### MIAMI INTERNATIONAL COMMERCE CENTER Notes to Combined Statements of Certain Revenues and Certain Operating Expenses

#### 1. Background and Basis for Presentation

The accompanying combined statements of certain revenues and certain operating expenses consist of the accounts of the Miami International Commerce Center located in Florida and acquired by PS Business Parks, Inc. ( "PSB" ), through its operating partnership, PS Business Parks, L.P. (PSB and PS Business Parks, L.P. are collectively referred to as the "Company" ), on December 30, 2003 for approximately \$206 million (including closing costs). The statements have been prepared in order to comply with Rule 3-14 of Regulation S-X, Special instructions for real estate operations to be acquired and are prepared on the accrual basis of accounting.

The following table summarizes the property acquired:

Name and Location	Seller	Property Type
Miami International Commerce Center, Miami, Florida	MICC Venture	Industrial, Office, and Retail

The combined statements of certain revenues and certain operating expenses include only the accounts and activities of the operating properties that comprise Miami International Commerce Center. Items that are not comparable to the future operations of the Miami International Commerce Center have been excluded. Such items include depreciation, amortization, management fees, interest expense, and straight line rent adjustments.

## 2. Summary of Significant Accounting Policies

### *Revenue Recognition*

The Miami International Commerce Center leases space to tenants for which they charge minimum rents and receive reimbursement for certain operating expenses. The leases are accounted for as operating leases and are non-cancelable with varying terms and expiration dates. Recoveries from tenants are recognized as income in the period the applicable costs are accrued.

### *Certain Operating Expenses*

Certain operating expenses include costs paid or incurred by the owners for maintaining, operating, and repairing the operating properties. This includes utilities, repairs and maintenance, and real estate taxes.

---

## MIAMI INTERNATIONAL COMMERCE CENTER Notes to Combined Statements of Certain Revenues and Certain Operating Expenses

### *Use of Estimates*

The preparation of the statements of certain revenues and certain operating expenses in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the statements of certain revenues and certain operating expenses and accompanying notes. Actual results could differ from those estimates.

### *Interim Statements*

The interim financial data for the nine months ended September 30, 2003 is unaudited; however, in the opinion of the management of the Company, the interim data includes all adjustments, consisting only of normal recurring adjustments, necessary for a fair statement of the results for the interim period. The results for the period presented are not necessarily indicative of the results for the full year.

## Item 7 (b) PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

The following unaudited pro forma consolidated financial statements were prepared to reflect the acquisition of real estate facilities by PS Business Parks, Inc. ( "PSB" ), through its operating partnership, PS Business Parks, L.P. (PSB and PS Business Parks, L.P. are collectively referred to as the "Company" ).

The Company acquired a business park consisting of 53 buildings (including two pad sites), with 3.35 million net rentable square feet, known as Miami International Commerce Center on December 30, 2003 at an aggregate purchase price of approximately \$206 million (including closing costs). The Company is not affiliated with the seller and the purchase price was established through arm's length negotiations. The acquisitions were funded with the Company's existing cash balances, borrowings of \$95 million from its unsecured line of credit with Wells Fargo Bank, and borrowings from an affiliate, Public Storage, of \$100 million.

The pro forma consolidated balance sheet at September 30, 2003 gives effect to the acquisition of the Miami International Commerce Center as if it had occurred on September 30, 2003.

The pro forma consolidated statements of income for the nine months ended September 30, 2003 and the year ended December 31, 2002 have been prepared assuming the aforementioned acquisition of commercial properties occurred at the beginning of the periods presented. The results of operations are based on historical operating results.

The pro forma adjustments are based upon available information and upon certain assumptions as set forth in the notes to the pro forma consolidated financial statements that the Company believes are reasonable in the circumstances. The pro forma consolidated financial statements and accompanying notes should be read in conjunction with the historical financial statements of the Company and other documents filed with the Securities and Exchange Commission (such as Form 8-K's which reference property acquisitions) from time to time. The following pro forma consolidated financial statements do not purport to represent what the Company's results of operations would actually have been if the transaction had in fact occurred on the dates or at the beginning of the periods indicated or to project the Company's results of operations for any

future date or period.
