Item 2.02. Results of Operations and Financial Condition.

On December 22, 2004, United States Cellular Corporation (U.S. Cellular) issued a news release announcing a restatement of certain financial information previously reported for the third quarter of 2004, as discussed in Item 4.02(a) below. A copy of the news release is attached hereto as Exhibit 99.1.

The information in this Item 2.02 of this Current Report on Form 8-K is being furnished and shall not be deemed filed for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that Section.

Item 4.02(a). Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

Edgar Filing: UNITED STATES CELLULAR CORP - Form 8-K

Based on the recommendation of management, on December 22, 2004, the audit committee of U.S. Cellular determined that the Consolidated Statements of Cash Flows included in the Quarterly Report on Form 10-Q for the period ended September 30, 2004 should be restated to correct the classification of approximately \$68.1 million of accreted interest paid on the redemption of U.S. Cellular's Liquid Yield Option Notes (LYONs). As a result, U.S. Cellular intends to file an amended Form 10-Q to restate the Consolidated Statements of Cash Flows for the nine months ended September 30, 2004. The restatement will reclassify the accreted interest portion of the LYONs that were redeemed in July 2004 from Cash Flows From Financing Activities to Cash Flows From Operating Activities. This restatement will have no effect on U.S. Cellular's Net increase (decrease) in cash and cash equivalents for the nine months ended September 30, 2004, and will only change the classification of cash flow items. The restatement of the Consolidated Statements of Cash Flows will have no impact on revenues, expenses, net income, earnings per share, or any balance sheet items. The following table shows the effect of the reclassification on the affected captions of the Consolidated Statements of Cash Flows.

(Dollars in thousands)

Nine Months Ended September 30, 2004

<u>Caption of Consolidated Statements of Cash Flows</u>	<u>As Previously Reported</u>	<u>Reclassification</u>	<u>As Restated</u>
Cash Flows from Operating Activities	\$ 383,814	\$ (68,056)	\$ 315,758
Cash Flows from Financing Activities	(47,417)	68,056	20,639
Net Increase (Decrease) in Cash and Cash Equivalents	\$ 20,869	\$ 0	\$ 20,869

The restatement of the Form 10-Q triggers a default under the revolving credit agreement between U.S. Cellular and certain lenders and under certain monetization agreements between subsidiaries of U.S. Cellular and a counterparty. However, U.S. Cellular was not in violation of any financial covenants. U.S. Cellular did not fail to make any scheduled payment of principal or interest under such revolving credit agreement or monetization agreements. U.S. Cellular has received waivers from the lenders

associated with the revolving credit agreements and from the counterparty to the monetization agreements, under which the lenders and the counterparty agreed to waive any defaults that may have occurred as a result of the restatement.

Management and the audit committee of U.S. Cellular have discussed the matters disclosed in this filing with PricewaterhouseCoopers LLP, U.S. Cellular's independent accountants.

As a result of the foregoing, on December 22, 2004, the audit committee of U.S. Cellular concluded that the financial statements included in the Quarterly Report on Form 10-Q for the period ended September 30, 2004 should not be relied upon. U.S. Cellular intends to file the amendment to the Form 10-Q for the period ended September 30, 2004 as soon as practically possible.
