Item 2.02. Results of Operations and Financial Condition.

On October 27, 2005, Western Digital Corporation (the Company) announced financial results for the first fiscal quarter ended September 30, 2005. A copy of the press release making this announcement is attached hereto as Exhibit 99.1 and is incorporated herein by reference. A copy of the Company's Investor Information Summary for the fiscal quarter ended September 30, 2005 is attached hereto as Exhibit 99.2 and is incorporated herein by reference.

In the Company's press release attached as Exhibit 99.1 hereto and in its conference call scheduled for 2 p.m. PDT/5 p.m. EDT today, the Company plans to report the following results for the first fiscal quarter ended September 30, 2005 on both a GAAP and a non-GAAP basis:

GAAP operating expenses for the first fiscal quarter were \$110.4 million, while non-GAAP operating expenses for the first fiscal quarter totaled \$105.7 million.

GAAP operating income for the first fiscal quarter was \$67.9 million, while non-GAAP operating income for the first fiscal quarter totaled \$72.6 million.

GAAP net income for the first fiscal quarter was \$68.8 million, or \$.31 per share, while non-GAAP net income for the first fiscal quarter was \$73.4 million, or \$.33 per share. The Company calculated both GAAP and non-GAAP per share amounts using 221.1 million diluted shares calculated in accordance with GAAP.

The non-GAAP measures presented for the first fiscal quarter ended September 30, 2005 exclude \$4.7 million of expenses for stock options. Non-GAAP net income and non-GAAP per share amounts are further reduced by \$0.1 million, the amount of tax expense that would have been recorded had the expenses for stock options not been incurred.

The Company believes that the non-GAAP measures presented in the press release and during the conference call provide meaningful supplemental information regarding the Company's operating performance without regard to stock option expenses that do not reflect the Company's core operating results. The Company believes that these non-GAAP measures are useful to investors and to management in planning and forecasting for future periods without reference to stock option expenses, in comparing the results of the quarter with prior periods during which the Company was not required to expense such items, and in comparing the results of the quarter with the Company's competitors some of which are not yet subject to FAS 123R. Non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information presented in compliance with GAAP. As used herein, GAAP refers to accounting principles generally accepted in the United States.

In accordance with General Instruction B.2 of Form 8-K, the information in this Current Report on Form 8-K, including Exhibit 99.1 and Exhibit 99.2, shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or otherwise subject to the liabilities of that section, and shall not be incorporated by reference into any registration statement or other document filed under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.
