PROXY STATEMENT

April 2, 2002

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of the Company of proxies representing the common stock of the Company (the Common Stock) to be voted at the Annual Meeting of Shareholders of the Company to be held on May 9, 2002, and at any adjournment thereof. This Proxy Statement and accompanying proxy card are being mailed to shareholders on or about April 2, 2002.

A form of proxy is enclosed for your use. The Company will acknowledge revocation of any proxy upon request of the record holder made in person or in writing prior to the exercise of the proxy, or upon receipt of a valid proxy bearing a later date. Delivery of a revocation or valid proxy bearing a later date shall be made to the Corporate Secretary of the Company. If a shareholder executes two or more proxies with respect to the same shares, the proxy bearing the most recent date will be honored if otherwise valid. All shares represented by valid proxies will be voted at the Annual Meeting. Where a shareholder specifies by means of the proxy a choice with respect to any matter to be acted upon, his or her shares will be voted in accordance with each specification so made.

The entire cost of soliciting proxies will be paid by the Company. In following up the original mail solicitation of proxies, the Company will make arrangements with brokerage houses and other custodians, nominees, and fiduciaries to send proxies and proxy materials to the beneficial owners of Common Stock and will reimburse them for their expenses in so doing. Under an agreement with the Company, Morrow & Co. will assist in obtaining proxies from certain larger and other shareholders at an estimated cost of \$5,500 plus certain expenses.

The total number of shares of Common Stock outstanding at the close of business on March 12, 2002 (the Record Date), the Record Date for the determination of shareholders entitled to notice of and to vote at the Annual Meeting, was 32,745,142. Only holders of Common Stock on the Record Date are entitled to notice of and to vote at the Annual Meeting. The Company will appoint either one or three inspectors of election in advance of the meeting to tabulate votes, to ascertain whether a quorum is present, and to determine the voting results on all matters presented to shareholders. A majority of all shares of Common Stock entitled to vote, represented in person or by proxy, constitutes a quorum. Abstentions and broker non-votes are each included in the determination of the number of shares present; however, they are not counted for the purpose of determining the election of each nominee for director, for approval of the 2002 Stock Incentive Plan, or for approval of the Amended and Restated Management Incentive Plan.

Each share of Common Stock is entitled to one vote. Shareholders have cumulative voting rights with respect to the election of directors, if certain conditions are met. Any shareholder otherwise entitled to vote may cumulate his or her votes for a candidate or candidates placed in nomination at the meeting if, prior to the voting, he or she has given notice at the meeting that he or she intends to cumulate his or her votes. A shareholder electing to cumulate his or her votes may cast as many votes as there are directors to be elected, multiplied by the number of shares of Common Stock standing in his or her name

Table of Contents

on the books of the Company at the close of business on the Record Date. A shareholder may cast all of his or her votes for one candidate or allocate them among two or more candidates in any manner he or she chooses. If any one shareholder has given such notice, all shareholders may cumulate their votes for candidates in nomination.

The persons named in the proxies solicited by the Board of Directors, unless otherwise instructed, intend to vote the shares represented by such proxies:

FOR approval of the 2002 Stock Incentive Plan;

FOR approval of the Amended and Restated Management Incentive Plan; and

In the case of the election of directors, equally FOR each of the 11 candidates for director named in this Proxy Statement. HOWEVER, if sufficient numbers of shareholders exercise cumulative voting rights to elect one or more other candidates, the management proxies will (i) determine the number of directors they are entitled to elect, (ii) select such number from among the named candidates, (iii) cumulate their votes, and (iv) cast their votes for each candidate among the number they are entitled to elect.

ELECTION OF DIRECTORS
(Item 1 on the Proxy Card)

The 11 nominees for director receiving the highest number of votes will be elected to serve until the next Annual Meeting.

Legal Proceedings

On July 19, 1999, Southern Union Company filed a complaint in the U.S. District Court for the District of Arizona (Case No. CIV-99-1294 PHX (ROS)), as amended on October 11, 1999, and July 25, 2000, asserting a variety of claims against the Company and certain of its officers and directors arising out of the failed acquisition of the Company by ONEOK, Inc. and the Company's rejection of competing offers from Southern Union. The Court has dismissed a number of Southern Union's claims. The only claim remaining against an officer or director of the Company is Southern Union's claim that Mr. Maffie fraudulently induced Southern Union to enter into a confidentiality and standstill agreement. The Court has ruled that damages for this claim and the remaining claims against the Company are limited to Southern Union's out-of-pocket expenses and any punitive damages it can prove.

GENERAL INFORMATION

Board of Directors

The Board of Directors is responsible for the overall affairs of the Company and for establishing broad corporate policies.

Regular meetings of the Board of Directors are scheduled for the third Tuesdays of January, July, September, and November; the first Tuesday of March; and the second Wednesday of May. An organizational meeting is also held immediately following the Annual Meeting of Shareholders. The Board of Directors held six regular meetings, one special meeting (which was telephonic), and one organizational meeting in 2001. Each incumbent director attended more than 75 percent of the meetings of the Board of Directors and committees on which he or she served during 2001.

Directors Compensation

Outside directors receive an annual retainer of \$24,000, plus \$1,250 for each Board of Directors or committee meeting attended and for any additional day of service committed to the Company. Committee chairpersons receive an additional \$1,000 for each committee meeting attended. The Chairman of the Board of Directors receives an additional \$50,000 annually for serving in that capacity. Directors who are full-time employees of the Company or its subsidiaries receive no additional compensation for serving on the Board of Directors.

Each outside director received on May 10, 2001, options to purchase 2,000 shares of the Company's Common Stock under the provisions of the 1996 Option Plan. The purchase price for the options is the market price of the Common Stock on the date of grant. The options will become exercisable in increments, over three years, commencing with the first anniversary of the grant. Additional options to purchase 2,000 shares of Common Stock will be granted to each outside director on the date of each Annual Meeting of Shareholders during the 10-year term of the 1996 Option Plan. If the 2002 Stock Incentive Plan (2002 Option Plan) is approved at this year's Annual Meeting, the total number of options each outside director will receive annually under both plans will be limited to 3,000 shares of Common Stock during the 10-year term of the 2002 Option Plan. All options granted to the outside directors will expire 10 years after the date of each grant.

Outside directors may defer their compensation until retirement or termination of their status as directors. Any cash received through the cancellation of outstanding options as a result of a change in control of the Company may also be deferred. Amounts deferred bear interest at 150% of the Moody's Seasoned Corporate Bond Rate. At retirement or termination, such deferrals will be paid out over 5, 10, 15, or 20 years and be credited with interest at 150% of the Moody's Composite Bond Rate.

The Company also provides a retirement plan for its outside directors. With a minimum of 10 years of service, an outside director can retire and receive a benefit equal to the annual retainer, at retirement, for serving on the Company's Board. Directors who retire before age 65, after satisfying the minimum service obligation, will receive retirement benefits upon reaching age 65.

Committees of the Board

In order to assist it in discharging its duties, the Board of Directors has established six permanent committees. The committees consist of Executive, Audit, Compensation, Finance, Nominating, and Pension Plan Investment.

The Executive Committee meets, if necessary, to consider corporate policy matters requiring timely action and recommend other matters for consideration and action by the

Table of Contents

The committee is also responsible for the executive compensation report and related disclosures contained in this Proxy Statement. The Compensation Committee consists of directors Judd (Chairman), Cortez, Hartley, Kropid and Wright.

The Finance Committee reviews and makes recommendations to the Board of Directors regarding the financial policies, plans, and procedures for the Company and the financial implications of proposed corporate actions. Its responsibilities include reviewing strategies and recommendations with respect to financing programs, dividend reinvestment and stock purchase programs, and capital structure goals. The Finance Committee consists of directors Sparks (Chairperson), Biehl, Feldman, Gunning, and Jager.

The Nominating Committee makes recommendations to the Board of Directors regarding nominees to be proposed by the Board of Directors for election as directors, evaluates the size and composition of the Board of Directors, and establishes the criteria for the selection of directors. In considering candidates for the Board of Directors, the Nominating Committee seeks to achieve an appropriate balance of expertise and diversity of interests, recognizing factors such as the character and quality of individuals, experience, age, education, geographic location, anticipated participation in activities of the Board of Directors, and other personal attributes or special talents. The Nominating Committee will consider written suggestions from shareholders regarding potential nominees for election as directors. To be considered by the Nominating Committee for inclusion in the slate of nominees to be proposed by the Board of Directors, such suggestions should be addressed to the Company's Corporate Secretary. The Nominating Committee also is responsible for recommending Board of Directors committee assignments. The Nominating Committee consists of directors Wright (Chairman), Gunning, Hartley, and Judd.

The Pension Plan Investment Committee establishes, monitors, and oversees, on a continuing basis, asset investment policy and practices for the retirement plan. The Pension Plan Investment Committee consists of directors Jager (Chairman), Biehl, Cortez, Feldman, Kropid, and Sparks.

The Board of Directors has created a committee of independent directors (directors who have not at any time during the past three years been an officer or employee of the Company or any of its subsidiaries) to periodically (at least once every three years) review the Shareholder Rights Plan to assess its continued viability and to make recommendations to the Board on whether the plan should be modified or redeemed. In connection with this change to the plan, the Board also amended the Company's bylaws to require that a majority of future directors satisfy this same level of independence. This action was taken in response to the shareholders' recommendation regarding the plan made at last year's Annual Meeting of Shareholders.

During 2001, the Executive Committee held one meeting, the Audit Committee held three meetings, the Compensation Committee held three meetings, the Finance Committee held one meeting, the Nominating Committee held three meetings, and the Pension Plan Investment Committee held four meetings.

EXECUTIVE COMPENSATION AND BENEFITS

Executive Compensation Report

The Compensation Committee of the Board of Directors (the Committee) administers the Company's executive compensation program. Under the supervision of the Committee, the Company has developed and implemented an executive compensation program designed to satisfy the following objectives:

reasonableness;

competitiveness;

internal equity; and

performance.

These objectives are addressed through industry-based compensation comparisons and incentive plans that focus on specific annual and long-term Company financial and productivity performance goals.

Base Compensation. The nature of the Company's operation has historically led to the use of compensation systems widely used in industry, weighted for utility companies, and accepted by various utility regulatory agencies. Companies of comparable size, used to establish the peer group index for the Performance Graph, were factored into the compensation review. Other utility and general industry surveys were also used to assess the Company's compensation program. Continued use of such systems is designed to address the first three compensation objectives. A range of salaries that are comparable with industry levels provides an objective standard to judge the reasonableness of the Company's salaries, maintains the Company's ability to compete for and retain qualified executive officers, and provides a means for ensuring that responsibilities are properly rewarded. Salaries for the Company's executives are set relative to the midpoint levels for their positions based on this industry comparison. Compensation above these levels is tied to achieving specific financial and productivity performance goals.

Performance-Based Compensation. The fourth objective of the Company's compensation program, performance, is addressed through the Company's Management Incentive Plan (the MIP) and option plans (the 1996 Option Plan and, if adopted, the 2002 Stock Incentive Plan, collectively referred to as the Option Plans), collectively referred to as the Incentive Plans. The Incentive Plans are designed to retain key management employees and to focus on specific annual and long-term Company financial and productivity performance goals. Financial, productivity, and customer satisfaction factors are incorporated in the MIP, while the Option Plans are designed to enable executives to benefit from increases in the price of the Company's Common Stock thereby aligning their economic interests with those of the Company's shareholders.

Under the MIP, an incentive opportunity, expressed as a percentage of salary, is established annually for each executive officer. The maximum award opportunities cannot exceed 140% of the targeted awards for meeting the performance goals. Awards under the MIP are determined based on the Company's annual return-on-equity performance, customer-to-employee ratios, and customer service satisfaction targets. The financial performance factors used to make this determination involve the average of the Company's return-on-equity performance over the last three years (which is weighted and adjusted for

Table of Contents

inflation) and the Company's current utility return-on-equity performance in comparison to a peer group of natural gas distribution companies. The productivity performance factors used to make this determination involve an absolute target of Company customer-to-employee ratio, actual customer-to-employee ratio in comparison to a peer group of natural gas distribution companies, and customer service satisfaction experienced throughout the Company's operating divisions as measured by an independent outside entity. Each of the five factors is equally weighted. If the threshold percentage for any factor is achieved, a percentage of annual performance awards will have been earned. While the financial factors incorporated in the MIP are significant to shareholder interests, customer satisfaction and productivity factors are significant to customer interests. In prior regulatory proceedings, the Company's regulatory commissions have insisted that these customer factors be included in the MIP in order to recover the cost of the program in the Company's natural gas rates. Regardless of whether such awards are earned, no awards will be paid unless the Common Stock dividend paid by the Company equals or exceeds the prior year's dividend.

If annual performance awards are earned and payable, payment of the awards will be subject to a possible downward adjustment depending upon satisfaction of individual performance goals. The Committee will make such a determination for the Company's chief executive officer's individual performance, who, in turn, will make a like determination for the other executive officers. Further, the annual awards will be split, with 40 percent paid in cash and the remaining 60 percent converted into performance shares tied to the value of the Company's Common Stock on the date of the awards. The performance shares will be restricted for three years and the ultimate payout in Company Common Stock will be subject to continued employment.

The Company's performance during 2001 exceeded the threshold for the financial performance factor involving the average of its return-on-equity performance over the last three years and the targets for the three productivity factors were exceeded.

Grants under the Option Plans were provided to the Company's executive officers during 2001. The options granted were not based upon a predetermined formula, but rather on the Committee's judgment as to the individual's anticipated contribution to the future success of the Company. Information on options granted to the named executive officers in 2001 is set forth under the caption, "Executive Compensation and Benefits - Option/SARs Granted in 2001."

CEO Compensation. Compensation paid to Mr. Maffie, as president and chief executive officer for 2001, consisted of his base salary and performance award under the MIP. Mr. Maffie's base salary normally is set relative to the midpoint level for salaries paid to chief executive officers of comparable companies, taking into consideration the length of service in his current position. Mr. Maffie received an increase in base salary equal to 5.5%, effective July 16, 2001. Mr. Maffie's performance award under the MIP totaled \$640,329 and represented the Company's overall performance in relation to the established performance goals. Mr. Maffie's targeted performance award for 2001 was set equal to \$667,000 or 115% of his base salary for 2001, with the award ranging from 14.8% to 140% of his target. Based on the Company's overall 2001 performance in relation to the established goals, Mr. Maffie earned 96% of his targeted award under the MIP, with 40% being paid in cash and 60% in performance shares.

Deductibility of Compensation. The Company's executive compensation program is being administered to maintain the tax deductibility of all compensation paid to the named

Table of Contents

executive officers pursuant to Section 162(m) of the Internal Revenue Code (the Code). Section 162(m) of the Code provides that compensation paid to the officers in excess of \$1,000,000 cannot be deducted by the Company for federal income tax purposes unless, in general, such compensation is performance based, is established by an independent committee of directors, is objective, and the plan or agreement providing for such performance-based compensation has been approved in advance by shareholders or is otherwise exempt from such limitation. The Incentive Plans were designed to satisfy these requirements and management believes that the compensation provided under these plans should be deductible. In the future, however, the Company may pay compensation that is nondeductible in limited circumstances if sound management of the Company so requires.

The Committee believes that the compensation program addresses the Company's compensation objectives, enhances the commitment of key management employees, and strengthens long-term shareholder value.

- (1) All compensation reflected in the Summary Compensation Table is reported on an earned basis for each fiscal year.
- (2) MIP awards accrued for calendar years 1999, 2000, and 2001 were paid in cash and performance shares in 2000, 2001, and 2002, respectively.
- (3) Dividends equal to the dividends paid on the Company's Common Stock will be paid on the performance shares awarded under the long-term component of the MIP during the restriction period.
- (4) The total number of performance shares granted in 1999, 2000, and 2001, for calendar years 1998, 1999, and 2000, and their value based on the market price of Company Common Stock at December 31, 2001, for the other named executive officers are as follows:

	Shares	Value
Mr. Maffie	54,169	\$ 1,210,677
Mr. Biehl	18,011	402,546

Edgar Filing: SOUTHWEST GAS CORP - Form DEF 14A

Mr. Kane	14,671	327,897
Mr. Sondeno	12,836	286,885

- (5) The amounts shown in this column for each year consist of above-market interest on deferred compensation (in excess of 120% of the Applicable Federal Long-term Rate) and matching contributions under the Company's executive deferral plan. Under the plan, executive officers may defer up to 100% of their annual compensation for payment at retirement or at some other employment terminating event. The officers may also defer up to 100% of any cash paid (i) because of the cancellation of outstanding MIP performance shares and 1996 Option Plan options, and (ii) under the employment and change in control agreements resulting from a change in control of the Company. Interest on such deferrals is set at 150% of the Moody's Seasoned Corporate Bond Rate. As part of the plan, the Company provides matching contributions that parallel the contributions made under the Company's 401(k) plan, which is available to all Company employees, equal to one-half of the deferred amount, up to 6% of their annual salary. The breakdown of this compensation for each named executive officer is as follows:

	<u>Interest</u>	<u>Contributions</u>
Mr. Maffie	\$94,352	\$16,881
Mr. Biehl	35,659	7,875
Mr. Zub	40,074	7,022

Mr. Sondeno	30,603	5,982

Table of Contents**Options/ SARs Granted in 2001**

The following table sets forth the number of shares of the Company's Common Stock subject to options granted under the 1996 Option Plan to the named executive officers listed in the Summary Compensation Table during 2001, together with related information.

OPTION/ SAR GRANTS IN LAST FISCAL YEAR

Name	Individual Grants				Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term(2)	
	Number of Securities Underlying Options/SARs Granted (#)(1)	Percent of Total Options/SARs Granted to Employees in Fiscal Year	Exercise or Base Price (\$/Sh)	Expiration Date	5 percent	10 percent
	Michael O. Maffie	50,000	16.72	\$23.36	7/16/11	\$735,840

Dudley J. Sondeno	12,500	4.18	23.36	7/16/11	183,960	464,280

- (1) Forty percent (40%) of the options become exercisable one year after the grant. Thirty percent (30%) of the options become exercisable two years after the grant, with the remaining becoming exercisable on the third anniversary of the grant.
- (2) The 5% and 10% growth rates for the period ending July 16, 2011, which were determined in accordance with the rules of the SEC, illustrate that the potential future value of the granted options is linked to future increases in growth of the price of the Company's Common Stock. Because the exercise price for the options equals the market price of the Company's Common Stock on the date of the grant, there will be no gain to the named executive officers without an increase in the stock price. The 5% and 10% growth rates are for illustration only and are not intended to be predictive of future growth.

Benefit Plans

Southwest Gas Basic Retirement Plan. The named executive officers participate in the Company's non-contributory, defined benefit retirement plan, which is available to all employees of the Company and its subsidiaries. Benefits are based upon an employee's years of service, up to a maximum of 30 years, and the employee's highest five consecutive years salary, excluding bonuses, within the final 10 years of service.

- (1) Years of service beyond 30 years will not increase benefits under the basic retirement plan.
- (2) For 2002, the maximum annual compensation that can be considered in determining benefits under the Plan is \$200,000. For future years the maximum annual compensation will be adjusted to reflect changes in the cost of living as established by the Internal Revenue Service.

Compensation covered under the basic retirement plan is based on salary depicted in the Summary Compensation Table. As of December 31, 2001, the credited years of service towards retirement for the named executive officers shown in the Summary Compensation Table are as follows: Mr. Maffie, 23 years; Mr. Biehl, 16 years; Mr. Zub, 23 years; Mr. Kane, 24 years; and Mr. Sondeno, 22 years.

Amounts shown in the pension plan table are straight life annuity amounts notwithstanding the availability of joint survivorship benefit provisions. Benefits paid under the basic and supplemental retirement plans are not reduced by any Social Security benefits received.

Supplemental Retirement Plan. The named executive officers also participate in the Company's supplemental retirement plan. Such officers with 20 or more years of service may retire at age 55 or older (at age 65 with 10 years of service) and will receive benefits under the plan. Benefits from the plan, when added to benefits received under the basic retirement plan, will equal 60% of their highest 12-months of salary, as depicted in the

Table of Contents

Summary Compensation Table. For Mr. Maffie, compensation used to determine such benefits includes salary, cash bonuses, and the payment of restrictive stock awards depicted in the Summary Compensation Table. The cost to the Company for benefits under the supplemental retirement plan for any one of the named executive officers cannot be properly allocated or determined because of the overall plan assumptions and options available.

Severance and Change in Control Arrangements

In July 1998, the Company amended the existing employment agreements (Employment Agreements) with seven officers (including the named executive officers), and entered into change in control agreements (Change in Control Agreements) with its remaining officers. Two officers who originally had change in control agreements entered into employment agreements during 2000. The Employment Agreements generally provide for the payment, upon termination of employment by the Company without cause, as defined therein, of up to one and one-half years of total annual compensation (base salary, a predetermined level of incentive compensation and fringe benefits), and up to three years of total annual compensation for Mr. Maffie. The Employment Agreements for each officer, other than Mr. Maffie, further provide for the payment, upon the termination of employment for good reason, as defined therein, within two years following a change in control of the Company, of an amount equal to either two to two and one-half times their total annual compensation. Under such circumstances, Mr. Maffie would be entitled to a payment equal to three times his total annual compensation. The Change in Control Agreements for the remaining officers parallel the change in control provisions of the Employment Agreements, and provide that these officers would be entitled to an amount equal to two times their annual compensation. A Change in Control Event is generally defined to include an acquisition by one person (or group of persons) of at least 20 percent of the ownership of the Company, the replacement of the majority of the members of the incumbent Board of Directors (excluding replacement directors nominated by the incumbent Board), or mergers and similar transactions which result in a 50 percent change in ownership, subject to certain exceptions.

Restricted stock awards, stock options or stock appreciation rights would vest and become immediately exercisable upon a change in control. Benefits under the Supplemental Retirement Plan may also vest and/or accelerate as a result of a change in control. If any payment under these agreements would constitute a parachute payment subject to any excise tax under the Code, the Company would be responsible for payment of such tax. The terms of these agreements are for 24 months for each of the officers other than Mr. Maffie, whose agreement is for 36 months. Each of the agreements will be automatically extended annually for successive one-year periods, unless canceled by the Company.

financial reporting process. Arthur Andersen LLP (Andersen), the Company s independent public accountants, is responsible for performing an independent audit of the Company s financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The role and responsibilities of the Audit Committee are to monitor and oversee these processes as set forth in a written charter adopted by the Board. The Audit Committee reviews and assesses the adequacy of the Charter at least annually and recommends any changes to the Board for approval.

In fulfilling its responsibilities for 2001, the Audit Committee:

Reviewed and discussed the audited financial statements for the year ended December 31, 2001, with management and Andersen, the Company s independent public accountants;

Discussed with the independent public accountants the matters required to be discussed by the Statement on Auditing Standards, SAS No. 61; and

Received written disclosures and a letter from the independent public accountants regarding their independence as required by Independence Standards Board Standard No. 1, and discussed with the accountants their independence.

Based on the Audit Committee s reviews and discussions referred to above, the Audit Committee recommended that the Board of Directors include the audited financial statements in the Company s Annual Report on Form 10-K for the year ended December 31, 2001, filed with the SEC.

Independent Public Accountant Services and Fees

During and for the year ended December 31, 2001, Andersen provided the following audit, audit-related and other professional services for the Company. The services were as follows:

the audit of the annual financial statements included in the Company s Form 10-K and the reviews of unaudited quarterly financial statements included in the Company s Form 10-Qs;

the audit of the annual financial statements of the Company s employee benefit plans and other statutory audits;

consultation and comfort letters for various Securities and Exchange Commission (the SEC) filings.

consultation in connection with various tax and accounting matters; and

certain other professional services.

Table of Contents

The cost of providing these services during and for the year ended December 31, 2001, by specified categories, were as follows:

Audit Fees: \$330,400 These fees covered the audit of the Company's annual financial statements and reviews of its quarterly financial statements.

Audit-related Fees: \$189,529 These fees covered services traditionally performed by auditors including the audits of employee benefit plans, other statutory audits, Securities and Exchange Commission registration statement reviews and internal control reviews.

Financial Information Systems Design and Implementation Fees: None

All Other Fees: \$92,263 These fees covered income tax and Employee Retirement Income Security Act of 1974 compliance services.

The Audit Committee approved the audit and other professional services and considered the costs of all such services and what effect, if any, performance of the non-audit related professional services might have on the independence of the accountants.

Representatives of Andersen will be present at the Annual Meeting of Shareholders. They will have the opportunity to make statements, if they are so inclined, and will be available to respond to appropriate questions.

The Board of Directors customarily asks shareholders to ratify the Board's appointment of the Company's independent public accountants. In view of recent events affecting Andersen, the Audit Committee and the Board of Directors are assessing the re-appointment of Andersen for 2002. Developments regarding Andersen are being monitored and the possibility of engaging another accounting firm is being considered. If the decision is made to engage another accounting firm to become the Company's independent public accountants, it is anticipated that it would be one of the other "Big Five" accounting firms.

APPROVAL OF 2002 STOCK INCENTIVE PLAN

(Item 2 on the Proxy Card)

The Board of Directors Recommends a VOTE FOR this Proposal

Shareholders will be asked to approve the Southwest Gas Corporation 2002 Stock Incentive Plan (the "2002 Option Plan"), which was adopted by the Board of Directors on January 14, 2002. The purpose of the 2002 Option Plan is to promote the success of the Company and its subsidiaries by providing an additional means through the grant of options to purchase Company Common Stock to attract, retain, motivate and reward key employees (including officers, whether or not directors) of the Company and its related subsidiaries by providing incentives related to equity interests in and the financial performance of the Company. In addition, the 2002 Option Plan includes an automatic award feature to attract, motivate and retain experienced and knowledgeable outside directors through the grant of fixed nonqualified stock options. The affirmative vote of a simple majority of the shares represented at the Annual Meeting in person or by proxy is necessary to approve the 2002 Option Plan.

The 2002 Option Plan continues, with minor modifications, the 1996 Stock Incentive Plan approved by shareholders at the 1996 Annual Meeting. There are only 181,599 shares

Table of Contents

available for issuance to eligible employees and directors of the Company under the 1996 Stock Incentive Plan with up to 110,000 shares reserved for issuance to Non-Employee Directors. The material features of the 2002 Option Plan are summarized below. Capitalized terms used herein, but not otherwise defined have the meanings given to them in the 2002 Option Plan.

Administration. The 2002 Option Plan will be administered by the Board of Directors or one or more committees of the Board (the Committee), consisting of one or more directors or such number as may be required under applicable law. Each committee member in respect of his or her participation in any decision with respect to options intended to satisfy the requirements of Section 162(m) of the Code must satisfy the requirements of outside director status within the meaning of that section of the Code and the applicable exemption requirements under Rule 16b-3 of the Exchange Act. The Committee will have the authority to determine the specific terms and conditions of each grant, including, without limitation, the number of shares subject to each grant, the price to be paid for the shares and any other vesting criteria. The Committee will make all other determinations necessary or advisable for the administration of the 2002 Option Plan.

Eligibility. Any officer (whether or not a director) or key employee of the Company or its subsidiaries, as determined in the sole discretion of the Committee, is eligible to be granted options under the 2002 Option Plan. The 2002 Option Plan also provides that each director who is not an officer or employee of the Company or one of its subsidiaries (a Non-Employee Director) is automatically granted fixed nonqualified stock options described below (see Non-Employee Director Options).

Shares Available for Grants. The Committee determines the number of shares subject to each grant to an employee and the terms and conditions of such grant, including the price (if any) to be paid for the shares. The maximum number of shares of Common Stock which may be delivered pursuant to options granted during any calendar year to any employee may not exceed 100,000 shares. In addition, the maximum number of shares of Common Stock that may be delivered to Non-Employee Directors pursuant to fixed awards may not exceed 350,000 shares. The maximum number of shares that may be delivered under the 2002 Option Plan may not exceed 1,500,000 shares.

The Company estimates that all officers of the Company will be among those eligible to receive awards, subject to the discretion of the Committee to determine the particular individuals who, from time to time, will be selected to receive awards. The number of key employees of the Company and its Subsidiaries who will be eligible to receive awards has not been determined at this time. In addition, neither the employees who are to receive awards, nor the number of awards that will be granted to any employee or group of employees have been determined at this time.

Vesting and Option Periods. Except as may be provided in an applicable option agreement, no option granted under the 2002 Option Plan may be exercisable or may vest until at least six months after the initial Option Date, and once exercisable an option will remain exercisable until the expiration or earlier termination of the option. Each option made to an employee will expire on such date as is determined by the Committee, but not later than ten years after the Option Date. The Option Date is the date on which the option is granted, unless the Committee establishes a later date.

Transferability. The 2002 Option Plan provides, with limited exceptions, that rights or benefits under any option are not assignable or transferable except by will or the laws of

Table of Contents

descent and distribution, and that only the participant (or, if the participant has suffered a disability, his or her legal representative) may exercise the option during the participant's lifetime. The Committee, however, may permit options to be exercised by and paid to certain persons or entities related to the participant, including members of the participant's immediate family, trusts designed to benefit the participant's immediate family, or charitable institutions. Each permitted transfer is subject to satisfactory evidence that the transfer is being made essentially for estate and/or tax planning purposes. Notwithstanding the foregoing, Incentive Stock Options will be subject to any and all additional transfer restrictions under the Code.

Options That May Be Granted Under the 2002 Option Plan to Employees. An option is the right to purchase shares of Common Stock at a future date at a specified price (the Option Price). The Option Price is generally the closing price for a share of Common Stock (Fair Market Value) reported on the date of the grant.

An option granted to an employee may either be an incentive stock option, as defined in the Code, or a nonqualified stock option. An incentive stock option may not be granted to a person who owns more than 10% of the total combined voting power of all classes of stock of the Company and its subsidiaries unless the Option Price is at least 110% of the Fair Market Value of shares of Common Stock subject to the option and such option by its terms is not exercisable after expiration of five years from the date such option is granted. The aggregate Fair Market Value of shares of Common Stock (determined at the time the option is granted) for which incentive stock options may be first exercisable by an option holder during any calendar year under the 2002 Option Plan or any other plan of the Company or its subsidiaries may not exceed \$100,000.

Full payment for shares purchased on the exercise of any option must be made at the time of such exercise in (i) cash, (ii) subject to the Committee's approval, in shares of Common Stock having a Fair Market Value equal to the Option Price, or (iii) by notice and third party payment in such manner as may be authorized by the Committee. In addition, option holders may be permitted to offset or surrender stock or deliver already owned stock in satisfaction of applicable tax withholding requirements. No fewer than 100 shares may be purchased upon the exercise of an option, unless the employee holds options for less than 100 shares. In this event, the option must be exercised in full. Unless otherwise determined by the Committee, fractional share interests will not be paid in cash, but may be accumulated.

Adjustments; Acceleration. The 2002 Option Plan contains provisions relating to adjustments for changes in the Common Stock upon certain specified events. The number and kind of shares available under the 2002 Plan, as well as the number, kind and price of shares subject to outstanding options, are subject to adjustment in the event of a reorganization, merger, sale of assets, recapitalization, stock split, stock dividend, exchange offer or similar event.

The 2002 Option Plan also provides for full vesting and acceleration of options (subject to certain limitations) in the event of a Change in Control Event affecting the Company. The Committee, however, prior to the Change in Control Event, may determine that there will be no such acceleration of benefits. A Change in Control Event is generally defined to include an acquisition by one person (or group of persons) of at least 50 percent of the ownership of the Company, the replacement of a majority of the members of the incumbent Board of Directors (excluding replacement directors nominated by the

Table of Contents

incumbent Board), or mergers and similar transactions which result in a 50 percent change in ownership, subject to certain exceptions.

Termination of Employment. The Committee will establish in respect of each option granted under the 2002 Option Plan to an employee the effect of a termination of employment on the rights and benefits thereunder and in so doing may make distinctions based upon the cause of termination.

Termination of or Changes to the 2002 Option Plan. The authority to grant options under the 2002 Option Plan will terminate on January 13, 2012, unless the 2002 Option Plan is terminated prior to that time by the Board of Directors. Such termination typically will not affect rights of participants which accrued prior to such termination. The Board may, without shareholder approval, suspend or amend the 2002 Option Plan at any time, and the Committee may, with the consent of a holder, substitute options or modify the terms and conditions of an outstanding option, to, among other changes, extend the term (subject to maximum term limits), accelerate exercisability or vesting or preserve benefits of the option. However, the Committee may not, without prior shareholder approval, re-price outstanding options, or cancel and replace such options with options having a lower exercise price. In addition, without shareholder approval, the Board may not increase the maximum number of shares which may be delivered pursuant to options granted under the 2002 Option Plan, materially increase the benefits accruing to participants under the 2002 Option Plan or materially change the requirements as to the eligibility to participate in the 2002 Option Plan. Amendment of the 2002 Option Plan may not, without the consent of the participants, adversely affect such persons' rights under an option previously granted, unless the option agreement expressly so provides.

Non-Employee Director Options. If the 2002 Option Plan is approved by the Company's shareholders, each person who is then a Non-Employee Director will be granted automatically a nonqualified stock option to purchase 3,000 shares of the Company's Common Stock. In addition, on the date of each Annual Meeting of Shareholders occurring during the term of the 2002 Option Plan, commencing with the Annual Meeting of Shareholders occurring during 2003, each person who is a Non-Employee Director as of such date will, subject to the limitations on shares available for Non-Employee Director Awards described above, be granted automatically a nonqualified stock option to purchase 3,000 shares of the Company's Common Stock. The number of automatic options granted to such Directors, in any year, will not exceed the total number of options authorized under the 2002 Option Plan.

The purchase price per share of Common Stock covered by each such option granted to a Non-Employee Director, payable in cash or shares of Common Stock, will be the Fair Market Value of the Common Stock on the date the option is granted. Any previously owned shares used in payment of the exercise price must have been owned by the Non-Employee Director at least six months prior to the date of exercise. The options will become exercisable in three installments as follows: (i) 40 percent on the first anniversary of the Option Date, (ii) 30 percent on the second anniversary of the Option Date, and (iii) 30 percent on the third anniversary of the Option Date. Unless earlier terminated, the options will expire 10 years after the date they are granted. The specific number of shares specified above and the shares subject to outstanding options (as well as the exercise price) are subject to adjustment in certain circumstances specified in the 2002 Option Plan. If an option under the 2002 Option Plan is not exercised prior to the time certain of these circumstances occur, the option will terminate.

Table of Contents

In the event that a Non-Employee Director's service as a member of the Board of Directors is terminated for any reason, any portion of an option granted pursuant to Article 5 of the 2002 Option Plan which is not then exercisable will terminate and any portion of such option which is then exercisable will remain exercisable for two years after such service terminates or until the expiration of the stated term of such option, whichever occurs first.

Federal Income Tax Consequences of Options Under the 2002 Option Plan. The federal income tax consequences of the 2002 Option Plan under current federal law, which is subject to change, are summarized in the following discussion.

Nonqualified Stock Options. No taxable income will be realized by an option holder upon the grant of a nonqualified stock option under the 2002 Option Plan. When the holder exercises the nonqualified stock option, however, he or she will generally recognize ordinary income equal to the difference between the Option Price and the fair market value of the shares at the time of exercise. The Company is generally entitled to a corresponding deduction at the same time and in the same amounts as the income recognized by the option holder. Upon a subsequent disposition of the Common Stock, the option holder will realize short-term or long-term capital gain or loss, depending on how long the Common Stock is held. The Company will not be entitled to any further deduction at that time.

Incentive Stock Options. An employee who is granted an incentive stock option under the 2002 Option Plan does not recognize taxable income either on the date of its grant or on the date of its exercise, provided that, in general, the exercise occurs during employment or within three months after termination of employment. However, any appreciation in value of the Common Stock after the date of the grant will be includable in the participant's federal alternative minimum taxable income at the time of exercise in determining liability for the alternative minimum tax. If Common Stock acquired pursuant to an incentive stock option is not sold or otherwise disposed of within two years from the date of the grant of the option nor within one year after the date of exercise, any gain or loss resulting from disposition of the Common Stock will be treated as long-term capital gain or loss. If stock acquired upon the exercise of an incentive stock option is disposed of prior to the expiration of such holding periods (a Disqualifying Disposition), the participant generally will recognize ordinary income at the time of such Disqualifying Disposition equal to the difference between the exercise price and the fair market value of the Common Stock on the date the incentive stock option is exercised or, if less, the excess of the amount realized on the Disqualifying Disposition over the exercise price. Any remaining gain or net loss is treated as a short-term or long-term capital gain or loss, depending upon how long the Common Stock is held. Unlike the case in which a nonqualified stock option is exercised, the Company is not entitled to a tax deduction upon either the grant or exercise of an incentive stock option or upon disposition of the Common Stock acquired pursuant to such exercise, except to the extent that the employee recognizes ordinary income in a Disqualifying Disposition.

Special Rules Governing Persons Subject to Section 16(b). Under the federal tax law, special rules may apply to participants in the 2002 Option Plan who are subject to the restrictions on resale of the Company's Common Stock under Section 16(b) of the Exchange Act. These rules, which effectively take into account the Section 16(b) restrictions, apply in limited circumstances and may impact the timing or amount of income recognized by these persons with respect to options under the 2002 Option Plan.

Table of Contents

Accelerated Payments. If, as a result of certain changes in control of the Company, a participant's options become immediately exercisable, the additional economic value, if any, attributable to the acceleration may be deemed a parachute payment. The additional value generally will be deemed a parachute payment if such value, when combined with the value of other payments which are deemed to result from the change in control, equals or exceeds a threshold amount equal to 300 percent of the participant's average annual taxable compensation over the five calendar years preceding the year in which the change in control occurs. In such case, the excess of the total parachute payments over such participant's average annual taxable compensation will be subject to a 20 percent nondeductible excise tax in addition to any income tax payable. The Company will not be entitled to a deduction for that portion of any parachute payment which is subject to the excise tax.

Section 162(m) Limits. Notwithstanding the foregoing discussion with respect to the deductibility of compensation under the 2002 Option Plan by the Company, Section 162(m) of the Code would render nondeductible to the Company certain compensation to certain employees required to be named in the Summary Compensation Table (i.e., the Chief Executive Officer or one of the four other most highly compensated executive officers of the Company, the Executive Officers) in excess of \$1,000,000 in any year unless such excess compensation is performance-based (as defined in the Code) or is otherwise exempt from these limits on deductibility. The applicable conditions of an exemption for performance-based compensation plans include, among others, a requirement that the shareholders approve the material terms of the plan.

Recommendation of the Board of Directors FOR this Proposal. Shareholders should note that because Non-Employee Directors (subject to reelection and shareholder approval) may receive stock options under this proposal, all current Non-Employee Directors of the Company may have a personal interest in the proposal and its approval by shareholders. However, the members of the Board of Directors believe that the Plan is in the best interests of the Company and its shareholders.

A copy of the 2002 Option Plan is attached to this Proxy Statement as Exhibit A. Shareholders are encouraged to review the plan carefully. Any description in this Proxy Statement regarding the new plan is qualified in its entirety by reference to Exhibit A.

APPROVAL OF THE AMENDED AND RESTATED

MANAGEMENT INCENTIVE PLAN

(Item 3 on the Proxy Card)

The Board of Directors Recommends a VOTE FOR this Proposal.

The shareholders are being asked to approve the Company's Amended and Restated Management Incentive Plan (MIP). The MIP was adopted by the Company in 1993 and approved by the Company's shareholders in 1994. The MIP was amended in January 1995 and January 2002. The amendments in 2002 were intended to ensure that the MIP satisfies the requirements of the exception to Section 162(m) of the Code for performance based compensation. The affirmative vote of a simple majority of the shares represented at the Annual Meeting in person or by proxy is necessary to approve of the MIP.

The MIP is designed to retain key management employees of the Company's utility operation and to focus on specific short- and long-term Company productivity and financial performance objectives. Under the MIP, the Company's annual performance is judged in relation to its historic performance and to a peer group of companies. Future Company performance is also taken into consideration by subjecting a percentage of any annual awards to the performance of the Company's Common Stock over the succeeding three years.

Administration. The MIP is administered by a committee consisting of not less than three non-employee members of the Compensation Committee of the Board of Directors (the Committee). The members of the Board of Directors chosen to administer the MIP may not have received an award under the plan or any prior incentive plan within the last calendar year.

Eligibility. Participants in the MIP include officers and key managerial employees, and include the Company's Chief Executive Officer and the other four executives named in the Summary Compensation Table. The number of MIP participants for 2001 was 63.

Performance Criteria. The performance measures for both components of the MIP are established annually by the Compensation Committee of the Board of Directors. The performance measures and the associated standards may change from year to year and may receive different emphasis or weight according to the changing priorities of the Company. Award opportunities are also established annually for MIP participants depending on their position with the Company.

Under the MIP, an incentive opportunity, expressed as a percentage of salary, is established annually for each participant. The maximum award opportunities cannot exceed 140 percent of the targeted awards for meeting the performance goals. For 2002, the targeted award for Mr. Maffie is equal to 115 percent of his base annual salary. The targeted awards for Messrs. Biehl, Zub and Kane are equal to 90 percent of their base annual salary. The targeted award for Mr. Sondeno is equal to 75 percent of his base annual salary. The criteria for determining whether the awards under the MIP have been reached will be based on the Company's annual return-on-equity performance, customer-to-employee ratios, and customer service satisfaction targets. The financial performance factors used to make this determination involve the average of the Company's return-on-equity performance over the last three years (which is weighted and adjusted for inflation) and the Company's current utility return-on-equity performance in comparison to a peer group of natural gas distribution companies. The productivity performance factors used to make this determination involve an absolute target of Company customer-to-employee

Table of Contents

ratio, actual customer-to-employee ratio in comparison to a peer group of natural gas distribution companies, and customer service satisfaction experienced throughout the Company's operating divisions as measured by an independent outside entity. Each of the five factors is equally weighted. If the threshold percentage for any factor is achieved, a percentage of annual performance awards will have been earned. While the financial factors incorporated in the MIP are significant to shareholder interests, customer satisfaction and productivity factors are significant to customer interests. In prior regulatory proceedings, the Company's regulatory commissions have insisted that these customer factors be included in the MIP in order to recover the cost of the program in the Company's natural gas rates. Regardless of whether such awards are earned, no awards will be paid unless the Common Stock dividend paid by the Company equals or exceeds the prior year's dividend.

If annual performance awards are earned and payable, payment of the awards will be subject to a possible downward adjustment depending upon satisfaction of individual performance goals. The Committee will make such a determination for the Company's chief executive officer's individual performance, who, in turn, will make a similar recommendation to the Committee for the other executive officers.

Further, the annual awards will be split, with 40 percent paid in cash and the remaining 60 percent converted into performance shares tied to the value of the Company's Common Stock on the date of the awards, unless the MIP is not approved by shareholders. In this case, the annual awards will be paid in cash. The performance shares will be restricted for three years and the value of the ultimate payout in Company Common Stock will be subject to stock performance and to continued Company employment.

Since the benefits for 2002 are based on the Company's performance during the year, it is not possible to determine the benefits for the year. Applying the targeted awards and the performance criteria for 2002 to the 2001 fiscal year, the MIP benefits would be as reflected in the following table.

- (1) The award targets and the performance criteria for 2002 are identical to those used for 2001.
 - (2) The maximum award opportunities for the C.E.O. and the named executive officers based on 2001 base salaries, at 140 percent of target award, would have been \$933,800, \$340,200, \$308,700, \$292,320, and \$214,200, respectively.
 - (3) The number of performance shares were based on a Common Stock price of \$22.35 on December 31, 2001.

Plan Benefits. Tying a significant portion of the key management employees' salaries to the Company's short- and long-term performance provide the opportunity to maximize shareholder value. While the amount of the annual or long-term awards for any year cannot be determined, awards for the Company's chief executive officer and top four executive officers for the preceding three years are included in the Summary Compensation Table. The Company's compensation program, of which the MIP is an integral component, is more fully set forth under the caption Executive Compensation and Benefits Executive Compensation Report.

Amendments and Termination of the Plan. The Board of Directors, subject to certain limitations regarding previously granted awards, may at any time and from time to time, suspend, terminate, modify or amend the MIP. Further, once the shareholders have approved the MIP, shareholder approval will be required for amendments to the performance share provisions of the plan as it applies to executive officer participants that would (i) materially increase the benefits accruing to such Participants, (ii) materially increase the number of performance shares which may be issued to such Participant, or (iii) materially modify the eligibility requirements for executive officer participation in the MIP.

Dividends. During the period the performance shares are restricted, the Participants will receive cash dividends equal to the quarterly dividends paid per share of Common Stock. The Committee, in lieu of cash dividends, may provide dividend credits equal to the cash in additional performance shares. Such additional shares would also be subject to the same time-period restrictions for the performance shares that generated the dividend credits.

Terminations and Transfers. Should a Participant's employment with the Company terminate for any reason other than death, disability, retirement or Involuntary Termination Without Cause (termination due to reorganization, downsizing, restructuring or layoff (not caused by the Participant's ability to adequately perform his or her job, violation of Company work rules or policies, or misconduct)), the right to receive the actual award for such period and all performance shares will be forfeited. Otherwise the actual award will be prorated for the performance period and the previously granted performance shares will be converted to shares of Common Stock and provided to the Participant or his or her beneficiary. If a Participant changes jobs during a performance period and the new job has a different award opportunity, the award opportunities will be prorated, subject to the Committee's ability to assign the new award opportunity for the whole performance period.

Material Modification to the Existing Plan. There has been no material modification or amendment to the existing MIP.

Section 162(m) Limits. If the MIP is not approved by the shareholders, any payment under the MIP would not be deductible for federal income tax purposes under Section 162 (m) of the Code to the extent that (when combined with other non-exempt compensation paid) they exceed the \$1,000,000 individual limit on non-exempt compensation paid to certain named executive officers See the Summary Compensation Table

Table of Contents

under the caption Executive Compensation and Benefits Summary Compensation Table. The Company may and does pay cash, other bonuses and other compensation to these and other officers under other authority of the Board of Directors or applicable law.

A copy of the MIP is attached to this Proxy Statement as Exhibit B. Shareholders are encouraged to review the plan carefully. Any description in this Proxy Statement regarding the plan is qualified in its entirety by reference to Exhibit B.

OTHER MATTERS TO COME BEFORE THE MEETING

If any business not described herein should come before the meeting for shareholder action, it is intended that the shares represented by proxies will be voted in accordance with the best judgment of the persons voting them.

SUBMISSION OF SHAREHOLDER PROPOSALS

Shareholders are advised that any shareholder proposal intended for consideration at the 2003 Annual Meeting of Shareholders and inclusion in the Company's proxy materials for the meeting must be received in writing by the Company on or before December 5, 2002. If a shareholder intends to offer any proposal at such meeting without using the Company's proxy materials, notice of such intended action has to be provided to the Company on or before December 5, 2002, in order for the proposal to be presented for shareholder consideration at the Annual Meeting. All proposals must comply with applicable SEC rules. It is recommended that shareholders, submitting proposals for inclusion in the Company's proxy materials or notices to the Company, direct such proposals or notices to the Corporate Secretary of the Company and utilize Certified Mail Return Receipt Requested in order to ensure timely delivery.

(c) *Binding Determinations/ Liability Limitation.* Any action taken by, or inaction of, the Corporation, any Subsidiary, the Board or the Committee relating or pursuant to this Plan and within its authority hereunder or under applicable law shall be within the absolute discretion of that entity or body and shall be conclusive and binding upon all persons. Neither the Board nor any Committee, nor any member thereof or person acting at the direction thereof, shall be liable for any act, omission, interpretation, construction or determination made in good faith in connection with this Plan (or any Option made under this Plan), and all such persons shall be entitled to indemnification and reimbursement by the Company in respect of any claim, loss, damage or expense (including, without limitation, attorneys' fees) arising or resulting therefrom to the fullest extent permitted by law and/or under any directors and officers liability insurance coverage that may be in effect from time to time.

(d) *Reliance on Experts.* In making any determination or in taking or not taking any action under this Plan, the Committee or the Board, as the case may be, may obtain and may rely upon the advice of experts, including professional advisors to the Corporation. No director, officer or agent of the Company shall be liable for any such action or determination taken or made or omitted in good faith.

(e) *Delegation.* The Committee may delegate ministerial, non-discretionary functions to individuals who are officers or employees of the Company.

1.3 Participation

Options may be granted by the Committee only to those persons that the Committee determines to be Eligible Employees. An Eligible Employee who has been granted an Option may, if otherwise eligible, be granted additional Options if the Committee shall so determine.

1.4 Shares Available for Options; Share Limits.

(a) *Shares Available.* Subject to the provisions of Section 3.2, the capital stock that may be delivered under this Plan shall be shares of the Corporation's authorized but unissued Common Stock. The shares may be delivered for any lawful consideration.

(b) *Share Limits.* The maximum number of shares of Common Stock that may be delivered pursuant to Options granted to Eligible Persons under this Plan shall not exceed 1,500,000 shares (the *Share Limit*). The maximum number of shares of Common Stock that may be delivered pursuant to options qualified as Incentive Stock Options granted under this Plan is 1,500,000 shares. The maximum number of shares of Common Stock that may be delivered under the provisions of Article 5 shall not exceed 350,000 shares. The maximum number of shares subject to those options that are granted during any calendar year to any individual shall be limited to 100,000. Each of the four foregoing

Table of Contents

numerical limits shall be subject to adjustment as contemplated by this Section 1.4 and Section 3.2.

(c) *Calculation of Available Shares and Replenishment.* Shares subject to outstanding Options shall be reserved for issuance. If any right to acquire shares of Common Stock under an Option shall expire or be cancelled or terminated without having been exercised in full, the unpurchased, unvested or undelivered shares subject thereto shall again be available for the purposes of the Plan, subject to any applicable limitations under Section 162(m) of the Code. If the Corporation withholds shares of Common Stock pursuant to Section 3.5, the number of shares that would have been deliverable with respect to an Option but that are withheld pursuant to the provisions of Section 3.5 may in effect not be issued, and the aggregate number of shares issuable with respect to the applicable Option and under the Plan shall not be reduced by the number of shares withheld and such shares shall be available for additional Options under this Plan. To the extent any shares were previously reserved in respect of such Options, the number of shares not issued shall again be available for purposes of this Plan.

1.5 Grant of Options.

Subject to the express provisions of this Plan, the Committee shall determine the number of shares of Common Stock subject to each Option, the price (if any) to be paid for the shares and any other terms of the Option. Each Option shall be evidenced by an Option Agreement signed by the Corporation and, if required by the Committee, by the Participant. The Option Agreement shall set forth the material terms and conditions of the Option established by the Committee consistent with the specific provisions of this Plan.

1.6 Option Period.

Each Option and all executory rights or obligations under the related Option Agreement shall expire on such date (if any) as shall be determined by the Committee, but not later than ten (10) years after the Option Date.

1.7 Limitations on Exercise and Vesting of Options.

(a) *Provisions for Exercise.* Unless the Committee otherwise expressly provides, no Option shall be exercisable or shall vest until at least six months after the initial Option Date, and once exercisable an Option shall remain exercisable until the expiration or earlier termination of the Option.

(b) *Procedure.* Any exercisable Option shall be deemed to be exercised when the Secretary of the Corporation receives written notice of such exercise from the Participant, together with any required payment made in accordance with Section 2.2 or 5.3, as the case may be.

(c) *Fractional Shares/ Minimum Issue.* Fractional share interests shall be disregarded, but may be accumulated. The Committee, however, may determine in the case of Eligible Persons that cash, other securities, or other property will be paid or transferred in lieu of any fractional share interests. No fewer than 100 shares may be purchased on exercise of any Option at one time unless the number purchased is the total number at the time available for purchase under the Option.

1.8 No Transferability; Limited Exception to Transfer Restrictions.

(a) *Limit On Exercise and Transfer.* Unless otherwise expressly provided in (or pursuant to) this Section 1.8, by applicable law and by the Option Agreement, as the same may be amended, (i) all Options are non-transferable and shall not be subject in any manner to sale, transfer, anticipation, alienation, assignment, pledge, encumbrance or charge; Options shall be exercised only by the Participant; and (ii) amounts payable or shares issuable pursuant to an Option shall be delivered only to (or for the account of) the Participant.

(b) *Exceptions.* The Committee may permit Options to be exercised by and paid only to certain persons or entities related to the Participant, including but not limited to members of the Participant's immediate family, charitable institutions, or trusts or other entities whose beneficiaries or beneficial owners are members of the Participant's immediate family and/or charitable institutions, pursuant to such conditions and procedures as the Committee may establish. Any permitted transfer shall be subject to the condition that the Committee receive evidence satisfactory to it that the transfer is being made for essentially estate and/or tax planning purposes on a gratuitous or donative basis and without consideration (other than nominal consideration or in exchange for an interest in a qualified transferee). Notwithstanding the foregoing, ISOs shall be subject to any and all additional transfer restrictions under the Code.

(c) *Further Exceptions to Limits On Transfer.* The exercise and transfer restrictions in Section 1.8(a) shall not apply to:

(i) transfers to the Corporation,

(ii) the designation of a beneficiary to receive benefits in the event of the Participant's death or, if the Participant has died, transfers to or exercise by the Participant's beneficiary, or, in the absence of a validly designated beneficiary, transfers by will or the laws of descent and distribution,

(iii) transfers pursuant to a QDRO if approved or ratified by the Committee,

(iv) if the Participant has suffered a disability, permitted transfers or exercises on behalf of the Participant by his or her legal representative, or

(v) the authorization by the Committee of cashless exercise procedures with third parties who provide financing for the purpose of (or who otherwise facilitate) the exercise of Options consistent with applicable laws and the express authorization of the Committee.

2. OPTIONS.

2.1 Grants.

One or more Options may be granted under this Article to any Eligible Employee. Each Option granted shall be designated in the applicable Option Agreement, by the Committee as either an Incentive Stock Option, subject to Section 2.3, or a Non-Qualified Stock Option.

Table of Contents

2.2 Option Price.

(a) *Pricing Limits.* The purchase price per share of the Common Stock covered by each Option shall be determined by the Committee at the time of the Option, but in the case of Incentive Stock Options shall not be less than 100% (110% in the case of a Participant described in Section 2.4) of the Fair Market Value of the Common Stock on the date of grant.

(b) *Payment Provisions.* The purchase price of any shares purchased on exercise of an Option granted under this Article shall be paid in full at the time of each purchase in one or a combination of the following methods: (i) in cash or by electronic funds transfer; (ii) by check payable to the order of the Corporation; (iii) by notice and third party payment in such manner as may be authorized by the Committee; or (iv) by the delivery of shares of Common Stock of the Corporation already owned by the Participant, *provided, however*, that the Committee may in its absolute discretion limit the Participant's ability to exercise an Option by delivering such shares, and provided further that any shares delivered which were initially acquired upon exercise of a stock option must have been owned by the Participant at least six months as of the date of delivery. Shares of Common Stock used to satisfy the exercise price of an Option shall be valued at their Fair Market Value on the date of exercise.

2.3 Limitations on Grant and Terms of Incentive Stock Options.

(a) *\$100,000 Limit.* To the extent that the aggregate Fair Market Value of stock with respect to which incentive stock options first become exercisable by a Participant in any calendar year exceeds \$100,000, taking into account both Common Stock subject to Incentive Stock Options under this Plan and stock subject to incentive stock options under all other plans of the Company or any parent corporation, such options shall be treated as Nonqualified Stock Options. For this purpose, the Fair Market Value of the stock subject to options shall be determined as of the date the options were awarded. In reducing the number of options treated as incentive stock options to meet the \$100,000 limit, the most recently granted options shall be reduced first. To the extent a reduction of simultaneously granted options is necessary to meet the \$100,000 limit, the Committee may, in the manner and to the extent permitted by law, designate which shares of Common Stock are to be treated as shares acquired pursuant to the exercise of an Incentive Stock Option.

(b) *Option Period.* Each Option and all rights thereunder shall expire no later than 10 years after the Option Date.

(c) *Other Code Limits.* Incentive Stock Options may only be granted to Eligible Employees of the Corporation or a Subsidiary that satisfies the other eligibility requirements of the Code. There shall be imposed in any Option Agreement relating to Incentive Stock Options such other terms and conditions as from time to time are required in order that the Option be an incentive stock option as that term is defined in Section 422 of the Code.

2.4 Limits on 10% Holders.

No Incentive Stock Option may be granted to any person who, at the time the Option is granted, owns (or is deemed to own under Section 424(d) of the Code) shares of outstanding Common Stock possessing more than 10% of the total combined voting power of all classes of stock of the Corporation, unless the exercise price of such Option is at

Table of Contents

least 110% of the Fair Market Value of the stock subject to the Option and such Option by its terms is not exercisable after the expiration of five years from the date such Option is granted.

2.5 Option Repricing/ Cancellation and Regrant/ Waiver of Restrictions.

Subject to Section 1.4 and Section 3.6 and the specific limitations on Options contained in this Plan, the Committee from time to time may authorize, generally or in specific cases only, for the benefit of any Eligible Employee any adjustment in the exercise or purchase price, the vesting schedule, the number of shares subject to, the restrictions upon or the term of, an Option granted under this Article by cancellation of an outstanding Option and a subsequent regranting of an Option, by amendment, by substitution of an outstanding Option, by waiver or by other legally valid means. Such amendment or other action may result among other changes in an exercise or purchase price which is higher or lower than the exercise or purchase price of the original or prior Option, provide for a greater or lesser number of shares subject to the Option, or provide for a longer or shorter vesting or exercise period.

2.6 Deferred Payments.

The Committee may authorize for the benefit of any Eligible Person the deferral of any payment of cash or shares or other property that may become due or otherwise payable under this Plan, and provide for accredited benefits thereon based upon such deferment, at the election or at the request of such Participant, subject to the other terms of this Plan. Such deferral shall be subject to such further conditions, restrictions or requirements as the Committee may impose, subject to any then vested rights of Participants.

3. OTHER PROVISIONS

3.1 Rights of Eligible Persons, Participants and Beneficiaries.

(a) *Employment Status.* Status as an Eligible Person shall not be construed as a commitment that any Option will be made under this Plan to an Eligible Person or to Eligible Persons generally.

(b) *No Employment/ Service Contract.* Nothing contained in this Plan (or in any other documents under this Plan or in any Option) shall confer upon any Eligible Employee or other Participant any right to continue in the employ or other service of the Company, constitute any contract or agreement of employment or other service or affect an employee's status as an employee at will, nor shall interfere in any way with the right of the Company to change a person's compensation or other benefits, or to terminate his or her employment or other service, with or without cause. Nothing in this Section, however, is intended to adversely affect any express independent right of such person under a separate employment or service contract other than an Option Agreement.

(c) *Plan Not Funded.* Amounts payable under this Plan shall be payable in shares or from the general assets of the Corporation, and (except as provided in Section 1.4(c)) no special or separate reserve, fund or deposit shall be made to assure payment of such Options. No Participant, Beneficiary or other person shall have any right, title or interest in any fund or in any specific asset (including shares of Common Stock, except as expressly otherwise provided) of the Company by reason of any Option hereunder. Neither the provisions of this Plan (or of any related documents), nor the creation or adoption of this

Table of Contents

Plan, nor any action taken pursuant to the provisions of this Plan shall create, or be construed to create, a trust of any kind or a fiduciary relationship between the Company and any Participant, Beneficiary or other person. To the extent that a Participant, Beneficiary or other person acquires a right to receive payment pursuant to any Option hereunder, such right shall be no greater than the right of any unsecured general creditor of the Company.

3.2 Adjustments; Acceleration.

(a) *Adjustments.* Upon or in contemplation of any reclassification, recapitalization, stock split (including a stock split in the form of a stock dividend) or reverse stock split; any merger, combination, consolidation, or other reorganization; any spin-off, split-up, or similar extraordinary dividend distribution (spin-off) in respect of the Common Stock (whether in the form of securities or property); any exchange of Common Stock or other securities of the Corporation, or any similar, unusual or extraordinary corporate transaction in respect of the Common Stock; or a sale of all or substantially all the assets of the Corporation as an entirety (asset sale); then the Committee shall, in such manner, to such extent (if any) and at such time as it deems appropriate and equitable in the circumstances:

(1) proportionately adjust any or all of (a) the number and type of shares of Common Stock (or other securities) that thereafter may be made the subject of Options (including the specific maxima and numbers of shares set forth elsewhere in this Plan), (b) the number, amount and type of shares of Common Stock (or other securities or property) subject to any or all outstanding Options, (c) the grant, purchase, or exercise price of any or all outstanding Options, (d) the securities, cash or other property deliverable upon exercise of any outstanding Options, or (e) (subject to limitations under Section 3.10(c)) the performance standards appropriate to any outstanding Options, or

(2) make provision for a cash payment or for the assumption, substitution or exchange of any or all outstanding Options or the cash, securities or property deliverable to the holder of any or all outstanding Options, based upon the distribution or consideration payable to holders of the Common Stock upon or in respect of such event.

The Committee may adopt such valuation methodologies for outstanding Options as it deems reasonable in the event of a cash or property settlement and, in the case of Options or similar rights, but without limitation on other methodologies, may base such settlement solely upon the excess if any of the per share amount payable upon or in respect of such event over the exercise or strike price of the Option.

In each case, with respect to Incentive Stock Options, no adjustment shall be made in a manner that would cause the Plan to violate Section 422 or 424(a) of the Code or any successor provisions without the written consent of holders materially adversely affected thereby.

In any of such events, the Committee may take such action prior to such event to the extent that the Committee deems the action necessary to permit the Participant to realize the benefits intended to be conveyed with respect to the underlying shares in the same manner as is or will be available to stockholders generally.

Table of Contents

(b) *Possible Early Termination of Accelerated Options.* If any Option or other right to acquire Common Stock under this Plan is fully vested or has been fully accelerated as required or permitted by Section 3.2(c), but is not exercised prior to (1) a dissolution of the Company, or (2) an event described in Section 3.2(a) that the Company does not survive, or (3) the consummation of an event described in Section 3.2(a) involving a Change of Control Event approved by the Board, such Option or right shall terminate, subject to any provision that has been expressly made by the Board or the Committee, through a plan of reorganization or otherwise, for the survival, substitution, assumption, exchange or other settlement of such Option or right.

(c) *Acceleration of Options Upon Change in Control.* Subject to Sections 5.6 and 5.7, unless prior to a Change in Control Event the Committee determines that, upon its occurrence, benefits under any or all Options shall not be accelerated or determines that only certain or limited benefits under any or all Options shall be accelerated and the extent to which they shall be accelerated, and/or establishes a different time in respect of such Change in Control Event for such acceleration, then upon the occurrence of a Change in Control Event, each Option shall become immediately exercisable. The Committee may override the limitations on acceleration in this Section 3.2(c) by express provision in the Option Agreement and may accord any Eligible Person a right to refuse any acceleration, whether pursuant to the Option Agreement or otherwise, in such circumstances as the Committee may approve. Any acceleration of Options shall comply with applicable legal requirements and, if necessary to accomplish the purposes of the acceleration or if the circumstances require, may be deemed by the Committee to occur a limited period of time not greater than 30 days before the event. Without limiting the generality of the foregoing, the Committee may deem an acceleration to occur immediately prior to the applicable event and/or reinstate the original terms of an Option if an event giving rise to an acceleration does not occur.

3.3 Effect of Termination of Employment on Options.

(a) *General.* The Committee shall establish the effect of a termination of employment on the rights and benefits under each Option under this Plan and in so doing may make distinctions based upon, inter alia, the cause of termination and type of Option. Unless otherwise specified, the date of termination shall be the date of termination (for any reason whatsoever) of the Participant's employment by the Company. Notwithstanding the foregoing, the Committee may authorize by express provision in or amendment to an Option an extension of the date of termination if a person's status after grant changes from one eligible category to another, or in other circumstances that the Committee deems appropriate.

(b) *Events Not Deemed Terminations of Employment.* Unless Company policy or the Committee otherwise provides, the employment relationship shall not be considered terminated in the case of (i) sick leave, (ii) military leave, or (iii) any other leave of absence authorized by the Company or the Committee; provided that unless reemployment upon the expiration of such leave is guaranteed by contract or law, such leave is for a period of not more than 90 days. In the case of any Eligible Employee on an approved leave of absence, continued vesting of the Option while on leave from the employ of the Company may be suspended until the employee returns to service, unless the Committee otherwise provides or applicable law otherwise requires. In no event shall an Option be exercised after the expiration of the term set forth in the Option Agreement.

Table of Contents

(c) *Effect of Change of Subsidiary Status.* For purposes of this Plan and any Option, if an entity ceases to be a Subsidiary, a termination of employment or service shall be deemed to have occurred with respect to each Eligible Person in respect of the Subsidiary who does not continue as an Eligible Person in respect of another entity within the Company.

3.4 Compliance with Laws.

This Plan, the granting and vesting of Options under this Plan, the offer, issuance and delivery of shares of Common Stock, and the payment of money under this Plan or under Options are subject to compliance with all applicable federal and state laws, rules and regulations (including but not limited to state and federal securities law and federal margin requirements) and to such approvals by any listing, regulatory or governmental authority as may, in the opinion of counsel for the Company, be necessary or advisable in connection therewith. The person acquiring any securities under this Plan will, if requested by the Company, provide such assurances and representations to the Company as the Committee may deem necessary or desirable to assure compliance with all applicable legal and accounting requirements.

3.5 Tax Matters.

(a) *Provision for Tax Withholding or Offset.* Upon any exercise or payment of any Option or upon the disposition of shares of Common Stock acquired pursuant to the exercise of an Incentive Stock Option prior to satisfaction of the holding period requirements of Section 422 of the Code, the Company shall have the right at its option to (i) require the Participant (or Personal Representative or Beneficiary, as the case may be) to pay or provide for payment of at least the minimum amount of any taxes which the Company may be required to withhold with respect to such Option event or payment or (ii) deduct from any amount payable in cash the minimum amount of any taxes which the Company may be required to withhold with respect to such cash payment. In any case where a tax is required to be withheld in connection with the delivery of shares of Common Stock under this Plan, the Committee may in its sole discretion (subject to Section 3.4) grant (either at the time of the Option or thereafter) to the Participant the right to elect, pursuant to such rules and subject to such conditions as the Committee may establish, to have the Corporation reduce the number of shares to be delivered by (or otherwise reacquire) the appropriate number of shares, valued in a consistent manner at their Fair Market Value or at the sales price in accordance with authorized procedures for cashless exercises, necessary to satisfy the minimum applicable withholding obligation on exercise or payment. Shares in no event shall be withheld in excess of the minimum number required for tax withholding under applicable law.

(b) *Tax Loans.* If so provided in the Option Agreement, the Company may, to the extent permitted by law, authorize a short-term loan to an Eligible Person in the amount of any taxes that the Company may be required to withhold with respect to shares of Common Stock received (or disposed of, as the case may be) pursuant to a transaction described in Section 3.5(a). Such a loan shall be for a term, at a rate of interest and pursuant to such other terms and conditions as the Committee, under applicable law, may establish.

3.6 Plan and Option Amendments, Termination and Suspension.

(a) *Board Authorization.* The Board may, at any time, terminate or, from time to time, amend, modify or suspend this Plan, in whole or in part. No Options may be granted

Table of Contents

during any suspension of this Plan or after termination of this Plan, but the Committee shall retain jurisdiction as to Options then outstanding in accordance with the terms of this Plan.

(b) *Stockholder Approval.* To the extent then required under Sections 162, 422 or 424 of the Code or any other applicable law, or deemed necessary or advisable by the Board, any amendment to this Plan shall be subject to stockholder approval. Such approval shall also be required for repricing or cancellation and replacement of options at a lower exercise price.

(c) *Amendments to Options.* Without limiting any other express authority of the Committee under (but subject to) the express limits of this Plan, the Committee by agreement or resolution may waive conditions of or limitations on Options to Participants that the Committee in the prior exercise of its discretion has imposed, without the consent of a Participant, and (subject to the requirements of Sections 1.2(b) and 3.6(d)) may make other changes to the terms and conditions of Options.

(d) *Limitations on Amendments to Plan and Options.* No amendment, suspension or termination of this Plan or change of or affecting any outstanding Option shall, without written consent of the Participant, affect in any manner materially adverse to the Participant any rights or benefits of the Participant or obligations of the Company under any Option granted under this Plan prior to the effective date of such change. Changes contemplated by Section 3.2 shall not be deemed to constitute changes or amendments for purposes of this Section 3.6.

(e) *ISO Acceleration.* The portion of any Incentive Stock Option accelerated in connection with a Change in Control Event or any other action permitted hereunder shall remain exercisable as an Incentive Stock Option only to the extent the applicable \$100,000 limitation is not exceeded. To the extent exceeded, the accelerated portion of the Option shall be exercisable as a Nonqualified Stock Option under the Code.

3.7 Privileges of Stock Ownership.

Except as otherwise expressly authorized by the Committee or this Plan, a Participant shall not be entitled to any privilege of stock ownership as to any shares of Common Stock not actually delivered to and held of record by the Participant. No adjustment will be made for dividends or other rights as a stockholder for which a record date is prior to such date of delivery.

3.8 Effective Date of the Plan.

This Plan is effective as of January 14, 2002, the date of approval by the Board. The Plan shall be submitted for and subject to stockholder approval.

3.9 Term of the Plan.

No Option will be granted under this Plan more than ten years after the effective date of this Plan (the termination date). Unless otherwise expressly provided in this Plan or in an applicable Option Agreement, any Option granted prior to the termination date may extend beyond such date, and all authority of the Committee with respect to Options hereunder, including the authority to amend an Option, shall continue during any suspension of this Plan and in respect of Options outstanding on the termination date.

(b) *Severability.* If a court of competent jurisdiction holds any provision invalid and unenforceable, the remaining provisions of this Plan shall continue in effect.

(c) *Plan Construction.*

(1) *Rule 16b-3.* It is the intent of the Corporation that the Options and transactions permitted by Options be interpreted in a manner that, in the case of Participants who are or may be subject to Section 16 of the Exchange Act, satisfies the applicable requirements for exemptions under Rule 16b-3. The exemption will not be available if the authorization of actions by any Committee of the Board with respect to such Options does not satisfy the applicable conditions of Rule 16b-3. Notwithstanding the foregoing, the Corporation shall have no liability to any Participant for Section 16 consequences of Options or events under Options.

(2) *Section 162(m).* It is the further intent of the Company that (to the extent the Company or Options under this Plan may be or become subject to limitations on deductibility under Section 162(m) of the Code), Options granted with an exercise or base price not less than Fair Market Value on the date of grant that are granted to or held by a person subject to Section 162(m) of the Code will qualify as performance-based compensation or otherwise be exempt from deductibility limitations under Section 162(m) of the Code, to the extent that the authorization of the Option (or the payment thereof, as the case may be) satisfies any applicable administrative requirements thereof.

3.11 *Captions.*

Captions and headings are given to the sections and subsections of this Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of this Plan or any provision thereof.

3.12 *Stock Options in Substitution for Stock Options Granted by Other Corporation.*

Options may be granted to Eligible Persons under this Plan in substitution for employee stock options granted by other entities to persons who are or who will become Eligible Persons in respect of the Company, in connection with a distribution, merger or other reorganization by or with the granting entity or an affiliated entity, or the acquisition by the Company, directly or indirectly, or all or a substantial part of the stock or assets of the employing entity.

The non-Employee members of the Committee chosen to administer the Plan shall not have received an award under this Plan or any plan preceding this Plan within the last calendar year. The Board of Directors may designate alternate members of the Committee from non-Employee Board members who satisfy the above criteria to act in the place and stead of any absent member of the Committee.

(b) The Committee shall have full and final authority to operate, manage, and administer the Plan on behalf of the Company. This authority includes but is not limited to the following:

(i) Determination of eligibility for participation in the Plan;

(ii) Determination of Actual Awards earned and the Award Conversion of the Actual Awards;

(iii) Payment of Actual Awards that have become nonforfeitable;

(iv) Directing the Company to make the accruals and payments provided for by the Plan;

(viii) Powers prescribed to the Committee elsewhere in the Plan.

(c) With respect to Incentive Award Opportunities and Actual Awards earned, the Committee shall have full and final authority in its sole and absolute discretion to determine the Incentive Award Opportunities for individual Participants; determine the time or times at which Actual Awards may be calculated; determine the length of all applicable Performance Periods and/or Restriction Periods; determine the award schedule and the Annual and Long-Term Performance Measures (and the Company's satisfaction

Table of Contents

or failure to satisfy such measures) that will be used in calculating Actual Awards and in determining the number of shares of Common Stock payable to Participants at the end of the Restriction Period; and determine the composition of the Peer Group to be used in assessing the Company's performance.

(d) A majority of the Committee shall constitute a quorum, and the acts of a majority of the members present at any meeting at which a quorum is present, or acts approved in writing by all the members in the absence of a meeting, shall be the acts of the Committee. All Committee interpretations, determinations, and actions will be final, conclusive, and binding on all parties.

(e) No member of the Board or the Committee will be liable for any action taken or determination made in good faith by the Board or the Committee with respect to the Plan or any Actual Award calculated and paid hereunder.

4. Eligibility

(a) In determining the Key Employees that will be Participants and the Incentive Award Opportunity for each Participant, the Committee shall take into account the duties of the respective Participant, their present and potential contributions to the success of the Company, and such other factors as the Committee shall deem relevant in connection with accomplishing the purpose of the Plan.

(b) No Incentive Award Opportunity will be available to any person who, at the beginning of the applicable Performance Period, is a member of the Committee responsible for the administration of the Plan.

5. Incentive Award Opportunities

(a) The Committee will establish, in writing, the Incentive Award Opportunity for each Participant or class of Participants designated by the Committee. The Incentive Award Opportunity will be expressed as percentages of the Participant's Annual Base Salary.

(b) An Incentive Award Opportunity will range from zero to some specific maximum percentage of the Participant's Annual Base Salary (or maximum dollar amount).

(c) Before or within the first 90 days of each Performance Period a Participant will be assigned a specific Target Award that will fall within the range of the Participant's Incentive Award Opportunity. The Target Award will be awarded to the Participant if, in the judgment of the Committee, all applicable Annual Performance Measures have been fully met.

(d) Actual Awards for each Participant in the Plan shall be determined by the Committee following the end of the applicable Performance Period, taking into account how the Company performed on the basis of the Annual Performance Measures developed and utilized by the Committee for the Performance Period.

6. Procedures for Calculating and Paying Actual Awards

(a) The Committee shall establish the Annual Performance Measures that will be utilized for one or more Performance Periods in assessing the performance of the Company for the purpose of determining the Actual Awards earned under this Plan. These measures

Table of Contents

and the standards of performance associated with them may change from year to year and may receive different emphasis or weight according to the changing priorities of the Company. It is expected that the Annual Performance Measures generally will be tied to the financial performance of the Company and will be based on a combination of (i) the Company's performance in relation to its own performance standards and (ii) the Company's performance in relation to that of its Peer Group. In addition to the Annual Performance Measures, each Participant will be expected to meet individual performance goals.

(b) Following the end of each Performance Period, the Committee will compare the Company's actual performance during such period with the Annual Performance Measures it established for the period, and the Actual Award, if any, for a Participant will be calculated. For each Performance Period the Committee will utilize an award schedule for calculating the Actual Awards earned on the basis of the Company's performance. The award schedule may be modified by the Committee from year to year as Annual Performance Measures or the standards of performance associated with such measures change.

(c) Following the calculation of Actual Awards, the Chief Executive Officer will make an overall assessment of each Participant's attainment of individual performance goals and may reduce a Participant's Actual Award based upon such assessment. Further, the Chief Executive Officer may recommend to the Committee that no Actual Award be given to a Participant based on his assessment of individual performance. The assessment of the individual performance of the Chief Executive Officer will be made by the Board of Directors.

(d) Following the calculation of the Actual Awards, adjusted as provided for in Plan Section 6(c), an Award Conversion will be made whereby the Actual Awards for each Participant will be split into two components. The first component will be a dollar amount that is payable to the Participant in cash as soon as the Committee deems practical following the Award Conversion Date. The second component will be a dollar amount that is converted into whole or partial Performance Shares, which shall be restricted for a period of at least thirty six (36) consecutive calendar months beginning on the Award Conversion Date applicable to such shares. The number of Performance Shares allocable to each Participant shall be determined by dividing (i) the dollar amount available for the Participant's Performance Shares (determined by the Award Conversion), by (ii) the closing per share value of the Common Stock on the New York Stock Exchange on the last trading day on the Exchange before the Award Conversion Date. Payment of Performance Shares shall occur at the time provided in Plan Section 7(c).

(e) The Committee shall have the sole and absolute responsibility for determining Actual Awards of Participants. Generally, the Actual Awards generated by application of the award schedule established by the Committee for one or more Performance Periods will be the actual awards that will be payable to each Participant; provided, however, that the Committee may, prior to the Award Conversion Date, reduce the Actual Awards generated by the awards schedule if, in the opinion of the Committee, there have been exceptional circumstances that have either created inappropriate windfalls in the Company's performance, which, in turn, have resulted in inappropriately large awards.

(f) If, during a Performance Period, the Committee determines that the established Annual Performance Measures are no longer suitable due to a change in ownership or control of the Company, the Committee may accelerate payment of the Actual Award.

Table of Contents

7. Performance Shares

(a) On the Award Conversion Date, Participants who earned an Actual Award during the preceding Performance Period will have an entry made on the Company's books reflecting the Performance Shares allocable to them as determined pursuant to Plan Section 6(c).

(b) A Participant's Performance Shares earned in a given Performance Period will be subject to a Restriction Period of at least thirty six (36) consecutive calendar months beginning on the Award Conversion Date applicable to such shares. During the Restriction Period, the Participant may not, except as provided in Plan Section 8(d), receive payment for his or her Performance Shares.

(c) For the Restriction Period applicable to each Performance Period, the Committee shall establish certain Long-Term Performance Measures that will be used to determine the number of Performance Shares that shall be paid to the Participant on the date(s) determined by the Committee which shall be within a reasonable period following the end of the Restriction Period. Notwithstanding anything in this Plan to the contrary, if the Committee determines that the Company has failed to satisfy the Long-Term Performance Measures, it may, as provided in Plan Section 7(e), decrease the number of Performance Shares credited to the Participant at the beginning, and over the course of the Restriction Period. The Long-Term Performance Measures will be tied to the performance of the Company as measured against certain financial criteria and may be specified in absolute terms or specified relative to the performance of a Peer Group.

(d) During the Restriction Period, a Participant will receive cash dividends on the Performance Shares then credited to the Participant on the Company's records, equal to the quarterly dividend paid per share of Common Stock. Such payments will occur at the same time quarterly dividends are paid on Common Stock. The Committee may, in lieu of cash dividends, provide to a Participant Dividend Credits equal to the cash dividends paid per share of Common Stock, multiplied by the number of Performance Shares then credited to the Participant on the Company's records, and divided by the closing per share value of the Common Stock on the New York Stock Exchange on the date such dividends are paid or the last trading day on the Exchange before such payment. If the Committee determines to pay such dividends through Dividend Credits, these additional Performance Shares will be subject to the same restrictions as the Performance Shares that generated the Dividend Credits, and such restrictions will lapse at the same time as the restrictions lapse on such Performance Shares.

(e) Following the end of the Restriction Period, the Participant shall receive a specific number of shares of Common Stock equal to the total number of Performance Shares allocated to the Participant at the beginning of such Restriction Period plus the Performance Shares credited quarterly through Dividend Credits during the Restriction Period. The total number of shares of Common Stock the Participant is entitled to receive may be reduced by up to twenty percent (20%) on the basis of how the Company performs during the length of the Restriction Period against the Long-Term Performance Measures established by the Committee for the Restriction Period. Payment of Common Stock pursuant to this paragraph shall occur on the date(s) determined by the Committee which shall be within a reasonable period following the end of the Restriction Period applicable to such Performance Shares.

Table of Contents

(f) Notwithstanding anything else in this Plan to the contrary, if the Plan is not approved by Southwest Gas Corporation shareholders pursuant to Plan Section 12, the Performance Shares shall not entitle the Participant to receive shares of Common Stock of the Company following the end of the Restriction Period but shall instead entitle the Participant to receive a cash payment following the end of the Restriction Period. The cash payment shall equal the fair market value of the shares of Common Stock the Participant would have received hereunder. For this purpose, the fair market value of the Common Stock shall be determined using closing per share value of the stock on the New York Stock Exchange on the last trading day on the Exchange of the applicable Restriction Period.

8. Participant Terminations and Transfers

(a) Should a Participant's continuous employment with the Company terminate for any reason other than death, Disability, Retirement, or Involuntary Termination Without Cause during a Performance Period, the Participant's right to receive an Actual Award for such period will be forfeited by the Participant.

(b) Should a Participant's continuous employment with the Company terminate for any reason other than death, Disability, Retirement, or Involuntary Termination Without Cause during a Restriction Period, the Participant's right to receive payments of his or her outstanding Performance Shares will be forfeited by the Participant.

(c) Should a Participant die, become Disabled, Retire, or have his or her employment Involuntarily Terminated Without Cause during the Performance Period, the Participant (or the Participant's beneficiary in the case of a deceased Participant) will be entitled to receive an Actual Award at the end of the Performance Period determined on a pro rata basis according to the number of months of the Performance Period actually worked while being a Participant in the Plan.

(d) Should a Participant die, become Disabled, Retire, or have his or her employment Involuntarily Terminated Without Cause during a Restriction Period, the Participant (or the Participant's beneficiary in the case of a deceased Participant) will receive a distribution of Common Stock equal to the total number of Performance Shares then credited to the Participant. If Plan Section 7(f) applies, cash and not Common Stock shall be paid and the amount of such payment shall be determined by multiplying the Participant's Performance Shares by the closing per share value of the Common Stock on the New York Stock Exchange on the date of such event or the last trading day on the Exchange before such event. Payment of Common Stock (or cash if Plan Section 7(f) applies) shall occur within a reasonable period (as determined by the Committee) following the date of the Participant's death, Disability, Retirement, Disability, or Involuntary Termination Without Cause.

A Participant shall have the right to designate any person as his or her Beneficiary to whom benefits determined under Plan Section 8(c) and the preceding paragraph (Death Benefits) shall be paid in the event of the Participant's death prior to the total distribution of his/her Death Benefits. If greater than 50 percent of the Death Benefits is designated to a beneficiary other than the Participant's lawful spouse, such beneficiary designation must be consented to by the Participant's lawful spouse. Each beneficiary designation must be in written form prescribed by the Committee and will be effective only when filed with the Committee, or its designee, during the Participant's lifetime.

Table of Contents

A Participant may change a beneficiary designation, subject to spousal consent under the preceding paragraph, by filing a new beneficiary designation with the Committee or its designee. The filing of a new beneficiary designation form will cancel all beneficiary designations previously filed.
