standards of the Securities and Exchange Commission and the New York Stock Exchange. Our independent registered public accounting firm for the year ended December 31, 2008, Ernst & Young LLP, was responsible for expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles in the United States of America. Our board of directors has determined that Bruce A. Beda meets the Securities and Exchange Commission's requirements for and has designated him as, the "Audit Committee Financial Expert." Mr. Beda also qualifies as an "independent" audit committee member, as defined by NYSE listing standards.

In fulfilling its oversight responsibilities, the committee reviewed the audited financial statements in our Annual Report on Form 10-K with management. In connection with its review of our financial statements, the committee discussed with management the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The committee meets with the independent registered public accounting firm, with and without management present, to discuss their evaluations of our internal controls and the overall quality of our financial reporting. The committee reviewed with the independent registered public accounting firm the acceptability of our accounting principles and such other matters as are required to be discussed with the committee under generally accepted auditing standards, including, but not limited to, those matters under Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards). The committee has received from the independent registered public accounting firm the written disclosure and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). In connection with this disclosure, the committee has discussed with the independent registered public accounting firm the accountants' independence from management and us, including matters in the written disclosures pursuant to Rule 3526 of the Public Company Accounting Oversight Board Communicating with Audit Committees Concerning Independence, and considered the compatibility of non-audit services with the accountants' independence. The committee also reviews the internal audit department's organization, responsibilities, budget and staffing. The committee reviewed with both the independent registered public accounting firm and the internal auditors their audit plans, audit scope, identification of audit risks and the results of the audit examinations.

Management is responsible for our financial reporting process, including our system of internal control, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles in the United States of America. Our independent registered public accounting firm is responsible for auditing those financial statements. The committee's responsibility is to monitor and review these processes. It is not the committee's duty or responsibility to conduct auditing or accounting reviews or procedures. The members of the committee are not employees and may not be, and may not represent themselves to be or to serve as, accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, the committee has relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent registered public accounting firm included in their report on our financial statements. The committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the committee's considerations and discussions with management and the independent registered public accounting firm do not assure that our financial statements are presented in accordance with generally accepted accounting principles in the United States of America, that the audit of our financial statements has been carried out in accordance with generally accepted auditing standards or that our independent registered public accounting firm is in fact "independent."

In reliance on the reviews and discussions referred to above, the committee recommended to the board of directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2008 for filing with the Securities and Exchange Commission.
