Development and Description of Business

Information concerning the business of American Insured Mortgage Investors - Series 85, L.P. (the "Partnership") is contained in Part II, Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations and in Notes 1, 5, 6, 7 and 8 of the Notes to Financial Statements of the Partnership (filed in response to Item 8 hereof), all of which are incorporated by reference herein. See also Schedule IV-Mortgage Loans on Real Estate, for the table of the Partnership's Insured Mortgages (as defined below) as of December 31, 2001, which is hereby incorporated by reference herein.

Employees

The Partnership has no employees. The business of the Partnership is managed by CRIIMI, Inc. (the "General Partner"), while its portfolio of mortgages is managed by AIM Acquisition Partners, L.P. (the "Advisor") pursuant to an advisory agreement (the "Advisory Agreement"). The General Partner is a wholly-owned subsidiary of CRIIMI MAE Inc. ("CRIIMI MAE").

The general partner of the Advisor is AIM Acquisition Corporation ("AIM Acquisition") and the limited partners include, but are not limited to, AIM Acquisition, The Goldman Sachs Group, L.P., Sun America Investments, Inc. (successor to Broad, Inc.) and CRI/AIM Investment, L.P., an affiliate of CRIIMI MAE. AIM Acquisition is a Delaware corporation that is primarily owned by Sun America Investments, Inc. and The Goldman Sachs Group, L.P.

Under the Advisory Agreement, the Advisor will render services to the

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS SERIES 85 L P - Form 10-K

Partnership, including but not limited to, the management of the Partnership's portfolio of mortgages and the disposition of the Partnership's mortgages. Such services will be subject to the review and ultimate authority of the General Partner. However, the General Partner is required to receive the consent of the Advisor prior to taking certain significant actions, including but not limited to the disposition of mortgages, any transaction or agreement with the General Partner or its affiliates, or any material change as to policies regarding distributions or reserves of the Partnership. The Advisor is permitted to delegate the performance of services pursuant to a sub-advisory agreement (the "Sub-Advisory Agreement"). The delegation of such services will not relieve the Advisor of its obligation to perform such services. CRIIMI MAE Services Limited Partnership ("CMSLP"), an affiliate of CRIIMI MAE, manages the Partnership's portfolio, pursuant to the Sub-Advisory Agreement. The general partner of CMSLP is CMSLP Management Company, Inc., a wholly-owned subsidiary of CRIIMI MAE.

Competition

In disposing of mortgage investments, the Partnership competes with private investors, mortgage banking companies, mortgage brokers, state and local government agencies, lending institutions, trust funds, pension funds, and other entities, some with similar objectives to those of the Partnership and some of which are or may be affiliates of the Partnership, its General Partner, the Advisor, CMSLP or their respective affiliates. Some of these entities may have substantially greater capital resources and experience in disposing of Federal Housing Administration ("FHA") insured mortgages than the Partnership.

CRIIMI MAE and its affiliates also may serve as general partners, sponsors or managers of real estate limited partnerships, Real Estate Investment Trusts ("REIT") or other entities in the future. The Partnership may attempt to dispose of mortgages at or about the same time that CRIIMI MAE, one or more of the other "AIM Funds" (defined as the Partnership, American Insured Mortgage Investors ("AIM 84"), American Insured Mortgage Investors L.P. - Series 86 ("AIM 86") and American Insured Mortgage Investors L.P. - Series 88 ("AIM 88")), and/or other entities sponsored or managed by CRIIMI MAE or its affiliates, are attempting to dispose of mortgages. As a result of market conditions that could limit dispositions, CMSLP and its affiliates could be faced with conflicts of interest in determining which mortgages would be disposed of. Both CMSLP and the General Partner, however, are subject to their fiduciary duties in evaluating the appropriate action to be taken when faced with such conflicts.

ITEM 2. PROPERTIES

Although the Partnership does not own the underlying real estate, the mortgages underlying the Partnership's mortgage investments are non-recourse first liens on the respective multifamily residential developments or retirement homes.

ITEM 3. LEGAL PROCEEDINGS

There are no material legal proceedings to which the Partnership is a party.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

No matters were submitted to a vote of security holders during the fourth quarter of 2001.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

General

The following discussion and analysis contains statements that may be considered forward looking. These statements contain a number of risks and uncertainties as discussed herein and in Item 1 of this Form 10-K that could cause actual results to differ materially.

American Insured Mortgage Investors - Series 85, L.P. (the "Partnership") was formed under the Uniform Limited Partnership Act of the State of California on June 26, 1984. During the period from March 8, 1985 (the initial closing date of the Partnership's public offering) through January 27, 1986 (the termination date of the offering), the Partnership, pursuant to its public offering of 12,079,389 Depository Units of limited partnership interest ("Units") raised a total of \$241,587,780 in gross proceeds. In addition, the initial limited partner contributed \$2,500 to the capital of the Partnership and received 125 units of limited partnership interest in exchange therefor.

CRIIMI, Inc. (the "General Partner") holds a partnership interest of 3.9% and is a wholly-owned subsidiary of CRIIMI MAE Inc. ("CRIIMI MAE"). AIM Acquisition Partners, L.P. (the "Advisor") serves as the advisor to the Partnership pursuant to an advisory agreement (the "Advisory Agreement").

The general partner of the Advisor is AIM Acquisition Corporation ("AIM Acquisition") and the limited partners include, but are not limited to, AIM Acquisition, The Goldman Sachs Group, L.P., Sun America Investments, Inc. (successor to Broad, Inc.) and CRI/AIM Investment, L.P., an affiliate of CRIIMI MAE. AIM Acquisition is a Delaware corporation that is primarily owned by Sun America Investments, Inc. and The Goldman Sachs Group, L.P.

Under the Advisory Agreement, the Advisor will render services to the Partnership, including but not limited to, the management of the Partnership's portfolio of mortgages and the disposition of the Partnership's mortgages. Such services will be subject to the review and ultimate authority of the General Partner. However, the General Partner is required to receive the consent of the Advisor prior to taking certain significant actions, including but not limited to the disposition of mortgages, any transaction or agreement with the General Partner or its affiliates, or any material change as to policies regarding distributions or reserves of the Partnership. The Advisor is permitted to delegate the performance of services pursuant to a sub-advisory agreement (the "Sub-Advisory Agreement"). The delegation of such services will not relieve the Advisor of its obligation to perform such services. CRIIMI MAE Services Limited Partnership ("CMSLP"), an affiliate of CRIIMI MAE, manages the Partnership's portfolio, pursuant to the Sub-Advisory Agreement. The general partner of CMSLP is CMSLP Management Company, a wholly-owned subsidiary of CRIIMI MAE.

Mortgage Investments

Prior to the expiration of the Partnership's reinvestment period in

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS SERIES 85 L P - Form 10-K

December 1993, the Partnership was engaged in the business of originating mortgage loans ("Originated Insured Mortgages") and acquiring mortgage loans ("Acquired Insured Mortgages" and, together with Originated Insured Mortgages, referred to herein as "Insured Mortgages"). In accordance with the terms of the partnership agreement, the Partnership is no longer authorized to originate or acquire Insured Mortgages and, consequently, its primary objective is to manage its portfolio of mortgage investments, all of which are insured (as discussed below) under Section 221(d)(4) or Section 231 of the National Housing Act of 1937, as amended (the "National Housing Act"). The Partnership is a liquidating partnership and as it continues to liquidate its mortgage investments and investors receive distributions of return of capital and taxable gains, investors should expect a reduction in earnings and distributions due to the decreasing mortgage base. The partnership agreement states that the Partnership will terminate on December 31, 2009, unless previously terminated under the provisions of the partnership agreement.

As of December 31, 2001, the Partnership had invested in 40 Insured Mortgages, with an aggregate amortized cost of approximately \$82 million, a face value of approximately \$85 million and a fair value of approximately \$84 million, as discussed below.

Investment in Insured Mortgages

The Partnership's investment in Insured Mortgages is comprised of participation certificates evidencing a 100% undivided beneficial interest in government insured multifamily mortgages issued or sold pursuant to FHA programs ("FHA-Insured Certificates"), mortgage-backed securities guaranteed by the Government National Mortgage Association ("GNMA") ("GNMA Mortgage-Backed Securities") and FHA-insured mortgage loans ("FHA-Insured Loans"). The mortgages underlying the FHA-Insured Certificates, GNMA Mortgage-Backed Securities and FHA-Insured Loans are non-recourse first liens on multifamily residential developments or retirement homes.

The following is a discussion of the types of the Partnership's mortgage investments, along with the risks related to each type of investment:

The following list represents debentures redeemed, subsequent to December 31, 2001, in January 2002. In addition, the Partnership received interest on debentures in 2002: (1) a distribution of approximately \$0.02 per unit of interest related to HUD debentures issued in exchange for the mortgages on Park Hill Apartments, Fairfax House and Woodland Villas was declared in January 2002, and (2) a distribution of \$0.02 per unit of interest related to HUD debentures issued in exchange for the mortgages on Summit Square Manor, Park Place, Park Hill Apartments, Fairfax House and Woodland Villas was declared in February 2002. These distributions are expected to be paid in May 2002.

The following list represents debentures that were issued, subsequent to December 31, 2001, in January 2002, to Firststar Trust Company, the initial mortgagee, and transferred to Midland. The Partnership anticipates the debentures will be redeemed prior to maturity date. The fair value of these FHA-Insured Certificates are included in investment in FHA-Insured Certificates in the Partnership's balance sheet as of December 31, 2001.

As of March 1, 2002, all of the fully insured GNMA Mortgage-Backed Securities and FHA-Insured Certificates are current with respect to the payment of principal and interest. The Partnership no longer receives monthly principal and interest from mortgages that are in the HUD assignment process under the Section 221 program. The servicer of the mortgage on Fairlawn II filed an application for insurance benefits under section 221 in September 2000. The face value of this mortgage was approximately \$755,000 as of the insurance application date. The Partnership has not received approval for the assignment of this mortgage as of March 1, 2002.

Under Section 221 of the National Housing Act, a mortgagee has the right to assign a mortgage ("put") to FHA at the expiration of 20 years from the date of final endorsement if the mortgage is not in default at such time. Any mortgagee electing to assign an FHA-insured mortgage to FHA will receive, in exchange therefor, HUD debentures having a total face value equal to the then outstanding principal balance of the FHA-insured mortgage plus accrued interest to the date of assignment. These HUD debentures will mature 10 years from the date of assignment and will bear interest at a rate announced semi-annually by HUD in the Federal Register ("going Federal rate") at such date. This assignment procedure is applicable to an insured mortgage, which had a firm or conditional FHA commitment for insurance on or before November 30, 1983. Once the servicer of a mortgage has filed an application for insurance benefits under Section 221, the Partnership will no longer receive the monthly principal and interest on the applicable mortgage. The Partnership expects to receive HUD debentures, as discussed above, plus accrued interest at the "going Federal rate", from date of assignment of the mortgage to the date of issuance of the debenture. The

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS SERIES 85 L P - Form 10-K

Partnership will recognize a gain on these assignments upon receipt of HUD debentures or a loss when it becomes probable that a loss will be incurred. In general, the Partnership plans to sell the debentures if not called prior to the Partnership's termination date, December 31, 2009. At that time debenture proceeds will be distributed to Unitholders.

In addition to base interest payments under Originated Insured Mortgages, the Partnership is entitled to additional interest based on a percentage of the net cash flow from the underlying development (referred to as "Participations"). During the years ended December 31, 2001, 2000 and 1999, the Partnership received \$0, \$0, and \$0, respectively, from the Participations. These amounts,

11

if any, are included in mortgage investment income on the accompanying statements of income and comprehensive income.

In the case of fully insured Originated Insured Mortgages and Acquired Insured Mortgages, the Partnership's maximum exposure for purposes of determining loan losses would generally be approximately 1% of the unpaid principal balance of the Originated Insured Mortgage or Acquired Insured Mortgage (an assignment fee charged by FHA) at the date of default, plus the unamortized balance of acquisition fees and closing costs of the Insured Mortgage and the loss of approximately 30 days accrued interest.

- (1) In September 2001, the mortgage on Berryhill Apartments was prepaid. The Partnership received net proceeds of approximately \$1.2 million and recognized a gain of approximately \$190,000 for the year ended December 31, 2001. A distribution of approximately \$0.10 per Unit related to the prepayment of this mortgage was declared in September and paid to Unitholders in November 2001.
- (2) In January 2002, the mortgage on Longleaf Lodge was prepaid. The Partnership received net proceeds of approximately \$3.7 million and expects to recognize a gain of approximately \$672,000 in 2002. A distribution of approximately \$0.29 per Unit related to the prepayment of this mortgage was declared in January 2002 and is expected to be paid in May 2002.

As of March 1, 2002, all of the fully insured FHA-Insured Loans were

current with respect to the payment of principal and interest, except for the mortgage on Westbrook Apartments, which is delinquent with respect to the February 2002 payment of principal and interest.

In addition to base interest payments under Originated Insured Mortgages, the Partnership is entitled to additional interest based on a percentage of the net cash flow from the underlying development (referred to as "Participations"). During the years ended December 31, 2001, 2000 and 1999, the Partnership received \$53,424, \$21,566, and \$45,164, respectively, from the Participations. These amounts, if any, are included in mortgage investment income on the accompanying statements of income and comprehensive income.

Investment in FHA Debenture

In December 2000, HUD issued assignment proceeds in the form of a 7.125% FHA debenture for the mortgage on Fox Run Apartments. The debenture, with a face value and fair value, as of December 31, 2001, of \$2,385,233, was issued to the Partnership, with interest payable semi-annually on January 1 and July 1. The mortgage on Fox Run Apartments was owned 50% by the Partnership and 50% by an affiliate of the Partnership, American Insured Mortgage Investors ("AIM 84"). In January 2002, net proceeds of approximately \$2.4 million were received upon redemption of this debenture. Since the mortgage on Fox Run Apartments was owned 50% by the Partnership and 50% by AIM 84, approximately \$1.2 million of the debenture proceeds was paid to AIM 84. A distribution of approximately \$0.09 per

12

Unit related to the redemption of this debenture was declared in January 2002 and is expected to be paid in May 2002.

Results of Operations

2001 versus 2000

Net earnings increased slightly for 2001 as compared to 2000, primarily due an increase in net gains from mortgage dispositions, partially offset by a decrease in mortgage investment income primarily due to the reduction in the mortgage base. The mortgage base decreased as a result of 17 mortgage dispositions with an aggregate principal balance of approximately \$34 million, representing an approximate 28% decrease in the aggregate principal balance of the total mortgage portfolio since March 2000.

Interest and other income increased for 2001 as compared to 2000, primarily due to the timing of the investment of mortgage proceeds prior to the distribution to Unitholders.

Asset management fees decreased for 2001 as compared to 2000, primarily due to the reduction in the mortgage base.

Gains on mortgage dispositions increased for 2001 as compared to 2000 as a result of gains recognized on seven mortgage prepayments and five mortgage assignments in 2001, as discussed above, compared to gains recognized on four mortgage prepayments and one assignment in 2000. No losses were recognized in 2001 compared to loss recognized on one mortgage prepayment in 2000.

2000 versus 1999

Net earnings decreased for 2000 as compared to 1999, primarily due to a decrease in mortgage investment income and a decrease in net gains from mortgage

dispositions, as discussed below.

Mortgage investment income decreased for 2000 as compared to 1999, primarily due to the reduction in the mortgage base. The mortgage base decreased as a result of 17 mortgage dispositions with an aggregate principal balance of approximately \$37 million, representing an approximate 24% decrease in the aggregate principal balance of the total mortgage portfolio since March 1999.

Asset management fees decreased for 2000 as compared to 1999, primarily due to the reduction in the mortgage base.

General and administration expense decreased for 2000 as compared to 1999, primarily due to a decrease in temporary employment costs and a decrease in mortgage service fees.

Gains on mortgage dispositions decreased for 2000 as compared to 1999 as a result of gains recognized on four mortgage prepayments and one assignment in 2000, as discussed above, compared to gains recognized on seven mortgage prepayments in 1999. Losses were recognized on one mortgage prepayment in 2000, as discussed above, compared to losses recognized on four mortgage prepayments in 1999.

Liquidity and Capital Resources

On October 5, 1998, CRIIMI MAE, the parent of the General Partner, and CRIIMI MAE Management, Inc., an affiliate of CRIIMI MAE and provider of personnel and administrative services to the Partnership, filed voluntary petitions for relief under chapter 11 of title 11 of the United States Code (the "Bankruptcy Code"). On November 22, 2000, the United States Bankruptcy Court for

13

the District of Maryland, in Greenbelt, Maryland (the "Bankruptcy Court") confirmed CRIIMI MAE's and CRIIMI MAE Management, Inc.'s reorganization plan. On April 17, 2001, CRIIMI MAE and CRIIMI MAE Management, Inc. emerged from bankruptcy.

The Partnership's operating cash receipts, derived from payments of principal and interest on Insured Mortgages plus cash receipts from interest on short-term investments, are the Partnership's principal sources of cash flows, and were sufficient for the years ended December 31, 2001, 2000 and 1999 to meet operating expense requirements. The Partnership anticipates its cash flows to be sufficient to meet operating expense requirements for 2002.

The basis for paying distributions to Unitholders is net proceeds from mortgage dispositions, if any, and cash flow from operations, which includes regular interest income and principal from Insured Mortgages after paying all expenses of the Partnership. Although the Insured Mortgages yield a fixed monthly mortgage payment once purchased, the cash distributions paid to the Unitholders will vary during each quarter due to (1) the fluctuating yields in the short-term money market where the monthly mortgage payment receipts are temporarily invested prior to the payment of quarterly distributions, (2) the reduction in the asset base resulting from monthly mortgage payment receipts or mortgage dispositions, (3) variations in the cash flow attributable to the delinquency or default of Insured Mortgages and professional fees and foreclosure costs incurred in connection with those Insured Mortgages and (4) variations in the Partnership's operating expenses.

Since the Partnership is obligated to distribute the proceeds of mortgage prepayments, sales and insurance on Insured Mortgages (as defined in the partnership agreement) to its Unitholders, the size of the Partnership's

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS SERIES 85 L P - Form 10-K

portfolio will continue to decrease. The magnitude of the decrease will depend upon the size of the Insured Mortgages which are prepaid, sold or assigned for insurance proceeds.

Cash flow - 2001 versus 2000

Net cash provided by operating activities decreased in 2001 compared to 2000, primarily due to the reduction in mortgage investment income, as discussed above.

Net cash provided by investing activities increased in 2001 compared to 2000. This increase is primarily due to an increase in proceeds received from the disposition of mortgages.

Net cash used in financing activities decreased in 2001 compared to 2000 due to a reduction in the amount of distributions paid to partners in 2001 compared to 2000.

Cash flow - 2000 versus 1999

Net cash provided by operating activities decreased in 2000 as compared to 1999, primarily due to the reduction in mortgage investment income, as discussed above.

Net cash provided by investing activities decreased in 2000 as compared to 1999. This decrease is primarily due to a reduction in proceeds received from the disposition of mortgages, a decrease in net debenture proceeds, as discussed previously, and a decrease in the receipt of mortgage principal from scheduled payments.

Net cash used in financing activities increased in 2000 as compared to 1999 due to an increase in the amount of distributions paid to partners in 2000 compared to 1999.

14

ITEM 7A. QUALITATIVE AND QUANTITATIVE DISCLOSURES ABOUT MARKET RISK

The Partnership's principal market risk is exposure to changes in interest rates in the U.S. Treasury market, which coupled with the related spread to treasury investors required for the Partnership's Insured Mortgages, will cause fluctuations in the market value of the Partnership's assets.

The table below provides information about the Partnership's Insured Mortgages, all of which were entered into for purposes other than trading. The table presents anticipated principal and interest cash flows based upon the assumptions used in determining the fair value of these securities and the related weighted average interest rates by expected maturity.

	2002	2003	2004	2005	2006	Thereafter	T
	----	----	----	----	----	-----	---
Insured Mortgages (in millions)	\$16.2	\$14.5	\$13.7	\$12.4	\$11.4	\$62.0	\$

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Partners of American Insured Mortgage Investors - Series 85, L.P.:

We have audited the accompanying balance sheets of American Insured Mortgage Investors - Series 85, L.P. (the "Partnership") as of December 31, 2001 and 2000, and the related statements of income and comprehensive income, changes in partners' equity and cash flows for the years ended December 31, 2001, 2000 and 1999. These financial statements and the schedule referred to below are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements and the schedule based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Partnership as of December 31, 2001 and 2000, and the results of its operations and its cash flows for the years ended December 31, 2001, 2000 and 1999 in conformity with accounting principles generally accepted in the United States.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. Schedule IV-Mortgage Loans on Real Estate as of December 31, 2001 is presented for purposes of complying with the Securities and Exchange Commission's rules and regulations and is not a required part of the basic financial statements. The information in this schedule has been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

AMERICAN MORTGAGE INVESTORS - SERIES 85, L.P.

NOTES TO FINANCIAL STATEMENTS

1. ORGANIZATION

American Insured Mortgage Investors - Series 85, L.P. (the "Partnership")

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS SERIES 85 L P - Form 10-K

was formed under the Uniform Limited Partnership Act of the state of California on June 26, 1984.

CRIIMI, Inc. (the "General Partner") holds a partnership interest of 3.9% and is a wholly-owned subsidiary of CRIIMI MAE Inc. ("CRIIMI MAE"). AIM Acquisition Partners L.P. (the "Advisor") serves as the advisor to the Partnership. The general partner of the Advisor is AIM Acquisition Corporation ("AIM Acquisition") and the limited partners include, but are not limited to, AIM Acquisition, The Goldman Sachs Group, L.P., Sun America Investments, Inc. (successor to Broad, Inc.) and CRI/AIM Investment, L.P., an affiliate of CRIIMI MAE. AIM Acquisition is a Delaware corporation that is primarily owned by Sun America Investments, Inc. and The Goldman Sachs Group, L.P.

Under the Advisory Agreement, the Advisor will render services to the Partnership, including but not limited to, the management of the Partnership's portfolio of mortgages and the disposition of the Partnership's mortgages. Such services will be subject to the review and ultimate authority of the General Partner. However, the General Partner is required to receive the consent of the Advisor prior to taking certain significant actions, including but not limited to the disposition of mortgages, any transaction or agreement with the General Partner or its affiliates, or any material change as to policies regarding distributions or reserves of the Partnership. The Advisor is permitted to delegate the performance of services pursuant to a sub-advisory agreement (the "Sub-Advisory Agreement"). The delegation of such services will not relieve the Advisor of its obligation to perform such services. CRIIMI MAE Services Limited Partnership ("CMSLP"), an affiliate of CRIIMI MAE, manages the Partnership's portfolio, pursuant to the Sub-Advisory Agreement. The general partner of CMSLP is CMSLP Management Company, a wholly-owned subsidiary of CRIIMI MAE.

Prior to the expiration of the Partnership's reinvestment period in December 1993, the Partnership was engaged in the business of originating mortgage loans ("Originated Insured Mortgages") and acquiring mortgage loans ("Acquired Insured Mortgages" and, together with Originated Insured Mortgages, referred to herein as "Insured Mortgages"). In accordance with the terms of the partnership agreement, the Partnership is no longer authorized to originate or acquire Insured Mortgages and, consequently, its primary objective is to manage its portfolio of mortgage investments, all of which are insured under Section 221(d)(4) or Section 231 of the National Housing Act of 1937, as amended (the "National Housing Act"). The partnership agreement states that the Partnership will terminate on December 31, 2009, unless previously terminated under the provisions of the partnership agreement.

On October 5, 1998, CRIIMI MAE, the parent of the General Partner, and CRIIMI MAE Management, Inc., an affiliate of CRIIMI MAE and provider of personnel and administrative services to the Partnership, filed voluntary petitions for relief under chapter 11 of title 11 of the United States Code (the "Bankruptcy Code"). On November 22, 2000, the United States Bankruptcy Court for the District of Maryland, in Greenbelt, Maryland (the "Bankruptcy Court") confirmed CRIIMI MAE's and CRIIMI MAE Management, Inc.'s reorganization plan. On April 17, 2001, CRIIMI MAE and CRIIMI MAE Management, Inc. emerged from bankruptcy.

2. SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The Partnership's financial statements are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles ("GAAP"). The preparation of financial statements in conformity with GAAP requires

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS SERIES 85 L P - Form 10-K

management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment in Insured Mortgages

The Partnership's investment in Insured Mortgages is comprised of participation certificates evidencing a 100% undivided beneficial interest in government insured multifamily mortgages issued or sold pursuant to Federal Housing Administration ("FHA") programs ("FHA-Insured Certificates"), mortgage-backed securities guaranteed by the Government National Mortgage Association ("GNMA") ("GNMA Mortgage-Backed Securities") and FHA-insured mortgage loans ("FHA-Insured Loans"). The mortgages underlying the FHA-Insured Certificates, GNMA Mortgage-Backed Securities and FHA-Insured Loans are non-recourse first liens on multifamily residential developments or retirement homes.

Payments of principal and interest on FHA-Insured Certificates and FHA-Insured Loans are insured by the United States Department of Housing and Urban Development ("HUD") pursuant to Title 2 of the National Housing Act. Payments of principal and interest on GNMA Mortgage-Backed Securities are guaranteed by GNMA pursuant to Title 3 of the National Housing Act.

As of December 31, 2001, the weighted average remaining term of the Partnership's investments in GNMA Mortgage-Backed Securities and FHA-Insured Certificates is approximately 26 years. However, the partnership agreement states that the Partnership will terminate in approximately 8 years on December 31, 2009, unless terminated earlier under the provisions of the partnership agreement. As the Partnership is anticipated to terminate prior to the weighted average remaining term of its investments in GNMA Mortgage-Backed Securities and FHA-Insured Certificates, the Partnership does not have the ability or intent, at this time, to hold these investments to maturity. Consequently, the General Partner believes that the Partnership's investments in GNMA Mortgage-Backed Securities and FHA-Insured Certificates should be included in the available for sale category. Although the Partnership's investments in GNMA Mortgage-Backed Securities and FHA-Insured Certificates are classified as available for sale for financial statement purposes, the General Partner does not intend to voluntarily sell these assets other than those which may be sold as a result of a default or those which are eligible to be put to FHA at the expiration of 20 years from the date of the final endorsement under Section 221 of the National Housing Act (the "Section 221 program"), as discussed in Note 5.

In connection with this classification, as of December 31, 2001 and 2000, all of the Partnership's investments in GNMA Mortgage-Backed Securities and FHA-Insured Certificates are recorded at fair value, with the net unrealized gains and losses on these assets reported as other comprehensive income and as a separate component of partners' equity. Subsequent increases or decreases in the fair value of GNMA Mortgage-Backed Securities and FHA-Insured Certificates, classified as available for sale, will be included as a separate component of partners' equity. Realized gains and losses on GNMA Mortgage-Backed Securities and FHA-Insured Certificates, classified as available for sale, will continue to be reported in earnings.

30

As of December 31, 2001 and 2000, Investment in FHA-Insured Loans is recorded at amortized cost.

The amortized cost of the investments in GNMA Mortgage-Backed Securities, FHA-Insured Certificates and FHA-Insured Loans is adjusted for amortization of

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS SERIES 85 L P - Form 10-K

discounts and premiums to maturity. Such amortization is included in mortgage investment income.

Gains from dispositions of mortgage investments are recognized upon the receipt of cash or HUD debentures.

Losses on dispositions of mortgage investments are recognized when it becomes probable that a mortgage will be disposed of and that the disposition will result in a loss. In the case of Insured Mortgages fully insured by HUD, the Partnership's maximum exposure for purposes of determining the loan losses would generally be an assignment fee charged by HUD representing approximately 1% of the unpaid principal balance of the Insured Mortgage at the date of default, plus the unamortized balance of acquisition fees and closing costs paid in connection with the acquisition of the Insured Mortgage and the loss of approximately 30 days accrued interest.

Investment in FHA Debenture

From time to time, the Partnership assigns defaulted loans to HUD in order to collect the amount of delinquent principal and interest. In addition, mortgages are assigned to HUD under the Section 221 program, as discussed in Note 5. HUD determines if the claim will be settled in cash or by the issuance of debentures. Debentures are obligations of the mortgage insurance funds and are unconditionally guaranteed by the United States. The term of the debentures are usually more than 9 years and the rate is set based upon the rate in effect at the commitment date to provide insurance or at the final endorsement date, whichever is greater. The Partnership classifies its Investment in FHA Debenture as an available for sale debt security with changes in fair value recorded as an adjustment to equity and other comprehensive income.

Cash and Cash Equivalents

Cash and cash equivalents consist of money market funds, time and demand deposits, commercial paper and repurchase agreements with original maturities of three months or less.

Income Taxes

No provision has been made for Federal, state or local income taxes in the accompanying statements of income and comprehensive income since they are the responsibility of the Unitholders.

Statements of Cash Flows

No cash payments were made for interest expense during the years ended December 31, 2001, 2000 and 1999. Since the statements of cash flows are intended to reflect only cash receipt and cash payment activity, the statements of cash flows do not reflect all operating activities that affect recognized assets and liabilities while not resulting in cash receipts or cash payments.

31

3. FAIR VALUE OF FINANCIAL INSTRUMENTS

The following estimated fair values of the Partnership's financial instruments are presented in accordance with generally accepted accounting principles which define fair value as the amount at which a financial instrument

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS SERIES 85 L P - Form 10-K

could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. These estimated fair values, however, do not represent the liquidation value or the market value of the Partnership.

	=====	=====	=====	=====

The following methods and assumptions were used to estimate the fair value of each class of financial instrument:

Investment in FHA-Insured Certificates,
GNMA Mortgage-Backed Securities, FHA-Insured Loans and FHA Debenture

The fair value of the FHA-Insured Certificates, GNMA Mortgage-Backed Securities and FHA-Insured Loans is priced internally. The Partnership used a discounted cash flow methodology to estimate the fair value; the cash flows were discounted using a discount rate that, in the Partnership's view, was commensurate with the market's perception of risk and value. The Partnership used a variety of sources to determine its discount rate including: (i) institutionally-available research reports, and (ii) communications with dealers and active insured mortgage security investors regarding the valuation of comparable securities. The fair value of the FHA Debenture is based upon the prices of other comparable securities that trade in the market. The fair value is equal to its face value upon redemption of the debenture.

Cash and cash equivalents

The carrying amount approximates fair value because of the short maturity of these instruments.

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS SERIES 85 L P - Form 10-K

4. COMPREHENSIVE INCOME

Comprehensive income includes net earnings as currently reported by the Partnership adjusted for other comprehensive income. Other comprehensive income for the Partnership consists of changes in unrealized gains and losses related to the Partnership's mortgages and debenture accounted for as available for sale. The table below breaks out other comprehensive income for the periods presented into the following two categories: (1) the change to unrealized gains and losses that relate to mortgages which were disposed of during the period with the resulting realized gain or loss reflected in net earnings (reclassification adjustments) and (2) the change in the unrealized gains or losses related to those investments that were not disposed of during the period.

The two lists below summarize debentures issued for mortgages assigned to HUD under the Section 221 program. Interest is payable on the debentures semi-annually on January 1 and July 1.

The following list represents debentures redeemed, subsequent to December 31, 2001, in January 2002. These debentures were issued to Firststar Trust Company, the initial mortgagee and subsequently transferred to Midland Loan Services, Inc. ("Midland"), the servicer, in 2001. The net proceed amounts, which were received in January 2002, listed below are included in receivables and other assets in the Partnership's balance sheet as of December 31, 2001.

These distributions are expected to be paid in May 2002.

As of March 1, 2002, all of the fully insured GNMA Mortgage-Backed Securities and FHA-Insured Certificates are current with respect to the payment of principal and interest. The Partnership no longer receives monthly principal and interest from mortgages that are in the HUD assignment process under the Section 221 program. The servicer of the mortgage on Fairlawn II filed an application for insurance benefits under section 221 in September 2000. The face value of this mortgage was approximately \$755,000 as of the insurance application date. The Partnership has not received approval for the assignment of this mortgage as of March 1, 2002.

34

Under the Section 221 program, a mortgagee has the right to assign a mortgage ("put") to FHA at the expiration of 20 years from the date of final endorsement if the mortgage is not in default at such time. Any mortgagee electing to assign an FHA-insured mortgage to FHA will receive, in exchange therefor, HUD debentures having a total face value equal to the then outstanding principal balance of the FHA-insured mortgage plus accrued interest to the date of assignment. These HUD debentures will mature 10 years from the date of assignment and will bear interest at a rate announced semi-annually by HUD in the Federal Register ("going Federal rate") at such date. This assignment procedure is applicable to an insured mortgage, which had a firm or conditional FHA commitment for insurance on or before November 30, 1983. Once the servicer of a mortgage has filed an application for insurance benefits under Section 221, the Partnership will no longer receive the monthly principal and interest on the applicable mortgage. The Partnership expects to receive HUD debentures, as discussed above, plus accrued interest at the "going Federal rate", from date of assignment of the mortgage to the date of issuance of the debenture. The Partnership will recognize a gain on these assignments upon receipt of HUD debentures or a loss when it becomes probable that a loss will be incurred. In general, the Partnership plans to sell the debentures if not called prior to the Partnerships termination date. At that time debenture proceeds will be distributed to Unitholders.

In addition to base interest payments under Originated Insured Mortgages, the Partnership is entitled to additional interest based on a percentage of the net cash flow from the underlying development (referred to as "Participations"). During the years ended December 31, 2001, 2000 and 1999, the Partnership received \$0, \$0, and \$0, respectively, from the Participations. These amounts, if any, are included in mortgage investment income on the accompanying statements of income and comprehensive income.

In the case of fully insured Originated Insured Mortgages and Acquired

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS SERIES 85 L P - Form 10-K

Insured Mortgages, the Partnership's maximum exposure for purposes of determining loan losses would generally be approximately 1% of the unpaid principal balance of the Originated Insured Mortgage or Acquired Insured Mortgage (an assignment fee charged by FHA) at the date of default, plus the unamortized balance of acquisition fees and closing costs of the Insured Mortgage and the loss of approximately 30 days accrued interest.

A distribution of approximately \$0.10 per Unit related to the prepayment of this mortgage was declared in September and paid to Unitholders in November 2001.
- (2) In January 2002, the mortgage on Longleaf Lodge was prepaid. The Partnership received net proceeds of approximately \$3.7 million and expects to recognize a gain of approximately \$672,000 in 2002. As of March 1, 2002, all of the fully insured FHA-Insured Loans were current with respect to the payment of principal and interest, except for the mortgage on Westbrook Apartments, which is delinquent with respect to the February 2002 payment of principal and interest.

7. INVESTMENT IN FHA DEBENTURE

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS SERIES 85 L P - Form 10-K

In December 2000, HUD issued assignment proceeds in the form of a 7.125% FHA debenture for the mortgage on Fox Run Apartments. The debenture, with a face value and fair value, as of December 31, 2001, of \$2,385,233, was issued to the Partnership, with interest payable semi-annually on January 1 and July 1. The mortgage on Fox Run Apartments was owned 50% by the Partnership and 50% by an affiliate of the Partnership, American Insured Mortgage Investors ("AIM 84"). In January 2002, net proceeds of approximately \$2.4 million were received upon redemption of this debenture. Since the mortgage on Fox Run Apartments was owned 50% by the Partnership and 50% by AIM 84, approximately \$1.2 million of the debenture proceeds was paid to AIM 84. A distribution of approximately \$0.09 per Unit related to the redemption of this debenture was declared in January 2002 and is expected to be paid in May 2002.

* During the first quarter of 1998, the assignment proceeds of the mortgage on Portervillage I Apartments were received in the form of a 9.5% debenture. The debenture, with a face value of \$2,296,098, was issued to the Partnership, with interest payable semi-annually on January 1 and July 1. In January 1999, net proceeds of approximately \$2.3 million were received upon redemption of these debentures. Since the mortgage on Portervillage I Apartments was owned 50% by the Partnership and 50% by AIM 84, approximately \$1.1 million of the debenture proceeds was paid to AIM 84.

The basis for paying distributions to Unitholders is net proceeds from mortgage dispositions, if any, and cash flow from operations, which includes regular interest income and principal from Insured Mortgages. Although the Insured Mortgages yield a fixed monthly mortgage payment once purchased, the cash distributions paid to the Unitholders will vary during each quarter due to

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS SERIES 85 L P - Form 10-K

(1) the fluctuating yields in the short-term money market where the monthly mortgage payment receipts are temporarily invested prior to the payment of quarterly distributions, (2) the reduction in the asset base resulting from monthly mortgage payments received or mortgage dispositions, (3) variations in the cash flow attributable to the delinquency or default of Insured Mortgages and professional fees and foreclosure costs incurred in connection with those Insured Mortgages and (4) variations in the Partnership's operating expenses.
