2. To ratify the appointment of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm for the fiscal year ending September 1, 2016;

The foregoing items of business are more fully described in the Proxy Statement accompanying this Notice.

Only shareholders of record at the close of business on November 30, 2015 are entitled to receive notice of and to vote at the meeting and any postponements or adjournments of the meeting. A complete list of shareholders entitled to vote at the meeting will be open to the examination of any shareholder, for any purpose germane to the business to be transacted at the meeting, during ordinary business hours for the ten-day period immediately preceding the date of the meeting, at our headquarters at 8000 South Federal Way, Boise, Idaho 83716-9632.

The Securities and Exchange Commission permits proxy materials to be furnished over the Internet rather than in paper form. Accordingly, we are sending most of our shareholders a notice regarding the availability of this proxy statement, our Annual Report on Form 10-K for fiscal 2015 and other proxy materials via the Internet (the "Notice"). This electronic process gives you fast, convenient access to the materials, reduces the impact on the environment and reduces our printing and mailing costs. If you received a Notice by mail, you will not receive a printed copy of the proxy materials in the mail. The Notice instructs you on how to access and review all of the important information contained in the Proxy Statement and Annual Report. The Notice also instructs you on how you may submit your vote over the Internet. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice.

Attendance at the Annual Meeting will be limited to shareholders and our guests. Shareholders may be asked to furnish proof of ownership of our Common Stock before being admitted to the meeting.

To ensure your representation at the meeting, you are urged to vote. You may vote by telephone or electronically via the Internet. Alternatively, if you received a paper copy, you may sign, date and return the proxy card in the postage-prepaid envelope enclosed for that purpose. Please refer to the instructions included with the proxy card for additional details. Shareholders attending the meeting may vote in person even if they have already submitted their proxy, and any previous votes that were submitted by the shareholder, whether by Internet, telephone or mail, will be superseded by the vote that such shareholder casts at the meeting.

Revocability of Proxy

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by attending the Annual Meeting and voting in person or by delivering to us a written notice of revocation or another duly executed proxy bearing a date later than the earlier given proxy but prior to the date of the Annual Meeting.

1

Solicitation

We will bear the cost of solicitation. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners. Proxies may be solicited by our directors, officers and employees, without additional compensation, personally or by telephone or Internet. We intend to use the services of D.F. King & Co., a proxy solicitation firm, in connection with the solicitation of proxies. Although the exact cost of the solicitation services is not known at this time, it is anticipated that the fees paid by us for these services will be approximately \$12,500.

Outstanding Shares

We have one class of stock outstanding, common stock, \$0.10 par value per share (the "Common Stock"). As of November 30, 2015, the Record Date, 1,035,239,924 shares of Common Stock were issued and outstanding and entitled to vote.

Voting Rights and Required Vote

Under the Delaware General Corporation Law and our Restated Certificate of Incorporation and our Amended and Restated Bylaws ("Bylaws"), each shareholder will be entitled to one vote for each share of Common Stock held at the Record Date for all matters, including the election of directors. The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of shares of our Common Stock issued and outstanding on the Record Date. Shares that are voted "FOR," "AGAINST" or "ABSTAIN" are treated as being present at the Annual Meeting for the purposes of establishing a quorum and are tallied to determine the shareholders' decision with respect to the matter voted upon (the "Votes Cast"). Abstentions will have the same effect as voting against a proposal. Broker non-votes will be considered present and entitled to vote for purposes of determining the presence or absence of a quorum for the transaction of business, but such non-votes are not deemed to be Votes Cast and, therefore, will not be included in the tabulation of the voting results with respect to voting results for the election of directors or issues requiring the approval of a majority of Votes Cast.

Shares held in a brokerage account or by another nominee are considered held in "street name" by the shareholder or "beneficial owner." A broker or nominee holding shares for a beneficial owner may not vote on matters relating to the election of directors or advisory votes unless the broker or nominee receives specific voting instructions from the beneficial owner of the shares. As a result, absent specific instructions, brokers or nominees may not vote a beneficial owner's shares on Items 1 and 3 and such shares will be considered "broker non-votes" for such proposals.

Directors will be elected if the number of votes "FOR" a particular director exceeds the number of votes "AGAINST" that same director. With respect to all other items of business, the "FOR" vote of a majority of the Votes Cast is required in order for such matter to be considered approved by the shareholders.

Voting of Proxies

The shares of Common Stock represented by all properly executed proxies received in time for the meeting will be voted in accordance with the directions given by the shareholders. If no instructions are given with respect to a properly executed proxy timely received by us, the shares of Common Stock represented thereby will be voted (i) FOR each of the nominees named herein as directors, or their respective substitutes as may be appointed by the Board of Directors, (ii) FOR ratification of the appointment of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm for the fiscal year ending September 1, 2016, (iii) FOR approval of a non-binding resolution to approve the compensation of our Named Executive Officers as described in the proxy statement; and (iv) in the discretion of the proxy holders for such business which may properly come before the Annual Meeting.

CORPORATE GOVERNANCE

Director Resignation

D. Warren A. East has indicated that he will be resigning from our Board of Directors immediately prior to the upcoming Annual Meeting of Shareholders. As a result, Mr. East will not be standing for re-election to the Board and we will be amending our Amended and Restated Bylaws to reduce the size of the Board to seven members. We appreciate Mr. East's contributions and wish him success in his future endeavors.

Code of Business Conduct and Ethics

The Board of Directors has adopted a Code of Business Conduct and Ethics that is applicable to all our directors, officers and employees. A copy of the Micron Code of Business Conduct and Ethics is available at www.micron.com and is also available in print upon request. Any amendments or waivers of the Code of Business Conduct and Ethics will also be posted on our website within four business days of the amendment or waiver as required by applicable rules and regulations of the Securities and Exchange Commission ("SEC") and the Listing Rules of NASDAQ.

Director Independence

The Board of Directors has determined that directors Bailey, Beyer, Byrne, East, Johnson, Mondry and Switz qualify as independent directors. In determining the independence of our directors, the Board of Directors has adopted independence standards that mirror the criteria specified by applicable laws and regulations of the SEC and the Listing Rules of NASDAQ. None of these directors have a relationship with us, other than any relationship that is categorically not material under the guidelines referenced above. See "Certain Relationships and Related Transactions."

Board Leadership Structure

Mr. Switz has served as our Chairman of the Board since February 2012. We do not have a fixed policy on whether the roles of chairman and CEO should be separate or combined. The decision is based on our and our shareholders' best interests under the circumstances existing at the time. In his role as Chairman, Mr. Switz oversees meetings of the independent directors and acts as a liaison between the independent directors and CEO.

Risk Assessment Role

The Board of Directors is responsible for overseeing the major risks we face and reviewing management's proposals for their mitigation. In addition, the Board has delegated oversight of certain categories of risk to the Audit, Compensation and Governance Committees. The Audit Committee reviews and discusses with management significant financial and nonfinancial risk exposures, including cyber security, and the steps management has taken to monitor, control, and report such exposures. The Compensation Committee oversees management of risks relating to our compensation plans and programs. The Governance Committee manages risks associated with board governance and director independence. The Audit, Compensation and Governance Committees report to the Board regularly on matters relating to the specific areas of risk the committees oversee.

Compensation Risks

We have assessed our compensation programs and have concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us. We assessed our compensation programs to determine if the programs' provisions and operations create undesired or unintentional risk of a material

nature. We also reviewed the results of our findings with Mercer, our outside compensation consultant. This risk assessment process included a review of program policies and practices; program analysis to identify risk and risk-control related to the programs; and determinations as to the sufficiency of risk identification, the balance of potential risk-to-potential-reward and risk-control. Although we reviewed all compensation programs, we focused on the programs with variability of payout, with the ability of a participant to directly affect payout and the controls on participant action and payout. In most cases, our compensation policies and practices are centrally designed and administered and are substantially the same for each business unit. Certain internal groups have different or supplemental compensation programs tailored to their specific operations and goals, and programs may differ by country due to variations in local laws and customs.

Compensation Consultant

The Compensation Committee annually engages a compensation consultant, currently Mercer, to provide a comprehensive review of executive compensation matters. Mercer provides the Compensation Committee with information for all of our officers on cash and non-cash compensation elements and historical and trend payment data.

The Compensation Committee has established procedures that it considers adequate to ensure that Mercer's advice to the Compensation Committee remains objective and is not influenced by our management. These procedures include: a direct reporting relationship to the Compensation Committee; a provision in the Compensation Committee's engagement letter with Mercer specifying what information, data, and recommendations can be shared with management; and an annual update to the Compensation Committee on Mercer's relationship with us, including a summary of the work performed for us during the preceding 12 months. The specific activities that Mercer undertakes for us include:

- review non-employee director compensation;
- review the Compensation Peer Group (as defined in the Compensation Discussion and Analysis) and recommend any changes to its members;
- benchmark total direct compensation and its components (salary, short-term incentives and long-term incentives) of our officers using several data sources;
- evaluate our historical pay-for-performance relationship;
- review the metrics and targets associated with the annual short-term incentives and long-term incentive plans;
- review the proposed equity grants for executives, along with vesting recommendations;
- assist with a risk assessment of our compensation practices;
- review a draft of the compensation discussion and analysis component of proxy disclosure; and
- attend the Compensation Committee meetings in which executive compensation matters are discussed.

We paid Mercer a total of \$676,064 in fiscal 2015 for services provided. Of this amount, \$99,660 was paid as a result of the executive and non-employee director compensation consulting work Mercer performed for the Compensation Committee and Governance Committee and \$576,404 was paid as a result of the work Mercer performed related to our 401(k) Plan and other human resource functions. The decision to use Mercer for services other than those provided to the Compensation Committee and Governance Committee was made by our management and not the Compensation Committee. Mercer is a wholly-owned subsidiary of Marsh & McLennan Companies Inc. ("MMC"). The Company paid MMC \$2,402,823 in fiscal 2015 for insurance services.

In addition, the Compensation Committee considered the independence of Mercer in light of SEC rules and NASDAQ listing standards. The Compensation Committee received a letter from Mercer addressing its independence, including the following factors: (i) other services provided to us by Mercer; (ii) fees paid by us as a percentage of Mercer's total revenue; (iii) policies or procedures maintained by Mercer that are designed to prevent a conflict of interest; (iv) any business or personal relationships between the individual consultants involved in the engagement and any member of the Compensation Committee; (v) any of our stock owned by the individual consultants involved in the engagement; and (vi) any business or personal relationships between our executive officers and Mercer or the individual

consultants involved in the engagement. The Compensation Committee concluded that there were no conflicts of interest with Mercer.

Board Meetings and Committees

Our Board of Directors held four meetings during fiscal 2015. The Board of Directors met in Executive Session (meetings in which only non-employee directors are present) four times during fiscal 2015. In fiscal 2015, the Board of Directors had a standing Audit Committee, Governance Committee and Compensation Committee. During fiscal 2015, the Audit Committee met 11 times, the Governance Committee met three times and the Compensation Committee met four times. In addition to formal committee meetings, the chairmen of the committees engaged in regular discussions with management regarding various issues relevant to their respective committees. All incumbent directors attended 75% or more of the total number of meetings of the Board of Directors during fiscal 2015. With the exception of Mr. East, all incumbent

directors who served on the Audit, Governance and Compensation Committees attended 75% or more of the total number of committee meetings during fiscal 2015. All members of our Board were present at the fiscal 2014 Annual Meeting of Shareholders. We encourage director attendance at the Annual Meeting of Shareholders.

The Audit Committee, the Governance Committee and the Compensation Committee each have written charters that comply with SEC and NASDAQ rules relating to corporate governance matters. Copies of the committee charters as well as our Corporate Governance Guidelines are available at www.micron.com and are also available in print upon request to corporatesecretary@micron.com. The Board has determined that all the members of the Audit Committee, the Governance Committee, and the Compensation Committee satisfy the independence requirements of applicable SEC laws and the Listing Rules of NASDAQ for such committees.

Our Corporate Governance Guidelines specify a mandatory retirement age of 70 for members of our Board of Directors and provide that committee chairman serve for no more than five years, but give the Board the discretion in each case to waive the requirement on an annual basis. The Board has waived the five-year chair limit for Ms. Johnson on the Audit Committee and Mr. Mondry on the Governance Committee.

Audit Committee

Ms. Johnson and Messrs. Bailey and Switz currently serve on the Audit Committee. Ms. Johnson has served as the Chairman of the Audit Committee since October 2010. The Board has determined that Ms. Johnson and Messrs. Bailey and Switz each qualify as an "audit committee financial expert" for purposes of the rules and regulations of the SEC and that each of these members are sufficiently proficient in reading and understanding our financial statements to serve on the Audit Committee. The purpose of the Audit Committee is to assist the Board in overseeing and monitoring:

- the integrity of our financial statements;
- the performance of our internal audit function;
- the performance of our Independent Registered Public Accounting Firm;
- the qualifications and independence of our Independent Registered Public Accounting Firm; and
- our compliance with legal and regulatory requirements.

The Audit Committee is also responsible for preparing the Audit Committee report that is included in our annual Proxy Statement. See "Report of the Audit Committee of the Board of Directors." The complete duties and responsibilities of the Audit Committee are set forth in its written charter, which is available at www.micron.com and is also available in print upon request to corporatesecretary@micron.com.

Governance Committee

Ms. Johnson and Messrs. Bailey, Beyer, Byrne, East, Mondry and Switz currently serve on the Governance Committee. Mr. Mondry has served as Chairman of the Governance Committee since October 2009. The responsibilities of the Governance Committee include assisting the Board in discharging its duties with respect to the following:

- the identification and selection of nominees to our Board of Directors;

•director compensation;

•the development of our Corporate Governance Guidelines; and

•the annual evaluations of the Board and its committees.

The complete duties and responsibilities of the Governance Committee are set forth in its written charter, which is available at www.micron.com and is also available in print upon request to corporatesecretary@micron.com.

The Governance Committee is responsible for identifying nominees for our Board of Directors. While we do not have a list of minimum qualifications that nominees must possess or a specific policy regarding diversity, the following factors are strongly considered by the Governance Committee in making its recommendations:

7

- substantial experience in the semiconductor industry or related industries;
- strong business acumen and judgment; excellent interpersonal skills;
- business relationships with key individuals in industry, government and education that may be of significant assistance to us and our operations;
- familiarity with accounting rules and practices; and

"independence" as defined and required by the Listing Rules of NASDAQ and relevant rules and regulations of the SEC.

In the event the Board of Directors has determined that it would be advisable to add additional members to the Board, the Governance Committee works with a third party executive search firm to assist them in the identification and evaluation of potential candidates to our Board of Directors.

The Governance Committee will consider director nominee recommendations from shareholders. Shareholder recommendations for directors are subject to the same criteria used to evaluate other candidates. Shareholders wishing to recommend a prospective nominee should submit the candidate's name and qualifications to our Corporate Secretary at corporatesecretary@micron.com. Our Bylaws contain the provisions that address the process by which a shareholder may nominate an individual to stand for election to our Board of Directors. A copy of our Bylaws can be found on the Corporate Governance page of our website at www.micron.com and is available in print upon request to corporatesecretary@micron.com.

Compensation Committee

Messrs. Beyer, Byrne, East and Mondry currently serve on the Compensation Committee of the Board of Directors. Mr. Mondry has served as the Chairman of the Compensation Committee since January 2012. The Compensation Committee is responsible for reviewing and approving the compensation of our executive officers. See the "Compensation Discussion and Analysis" and the "Compensation Committee Report" for information regarding how the Compensation Committee sets executive compensation levels. The Compensation Committee has authority to delegate any of its responsibilities to a subcommittee as it may deem appropriate in its judgment. The complete duties of the Compensation Committee are set forth in its written charter, which is available at www.micron.com and is also available in print upon request to corporatesecretary@micron.com.

Finance Committee

In fiscal 2016, we established a standing Finance Committee of the Board of Directors. Ms. Johnson and Messrs. Durcan and Mondry currently serve on the Finance Committee. Ms. Johnson serves as the Chairman of the Finance Committee. The Finance Committee represents and assists the Board in discharging its responsibilities with respect to our financial policies, financial strategies and capital structure. The complete duties of the Finance Committee are set forth in its written charter, which is available at www.micron.com and is also available in print upon request to corporatesecretary@micron.com.

Executive Sessions and Communications with the Board of Directors

Mr. Switz has been the Chairman of our Board of Directors since February 2012. As part of his duties as Chairman, Mr. Switz chairs Executive Session meetings of our Board. Shareholders and interested parties wishing to

communicate with our Board of Directors may contact Mr. Switz at chairman@micron.com.

COMPENSATION OF DIRECTORS

The Governance Committee of the Board of Directors oversees the setting of compensation for our non-employee members of the Board of Directors. At the end of fiscal 2014, the Governance Committee engaged Mercer to review and evaluate director compensation for fiscal 2015, in light of prevailing market conditions. Mercer gathered and reviewed market data for non-employee directors from the same Compensation Peer Group used to evaluate officer compensation. For a discussion of peer group companies please see "Executive Compensation and Related Information - Compensation Discussion and Analysis." Upon completion of its review and evaluation, the Governance Committee recommended that the Board of Directors increase the value of the non-employee directors' equity award for fiscal 2015 from \$240,000 to \$250,000.

Elements of Director Compensation

Annual Retainer

Non-employee directors are entitled to receive an annual retainer of \$100,000. Pursuant to our 2008 Director's Compensation Plan (the "DCP"), non-employee directors may elect to take some or their entire annual retainer in the form of cash, shares of Common Stock or deferred rights to receive Common Stock upon termination as a director. Employee directors receive no additional or special remuneration for their service as directors.

Set forth below are the amounts received by directors for their service as committee chair or Chairman of the Board:

	2016	2015
Audit Committee Chair	\$30,000	\$30,000
Compensation Committee Chair	20,000	20,000
Finance Committee Chair(1)	15,000	—
Governance Committee Chair	15,000	15,000
Chairman of the Board	150,000	150,000

(1) The Finance Committee was established in fiscal 2016, as a result, no payments were made to the Chair of the Finance Committee in fiscal 2015. Amount shown reflects what is expected to be paid in fiscal 2016.

Except for the foregoing, directors do not receive any additional or special cash remuneration for their service on any of the committees established by the Board of Directors. We also reimburse directors for travel and lodging expenses, if any, incurred in connection with attendance at Board of Directors' meetings.

Equity Award

Non-employee directors receive an annual equity award. Since fiscal 2007, the equity award has been exclusively in the form of restricted stock. The "targeted value" for the annual non-employee director equity award is established each year by the Board following discussions with Mercer. The Board increased the targeted value for fiscal 2015 equity compensation from \$240,000 to \$250,000. The number of restricted shares awarded to each non-employee director is determined by dividing the applicable targeted value by the Fair Market Value of a share of our Common Stock, as defined under our equity plans. For purposes of our equity plans, "Fair Market Value" is the closing price of our Common Stock on the last market-trading day prior to the date of grant. The restrictions on the shares awarded in fiscal 2015 lapse for 100% of such shares on the first anniversary of the date of grant (the "Vesting Period"). Notwithstanding the foregoing, the restrictions will lapse for 100% of such shares in the event a director either reaches the mandatory retirement age or retires from the Board during the Vesting Period having achieved a minimum of three years of service with the Board prior to the effective date of his or her retirement.

Fiscal 2015 Director Compensation

The following table details the total compensation earned by our non-employee directors in fiscal 2015.

On October 21, 2014, each director who was not an employee was granted 8,421 shares of restricted stock with a grant date fair value of \$250,019 (\$29.69 per share). Grant date fair values were determined in accordance with Financial Accounting Standards Board Accounting Statements Codification Topic 718 ("ASC 718"). For (1) information on the restrictions associated with these awards, see "Elements of Director Compensation – Equity Award" above. Any dividends payable with respect to our Common Stock will be payable with respect to all awards of restricted stock. As of September 3, 2015, each non-employee director held 8,421 shares of restricted stock.

Capital investments of \$4.1 billion focused on deployment of advanced technology to drive manufacturing efficiency and enable new products

In the fourth quarter of fiscal 2015 we introduced 3D XPoint™ technology, a new category of non-volatile memory. 3D XPoint memory's innovative, transistor-less cross point architecture allows data to be written and read in small sizes, leading to fast and efficient read/write processes.

We currently own approximately 33% of Inotera Memories, Inc. ("Inotera"). On December 14, 2015, we announced that, subject to certain conditions, we will be acquiring the remaining shares of Inotera in a transaction valued at approximately \$3.2 billion, net of cash and debt at Inotera. The acquisition is expected to close in the middle of calendar 2016.

Total Shareholder Return ("TSR")

The following chart shows our relative TSR data as compared to the median of our Compensation Peer Group.

The information presented is based on closing prices on or nearest September 3 for each period presented above and represents annualized rates of return reflecting price appreciation plus reinvestment of dividends and the compounding effect of dividends paid, if any, on reinvested dividends.

Objective of our Executive Compensation Program

Our primary long-term corporate objective is to create superior value for our shareholders. The objective of the executive compensation program is to attract, motivate, reward, and retain highly qualified executive officers who are able to achieve the

corporate objective of superior value for our shareholders. The executive compensation program is designed to provide a foundation of fixed compensation (base salary and time-based restricted shares) and a significant portion of performance-based compensation (short-term and long-term incentive opportunities, such as cash bonuses and performance-based restricted stock), that align the interests of executives with those of our shareholders. We also use time-based stock options, the value of which is directly tied to stock price performance.

Compensation Highlights

In October 2014, the Committee set compensation levels and performance goals for fiscal 2015 based on a review of financial results, projections, individual contributions, strategic objectives, Market Data (as defined below), and market conditions.

As a result of this review, fiscal 2014 compensation levels for Messrs. Adams, DeBoer, Durcan, Shirley, Thorsen and Foster were adjusted for fiscal 2015 as follows:

Executive Officer	Base Salary	Short-term Incentive(1)	Long-term Incentive
Mark W. Adams	Increased	Unchanged	Increased
Scott J. DeBoer	Increased	Unchanged	Unchanged
D. Mark Durcan	Increased	Unchanged	Unchanged
Brian M. Shirley	Increased	Unchanged	Unchanged
Steven L. Thorsen, Jr.	Unchanged	Unchanged	Unchanged
Ronald C. Foster	Increased	Unchanged	Unchanged

(1) As a percentage of base salary.

The Committee set performance goals for our executive officers under its Executive Officer Performance Incentive Plan ("EIP"). The performance goals were selected due to their correlation to the creation of shareholder value and their alignment with our strategic objectives. For fiscal 2015, our corporate goals were tied to profitability, customer review metrics and technology milestones related to our DRAM, TLC NAND and 3D NAND products.

The following pay mix, based on target amounts, was established for Messrs. Adams, DeBoer, Durcan, Shirley, Thorsen and Foster for fiscal 2015:

For our long-term equity incentives, we use a mix of 25% stock options, 45% time-based restricted stock and 30% performance-based restricted stock.

We changed the metrics used for our performance-based restricted stock awards. Prior to 2015, we used only a return on assets ("ROA") metric with a measurement period of four consecutive quarters. To better align us with our Compensation Peer Group, in 2015, we added a relative total shareholder return ("TSR") metric and established a three-year measurement period for both our ROA and relative TSR goals. We believe a three-year period better measures our performance because of the volatility in our business and stock price.

Mr. Maddock became our Chief Financial Officer in June 2015 and the components of his compensation were set by the Committee at that time. Mr. Maddock was awarded a cash signing bonus of \$100,000 upon joining the Company. Mr. Maddock did not receive a performance-based restricted stock award for fiscal 2015 since he joined us late in the fiscal year.

CEO Compensation

For fiscal 2015, the Committee increased Mr. Durcan's base salary from \$1,025,000 to \$1,050,000. His long-term equity incentive opportunity and short-term incentive target did not change.

For fiscal 2015, Mr. Durcan's base salary, short-term incentive target, and long-term incentive opportunity were at or below the market median.

In October 2015, the Committee reviewed performance goals and results of fiscal 2015 and determined that Messrs. Adams, DeBoer, Durcan, Maddock, Shirley, Thorsen and Foster had met some of their performance goals, resulting in each of them receiving 20% of their targeted payout.

Corporate Governance and Compensation Practices Highlights

The EIP is performance-based and we have no history of changing performance metrics mid-cycle.

We offer limited perquisites to our Named Executive Officers and we do not offer any special retirement benefits for our Named Executive Officers other than participation in our retirement plans on the same basis as other employees.

We do not have agreements with our officers that provide tax gross-up protection for change in control excise taxes.

Our equity incentive plans prohibit repricing of options or stock appreciation rights ("SARs") (directly or indirectly) without prior shareholder approval.

Our insider trading policy prohibits our officers and directors from engaging in pledging or hedging activities involving our stock.

We have an independent Chairman of the Board.

Our executive officers and directors were in compliance with our stock ownership guidelines for fiscal 2015.

Consideration of the Fiscal 2014 Advisory Vote on Executive Compensation

At the Fiscal 2014 Annual Meeting of Shareholders on January 22, 2015, in our annual advisory vote on executive compensation, over 95% of the shares voted in support of the compensation of our named executive officers. The Committee appreciates and values the views of our shareholders. In considering the results of the fiscal 2014 advisory vote on executive compensation, the Committee concluded that the compensation paid to our executive officers and our overall executive pay practices have strong shareholder support and have been effective in implementing our stated compensation philosophy and objectives. The Committee recognizes that executive pay practices and notions of sound governance principles continue to evolve. Consequently, the Committee intends to continue to seek the advice and counsel of its compensation advisors. Our shareholders may communicate any concerns or opinions on executive pay directly to the Committee or the Board. Please refer to "Executive Sessions and Communications with the Board of Directors" on page 8 for information about communicating with the Board.

Oversight of the Executive Compensation Program

Our executive compensation program is administered by the Committee. The Committee assists the Board of Directors in discharging its responsibilities with respect to the compensation of our officers. The Committee has direct responsibility to review and approve corporate goals and objectives used to determine the CEO's compensation, evaluate his performance in light of such goals and objectives, and determine and approve his compensation level based on that evaluation. The Committee also reviews the evaluation process and compensation structure for our other officers, including Messrs. Adams, DeBoer, Durcan, Maddock, Shirley, Thorsen and Foster, and approves their compensation.

The Committee annually engages an outside compensation consultant, currently Mercer. The Committee also works closely with our CEO with respect to the determination of compensation of other officers. A more complete description of the Committee's responsibilities is provided in the Committee's Charter approved by the Board of Directors, which can be found on our website, www.micron.com. A more complete description of the role of the CEO and Mercer in the compensation process is described later in this Compensation Discussion and Analysis. Additional information regarding Mercer, the specific activities that Mercer undertakes for us and related fees can be found under "Corporate Governance – Compensation Consultant" on page 6.

Guiding Principles

We believe we have the best opportunity to attract, motivate, reward and retain qualified individuals, and thus meet our overall objective of increasing shareholder value, by offering a compensation package that is "reasonable" and "competitive" with what our executives could otherwise obtain in the market, and especially from companies within our Compensation Peer Group. Our Compensation Peer Group consists of companies that we believe are especially likely to be our competitors for executive talent and is discussed further in "Market Data Defined" below. What is "reasonable" and "competitive" is gauged against the Market Data and reviewed by the Committee for each of the primary elements of compensation.

Reasonable

As an indication of reasonableness, the Committee typically targets the Market Data median. We believe it is important to retain flexibility in determining the compensation of our officers and, when appropriate, to deviate from the Market Data median due to factors such as:

- differences in position and level of responsibility among officers, both in absolute terms and relative to our other officers and as compared to similarly situated officers within the Compensation Peer Group,

- past and anticipated contributions,

- technical expertise,

- Company performance,

- applicable business unit performance, and

- length of service and/or experience both in absolute terms and relative to our other officers and as compared to officers within the Compensation Peer Group.

The semiconductor industry is highly volatile and changes in Market Data, which is a compilation of data from many companies, may be dramatic from year to year. Market Data can change as compensation practices change, executives retire or are replaced with less experienced and lower-paid executives, goals are achieved or not achieved resulting in varying payouts, participants in proprietary surveys change, and the completeness or accuracy of compensation data improves or deteriorates. Accordingly, what may have been the "median" or within a reasonable range of competitiveness in one year, may be higher or lower for the next. For this reason, even though the Committee manages compensation in accordance with such guiding principles, officer compensation may vary, above or below the median, or a range from the median, year over year.

Competitive

Given our experience, as well as advice we have received from Mercer, we believe a competitive compensation package will consider and measure compensation practices for executive positions with respect to three primary elements of compensation:

• base compensation (salary),

• short-term incentive compensation (cash bonus programs), and

• long-term incentive compensation (stock options and time and performance-based restricted stock).

We do not require that a particular element comprise a set portion of the total compensation mix. We do believe, however, that a significant portion of the compensation should be variable (such as performance-based incentives) as compared to fixed (such as base salary and time-based restricted shares) and that such variable compensation aligns executives' interests with those of our shareholders. Additionally, although the Committee reviews total direct compensation (which is the sum of base salary, short-term incentive and long-term incentive compensation) for Messrs. Adams, DeBoer, Durcan, Maddock, Shirley, Thorsen and Foster, it does not have a fixed objective with respect to such total direct compensation. For fiscal 2015, the total direct compensation approved by the Committee was below the 75th percentile of Market Data values for Messrs. Adams, DeBoer, Foster and Thorsen, below the 50th percentile of Market Data values for Mr. Shirley and below the 25th percentile of Market Data values for Messrs. Durcan and Maddock.

Compensation-setting Process and the Determination of Compensation Levels

The Committee reviews the compensation of our executive officers on an annual basis and sets compensation levels at the beginning of each fiscal year. As part of this process, the Committee reviews our financial results for the year just ended, projections for future periods, our strategic business plan and the Market Data provided by Mercer. The Committee also works with our CEO to establish performance goals that further our strategic objectives.

Mercer reviews the most recent available data and identifies the Market Data values for the 25th, 50th (i.e. median) and 75th percentile with respect to each position or rank. Mercer compares our compensation data, both as to elements and amounts to be paid or potential value to be delivered, with that of the Market Data and reports its findings to the CEO and the Committee. Our CEO works with Mercer by providing our financial data with respect to the most-recently completed fiscal year. The CEO also reviews projected financial results for the current fiscal year and our strategic business plan. The CEO makes suggestions as to base salary, recommends a potential set of company-wide and/or business unit metrics and targets for the current fiscal year with respect to short-term incentives and offers suggestions as to long-term incentive compensation for the executive officers other than himself. He makes no recommendations as to his own level of compensation. The Committee reviews the Market Data, discusses the Market Data with the CEO and with Mercer, discusses individual officer performance based on input from the CEO and, without the CEO present, discusses the CEO's own performance for the most-recently completed fiscal year and anticipated performance for the current year. The Committee uses the Market Data and the deliberations to determine whether our compensation is competitive and reasonable as described above and whether, and to what extent, the Committee believes it would be appropriate to deviate from the Market Data and competitive practices. Following this deliberation, the Committee exercises its business judgment to certify the payment of compensation based on the financial results for the most-recently completed fiscal year, and approves the compensation for the current fiscal year, including the metrics and targets for the current year. Mr. Maddock's compensation was set by the Committee when he joined the Company in June 2015. In setting Mr. Maddock's compensation, the Committee reviewed Market Data related to his position.

Components of the Executive Compensation Program

Fiscal 2015 base salaries

The purpose of a competitive base salary is to compensate executives for performing their day-to-day job responsibilities. Base salaries are generally targeted to approximate the Market Data median but may be above or below depending upon an executive's contributions, experience, performance and length of service. At the completion of fiscal 2014, the Market Data showed that the base salaries of Messrs. Adams, DeBoer, Durcan, Shirley, Thorsen and Foster, were below the 50th percentile for their positions or ranks. As a result, the Committee increased the base salaries of Messrs. Adams, DeBoer, Durcan, Shirley and Foster. The following table shows their fiscal 2015 salaries as compared to the 50th percentile of the Market Data.

Executive Officer	Fiscal 2015 Base Salary	Above (Below) 50th Percentile	Base Salary % Change From Fiscal 2014
Mark W. Adams	\$ 775,000	—	% 3
Scott J. DeBoer	470,000	(2)% 4
D. Mark Durcan	1,050,000	(4)% 2
Ernest E. Maddock(1)	550,000	(13)% NA
Brian M. Shirley	630,000	(9)% 5
Steven L. Thorsen, Jr.	485,000	(12)% —
Ronald C. Foster	620,000	(2)% 3

(1)Mr. Maddock joined the Company in June 2015 and his base salary was set by the Committee at that time.

Fiscal 2015 short-term incentive awards

With respect to short-term incentive compensation, we pay for achievement of financial, operational and strategic objectives approved by the Committee at the beginning of each fiscal year. The short-term incentive opportunities are set to be competitive with market practices but actual incentive payouts are commensurate with achievement. Thus, we have adopted a "pay for performance" approach as it relates to short-term incentives.

Historically, we provided annual short-term incentive cash awards to our executive officers pursuant to the EIP. The EIP was last approved by our shareholders in January 2015. The purpose of the EIP is to attract, retain and reward qualified executives, who are important to our success, by providing performance-based, incentive cash awards for outstanding performance at the individual, business-unit and/or company-wide level.

The short-term incentive "opportunity" ("Target Award") for each officer is stated in terms of a specified percentage of such officer's base salary and is designed to reward participants for the achievement of specified short-term company-wide and/or business unit financial, operational or strategic goals. The Committee believes the pre-determined goals, regardless of whether tied to company-wide or business unit performance, promote our long-term success and shareholder value.

The Committee established the following goals for fiscal 2015:

• Profitability – achieving targeted levels of net income,

• Customer Review – achieving customer feedback targets,

• DRAM – achieving targeted technology milestones,

• TLC NAND – achieving targeted technology milestones, and

• 3D NAND – achieving targeted technology milestones.

The target incentive amounts payable under the EIP for achievement of the fiscal 2015 goals are shown in the columns "Estimated Future Payouts under Non-Equity Incentive Plan Awards" of the "Grants of Plan-Based Awards in Fiscal 2015" table. All goals were established with threshold (50%), target (100%) and maximum (200%) payout levels, with the threshold, target and maximum payouts requiring a significant level of execution and effort and no assurance of goal achievement.

The Target Awards established for fiscal 2015 for Messrs. Adams, DeBoer, Durcan, Maddock, Shirley, Thorsen and Foster were measured against the Market Data median. However, opportunities are not necessarily limited to the Market Data median, but considered within the factors described under the section labeled "Reasonable" above. For fiscal 2015, the following Target Awards were established:

18

Executive Officer	% of Base Salary	
Mark W. Adams	130	%
Scott J. DeBoer	80	%
D. Mark Durcan	150	%
Ernest E. Maddock(1)	100	%
Brian M. Shirley	100	%
Steven L. Thorsen, Jr.	90	%
Ronald C. Foster	100	%

(1) Mr. Maddock joined the Company in June 2015 and his target incentive amount was set by the Committee at that time.

The following table shows the Target Award weightings and levels of achievement of the EIP goals for Messrs. Adams, DeBoer, Durcan, Maddock, Shirley, Thorsen and Foster. The weightings reflect each of the officer's responsibilities and ability to affect the attainment of the goal.

EIP Weightings (as Percentage of Target Incentive)

	Weighting	% of Target Achieved		
Profitability	50	%	—	%
Customer review	20	%	—	%
DRAM	10	%	50	%
TLC NAND	10	%	100	%
3D NAND	10	%	50	%
Overall weighted-average achievement			20	%

The levels of achievement were reviewed and certified by the Committee based on fiscal 2015 results and Messrs. Adams, DeBoer, Durcan, Maddock, Shirley, Thorsen and Foster received bonuses in the following amounts:

Executive Officer	% of Target Achieved	Bonus Earned
Mark W. Adams	20	% \$201,500
Scott J. DeBoer	20	% 75,200
D. Mark Durcan	20	% 315,000
Ernest E. Maddock(1)	20	% 28,167
Brian M. Shirley	20	% 126,000
Steven L. Thorsen, Jr.	20	% 87,300
Ronald C. Foster	20	% 124,000

(1) Mr. Maddock's bonus was prorated to reflect his length of service in fiscal 2015.

The EIP calls for certain performance goals to be modified with respect to major corporate transactions if permitted by Section 162(m) of the Internal Revenue Code of 1986, as amended from time to time (the "Code"). These events are more fully described in the EIP. Additionally, the Committee has the discretion to modify performance goals with respect to Target Awards that are not intended to satisfy Section 162(m) if the Committee determines that due to changes in our business, operations, corporate or capital structure, the existing performance goals are rendered

unsuitable for a given performance period. Upon the occurrence of a "change in control" (as defined in the EIP), performance periods are deemed to have ended and the Committee will determine whether performance goals were achieved. Finally, the Committee always retains the ability to exercise "negative discretion" and reduce an amount otherwise earned pursuant to the EIP. The Committee did not exercise any negative discretion in fiscal 2015.

Fiscal 2015 long-term equity incentives

We believe long-term incentive compensation should be tied to our success and increase in shareholder value. Accordingly, stock options and performance-based restricted stock awards are significant components of our executive compensation program. We believe these types of awards are especially aligned with shareholders' interests as their value is contingent upon an increase in stock price or the achievement of certain milestones. To ensure our long-term incentive program helps retain executives, we also grant time-based restricted stock awards. The Committee works with Mercer to determine the allocation and type of performance- and time-based awards to grant each fiscal year. In connection therewith, the Committee reviewed the Market Data, and found that 50% of the companies in the Compensation Peer Group used stock options, 63% of the companies used time-based restricted shares and 94% also used performance-based restricted shares as compensation vehicles for their executives. In setting fiscal 2015 compensation, the Committee did not change the mix of long-term equity incentives for Messrs. Adams, DeBoer, Durcan, Shirley, Thorsen and Foster from the 25% stock options, 45% time-based restricted stock and 30% performance-based restricted stock mix established last year. The Committee did not issue performance-based restricted stock to Mr. Maddock for fiscal 2015 since eight months of the performance period had already lapsed by his start date. Mr. Maddock's long-term equity mix for fiscal 2015 was approximately 55% stock options and 45% time-based restricted stock.

With respect to time-based restricted stock awards for fiscal 2015, restrictions lapse as to one-fourth of the shares on each anniversary of the grant date. With respect to stock option awards for fiscal 2015, one-fourth of the shares vest on each anniversary of the grant date. With respect to the performance-based restricted stock awards for fiscal 2015, Messrs. Adams, DeBoer, Durcan, Shirley, Thorsen and Foster received awards related to two different performance goals; half of the performance shares are tied to achieving a specified ROA over a three fiscal year period and the other half are tied to achieving a specified level of relative TSR over a three fiscal year period (the three fiscal year period for both the ROA and relative TSR goal is referred to herein as the "Share Performance Period"). The number of shares that will be received at the end of the Share Performance Period varies between 0% and 200% of the targeted share amount and is dependent upon the level of achievement. All threshold, target and maximum amounts require significant execution and effort with no assurance of achievement guaranteed. In the absence of at least the threshold ROA or relative TSR amount being achieved, the restrictions will not lapse and the shares will be forfeited. We changed the metrics used for our performance-based restricted stock awards. Prior to 2015, we used only a ROA metric with a measurement period of four consecutive quarters. To better align us with our Compensation Peer Group, in 2015, we added a relative TSR metric and established a three-year measurement period for both our ROA and relative TSR goals. We believe a three-year period better measures our performance because of the volatility in our business and stock price.

In determining the amount of the long-term equity incentive awards for Messrs. Adams, DeBoer, Durcan, Maddock, Shirley, Thorsen and Foster, the Committee reviewed the Market Data and information provided by Mr. Durcan related to the other officer's performance and his recommendation as to the amount of their awards. For fiscal 2015, the long-term equity incentive awards approved by the Committee for Mr. Durcan was below the 25th percentile of the Market Data for his position or rank. Messrs. Shirley and Thorsen were below the 50th percentile of the Market Data for their position or rank. Messrs. Adams, DeBoer and Foster were between the 50th and 75th percentile. Mr. Maddock joined the Company in June 2015 and his long-term equity incentive award was set by the Committee at that time. Mr. Maddock's long-term equity incentive opportunity for fiscal 2015 was approximately \$2,000,000 and was 18% below the market median. For information on Mr. Durcan's long-term equity incentive, please see the discussion below on CEO compensation.

We have not and do not plan to time the granting of long-term incentive awards (or the payment of any other compensation) with the release of material, non-public information. Historically, long-term incentive awards have

been made in the first quarter of the fiscal year with the exact grant date corresponding with the date of the meeting of the Committee. Historically, long-term incentive grants to the Named Executive Officers are approved by the Committee on the same day as the grants to other executive officers and the exercise price of stock options is equal to the fair market value of our Common Stock as defined by the equity plan pursuant to which the award is granted. For purposes of our equity plans, fair market value is defined as the closing price as quoted on NASDAQ for the last market-trading day prior to the date of grant.

Other fiscal 2015 employee benefits

We provide a competitive level of time off, health, life, disability, and retirement benefits to substantially all employees. The Named Executive Officers participate in the same plans as our other employees. Executive perquisites, which for us are minor in scope and amount, are not considered to be material elements of compensation.

CEO Compensation

The following charts show 1-year relative TSR data and CEO compensation for us and our Compensation Peer Group. The information presented in the chart below is based on closing prices on September 3, 2014 and 2015 and represents the rates of return reflecting price appreciation plus reinvestment of any dividends and the compounding effect of any dividends paid on reinvested dividends.

CEO pay information presented represents peer compensation data via proxies presented to the Committee in October 2014. The 25th, 50th and 75th percentiles presented in the chart represent total target direct compensation (the sum of base salary, short-term incentive and long-term incentive compensation). This data was considered by the Committee in their decision to increase Mr. Durcan's total target direct compensation for fiscal 2015.

Mr. Durcan's compensation is comprised of the following elements:

Base Salary

Mr. Durcan's base salary for fiscal 2015 was increased from \$1,025,000 to \$1,050,000. Market Data showed that Mr. Durcan's base salary as CEO was approximately 4% below the median.

Short-Term Incentive

Mr. Durcan's short-term incentive target remained at 150% of his base salary for fiscal 2015. Market Data showed that a short-term incentive of 150% of base salary was the median for CEOs. Based on his salary, the dollar amount of Mr. Durcan's short-term incentive Target Award as CEO was approximately 4% below the median. Mr. Durcan's actual bonus for fiscal 2015 was \$315,000, representing 20% of his target incentive.

Long-Term Equity Incentive

Mr. Durcan's long-term equity incentive opportunity for fiscal 2015 remained at \$8,000,000. Mr. Durcan's long-term equity incentive opportunity, based on value, was approximately 3% below the market median in fiscal 2015.

Mr. Durcan's long-term incentive was comprised of 25% options, 45% time-based restricted shares and 30% performance-based restricted shares. The following table sets forth the elements and aggregate amounts of Mr. Durcan's long-term incentive award for fiscal 2015:

Award Type	Number of Options/Shares(1)	Grant Date Fair Value(1)
Options	154,100	\$2,000,523
Time-based Restricted Stock	125,200	3,601,378
Performance-based Restricted Stock	75,300	2,405,362
	354,600	\$8,007,263

Information related to Mr. Durcan's long-term incentive award is also included in the "Grants of Plan-Based Awards in Fiscal 2015" table. The stock options are listed in the column "Option Awards: Number of Securities Underlying Options," the time-based share amounts are listed in the column "Stock Awards: Number of Shares of (1) Stock or Units," and the performance-based share amounts are listed in the column "Estimated Future Payouts under Equity Incentive Plan Awards Target." The values included in those tables reflect the grant-date fair value under ASC 718.

Severance and Change in Control Arrangements

Severance Agreements

Each of Messrs. Adams, DeBoer, Durcan, Maddock, Shirley, Thorsen and Foster has a similar severance agreement in place (the "Severance Agreements"). We believe severance agreements for certain of our officers are in the best interests of us and our shareholders. The Severance Agreements help us attract and retain qualified executive talent, promote candid discussion among our officers, help provide for a smooth transition when there is a change in management, provide the officer with benefits in consideration of a promise not to compete with us after termination of employment, and release us, and our officers, directors, employees and agents from any and all claims.

The Severance Agreements provide for severance payments upon termination of employment for any reason, including death and voluntary or involuntary termination. The Severance Agreements provide for a "Transition Period," which begins upon a "separation of service" as defined in Section 409A of the Code, regardless of when a termination of employment or loss of officer status occurs, and ends after a period of one year.

Provided an officer complies with post-employment obligations and restrictions described below and all other terms of the Severance Agreement, the officer is entitled to receive compensation during the Transition Period equivalent to the

compensation and benefits customarily provided to such officer while employed including, but not limited to, salary, executive bonus, and continued vesting of any granted stock options and restricted shares. With respect to cash and equity awards that are performance-based, the officer is entitled to receive such awards only if the goals are achieved before or during the applicable Transition Period. Such terminated officers are not entitled to receive any new awards under our equity plans or the EIP or to the payment of any compensation that would be deferred past the Transition Period due to payment criteria of an incentive program, as those criteria exist as of the Termination Date.

Terminated officers are subject to the following obligations and restrictions:

a one-year non-competition obligation,

confidentiality obligations related to our proprietary and confidential information that last indefinitely,

a non-disparagement and confidentiality obligation surrounding the reasons for, and circumstances of, the officer's termination of employment or change in officer status that lasts indefinitely. However, we may disclose such information if we determine, in our sole discretion, it is either required by law to be disclosed or necessary to be disclosed to serve a valid business purpose, and

non-solicitation and non-interference provisions relating to our employees and business partners that last at least one year.

Upon receipt of all benefits under the Severance Agreement, we and the officer are considered to have settled, waived, and voluntarily released any and all claims each has or may have against the other, inclusive of any of our affiliates, officers, directors, employees or agents, both individually and in their official capacities, which claims are accruing prior to the end of the Transition Period.

Estimated Severance Payments

See "Severance Agreements" on page 33 for a description of the (1) estimated severance amounts as of the end of fiscal 2015 for Messrs. Adams, DeBoer, Durcan, Maddock, Shirley and Thorsen, and (2) estimated severance amounts for Mr. Foster based on his separation from service on February 6, 2015.

Change in Control Arrangements

We do not have separate change in control agreements for our executive officers and directors. The Severance Agreements referenced above provide for transitional benefits in the event of termination of employment, including following a change in control. In addition, under the terms of our EIP and our equity compensation plans, awards may be substituted, assumed or accelerated upon a change in control, depending upon the circumstances. The compensation that executive officers and directors could receive if a change of control occurs is intended to allow them to evaluate objectively whether a potential change in control is in the best interest of us and our shareholders. Estimated value that the Named Executive Officers could receive from our change in control provisions can be found in "Change in Control" on page 34.

Mark J. Heil Compensation

Mr. Heil serves as our Vice President and Corporate Controller. After Mr. Foster's resignation, Mr. Heil was appointed our interim Principal Financial Officer and interim Principal Accounting Officer. He served in this capacity until June 1, 2015, when Mr. Maddock joined the Company. Mr. Heil's compensation for fiscal 2015 was set prior to his becoming an executive officer and did not change while he served in that capacity. As a result, Mr. Heil's compensation was not set, reviewed or altered by the Committee. Mr. Heil does not participate in the EIP and does not receive performance-based restricted stock awards. Mr. Heil's compensation is set in accordance with the market data driven procedures used by our Human Resources Department for employees at his level. He participated in our Annual Incentive Plan ("AIP"), a cash bonus program for senior-level employees based on the EIP. Performance goals under the AIP are substantially similar to those used under the EIP. For information related to Mr. Heil's compensation in fiscal 2015, please refer to the Summary Compensation Table on page 26.

Consideration of Tax Consequences when Making Compensation Decisions

Section 162(m) of the Code generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to certain of our Named Executive Officers. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. The key components of our long-term incentives in the form of stock option grants and performance-based restricted stock awards are designed to comply with the statute. Awards under the EIP also are generally designed to comply with the statute. A number of requirements must be met for particular compensation to so qualify, however, so there can be no assurance that such compensation will be fully deductible under all circumstances. Although the Committee believes it is important to preserve the deductibility of compensation under Section 162(m) whenever practicable, it reserves the right to grant or approve compensation or awards that may be non-deductible when it believes such

compensation or awards are in our and our shareholders' best interests.

"Market Data" Defined

Compensation data is gathered by Mercer from proxy statements of the Compensation Peer Group and from published compensation surveys. The relevant survey and Compensation Peer Group data for fiscal 2015, each as discussed below, were weighted equally by the Committee and are collectively referred to throughout this discussion as the "Market Data."

Compensation Peer Group Data

Data is gathered from proxy statements and other documents that are filed with the SEC to develop the Compensation Peer Group data.

Mercer works with the Committee and our management team, including our CEO, to identify peer companies for compensation comparison purposes. The peer companies are primarily selected based on their industry, degree of business match (i.e., semiconductor or electronics manufacturing), and comparability of revenue size. All the peer companies have a Global Industry Classification Standard economic sector classification of Information Technology and an industry classification related to semiconductor or other electronic equipment. The companies selected generally fall within a revenue range of approximately 50% to 200% of the size of Micron and have a high degree of business match. We believe our custom peer group is comprised of companies that are likely to be our competitors for executive talent.

Each year the Committee reevaluates the composition of our Compensation Peer Group to ensure that it reflects industry or economic changes that may have occurred during the fiscal year, such as changes in business strategies, operations, revenues, product lines or availability of information. The composition of our Compensation Peer Group did not change in fiscal 2015 and is comprised of:

Agilent Technologies, Inc.
Applied Materials, Inc.
Broadcom Corporation
Corning Incorporated
EMC Corporation
Emerson Electric Co.
Flextronics International
Jabil Circuit, Inc.

Medtronic Inc.
Motorola Solutions, Inc.
QUALCOMM Incorporated
Seagate Technology Plc.
Symantec Corporation
Texas Instruments Incorporated
Thermo Fisher Scientific Inc.
Western Digital Corp.

These companies are referred to in the compensation discussion and analysis as the "Compensation Peer Group."

When collecting and assessing market compensation data we collect data based on job descriptions first. This permits the Committee to "match" positions held by our executives with those of other companies and, as described more fully below, deviate from benchmarked data based on the factors described earlier. If we are not able to match positions to a reasonable number of companies within the Compensation Peer Group, we look to the rank of the person involved and match ranks, e.g., our highest paid officer is ranked to the highest paid officer at each company within the Compensation Peer Group.

Survey Data

Survey data may vary from year to year. For fiscal 2015, Mercer used the Radford Global Technology Survey and Towers Watson CDB High-Tech Executive Compensation Survey as well as information obtained from public filings by the Compensation Peer Group. We believe these surveys are particularly relevant for high-technology companies given the high level of participation by such companies in the survey.

Stock Ownership Guidelines

We have established stock ownership guidelines for our executive officers and directors. The Committee believes that officers will more effectively manage a company in the best interests of the shareholders if they are also shareholders. The minimum ownership guideline for directors is to hold shares with a value equal to four times their \$100,000 annual retainer. The minimum ownership guideline for our CEO is to hold shares with a value equal to five times his base salary. Messrs.

Adams, DeBoer, Durcan, Maddock, Shirley, and Thorsen are required to hold shares with a value equal to three times their base salary. Directors and executive officers are given five years to meet the ownership guidelines. The Governance Committee reviews the Ownership Guidelines and monitors each covered executive's progress toward, and continued compliance with, the guidelines. Stock sales restrictions may be imposed upon executive officers and directors if the stock ownership guidelines are not met. All our executive officers and directors are in compliance with the guidelines.

The following table shows compliance with the guidelines as of the Record Date (November 30, 2015):

Executive Officer(1)	Guideline Multiplier	Guideline Amount(2)	Compliance with Guideline
Mark W. Adams	3	\$2,325,000	Yes
Scott J. DeBoer	3	1,410,000	Yes
D. Mark Durcan	5	5,250,000	Yes
Ernest E. Maddock	3	1,650,000	(3)
Brian M. Shirley	3	1,890,000	Yes
Steven L. Thorsen, Jr.	3	1,455,000	Yes

(1) These guidelines no longer apply to Mr. Foster and do not apply to Mr. Heil.

(2) Based on current salary amounts for all except Mr. Durcan. Mr. Durcan requested a reduction in his fiscal 2016 base salary to align with cost reduction measures implemented by the Company. In response to Mr. Durcan's request, the Committee set his fiscal 2016 base salary at \$525,000. Amount shown reflects Mr. Durcan's fiscal 2015 base salary of \$1,050,000.

(3) Mr. Maddock has until June 1, 2020 to meet our ownership guidelines.

Fiscal 2015 amount for (1) Mr. Foster represents salary earned up to his resignation in February 2015. The total amount of salary-based severance to be paid per the terms of Mr. Foster's Severance Agreement was \$452,849.

(2)Mr. Maddock received a cash signing bonus upon joining the Company.

Assumptions used in determining the grant-date fair values of option awards are set forth in the "Equity Plans" note to the financial statements included in our annual reports on Form 10-K for fiscal years 2015, 2014 and 2013, which note is incorporated herein by reference. The grant-date fair values for the stock awards are based on the closing price on the last market-trading day prior to the date of grant. The grant date fair value of the performance-based restricted stock awards granted in fiscal 2015, 2014 and 2013 was computed by multiplying (i) the target number of restricted shares awarded to each named executive officer, which was the assumed (3) probable outcome as of the grant date, by (ii) the closing price on the last market-trading day prior to the date of grant. Although the assumed probable outcome as of the grant date was achievement at the target level, the terms of the awards for performance-based restricted stock awards granted in 2015 also provided for an achievement of 200% of the target amount ("maximum"), which, for fiscal 2015 would have resulted in compensation for Stock Awards of \$4,052,119 for Mr. Adams, \$1,588,924 for Mr. DeBoer, \$7,209,117 for Mr. Durcan, \$2,930,525 for Mr. Shirley, \$1,588,924 for Mr. Thorsen, and \$2,481,169 for Mr. Foster. Messrs. Maddock and Heil did not receive performance-based restricted stock awards in fiscal 2015.

Amounts shown for Messrs. Adams, DeBoer, Durcan, Maddock, Shirley, Thorsen and Foster were paid pursuant to the EIP and relate to the achievement of certain performance milestones. The EIP was suspended for fiscal 2013 (4) and despite performance milestones being met, no bonuses were paid. Amount shown for Mr. Heil was paid pursuant to the AIP and relates to the achievement of certain performance milestones.

Includes matching contributions paid by us pursuant to our 401(k) plan. For fiscal 2015, \$13,250 was contributed for each of Messrs. Adams, DeBoer, Durcan and Shirley, \$13,032 was contributed for Mr. Heil, \$11,811 was (5) contributed for Mr. Foster and \$5,290 was contributed for Mr. Maddock. Mr. Thorsen did not participate in the plan. For fiscal 2014, the contribution for each of Messrs. Adams, Durcan, Foster and Shirley was \$13,000. For fiscal 2013, the contribution for each of Messrs. Adams, Durcan, Foster and Shirley was \$12,750. All Other Compensation also included the following for each of the Named Executive Officers:

Fiscal 2015 amount for Mr. Maddock includes \$6,377 in relocation expenses and \$4,271 in commuting expenses related to his use of the company plane for travel to our offices in Boise, Idaho. Compensation for personal aircraft usage was determined based on the aggregate incremental cost to the Company, including fuel, crew, landing fees, ramp/parking fees and other variable costs of operating the airplane. Since the Company's aircrafts are primarily used for business travel, fixed costs that do not change based on usage, such as pilots' salaries, depreciation of the aircraft, and the cost of general maintenance, are excluded.

Fiscal 2014 amount for Mr. Durcan includes \$11,050 related to the use of our football stadium skybox at Boise State University.

Amount for Mr. Foster includes \$452,849 in severance benefits pursuant to Mr. Foster's Severance Agreement (see the "Potential Payments Upon Termination or Change in Control" table.) At the time of his resignation Mr. Foster also received \$116,995 for accumulated unused time-off.

Information is included for Messrs. Foster and Heil because they served as our principal financial and principal (6) accounting officer for a portion of fiscal 2015. Mr. Adams also served as our interim chief financial officer for a portion of fiscal 2015 but did not receive any additional compensation. Mr. Adams currently serves as our President and Mr. Heil currently serves as our Vice President and Corporate Controller.

(1) Represents estimated payouts for fiscal 2015 under the AIP for Mr. Heil and under the EIP for all others. Payment of bonuses under the AIP and EIP is dependent upon meeting specified performance goals. Actual amounts are included in the "Fiscal 2015 Summary Compensation Table" and a description of the performance milestones associated with such bonuses is included in the "Compensation Discussion and Analysis."

(2) Represents restricted stock awarded in fiscal 2015 under the Amended and Restated 2004 Equity Incentive Plan (the "2004 Plan") with performance-based and market-based restrictions. Information related to the performance-based and market-based restrictions associated with these shares is contained in "Compensation Discussion and Analysis."

(3) Represents restricted stock awarded in fiscal 2015 under the 2004 Plan with time-based restrictions. Time-based restrictions lapse in four equal installments over a four-year period from the date of the award.

(4) Represents options awarded in fiscal 2015 under the 2004 Plan. All options vest in equal installments over a four-year period and have a term of eight years.

- (5) Under the 2004 Plan, options are required to have an exercise price equal to the fair market value. Fair market value is defined as the closing price on the last market-trading day prior to the date of grant.

- (6) The value shown is based on the fair value as of the date of grant. Assumptions used in determining the fair values of these option awards are set forth in the "Equity Plans" note to our financial statements included in our annual report on Form 10-K for fiscal 2015. The value shown for performance-based awards is determined based on payout at the target level.

- (7) Represents the grant date determined under ASC 718. The Compensation Committee granted the awards on June 3, 2015 and the exercise price of options is \$27.79, the closing price prior on the last market-trading day prior to June 3, 2015.

Plan Information

Fiscal 2015 compensatory awards to the Named Executive Officers were made pursuant to the 2004 Plan. The purpose of the 2004 Plan is to promote our success by linking the personal interests of our employees, officers, directors and consultants to those of our shareholders, and by providing participants with an incentive for outstanding performance. Permissible awards under the 2004 Plan include: options, restricted stock, restricted stock units, stock appreciation rights, deferred stock units and dividend equivalent rights. We have issued options, restricted stock and restricted stock units under the 2004 Plan. Options granted under the 2004 Plan have an exercise price equal to the fair market value (as defined by the 2004 Plan) on the date of grant and a term of six years if granted prior to January 23, 2014, or eight years if granted after January 23, 2014. For purposes of share counting, each share of restricted stock issued under the 2004 Plan reduces the number of shares available for issuance by two.

Historically, we have provided annual bonuses to our executive officers pursuant to the EIP. As discussed above, in October 2015, the Compensation Committee reviewed the goals established under the EIP for fiscal 2015 and certified achievement of results.

Lapsing of Restrictions Associated with Restricted Stock Awards

The restrictions associated with the restricted stock granted to the Named Executive Officers include both time-based restrictions and performance-based restrictions. Time-based restrictions lapse in four equal installments over a four-year period. The restrictions associated with performance-based awards are described below.

Issuance and Vesting of Performance-based Awards

Restricted Stock

Our executive officers received awards related to two different performance goals; half of the performance shares are tied to achieving a specified ROA over a three fiscal year period and the other half are tied to achieving a specified level of relative TSR over a three fiscal year period (the three fiscal year period for both the ROA and relative TSR goal is referred to herein as the "Share Performance Period"). The number of shares that will be received at the end of the Share Performance Period varies between 0% and 200% of the targeted share amount and is dependent upon the level of achievement. All threshold, target and maximum amounts require significant execution and effort with no assurance of achievement guaranteed. In the absence of at least the threshold ROA or relative TSR amount being achieved, the restrictions will not lapse and the shares will be forfeited.

Cash Awards

Bonuses were paid to the Named Executive Officers in fiscal 2015 as a result of achievement of certain goals. See the "Components of the Executive Compensation Program" section of the "Compensation Discussion and Analysis."

Stock Option Vesting

Options generally vest in four equal installments over a four-year period from the grant date. Options granted prior to February 2014 have a term of six years and options granted after have a term of eight years.

Determination of Stock-based Compensation

The fair values of option awards were estimated as of the dates of grant using the Black-Scholes option valuation model in accordance with ASC 718. The Black-Scholes model requires the input of assumptions, including the expected stock-price volatility and estimated option life. The expected volatilities utilized were based on implied volatilities from traded options on

our stock and on historical volatility. The expected lives of options granted were based, in part, on historical experience and on the terms and conditions of the options. The risk-free interest rates utilized were based on the U.S. Treasury yield in effect at each grant date. No dividends were assumed in estimated option values.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The following tables quantify the estimated payments and benefits for each of the Named Executive Officers pursuant to the Severance Agreements and in the event of a change of control as described in the "Severance and Change in Control Arrangements" section of the "Compensation Discussion and Analysis." The amounts listed for Mr. Foster are based on his separation from service on February 6, 2015. We have not entered into a Severance Agreement with Mr. Heil. The amounts listed for the currently-employed Named Executive Officers are estimated amounts that were calculated as if the Named Executive Officers separated from service on September 3, 2015, the last day of fiscal 2015.

Severance Agreements

The "Salary" portion of severance payments are paid on our regular bi-weekly payroll schedule during the officer's Transition Period subject to the possibility of a six-month delay that may be required by Section 409A of the Code. If Section 409A imposes a six-month delay, payments during the delay would be accumulated and paid to the officer on the first day of the seventh month following the Named Executive Officer's separation from service. The remaining payments would then be paid according to our regular payroll schedule.

The "Bonus" portion of the severance payments is paid only if the applicable performance goals are achieved before or during the applicable Transition Period. Such payments are made at the same time that the other officers

participating in the applicable bonus plan receive their payments, if any, and typically would occur during our first fiscal quarter.

The "Cash in Lieu of Benefits" portion of the severance payments is calculated based on the difference between the amount of premiums the Named Executive Officer paid each month for benefits coverage as our employee and the estimated premiums the Named Executive Officer would need to pay each month for the same or similar coverage as a former employee. This monthly amount is multiplied by the number of months in the Named Executive Officer's Transition Period and is grossed-up for taxes. All gross-up calculations and payments are based on the standard supplemental withholding rates provided by federal and state guidelines. We do not use the Named Executive Officer's actual tax rate for these calculations. The "Cash in Lieu of Benefits" payment is made within 30 days after the Named Executive Officer's separation from service,

subject to the possibility of a six-month delay that may be required by Section 409A of the Code. If Section 409A imposes a six-month delay, the payment would be made to the Named Executive Officer on the first day of the seventh month following the officer's separation from service.

Ronald C. Foster	620,000	124,000	97,541	16,262,875	2,653,215	—	19,757,631

(1) Represents 12 months of the Named Executive Officer's monthly salary as of September 3, 2015, except Mr. Foster. Mr. Foster's salary is as of his separation from service on February 6, 2015.

(2) Represents the actual EIP bonus paid for fiscal 2015.

(3) Represents a cash payment in an amount estimated to allow the Named Executive Officer to purchase during the Transition Period benefits similar to those received while an employee. The amount listed includes a gross-up calculation for the tax impact of the payment.

(4) Represents the total value of stock options that are exercisable as of September 3, 2015 and that are expected to vest during the Named Executive Officer's Transition Period. The fair value of each option award is estimated as of September 3, 2015 (February 6, 2015 for Mr. Foster) using the Black-Scholes option valuation model. The expected volatilities utilized are based on implied volatility from traded options on our stock and on historical volatility. The expected lives are based on the shorter of the length of the Transition Period plus thirty days or the remaining life of the option. The risk-free interest rates utilized are based on the U.S. Treasury yield on September 3, 2015 (February 6, 2015 for Mr. Foster).

(5) Represents the value resulting from the additional vesting of restricted shares during the Named Executive Officer's Transition Period. The amount shown is calculated as the number of additional shares that would vest during the Transition Period multiplied by \$16.59, our closing stock price on September 3, 2015 (for Mr. Foster, \$28.91, our closing stock price on February 6, 2015).

(6) The performance-based restricted stock awards granted in fiscal 2015 have a performance period of 3 years and the restrictions would not have lapsed during the Named Executive Officer's Transition Period.

Change in Control

We do not have change in control agreements with our Named Executive Officers. However, our equity plans, grant agreements, and EIP have change in control provisions. A change in control is generally defined as a change in the majority of the members of the Board of Directors within a specified time period or the acquisition of 35% or more of our outstanding Common Stock.

For equity awards, the impact of a change in control differs for outstanding time-based and performance-based awards. Outstanding time-based awards would automatically become fully vested or the applicable restrictions lapse. Outstanding performance-based awards are treated as if all required performance goals were satisfied at the target level on the date of the change in control and are vested or have their restrictions lapse on a pro-rata basis based on the amount of the performance period completed as of the date of the change in control.

Under the EIP, a change in control results in an early payout of awards, to the extent earned. Upon a change in control, performance achievement is measured as of the last day of the month preceding the change in control.

The following table sets forth the estimated benefits payable to the continuing Named Executive Officers pursuant to the various change in control provisions, assuming a change in control occurred on September 3, 2015.

Name	Bonus(1)	Value of Options(2)	Value of Restricted Stock(3)	Total
Mark W. Adams	\$201,500	\$3,131,493	\$5,010,180	\$8,141,673
Scott J. DeBoer	75,200	1,127,723	1,864,440	2,992,163
D. Mark Durcan	315,000	6,323,703	9,274,225	15,597,928
Ernest E. Maddock	28,167	—	562,401	562,401
Brian M. Shirley	126,000	2,109,713	3,473,117	5,582,830
Steven L. Thorsen, Jr.	87,300	1,079,145	1,843,702	2,922,847
Mark J. Heil	—	450,188	416,658	866,846

(1) Represents the actual EIP bonus paid for fiscal 2015.

All outstanding options are time-based equity awards and would have fully vested on September 3, 2015. Amount (2) shown is calculated as the excess of \$16.59, the closing price of our stock on September 3, 2015, over the accelerated option's exercise price.

All outstanding time-based restricted stock awards would have fully vested on September 3, 2015. The fiscal 2015 (3) performance-based restricted stock awards have a performance period of three years and 1/3 of the awards would have fully vested on September 3, 2015. Amount shown is calculated as the number of shares on which restrictions would lapse multiplied by \$16.59 per share, our closing stock price on September 3, 2015.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information as of September 3, 2015, regarding Common Stock that may be issued pursuant to our equity compensation plans:

	(a) Number of Securities To Be Issued Upon Exercise of Outstanding Options, Warrants and Rights	(b) Weighted Average Exercise Price of Outstanding Options, Warrants and Rights(1)	(c) Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column (a))	
Equity Compensation Plans Approved by Shareholders(2)	37,119,300	\$18.57	104,601,771	(3)
Equity Compensation Plans Not Approved by Shareholders(4)	18,864,011	10.93	6,793,384	(5)
Totals(6)	55,983,311	15.33	111,395,155	

(1) Excludes restricted stock units that convert to shares of Common Stock for no consideration.

(2) Includes shares issuable or available pursuant to our 2000 Lexar Stock Option Plan (the "2000 Lexar Plan"), 2001 Stock Option Plan (the "2001 Plan"), the 2004 Plan, the Amended and Restated 2007 Equity Incentive Plan (the "2007 Plan") and the Numonyx Equity Incentive Plan (the "Numonyx Plan"). Options and SARs granted under the

2004 Plan and the 2007 Plan after January 23, 2014 have a term of eight years; options and SARs granted under the 2004 Plan and the 2007 Plan prior to January 23, 2014 have a term of six years, and all our other equity plans provide for a maximum term of ten years. The 2004 Plan, the 2007 Plan and the Numonyx Plan are our only plans that permit granting of awards other than stock options. The 2004 Plan and the 2007 Plan provide that awards other than stock options or SARs reduce the number of available shares under the plan by two shares for each one share covered by the award. In addition, none of our equity plans contain provisions that are commonly known as "liberal share counting provisions" or permit the grant of discounted options or SARs.

(3) Plans permit granting options and full-value awards. If issuing full-value awards, the number of available shares is 53,909,985.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related party transactions are reviewed by our Board of Directors. Related parties include our directors and officers, their family members and affiliates, and certain beneficial owners. In cases where the related party is a director or an affiliate of a director, that director does not participate in the review of the proposed transaction. In reviewing a proposed related party transaction, the Board considers all the relevant facts and circumstances of the transaction, such as (i) the nature and terms of the transactions, (ii) the dollar value of the transaction, (iii) whether the terms of the transaction are at least as favorable as they would have been if a related party was not involved, (iv) the business reasons for the transaction, (v) whether the transaction would result in an improper conflict of interest, and (vi) the effects of the transaction on the ongoing relationship between us and the related party. Other than as noted below, there were no other related party transactions in excess of \$120,000 for fiscal 2015 and through November 5, 2015.

We purchased various equipment and maintenance parts from Danaher Corporation and its subsidiaries for approximately \$3,220,000. Mr. Byrne has served as the President of Tektronix, a subsidiary of Danaher Corporation, since July 2014. Mr. Byrne was Vice President of Strategy and Business Development and Chief Technical Officer of Danaher Corporation from November 2012 to July 2014.

We paid approximately \$180,000 to BlackRock Financial Management, Inc., for investment accounting fees. Blackrock Financial Management, Inc. is a subsidiary of BlackRock, Inc, who is known by us to own beneficially more than 5% of our Common Stock.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities and Exchange Act of 1934 (the "Exchange Act") requires our directors and executive officers, and persons who own beneficially more than 10% of our Common Stock to file reports of ownership and changes of ownership with the Securities and Exchange Commission and the NASDAQ. Copies of all filed reports are required to be furnished to us pursuant to Section 16(a) of the Exchange Act. All directors, executive officers, and greater than 10% beneficial owners complied with all applicable filing requirements during the fiscal year ended September 3, 2015, based on the reports received or written representations from reporting persons.

PROPOSAL 3 - ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS ("SAY-ON-PAY")

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act"), enables our shareholders to vote to approve, on an advisory (non-binding) basis, the compensation of our Named Executive Officers as described in this proxy statement. We seek your advisory vote and ask that you indicate your support for the compensation of the Named Executive Officers as disclosed in this proxy statement.

This proposal, commonly known as a "say-on-pay" proposal, gives our shareholders the opportunity to express their views on the compensation of our Named Executive Officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers as described in this proxy statement. At our fiscal 2011 Annual Meeting of Shareholders, our shareholders voted to have an annual advisory vote on say-on-pay and in accordance with the results of this vote, the Board determined to implement an advisory vote on executive compensation every year until the next required vote on the frequency of shareholder votes on the compensation of executives, which is scheduled to occur at the Fiscal 2017 Annual Meeting of Shareholders.

At our annual meeting of shareholders held in January 2015, over 95% of the votes cast on the say-on-pay proposal were voted in favor of the proposal. See "Consideration of 2014 Advisory Vote on Executive Compensation" on page 15.

The Board invites you to review carefully the Compensation Discussion and Analysis beginning on page 12 and the tabular and other disclosures on executive compensation beginning on page 26, and cast a vote "for" the following resolution:

"Resolved, that shareholders approve, on an advisory basis, the compensation of Micron's Named Executive Officers, as discussed and disclosed in the Compensation Discussion and Analysis, the executive compensation tables, and any narrative executive compensation disclosure contained in this proxy statement."

The say-on-pay vote is advisory, and therefore not binding on us, the Compensation Committee or the Board of Directors. Furthermore, because this non-binding, advisory resolution primarily relates to the compensation of our Named Executive Officers that has already been paid or contractually committed, there is generally no opportunity for us to revisit these decisions. However, the Board and Compensation Committee value the opinions of our shareholders and to the extent there is any significant vote against the Named Executive Officer compensation as disclosed in this proxy statement, the Board will carefully consider the shareholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

The Board of Directors recommends voting "FOR" the non-binding resolution to approve the Named Executive Officers' compensation as described in this proxy statement.

Note: We are providing this advisory vote as required pursuant to Section 14A of the Securities Exchange Act (15 U.S.C. 78n-1). The shareholder vote will not be binding on us or the Board, and it will not be construed as overruling any decision by us or the Board, or creating or implying any change to, or additional, fiduciary duties for us or the Board.

PROPOSAL 2 – RATIFICATION OF PRICEWATERHOUSECOOPERS LLP

The Audit Committee of the Board has retained PricewaterhouseCoopers LLP ("PwC") as our Independent Registered Public Accounting Firm to audit our consolidated financial statements for the fiscal year ending September 1, 2016. PwC has been our Independent Registered Public Accounting Firm since fiscal 1985. If the ratification of PwC's appointment is not approved by a majority of the shares voting thereon, the Audit Committee may reconsider its decision to appoint PwC as our Independent Registered Public Accounting Firm. Representatives of PwC are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they so desire and are expected to be available to respond to appropriate questions.

The Board of Directors recommends voting "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP.

Pre-Approval Policy

The Audit Committee Charter provides that the Audit Committee will pre-approve all audit and non-audit services provided to us by the independent auditors, except for such de minimis non-audit services for which the pre-approved requirements are waived in accordance with the rules and regulations of the SEC. A copy of the Audit Committee charter is available on our website at www.micron.com. In fiscal 2015 and 2014, all audit, non-audit, tax services, and all other fees provided by PwC were approved by the Audit Committee in advance of services being provided.

Report of the Audit Committee of the Board of Directors

This report has been prepared by members of the Audit Committee of the Board of Directors who served on the Audit Committee at the end of fiscal 2015. The Board of Directors determined that each Audit Committee member qualified as an "audit committee financial expert" for purposes of the rules and regulations of the SEC. The Board of Directors

also determined that during their period of service on the Audit Committee, each member satisfied the independence requirements of applicable federal laws and the Listing Rules of NASDAQ.

The purpose of the Audit Committee is to assist the Board of Directors in overseeing and monitoring (i) the integrity of our financial statements, (ii) the performance of our internal audit function, (iii) the performance of our Independent

Registered Public Accounting Firm, (iv) the qualifications and independence of our Independent Registered Public Accounting Firm, and (v) our compliance with legal and regulatory requirements.

The Audit Committee has reviewed and discussed our audited financial statements with our management, which has primary responsibility for such financial statements. PwC, our Independent Registered Public Accounting Firm for fiscal 2015, has expressed in our Annual Report on Form 10-K its opinion as to the conformity of our consolidated financial statements with accounting principles generally accepted in the United States. The Audit Committee has discussed with PwC the matters that are required to be discussed by Statement on Auditing Standards No. 61, as amended (Public Company Accounting Oversight Board, Professional Standards, Volume 1, AU Section 380). PwC has provided to the Audit Committee the written disclosures and the letter required by applicable requirements of the Public Accounting Oversight Board, and the Audit Committee discussed with PwC its independence. The Audit Committee also concluded that PwC's provision of non-audit services to us, as described above, is compatible with PwC's independence.

On the basis of the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that they approve the inclusion of our audited consolidated financial statements in our Annual Report on Form 10-K for fiscal 2015, appointed PwC as our Independent Registered Public Accounting Firm for the fiscal year ending September 1, 2016, and approved and authorized PwC to carry out and perform certain specified non-audit services for us in fiscal 2016.

While the Audit Committee has performed the above functions, management, and not the Audit Committee, has the primary responsibility for (i) preparing our consolidated financial statements and for the reporting process in general, and (ii) establishing and maintaining internal controls. Similarly, it is the responsibility of the Independent Registered Public Accounting Firm, and not the Audit Committee, to conduct the audit of our consolidated financial statements and express an opinion as to the conformity of the financial statements with accounting principles generally accepted in the United States.

HOUSEHOLDING OF PROXY STATEMENTS AND ANNUAL REPORTS

We are allowed and intend to deliver only one copy of the notice regarding the Internet availability of proxy materials or one set of printed proxy materials (i.e. our 2015 Annual Report on Form 10-K and Proxy Statement) to multiple registered

shareholders sharing an address who have received prior notice of our intent to deliver only one such notice or set of materials, so long as we have not received contrary instructions from such shareholders. This practice is commonly referred to as "householding." Additionally, to resume the mailing of individual copies of future annual reports, proxy statements, proxy statements combined with a prospectus, and information statements to a particular shareholder, you may contact Wells Fargo Bank, N.A., Attn.: Householding, P.O. Box 64854, St. Paul, Minnesota 55164-0854 and your request will be effective within 30 days after receipt. After the Annual Meeting, you may request householding of these documents by providing Wells Fargo Bank at the address provided directly above with a written request to eliminate multiple mailings. The written request must include names and account numbers of all shareholders consenting to householding for a given address and must be signed by those shareholders.

Additionally, we have been notified that certain banks, brokers and other nominees will household our annual reports and proxy statements for shareholders who hold in street names and have consented to householding. In this case, you may request an individual copy of this Proxy Statement and 2015 Annual Report on Form 10-K by contacting your bank, broker or other nominee.
