INDEPENDENT ACCOUNTANTS' REPORT

TO THE PARTICIPANTS AND
PLAN ADMINISTRATOR OF THE

NETWORK ASSOCIATES, INC.
TAX DEFERRED SAVINGS PLAN

We have audited the financial statements of the Network Associates, Inc. Tax Deferred Savings Plan (the Plan) as of December 31, 2001 and 2000, and for the years then ended, as listed in the accompanying table of contents. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Plan's management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2001 and 2000, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NETWORK ASSOCIATES, INC.
TAX DEFERRED SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2001 AND 2000

NOTE 1 - THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

GENERAL - The following description of the Network Associates, Inc. Tax Deferred Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. If a conflict exists between this document and the provisions of the Plan document, the Plan document will govern.

The Plan is a defined contribution plan that was established effective as of September 15, 1988 by Network Associates, Inc. (the Company) to provide benefits to eligible employees, as defined in the Plan document.

Effective January 1, 2001, the Plan was amended to change the eligibility requirements for matching contributions, the rate of matching contributions and the vesting provisions of the Plan. The matching contributions and profit sharing contributions, if any, to eligible employees of the Company on or after January 1, 2001 are 100% vested. The Plan was also amended to comply with recent changes to the relevant provisions of the Internal Revenue Code.

The Plan administrator believes that the Plan is currently designed and operated

Edgar Filing: NETWORKS ASSOCIATES INC/ - Form 11-K

in compliance with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

ADMINISTRATION - The Company has appointed an Administrative Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with Fidelity Management Trust Company (Fidelity) to act as the trustee and an affiliate of Fidelity to provide certain administrative and recordkeeping services for the Plan. Substantially all expenses incurred for administering the Plan are paid by the Company.

ESTIMATES - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

BASIS OF ACCOUNTING - The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

4

INVESTMENTS - Investments of the Plan are held by Fidelity and invested based solely upon instructions received from participants. The Plan is intended to qualify as a Section 404(c) Plan under ERISA. The Network Associates Unitized Stock Fund (NAI Stock Fund) consists primarily of Company common stock, as well as a small percentage of cash or other short-term liquid investments maintained to provide liquidity for participant transactions such as loans or withdrawals.

The Plan's investments in mutual funds are valued at fair value as of the last day of the Plan year, as measured by quoted market prices. The Plan's investment in the NAI Stock Fund is valued at the closing stock price as of December 31, 2001 of the Company stock plus the market value of the liquid investments included in the NAI Stock Fund. Participant loans are valued at cost, which approximates fair value.

CASH AND CASH EQUIVALENTS - All highly liquid investments purchased with an original maturity of three months or less (generally money market funds) are considered to be cash equivalents. These investments are usually held for a short period of time, pending long-term investment.

INCOME TAXES - The Plan has received its latest favorable determination letter dated September 10, 2001. The Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Internal Revenue Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 - The differences between the information reported in the financial statements and the information reported in the Form 5500 arise primarily from presenting the financial statements on the accrual basis of accounting.

RISKS AND UNCERTAINTIES - The Plan provides for various investment options in any combination of mutual funds, stocks, bonds, fixed income securities and other investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the

Edgar Filing: NETWORKS ASSOCIATES INC/ - Form 11-K

statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTE 2 - RELATED PARTY TRANSACTIONS

Certain Plan investments in mutual funds are managed by Fidelity. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

5

NOTE 3 - PARTICIPATION AND BENEFITS

PARTICIPANT CONTRIBUTIONS - Participants may elect to have the Company contribute from 1% to 15% of their eligible pre-tax compensation not to exceed the amount allowable under current income tax regulations. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Participants also may contribute from 1% to 12.5% of compensation to the Plan on an after-tax basis. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's PROVISIONS.

EMPLOYER CONTRIBUTIONS - The Company is allowed to make matching contributions as defined in the Plan and as approved by the Board of Directors. In 2001, the Company matched the first 2% of each participant's tax deferred contribution \$1.00 for \$1.00 and remaining contributions were matched \$.50 for each \$1.00 up to maximum of 4% of the participant's tax deferred contribution, not to exceed \$4,000. The Plan also allows for a discretionary profit sharing contribution. No discretionary contribution has been made for the years ended December 31, 2001 and 2000.

VESTING - Effective January 1, 2001, participants are 100% vested in their account at all times.

PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's contribution, Plan earnings or losses and an allocation of the Company's contribution. Allocation of the Company's matching contribution is based on participant contributions, as defined in the Plan.

PAYMENT OF BENEFITS - Upon termination of employment, the participant or beneficiary will receive the benefits in a lump sum amount equal to the value of the participant's interest in his or her account. The Plan allows for automatic lump sum distribution of participant account balances that do not exceed \$5,000.

LOANS TO PARTICIPANTS - The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the participant's vested balance. Such loans bear interest at the prime rate plus 2% and must be repaid to the Plan within a five-year period, unless the loan is used for the purchase of a principal residence in which case the maximum repayment period cannot exceed fifteen years. The specific terms and conditions of such loans are established by the Committee. Outstanding loans at December 31, 2001 carry interest rates which range from 7.8% to 9.5%.
