

Exchange Act. o

Item 2.01. Completion of Acquisition or Disposition of Assets.

On December 14, 2018, Merit Medical Systems, Inc. ("Merit") entered into, and closed the transaction contemplated by, an Asset Purchase Agreement (the "Agreement") by and among Merit, Vascular Insights, LLC ("VI") and VI Management, Inc. ("Management" and, collectively with VI, the "Sellers"), pursuant to which Merit acquired substantially all of the assets of the Sellers (the "Acquisition"). The assets acquired in the Acquisition included, among other things, the ClariVein®IC system and the ClariVein®OC system (collectively, the "Systems"), which are specialty infusion and occlusion catheter systems with rotating wire tips designed for the controlled 360-degree dispersion of physician-specified agents to the targeted treatment area.

As consideration for the assets of Sellers, Merit paid to VI an aggregate amount of \$40,000,000 at closing of the Acquisition (the "Cash Purchase Price"), \$4,000,000 of which was deposited into an escrow account to secure certain indemnification obligations of Sellers. The Cash Purchase Price was subject to increase or decrease based on the amount of inventory held by Sellers at closing of the Acquisition. In addition to the Cash Purchase Price, Merit agreed to make certain contingent payments, subject to off-set for customary indemnification obligations, to VI as follows:

- Up to an additional \$10,000,000 if net sales of the Systems exceed \$15,000,000 on or prior to December 31, 2023; and
- Up to an additional \$10,000,000 if net sales of the Systems exceed \$20,000,000 on or prior to December 31, 2023.

The Agreement contains customary representations and warranties that survive the closing of the Acquisition for twelve (12) months, with certain exceptions, as well as customary indemnification provisions and covenants.

The foregoing summary of the principal terms of the Agreement is not complete and is qualified in its entirety by the actual terms and conditions of that agreement, a copy of which Merit intends to file in a future filing with the U.S. Securities & Exchange Commission (the "Commission"). The representations, warranties, and other terms contained in the Agreement were made solely for the purposes of such agreement and as of specified dates, were solely for the benefit of the parties to that agreement, and may be subject to limitations agreed upon by the contracting parties. Those representations and warranties may have been made for the purposes of allocating contractual risk between the parties to the Agreement instead of establishing these matters as facts, and may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to investors. Investors are not third-party beneficiaries under the Agreement and should not rely on the representations, warranties and covenants or any descriptions thereof as characterizations of the actual state of facts or condition of Merit, the Sellers or any of their respective subsidiaries or affiliates. Accordingly, investors should not rely on the representations and warranties as characterizations of the actual state of facts, since (i) they were made only as of the date of the Agreement or prior, specified dates, (ii) in some cases they are subject to qualifications with respect to materiality, knowledge and/or other matters, and (iii) they may be modified in important part by the underlying exhibits and schedules.
