the Securities Exchange Act of 1934.

Yes No

If "Yes" is marked, indicated below the file number assigned to the
registrant in connection with Rule 12g3-2(b):

GOL announces Preliminary

Financial Guidance for 2017

São Paulo, December 22, 2016 - GOL Linhas Aéreas Inteligentes S.A. (“GLAI” or “Company”), (BM&FBOVESPA: GOLL4 and NYSE: GOL), (S&P: CCC, Fitch: CC and Moody’s: Caa3), Brazil's largest air transportation and travel services group, with operation in passenger transportation, cargo transportation and coalition loyalty programs, today announced its 2017 preliminary financial guidance:

| | |
|-----------------------------------|------------|
| Average Fleet | 115 |
| Variation in supply (ASK) | 0% to -2% |
| Variation in total seats | -3% to -5% |
| Variation in volume of departures | -3% to -5% |
| Average Load Factor | 77% a 79% |
| EBIT Margin | 5% a 7% |

The Company has worked diligently to match fleet growth with GDP growth, and management believes it has successfully matched GOL’s supply of seats with demand, as indicated by the Company’s high load factors. GLAI’s 2017 guidance reflects the continuance of a sound strategy, with a supply forecast matching GDP growth and the expected demand for seats.

Given the volatility of the Brazilian economy, the current above guidance for 2017 may be adjusted in order to incorporate the evolution of its operating and financial performance and any eventual changes in GDP growth, interest rates, exchange rate, and WTI and Brent oil price trends.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
