PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
April 27, 2017

The proxy appointment is solicited by and on behalf of the Board of Directors of Astec Industries, Inc. for use at its Annual Meeting of Shareholders to be held on April 27, 2017, at 10:00 a.m. Chattanooga time and at any adjournments thereof. The Annual Meeting will be held at the Company's offices at 4101 Jerome Avenue, Chattanooga, Tennessee.

On or about March 14, 2017, the Company began mailing to its shareholders a notice containing instructions for voting and how to access this Proxy Statement and the Company's 2016 Annual Report online, and the Company began mailing a full set of the proxy materials, including this Proxy Statement, a proxy card or voting instruction form and the Company's 2016 Annual Report, to shareholders who had previously requested delivery of a paper copy of the proxy materials. For information on how to vote your shares or request a paper copy of the proxy materials, see the instructions included on the proxy card or voter instruction form and under "Proxies and Voting" on page 2 of this Proxy Statement. If you request a paper copy of the proxy materials it will be mailed to you within three business days.

Only holders of record of the Company's Common Stock as of the close of business on February 17, 2017 will be entitled to notice of, and to vote at, the Annual Meeting. As of such record date, there were 23,046,049 shares of Common Stock outstanding and entitled to be voted at the Annual Meeting. A shareholder is entitled to one vote for each share of Common Stock held.

QUORUM AND VOTING REQUIREMENTS

A majority of the outstanding shares of Common Stock entitled to vote on any proposal at the Annual Meeting, either present or represented by proxy, constitutes a quorum for the Annual Meeting. A quorum is necessary to conduct business at the Annual Meeting. The presence, in person or by proxy, of holders of Common Stock representing a majority of the number of votes entitled to be cast on a specific proposal is required to consider that proposal at the Annual Meeting. Even if a quorum is established for the Annual Meeting, it is possible that a quorum may not be established for a specific proposal presented at the Annual Meeting. You will be considered part of the quorum if you attend the Annual Meeting in person, vote via a toll-free telephone number, vote via the internet or vote by proxy. Abstentions and votes withheld from director nominees count as "shares present" at the Annual Meeting for purposes of determining a quorum for the Annual Meeting, but broker non-votes do not count as "shares present" at the Annual Meeting for purposes of determining a quorum for any proposal, including the election of directors.

The affirmative vote of the holders of a majority of the shares of Common Stock represented and entitled to vote in the election of directors at the Annual Meeting at which a quorum is present is required for the election of each of the director nominees. Withholding authority to vote with respect to any one or more director nominees will constitute a vote against such nominee(s).

The approval of the non-binding resolution to approve the compensation of our executive officers and the ratification of the independent registered public accounting firm requires that the votes cast in favor of the matter exceed the votes cast opposing the matter. Abstaining to vote with respect to either of these matters will not constitute a vote for or against either matter.

The non-binding recommendation as to the frequency with which shareholders will vote on executive compensation (every one year, every two years or every three years) that receives the highest number of votes cast will be the frequency recommendation that has been selected by the shareholders. Abstentions do not count as votes cast, and therefore will not affect the voting result for this matter.

1

Broker non-votes do not count as votes cast, and therefore will not affect the voting result as to any matter, including the election of directors. A broker non-vote occurs when a broker or other nominee who holds shares for another does not vote on a particular item because the nominee does not have discretionary authority to vote on that item and has not received instructions from the owner of the shares.

PROXIES AND VOTING

Shareholders have a choice of voting by internet, by telephone or by using a traditional proxy card.

To vote by internet, go to www.proxyvote.com and follow the instructions. You will need the 12 digit number included on your proxy card or voter instruction form.

To vote by telephone, dial (800) 690-6903 and follow the instructions. You will need the 12 digit number included on your proxy card or voter instruction form.

If you received a notice and wish to vote by traditional proxy card, you can request to receive a full set of the proxy materials, including this Proxy Statement, a proxy card or voting instruction form and the Company's 2016 Annual Report, at no charge through one of the following methods:

1) by internet: www.proxyvote.com

2) by phone: (800) 579-1639

3) by email: sendmaterial@proxyvote.com (your email should contain the 12 digit number in the subject line).

If you choose not to vote by telephone or the internet and request a full set of the proxy materials, please mark your choices on the enclosed proxy card and then date, sign and return the proxy card at your earliest opportunity. If you are a registered shareholder and attend the meeting, you may deliver your completed proxy card in person.

The telephone and internet voting procedures are designed to authenticate votes cast by use of a personal identification number. These procedures enable shareholders to appoint a proxy to vote their shares and to confirm that their instructions have been properly recorded. If your shares are held in the name of a bank or broker, the availability of telephone and internet voting will depend on the voting processes of the applicable bank or broker; therefore, it is recommended that you follow the voting instructions on the form you receive.

If you properly sign and return your proxy card or complete your proxy via the telephone or internet (and such proxy is not later revoked), your shares will be voted at the Annual Meeting in accordance with the directions given. In voting by proxy with regard to the election of directors, you may vote in favor of all nominees, withhold your votes as to all nominees or withhold your votes as to specific nominees. In voting by proxy with regard to the non-binding resolution to approve the compensation of our executive officers and the ratification of the selection of the independent auditor, you may vote for or against the proposal, or you may abstain from voting. In voting by proxy to recommend the frequency of non-binding shareholder votes to approve the compensation of our executive officers in future years, you may recommend that a vote should occur every year, every two years or every three years, or you may abstain from voting. You should specify your choices when voting by proxy. If you return a signed proxy card without indicating your vote with regard to the matters to be voted upon, the shares represented by proxy will be voted "FOR" the election of each of the nominees for director, "FOR" the non-binding resolution to approve the compensation of our executive officers, "FOR" the ratification of the independent registered public accounting firm, and in favor of a recommendation that a non-binding shareholder vote to approve the compensation of our executive officers occur every year.

A shareholder of record who submits a proxy pursuant to this solicitation may revoke it at any time prior to its exercise at the Annual Meeting by (i) submitting written notice to the Secretary of the Company at the Company's address shown above, (ii) properly submitting to the Company (by mail, telephone or internet) a proxy bearing a later date, or (iii) attending the Annual Meeting and voting in person.

PROPOSAL 1: ELECTION OF DIRECTORS

The Board of Directors of the Company is divided into three classes, with the term of office of each class ending in successive years. The terms of directors of Class I expire with this Annual Meeting. The directors of Class II and Class III will continue in office until the 2018 and 2019 Annual Meetings of shareholders, respectively. At the present time, there are three directors serving in each of Classes I, II and III. The shareholders are being asked to vote for the election of three directors to serve in Class I.

The persons appointed as proxies will vote the shares represented by the proxy appointment in favor of the election to the Board of Directors of each of the three Class I nominees whose names appear below, unless the authority to vote for any or all of the nominees is withheld or such appointment has previously been revoked. It is anticipated that management shareholders of the Company will submit a proxy granting authority to vote their shares for the election of all the nominees. Each Class I director will be elected to hold office until the 2020 Annual Meeting of shareholders and thereafter until his successor has been duly elected and qualified. In the event that any nominee is unable to serve (which is not anticipated), the persons appointed as proxies will cast votes for the remaining nominees and for such other persons as they may select.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE ELECTION OF EACH OF THE NOMINEES.

PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION

This proposal provides our shareholders with the opportunity to cast an advisory vote on the compensation of the Company's named executive officers (commonly known as a "say-on-pay" proposal), as required by Section 14A of the Securities Exchange Act of 1934.

As discussed in the Compensation Discussion and Analysis beginning on page 10, we have designed our executive compensation program to attract and retain key executives who are critical to our future success and the creation of shareholder value. We believe that both short-term and long-term incentive compensation opportunities provided to executive officers are directly aligned with our performance, and that our compensation program is structured to ensure that a significant portion of executives' compensation opportunities is directly related to achievement of financial and operational goals and other factors that impact shareholder value.

The Board invites you to review carefully the Compensation Discussion and Analysis and the tabular and other disclosures on compensation under Executive Compensation beginning on page 17, and to cast a vote to approve the Company's executive compensation programs through the following resolution:

"Resolved, that the shareholders approve the compensation of the Company's named executive officers, including the Company's compensation philosophy, practices and principles, as discussed and disclosed in the Compensation Discussion and Analysis, the executive compensation tables, and any narrative compensation disclosure contained in this Proxy Statement."

While the vote does not bind the Board to any particular action, the Board values the input of our shareholders and will take into account the outcome of this vote in considering future compensation decisions. The Board has adopted a policy providing for annual say-on-pay advisory votes. Unless the Board modifies this policy (including after giving consideration to the results of the advisory vote on the frequency of say-on-pay advisory votes at our 2017 Annual Meeting), the next say-on-pay advisory vote will be held at our 2018 Annual Meeting.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE APPROVAL OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS.

3

**PROPOSAL 3: ADVISORY VOTE ON FREQUENCY OF
ADVISORY SHAREHOLDER VOTES ON EXECUTIVE COMPENSATION**

As discussed above, the Board values the input of our shareholders regarding the Company's executive compensation practices. Shareholders are invited to express their views on how frequently advisory votes on executive compensation, such as the advisory vote in Proposal 2, will occur. Shareholders can advise the Board on whether such votes should occur every year, every two years or every three years, or they may abstain from voting.

This is an advisory vote as required by Section 14A of the Securities Exchange Act of 1934, and as such is not binding on the Board. However, the Board will take the results of the vote into account when deciding how frequently to schedule advisory votes on executive compensation in the future. An advisory scheduling vote similar to this will occur at least once every six years.

The Board recommends that the advisory vote on executive compensation be held every year. We believe that annual "say-on-pay" votes will provide a high level of accountability and direct communication between the Company and its shareholders by enabling the shareholders to respond promptly to the information presented in the accompanying proxy statement for the applicable shareholders' meeting.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE TO RECOMMEND THAT THE ADVISORY VOTE TO APPROVE THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS OCCUR EVERY YEAR.

**PROPOSAL 4: RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has appointed KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2017. KPMG LLP served as the Company's independent registered public accounting firm for the year ending December 31, 2016, and the services it provided to the Company and its subsidiaries in the year ending December 31, 2016 are described under "Audit Matters" below.

We are asking our shareholders to ratify the selection of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2017. Although ratification is not required by our Bylaws or otherwise, the Board of Directors is submitting the selection of KPMG LLP to our shareholders for ratification as a matter of good corporate practice.

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR CALENDAR YEAR 2017.

In the event shareholders do not ratify the appointment, the appointment will be reconsidered by the Audit Committee and the Board of Directors. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

CERTAIN INFORMATION CONCERNING NOMINEES AND CONTINUING DIRECTORS

The following section sets forth the names of the nominees for director and of the Company's continuing directors as of the date of the Annual Meeting, their ages, the year in which they were first elected directors, their positions with the Company, their principal occupations and employers for at least the last five years, and any other directorships held by them in companies that are subject to the reporting requirements of the Securities Exchange Act of 1934 or any company registered as an investment company under the Investment Company Act of 1940. CORPORATE GOVERNANCE

Independent Directors

The Company's Common Stock is traded in the Nasdaq National Market under the symbol "ASTE." Nasdaq requires that a majority of the directors be "independent directors," as defined in the Rule 5605(a)(2) of the Nasdaq Marketplace Rules, which we refer to as the Nasdaq Rules. Generally, a director does not qualify as an independent director if the director (or in some cases, members of the director's immediate family) has, or in the past three years has had, certain material relationships or affiliations with the Company, its external or internal auditors, or other companies that do business with the Company. The Board has affirmatively determined by resolution that current directors (including nominees for re-election) Baker, Dorey, Gehl, Frierson, Potts, Sansom and Tellock, which represent a majority of the directors, are independent directors as defined in the Nasdaq Rules based on an analysis of all facts specific to each director. The Board has affirmatively determined by resolution that the Company must have two or more regularly scheduled executive session meetings each year attended solely by these independent directors.

The independent members of the Board of Directors have selected Mr. Sansom as the Lead Independent Director. Among other duties, as Lead Independent Director, Mr. Sansom presides over, coordinates and develops the agenda for executive sessions of the independent directors, and consults with the CEO and Vice Chairman of the Board over Board and committee meeting agendas, Board meeting schedules and the flow of information to the Board.

Board Leadership Structure and Risk Oversight

As is common practice among public companies in the United States, the Company's Chief Executive Officer has historically also served as Chairman of the Board. Effective January 1, 2014, the Company implemented its previously announced leadership succession plan, whereby the office of Chief Executive Officer was transitioned from Dr. J. Don Brock to Mr. Benjamin G. Brock. Dr. Brock continued to serve as the Company's Chairman of the Board until his death in March 2015. As CEO, Mr. Brock now has primary responsibility for the operations of the Company, setting the Board agendas and presiding over Board meetings. W. Norman Smith was appointed Vice Chairman of the Board in January 2014.

Previously, when the offices of Chairman of the Board and Chief Executive Officer were combined, the Company's Board created the position of Lead Independent Director to ensure balance and preside over meetings of independent directors. The Board believes that the position of Lead Independent Director continues to benefit the Company. The

independent members of the Company's Board have selected Mr. Sansom to serve as Lead Independent Director. Additionally, as noted previously, seven of the nine current directors are independent. With a supermajority of independent directors, an Audit Committee, Compensation Committee and Nominating and Governance Committee each comprised entirely of independent directors, and a presiding Lead Independent Director to oversee all meetings of the non-management directors, the Company's Board of Directors believes that its existing leadership structure provides for an appropriate balance that best serves the Company and its shareholders. The Company's Board of Directors will periodically review its leadership structure to ensure that it remains the optimal structure for the Company and its shareholders.

7

As part of its general oversight duties, the Board oversees the Company's risk management. Management informs the Board of the operational and financial risks the Company is facing, and the Board reviews the steps that management is taking to address and mitigate such risks. We believe the Board's current leadership structure facilitates the Board's oversight of the Company's risk management.

Board Meetings and Attendance

The Company's expectation is that all directors attend all meetings of the Board of Directors and committees on which they serve and the Annual Meeting of shareholders. The Board has affirmatively determined by resolution that it encourages all members of the Board to attend each Annual Meeting of shareholders, particularly those directors who are nominees for election at any such meeting. During 2016, the Board of Directors held six meetings, and the Board's committees held the meetings described below. During 2016, each incumbent director attended at least 75% of the aggregate of: (1) the total number of meetings of the Board of Directors held during the period for which he has been a director and (2) the total number of meetings held by all committees of the Board on which he served during the periods that he served. All of the Company's directors were in attendance at the Company's 2016 Annual Meeting of shareholders.

Board Committees

During 2016, the Company's Board of Directors had an Executive Committee, an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. Certain information regarding the Board's committees is set forth below.

Executive Committee

The Executive Committee is authorized to act on behalf of the Board of Directors on matters that may arise between regular meetings of the Board upon which the Board of Directors would be authorized to act. During 2016, the members of the Executive Committee were Messrs. Brock, Smith and Frierson with Mr. Brock serving as Chairman. The Executive Committee did not meet during 2016. The current members of the Executive Committee are Messrs. Brock, Smith and Frierson with Mr. Brock serving as Chairman.

Audit Committee

The Audit Committee, established in accordance with Section 3(a)(58)(A) of the Exchange Act, annually reviews and recommends to the Board the firm to be engaged as the independent registered public accounting firm for the next year, reviews with the independent registered public accounting firm the plan and results of the auditing engagement, reviews the scope and results of the Company's procedures for internal auditing and inquires as to the adequacy of the Company's internal accounting controls. Messrs. Baker, Dorey, Frierson, Gehl, Potts, Sansom and Tellock were members of the Audit Committee during all of 2016. During 2016, the Audit Committee held eight meetings. The current members of the Audit Committee are Messrs. Baker (Chairman), Dorey, Frierson, Gehl, Potts, Sansom and Tellock. Mr. Baker and Mr. Tellock have been designated by the Board as Audit Committee financial experts. All members of the Audit Committee are independent (as independence is defined in the Nasdaq Rules). The Board of Directors has adopted a written charter for the Audit Committee. A copy of the Company's current Audit Committee charter can be found on the Company's website at www.astecindustries.com.

Compensation Committee

The Compensation Committee is authorized to evaluate, determine and approve the compensation of our executive officers, including our named executive officers, to consider and recommend to the full Board the executive

compensation policies of the Company and to administer the Company's stock incentive plans. Messrs. Dorey (Chairman), Gehl, Baker and Potts were members of the Compensation Committee during all of 2016. During 2016, the Compensation Committee held five meetings. The current members of the Compensation Committee are Messrs. Dorey (Chairman), Gehl, Baker and Potts. All members of the Compensation Committee are independent (as independence is defined in the Nasdaq Rules). The Board of Directors has adopted a written charter for the Compensation Committee. A copy of the Company's current Compensation Committee charter can be found on the Company's website at www.astecindustries.com. Pursuant to its charter, the Compensation Committee may form and delegate any of its responsibilities to one or more subcommittees comprised of one or more members of the Committee.

8

The Compensation Committee's primary processes for establishing and overseeing executive compensation can be found in the Compensation Discussion and Analysis section beginning on page 10 of this Proxy Statement. The Company's Chief Executive Officer typically attends Compensation Committee meetings but is not present for the executive sessions or for any discussion of his own compensation. The Company's Chief Executive officer has historically given the Compensation Committee a performance assessment and compensation recommendation for each of the other named executive officers. Those recommendations are then considered by the Compensation Committee. Directors' compensation is established by the Board of Directors.

Compensation Committee Interlocks and Insider Participation

During 2016, none of the members of the Compensation Committee had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K. In addition, during 2016, none of our executive officers served on the compensation committee (or equivalent) of the board of directors of another entity whose executive officer(s) served on our Board of Directors or our Compensation Committee, and none of our executive officers served on the board of directors of another entity whose executive officer(s) served on our Compensation Committee. None of the members of the Compensation Committee was an officer or employee of the Company during 2016 or at any time in the past.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee interviews, evaluates, nominates and recommends individuals for membership on the Company's Board and committees thereof and is responsible for establishing and periodically reviewing and revising the Company's corporate governance policies and principles. Messrs. Frierson (Chairman), Dorey, Sansom and Tellock were members of the Nominating and Corporate Governance Committee during all of 2016. The Nominating and Corporate Governance Committee held one meeting in 2016 and has approved the Director nominations submitted in this Proxy Statement. The current members of the Nominating and Corporate Governance Committee are Messrs. Frierson (Chairman), Dorey, Sansom and Tellock. All members of the Nominating and Corporate Governance Committee are independent (as independence is defined in the Nasdaq Rules).

The Nominating and Corporate Governance Committee acts under a written charter adopted by the Board of Directors. A copy of the current Nominating and Corporate Governance Committee's charter is available on the Company's website at www.astecindustries.com.

Director Nomination Process

The Nominating and Corporate Governance Committee will consider written recommendations from shareholders for Company nominees to the Board. A shareholder who wishes to recommend a person to the Committee for nomination by the Company must submit a written notice by mail to the Nominating and Corporate Governance Committee c/o the Corporate Secretary, Astec Industries, Inc. at 1725 Shepherd Road, Chattanooga, Tennessee 37421. Such a written recommendation must be received no later than 120 days in advance of the Annual Meeting of shareholders and should include (i) the candidate's name, business address and other contact information, (ii) a complete description of the candidate's qualifications, experience and background, as would be required to be disclosed in the proxy statement pursuant to Regulation 14A of the Securities Exchange Act of 1934, as amended, (iii) a signed statement by the candidate in which he or she consents to being named in the proxy statement as a nominee and to serve as a director if elected, (iv) a signed statement authorizing the Company to perform a background search on the candidate and (v) the name and address of the shareholder(s) of record making such a recommendation.

The Nominating and Corporate Governance Committee recommends nominees for election to the Board based on a number of qualifications, including but not limited to, independence, character and integrity, diversity, financial literacy, level of education and business experience, sufficient time to devote to the Board, and a commitment to

represent the long-term interests of the Company's shareholders. There are no differences in the manner in which the Nominating and Corporate Governance Committee evaluates a candidate that is recommended for nomination for membership on the Company's Board by a shareholder. The Nominating and Corporate Governance Committee has not received any recommended nominations from any of the Company's shareholders in connection with the Annual Meeting.

9

The Nominating and Corporate Governance Committee identifies potential Company nominees for director through a variety of business contacts, including current executive officers, directors, community leaders and shareholders. The Committee may, to the extent it deems appropriate, retain a professional search firm and other advisors to identify potential nominees for director.

The Nominating and Corporate Governance Committee evaluates candidates to the Board by reviewing their biographical information and qualifications. If the Nominating and Corporate Governance Committee determines that a candidate is qualified to serve on the Board, such candidate is interviewed by at least one member of the Nominating and Corporate Governance Committee and the Chief Executive Officer. Members of the Board also have an opportunity to interview qualified candidates. As described above, the Committee will also consider candidates recommended by shareholders. The Nominating and Corporate Governance Committee then determines, based on the background information and the information obtained in the interviews, whether to recommend to the Board that the Company nominate a candidate for approval by the shareholders to fill a directorship. With respect to an incumbent director whom the Nominating and Corporate Governance Committee is considering as a potential nominee for re-election, the Committee reviews and considers the incumbent director's service to the Company during his or her term, including the number of meetings attended, level of participation, and overall contribution to the Company in addition to such person's biographical information and qualifications. The Nominating and Corporate Governance Committee gives strong consideration to a wide range of diversity factors as a matter of practice when evaluating candidates to the Board and incumbent directors, but the Committee does not have a formal policy regarding Board diversity.

In evaluating candidates to the Board, the Nominating and Corporate Governance Committee also takes into account the skill sets that are needed to balance and complement the skill sets of other candidates and members of the Board, and the skills and expertise of candidates that facilitate the Company's compliance with the rules of the Securities and Exchange Commission and the Financial Industry Regulatory Authority (FINRA).

The Board is nominating three individuals for election as Directors, each of whom is currently a Director. The Nominating and Corporate Governance Committee recommended each of the three nominees to the Board.

Shareholder Communications

The Board of Directors has unanimously adopted a process to facilitate written communications by shareholders to the Board. Shareholders wishing to write to the Board of Directors of the Company or a specified director or committee of the Board should send correspondence to the Secretary of the Company, Astec Industries, Inc. at 1725 Shepherd Road, Chattanooga, Tennessee 37421. All written communications received in such manner from shareholders of the Company shall be forwarded to the members of the Board of Directors to whom the communication is directed or, if the communication is not directed to any particular member(s) or committee of the Board of Directors, the communication shall be forwarded to all members of the Board of Directors.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

In the paragraphs that follow, we will give an overview and analysis of our compensation programs and policies, the material compensation decisions we have made under those programs and policies, and the material factors that we considered in making those decisions. This section includes, among other things, an explanation of the overall objectives of our compensation program, what it is designed to reward, and each element of the compensation that we pay. Later in this proxy statement under the heading "Executive Compensation" you will find a series of tables containing specific information about the compensation earned or paid in 2016 to the following individuals, who we

refer to as our named executive officers:

- Benjamin G. Brock, our President and Chief Executive Officer ("CEO");
 David C. Silvious, our Vice President, Chief Financial Officer and Treasurer
 ("CFO");
- W. Norman Smith, our Company Vice Chairman and Vice Chairman of the Board;
- Richard J. Dorris, our Executive Vice President and Chief Operating Officer; and
- Richard A. Patek, our Group President of our Aggregate and Mining Group.

10

The discussion below is intended to help you understand the detailed information provided in those tables and put that information into context within our overall compensation program.

Objectives of Our Compensation Program

Our objectives with respect to the Company's executive compensation program are to:

- attract and retain qualified personnel who are critical to the Company's long-term success and the creation of shareholder value;
- create a strong link between executive officer compensation and the Company's annual and long-term financial performance; and
- encourage the achievement of Company performance by utilizing a performance-based incentive structure.

In order to be effective, we believe our executive compensation program should meet the needs of the Company, our employees and our shareholders. We seek to provide direct compensation that is competitive within the marketplace, and believe that a portion of total compensation should be performance-based and in the form of equity awards.

How We Determine and Assess Executive Compensation

Our Compensation Committee of the Board of Directors, composed entirely of independent directors, reviews, determines and approves the base salaries and other compensation of our executive officers, including our named executive officers. Our Compensation Committee is also responsible for making recommendations to the Board with respect to the Company's executive compensation policies and the adoption of stock and benefit plans. As a starting point, base salary increases for named executive officers, when given, historically have reflected a cost of living adjustment, with further increases approved by the Compensation Committee based on a subjective assessment of a number of factors. As more fully described below, the factors on which this subjective assessment is based fall into three general categories: company performance factors, individual performance factors and competitive salary practices.

It is important to emphasize that the subjective assessment of these factors is qualitative, rather than quantitative, and there are no specific weightings or objective criteria associated with any of the factors. In determining base salaries for the named executive officers each year, the Compensation Committee has relied upon the Company's CEO to provide evaluations of the other named executive officers (each of whom report directly or indirectly to the CEO) and to provide recommendations regarding whether adjustments to compensation opportunities are warranted. In determining the CEO's base salary the Compensation Committee relies on its own observations and assessments with respect to his individual performance and the overall results of his leadership of the Company.

Our Compensation Committee's policy is to set senior executive pay at sufficiently competitive levels to attract, retain, and motivate highly talented individuals to contribute to our goals, objectives, and overall financial success. We believe that the Company's executive compensation program provides an overall level of compensation opportunity that is competitive within the construction equipment manufacturing industry, as well as with a broader group of companies of comparable size and complexity. Actual compensation levels may be greater or less than average competitive levels in similar companies based upon annual and long-term Company performance, as well as individual performance.

While market competitiveness is important, it is not the only factor we consider when establishing compensation opportunities of our named executive officers. Actual pay decisions are made following a review and discussion of the financial and operational performance of our businesses, individual performance, and competitive salary practices which address retention concerns and internal pay equity.

During 2015, the Compensation Committee retained Arthur J. Gallagher & Co.'s Human Resources & Compensation Consulting Practice to assist with preliminary recommendations for compensation levels for the Company's management positions and to assist in the design of the annual and long-term incentive programs for Company officers and subsidiary presidents in order to ensure that our compensation remains at sufficiently competitive levels within our industry. The study's results were used in determining 2016 base pay rate increases and as a basis for drafting and approving annual incentive plans and long-term incentive plans for our executive officers and subsidiary presidents, a new Executive Change in Control Severance Plan and a new Stock Ownership Guidelines for Executives policy.

Company Performance Factors.

Compensation decisions for a particular year are made following a review of the financial and operational performance of the Company and its business groups for the prior year. In recommending and approving compensation levels for executive officers, the Chief Executive Officer and the Compensation Committee review and assess the Company's performance, with an emphasis on earnings, return on capital employed and cash flow on capital employed. These performance criteria are direct reflections of the Company's profitability and operating efficiency, which the Company believes are key drivers for creating shareholder value.

Company performance factors have historically weighed more heavily in the determination of annual cash and long-term incentive compensation than in the determination of base salary adjustments for named executive officers. As more fully described below, base pay rates for the named executive officers were increased in 2016 over 2015 levels after consideration of the Company's performance in 2015 and consideration of the current economic environment in which the Company operates.

Individual Performance Factors.

The subjective factors considered by the Compensation Committee in relation to a named executive officer's individual performance for the previous year include management, leadership, staff development, contribution to the Company's growth, scope of responsibilities and experience and an assessment of the named executive officer's future performance potential.

Competitive Compensation Practices.

As discussed above, the Compensation Committee's policy is to set named executive officer compensation at sufficiently competitive levels within the construction equipment manufacturing industry, as well as within a broader group of companies of comparable size and complexity, in order to attract, retain and motivate named executive officers. In the past, the Company has engaged the services of compensation consultants and instructed them to conduct a market analysis and to assist the company in developing a long-term incentive plan and its overall executive compensation program.

With Arthur J. Gallagher & Co.'s assistance in 2015, the Compensation Committee reviewed and analyzed competitive market data as background information in connection with setting 2016 compensation levels and to obtain a general understanding of current compensation practices. Data sources included industry-specific and size-adjusted published survey data. In addition, the Compensation Committee compared compensation opportunities for named executive officers with pay opportunities available to executive officers in comparable positions at similar companies (our "Peer Group"). Our Peer Group consists of the following sixteen comparably-sized companies from the industrial manufacturing industry, each with significant international revenue:

Accuride Corp

Commercial Vehicle Group, Inc.

Actuant Corporation	Enpro Industries, Inc.
Alamo Group Inc.	Federal Signal Corporation
Altra Industrial Motion Corp.	Greenbrier Companies
Blount Intl. Inc.	Lindsay Corporation
Circor Intl. Inc.	Nordson Corporation
Clarcor Inc.	Toro Company
Columbus McKinnon	Wabash National Corp

In general, the review of competitive market data and compensation opportunities available to executive officers of companies within our Peer Group revealed that the base salaries and total compensation opportunities of our named executive officers are generally below market. This is one factor that was considered in raising the base salary of our Chief Financial Officer for 2016, and setting annual cash incentive compensation opportunities for our named executive officers, as discussed below.

Consideration of Last Year's Advisory Shareholder Vote on Executive Compensation

At the Annual Meeting of Shareholders on April 24, 2016, over 99% of the shares voted were cast to approve the compensation of the Company's named executive officers, as discussed and disclosed in the 2016 Proxy Statement. The Board and the Compensation Committee appreciate and value the views of our shareholders. The results of this advisory vote on executive compensation shows that the compensation paid to our executive officers and the Company's overall pay practices were supported by a vast majority of the shares voted. No specific changes were made in the compensation paid to our executive officers due to the results of this advisory vote.

Going forward, future advisory votes on executive compensation will serve as an additional tool to guide the Board and the Compensation Committee in evaluating the alignment of the Company's executive compensation program with the interests of the Company and its shareholders.

At the Annual Meeting of Shareholders on April 28, 2011, our shareholders expressed a preference that advisory votes on executive compensation occur every year. Consistent with this preference, the Board determined to implement an advisory vote on executive compensation every year since that vote. A vote to recommend the frequency of advisory shareholder votes on the compensation of executive officers is required every six years, and accordingly, a vote to recommend the frequency of such votes in the future will occur at the 2017 Annual Meeting.

Elements of Our Compensation Program

The Company's executive officer compensation program is comprised of base salary, annual cash incentive compensation and long-term incentive compensation in the form of equity grants. We also provide our executive officers certain perquisites and executive benefits, including contributions to the Company's Supplemental Executive Retirement Plan (SERP), as well as other benefits that are generally available to all employees of the Company, including medical and 401(k) plans.

Base Salary

Base salary is the fixed component of our named executive officers' total direct compensation, as opposed to at-risk compensation based on performance. The Compensation Committee reviews base salaries on an annual basis and approves salary levels after a subjective assessment of a number of factors as discussed above. After reviewing the market analysis and peer group study performed during 2015, the Compensation Committee granted a 3.5% cost of living adjustment to each of the named executive officers' base pay, other than the CFO. As the compensation study showed our CFO's pay rate was well below the median, his base salary was increased by 11.11% effective January 1, 2016.

Annual Cash Incentive Compensation

Annual cash incentive compensation rewards an executive officer's individual performance as well as the overall performance of the Company for a given year. Rewards granted under the incentive plan implemented in 2016 for Company officers (including Messrs. Brock, Silvius, Smith and Dorris) are based 100% on total company performance, while rewards for Group Presidents (including Mr. Patek) are based 50% on total company performance

and 50% on their group's performance. Both plans used two financial metrics—return on capital employed (weighted 45% in 2016) and EBITDA margin (weighted 40% in 2016)—and other non-financial metrics related to employee safety (weighted 15% in 2016) in determining the annual incentive cash awards. For 2016, each named executive officer had a target incentive opportunity established as a percentage of his base salary depending upon his position with the Company (100% for Mr. Brock; 75% for Mr. Dorris; 60% for Mr. Silvius and Mr. Patek; and 50% for Mr. Smith), and each could earn up to 200% of their target incentive amount based on achievement of performance goals.

13

These metrics are the key indicators of proper capital management and are critical to the Company's success. These elements are measured against pre-determined goals and achievement against those goals which drives a formula that calculates the amount of annual incentive award paid.

The Company's 2016 performance resulted in annual cash incentive awards equal to 114.2% of target for those executives measured 100% based upon consolidated performance and 95.6% of target for the Group President of our Aggregate and Mining Group. Mr. Brock, our CEO, earned an award of \$531,891 (114.2% of base salary); Mr. Silvius, our CFO, earned an award of \$171,302 (68.5% of base salary); Mr. Dorris, our Executive VP and COO, earned an award of \$275,254 (85.7% of base salary); Mr. Smith, our Vice Chairman, earned an award of \$195,736 (57.1% of base salary); and Mr. Patek, our Group President of Aggregate and Mining, earned an award of \$168,969 (57.4% of base salary) for 2016 performance.

Long-Term Incentive Compensation

The Company provides long-term incentives to its executive officers through its 2011 Incentive Plan, which permits the grant of various equity based awards, including stock options, stock appreciation rights, restricted stock and performance awards that are payable in stock. Grants of equity based compensation are designed to create a strong and direct link between executive officer pay and shareholder return and to enable executive officers to develop and maintain a long-term position in the Company's common stock.

2011 Restricted Stock Program

Under a long-term incentive program approved by the Compensation Committee in October 2010 (the "2011 RSU Program"), key management employees could earn restricted stock units ("RSUs") each year based on the overall Company and/or the applicable subsidiary company meeting a net income goal and a return on capital employed goal during the calendar years 2011 through 2015. If the goals were met, the Compensation Committee would grant a certain number of RSUs determined in its discretion to each of the Company's key employees that participate in the program, including the named executive officers. The individuals with greater influence over the Company's performance generally received more RSUs. For example, the Company's CEO could earn more RSUs than other employees because of his level of influence on Company operations. The Compensation Committee, in its discretion and after consideration of the recommendation of the Company's CEO, determined the amount of RSUs granted to executive officers. RSUs earned under the 2011 RSU Program vest and convert into shares of the Company's common stock five years from the grant date, subject to the individual's continued employment (other than in certain cases, such as retirement after reaching age 65). In addition, management received an additional award if the cumulative performance over the five-year period exceeds the cumulative goals.

Under the 2011 RSU Program, if the performance goals were not met in a given year, no RSUs were granted for that year. For 2015, the Company-wide net income goal was not met, and accordingly, none of the named executive officers, except for Mr. Dorris were granted RSUs in 2016 based on 2015 performance. Mr. Dorris was granted 419 RSUs in 2016 based upon the five-year cumulative performance of one of the Company's subsidiaries, Heatec, Inc., for which he was the subsidiary president during part of the five-year performance period.

2016 Restricted Stock Unit Program

In 2016, the Compensation Committee approved a new 2016 Restricted Stock Unit Program for Executive Officers (the "2016 RSU Program"). The 2016 RSU Program is similar to the 2011 RSU Program in that it provides key officers of the Company and group leaders with an annual opportunity to earn RSUs based on achievement of pre-established performance goals. The performance goals under the 2016 RSU Program are based on pre-tax profit margin and total shareholder return relative to a peer group ("TSR"), as further described below. The pre-tax margin

goal for corporate employees is based on the entire corporation, whereas the pre-tax margin goal for group leaders is based partially on the results of the entire corporation and partially on the results of their group.

14

The first performance period under the 2016 RSU Program is a one-year period consisting of calendar year 2016, for awards that may be granted during the first quarter of 2017. The second performance period will be a two-year period consisting of calendar years 2016 and 2017, for awards that may be granted during the first quarter of 2018. The third performance period will be a three-year performance period consisting of calendar years 2016, 2017 and 2018, for awards that may be granted during the first quarter of 2019. Thereafter, the performance periods will be the three calendar years immediately preceding the date of grant.

Under the 2016 RSU Program, each named executive officer has an annual target award opportunity expressed as a percentage of his base salary in effect for the prior year (100% for Mr. Brock; 50% for Mr. Smith; 75% for Mr. Dorris; 60% for Mr. Silvious and Mr. Patek). The actual number of RSUs earned is based on the level of achievement of two performance metrics as follows:

Performance Matrix for Executive Officers

Performance Metric	Weighting (% of Target Award)	Performance Goals and Payout Percentages		
		Threshold (0%)	Target (100%)	Maximum (200%)
Pre-Tax Profit Margin - Corporate	70%	3%	7%	11%
Total Shareholder Return	30%	25 th percentile	50 th percentile	75 th percentile

Performance Matrix for Group President

Performance Metric	Weighting (% of Target Award)	Performance Goals and Payout Percentages		
		Threshold (0%)	Target (100%)	Maximum (200%)
Pre-Tax Profit Margin - Corporate	20%	3%	7%	11%
Pre-Tax Profit Margin - Group	50%	5%	10%	15%
Total Shareholder Return	30%	25 th percentile	50 th percentile	75 th percentile

Based on the Company's and group's level of achievement of the performance goals during calendar year 2016 and the \$67.46 closing price of the Company's common stock on December 31, 2016, the named executive officers earned the following number of RSUs for 2016 performance: Mr. Brock, 9,443; Mr. Silvious, 3,041; Mr. Smith, 3,475; Mr. Dorris, 4,887; and Mr. Patek, 3,124. The actual number of RSUs granted for 2016 performance will be adjusted for changes in the Company's stock price from December 31, 2016 to the date of grant in later February 2017. Earned RSUs will vest and convert into shares of the Company's common stock three years from the grant date, subject to the individual's continued employment (other than in certain cases, such as retirement after reaching age 65).

Perquisites and other Executive Benefits

Executive officers are eligible for certain perquisites and additional benefits that are not available to all employees (but are available to many management level employees), such as our Supplemental Executive Retirement Plan

("SERP"). The SERP provides additional benefits to individuals whose retirement benefits are affected by the limit on the maximum amount of compensation which may be taken into account under the qualified pension and 401(k) plans and provides additional benefits on annual profit sharing distributions not recognized under the qualified plans. Additional details regarding perquisites and other benefits provided to our named executive officers are disclosed in the Summary Compensation Table and described in the accompanying narrative.

We believe the perquisites and additional benefits provided to our named executive officers are reasonable in light of industry practices and competitive with the perquisites provided to executive officers within our peer group. We review the perquisites provided to our executive officers on an annual basis to ensure that we are providing benefits that align with our overall compensation goal of providing competitive compensation to our executive officers that maximizes the interests of our shareholders.

15

Executive Change in Control Severance Plan

In 2016, the Compensation Committee adopted an Executive Change in Control Severance Plan, which provides change of control severance benefits for a select group of key executives, including our named executive officers, in the event that the executive's employment is terminated without "cause" or by the executive for "good reason" within two years following a change of control of the Company.

The change of control severance benefits are intended to keep participating key leaders "neutral" to the possibility of corporate transactions in the best interests of stockholders by removing the fear of job loss and other distractions that may result from potential, rumored or actual changes of control of the Company. All benefits under our change of control plan are "double-trigger" benefits, meaning that no compensation will be paid to participants solely upon the occurrence of a change of control so as to not create an unintended incentive. We believe that this structure is appropriate for employees whose jobs are in fact terminated in such a transaction, without providing a windfall to those who continue employment following the transaction.

The specific terms of the Executive Change of Control Severance Plan, and the potential payments and benefits to our named executive officers are described more fully in the "Potential Payments upon Termination or Change of Control" section below.

Other Factors Affecting Compensation

Tax Deductibility Under Section 162(m)

In establishing pay levels for our named executive officers, the Committee considers the impact of Section 162(m) of the Internal Revenue Code on the amount of compensation deductible by the Company. Under current tax law, Section 162(m) imposes a \$1,000,000 limit (per "covered employee") that a publicly traded company can deduct for compensation paid to each of the CEO and three other most highly compensated executive officers (other than the CFO) who are employed as of the end of the year. This limitation does not apply to pay that qualifies as "performance-based compensation" (as defined under Section 162(m)). In order to qualify as "performance-based", compensation must, among other things, be based solely on the attainment of pre-established objective goals under a shareholder approved plan, with no positive discretion permitted when determining award payouts.

The Committee generally seeks to structure long-term incentive arrangements for named executive officers to qualify for full tax deductibility under Section 162(m). Our current long-term equity incentive program is structured so that all awards to our named executive officers will be fully deductible under Section 162(m). Any future options and stock appreciation rights granted under the 2011 Incentive Plan will be exempt from the deduction limit of 162(m). The Compensation Committee may designate any other award granted under the 2011 Incentive Plan as performance-based in order to make the award fully deductible. However, the Committee reserves the right to make awards outside of these plans or to provide compensation that does not qualify for full tax deductibility under Section 162(m) when deemed appropriate.

Accounting Considerations

The Company considers the accounting implications of all aspects of its executive compensation program. As a result of the provisions of FASB ASC Topic 718, we do not expect accounting treatment of differing forms of equity awards to vary significantly and, therefore, accounting treatment is not expected to have a material effect on our selection of forms of equity compensation. In addition, accounting treatment is just one of many factors impacting plan design and pay determinations. Our executive compensation program is designed to achieve the most favorable accounting and tax treatment possible as long as doing so does not conflict with intended plan design or program objectives.

Additional Executive Compensation Policies

Stock Ownership Guidelines

Prior to 2016, the Company encouraged executive stock ownership but did not have formal guidelines in place. During 2016, the Company's Board approved the Astec Industries, Inc. Stock Ownership Guidelines for Executives, effective as of July 28, 2016. Under the new guidelines, company executives are required to accumulate and hold share of common stock of the Company having a value of at least the following:

CEO	5x annual base salary
COO	3x annual base salary
CFO, Group President, Group VP, Vice Chairman and VP-Admin	2x annual base salary
Corporate Controller	1.5x annual base salary

Until the Executive has satisfied the above stock ownership guidelines, such Executive is required to retain fifty percent (50%) of the "net shares" of common stock received from the Corporation as compensation that are issued after July 28, 2016. Furthermore, once an executive has satisfied the stock ownership guidelines, any future sales of stock by such executive shall be permitted only to the extent that such executive shall continue to meet the guidelines immediately following such sale.

Reflects the annual Company contributions made to the Supplemental Executive Retirement Plan (SERP) accounts (1) of the named executive officers in an amount equal to 10% of the executive's total compensation, as defined in the plan. These amounts are reflected in the Summary Compensation Table in the "All Other Compensation" column.

Reflects the aggregate earnings credited to the executive's account during 2016, which include interest and other earnings based on the investment elections of the executive. All investment elections provide market returns and (2) there were no preferential or above-market earnings that would be required to be included in the Summary Compensation Table in the "Change in Pension Value and Nonqualified Deferred Compensation Earnings" column.

To the extent that a participant was a named executive officer in prior years, executive and Company contributions (3) included in the "Aggregate Balance at Last FYE" column have been reported as compensation in the Summary Compensation Table for the applicable year.

The Astec Industries, Inc. Supplemental Executive Retirement Plan (SERP) provides a fully vested retirement benefit to our named executive officers upon their termination of employment with the Company.

During a participant's employment, the Company contributes 10%, unless specified otherwise by the Board, of such participant's compensation (which includes base salary and annual cash incentive awards but excludes certain amounts, such as an amount realized from the granting or vesting of restricted stock units) to each named executive officer's SERP account. This amount is credited with earnings or losses based on the rate of return on the Participant's investment elections, which include money market funds, mutual funds, and Company common stock, and are generally the same investment choices available under our 401(k) plan.

Upon separation from service, the Company will pay the participant a single lump sum in cash equal to the amount in his or her SERP account or a participant may elect to receive payment in annual installments, not to exceed 10 years. If a participant dies before receiving the lump sum payment, or, in the case of an annual installment election, before receiving all installments, the SERP account balance will be distributed to his or her survivor in a single lump sum as soon as practicable following the participant's death.

Accelerated withdrawal is not permitted except in certain limited circumstances specified in the plan. The Company may terminate the SERP at any time but must pay participants the account value as determined under the SERP.

Potential Payments Upon Termination or Change-in-Control

As a matter of business philosophy, the Company generally does not enter into separate employment or severance agreements with individual senior executive officers, including the Company's named executive officers. However, on July 28, 2016, the Company adopted the Astec Industries, Inc. Executive Change in Control Severance Plan (the "Severance Plan"), which provides for severance payments and benefits to the Company's executive officers and subsidiary presidents, including the named executive officers, in the event their employment is involuntarily terminated in connection with a change in control of the Company. Major provisions of the plan are as follows:

Under the Severance Plan, participants are grouped into three tiers of benefits, as selected and designated by the Compensation Committee. The Committee designated the following named executive officers to participate in the Severance Plan: Messrs. Brock and Smith, as Tier I Participants; and Messrs. Silvius, Dorris and Patek, as Tier II Participants.

Under the Severance Plan, if a participating executive's employment is terminated by the Company without cause or by the participant for good reason (as such terms are defined in the Severance Plan), and the termination occurs within a 24 month period following a change in control of the Company (or if the termination occurs prior to a change in control and it can reasonably be shown that the termination was in connection with the change in control), the participant will be entitled to certain severance payments and benefits (the "Change in Control Severance Benefits"). The Change in Control Severance Benefits include lump sum cash payments of the following amounts: (1) a pro rata target annual bonus, (2) a severance payment equal to 3.0 times, in the case of a Tier I Participant, or 2.0 times, in the case of a Tier II Participant, or 1.5 times, in the case of a Tier III Participant, the participant's base salary and target annual bonus, and (3) a payment equal to the full cost to provide group health benefits to the participant for 36 months, in the case of a Tier I Participant, or 24 months, in the case of a Tier II Participant, or 18 months, in the case of a Tier III Participant (based on group health benefits sponsored by the Company and maintained by the participant as of the termination date). In addition, all of the participant's outstanding stock options, restricted stock units and other stock awards with time-based vesting restrictions will become fully vested and exercisable, and all of the participant's outstanding performance-based stock awards will be deemed to have been fully earned as of the termination date based on an assumed achievement of all relevant performance goals at "target" level, and will payout within 60 days following the termination date. The participant will also be eligible for 12 months following the termination date for up to \$25,000 of outplacement services payable by the Company.

As a condition to receiving payments and benefits under the Severance Plan, a participant must enter into a separation agreement with the Company, which will contain a general release of claims and certain restrictive covenants, including non-competition, customer non-solicitation and employee non-recruitment, that will apply for a period of 12 months, in the case of a Tier I Participant, or eight months, in the case of a Tier II Participant or a Tier III Participant, following the participant's termination of employment.

The Severance Plan does not provide for any tax gross-ups. In the event a participant would be subject to a 20% excise tax under Section 4999 of the Internal Revenue Code (imposed on individuals who receive compensation in connection with a change of control that exceeds certain specified limits), the payments and benefits to the participant would be reduced to the maximum amount that does not trigger the excise tax unless the participant would retain greater value (on an after-tax basis) by receiving all payments and benefits and paying all excise and income taxes.

In addition, our 2011 Incentive Plan provides that, regardless of a change in control, in the event of a termination of employment due to the death, disability or retirement (after reaching age 65), all outstanding stock options, restricted stock units and other stock awards with time-based vesting restrictions will become fully vested and exercisable, and all outstanding performance-based stock awards will be deemed to have been earned on a pro rata basis at "target" level of performance.

The following table sets forth the estimated payments and benefits to each of the named executive officers if their employment with the Company had been terminated under various circumstances as of December 31, 2016.

Silvius, Dorris and Patek, the executive's base salary and target annual bonus. Amounts that would be distributed pursuant to our SERP for retirement eligible executives are indicated in the Nonqualified Deferred Compensation Plan table above.

Material Terms of Director Compensation Plan

Our director compensation program provides for both cash and equity compensation for our non-employee directors. The principal features of the director compensation program as in effect prior to April 28, 2016 are described below. We review director compensation on an annual basis, and effective April 28, 2016, the Company adopted the Astec Industries, Inc. Amended and Restated Non-Employee Directors Compensation Plan, which changed the manner in which Directors are compensated as also described below.

Compensation Plan Prior to April 28, 2016:

Annual Retainers. Each non-employee director receives an annual board retainer fee of \$33,000 which they individually elected to receive in the form of cash, stock, deferred stock or stock options each year. In addition, the director compensation plan provided for the following supplemental annual retainers:

	2016 ⁽¹⁾
Audit Committee member	\$4,000
Compensation Committee member	2,000
Nominating and Corporate Governance Committee member	2,000

(1)The prorated fees for the period ending April 28, 2016 were paid to the appropriate directors in June 2016.

Meeting Fees. Our director compensation plan provided for meeting fees for non-employee directors as follows:

- \$1,500 for each board meeting;
- \$1,000 for each committee meeting attended; and
- \$500 additional fee to the audit committee Chairman for each audit committee meeting attended.

Equity Awards. In accordance with the Company's Non-Employee Directors Stock Incentive Plan, the Company's non-employee directors could elect to receive their annual retainer in the form of cash, shares of common stock, deferred stock or stock options. If the director elected to receive common stock, whether on a current or deferred basis, the number of shares received was determined by dividing the dollar value of the annual retainer by the fair market value of the common stock on the date the retainer was payable.

Non-employee directors could elect to defer the receipt of common stock received as payment of the annual retainer until the earlier of (i) his or her termination of service as a director, or (ii) another designated date at least three years after the date of such deferral election. If any dividends or other rights or distributions of any kind were distributed to shareholders prior to the non-employee director's receipt of his or her deferred shares, an amount equal to the cash value of such distribution was credited to a deferred dividend account for the non-employee director. The deferred dividend account provided the non-employee director with the right to receive additional shares of common stock having a fair market value as of the date of the dividend distribution equal to the cash value of the distributions.

Non-employee directors could also elect to receive stock options in payment of the annual retainer. If the director elected to receive stock options, the number of options received would have been determined by dividing the dollar value of the annual retainer by the Black-Scholes value of an option on the date the retainer was payable. The options would have been fully exercisable on the date of their grant.

Compensation Plan Subsequent to April 27, 2016:

Annual Retainers. All non-employee directors receive an annual board retainer fee of \$50,000, which they individually elect to receive in the form of cash, stock or deferred stock.

24

Supplemental Annual Retainers. Any non-employee director who serves as the Board's non-Executive Chairman or Lead Director or serves on any Board committee receive a supplemental annual retainer as follows:

Service Description	Amount
Non-Executive Chairman	\$30,000
Lead Director	\$15,000
Audit Committee Chair	\$15,000
Compensation Committee Chair	\$10,000
Nominating and Governance Committee Chair	\$10,000
Audit Committee member	\$7,500
Compensation Committee member	\$5,000
Nominating and Governance Committee member	\$5,000

Annual Stock Award. Each non-employee director receives a grant of restricted stock units equal in value to \$65,000 on the grant date on the day following each year's annual shareholder meeting. The restricted stock units vest and convert to shares of Company common stock on the day prior to the next Annual Meeting of shareholders, assuming the participants continued service as a director.

Non-employee directors could elect to defer the receipt of common stock received as payment of the annual retainer or due to the vesting restricted stock units issued as their annual stock award until the earlier of (i) his or her termination of service as a director, or (ii) another designated date at least three years after the date of such deferral election. If any dividends or other rights or distributions of any kind were distributed to shareholders prior to the non-employee director's receipt of his or her deferred shares, an amount equal to the cash value of such distribution was credited to a deferred dividend account for the non-employee director. The deferred dividend account provided the non-employee director with the right to receive additional shares of common stock having a fair market value as of the date of the dividend distribution equal to the cash value of the distributions.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016 and in this proxy statement.

COMPENSATION COMMITTEE

 Charles F. Potts

This Report of the Compensation Committee shall not be deemed to be incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, and shall not otherwise be deemed filed under such acts.

REPORT OF THE AUDIT COMMITTEE

Decisions and recommendations regarding the financial reporting procedures of the Company are made by the Audit Committee of the Board of Directors, which was comprised of Messrs. Baker, Dorey, Frierson, Gehl, Potts, Sansom and Tellock during the entire 2016 year. The following report is not subject to incorporation by reference in any filings made by the Company with the Securities and Exchange Commission under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

25

We, as a committee of the Board of Directors, oversee the Company's financial reporting process on behalf of the Board of Directors. We operate under a written charter adopted by the Board of Directors. This report reviews the actions we have taken with regard to the Company's financial reporting process during 2016 and the Company's audited consolidated financial statements as of December 31, 2016 included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016.

In March 2004, the Board also designated us to serve as the Company's Qualified Legal Compliance Committee, or QLCC, in accordance with SEC rules and regulations. In our capacity as the QLCC, we are responsible for handling reports of a material violation of the securities laws or a breach of a fiduciary duty by the Company, its officers, directors, employees, or agents. In our capacity as the QLCC, we have the authority and responsibility to inform the Company's Chief Executive Officer of any violations. We can determine whether an investigation is necessary and can take appropriate action to address these reports. If an investigation is deemed necessary or appropriate, we have the authority to notify the Board, initiate an investigation and retain outside experts.

We are composed solely of independent directors, as that term is defined in Rule 5605(a)(2) of the Nasdaq Rules, and as independence for audit committee members is defined in the Nasdaq Rules. None of the committee members is or has been an officer or employee of the Company or any of its subsidiaries or has engaged in any business transaction or has any business or family relationship with the Company or any of its subsidiaries or affiliates. Mr. Baker and Mr. Tellock have been designated by the Board as our financial experts.

The Company's management has the primary responsibility for the Company's consolidated financial statements and reporting process, including the systems of internal controls. The Company's outside auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. Our responsibility is to monitor and oversee these processes and to recommend annually to the Board of Directors the accountants to serve as the Company's outside auditors for the coming year.

We have implemented procedures to ensure that during the course of each year we devote the attention that we deem necessary or appropriate to fulfill our oversight responsibilities under our charter. To carry out our responsibilities, we met eight times during 2016.

In fulfilling our oversight responsibilities, we reviewed and discussed with management the audited consolidated financial statements to be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016, including a discussion of the quality (rather than just the acceptability) of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the consolidated financial statements.

We reviewed with the Company's independent registered public accounting firm during 2016, KPMG LLP, as to their judgments about the quality (rather than just the acceptability) of the Company's accounting principles. We discussed with KPMG LLP the matters required to be discussed pursuant to Public Company Accounting Oversight Board AS 16 (Communication With Audit Committees). In addition, we discussed with KPMG LLP their independence from management and the Company, and we received and discussed with KPMG LLP the written disclosures and the letter from KPMG LLP required by the Public Company Accounting Oversight Board regarding their communications with us regarding their independence. We also considered whether the provision of services during 2016 by KPMG LLP that were unrelated to their audit of the consolidated financial statements referred to above and to their reviews of the Company's interim consolidated financial statements during 2016 was compatible with maintaining KPMG LLP's independence with respect to the time it was performing services for the Company.

Additionally, we discussed with the Company's internal auditors and independent registered public accounting firm the overall scope and plan for their respective audits. We met with the independent registered public accounting firm,

with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

26

In reliance on the reviews and discussions referred to above, we recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016 for filing with the Securities and Exchange Commission.

TRANSACTIONS WITH RELATED PERSONS

The Company recognizes that transactions between the Company and any of its related persons (as such term is defined in Item 404(a) of Regulation S-K) can present potential or actual conflicts of interest or create the appearance that Company decisions are based on considerations other than the best interests of the Company and its shareholders. Therefore, as a general matter, it is the Company's preference to avoid such transactions. Nevertheless, the Company recognizes that there are situations where such transactions may be in, or may not be inconsistent with, the best interests of the Company. Therefore, the Company has adopted a written policy with respect to related person transactions which requires either the Company's Audit Committee or the Company's Compensation Committee to review and, if appropriate, to approve or ratify any such transactions. Pursuant to the Company's written policy, any transaction in which the Company is or will be a participant and the amount involved exceeds \$120,000, and in which any of the Company's related persons had, has or will have a direct or indirect material interest, must be reviewed, and if appropriate, approved or ratified by either the Audit Committee or the Compensation Committee.

STOCK OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information known to us with respect to beneficial ownership of Company's Common Stock as of February 17, 2017, by the following individuals or groups:

- each of our current directors, nominees for director, and Named Executive Officers individually;
- all our directors and executive officers as a group; and
- each person (or group of affiliated persons) known by us to own beneficially more than 5% of our outstanding common stock.

The percentage of beneficial ownership of common stock is based on 23,046,049 shares deemed outstanding as of February 17, 2017. In preparing the following table, we relied upon statements filed with the SEC by beneficial owners of more than 5% of the outstanding shares of our common stock pursuant to Section 13(d) or 13(g) of the Exchange Act, unless we knew or had reason to believe that the information contained in such statements was not complete or accurate, in which case we relied upon information that we considered to be accurate and complete. We have determined beneficial ownership in accordance with the rules of the SEC. Except as otherwise indicated, we believe, based on information furnished to us, that the beneficial owners of the common stock listed below have sole voting power and investment power with respect to the shares beneficially owned by them, subject to applicable

community property laws.

The Company undertakes to deliver promptly upon request a separate copy of the proxy statement and/or annual report or notice of availability of these materials to a shareholder at a shared address to which a single copy of these documents was delivered. If you hold shares of Common Stock as a registered shareholder and prefer to receive separate copies of a proxy statement or annual report or notice of availability either now or in the future, please send a written request to the Corporate Secretary, Astec Industries, Inc. at 1725 Shepherd Road, Chattanooga, Tennessee 37421.
