**PRESS RELEASE**

**Magic Signs Official Distribution Agreement with Valorista, a Leading Spanish Software Vendor and an Affiliate Member of the Asseco Group**

**Agreement will Strengthen Magic's Regional Presence and will Enhance Valorista's Software Offering**

**Or Yehuda, Israel, April 03, 2012** Magic Software Enterprises Ltd. (NASDAQ: MGIC), a global provider of mobile and cloud-enabled application and business integration platforms, announced today that it has signed an official distribution agreement with Valorista, a leading Spanish-based wholesale software vendor, which is one of the Asseco South Western Europe group of companies.

This agreement follows the recent distribution agreement signed by Magic with Asseco Poland, a subsidiary of the Asseco Group, Magic's controlling shareholder and one of Europe's largest and most influential software vendors.

Valorista operates in Spain as a subsidiary of Asseco Wholesale Services, working with specialized partners in the IT industry, such as engineering companies, business and IT consultants, computer retail stores, system integrators, and more. Magic's application and business integration platforms ideally complement Valorista's offering for the IT channel, providing its dealers with new strategic tools to respond effectively to market demands for efficient development, deployment, and integration of business applications.

Commenting on the agreement, Eric Choppe, Managing Director of Magic Software Southern Europe, said: "This is an important step forward, as we pursue our effort to provide better and more direct support to our existing customer base in Spain, and everywhere we operate. We aim to leverage Valorista's strong experience of the Spanish market to substantially expand our local presence in response to the growing demand for high-end development and integration solutions. This agreement also further strengthens our relationship with the Asseco Group, which provides Magic with an important gateway into many markets throughout Europe."

Fernando Puente, Valorista Sales Manager, said: "This agreement will enable Valorista to further enrich and diversify our comprehensive portfolio of value-added solutions for the IT Channel, as well as differentiating our offer from our competitors."
