REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To Xcel Energy Inc. and
Participants of New Century Energies, Inc. Employees' Savings and
Stock Ownership Plan for Bargaining Unit Employees
and Former Non-Bargaining Unit Employees
Minneapolis, Minnesota

We have audited the accompanying statements of net assets available for benefits of the New Century Energies, Inc. Employees' Savings and Stock Ownership Plan for Bargaining Unit Employees and Former Non-Bargaining Unit Employees (the "Plan") as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2013, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2013 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To Xcel Energy Inc. and
Participants of New Century Energies, Inc. Employee Investment Plan
for Bargaining Unit Employees and
Former Non-Bargaining Unit Employees
Minneapolis, Minnesota

We have audited the accompanying statements of net assets available for benefits of the New Century Energies, Inc. Employee Investment Plan for Bargaining Unit Employees and Former Non-Bargaining Unit Employees (the "Plan") as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2013, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2013 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

and

NEW CENTURY ENERGIES, INC. EMPLOYEE INVESTMENT PLAN FOR BARGAINING UNIT EMPLOYEES AND FORMER NON-BARGAINING UNIT EMPLOYEES

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLANS

The following includes a brief description of the New Century Energies, Inc. Employees' Savings and Stock Ownership Plan for Bargaining Unit Employees and Former Non-Bargaining Unit Employees (BU Savings Plan) and the New Century Energies, Inc. Employee Investment Plan for Bargaining Unit Employees and Former Non-Bargaining Unit Employees (EIP Savings Plan), collectively the "Plans." Participants should refer to their respective Plan Document or Summary Plan Description for more complete information. The notes to the financial statements generally apply to the Plans and specific disclosures are presented to address matters for individual plans, where applicable.

General - The Plans are employee benefit plans which provide eligible employees of participating subsidiaries of Xcel Energy Inc. (Xcel Energy or the Company) the opportunity to contribute to a qualified retirement savings plan. Each Plan also provides for the ownership of Xcel Energy common stock through employee contributions and employer matching contributions, as applicable. The Plans are defined contribution plans and include an employee stock ownership plan. Each Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective Jan. 1, 2013, the Xcel Energy Inc. Master Trust (Master Trust) was created to hold the investments in Xcel Energy common stock for certain Xcel Energy plans, including these Plans. The Xcel Energy Common Stock Fund was transferred into the newly created Master Trust which consists of an investment in Xcel Energy common stock.

For the EIP Savings Plan, in October 2013, Xcel Energy began paying the employer match contribution in cash instead of Xcel Energy common stock. Xcel Energy had previously determined employee and employer contributions that were used to purchase common stock as non-participant directed investments until they were reinvested in other investment elections by the participant. Xcel Energy no longer considers these investments to be non-participant directed, as these investments are being made directly into the funds elected by the participants.

For the BU Savings Plan, Xcel Energy continues paying the employer match contribution in Xcel Energy common stock. Xcel Energy had previously determined employee and employer contributions that were used to purchase common stock as non-participant directed investments until they were reinvested in other investment elections by the participant. Xcel Energy only considers the employer contribution receivable as of Dec. 31, 2013, which is paid in Xcel Energy common stock, to be non-participant directed, as the participant is unable to direct the investment until it is deposited into the participant's account.

Plan and Trust Management – The plan administrator of each Plan is appointed by the Xcel Energy Board of Directors and has authority to control and manage the operation and administration of each Plan. Each Plan's assets are held by a trustee under a separate trust agreement as adopted or amended by Xcel Energy. Each Plan's assets invested in Xcel Energy common stock are held in the Xcel Energy Common Stock Fund within the Master Trust. See Note 4 for further discussion. Each Plan values the individual participants' accounts daily based on the current market value of each type of asset. The Vanguard Group is the record keeper and Vanguard Fiduciary Trust Company (VFTC) serves as trustee for the Plans.

Transfer of Plan Assets – In 2013 and 2012, participant assets from the EIP Savings Plan were transferred to the Xcel Energy 401(k) Savings Plan. Asset transfers of \$492,460 and \$102,198 are reported on the Statements of Changes in Net Assets Available for Benefits for the years ended Dec. 31, 2013 and 2012, respectively. In 2013, participant assets from the BU Savings Plan were transferred to the Xcel Energy 401(k) Savings Plan. Asset transfers of \$5,830 are reported on the Statements of Changes in Net Assets Available for Benefits for the years ended Dec. 31, 2013. Assets are typically transferred amongst plans when a participant moves from one company to another within Xcel Energy.

Table of Contents

Eligibility

BU Savings Plan

The BU Savings Plan allows for a regular, full-time employee covered by a collective bargaining agreement to become a participant of this Plan on or after the date the eligible employee first performs an hour of service for Xcel Energy, while a regular, part-time employee (one who works less than 40 hours per week) must complete one year and 1,000 hours of service to become eligible. Certain former non-bargaining unit employees (i.e., employees who terminated or retired before July 1, 1998) continue to participate in the BU Savings Plan.

EIP Savings Plan

The EIP Savings Plan allows for a regular, full-time employee covered by a collective bargaining agreement to enroll in the Plan as soon as it is administratively feasible following their date of hire. Certain former non-bargaining unit employees (i.e., employees who terminated or retired before July 1, 1998) continue to participate in the EIP Savings Plan.

Employee and Employer Contributions - Each Plan allows participants to contribute a portion of their pre-tax compensation and allows for a discretionary employer matching contribution (see Note 3). The BU Savings Plan also allows employee after-tax contributions. Beginning Jan. 1, 2012, the EIP Savings Plan also allows Roth 401(k) after-tax contributions.

Vesting – Employee contributions, matching contributions made by Xcel Energy and earnings in each Plan are immediately vested.

Distributions

BU Savings Plan

Benefits are distributed upon retirement, termination of employment, total disability, or death (payable to beneficiary) in the form of a single lump sum or rollover to an IRA or another employer's qualified plan.

EIP Savings Plan

Benefits are distributed upon retirement, termination of employment, total disability, or death (payable to beneficiary) in the form of a single lump sum, rollover to an IRA or another employer's qualified plan or installments.

For each of the Plans, if the total amount of the participant's vested account balance exceeds \$1,000, the participant may defer distribution until age 70½, unless the participant consents in writing to an earlier date. If the total amount is less than \$1,000, the Plan Administrator may schedule a payment date and the amount will be distributed as soon as it is administratively possible.

All vested account balances remaining in the Plans after the participant decides to terminate employment with Xcel Energy for any reason, will be invested in the funds of the participant's choice. The participant will continue to receive their share of investment earnings and dividend distributions until the account is completely distributed.

Plan Termination – While Xcel Energy expects to continue the Plans, it reserves the right at its sole and absolute discretion to amend, modify, change or terminate the Plans or any other benefit plan Xcel Energy may currently provide. Xcel Energy makes no commitments or representations concerning the continuation of these Plans. If Xcel Energy were to terminate the Plans, assets would be distributed in accordance with ERISA guidelines.

Administrative Expenses – Xcel Energy pays certain administrative expenses of the Plans. Certain investment advisory, trustee and recordkeeping fees are paid by the Plans or by the participant. Certain non-Vanguard fund asset based fees are paid by the participant or respective fund company. The Vanguard Brokerage Option annual account maintenance

fee is paid by the participant. Loan set-up fees are paid by Xcel Energy under the BU Savings Plan. Loan set-up fees and annual maintenance fees are paid by the participant under the EIP Savings Plan. Effective Oct. 1, 2013, Vanguard lowered the expense ratio on investment assets and included a fixed administration fee, resulting in overall lower expenses within the Plan. The expense ratio reduces investment appreciation, whereas the administration fee is included in administrative expenses.

Dividends

BU Savings Plan

Dividends earned on the common stock purchased with Xcel Energy contributions are paid quarterly to Plan participants in cash as a taxable distribution. Dividends earned on the common stock purchased with employee contributions are automatically reinvested in the Xcel Energy Common Stock Fund held within the Master Trust and are considered taxable income when they are distributed from the Plan. The dividend receivable on the Statement of Net Assets Available for Benefits is included with the value of interest in Master Trust at Dec. 31, 2013.

Table of Contents

EIP Savings Plan

Participants can elect to receive their quarterly Xcel Energy common stock dividends in cash as a taxable distribution or to reinvest in the Xcel Energy Common Stock Fund held within the Master Trust. The dividend receivable on the Statement of Net Assets Available for Benefits is included with the value of interest in Master Trust at Dec. 31, 2013.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements of the Plans have been prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plans provide for investment in a variety of investment funds. Investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Fair Value Measurements — The Plans present money market funds and mutual funds (registered investment companies), the Xcel Energy Common Stock Fund held within the Master Trust, collective trusts, and VGI Brokerage Option investments at fair value in its financial statements.

The fair values of money market funds are based on quoted net asset value. The fair values of mutual funds and Xcel Energy common stock are based on quoted market prices.

Collective trusts consist of investments in retirement target date trusts, which have been assigned as Level 2 which are valued at the underlying investments' net asset value at the close of the day multiplied by the number of shares in the fund. These assets do not have any unfunded commitments at Dec. 31, 2013, and there are no restrictions on redemption.

The VGI Brokerage Option is a fund option that allows participants to self-direct investments in a wider variety of mutual funds, equity securities, and debt securities. Within the VGI Brokerage Option, the fair value of mutual funds and equity securities are based on quoted market prices, while the fair values of debt securities are based on market interest rate curves and recent trades of similarly rated securities.

Income Recognition – The difference between the fair value and the cost of investments, including realized and unrealized gains and losses, is reflected in the statements of changes in net assets available for benefits. Security transactions are recognized on the trade date (the date the order to buy or sell is executed). Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Payment of Benefits – Benefit payments are recorded when paid.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as deemed distributions based on the terms of the Plan document.

3. PLAN FUNDING

Employee Contributions

BU Savings Plan

Participants may elect to contribute up to 20 percent of their annual compensation in pre-tax contributions and up to 8 percent in after-tax contributions. The combination of pre-tax contributions up to \$17,500 and \$17,000 in 2013 and 2012, respectively, and after-tax contributions cannot exceed 20 percent. Employees who are age 50 or older during the Plan year may make additional pre-tax (catch-up) contributions up to \$5,500 in 2013 and 2012.

EIP Savings Plan

Beginning Jan. 1, 2012, participants may elect to make either regular 401(k) pre-tax deferrals, Roth 401(k) after-tax deferrals or a combination of both not to exceed 30 percent of their base pay or \$17,500 and \$17,000 in 2013 and 2012, respectively. Employees who are age 50 or older during the Plan year, may make additional catch-up contributions (pre-tax and/or Roth) up to \$5,500 in 2013 and 2012. The change in maximum deferral rate is an increase from the previous Plan limit of 20 percent.

Table of Contents

Beginning Jan. 1, 2012, an automatic enrollment program was added to the Plan for newly hired/rehired full-time employees in regular status. Eligible employees who do not make an affirmative election or do not waive participation in the Plan within 30 days from date of hire/rehire are automatically enrolled at an initial percentage of pay (4 percent pre-tax in 2013 and 2012), contribution rates are automatically increased each year by 1 percent (capped at 10 percent), and their accounts are automatically invested in an age-appropriate target-date fund for immediate diversification. Participants who are automatically enrolled can opt out of the default options and make their own independent choices at any time.

Employer Contributions

BU Savings Plan

Xcel Energy may contribute cash or shares of Xcel Energy stock as a matching contribution equal to 100 percent of the first 3 percent, and 50 percent of the next 4 percent of a participant's pre-tax contribution during the Plan year. All employees participating in the Plan are eligible for the matching contribution, regardless of their employment status at year-end. Employer contributions may be made at any time during the Plan year or after its close, but not later than 60 days after the close of the Plan year. The number of shares of common stock contributed is determined by using Xcel Energy's average common stock price for the Plan year, and each participant's annual contribution and compensation eligible for a match as defined in the Plan Document.

EIP Savings Plan

Xcel Energy may contribute cash or shares of Xcel Energy stock as a matching contribution equal to 50 percent of the first 8 percent of base pay contributed by the participant on a pre-tax and/or Roth 401(k) after-tax basis during the Plan year. Beginning Jan. 1, 2012, all employees participating in the Plan are eligible for a matching contribution, regardless of their employment status at year-end. Previously, a participant had to be an active employee on the last day of the Plan year or separated from employment due to retirement, disability or death to be eligible for a matching contribution. Matching contributions are allocated after the close of the Plan year, typically during the first quarter. The number of shares of common stock contributed, if applicable, is determined by using Xcel Energy's average common stock price for the Plan year, and each participant's annual contribution and compensation eligible for a match as defined in the Plan Document.

Investment of Employee and Employer Contributions - Participants may invest their contributions among the various investment funds offered by the Plans. Any dividends and interest earned on their investments will be reinvested in each of those same investments automatically. Xcel Energy contributions made to the BU Savings Plan are initially invested in Xcel Energy stock. A participant may elect at any time (in accordance with Xcel Energy's normal procedures governing such elections) to diversify up to 100 percent of their Xcel Energy Common Stock Fund account by transferring the applicable amount to one or more of the other investment funds within the Plans. The ability to exchange into or out of certain funds may be subject to frequent trading and redemption fee policies. For the 2013 Plan year, Xcel Energy matching contributions made to the EIP Savings Plan were made in the form of cash and invested in accordance with the participant's investment election.

4. INTEREST IN MASTER TRUST

The value of each Plan's interest in the Master Trust is based on the beginning of the year value of the interest in the Master Trust plus actual contributions, transfers and allocated investment income or loss less actual distributions and allocated administrative expenses. Investment income and administrative expenses related to the Master trust are allocated to the individual plans based upon the daily valuation of the balances invested by each plan.

The net change in value from participation in the Master Trust is reported as one line item in the accompanying Statements of Changes in Net Assets Available for Benefits and each Plan's interest in the Master Trust is reported as a

single line item in the accompanying Statements of Net Assets Available for Benefits.

The BU Savings Plan's interest in the Master Trust was 19.3 percent at Dec. 31, 2013. The EIP Savings Plan's interest in the Master Trust was 10.7 percent at Dec. 31, 2013. For the BU Savings Plan, within the Master Trust, there is \$7,273,586 of non-participant directed funds. The Plan has an undivided interest in each security in the Master Trust.

Table of Contents

A summary of the net assets of the Master Trust as of Dec. 31, 2013 is summarized below:

	2013
Investments at fair value:	
Xcel Energy common stock	\$ 354,077,914
BU Savings Plan value of interest in Master Trust	\$ 68,189,143
EIP Savings Plan value of interest in Master Trust	\$ 37,959,888

The fair value of Xcel Energy common stock represents investments which are 5 percent or more of the Master Trust's net assets for year ended Dec. 31, 2013.

Master Trust income for the year ended Dec. 31, 2013 is as follows:

	2013
Total interest, dividend and other income	\$ 14,664,362
Realized and unrealized gain in Xcel Energy common stock	17,048,388
Total Master Trust net gain	\$ 31,712,750
BU Savings Plan interest in income from Master Trust	\$ 6,245,941
EIP Savings Plan interest in income from Master Trust	\$ 3,329,489

5. FEDERAL INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed Xcel Energy by letters dated Sept. 17, 2013 that the BU Savings Plan and the EIP Savings Plan meet the requirements of Section 401(a) of the Internal Revenue Code (IRC) of 1986, as amended. The Company believes that the Plans are currently designed and being operated in compliance with the applicable requirements of the IRC and the Plans continues to be tax-exempt. Therefore, no provision for income taxes has been included in the financial statements of the Plans.

The Plans management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrators have analyzed the tax positions taken by the Plans, including the assertion that the Plans are exempt from income tax, and has not identified any uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements as of Dec. 31, 2013 and 2012. The Plans are subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The statute of limitations applicable to the Plans' 2010 federal tax returns expires in July 2014.

6. FAIR VALUE MEASUREMENTS

The accounting guidance for fair value measurements and disclosures provides a single definition of fair value and requires certain disclosures about assets and liabilities measured at fair value. A hierarchal framework for disclosing the observability of the inputs utilized in measuring assets and liabilities at fair value was established by this guidance. The three levels in the hierarchy are as follows:

Level 1 - Quoted prices are available in active markets for identical assets as of the reporting date. The types of assets included in Level 1 are highly liquid and actively traded instruments with quoted prices, such as listed mutual funds.

Level 2 - Pricing inputs are other than quoted prices in active markets, but are either directly or indirectly observable as of the reporting date. The types of assets included in Level 2 are typically either comparable to actively traded securities or contracts, or priced with models using highly observable inputs. In 2013, the retirement target date funds which included investments that were actively traded on an exchange, were replaced by alternative retirement target date trusts. These investments are collective trusts which are not actively traded on an exchange.

Table of Contents

Level 3 - Significant inputs to pricing have little or no observability as of the reporting date. The types of assets included in Level 3 are those with inputs requiring significant management judgment or estimation.

The following tables present, for each of these hierarchy levels, the Plans' assets that are measured at fair value on a recurring basis:

BU Savings Plan	Dec. 31, 2013

Xcel Energy contribution receivable	7,273,586	6,987,522
Total net assets - end of year	\$7,273,586	\$67,090,035

EIP Savings Plan

In October 2013, Xcel Energy determined that it would settle the 2013 EIP Savings Plan employer match in cash instead of Xcel Energy common stock for all employee groups included in the Plan. Accordingly, all assets within the Master Trust at that date were considered participant directed. Previously, employer matching contributions made in Xcel Energy common stock to the Xcel Energy Common Stock Fund were considered non-participant directed (Note 1).

Information about the net assets and the significant components of the changes in net assets relating to the Plans non-participant directed investments as of Dec. 31, 2012, and for the year ended Dec. 31, 2012, is as follows:

EIP Savings Plan	2012
Net Assets - beginning of year	
Xcel Energy Common Stock Fund	\$14,083,392
Xcel Energy contribution receivable	1,357,482
Total net assets - beginning of year	15,440,874
Changes in Net Assets:	
Net depreciation in fair value of investments	(420,415)
Xcel Energy contributions	1,443,484
Benefits and dividends paid to participants	(1,031,077)
Transfers to participant-directed investments, net	(308,453)
Net decrease	(316,461)

Net Assets - end of year	
Xcel Energy Common Stock Fund	13,680,929
Xcel Energy contribution receivable	1,443,484
Total net assets - end of year	\$15,124,413

8. NOTES RECEIVABLE FROM PARTICIPANTS

BU Savings Plan

The Plan allows participants to borrow against funds held in their account in any amount greater than \$1,000 but less than 50 percent of the participant's vested account balance. In no event can a participant borrow more than \$50,000 less the participant's highest outstanding loan balance during the preceding 12 months. Only one outstanding loan is permitted at any time and may not exceed a period of 5 years for a general-purpose loan or 15 years for a principal residence loan. The loan shall bear a rate of interest equal to the prime rate in effect on the first business day of the month in which the loan request is approved plus one percent, and stays in effect until the loan is repaid. Repayment of the loan plus interest is made through automatic payroll deduction and is credited to each participant's account as paid. If a participant retires or terminates employment for any reason, the outstanding loan balance must be repaid within 90 days from date of termination, unless the participant elects to continue making monthly installment payments in accordance with the procedures established by the Plan Administrator. Interest rates on outstanding loans at Dec. 31, 2013 range from 4.25 percent to 9.25 percent with maturities ranging from 2014 to 2028. Interest rates on outstanding loans at Dec. 31, 2012 range from 4.25 percent to 9.25 percent with maturities ranging from 2013 to 2027.

EIP Savings Plan

The Plan allows participants to borrow against funds held in their account in any amount greater than \$1,000 but less than 50 percent of the participant's vested account balance. In no event can a participant borrow more than \$50,000 less the participant's highest outstanding loan balance during the preceding 12 months. Only one outstanding loan is permitted at any time and may not exceed a period of 5 years for a general-purpose loan or 15 years for a principal residence loan. The loan shall bear a rate of interest equal to the prime rate in effect on the first business day of the month in which the loan request is approved plus one percent, and stays in effect until the loan is repaid. Repayment of the loan plus interest is made through automatic payroll deduction and is credited to each participant's account as paid. If a participant retires or terminates employment for any reason, the outstanding loan balance must be repaid within 90 days from date of termination. Effective Feb. 29, 2012, a terminated participant may elect to continue making monthly installment payments in accordance with the procedures established by the Plan Administrator.

Interest rates on outstanding loans at Dec. 31, 2013 range from 4.25 percent to 8.25 percent with maturities ranging from 2014 to 2028. Interest rates on outstanding loans at Dec. 31, 2012 range from 4.25 percent to 9.25 percent with maturities ranging from 2013 to 2027.

9. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plans' investments include shares of Xcel Energy common stock. For the BU Savings Plan, on the Statement of Net Assets Available for Benefits, the value of interest in Master Trust included dividends declared and payable to the Plan of \$676,575 at Dec. 31, 2013. Receivables include dividends declared and payable to the Plan of \$698,977 at Dec. 31, 2012. For the EIP Savings Plan, on the Statement of Net Assets Available for Benefits, the value of interest in Master Trust included dividends declared and payable to the Plan of \$376,640 at Dec. 31, 2013. Receivables include dividends declared and payable to the Plan of \$380,375 at Dec. 31, 2012.

The Plans also invest in shares of mutual funds and collective trusts managed by an affiliate of VFTC. VFTC acts as trustee for only those investments as defined by the Plans. Transactions in such investments qualify as party-in-interest transactions that are exempt from the prohibited transaction rules. The BU Savings Plan incurred fees for investment management and recordkeeping services of \$136,362 and \$85,277 for the years ended Dec. 31, 2013 and 2012. The EIP Savings Plan incurred fees for investment management and recordkeeping services of \$57,293 and \$30,947 for the years ended Dec. 31, 2013 and 2012.
